NOTES TO CONDENSED FINANCIAL STATEMENTS

(UNAUDITED)

Summary of Significant Accounting Policies

The accompanying unaudited financial statements have been prepared in accordance with the instructions to Form 10-QSB and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the audited financial statements and notes thereto included in the Registrant's annual Form 10-KSB for the year ended March 31, 2007.

Subsequent Event

Effective at close of business on February 1, 2008, Wincroft, Inc., a Colorado corporation ("Wincroft Colorado"), reincorporated in the State of Nevada by merging with and into its wholly owned subsidiary, Wincroft, Inc., a Nevada corporation ("Wincroft Nevada"). As a result of the merger, a 1-for-8 reverse split of the common stock occurred. In addition, the following changes resulted from the merger:

§ Wincroft Nevada is the surviving corporation;

§ the Articles of Incorporation and Bylaws of Wincroft Nevada are the Articles of Incorporation and Bylaws of the surviving corporation;

§ one share of common stock, \$.001 par value, of Wincroft Nevada was exchanged for every eight shares of common stock, no par value, of Wincroft Colorado outstanding prior to the merger;

§ the authorized common stock was increased from 75,000,000 shares to 100,000,000 shares; and

§ the preferred stock was changed from no par stock to stock having par value of \$.001 per share.

No other changes were effected with respect to the registrant or its capitalization.

Item 2. Management Discussion and Analysis

Results of Operations

Wincroft generated no revenue during either the three month or the nine month period ended December 31, 2007. As a result of administrative expenses relating to the change in management and the reincorporation into Nevada, the loss for the nine month period ended December 31, 2007 was \$18,975, compared with a loss of \$2,655 for the previous year period.

Wincroft is now seeking opportunitiesto acquire an operating company in exchange for the capital stock of the Company. No commitment has been made, however, for any such acquisition.

Liquidity and Capital Resources

Because it has no business operations, Wincroft has been funded in recent periods by loans from related parties. In connection with the change in majority ownership of Wincroft in November, 2007, \$17,295 of such loans were cancelled and recorded as contributions to capital. At December 31, 2007, therefore, Wincroft's total liabilities were \$6,242 of which \$5,242 was owed to related parties, yielding a working capital deficit in that amount.

Wincroft has an ongoing need for cash, principally relates to its obligations for its SEC reporting requirements and the minimal requirements for record keeping. Unless and until Wincroft accomplishes the acquisition of an operating company, it will continue to rely on loans from related parties for its cash requirements. No individual or entity has made any binding commitment to provide the necessary cash.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition or results of operations.

Item 3. Controls and Procedures

As of the end of the period covered by this quarterly report, our Chief Executive Officer and Chief Financial Officer (the "Certifying Officer") conducted evaluations of our disclosure controls and procedures. As defined under Sections 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 Act, as amended (the "Exchange Act") the term "disclosure controls and procedures" means controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including the Certifying Officer, to allow timely decisions regarding required disclosure. Based on this evaluation, the Certifying Officer has concluded that our disclosure controls and procedures were effective to ensure that material information is recorded, processed, summarized and reported by our management on a timely basis in order to comply with our disclosure obligations under the Exchange Act, and the rules and regulations promulgated thereunder.

There was no change in internal controls over financial reporting (as defined in Rule 13a-15(f) promulgated under the Securities Exchange Act of 1934) identified in connection with the evaluation described in the preceding paragraph that occurred during the Company's third fiscal quarter that has materially affected or is reasonably likely to materially affect the Company's internal control over financial reporting.
