A Letter from our Chief Executive Officer

March 20, 2019

Dear Stockholders:

After completing my first year as Realogy CEO, I believe our company is in a strong position for the future even as we and the industry weather current challenges in the residential real estate market. When I joined, I had beliefs about the industry that have become more evident over this past year. I have witnessed firsthand that despite all the talk of technology disruption in real estate, not much has actually changed yet to benefit the agent or the consumer. This excites me as it means the opportunity for technology- and data-driven innovation is there for the taking by Realogy. Second, it is fashionable to talk about disintermediating agents, but it's clear from 2018 that the agent maintains a critical role in the future of real estate, especially when they are armed with great technology and data. I have confidence that Realogy, with our industry leading market position, technology and data scale, great brands and cash flow generation, is poised to make a real difference for affiliated agents and franchise owners as we execute our strategy to drive results.

In 2018, we began moving fast with new technology offerings, new agent recruiting practices, new products for agents, new brands, new data analytics, new partnerships, and new talent. Even with the market downturn we and the industry saw in the latter part of 2018, we remain laser-focused on continuing to execute in the year ahead.

Strategy

Our business strategy is focused on organic growth driven by technology and data innovation. We are serving agents to enhance their productivity and effectiveness as we improve our value proposition. Through the power of our national scale, well-known brands, unparalleled access to data, and investments in technology, I believe we will unlock new value for our affiliated independent sales agents, our franchise owners and ultimately, our stockholders.

Technology and Data

We are leveraging our scale and market leading position to help agents become more efficient and

productive with great technology and relevant data. We have delivered new technology products to serve affiliated agents. We have rolled out an enterprise analytics platform that is using Realogy's incredible access to historic and national data to help affiliated agents and franchise owners be more effective. We are building a flexible open technology architecture to allow affiliated agents and franchisees to use our tech offerings and seamlessly integrate third-party technology. We have partnered with leading technology companies as well as cutting-edge startups to develop better services and high value leads for affiliated agents. And finally, we have launched new productivity and marketing platforms within our company-owned business to help agents drive growth and be more successful. Realogy is well-positioned to bring real change to the industry.

Talent

My management team is poised to accelerate our transformation and drive results. Important 2018 changes included recruiting Dave Gordan as Realogy Chief Technology Officer; promoting Ryan Gorman as president and CEO of NRT LLC; broadening the responsibilities of John Peyton as president and CEO of Realogy Franchise Group; and hiring Katrina Helmkamp as president and CEO of Cartus, our global relocation subsidiary.

I am proud of the strong talent here at Realogy who serve the approximately 300,000 independent sales agents in our company owned and franchise brokerages worldwide. We are relentlessly focused on developing our existing talent and recruiting great new talent.

This past summer, we were certified for the first time as a great place to work by the independent analysts at Great Place to Work®. A few weeks ago, Ethisphere® Institute, a leading international business ethics think-tank, once again recognized Realogy as one of the World's Most Ethical Companies—an honor we have received each of the past eight years.

In closing, we are committed to moving fast to serve our affiliated agents while continuing to operate with

integrity. On behalf of our Board of Directors, my senior leadership team and our employees, we thank you for your continued support of and investment in Realogy.

Sincerely,

Ryan M. Schneider

A Letter from our Independent Chairman of the Board  
March 20, 2019

To Our Stockholders:

This has been a year of important and needed change at Realogy Holding Corp. as our new CEO, Ryan Schneider has charted a new course for the company with the support of your Board of Directors. In Ryan's letter, he shared the major undertakings underway at the Company and particularly our strengthening of our leadership team and talent throughout the organization.

In parallel to the important changes undertaken by management, the Board has been focused on four key areas:

Investor Outreach;

Continuation of Board Refreshment and Alignment of Board Committees to Support Strategy;

Strategy; and

Capital Allocation.

Let me provide you with a recap of our 2018 accomplishments in each of these areas.

Investor Outreach

In 2018, we prioritized investor outreach so that we on the Board could hear directly from our investors. We reached out to holders of more than 95% of our outstanding shares, meeting with approximately 74%. I personally met with substantially all of the stockholders who accepted our invitation and was accompanied by Duncan Niederauer, the Chair of our Compensation Committee, at several of these meetings.

Our discussions centered on such topics as executive leadership changes, strategy execution, governance, capital allocation, enterprise risk management and executive compensation. We had a goal to better understand stockholder perspectives on governance and executive compensation. Given the feedback we received, the Compensation Committee incorporated changes into the 2019 executive compensation program and proxy statement disclosure, which you'll see further outlined in this document. We also increased the stock ownership guidelines for the Board and executive management.

From a governance perspective, we considered and then determined to adopt proxy access to give our long-term stockholders the ability to nominate directors at annual meetings. We are also asking stockholders to approve the elimination of the supermajority voting provisions related to the amendment of our Certificate of Incorporation and Bylaws at the 2019 Annual Meeting of Stockholders.

Continuation of Board Refreshment and Alignment of Board Committees to Support Strategy

In my first year serving as Independent Chairman of the Board, I have had the pleasure of working closely with Ryan as both an adviser to the CEO and as a liaison to our Board. While Ryan focuses on executing our strategy and managing the business, day-to-day, I have been able to lead the Board, which includes providing counsel and independent oversight of management. I am fortunate to be able to work with a talented, capable and experienced board.

This year, we continued to focus on Board Refreshment and Diversity—with a focus on new talent to support Realogy's strategic direction. In August 2018, we appointed Enrique (Rick) Silva, CEO and president of Checkers Drive-In Restaurants, Inc., as an independent Director. Rick brings to the Board a strong background in franchise operations and business strategy, an important addition given our significant multi-brand residential real estate franchise segment. He serves as a member of the Audit Committee.

In January 2019, a proven leader in the deployment of Artificial Intelligence and Big Data, Bryson Koehler, Chief Technology Officer at Equifax, joined our Board of Directors. Bryson's deep experience in big data, cloud computing and analytics adds critical leadership as we look to leverage Realogy's considerable scale and unprecedented access to data to help our affiliated agents and franchise owners grow their businesses. Bryson is a member of the newly formed Technology and Data Committee discussed below.

With these appointments, the Realogy Board now consists of 10 directors, nine of whom are classified as Independent Directors for purposes of the listing standards of the New York Stock Exchange. We continue to prioritize diversity at

the Board level with

approximately one-third of our Board being women and one-fifth comprised of minorities. Our Board also has diverse business experience, as detailed in the proxy statement.

Given the speed of digital transformation, including our priority to arm affiliated agents and franchisees with better technology and data, we formed the Technology and Data Committee, led by Chris Terrill. Serving as an independent Director since July 2016, Chris is the former CEO of ANGI Homeservices and an internet veteran who has specialized in consumer online subscription and marketplace business models with top-tier brands.

Strategy

In 2018, we worked closely with Ryan and his management team to operationalize the Company's strategic direction. We received regular strategy updates during our quarterly Board meetings as well as focused exclusively on strategy during an annual two-day meeting. We remain actively engaged in the business strategy throughout the year.

Capital Allocation

We regularly consider the best use of our capital and seek to invest in Realogy's growth, reduce our debt leverage and return value to our stockholders. We have lowered our shares outstanding by approximately 23% from 146,752,841 outstanding at the commencement of our share repurchase program on February 24, 2016 to 113,485,998 on February 22, 2019 and have declared a quarterly dividend of \$0.09 each quarter since the commencement of our dividend program in August 2016.

I remain confident in Ryan and his team as they focus on Realogy's long-term strategic priorities and ultimately, unlocking additional stockholder value.

On behalf of your Board of Directors, thank you for your continued investment in Realogy. We appreciate the opportunity to serve the Company on your behalf.

Sincerely,

Michael J. Williams

Independent Chairman of the Board

## PROGRAM

We are committed to seeking out and integrating our stockholders' perspectives into our deliberations and we believe that regular communication with our stockholders is necessary in order to ensure thoughtful and informed consideration of evolving corporate governance and executive compensation best practices.

In the spring and fall of 2018, we engaged with our stockholders and, based on their input, the Compensation Committee made a number of changes to our executive compensation program.

In addition, based on the investor feedback we received, the Board determined to take the actions outlined in this proxy statement, including the submission of Proposal 4 for stockholder approval at the Annual Meeting.

In total, we reached out to stockholders representing over 95% of our outstanding shares and held in person meetings or calls with holders of approximately 55% in the spring and approximately 60% in the fall/winter of 2018 through the winter of 2019. Combined we met with holders of approximately 74% of our outstanding shares (in many instances we met with a stockholder more than once).

Michael Williams, Independent Chairman of the Board, met with substantially all of our stockholders who accepted our invitation and Duncan Niederauer, Chair of the Compensation Committee, joined him on several occasions. The feedback from these important sessions with our investors was reviewed and discussed with the full Board.
