Proposal 2 - Ratification of Ernst & Young, LLP as our Independent Auditors (Page 40)

OnDeck's Audit Committee of the Board of Directors has selected Ernst & Young, LLP as independent registered public accountants for 2018. While shareholder ratification of our independent registered public accountants is not required under our governance documents, we are submitting this item to a vote as a matter of good corporate governance.

Vote Recommendations and Requirements

At the Annual Meeting, the presence in person or by proxy of a majority of the voting power of the shares issued and outstanding and entitled to vote at the Annual Meeting is required for the Annual Meeting to proceed. Abstentions and broker non-votes will qualify for determining whether there is a quorum. The vote requirements and recommendations for our two proposals are shown in the tables below:

* Plurality means that the three nominees receiving the highest number of affirmative votes will be elected as Class I directors to serve until the 2021 Annual Meeting of Stockholders. Abstentions and broker non-votes will have no effect on the outcome of the vote.

** Majority of Voting Power means the affirmative vote of a majority of the voting power of the shares present in person or represented by proxy at the meeting and entitled to vote. Abstentions are treated as present and entitled to vote and therefore will have the same effect as a vote "AGAINST" the proposal. Broker non-votes will have no effect on the outcome of the vote.

If your shares are held by a broker and you have not instructed the broker how to vote, your shares will not be voted with respect to the election of the Class I director nominees, however, your broker does have the authority to vote your shares on the ratification of Ernst & Young, LLP.

We have mailed the Notice of Internet Availability of Proxy Materials to all stockholders and beneficial owners of record as of March 19, 2018, the record date for the Annual Meeting. All stockholders will have the ability to access the proxy materials via the Internet, including this Proxy Statement and our Annual Report, as filed with the U.S. Securities and Exchange Commission, or SEC, on April 2, 2018. The Notice of Internet Availability of Proxy Materials includes information on how to access the proxy materials, how to submit your vote over the Internet, by phone, by mail, or in person, or how to request a paper copy of the proxy materials. This Proxy Statement and our Annual Report are available at www.envisionreports.com/ONDK.

Q: What is included in these materials?

These materials include this Proxy Statement and our Annual Report. These materials were first made available to you on the Internet on or about April 2, 2018. For additional information about OnDeck, please visit our website at www.ondeck.com. The information on our website is not a part of this Proxy Statement.

Q: What items will be voted on at the Annual Meeting?

A: Stockholders will vote on the following items at the Annual Meeting:

To elect each of David Hartwig, Daniel Henson and Neil E. Wolfson as Class I directors;

To ratify the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2018; and

To transact such other business that may properly come before the Annual Meeting or at any adjournment or postponement thereof.

Q: How does the Board of Directors recommend I vote on these proposals?

A: The Board recommends a vote:

FOR the election of each of David Hartwig, Daniel Henson and Neil E. Wolfson as Class I directors; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2018.

Q: Who is making this solicitation?

A: The proxy for the Annual Meeting is being solicited on behalf of the Board of Directors.

Q: Who pays for the proxy solicitation process?

OnDeck will pay the cost of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. We may also solicit proxies by email from stockholders who are our employees or who requested to receive or received proxy materials electronically. None

of these individuals will receive any additional or special compensation for doing this, although we may reimburse these individuals for their reasonable out-of-pocket expenses.

Q: Who may vote at the Annual Meeting?

A: Stockholders of record as of the close of business on March 19, 2018, or the Record Date, are entitled to receive notice of, to attend, and to vote at the Annual Meeting. As of the Record Date, there were 74,264,491 shares of OnDeck's common stock issued and outstanding. Each share of OnDeck's common stock is entitled to one vote on each matter.

Q: What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

A: Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., or Computershare, you are considered the stockholder of record with respect to those shares, and the Notice of Internet Availability of Proxy Materials was sent directly to you by OnDeck.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the "beneficial owner" of shares held in "street name," and the Notice of Internet Availability of Proxy Materials was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account.

Q: If I am a stockholder of record of OnDeck's shares, how do I vote?

A: If you are a stockholder of record, there are four ways to vote:

Via the Internet. You may vote by proxy via the Internet by following the instructions found on the proxy card.

By Telephone. You may vote by proxy by calling the toll-free number found on the proxy card.

By Mail. You may vote by proxy by filling out the proxy card and returning it in the envelope provided.

In Person. You may vote in person at the Annual Meeting. The Company will give you a ballot when you arrive upon request.

Please note that the Internet and telephone voting facilities will close at 1:00 a.m. New York time on May 16, 2018.

Q: If I am a beneficial owner of shares held in street name, how do I vote?

A: If you are a beneficial owner of shares held in street name, you should have received from your broker, bank, trustee or other nominee instructions on how to vote or instruct the broker to vote your shares, which are generally contained in a "vote instruction form" sent by the broker, bank, trustee or other nominee. Please follow their instructions carefully. Street name stockholders may generally vote by one of the following methods:

Via the Internet. You may vote by proxy via the Internet by following the instruction form provided to you by your broker, bank, trustee, or other nominee.

By Telephone. You may vote by proxy by calling the toll free number found on the vote instruction form provided to you by your broker, bank, trustee, or other nominee.

By Mail. You may vote by proxy by filling out the vote instruction form and returning it in the envelope provided to you by your broker, bank, trustee, or other nominee.

In Person. If you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares. Please contact that organization for instructions regarding obtaining a legal proxy to you by your broker, bank, trustee, or other nominee.

Q: If I submit a proxy, how will it be voted?

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted in accordance with the recommendations of our Board of Directors as described above. If any

A: matters not described in the Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy instructions, as described below under “Can I change my vote or revoke my proxy?”

Q: What should I do if I get more than one proxy or voting instruction card?

Stockholders may receive more than one set of voting materials, including multiple copies of these proxy materials and multiple proxy cards or voting instruction cards. For example, stockholders who hold shares in more than one brokerage account may receive separate sets of proxy materials for each brokerage account in which shares are

A: held. Stockholders of record whose shares are registered in more than one name will receive more than one set of proxy materials. You should vote in accordance with all of the proxy cards and voting instruction cards you receive relating to our Annual Meeting to ensure that all of your shares are counted.

Q: Can I change my vote or revoke my proxy?

A: You may change your vote or revoke your proxy at any time prior to the taking of the vote at the Annual Meeting. Stockholder of Record. If you are the stockholder of record, you may change your vote by (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to OnDeck’s Corporate Secretary at On Deck Capital, Inc., 1400 Broadway, 25th Floor, New York, New York 10018 prior to your shares being voted, or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request or vote in person at the Annual Meeting.

Beneficial Owner of Shares Held in Street Name. For shares you hold beneficially in street name, you may generally change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Q: Can I attend the meeting in person?

You are invited to attend the Annual Meeting if you are a registered stockholder or a street name stockholder as of March 19, 2018, the Record Date. In order to enter the Annual Meeting, you must present a form of photo identification acceptable to us, such as a valid driver’s license or passport. If you hold your shares beneficially in

A: street name, you will need to provide proof of stock ownership as of the Record Date. Please note that since a street name stockholder is not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker’s procedures for obtaining a legal proxy. Please be aware that attendance at the Annual Meeting will not, by itself, revoke a proxy.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

At the Annual Meeting, the presence in person or by proxy of a majority of the aggregate voting power of the shares issued and outstanding and entitled to vote at the Annual Meeting is required for the Annual Meeting to

A: proceed. If you have returned valid proxy instructions or attend the Annual Meeting in person, your shares of common stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the meeting.

Q: What is the voting requirement to approve each of the proposals?

Each director is elected by a plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Accordingly, the three nominees receiving the highest number of affirmative votes will be elected as Class I directors to serve until the 2021 Annual Meeting of Stockholders and until their successors are duly elected and qualified. Abstentions and broker non-votes will have no effect on the outcome of the vote, however, they will qualify for determining whether there is a quorum. The ratification of the appointment of Ernst & Young LLP as our independent registered public accountants requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote on such proposal. Abstentions are treated as shares present and entitled to vote for purposes of such proposal and, therefore, will have the same effect as a vote "against" the proposal. Broker non-votes will not count as votes cast for purposes of this proposal.

Q: What are broker non-votes?

Broker non-votes are shares held by brokers that do not have discretionary authority to vote on the matter and have not received voting instructions from their clients. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole "routine" matter - the ratification of the appointment of the Company's independent registered public accounting firm. Your broker will not have discretion to vote on the election of directors absent direction from you.

Q: Who will tabulate the votes?

OnDeck's Corporate Secretary will serve as the Inspector of Election and will tabulate the votes at the Annual Meeting.

Q: What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?

Stockholder Proposals Intended for Inclusion in the Company's Proxy Statement. Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at our 2019 Annual Meeting of Stockholders by submitting their proposals in writing to OnDeck's Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2019 Annual Meeting of Stockholders, the Corporate Secretary of OnDeck must receive the written proposal at our principal executive offices no later than December 3, 2018. Stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

Proposals should be addressed to On Deck Capital, Inc., Attn: Corporate Secretary, 1400 Broadway, 25th Floor, New York, New York 10018.

Stockholder Proposals Not Intended for Inclusion in the Company's Proxy Statement. Our Bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before our 2019 Annual Meeting of Stockholders but do not intend for the proposal to be included in our proxy statement. To be timely for our 2019 Annual Meeting of Stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

not earlier than January 17, 2019, and

not later than February 16, 2019.

If we hold our 2019 Annual Meeting of Stockholders more than 30 days before or more than 60 days after May 16, 2019 (the one-year anniversary date of the 2018 Annual Meeting of Stockholders), then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received by our Corporate Secretary at our principal executive offices:

not earlier than the close of business on the 120th day prior to such annual meeting,
or

not later than the close of business on the later of (i) the 90th day prior to such annual meeting, and (ii) the tenth day following the day on which public announcement of the date of such annual meeting is first made.

Proposals should be addressed to On Deck Capital, Inc., Attn. Corporate Secretary, at 1400 Broadway, 25th Floor, New York, New York 10018.

Stockholder Recommendation and Nomination of Director Candidates. Pursuant to our Nominating Committee's Policies and Procedures for Director Candidates, stockholders holding at least one percent (1%) of the fully diluted capitalization of OnDeck continuously for at least 12 months may propose director candidates for consideration by our Nominating Committee. A stockholder that wants to recommend a candidate for election to the Board should direct the recommendation in writing by letter to the Company, attention of the Corporate Secretary, at 1400 Broadway, 25th Floor, New York, New York 10018. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company and evidence of the recommending stockholder's ownership of Company stock. Such recommendations must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for Board membership.

In addition, our Bylaws permit eligible stockholders to nominate directors for election at an annual meeting of stockholders. To be eligible, a stockholder must be a stockholder of record both at the time the stockholder provides proper written notice of the proposed nomination and as of the record date determining stockholders entitled to vote at the annual meeting. Nominations by eligible stockholders must also be in proper written form in compliance with the requirements of our Bylaws.

Copy of Bylaw Provisions. Our Bylaws were filed as Exhibit 3.1 to our Current Report on Form 8-K filed with the SEC on August 3, 2016. A link to this filing is available on our investor relations website at <https://investors.ondeck.com>. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. The Bylaws, and not the foregoing summary, together with applicable law control stockholder actions and nominations relating to our annual meetings.

Q: I share an address with another stockholder, and we received only one paper copy of the Notice of Internet Availability for the proxy materials. How may I obtain an additional copy of the proxy materials?

A: The SEC has adopted rules that permit companies and intermediaries (for example, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single copy of the Notice of Internet Availability of Proxy Materials for our proxy materials addressed to those stockholders. This process is commonly referred to as "householding." This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

Brokers with account holders who are OnDeck stockholders may be householding our proxy materials. A single Notice of Internet Availability of Proxy Materials may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you notify your broker or OnDeck that you no longer wish to participate in householding.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, you may: (1) notify your broker; (2) direct your written request to: Investor Relations, On Deck Capital, Inc., 1400 Broadway, 25th Floor, New York, New York 10018; or (3) contact our Investor Relations department by email at ir@ondeck.com or by telephone at (303) 630-9906. Stockholders who currently receive multiple copies of the Notice of Internet Availability at their address and would like to request householding of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral

request to the address or telephone number above, a separate copy of the Notice of Internet Availability of Proxy Materials at a shared address to which a single copy of the document was delivered.

Q: What if I have questions about my OnDeck shares or need to change my mailing address?

A: You may contact our transfer agent, Computershare Trust Company, N.A., by telephone at 1 800 736-3001 (U.S.) or +1-781-575-3100 (outside the U.S.), or by email at web.queries@computershare.com, if you have questions about your OnDeck shares or need to change your mailing address.

PROPOSAL 1: ELECTION OF DIRECTORS

Our business and affairs are managed under the direction of our Board of Directors. The number of directors is fixed by our Board of Directors, subject to the terms of our Amended and Restated Certificate of Incorporation, or Certificate, and Third Amended and Restated Bylaws, or Bylaws. As of the date of this Proxy Statement, our Board of Directors consists of eight directors, seven of whom qualify as “independent” under the New York Stock Exchange listing standards.

In accordance with our Certificate and Bylaws, our Board of Directors is divided into three classes with staggered three-year terms. Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective three-year terms.

The division of our Board of Directors into three classes with staggered three-year terms may delay or prevent a change of our management or a change of control. Under Delaware law, our directors may be removed for cause by the affirmative vote of the holders of a majority of our outstanding voting stock. Directors may not be removed by our stockholders without cause. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. On October 26, 2017, our Board of Directors decreased the number of directors constituting the full Board from nine to eight effective October 31, 2017.

Director Qualifications

The Corporate Governance and Nominating Committee, or Nominating Committee, works with the Board to determine periodically, as appropriate, the desired Board qualifications, expertise and characteristics based on its needs at the time. The Board will consider several factors in determining the pool of candidates, including such factors as business experience, education, skills, potential conflicts of interest, and other individual qualities and attributes that contribute to a diverse mix of viewpoints and experience represented on the Board. The Nominating Committee and the Board evaluate each individual in the context of the membership of the Board as a group, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment and diverse experience and viewpoints. In addition, each director is expected to be an individual of high character and integrity, and must have the ability to offer advice and guidance to our CEO based on experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are or were affiliated. Our Nominating Committee also considers the applicable provisions of its Policies and Procedures for Director Candidates. Copies of our Policies and Procedures for Director Candidates are available on the Investors section of our website at <http://investors.ondeck.com/governance>.

In determining whether to recommend a director for re-election, the Nominating Committee also considers the director’s past attendance at meetings, participation in and contributions to the activities of the Board and the Company, tenure and other qualifications and characteristics set forth in the charter of the Nominating Committee or otherwise developed and approved by the Nominating Committee. Each director and director candidate must ensure that other existing and anticipated future commitments do not materially interfere with the members’ service as a director.

Director Nominees

The Board of Directors currently consists of eight members. Upon the recommendation of Nominating Committee, the Board is nominating each of David Hartwig, Daniel Henson and Neil E. Wolfson. If elected, Messrs. Hartwig, Henson and Wolfson will each hold office for a three-year term until our Annual Meeting of Stockholders to be held in 2021. Set forth below are the names and biographies of our nominees for Class I directors and the continuing members of our Board of Directors in Classes II and III. Each member of our board holds office until his or her successor is duly elected and qualified or until his or her earlier resignation or removal. There are no family relationships among any of our directors or executive officers.

CORPORATE GOVERNANCE

Our Board of Directors has adopted the Company's Corporate Governance Guidelines, or Guidelines, to assist the Board in the exercise of its responsibilities and to best serve the interests of the Company and its stockholders. These Guidelines serve as a framework within which the Board can discharge its duties and foster effective governance of the Company.

- w Our internal Disclosure Committee oversees OnDeck's disclosure obligations to ensure timely and accurate reporting and support our disclosure controls and procedures processes

Director Independence

Our Board of Directors has undertaken a review of the independence of each director who served during 2017. Based on information provided by each director concerning his or her background, employment and affiliations, our Board of Directors determined that none of Messrs. Robinson, Hartwig, Henson, Nolop, Verni, Wolfson, Rosenthal and Ms. Thompson has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these persons is "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing standards of the New York Stock Exchange. In making these determinations, our Board of Directors considered the current and prior relationships that each non-employee director has with our Company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each such non-employee director or affiliated entities, and the transactions involving them described under "Certain Relationships and Related Transactions." The Board of Directors also determined that each director other than Mr. Breslow is a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director as defined pursuant to Section 162(m) of the Internal Revenue Code, as amended.

Board Meetings and Director Communications

During 2017, the Board of Directors held five meetings and each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period for which he or she has been a director and (ii) the total number of meetings held by all committees of the Board of Directors on which he or she served during the periods that he or she served. Although we do not have a formal policy regarding attendance by

directors at annual meetings of stockholders, we encourage, but do not require, our directors to attend annual meetings of stockholders of the Company. Four directors attended our 2017 Annual Meeting of Stockholders.

Stockholders and other interested parties may communicate with the non-management members of the Board of Directors by mail to the Company's principal executive offices addressed to the intended recipient and care of our Chief Legal Officer. Our Chief Legal Officer will review all incoming stockholder communications (except for mass mailings, product complaints or inquiries, job inquiries, business solicitations and patently offensive or otherwise inappropriate material) and route such communications as appropriate to member(s) of the Board of Directors.

Considerations in Evaluating Director Nominees

Our Nominating Committee uses a variety of methods for identifying and evaluating director nominees. Possible nominees may be identified by management, members of the Nominating Committee, our other directors or our stockholders (in accordance with our Bylaws and policies as described elsewhere in this Proxy Statement). In its evaluation of director candidates, our Nominating Committee will consider the current size and composition of our Board of Directors and the needs of our Board of Directors and the respective committees of our Board of Directors. Our Nominating Committee will evaluate candidates that have been duly recommended or nominated by stockholders in accordance with our Bylaws and the Policies and Procedures for Director Candidates, each as in effect from time to time. The criteria the Nominating Committee uses for evaluating a candidate duly recommended or nominated by a stockholder are the same criteria used for evaluating candidates recommended by management or members of our Board of Directors. There is no separate process for evaluating nominees for director based on whether the nominee is recommended by a stockholder. For more information on the procedures to be followed by stockholders who wish to recommend or nominate individuals to serve on our Board of Directors, see “General Information - Q: What is the deadline to propose actions for consideration at next year’s Annual Meeting of Stockholders or to nominate individuals to serve as directors?”

Director candidates must have sufficient time available in the judgment of our Nominating Committee to perform all Board of Directors and committee responsibilities. Members of our Board of Directors are expected to prepare for, attend, and participate in all Board of Directors and applicable committee meetings. Other than the foregoing, there are no stated minimum criteria for director nominees, although our Nominating Committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders’ best interests.

Our Board of Directors believes that our Board of Directors should be a diverse body, although we do not maintain a specific policy or process with respect to board diversity. In evaluating candidates for nomination to our Board of Directors, our Nominating Committee considers the goal of having our Board of Directors reflect diversity and a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, our Nominating Committee takes into account the benefits of diversity from a variety of perspectives. Our Nominating Committee also considers these and other factors as it oversees the annual Board of Directors and committee evaluations. After completing its review and evaluation of director candidates, our Nominating Committee recommends to our full Board of Directors the director nominees for selection.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

We have adopted Corporate Governance Guidelines that address items such as the qualifications and responsibilities of our directors and director candidates, director compensation and corporate governance policies and standards applicable to us in general. In addition, we have adopted a Code of Business Conduct and Ethics that is applicable to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer and other executive and senior financial officers. Copies of our Corporate Governance Guidelines and our Code of Business Conduct and Ethics are available on the Investors section of our website at <http://investors.ondeck.com/governance>.

Self-Evaluation Process

The Nominating Committee develops, subject to approval by the Board, a process for annual evaluation of the Board and its committees and oversees the conduct of the annual evaluation process. In 2017, the Board and each committee conducted self-evaluations by means of questionnaires completed by each director and applicable committee member. The anonymous responses were reviewed, compiled and summarized, and the summaries were provided to the Board and each committee prior to their respective duly called meetings in order to facilitate an examination and discussion by the Board and each committee of, amongst other things, the effectiveness of the Board and its committees and their respective chairpersons, the effectiveness of the Board and committee meetings and their relationships with

management, the appropriateness of their roles and responsibilities, and areas for possible improvement. In addition, individual meetings were conducted by the Chair of the Nominating Committee with each director to elicit additional feedback, the results of which were shared with the Lead Independent Director and discussed with the full Board in executive session. The Nominating Committee is responsible for establishing the Board and committee evaluation process each year and may determine to use an independent third-party evaluation process from time to time in the future.

Board Leadership Structure

Our Board of Directors currently believes that our Company is best served by combining the roles of a Chairman of the Board and Chief Executive Officer, coupled with a Lead Independent Director. Mr. Breslow, our Chief Executive Officer, is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Our Board of Directors has appointed James D. Robinson III to serve as our Lead Independent Director. As Lead Independent Director, Mr. Robinson is responsible for:

- Determining the agenda and serving as chair of meetings of independent directors;
- Serving as a liaison between the Board of Directors and our Chairman regarding feedback from executive sessions;
- Serving as spokesperson for the Company as requested;
- Responding directly to stockholder and other stakeholder questions and comments that are directed to the Lead Independent Director or to the independent directors as a group, with such consultation with the Chairman and other directors as the Lead Independent Director may deem appropriate; and
- Performing such other responsibilities as may be designated by a majority of the independent directors from time to time.

Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the industry, while our Chief Executive Officer brings Company-specific experience and expertise. Our Board of Directors believes that the combined role of Chairman of the Board of Directors and Chief Executive Officer together with a Lead Independent Director is the best leadership structure for us at the current time because it promotes the efficient and effective development and execution of our strategy and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

Board's Role in Risk Oversight

In addition to the responsibilities performed by our Risk Management Committee, the Board of Directors plays an active role in overseeing management of the Company's risks. The Board of Directors focuses on the most significant risks facing the Company, such as credit risk, cybersecurity and technology risk, interest rate risk, liquidity risk, and other market-related risk, as well as operational risks related to our business, assets and liabilities, and seeks to ensure that risks undertaken by the Company are consistent with a level of risk that is appropriate for the Company and the achievement of its business objectives and strategies. The Board of Directors recognizes that risk management and oversight comprise a dynamic and continuous process and reviews the Company's risk model and process periodically. The Board of Directors performs these tasks both in collaboration with and independently of the Risk Management Committee.

Outside Director Compensation Policy

Members of the Board of Directors who are not employees are eligible for compensation under our Outside Director Compensation Policy. The Outside Director Compensation Policy was adopted by the Board of Directors in October 2014, became effective in December 2014 and was amended by the Board of Directors in March 2015 and July 2016. Under the Outside Director Compensation Policy, outside directors receive compensation in the form of cash and equity, as described below.

Cash Compensation

Annual Retainer. Each outside director receives an annual cash retainer of \$40,000 for serving on the Board of Directors. The cash retainers are paid quarterly and prorated for fractional periods.

Committee and Chair Retainers. The chairpersons and non-chair members of the Board's four standing committees are entitled to the following additional cash retainers each year (paid quarterly and prorated for fractional periods):

Board Committee	Chairperson Retainer (\$)	Non-Chair Member Retainer (\$)
Audit Committee	17,000	7,500
Compensation Committee	10,000	5,000
Risk Management Committee (1)	10,000	5,000
Corporate Governance and Nominating Committee	6,000	2,500

Mr. Breslow, our Chief Executive Officer and Chairman of the Board, serves as a member of our Risk (1) Management Committee and does not receive the retainer set forth above because he is employed by the Company and therefore is not an outside director.

Equity Compensation

Equity Award Upon Appointment. Upon joining the Board, each newly elected outside director will receive an equity award with a grant date fair value of \$330,000, or the Appointment Award. The Appointment Award will be comprised of 60% time-based restricted stock units, or time-based RSUs, which will vest over a three-year period and 40% stock options which will vest over a four-year period, with vesting in each case subject to continued service through the vesting date.

Annual Equity Award. On the date of each annual meeting of our stockholders, each outside director will receive an equity award with a grant date fair value of \$150,000, or the Annual Award. The Annual Award will be comprised of 60% time-based restricted stock units, or RSU's, and 40% stock options and all of which will fully vest upon the earlier of the 12-month anniversary of the grant date or the next annual meeting, in each case, subject to continued service through the vesting date. Directors are permitted to defer settlement of their Annual Award on a tax-deferred basis pursuant to the terms of our 2014 Equity Incentive Plan. Directors may elect to receive payment of their Annual Award in whole shares within thirty (30) days of their "separation of service" from the Board for any reason, or upon a "change in control" as those terms are defined in the 2014 Equity Incentive Plan.

Notwithstanding the vesting schedules described above, the vesting of each equity award will accelerate in full upon a change in control and termination of directorship.

Director Compensation Table for 2017

The following table summarizes compensation paid to our non-employee directors during the year ended December 31, 2017. Directors who are also our employees receive no additional compensation for their service as a director. During the year ended December 31, 2017, one director, Mr. Breslow, our Chief Executive Officer and Chairman of the Board, was an employee. Mr. Breslow's compensation is discussed in the "Executive Compensation" section beginning on page 23.

EXECUTIVE COMPENSATION

Executive Summary

Our executive compensation program is designed to attract, motivate and retain the key executives who drive our success. Pay that reflects performance and aligns with the long-term interests of stockholders is key to our compensation program design and decisions.

Our goal is to align our executive pay with the success of our business. We do this by providing short-term cash incentive compensation opportunities tied to successful achievement of our annual operating goals and by granting long-term equity awards and performance units settled in cash that are intended to deliver increasing value as our stock price and/or profitability increases.

2017 Business Highlights

We are a leading online platform for small business lending. We continue to transform small business lending by making it efficient and convenient for small businesses to access capital. Our platform touches every aspect of the customer life cycle, including customer acquisition, sales, scoring and underwriting, funding, and servicing and collections. Enabled by our proprietary technology and analytics, we aggregate and analyze thousands of data points from dynamic, disparate data sources, and the relationships among those attributes, to assess the creditworthiness of small businesses rapidly and accurately. The data points include customer bank activity shown on their bank statements, government filings, tax and census data. In addition, in certain instances we also analyze reputation and social data. Small businesses can apply for a term loan or line of credit, 24 hours a day, 7 days a week, on our website in minutes and, using our proprietary OnDeck Score®, we can make a funding decision immediately and transfer funds as fast as the same day.

Below are selected highlights of our financial performance over the past three years (except as noted):

Net Income (loss) attributable to OnDeck. 2017 was a transformative year for OnDeck. When we reported our 2016 results, we announced our strategic decision to accelerate GAAP profitability by taking actions to strengthen our financial profile. Over the past year, we executed against this objective, and achieved \$5 million of Net Income for the fourth quarter, over \$40 million better than the prior year.

Gross Revenue and Operating Expense as a Percent of Gross Revenue. The increase in Gross Revenue was driven by a greater volume of loans being held on our balance sheet and an increase in our Effective Interest Yield. Another strategic priority for us in 2017 was realigning our cost structure. During the year, we removed over \$45 million of annual run rate expenses relative to the fourth quarter of 2016. Our progress in managing costs is illustrated in the chart above showing our Operating Expenses as a percentage of Gross Revenue.

Provision Rate. In 2017, our corrective action included the tightening of credit policies used to determine eligibility, pricing and loan size for certain customers. As additional seasoning took place on our loans and as our predictive model incorporated newer data, our provision rate generally improved during 2017.

Executive Compensation Practices

Our executive compensation program is designed to be heavily weighted towards compensating our executive officers based on our financial and operational performance. To that end, we have implemented executive compensation policies and practices that reinforce our pay for performance philosophy and align with sound governance principles. Currently, the following compensation policies and practices are in place:

What we do

- ü Performance-based short-term cash incentive compensation that is entirely-at risk
- ü 100% independent directors on our Compensation Committee
- ü Independent compensation consultant directly engaged by and reporting to our Compensation Committee
- ü Cap our annual incentive and long-term incentive award payouts at 160% and 150%, respectively, of target and eliminate payouts entirely for performance below a minimum threshold
- ü Seek recovery of performance-based incentive compensation in accordance with our clawback policy
- ü Consider CEO succession to ensure that we have appropriate governance safeguards in place in the event that we require a new CEO

What we do not do

- û No “single-trigger” change in control payments or benefits
- û No tax gross-ups for change in control payments or benefits
- û No post-employment retirement or pension type benefits for our executive officers that are not available to our employees generally
- û No executives, including our named executive officers, are permitted to engage in hedging or derivatives trading with respect to Company stock
- û No perquisites are offered to our named executive officers
- û No employment agreements between the Company and our named executive officers

Discussion of Our 2017 Executive Compensation Program

Our executive compensation program is designed to attract, motivate and retain the key executives who drive our success. This section provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each component of our executive compensation program.

Philosophy and Objectives

Overview. We operate in the rapidly evolving online small business lending industry. To succeed in this environment, we must attract and retain a highly talented executive team, including executive officers with strong leadership skills who can run our business functions and achieve results that meet our customers’ needs. We compete with other companies in our industry and other finance and technology companies to attract and retain a skilled management team. We have designed our executive compensation program to accomplish our goals in the highly competitive area for top talent, while at the same time fostering a “pay for performance” environment that aligns the long-term interests of our executive officers with the interests of our stockholders.

Our Compensation Program, Like Our Business, Is Dynamic. Since our initial public offering in 2014, our business has grown rapidly, requiring intense focus and dedication from our executives and other employees. We have regularly adjusted our executive compensation program to match the maturity, size, scale and growth of our business. We operate in an industry that is highly competitive and rapidly evolving, and in which the market for skilled and highly motivated executive management and personnel is fiercely competitive. Because our ability to compete and succeed in this dynamic environment is directly correlated to our ability to recruit, incentivize and retain talented and seasoned leaders, we expect to continue to adjust our approach to executive compensation to respond to our needs and market conditions.

Our Objectives. The current objectives of our executive compensation program are to:

- Recruit, incentivize and retain highly qualified executive officers who possess the skills and leadership necessary to grow our business;
- Reward our executive officers for achieving or exceeding our strategic and financial goals, and individual performance goals;
- Align the long-term interests of our executive officers with those of our stockholders;
- Reflect our long-term strategy, which includes achieving and maintaining profitability and a financial strategy of disciplined investing for our future growth;
- Promote a healthy approach to risk and be sensitive to underperformance as well as outperformance; and
- Provide compensation packages that are competitive, reasonable and fair relative to peers and the overall market.

As we continue to grow as a publicly-traded company, we will evaluate our compensation philosophy and program objectives as circumstances require. At a minimum, the Compensation Committee reviews executive compensation annually. Further, as part of this review process, the Compensation Committee applies our values and the objectives described above, while considering the compensation levels needed to ensure that our executive compensation program remains competitive.

Our Compensation Decision-Making Process

Role of the Compensation Committee

Pursuant to its charter, the Compensation Committee is primarily responsible for establishing, approving and adjusting compensation arrangements for our named executive officers, including our Chief Executive Officer, and for reviewing and approving corporate goals and objectives relevant to these compensation arrangements, evaluating executive performance and considering factors related to the performance of the Company, including accomplishment of the Company's long-term business and financial goals.

Compensation decisions for our executive officers are made by the Compensation Committee, with input from its independent compensation consultant, Compensia, as well as from our Chief Executive Officer and Chief People Officer (except with respect to their own compensation), with respect to 2017 compensation. The Compensation Committee reviews the cash and equity compensation of our executive officers with the goal of ensuring that our executive officers are properly incentivized and makes adjustments as necessary.

The Compensation Committee considers compensation data from our peer group as one of several factors that inform its judgment of appropriate parameters for target compensation levels. The Compensation Committee generally seeks to provide total targeted direct compensation that is competitive and, dependent on Company performance and other factors including those set forth below, may pay above, at, or below median. The Compensation Committee does not benchmark compensation to a specific percentile of our peer group, nor does it apply a formula or assign relative weights to performance measures. Rather, it makes compensation decisions after consideration of many factors, including the following:

- The performance and experience of each executive officer;
- The scope and strategic impact of the executive officer's responsibilities;
- Our past business performance and future expectations;
- Our long-term goals and strategies;
- The performance of our executive team as a whole;
- For each executive officer, other than our Chief Executive Officer, the evaluation and recommendation of our Chief Executive Officer;
- The difficulty and cost of replacing high-performing leaders with in-demand skills; and

The relative compensation among our executive officers.

26

Role of Management

The Compensation Committee works with members of our management team, including our Chief Executive Officer and Chief People Officer (except with respect to their own compensation). Typically, our Chief Executive Officer and management team assists the Compensation Committee by providing information on corporate and individual performance and its perspective and recommendations on compensation matters. Our Chief Executive Officer makes recommendations to the Compensation Committee regarding compensation matters, including the compensation of our other named executive officers. While the Compensation Committee solicits and reviews our Chief Executive Officer's recommendations and proposals with respect to compensation-related matters, it uses these recommendations and proposals as one of many factors in making compensation decisions, and those decisions do not necessarily follow the Chief Executive Officer's recommendations.

Peer Group Considerations

The Compensation Committee reviews market data of companies that we believe are comparable to us. With Compensia's assistance, the Compensation Committee determined our peer group for 2017 compensation decisions based on several factors, including industry, revenue and market capitalization. The Compensation Committee made it a priority to have the compensation peer group shift from technology companies (software and internet services) to a mix of financial, fintech and technology companies. The Compensation Committee referred to compensation data from this peer group when making 2017 base salary, cash bonus and equity award decisions for our named executive officers. The following is a list of the public companies that comprised our 2017 peer group:

B. Riley Financial	Consumer Portfolio Services	Investment Technology Group	Meta Financial Group
Bankrate	Enova International	JMP Group	New Star Financial Regional
Benefitfocus	Envestment	Ladder Capital	Management
Blucora	GAIN Capital Holdings	Liquidity Services	RetailMeNot
Bottomline Technologies	HomeStreet	Marlin Business Services	Shutterstock Varonis Systems

Components of Compensation Program and 2017 Compensation

Our executive compensation program consists of the following primary components:

base salary;
short-term incentive compensation;
long-term equity compensation; and
severance and change in control-related benefits.

We believe these elements provide a compensation package that helps attract and retain qualified individuals, links individual performance to Company performance, focuses the efforts of our named executive officers and other executive officers on the achievement of both our short-term and long-term objectives and aligns the interests of our executive officers with those of our stockholders.

We also provide our employees, including our named executive officers and other executive officers, with comprehensive employee benefit programs such as medical, dental and vision insurance, a 401(k) plan, life and disability insurance, flexible spending accounts, an employee stock purchase plan program and other plans and programs made available to eligible employees.

Base Salaries

We pay base salaries to our named executive officers to compensate them for their services and provide predictable income. The salaries typically reflect each named executive officer's experience, skills, knowledge and responsibilities, although competitive market conditions also play a role in setting salary levels. We do not apply specific formulas to determine changes in salaries. Instead, the salaries of our named executive officers are reviewed on an annual basis by our Chief Executive Officer (other than with respect to his own salary, which is reviewed and determined by the Compensation Committee) and the Compensation Committee, based on their experience setting salary levels and in determining compensation for senior executives.

In 2017, the Compensation Committee decided to change the timing of its consideration of base salary adjustments from the second half of the year, typically September, until after our December 31 fiscal year end, so that proposed salary adjustments would be informed by the full prior year performance and aligned with our calendar-based fiscal year. As part of this transition, executives did not receive salary adjustments in the second half of 2017. Instead, they became eligible for their adjustment in March 2018. We currently expect base salary adjustments to be considered in the first quarter of each year.

Short-Term Incentive Compensation

A key compensation objective is to have a significant portion of each named executive officer's compensation tied to Company performance. To help accomplish this objective, we provide for annual performance-based cash incentive opportunities for our named executive officers, based on achievement against pre-established corporate and individual performance objectives.

For 2017, our named executive officers were eligible for short-term incentive compensation under our 2017 Annual Incentive Plan based on achievement against both Company and individual objectives. Payouts were made in September 2017 (for performance during the first half of 2017), and March 2018 (for performance during the second half of 2017) based on Company and individual performance for the two semi-annual periods. During the first half of 2017, our Chief Executive Officer declined his short-term incentive award. Our other named executive officers achieved payouts in the range of 50% to 60% of their respective targets based on Company and individual performance objectives; however, the Compensation Committee decided to reduce each named executive officer's short-term incentive award by 50% as part of the Company's efforts to further reduce operational costs in 2017. During the second half of 2017, Company performance improved and our named executive officers received payouts in the range of 120% to 135% of their respective targets. The Company and named executive officers' objectives for 2017 were financial metrics including overall financial performance, revenue, provision rate, pre-provision operating income and net income, and key Company goals including growth of originations, improved credit decisions and profitability.

Our Chief Revenue Officer also became eligible for quarterly commissions under a Sales Compensation Plan when she assumed the role of Chief Revenue Officer in May 2017. Commissions are paid based on attainment against quarterly sales unit and volume quotas. Commissions are also paid based on attainment of annualized net loss targets for on-balance sheet loans.

The aggregate amount of short-term incentive compensation paid to each named executive officer for 2017 is set forth in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table on page 32. A participant must generally be employed at the time an award is paid in order to receive a payment.

Long-Term Incentive Compensation

Our corporate culture encourages a long-term focus by our executive officers, including our named executive officers, as well as all our other employees. In keeping with this culture, our executive compensation program includes stock-based awards, the value of which depends on our stock performance and other performance measures, to achieve strong long-term performance.

2015 Awards

Long-term incentive compensation granted to our named executive officers in 2015 was in the form of time-based stock options and time-based restricted stock unit awards. Stock options vest over four years as follows: 25% after year one, and the balance in 36 equal monthly installments thereafter. Time-based restricted stock units vest in four equal annual installments over four years.

2016 Awards

The Compensation Committee, in order to align executive compensation with stockholder interests, began granting performance-based awards in 2016 which are eligible for payout based solely on achievements with respect to certain financial metrics. For 2016, our named executive officers received half of their long-term incentives through performance-based awards and half in the form of stock options and/or time-based restricted stock units, or time-based RSUs. The performance-based awards included a performance stock unit which is settled in cash, or PSU, and a performance-based restricted stock unit which is settled in shares, or stock settled PRSU. Both are contingent upon the achievement of defined corporate performance objectives over a three-year period. There are three performance periods for both award types: July 1, 2016 to June 30, 2017, July 1, 2017 to June 30, 2018 and July 1, 2018 to June 30, 2019, in each case, subject to continued service with the Company through the vesting date. For the performance period ending June 30, 2017, no cash settled or stock settled PSUs were earned since the performance for the defined metrics were below threshold as of June 30, 2017.

2017 Awards

In the third quarter of 2016, the Compensation Committee decided to change the timing of its equity grant practices to consider grants following the conclusion of our December 31 fiscal year end, so that any proposed grants would be informed by the full prior year performance and aligned with our calendar-based fiscal year. In addition, the Committee decided to align the performance periods for performance-based awards with the key metrics established for the December 31 fiscal year, instead of the prior practice of a July 1 to June 30 performance period. Previously, the Committee had typically granted equity awards in the third quarter of the year. In order to transition the timing of equity grants from the third quarter to after the conclusion of the fiscal year, in the third quarter of 2017 the Compensation Committee granted awards that were generally 50% of the value of a typical award and granted those awards solely in the form of time-based RSUs. With respect to sizing the third quarter 2017 equity award grant, the Compensation Committee considered market data from the compensation peer group as a data point, but also determined grant sizing on an individual by individual basis.

Other Compensation Policies and Information

Employee Benefits and Perquisites

We provide employee benefits to all eligible employees in the United States, including our named executive officers, which the Compensation Committee believes are reasonable and consistent with its overall compensation objective to better enable us to attract and retain employees. These benefits include medical, dental and vision insurance, a 401(k) plan, life and disability insurance, flexible spending accounts, an employee stock purchase plan and other plans and programs. There are no perquisites offered to our named executive officers.

Clawback Policy

We have a Clawback Policy pursuant to which we may seek the recovery of performance-based incentive compensation paid by the Company, including cash settled and stock settled PSUs. The Clawback Policy applies to

our executive officers, including our named executive officers. The Clawback Policy provides that the Compensation Committee may, in its sole discretion, seek repayment of such incentive compensation if:

29

the Company restates its financial statements as a result of a material error;

the amount of cash incentive compensation or performance-based equity compensation paid or payable based on achievement of specific financial results paid to a participant would have been less if the financial statements had been correct;

no more than three years have elapsed since the original filing date of the financial statements upon which the incentive compensation was determined; and

the Compensation Committee unanimously concludes that gross negligence, fraud or intentional misconduct by such executive caused the material error and it would be in the best interests of the Company to seek recovery of the excess compensation from the executive.

Insider Trading, Anti-Hedging and Pledging Policies

We have an Insider Trading Policy that requires our senior executive officers, including our named executive officers, to pre-clear transactions in our common stock with the Company's legal department. Trading is permitted only during specified quarterly Company open trading periods. Our named executive officers may enter into a trading plan under Rule 10b5-1 of the Securities Exchange Act of 1934. These trading plans may be entered into only during an open trading period, must be approved by the Compensation Committee of the Board of Directors and the Company's legal department, and must include a waiting period prior to commencement of trading under the plan. An executive officer bears the full responsibility if he or she violates the Company policy by permitting shares to be bought or sold without pre-clearance or when trading is restricted.

In addition, our policy prohibits our directors, officers, employees and certain other persons from (i) purchasing financial instruments that are designed to hedge or offset any decrease in the market value of our common stock, or (ii) engaging in hedging transactions to offset any decrease in the market value of our common stock. Our policy also prohibits our directors, officers and employees from pledging shares of our common stock as collateral for margin loans.

CEO Succession Planning

Our Nominating Committee is delegated with the responsibility for CEO succession planning. As part of its responsibility, the Nominating Committee ensures that succession planning is an ongoing discussion recognizing that leadership development and assessment are critical to OnDeck's continued success. As part of that discussion the Nominating Committee reviews the key attributes that a CEO of the Company would need to possess in order to maximize his or her success. The Nominating Committee reviews and discusses its succession planning activities and related considerations with the full Board of Directors which then provides valuable input on important succession-related actions and decisions making the process iterative between the Board of Directors and the Nominating Committee and therefore responsive to the Company's needs.

Executive Employment Arrangements

The Company entered into confirmatory employment offer letters with our named executive officers which have no specific term and provide that each of our named executive officers is an at-will employee. As of December 31, 2017, their employment terms included: (i) base salary of \$400,000 for Mr. Breslow, \$300,000 for Ms. Gellert, and \$300,000 for Mr. Kampfer; and (i) annual incentive target levels of \$400,000 for Mr. Breslow, \$75,000 for Ms. Gellert, and \$150,000 for Mr. Kampfer. In addition, Ms. Gellert is also eligible for commissions under a Sales Compensation Plan with an annual target of \$150,000. Payments are made quarterly under this plan.

Potential Payments upon Termination or Change in Control

Change in Control and Severance Agreements

In July 2017, our Compensation Committee approved change in control and severance agreements, or CIC Agreements, for our named executive officers, which require us to provide specific payments and benefits in connection with the termination of their employment under certain circumstances. These CIC Agreements supersede any other agreement or arrangement relating to severance benefits with these named executive officers or any terms of their option agreements related to vesting acceleration or other similar severance-related terms. The descriptions that follow describe such payments and benefits that may be owed by us to each of our named executive officers upon the named executive officer's termination under certain circumstances.

The CIC Agreements remain in effect for an initial term of three years. At the end of the initial term, each agreement will automatically renew for an additional one-year period unless either party provides notice of nonrenewal within 90 days prior to the date of automatic renewal. The CIC Agreements also acknowledge that each executive officer is an at-will employee, whose employment can be terminated at any time.

In order to receive the severance benefits described below, each named executive officer is obligated to execute a release of claims against us, provided such release of claims becomes effective and irrevocable no later than 60 days following such named executive officer's termination date, and to continue to comply with the terms of applicable proprietary agreements and other post-employment restrictive covenants. For the purpose of the change in control agreements, "change in control period" means generally the period beginning three months prior to, and ending 12 months following, a change in control.

In the event of a termination of employment without "cause" (as such terms are defined in the CIC Agreements) outside of the change in control period, a named executive officer will receive the following:

continued payments of base salary for nine months (or 12 months for our Chief Executive Officer);
payment of the target bonus for the year of termination, pro-rated based on time served;
paid COBRA benefits for nine months (or 12 months for our Chief Executive Officer); and
or our Chief Executive Officer only, accelerated vesting of 50% of our Chief Executive Officer's then-unvested time-based equity awards.

In the event of a termination of employment without cause or a resignation for "good reason" during the "change in control period," (as such terms are defined in the CIC Agreements") a named executive officer will receive the following:

a lump-sum payment of 12 months of base salary;
a lump-sum payment equal to 100% of the target short-term incentive award;
a lump-sum payment equal to the target short-term incentive award for the year terminated (pro-rated based on time served);
paid COBRA benefits for 12 months; and
100% acceleration of unvested equity awards.

In the event any payment to one of our named executive officers is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a "parachute payment" under Section 280G of the Internal Revenue Code), the executive officer will be entitled to receive such payment as would entitle him to receive the greatest after-tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

Equity Benefit and Stock Plans

Securities Authorized for Issuance under Equity Compensation Plans

At December 31, 2017 we maintained three equity compensation plans, all of which were approved by the Board of Directors and our stockholders prior to our initial public offering in December 2014. The following table provides the information shown for each of the three plans as of December 31, 2017.

Plan	Shares issuable upon exercise of outstanding plan options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights(1) (b)	Shares remaining available for future issuance under plan (excluding those reflected in column (a)) (c)
Equity compensation plans approved by security holders(2)	11,261,493	\$5.75	12,332,019
Equity compensation plans not approved by security holders	—	—	—
Total	11,261,493	\$5.75	12,332,019

(1) The weighted average exercise price is calculated based solely on outstanding stock options. It does not take into account the shares of our common stock underlying PRSUs or time-based RSUs, which have no exercise price.

(2) Includes the following plans: 2014 Equity Incentive Plan, or 2014 Plan, Amended and Restated 2007 Stock Incentive Plan and 2014 Employee Stock Purchase Plan, or ESPP.

The 2014 Plan provides that on the first day of each year beginning in 2016 and ending in 2020, the number of shares available for issuance thereunder is automatically increased by a number equal to the least of (i) 7,200,000 shares, (ii) 4% of the outstanding shares of our common stock as of the last day of our immediately preceding year, or Threshold Percentage, (iii) a percentage equal to the Threshold Percentage, plus the difference between the Threshold Percentage and the percentage added to the 2014 Plan for each prior year; or (iv) such other amount as the Board of Directors may determine. Our ESPP provides that on the first day of each year beginning in 2016, the number of shares available for issuance thereunder is automatically increased by a number equal to the least of (i) 1% of the outstanding shares of our common stock on the first day of such year, (ii) 1,800,000 shares, or (iii) such other amount as the Board of Directors may determine. On January 1, 2017, the number of shares available for issuance under our 2014 Plan and or ESPP increased by 2,864,228 shares and 456,006 shares, respectively, pursuant to these provisions. For the year beginning January 1, 2018, the Compensation Committee determined not to increase the number of shares issuable under or 2014 Plan and our ESPP.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our common stock as of February 28, 2018 by:

each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of our common stock;

each of our named executive officers;

each of our directors; and

all executive officers and directors as a group.

Shares subject to those options for a particular person are not included as outstanding, however, for the purpose of computing the percentage ownership of any other person. We have based percentage ownership of our common stock on 74,059,993 shares of our common stock outstanding as of February 28, 2018. Unless otherwise indicated, the address of each beneficial owner listed on the table below is c/o On Deck Capital, Inc., 1400 Broadway, 25th Floor, New York, New York 10018.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In addition to the director and executive officer compensation arrangements discussed above under “Corporate Governance” and “Executive Compensation,” the following is a description of each transaction since January 1, 2017 and each currently proposed transaction in which:

we have been or are to be a participant;
the amount involved exceeded or exceeds \$120,000; and
any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had or will have a direct or indirect material interest.

We have entered into indemnification agreements with our directors and executive officers. The indemnification agreements and our Certificate and Bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

Transactions with Directors and Their Affiliates

Except for the compensation of directors and executive officers as described above, there were no transactions in 2017 in which the Company was a party, the amount involved in the transaction exceeded \$120,000 and in which any director, director nominee, executive officer, holder of more than 5% of our capital stock, or immediate family member of any of the foregoing individuals, had or will have a direct or indirect material interest.

Policies and Procedures for Related Party Transactions

The Board of Directors has adopted a related party transactions policy which delegates to the Audit Committee primary responsibility for reviewing and, if applicable, approving and/or ratifying related party transactions. In certain circumstances, related party transactions can be reviewed by the Nominating Committee and/or Audit Committee. A related party is defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and their immediate family members. Under the policy, our directors and executive officers (including director nominees and proposed executive officers) are required to promptly notify the Company’s Chief Legal Officer of any potential or actual related party transactions. Potential related party transactions are then reviewed and analyzed with the Audit Committee, in consultation with the Chief Legal Officer and third-party experts, if needed, to determine whether the transaction is of a type that requires compliance with the policy.

In reviewing such transactions, the Audit Committee will consider all relevant facts and circumstances including, among others:

the commercial reasonableness of the terms of the related party transaction;
the benefit or perceived benefit (or lack thereof) of the related party transaction to the Company;
whether there are business reasons for the Company to enter into the related party transaction;
whether the related party transaction would impair the independence of an outside director;
whether there reputational, conflict of interest, competitive or similar risks to the Company associated with the related party transaction;
the materiality and character of the related party’s interest in the transaction;
whether there are alternatives available that do not involved a related party transaction; and
whether the transaction would present an improper conflict of interest for any director or executive officer.

Under the policy, the Audit Committee has reviewed certain transactions and determined them to be generally preapproved, including, among others:

a transaction where the aggregate amount of the related party's interest is not expected to exceed \$120,000 in any calendar year;

37

compensation paid to a director or designee that has been approved by the Compensation Committee; and a transaction with an entity at which a related party is an employee (other than an executive officer), director, limited partner or beneficial owner of less than 5% of the entity's common stock and the amount involved in the transaction does not exceed the greater of \$2 million or 2% of that entities total annual revenues.

The Audit Committee retains the right to review, approve and/or ratify any preapproved transaction in its discretion.

STOCKHOLDER COMMUNICATIONS POLICY

Our Board of Directors has adopted a Stockholder Communications Policy to provide a process by which our stockholders may communicate with the non-management members of the Board of Directors. Under the policy, stockholders may send communications to our Chief Legal Officer at On Deck Capital, Inc., 1400 Broadway, 25th Floor, New York, New York 10018, Attn: Chief Legal Officer. Our Chief Legal Officer shall review all incoming communications (except for mass mailings, service complaints or inquiries, job inquiries, business solicitations and patently offensive or otherwise inappropriate material) and, if appropriate, route such communications to the appropriate member(s) of the Board of Directors or, if none is specified, to the Chairman of the Board.

Our Chief Legal Officer may decide in the exercise of his or her judgment whether a response to any communication is necessary and shall provide a report to the Nominating Committee on a quarterly basis of any communications received for which our Chief Legal Officer has either responded or determined no response is necessary.

This procedure for communications with the non-management directors is administered by the Company's Nominating Committee. This procedure does not apply to (a) communications to non-management directors from officers or directors of the Company who are stockholders, or (b) stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, certain officers and ten percent stockholders to file reports of ownership and changes in ownership with the SEC. Based upon a review of filings with the SEC and/or written representations that no other reports were required, we believe that all reports for the Company's officers and directors that were required to be filed under Section 16 of the Exchange Act were timely filed for 2017, except that due to administrative error, one late Form 4 was filed on behalf of Ms. Gellert reflecting one transaction, and one late Form 4 was filed on behalf of Mr. Sinigaglia reflecting two transactions, in each case relating to shares withheld for taxes upon the vesting of previously reported restricted stock unit grants.

AUDIT COMMITTEE REPORT

This Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other OnDeck filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate it by reference therein.

The following is the report of the Audit Committee of our Board of Directors. The Audit Committee has reviewed and discussed our audited financial statements for the year ended December 31, 2017 with our management. In addition, the Audit Committee has discussed with Ernst & Young LLP, our independent registered public accountants, the matters required to be discussed by standards promulgated by the American Institute of Certified Public Accountants, or AICPA, and Public Company Accounting Oversight Board, or PCAOB, including PCAOB Auditing Standard No. 1301 “Communications with Audit Committees.” The Audit Committee also has received the written disclosures and the letter from Ernst & Young LLP as required by the applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence, and the Audit Committee has discussed with Ernst & Young LLP the independence of Ernst & Young LLP.

Based on the Audit Committee’s review of the matters noted above and its discussions with our independent accountants and our management, the Audit Committee recommended to the Board of Directors that the financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017.

Respectfully submitted by the members of the Audit Committee of the Board of Directors:

Neil E. Wolfson (Chair)

David Hartwig

**PROPOSAL 2: RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

Our Audit Committee of the Board of Directors has appointed Ernst & Young LLP as OnDeck’s independent registered public accountants for the year ending December 31, 2018 and the Board recommends that stockholders vote for ratification of such appointment. Although stockholder ratification of the appointment of our independent registered public accountants is not required under our governance documents, we are asking stockholders to ratify the appointment as a matter of prudent corporate governance. Notwithstanding its selection or voting results, the Audit Committee, in its discretion, may appoint new independent registered public accountants at any time during the year if the Audit Committee believes that such a change would be in the best interests of OnDeck and its stockholders. If our stockholders do not ratify the appointment, the Audit Committee may reconsider whether it should appoint another independent registered public accounting firm.

Ernst & Young LLP served as OnDeck’s independent registered public accounting firm for the year ended December 31, 2017. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they so desire.

Principal Accounting Fees and Services

The following table sets forth all fees accrued or paid to Ernst & Young LLP for the years ended December 31, 2017 and 2016:

	2017	2016
Audit Fees (1)	\$900,000	\$880,000
Audit-Related Fees (2)	—	—
Tax Fees (3)	\$79,036	\$100,406
All Other Fees (4)	—	—
Total	\$979,036	\$980,406

(1) Audit Fees consist of professional services rendered in connection with the audit of our annual consolidated financial statements, including audited financial statements presented in our Annual Report and services that are normally provided by the independent registered public accountants in connection with statutory and regulatory filings or engagements for those years.

(2) Audit-Related Fees consist of fees for professional services for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under “Audit Fees.” These services include accounting consultations concerning financial accounting and reporting standards.

(3) Tax Fees consist of fees for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance.

(4) All Other Fees consist of permitted services other than those that meet the criteria above.

Pre-approval Policy. Under our Audit Committee’s policy governing our use of the services of our independent registered public accountants, the Audit Committee is required to pre-approve all audit and permitted non-audit services performed by our independent registered public accountants in order to ensure that the provision of such services does not impair the public accountants’ independence. In the years ended December 31, 2017 and 2016, all fees identified above under the captions “Audit Fees,” “Audit-Related Fees,” “Tax Fees,” and “All Other Fees” that were billed by Ernst & Young LLP were approved by the Audit Committee in accordance with SEC requirements.

In the year ended December 31, 2017, there were no other professional services provided by Ernst & Young LLP, other than those listed above, that would have required our Audit Committee to consider their compatibility with maintaining the independence of Ernst & Young LLP.

Vote Requirement

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the matter is necessary to ratify the selection of Ernst & Young LLP as our independent registered public accountants for the year ending December 31, 2018. Abstentions are treated as shares of common stock present in person or represented by proxy and entitled to vote and therefore, will have the effect of a vote “against” the ratification of Ernst & Young LLP as our independent registered public accountants. Broker non-votes will have no effect on the outcome of the vote.

The Board of Directors unanimously recommends that stockholders vote “FOR” the ratification of the selection of Ernst & Young LLP as OnDeck’s independent registered public accountants for the year ending December 31, 2018.

The Board of Directors does not know of any other matters to be presented at the Annual Meeting. If any additional matters are properly presented or otherwise allowed to be considered at the Annual Meeting, the persons named in the enclosed proxy will have discretion to vote shares they represent in accordance with their own judgment on such matters.

It is important that your shares be represented at the meeting, regardless of the number of shares that you hold. You are, therefore, urged to submit your proxy or voting instructions at your earliest convenience.
