#### MEETME, INC. AND SUBSIDIARIES

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

Note 1—Description of Business, Basis of Presentation and Summary of Significant Accounting Policies

MeetMe, Inc., (the "Company" or "MeetMe"), was incorporated in Nevada in June 1997. Effective June 1, 2012, the Company changed its name from Quepasa Corporation. On December 6, 2011, the Company changed its legal domicile to Delaware. The Company is a social media technology company which owns and operates Meetme.com, previously known as myYearbook.com, and Quepasa.com, which is transitioning to Meetme.com in the third quarter of 2012. MeetMe is a social discovery network company that makes meeting new people fun through social games and applications, monetized through both advertising and virtual currency. Meetme.com and Quepasa.com are collectively referred to in this Report as the "MeetMe Platforms".

The MeetMe Platforms provides users with access to an expansive, multilingual menu of resources that promote social interaction, information sharing, and other topics of interest to users. We offer online marketing capabilities, which enable marketers to display their advertisements in different formats and in different locations on our website. We work with our advertisers to maximize the effectiveness of their campaigns by optimizing advertisement formats and placement on the website.

The Company acquired XtFt Games S/S Ltda ("XtFt"), on March 2, 2011. On July 14, 2011, XtFt's name was changed to Quepasa Games S/S Ltda ("Quepasa Games"). The Company's wholly owned Brazilian based subsidiary, Quepasa Games, manages game development and creation of intellectual properties. On June 30, 2012, the Company discontinued the games development business of Quepasa Games.

On November 10, 2011, the Company, IG Acquisition Company ("Merger Sub"), a wholly-owned subsidiary of the Company, and Insider Guides, Inc., doing business as myYearbook.com ("myYearbook"), closed a Merger under which myYearbook merged with and into Merger Sub (the "Merger"). Insider Guides, Inc. operates a social networking website, www.myyearbook.com, open to people of all ages, with a concentration of members between the ages of 13 and 24. As Merger consideration, the security holders of myYearbook securities received approximately \$18 million in cash and approximately 17 million shares of the Company common stock (not including cash for fractional shares). Following the Merger, Merger Sub changed its name to Insider Guides, Inc. MeetMe, Inc. and its wholly owned subsidiary, Insider Guides, legally merged as of January 1, 2012.

**Interim Financial Information** 

#### **Basis of Presentation**

The consolidated financial statements have been prepared by the Company, without audit, pursuant to the rules and regulations of the United States Securities and Exchange Commission ("SEC"). The Company prepares its financial statements in conformity with generally accepted accounting principles in the United States ("U.S. GAAP"). These principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly the financial position of the Company as of June 30, 2012 and its statements of income, comprehensive income and cash flows for the six months ended June 30, 2012. These consolidated financial statements should be read in conjunction with the consolidated financial statements and accompanying notes thereto contained in the Company's 2011 Annual Report filed with the SEC on

Form 10-K, on March 14, 2012.

# Principles of Consolidation

The consolidated financial statements include our accounts of MeetMe and its wholly-owned subsidiaries, Quepasa.com de Mexico, Quepasa Serviços em Solucoes de Publicidade E Tecnologia Ltda (inactive), Quepasa Games S/S Ltda (from March 2, 2011), and Insider Guides, Inc. (from November 10, 2011). All intercompany accounts and transactions have been eliminated in consolidation. On June 30, 2012, the Company discontinued its game development and hosting operations. Accordingly games operations have been classified as discontinued operations for all periods presented.

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

## Reclassifications

Certain prior period amounts in the consolidated financial statements have been reclassified to conform to the current period's presentation. For the six months ended June 30, 2011, \$684,322 for production office rent, health insurance, staffing services, and acquisition costs related the acquisition of Quepasa Games and Insider Guides were reclassified from general and administrative expense to acquisition and restructuring costs, product development and content expense, and sales and marketing expenses Prepaid advertising and deferred subscription revenue of \$70,516 was reclassified from accrued liabilities to deferred revenue for the December 31, 2011 balance sheet. Reclassification adjustments for discontinued operations were made to the balance sheets and statement of operations for the periods presented. (See Note 3)

#### Cash and Cash Equivalents and Cash Concentrations

We consider all highly liquid instruments purchased with an original maturity of three months or less to be cash and cash equivalents. We continually monitor our positions with, and the credit quality of, the financial institutions we invest with.

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have not experienced any losses related to these balances. Such amounts on deposit in excess of federally insured limits at June 30, 2012 and December 31, 2011 approximated \$3.8 million and \$5.8 million, respectively.

#### Restricted Cash

We were required by state laws to hold funds for certain DSM contests in separate trust accounts that required written notice from the state to be released. Restricted cash is classified as current when the restriction is expected to lift within twelve months of the balance sheet date. The restricted cash balances were released and transferred to the cash and cash equivalents in March 2012, upon receipt of written notice of the completion of the DSM contests completion.

#### Consolidated Statement of Cash Flows – Supplemental Disclosure

#### Non-Monetary transactions:

On March 2, 2011, the following assets and liabilities of Quepasa Games were acquired:

Goodwill	\$3,772,792
Property and equipment	106,626
Other assets	170,843
Total assets acquired	4,050,261
Accounts payable and accrued liabilities	(341,010 )
Total liabilities assumed	(341,010 )
Issuance of common stock, 348,723 shares	2,730,501
Contingent issuance of common stock for acquisition	978,750

#### Goodwill

Goodwill represents the excess of the Company's purchase prices of Insider Guides, Inc. and Quepasa Games (formerly known as XtFt Games S/S Ltda), over the fair values of the respective identifiable assets acquired and liabilities assumed. Goodwill is not amortized. For the 2011 acquisitions, goodwill is not recognized for tax purposes. Goodwill is subject to impairment tests on an annual basis or more frequently if facts and circumstances warrant such a review. Goodwill is evaluated using specific methods required in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), including potentially, a discounted cash flows method to determine the fair value of a reporting unit and comparison of the carrying value of goodwill to its implied fair value. The analysis necessarily involves significant management judgment to evaluate the capacity of an acquired business to perform within projections. If the carrying amount of a reporting unit exceeds its fair value, determined by conducting a valuation, then the goodwill impairment test is performed to measure the amount of the impairment loss, if any. Management performs a qualitative assessment of goodwill to determine if it is more likely than not that the fair value of a reporting unit is less than its carrying value including goodwill. In the event facts and circumstances indicate the carrying value of goodwill is impaired, the goodwill carrying value will be reduced to its implied fair value through a charge to operating expenses. During the six months ended June 30, 2012 the Company recorded approximately \$2.3 million goodwill impairment charges related to the discontinuance of Ouepasa Games operations. During the year ended December 31, 2011 the Company recorded approximately \$1.4 million impairment charges related to goodwill of Quepasa Games operations.

#### MEETME, INC. AND SUBSIDIARIES

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

## Long-Lived Assets

In accordance with GAAP, we review our long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recovered. For assets which are held and used in operations, the asset is deemed to be impaired if its carrying value exceeds its estimated undiscounted future cash flows. If such assets are considered to be impaired, the impairment loss recognized is the amount by which the carrying value exceeds the fair value of the asset or estimated discounted future cash flows attributable to the asset. No asset impairment occurred during the six months ended June 30, 2012 and 2011.

Fair Value of Financial Instruments and Fair Value Measurements

We measure our financial assets and liabilities in accordance with generally accepted accounting principles. For certain of our financial instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, the carrying amounts approximate fair value due to their short maturities. Amounts recorded for notes payable, net of discount, also approximate fair value because current interest rates available to us for debt with similar terms and maturities are substantially the same.

Effective January 1, 2008, we adopted accounting guidance for financial assets and liabilities. The adoption did not have a material impact on our results of operations, financial position or liquidity. This standard defines fair value, provides guidance for measuring fair value and requires certain disclosures. This standard does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements. This guidance does not apply to measurements related to share-based payments. This guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost).

The guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs, other than quoted prices that are observable, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs in which little or no market data exists, therefore developed using estimates and assumptions developed by us, which reflect those that a market participant would use.

## Significant Customers and Concentration of Credit Risk

During the six months ended June 30, 2012, customers (1) and (2) comprised 25.6% and 25.2% of total revenues, respectively. For the six months ended June 30, 2011 customer (1) comprised 93% total revenues. Six customers comprised 70% and 47% of total accounts receivable as of June 30, 2012 and December 31, 2011, respectively.

Net Loss per Share

The Company computes and presents earnings or losses per share in accordance with FASB ASC Topic 260, Earnings per share. Basic earnings or losses per share are computed by dividing net income (loss) attributable to common stockholders by the weighted average number of common shares outstanding. Diluted earnings or loss per share is computed by dividing net income (loss) attributable to common stockholders by the weighted average number of common shares and common stock equivalents outstanding, calculated on the treasury stock method for options and warrants using the average market prices during the period.

As the Company incurred a net loss in all periods presented, all potentially dilutive securities were excluded from the computation of diluted loss per share since the effect of including them is anti-dilutive.

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

The following table summarizes the number of dilutive securities, which may dilute future earnings per share, outstanding for each of the periods presented, but not included in the calculation of diluted loss per share:

	June 30, 2012	December 31, 2011
Stock options	10,125,603	9,611,931
Warrants	4,200,000	4,200,000

Totals	15,805,552	15,291,880

## Revenue Recognition

We recognize revenue when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the purchase price is fixed or determinable and collectability is reasonably assured. We recognize revenue in accordance with ASC 605, "Revenue Recognition," ASC 605-25, "Multiple-Element Arrangements," and ASC 605-45 "Principal Agent Considerations."

During the years ended December 31, 2011 and 2010, we executed three contracts with Altos Hornos de Mexico, S.A.B. de C.V. ("AHMSA"), which owns Mexicans & American Trading Together, Inc. ("MATT Inc."), which qualify as Multiple-Element Arrangements. The first was a \$3.5 million contract to develop a website and a series of environmental campaigns using our DSM technology, with multiple delivery dates from May 2010 through February 2011. The second was a \$3.0 million contract to develop a website and a legislative campaign using our DSM Technology, with multiple delivery dates from June through December 2010. The third was a \$3.0 million contract to develop the "Job of Your Dreams" (El Empleo de tus Suenos) campaign using our DSM technology, with multiple delivery dates from March 2011 through December 2011. The revenue from these contracts is allocated between DSM and website development as separate units of accounting based on their relative selling price. The selling price for DSM was determined using the ad impressions and click through rate that other advertising would require to generate similar engagements, since the DSM technology is a relatively new concept we developed. The selling price for website development was determined using the projected hours and prevailing rates for website development plus the cost of hardware, third party vendors and premium for use of our development resources.

During the six months ended June 30, 2012 and 2011, we performed transactions with several partners that qualify as principal agent considerations. We recognize revenue net of amounts retained by third party entities, pursuant to revenue sharing agreements with advertising networks for advertising and with other partners for royalties on product sales.

Our revenue is generated from two principal sources: revenue earned from the sale of advertising on our websites, and from virtual currency products.

Advertising Revenue: Advertising and custom sponsorship revenues consist primarily of advertising fees earned from the display of advertisements and click-throughs on text based links on our websites. Revenue from online advertising is recognized as impressions are delivered. An impression is delivered when an advertisement appears on pages viewed by members of the Company's websites. Revenue from the display of click-throughs on text based links is recognized as click-throughs occur. Consistent with GAAP, we recognize advertising revenue from customers that are advertising networks on a net basis, while advertising revenues earned directly from advertisers are recognized on a

gross basis. Sponsorship revenue is recognized over the time period in which the sponsorship on the website occurs. Approximately 59% and 5% of our revenue came from advertising during the six months ended June 30, 2012 and 2011, respectively.

Virtual Currency: Revenue is earned from virtual currency monetization products sold to our website users. These products include Lunch Money, Credits on MeetMe, and "VIP" subscriptions. Revenue is recognized as the products are consumed. The Company also earns revenue from advertisement products from currency engagement actions (i.e. sponsored engagement advertisements) by users on all of our platforms, including cost-per-action (CPA) currency incented promotions and sales on our proprietary cross-platform currency monetization product, "Social Theater". When a user performs an action, the user earns virtual currency and the Company earns product revenue from the advertiser. The Company controls and develops the Social Theater product and CPA promotions and acts as a principal in these transactions and recognizes the related revenue on a gross basis when collections are reasonably assured and upon delivery of the virtual currency to the users' account. Effective November 2011 with the Merger of myYearbook, the DSM product became a part of Social Theater, a cross platform, virtual currency product. Approximately 41% of our revenue came from virtual currency revenues during the six months ended June 30, 2012. Approximately 90% of our revenue came from Social Theater, cross platform DSM campaigns during the six months ended June 30, 2011.

In 2011, the Company's revenues were generated from advertising, the DSM contest platform, website development, games internally developed and distributed, third party developed games introduced to the site, virtual currency and royalty revenue.

# Discontinued Operations from Quepasa Games

Game revenue was recognized when persuasive evidence of an arrangement exists, the sales price was fixed or determinable, collectability was reasonable assured, and the service has been rendered. For the purpose of determining when the service has been provided to the player, we determine an implied obligation exists to the paying player to continue displaying the purchased virtual items within the online game of a paying player over their estimated life. The virtual goods are categorized as either consumable or durable. Consumable goods represent goods that are consumed immediately by a specific player action and have no residual value. Revenue from consumable goods is recognized at the time of sale. Durable goods add to the player's game environment over the playing period. Durable items, that otherwise do not have a limitation on repeated use, are recorded as deferred revenue at time of sale and recognized as revenue ratably over the estimated average playing period of a paying player. For these items, the Company considers the average playing period that the paying players typically play the game, currently to be 18 months. If we do not have the ability to differentiate revenue attributable to durable virtual goods from the consumable virtual goods for the specific game, we recognize revenue on the sale of the virtual goods for the game ratably over the estimated average playing period that paying players typically play the game. Any adjustments arising from changes in the average playing period would be applied prospectively on the basis that such changes are caused by new information indicating a change in the game player behavior patterns. As the Company controls the game process and acts as a principal in the transaction, revenue for internally developed games is recognized on a gross basis from sales proceeds reported by pay aggregators which are net of payment rejections, charge-backs and reversals.

Games expenses represent the direct expenses for hosting, marketing, site fees, reporting and foreign taxes. Games product development and content expenses include salaries, benefits, and share-based compensation for our employees, utility charges, and production office costs, are charged to discontinuing operations as incurred. Game exit costs include severance costs of terminated employees and exit costs of office closures

# Recent Issued Accounting Standards

We have implemented all new accounting standards that are in effect and that may impact our consolidated financial statements and do not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on our consolidated financial position or results of operations.

# Note 2—Business Acquisitions

On March 2, 2011, we completed a Stock Purchase Agreement (the "Agreement") with XtFt, the owner of substantially all of the assets and business of TechFront Desenvolvimento de Software S/S Ltda, a Brazilian company ("TechFront"). The Company acquired XtFt to obtain its game development expertise and existing and future intellectual properties. On July 14, 2011 XtFt's name was changed to Quepasa Games.

We acquired all of the outstanding equity interests of XtFt. The shares issued to XtFt's owners were calculated contractually based on \$3,700,000 of our common stock (348,723 shares) at \$10.61 per share which was based on the average closing price per share for the 10 trading days prior to the date of closing the Agreement. The acquisition date value of the shares issued of \$2,730,501 was calculated using the fair market value of the 348,723 shares, at \$7.83, the closing price of our common stock on the acquisition date. The prior owners of XtFt were eligible to receive a potential earn out fee of 250,000 shares of our common stock based on Quepasa Games achieving specific

performance milestones. Because the 2011 milestones were not met, the prior owners of XtFt forfeited one-third of the earn-out or 83,334 shares. See Note 5 relating to 2012 performance. An additional cost of acquisition of \$978,750 for the contingent earn out provision was calculated using the fair market value of the probable shares to be granted based on the terms of the Agreement at a price per share valued at the date of acquisition.

In connection with the Agreement, on February 1, 2011, we entered into a Secured Revolving Line of Credit Agreement ("Credit Agreement") with TechFront and agreed to lend up to \$500,000. Advances under the Credit Agreement may be used to pay off certain Techfront loans specified in the Agreement. The secured revolving line of credit shall become due and payable on February 1, 2017. The Credit Agreement is secured by certain U.S. and Brazilian Trademarks of TechFront. Prior to the acquisition date, \$500,000 was advanced to TechFront under the Credit Agreement. The collectability of this amount was deemed by management to be doubtful immediately upon the date of the first advance and therefore in substance was deemed to be an additional cost of the acquisition.

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

The purchase price was allocated first to record identifiable assets and liabilities at fair value and the remainder to goodwill as follows:

Property and equipment	\$119,760

Total assets acquired	311,647	
Accounts payable and accrued liabilities	(383,014	)
Total liabilities assumed	(383,014	)
Goodwill	4,280,618	
Total purchase price	\$4,209,251	

The Company incurred approximately \$368,000 of broker commissions, legal and professional fees and travel costs during the acquisition of Quepasa Games that were expensed as incurred and classified as acquisition and restructuring costs during the six months ended June 30, 2011.

On November 10, 2011, the Company, Merger Sub, and Insider Guides, Inc., closed the Merger. Insider Guides Inc. operated the myYearbook.com platform. The Company and Insider Guides Inc. had similar focus on social discovery, social gaming, virtual goods and brand advertising and could capitalize on combined business strengths. As Merger consideration, the security holders of myYearbook received approximately \$18 million in cash and approximately 17 million shares of the Company's common stock (not including cash for fractional shares). Following the Merger, Merger Sub changed its name to Insider Guides, Inc. which later merged into MeetMe.

The purchase price was allocated first to record identifiable assets and liabilities at fair value and the remainder to goodwill as follows:

## Note 3 — Discontinued Operations – Quepasa Games

The games development business of our Brazilian subsidiary, Quepasa Games, were discontinued on June 30, 2012 in order to streamline efforts to improve efficiencies, reduce costs and focus on the Company's core social network business. In connection with this closure, the Company transferred the hosting responsibilities of its games Wonderful City Rio and Amazon Alive to third parties, Quepasa Games office in Curitiba, Brazil was closed and all Quepasa Games employees were terminated. The games business closure qualifies as a discontinued operation and accordingly the Company has excluded results for Quepasa Games operations from its continuing operations in the Consolidated Statement of Operations for all periods presented. The following table shows the results of Quepasa Games included in the loss from discontinued operations:

#### Note 4—Notes Receivable

In February 2010, we entered into a settlement agreement (the "Settlement") with BRC effective as of September 22, 2009. Under the Settlement, BRC's indebtedness to us was reduced from \$350,000 to \$250,000, evidenced by a new

promissory note (the "Note") dated September 22, 2009. The Note contains a repayment term of 18 months commencing June 1, 2011, bearing interest at the rate of 4% per annum, such interest to begin accruing February 1, 2011. As collateral for the Note, BRC issued us a warrant (the "Warrant") permitting us to receive up to a 30% membership interest in BRC upon default. If BRC defaults under the Note and the Warrant is exercised, BRC shall have 90 days to repurchase the membership interest for the balance of the remaining principal and interest to date.

As a result of the Settlement and the Note, both parties agreed to a mutual release of the current litigation between the parties by filing a dismissal of the litigation with prejudice. Furthermore, both parties agreed to terminate all prior agreements between each other entered into before September 22, 2009, along with all duties rights and obligations thereunder.

On September 20, 2010, we entered into a Note Purchase Agreement with Hollywood Creations, Inc. ("Hollywood") and agreed to lend Hollywood \$650,000 in three separate equal installments. This agreement relates to an arrangement for MeetMe's exclusive right and license to market and distribute games developed by Hollywood to MeetMe end users. Those rights will be subject to a revenue sharing agreement. Each loan will be evidenced by a 6% Convertible Promissory Note due one year from the date of issuance ("Note"). The Note may be converted under certain circumstances. In the year ended December 31, 2010, we lent the first \$216,667 installment and Hollywood issued us a Note due on September 20, 2011. In February 2011, we made another \$40,000 advance due September 2011. In October, 2011 we deemed the Note uncollectible and we charged the note receivable and related accrued interest of \$271,404 to bad debt expense.

#### Note 5—Goodwill

Goodwill represents the fair value of the intangible assets, not subject to amortization, from the acquisitions of Quepasa Games and Insider Guides, Inc. At December 31, 2011, management assessed relevant events and circumstances in evaluating whether it was more likely than not that its fair values were less than respective carrying amounts of the acquired subsidiaries pursuant to ASC 350 Intangibles, Goodwill and Other. After evaluation of Quepasa Games' performance the period ended December 31, 2011 and projected 2012 performance, management determined that Quepasa Games could not achieve the performance necessary for the earn-out provision of the stock-purchase agreement and would require an impairment adjustment. A valuation of the Quepasa Games was performed and a \$2.5 million fair value was determined. A comparison of the Company's approximately \$3.8 million carrying value of the Quepasa Games and the \$2.4 million implied value of goodwill resulted in a loss on impairment of approximately \$1.4 million in 2011. Quepasa Games operations were discontinued on June 30, 2012 and accordingly a loss on impairment of goodwill of approximately \$ 2.2 million was recorded as loss from discontinued operations for the six months ended June 30, 2012. The translated value of goodwill for Quepasa Games varied at each reporting period due to changes in the foreign exchange rates.

Management's assessment of the events and circumstance since the acquisition of Insider Guides, Inc. shows positive operating performance, key metrics, customer retention, and no indicators that its fair value was less than its carrying amount at December 31, 2011. No impairment to goodwill occurred during the six months ended June 30, 2012 for Insider Guides, Inc.

# Loans Payable

On November 10, 2011 in conjunction with the acquisition of Insider Guides, Inc., the Company assumed loans payable consisting of a growth capital term loan and three equipment term loans. The loans payable are collateralized by substantially all the assets of the Company. Under the Loan and Security Agreement Number 2 ("LSA2") growth term and equipment term loans, dated December 13, 2010, principal and interest are payable monthly at a fixed interest rate of 12.50% per annum, and the loans are due September 2014. Under the Supplemental Loan and Security Agreement ("SLSA"), dated November 21, 2008, principal and interest are payable monthly at a fixed interest rate of 12.60% per annum, and the loan was repaid by April 2012. Under the Supplement Number 2 Loan and Security Agreement ("S2LSA") dated January 22, 2010, principal and interest are payable in monthly at a fixed interest rate of 12.50% per annum, and the loan is due June 2013. On February 13, 2012, the loans payable and security agreements were amended and restated to include additional debt covenants. The amendment includes limitations of additional bank borrowing of \$3 million and indebtedness for leased office equipment of \$3 million. The amendment requires that the Company's unrestricted cash and accounts receivable be greater than or equal to 200% of the borrowers indebtedness and the Company's unrestricted cash be greater than or equal to the aggregate amount of interest that will accrue and be payable through the maturity date of loans payable and security agreement. At June 30, 2012, the Company was in compliance with the amended loans payable and security agreements debt covenants.

## Capital Leases

During the first quarter 2012, the Company executed two non-cancelable master lease agreements for \$1.5 million with Dell Financial Services, and \$500,000 with HP Financial Services for the purchase or lease of equipment for our data centers. The HP Financial Services master lease facility was increased to \$1.5 million in the second quarter 2012. Principal and interest are payable monthly at interest rates of ranging from 4.5% to 7.9% per annum, rates varying based on the type of equipment purchased. The capital leases are secured by the leased equipment, and outstanding principal and interest are due respectively in January and March 2015.

The following is a schedule of the long term debt:

## Litigation

From time to time, we are party to certain legal proceedings that arise in the ordinary course and are incidental to our business. We operate our business online, which is subject to extensive regulation by federal and state governments. In July 2011, the Company received a subpoena from the New York Attorney General ("NYAG") seeking records relating to our operations including specifically our e-mail marketing practices. Our attorneys advised us that the NYAG's inquiry was preempted by federal law in the absence of any deceptive acts, and that they did not believe our e-mail marketing involved any deceptive practices. Nevertheless, we chose to cooperate fully with the NYAG, supplied documents we believed directly relevant, and made certain changes to our email practices to address the NYAG's specific concerns. We believe the NYAG has concluded his investigation and will take no further action, and we are currently negotiating a settlement agreement. However, we cannot make assurances that we will reach our anticipated closure with the NYAG or that other regulators will not challenge aspects of our business. In such event, defending this or any other action could cause us to incur substantial expenses and divert our management's attention. Any such defense, or change in our marketing or other practices could reduce our future revenues and increase our costs, and adversely affect our future operating results.

On August 3, 2011, Michelle Kaffko (the "Plaintiff") filed a class action lawsuit against the Company in the United States District Court for the District of Nevada. The Company filed a motion to transfer the case to the Southern District of Florida and the Court granted that motion. On March 30, 2012, the Plaintiff filed an amended complaint in the United States District Court for the Southern District of Florida to add two additional defendants to the case. The amended complaint alleges that the Company and the other defendants sent unauthorized text messages to thousands of consumers by using equipment that had the capacity to generate random telephone numbers. The Plaintiff is seeking, for herself and on behalf of the members of the class, \$500 for each alleged violation. The Company has investigated the Plaintiff's claims and believes they have no merit with respect to the Company. Accordingly, the Company has filed motions to dismiss and for summary judgment; the Court has delayed consideration of these motions pending the conduct of discovery.

On September 8, 2011, the Company received complaint filed with the Equal Employment Opportunity Commission ("EEOC") by a former employee alleging sexual discrimination by the Company in the period following her voluntary resignation from the Company. The Company filed a written response denying the allegations and on November 15, 2011, engaged in mediation that ended in an impasse. The Company denied the allegations. On July 6, 2012, the EEOC found the complained unfounded and closed its file.

On September 15, 2011, FotoMedia Technologies, LLC ("FotoMedia") sued Insider Guides, Inc. ("IG") and four other defendant companies in the United States District Court for the District of Delaware for infringement of certain patents relating to digital photo-sharing. FotoMedia alleged that IG infringed five of six separate patents that FotoMedia owned. On November 21, 2011, IG and two other defendants filed a Motion to dismiss the case for failure to state a claim upon which relief could be granted. On December 22, 2011, prior to any ruling on the Motion to Dismiss, FotoMedia filed a Notice of DismissalWithout Prejudice with the Court. Accordingly, the action was dismissed without prejudice as of such date.

On November 18, 2011, Jeffrey Valdez, a former member of the Company's Board of Directors who was also a paid consultant to the Company sued the Company in the Superior Court of California for breach of contract relating to the ownership and use of certain intellectual property that he allegedly created. The plaintiff also claimed that the Company and John Abbott, its Chief Executive Officer, never intended to honor the contract. The Company denies

these allegations and maintains that the plaintiff did not create any original intellectual property and that the Company is not otherwise using any intellectual property created by the plaintiff. The Court has granted the Company's motion to dismiss Valdez's claim that the Company fraudulently induced him to enter into the Consulting Agreement. The Court also dismissed the claim against Mr. Abbott. On June 25, 2012, the Company entered into a settlement agreement and made a \$150,000 payment to the plaintiff for release of all claims and charged this expense to general and administrative expenses. Accordingly, the Court in the Central dismissed the case with prejudice on July 2, 2012.

Future events or circumstances, currently unknown to management, will determine whether the resolution of pending or threatened litigation or claims will ultimately have a material effect on our consolidated financial position, liquidity or results of operations in any future reporting periods.

#### **Restructuring Costs**

On November 16, 2011, management announced a restructure plan consolidating operations. Restructuring costs include the employee relocation expenses, severance costs of terminated employees, the costs of contractual termination benefits and future service required payments, and exit costs of office closures. Employee relocation expenses and severance costs are expensed as incurred and classified as acquisition and restructuring costs. Accrued restructuring expenses were approximately \$534,788 and \$195,202 at June 30, 2012, and December 31, 2011, respectively. The severance cost of payments requiring future service was measured at June 30, 2012 and December 31, 2011 totaling approximately \$345,000 and \$550,000, respectively, and will be amortized over the expected service period during 2012.

#### Note 10—Convertible Preferred Stock

On June 30, 2008, we entered into a transaction with Mexicans & Americans Thinking Together Foundation, Inc. ("the Organization") terminating the Corporate Sponsorship and Management Services Agreement (the "CSMSA"). In consideration for the Transaction, we issued the Organization 25,000 shares of Series A Preferred Stock, par value \$0.001, (the "Original Series A"). Dividends on the Original Series A accrued from the date of issuance at the rate per annum of 4.46% on the Stated Value (\$100 per share) and were cumulative. Accrued dividends were \$169,455 and \$278,750 at December 31, 2011 and 2010, respectively. On May 12, 2011 the preferred stock was converted to 336,927 of common shares at the election of the Organization and dividend accrual terminated at the date of the conversion. On August 22, 2011, November 28, 2011, and January 18, 2012 \$100,000, \$50,000, and \$100,000 respectively, partial dividend payments were made to the Organization.

On September 20, 2011, the Company amended the rights and preferences of the Original Series A ("Series A"). The Company sold 1,000,000 shares of new Series A convertible preferred for \$5,000,000 to Harvest Small Cap Partners Master, LTD and Harvest Small Cap Partners, LP, (collectively "Harvest'). The new Series A were convertible at a conversion price per share based on the following: the lower of (i) \$3.5785 or (ii), if the Merger of the Company and myYearbook closes, the lower of (A) 85% of the closing price of the Company's common stock on the closing date of the Merger or (B) 85% of the volume weighted average price during the 20 trading days ending with the date of the closing of the Merger. On November 10, 2011, Harvest converted the Series A into 1,479,949 shares of the Company's common stock, at a purchase price per share of approximately \$3.38.

In connection with the closing of the Merger, the Company sold 1,000,000 shares of Series A-1 Preferred Stock ("Series A-1") to MATT Inc. for \$5,000,000. MATT Inc. was an existing shareholder of the Company. The Series A-1 shares are convertible, at MATT Inc.'s option, into 1,479,949 shares of the Company's common stock, at a purchase price per share of approximately \$3.38, and have voting rights on as converted basis.

#### Note 11—Common Stock

The Company issued 227,494 shares of common stock in connection with the exercises of stock options for the proceeds of approximately \$412,614 during the six months ended June 30, 2012 (see Note 12). On March 2, 2011, the Company issued 348,723 common shares to former owners of XtFts in connection with the acquisition of all of the outstanding equity interests of XtFt (see Note 2). The Company issued 336,927 shares of common stock in connection with the conversion of preferred stock on May 12, 2011 (see Note 10).

## Note 12—Stock-Based Compensation

The fair values of share-based payments are estimated on the date of grant using the Black-Scholes option pricing model, based on weighted average assumptions. Expected volatility is based on historical volatility of our common stock. The risk-free rate is based on the U.S. Treasury yield curve in effect over the expected term at the time of grant. Compensation expense is recognized on a straight-line basis over the requisite service period of the award. During 2012 and 2011, we continued to use the simplified method to determine the expected option term since our stock option exercise experience does not provide a reasonable basis upon which to estimate the expected option term.

The assumptions used in calculating the fair value of stock-based awards represent our best estimates, but these estimates involve inherent uncertainties and the application of management judgment. As a result, if factors change

and we use different assumptions, our stock-based compensation expense could be materially different in the future.

Stock based compensation expense for the six months ended June 30, 2012 and 2011 includes incremental share-based compensation expense as follows:

		For the six months ended				
	J	une 30, 2012	June 30, 2011			
Sales and marketing	\$	161,263	\$	270,685

Total stock-based compensation for						
discontinued operations	\$	151,506	\$	286,930		

Condensed Notes to Consolidated Financial Statements for the six months ended June 30, 2012 (Unaudited)

We recognized stock-based compensation expense for the vesting of options of \$2,030,094 and \$1,864,844 for the six months ended June 30, 2012 and 2011, respectively. As of June 30, 2012, there was approximately \$10.3 million of total unrecognized compensation cost, which is expected to be recognized over a period of approximately three years.

## Stock Option Plans

#### 2012 Omnibus Incentive Plan

On June 1, 2012, the stockholders approved the 2012 Omnibus Incentive Plan (the "2012 Plan"), providing for the issuance of up to 5,700,000 shares of common stock, including approximately 2,100,000 shares previously approved by the Company shareholders under our Amended and Restated 2006 Stock Incentive Plan (the "2006 Stock Plan"), less one share of common stock for every one share of common stock that was subject an option or other award granted after December 31, 2011 under the 2006 Stock Plan, plus an additional number of shares of common stock equal to the number of shares previously granted under the 2006 Stock Plan that either terminate, expire, or are forfeited after the December 31, 2011.

A summary of stock option activity under the 2012 Plan during the six months ended June 30, 2012 is as follows:

	Number of Stock	Weighted- Average Exercise	Average Remaining Contractual	Aggregate Intrinsic
Options	Options	Price	Life	Value
Outstanding at December 31, 2011	-	\$-

#### 2006 Stock Incentive Plan

On June 27, 2007, the stockholders approved the 2006 Stock Plan, providing for the issuance of up to 3,700,000 shares of common stock plus an additional number of shares of common stock equal to the number of shares

previously granted under the 1998 Stock Option Plan that either terminate, expire, or lapse after the date of the Board of Directors' approval of the 2006 Plan.

In 2008, our Board of Directors and stockholders approved an amendment to the 2006 Plan to authorize the issuance of an additional 2,000,000 shares of common stock. In November 2009, our Board of Directors approved an amendment to the 2006 Plan to authorize the issuance of an additional 2,000,000 shares of common stock. On June 4, 2010, our stockholders ratified this amendment to the 2006 Plan. In June 2011 and November 2011, our Board of Directors and stockholders approved amendments to the 2006 Plan to authorize the issuances of 4,000,000 additional shares of common stock. As of June 30, 2012, there were approximately 2,100,000 shares of common stock available for grant under the 2006 Plan. Pursuant to the terms of the 2006 Plan, eligible individuals may be granted incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, or stock grant awards.

# Non-Plan Options

The Board of Directors has approved and our stockholders have ratified the issuance of stock options outside of our stock incentive plans. A summary of Non-Plan option activity during the six months ended June 30, 2012 is as follows:

		Average					
	Number of	Weighted-	Remaining	Aggregate			
	Stock	Average	Contractual	Intrinsic			
Options	Options	<b>Exercise Price</b>	Life	Value			
Outstanding at December 31, 2011	443,038	\$ 1.34

Outstanding at June 30, 2012	443,038	\$ 1.34	7.4	\$ 447,468			
Exercisable at June 30, 2012	443,038	\$ 1.34	7.4	\$ 447,468			

On July 8, 2009, our Board of Directors authorized an option exchange of 5,751,937 existing stock options to a new exercise price of \$1.00 per share in order to provide incentive for certain key employees. Some of the exchanged options were granted to our named executive officers including: 2,268,466 to John Abbott, the Chief Executive Officer, 1,826,971 to Michael Matte, the Chief Financial Officer and 732,500 to Louis Bardov, the Chief Technology Officer.

#### Note 13—Warrants

In March 2006, we issued warrants to purchase 200,000 shares of common stock at an exercise price of \$3.55 per share as compensation to our then Chief Executive Officer. These warrants were still outstanding on December 31, 2011 and expire in March 2016. During March 2006, we issued three series (Series 1, 2 and 3) of warrants to purchase 1,000,000 shares of common stock each at exercise prices of \$2.87, \$4.00, and \$7.00 as compensation for certain strategic initiatives, including acquiring the services of our then Chief Executive Officer. The Series 1 warrant was exercised in 2006. Of the remaining warrants 50% (1,000,000) were owned by RSI. On January 25, 2008, the Company and RSI entered into a Note Purchase Agreement (the "RSI Agreement"). Pursuant to the terms of the RSI Agreement the exercise price of RSI's outstanding warrants were reduced to \$2.75 per share. The warrant re-pricing resulted in a discount on the Note Payable of \$263,690, to be amortized over the life of the note, see Note 7. The Series 2 and Series 3 warrants were outstanding at June 30, 2012 and expire in March 2016. The fair value of the warrant re-pricing was determined by comparing the fair value of the modified warrant with the fair value of the unmodified warrant on the modification date and recording any excess as a discount on the note

On February 19, 2010, we reduced the exercise price of the remaining 1,000,000 outstanding warrants to \$3.55 per share. The Series 2 and Series 3 warrants were outstanding at June 30, 2012 and expire in March 2016. The fair value of the warrant re-pricing was determined by comparing the fair value of the modified warrant with the fair value of the unmodified warrant on the modification date. The fair value of the modified warrants was calculated using the Black-Scholes option-pricing model with the following assumptions:

Risk-free interest rate:	3 24	%

Edgar Filing: MeetMe, Inc. - Form 10-Q

Expected term: (in years)	(	6.08
Expected dividend yield:	_	
Expected volatility:	105.68	%

In October 2006, we issued two series of warrants to purchase 1,000,000 shares of common stock each at exercise prices of \$12.50 and \$15.00 per share to MATT Inc. in connection with the issuance of common stock. On January 25, 2008, we entered into a Note Purchase Agreement (the "MATT Agreement") with MATT Inc. Pursuant to the terms of the MATT Agreement the exercise price of MATT Inc.'s outstanding warrants were reduced to \$2.75 per share. The warrant re-pricing resulted in a discount on the Note Payable of \$1,341,692, to be amortized over the life of the note, (see Note 8). These warrants expire in October 2016 and were outstanding as of June 30, 2012. The fair value of the warrant re-pricing was determined by comparing the fair value of the modified warrant with the fair value of the unmodified warrant on the modification date and recording any excess as a discount on the note.

In September 2010, we granted warrants to purchase 265,000 shares of common stock at an exercise price of \$4.50 per share as compensation to a consultant. These warrants were subject to vesting based on performance standards detailed in the agreement. Warrants to purchase 165,000 shares vested and the remaining 100,000 expired. During the year ended December 31, 2011 warrants to purchase 165,000 shares were exercised. No warrants to purchase shares were outstanding and exercisable on June 30, 2012.

The fair value of these warrants of \$178,903 was determined using the Black-Scholes option-pricing model with the assumptions listed below and recognized in general and administrative expenses on the accompanying statements of operations for 2011.

Risk-free interest rate:	0.87	%
Expected term: (in years)	3.0	
Expected dividend yield:	_	
Expected volatility:	79.02	%

A summary of warrant activity for the six months ended June 30, 2012 is as follows:

## Note 14—Related Party Transactions

Alonso Ancira serves on our Board of Directors as a non-employee director. Mr. Ancira also serves on the Board of Directors of the Organization, is the Chairman of the Board of Directors of MATT Inc., a principal shareholder and is the Chairman of the Board of Directors of AHMSA, which owns MATT Inc. We have participated in several significant transactions with MATT Inc., the Organization and AHMSA, Note 8 – Notes and Loans Payable, Note 10 – Convertible Preferred Stock, and Note 13 – Warrants. These relationships do not qualify as related parties for accounting purposes under GAAP.

We earned approximately \$0 and \$2 million of DSM revenue and \$0 and \$70,000 of website development revenue for the six months ended June 30, 2012 and 2011, respectively, from AHMSA. We earned \$6 million and \$0 of Social Theater revenue for the six months ended June 30, 2012 and 2011, respectively, from MATT Inc. At June 30, 2012 and December 31, 2011, approximately \$7.9 million and \$2 million respectively of our combined accounts receivable were from AHMSA and MATT Inc.

#### Note 15—Subsequent Events

On July 14, 2012, Quepasa Games S/S Ltda was renamed MeetMe Online Brasil S/S Ltda and will focus on advertising sales in the new San Paolo, Brazil office.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion in conjunction with our audited historical consolidated financial statements. Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed elsewhere in "Risk Factors," located at Part II, Item 1A of this report and in our Form 10-K for the year ended December 31, 2011.

## Company Overview

MeetMe, Inc. is social media technology company which owns and operates Meetme.com, previously known as myYearbook.com, and Quepasa.com, which is transitioning to Meetme.com in the fourth quarter of 2012. Our mission is to be the best place to meet new people on the web. We develop mobile and web platforms to make meeting new people fun through social games and apps. Our social graph is not the people you know but the people you want to know. We believe the ubiquity of the smart phone and emergence of social networks will fundamentally transform how people discover one another and make relationships in a mobile-first world.

# Highlights for 2012 included:

- As of June 30, 2012 registered users increased to 84.6 million, up from 81.5 million reported at the end of the first quarter of 2012.
- Page views totaled 9.8 billion in the second quarter of 2012, sequentially up from 9.6 billion reported in the first quarter of 2012, and up from the 583 million page views in the same period of 2011.
- Visits totaled 338.2 million in the second quarter 2012, sequentially up from the 336.9 million reported in the first quarter of 2012, and up from the 48.4 million visits in the same period of 2011.
  - The Company announced its rebrand to Meetme.com. The Company announced the closure of its games operations on June 27, 2012.

# Trends in Our Metrics

We measure site application activity in terms of monthly active users (MAUs), daily active users (DAUs), visits and page views. We define an MAU as a registered user of one of our platforms who logged in and visited our websites or mobile applications within the last month of measurement. We define a mobile MAU as a user who accesses our sites by a mobile app or by mobile-optimized versions of our website, whether on a mobile phone or tablet such as the iPad during the period of measurement. We define a DAU as a registered user of one of our platforms who logged in and visited our websites or mobile applications within the last day of measurement. We define a mobile DAU as a user who accesses our sites by a mobile app or by mobile-optimized versions of our website, whether on a mobile phone or tablet such as the iPad during the period of measurement. A visit represents the number of times that a user came to the site for a distinct session over the measurement period. A page view is a page that a user views during a visit. In the quarter ending June 30, 2012, we averaged 1.67 million mobile MAUs and 4 million total MAUs, as compared to 2.8 million total MAUs at June 30, 2011, a net increase of 1.3 million MAUs, or 45%, attributable to the addition of the MeetMe platform. The increase includes 3.2 million total MAUs on the MeetMe platform and a net decrease of 1.9 million total MAUs on the Quepasa platform. The Quepasa platform users will be transitioned to the MeetMe platform during the second half of this year as international expansion. For the six months ended June 30, 2012 and 2011 there were no mobile applications or related users for Quepasa.com. Improving our mobile products and increasing mobile usage are key priorities that we believe are critical to help us maintain and grow our user base and engagement over the long term. We expect global consumers will continue to increase the amount of time they spend and the information they share and consume through mobile devices.

We currently display ads to users who access our site via mobile apps, and we also offer them virtual currency. We believe that people around the world will continue to increase their use of mobile devices, and that some of this mobile usage has been and may continue to be a substitute for use through personal computers. Currently approximately 60% of MeetMe daily active users access the site on mobile devices.

# Factors Affecting Our Performance

Growth trends in MAUs and mobile MAUs are critical variables that affect our revenue and financial results by influencing the number of advertisements we are able to show, the value of those ads, the volume of payments transactions, as well as our expenses and capital expenditures.

In addition, changes in user engagement patterns also affect our revenue and financial performance. We believe that overall engagement as measured by the percentage of users who create content (such as wall posts, messages, or photos) or generate feedback has remained stable or increased as our user base has grown. Moreover, the average amount of content and feedback created by each user has continued to increase over time.

Our revenue trends are also affected by advertisement inventory management changes affecting the number, size, or prominence of advertisements we display. We make ongoing product changes intended to enhance the user experience. In 2012, we continue to make significant investments in our technical infrastructure to ensure that our growing user base can access the site rapidly and reliably.

Our employee headcount continues to increase and we expect this growth to continue for the foreseeable future. We have also made and intend to make our primary objective to hire additional software engineers, product designers, and other personnel with certain technology expertise.

## Concentration of Credit Risk

During the six months ended June 30, 2012, customers (1) and (2) comprised 25.6% and 25.2% of total revenues, respectively. For the six months ended June 30, 2011 customer (1) comprised 93% total revenues. Six customers comprised 70% and 47% of total accounts receivable as of June 30, 2012 and December 31, 2011, respectively.

## Critical Accounting Policies, Judgments and Estimates

Our discussion and analysis of our financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with Generally Accepted Accounting Principles ("GAAP"). The consolidated financial statements include our accounts and the accounts of our wholly-owned subsidiaries, Quepasa.com de Mexico, Quepasa Serviços em Solucoes de Publicidade E Tecnologia Ltda (inactive), Quepasa Games S/S Ltda (from March 2, 2011), and Insider Guides, Inc. (formerly known as IG Acquisition Company from November 10, 2011). On June 30, the Company discontinued its game development and hosting operations. Accordingly games operations have been classified as discontinued operations for all periods presented. All intercompany accounts and transactions have been eliminated in consolidation. The preparation of these consolidated financial statements requires us to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Most significant estimates in the accompanying consolidated financial statements include the allowance on accounts receivable, valuation of notes receivable, valuation of deferred tax assets, valuation of equity instruments granted for services, valuation of assets acquired and liabilities assumed in business combinations, evaluating goodwill and long-lived assets for impairment and the measurement and accrual of restructuring costs. We base our estimates on historical experience and on various other assumptions that we believe are reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

An accounting policy is considered to be critical if it requires an accounting estimate to be made based on assumptions about matters that are highly uncertain at the time the estimate is made, and if different estimates that reasonably could have been used, or changes in the accounting estimate that are reasonably likely to occur, could materially impact the consolidated financial statements. We believe that the following critical accounting policies reflect the more significant estimates and assumptions used in the preparation of the consolidated financial statements.

Management has discussed the development and selection of these critical accounting estimates with the Audit Committee of our Board. In addition, there are other items within our consolidated financial statements that require

estimation, but are not deemed critical as defined above. Changes in estimates used in these and other items could have a material impact on our consolidated financial statements.

## Accounts Receivable Allowances

We maintain an allowance for potential credit losses based on historical experience and other information available to management. The fees associated with display advertising are often based on "impressions," which are created when the ad is viewed. The amount of impressions often differs between tracking systems, resulting in discounts on some payments. We maintain an allowance for potential discounts based on historical experience and other information available to management.

#### Goodwill

Goodwill is subject to impairment tests on an annual basis or more frequently if facts and circumstances warrant such a review. Goodwill is evaluated using specific methods, including potentially, a discounted cash flows method to determine the fair value of a reporting unit and comparison of the carrying value of goodwill to its implied fair value. The analysis necessarily involves significant management judgment to evaluate the capacity of an acquired business to perform within projections. If the carrying amount of a reporting unit exceeds its fair value, determined by conducting a valuation, then the goodwill impairment test is performed to measure the amount of the impairment loss, if any. Management performs a qualitative assessment of goodwill to determine if it is more likely than not that the fair value of a reporting unit is less than its carrying value including goodwill. In the event facts and circumstances indicate the carrying value of goodwill is impaired, the goodwill carrying value will be reduced to its implied fair value through a charge to operating expenses.

## Contingencies

We accrue for contingent obligations, including legal costs and restructuring costs, when the obligation is probable and the amount can be reasonably estimated. As facts concerning contingencies become known we reassess our position and make appropriate adjustments to the financial statements. Estimates that are particularly sensitive to future changes include those related to tax, legal, and other regulatory matters that are subject to change as events evolve and additional information becomes available.

#### Income Taxes

We use the asset and liability method to account for income taxes. Under this method, deferred income taxes are determined based on the differences between the tax basis of assets and liabilities and their reported amounts in the consolidated financial statements which will result in taxable or deductible amounts in future years and are measured using the currently enacted tax rates and laws. A valuation allowance is provided to reduce net deferred tax assets to the amount that, based on available evidence, is more likely than not to be realized.

#### Revenue Sources and Recognition

Our revenue is generated from two principal sources: revenue earned from the sale of advertising on our websites, virtual currency products.

Advertising Revenue: Advertising and custom sponsorship revenues consist primarily of advertising fees earned from the display of advertisements and click-throughs on text based links on our websites. Revenue from online advertising is recognized as impressions are delivered. An impression is delivered when an advertisement appears on pages viewed by members of the Company's websites. Revenue from the display of click-throughs on text based links is recognized as click-throughs occur. Consistent with GAAP, we recognize advertising revenue from customers that are advertising networks on a net basis, while advertising revenues earned directly from advertisers are recognized on a gross basis. Sponsorship revenue is recognized over the time period in which the sponsorship on the website occurs. Approximately 59% and 5% of our revenue came from advertising during the six months ended June 30, 2012 and 2011, respectively.

Virtual Currency: Revenue is earned from virtual currency monetization products sold to our website users. These products include Lunch Money, Credits on MeetMe, and "VIP" subscriptions. Revenue is recognized as the products are consumed. The Company also earns revenue from advertisement products from currency engagement actions (i.e. sponsored engagement advertisements) by users on all of our platforms, including cost-per-action (CPA) currency incented promotions and sales on our proprietary cross-platform currency monetization product, "Social Theater".

When a user performs an action, the user earns virtual currency and the Company earns product revenue from the advertiser. The Company controls and develops the Social Theater product and CPA promotions and acts as a principal in these transactions and recognizes the related revenue on a gross basis when collections are reasonably assured and upon delivery of the virtual currency to the users' account. Effective November 2011 with the Merger of myYearbook, the DSM product became a part of Social Theater, a cross platform, virtual currency product. Approximately 41% of our revenue came from virtual currency revenues during the six months ended June 30, 2012. Approximately 90% of our revenue came from Social Theater (formerly DSM) campaigns during the six months ended June 30, 2011.

#### **Operating Expenses**

Our principal operating expenses are divided into the following categories:

Sales and Marketing Expenses: Our sales and marketing expenses consist primarily of salaries, benefits, and share-based compensation for our employees engaged in sales, sales support, and marketing.

Product Development and Content Expenses: Our product development and content expenses including costs incurred in the classification and organization of listings within our websites, including salaries, benefits, and share-based compensation for our employees, utility charges, occupancy and support for our offsite technology infrastructure, bandwith and content delivery fees, and internet game development and maintenance costs, are charged to expense as incurred.

General and Administrative Expenses: Our general and administrative expenses consist primarily of salaries, benefits, and share-based compensation for our executives as well as our finance, legal, human resources, and other administrative employees. In addition our general and administrative expenses include outside consulting, legal and accounting services, and facilities and other supporting overhead costs.

Depreciation and Amortization Expenses: Our depreciation and amortization are non-cash expenses which have consisted primarily of depreciation and amortization related to our property and equipment, and intangible assets. Currently the majority of our depreciation and amortization expense is attributable to tangible and intangible assets associated with the acquisitions of myYearbook and Quepasa Games.

Acquisition and Restructuring Costs: Acquisition and restructuring costs, include costs incurred related to the business acquisitions made by the Company and costs incurred in conjunction with the restructuring of the Company's business processes. Acquisition costs include the fees for broker commissions, investment banking, legal, accounting and other professional services, proxy, printing and filing costs, and travel costs incurred by the Company during the acquisition process. Restructuring costs include employee termination and relocation costs recorded as incurred, and exit costs for the office closures.

Other Income (Expense): Other income (expense) consists primarily of interest earned, interest expense and earned grant income. We have invested our cash in AAA rated, fully liquid instruments. Interest income relates to our Notes Receivable discussed in Note 4 of our Consolidated Financial Statements and our cash balances. Interest expense relates to our Loan and Notes Payable discussed in Note 8 of our Consolidated Financial Statements. Earned grant income represents the amortized portion of a cash grant received from the Mexican government for approved capital expenditures. The grant is being recognized on a straight-line basis over the useful lives of the purchased assets.

## Discontinued Operations from Quepasa Games

Game revenue is recognized when persuasive evidence of an arrangement exists, the sales price is fixed or determinable, collectability is reasonable assured, and the service has been rendered. For the purpose of determining when the service has been provided to the player, we determine an implied obligation exists to the paying player to continue displaying the purchased virtual items within the online game of a paying player over their estimated life. The virtual goods are categorized as either consumable or durable. Consumable goods represent goods that are consumed immediately by a specific player action and have no residual value. Revenue from consumable goods is recognized at the time of sale. Durable goods add to the player's game environment over the playing period. Durable items, that otherwise do not have a limitation on repeated use, are recorded as deferred revenue at time of sale and recognized as revenue ratably over the estimated average playing period of a paying player. For these items, the Company considers the average playing period that the paying players typically play the game, currently to be 18

months. If we do not have the ability to differentiate revenue attributable to durable virtual goods from the consumable virtual goods for the specific game, we recognize revenue on the sale of the virtual goods for the game ratably over the estimated average playing period that paying players typically play the game. Any adjustments arising from changes in the average playing period would be applied prospectively on the basis that such changes are caused by new information indicating a change in the game player behavior patterns. As the Company controlled the game process and acted as a principal in the transaction, revenue for internally developed games was recognized on a gross basis from sales proceeds reported by pay aggregators which are net of payment rejections, charge-backs and reversals.

Games expenses represent the direct expenses for hosting, marketing, site fees, reporting and foreign taxes. Games product development and content expenses include salaries, benefits, and share-based compensation for our employees, utility charges, and production office costs, are charged to discontinuing operations as incurred. Game exit costs include severance costs of terminated employees and exit costs of office closure expenses and are charged to discontinuing operations as incurred.

#### Revenues

Our revenues were approximately \$13.1 million for the three months ended June 30, 2012, an increase of \$11.4 million or 706% compared to \$1.6 million for the same period in 2011. The increase in revenues for the three months ended June 30, 2012 is primarily the result of increases of approximately \$6.2 million and \$646,000, respectively, in web and mobile advertising, and \$4.6 million in virtual currency products revenues primarily due to the MeetMe platform acquired in November 2011. The revenues increased approximately \$2.7 million for the quarter ended June 30, 2012 as compared to the quarter ended March 31, 2012. The sequential quarter increase is primarily the result of increases of approximately \$2.5 million in virtual currency products revenues and \$139,000 in web and mobile advertising revenues. We earned \$4 million of social theater revenue for the three months ended June 30, 2012 from the Company's principal shareholder, MATT Inc. We earned approximately \$1.4 million of DSM revenue and \$50,000 of website development revenue for the three months ended June 30, 2011 from AHMSA, which owns MATT, Inc. We do not expect that either MATT Inc. or AHMSA will run any Social Theater campaigns for the

quarter ending September 30, 2012.

#### **Operating Costs and Expenses**

Sales and Marketing: Sales and marketing expenses increased approximately \$1.4 million to \$1.7 million for the three months ended June 30, 2012 from \$280,000 in 2011. The increases are primarily attributable to approximately \$854,000 in sales and marketing salaries, sales commissions, related expenses and stock compensation costs, \$319,000 marketing costs, and \$185,000 of travel costs and office rent. For the three months ended June 30, 2012, the Company had 23 person full-time sales and sales support staff located primarily in the New York and New Hope offices, an increase of 21 staff primarily from the November 2011 Merger.

Product Development and Content: Product development and content expenses increased approximately \$6.8 million to \$8.2 million, for the three months ended June 30, 2012 from \$1.4 million in 2011. Increased salary, bonuses, related expenses and stock compensation of approximately \$2.9 million accounted for 42% of the increase. In addition, we incurred an increase of approximately \$2.2 million of third party content and delivery costs and \$1.7 million of additional data center cost, website support, production office costs accounted for 58% of the total increase. These increases are primarily attributable to the acquisition of myYearbook which brought an additional website, developers, and an expanded data center and production office. For the six months ended June 30, 2012, the Company had 92 person full-time and 8 part-time development staff located primarily in the New Hope office, an increase of 88 staff primarily from the November 2011 Merger.

General and Administrative: General and administrative expenses increased approximately \$1.4 million to \$2.4 million from the three months ended June 30, 2012 from \$944,000 for the same period in 2011. The increases are primarily attributable to approximately \$548,000 in salaries, related expenses and stock compensation costs, \$100,000 insurance costs, \$102,000 of travel costs, \$77,000 professional fees, \$150,000 litigation settlement, \$264,000 office rent, utilities and administrative costs, and \$159,000 increase in uncollectable receivables. For the three months ended June 30, 2012, the Company had a 13 person full-time executive and corporate staff located primarily in the New Hope and West Palm Beach offices, an increase of 8 staff primarily from the November 2011 Merger.

Stock Based Compensation: Stock based compensation expense from continuing operations, included in the operating expense categories discussed above, increased \$320,768 to \$1,068,505 for the three months ended June 30, 2012 from \$747,737 in 2011. Stock based compensation expense for discontinued operations, included in the loss from discontinued operations category, decreased by \$291,345 for the three months ended June 30, 2012 from 2011 due to reversal of unvested stock compensation for terminated employees. Stock based compensation expense represented 7% and 26% of operating expenses for the three months ended June 30, 2012 and 2011, respectively.

Depreciation and amortization expense: Depreciation and amortization expense for the three months ended June 30, 2012 increased by approximately \$872,000. The increase is due to the depreciation and amortization of tangible and intangible assets associated with the acquisition of myYearbook in November 2011.

Acquisition and Restructuring Costs: For the three months ended June 30, 2012 restructurings costs were \$247,877 and include the accrual of employee exit costs and employee relocation costs. No acquisition costs were incurred during the three months ended June 30, 2012. The Company incurred approximately \$69,166 of legal and professional fees and travel costs during the acquisition of myYearbook and Quepasa Games during the three months ended June 30, 2011. No restructuring costs were incurred during the three months ended June 30, 2011.

Games Revenues for the three months ended June 30, 2012 increased approximately \$212,000 to \$433,000 from \$221,000 in 2011. For the three months ended June 30, 2012 games expenses of approximately \$496,000 increased \$214,000 from \$282,000 in 2011. The games revenues and related games expenses for 2011 represented operations for less than two full months whereas the 2012 games expenses reflect 3 months of operation. The Wonderful City Rio and Amazon Alive games were launched in April of 2011 and May 2012, respectively. Games product development and content expenses decreased approximately \$217, 000 to \$350,000 in the three months ended June 30, 2012 from \$567,000 in 2011. The decrease in product development and content expense is due to reimbursements of specific production costs by a third party developer for the Amazon Alive Game. Game exit costs of approximately \$431,000 include severance costs of terminated employees and exit costs of office closure expenses. An impairment loss of goodwill of approximately \$2.3 million was recorded at June 30, 2012 in conjunction with the decision to discontinue the Quepasa Games development business.

#### Revenues

Our revenues were approximately \$23.5 million, for the six months ended June 30, 2012, an increase of \$19.6 million or 507% compared to \$3.9 million for the same period in 2011. The increase in revenues for the six months ended June 30, 2012 is primarily the result of increases of approximately \$12 million and \$1.2 million, respectively, in web and mobile advertising and \$6 million in virtual currency products revenues primarily due from the MeetMe platform. We earned \$6 million of social theater revenue for the six months ended June 30, 2012 from the Company's principal shareholder, MATT Inc. We earned approximately \$3.5 million of social theater revenue, formerly known as DSM, and \$120,000 of website development revenue for the six months ended June 30, 2011 from AHMSA, which owns MATT, Inc. We do not expect that either MATT Inc. or AHMSA will run any Social Theater campaigns for the quarter ending September 30, 2012.

## **Operating Costs and Expenses**

Sales and Marketing: Sales and marketing expenses increased approximately \$2.8 million to \$3.4 million for the six months ended June 30, 2012 from \$628,000 in 2011. The increases are primarily attributable to approximately \$1.6 million in sales and market salaries, sales commissions, related expenses and stock compensation costs, \$846,000 marketing costs, and \$315,000 of travel costs and office rent. For the six months ended June 30, 2012, the Company had 26 person full-time sales and sales support staff located primarily in the New York and New Hope offices, an

increase of 23 staff primarily from the November 2011 Merger.

Product Development and Content: Product development and content expenses increased approximately \$11.7 million, to \$14.7 million, for the six months ended June 30, 2012 from \$3.1 million in 2011. Increased salary, bonuses, related expenses, and stock compensation of approximately \$5.4 million accounted for 46% of the total increase. Approximately \$2.9 million of increased third party content and delivery costs and \$3.4 million of additional data center cost, website support, production office costs accounted for 54% of the total increase. These increases are primarily attributable to the acquisition of myYearbook which brought an additional website, developers, and an expanded data center and production office. For the six months ended June 30, 2012, the Company had 92 person full-time and 8 part-time development staff located primarily in the New Hope office, an increase of 88 staff primarily from the November 2011 Merger.

General and Administrative: General and administrative expenses increased \$2.5 million, to \$4.3 million from the six months ended June 30, 2012 from \$1.8 million for the same period in 2011. The total increase is primarily attributable to increases of approximately \$1.2 million in salaries, related expenses and stock compensation costs, \$236,000 of insurance costs, \$206,000 of travel costs, \$116,000 of professional fees, \$150,000 of litigation settlement, \$421,000 of office rent, utilities and administrative costs, and \$171,000 increase in uncollectable receivables. For the six months ended June 30, 2012, the Company had a 13 person full-time executive and corporate staff located primarily in the New Hope and West Palm Beach offices, an increase of 8 staff primarily from the November 2011 Merger.

Stock Based Compensation: Stock based compensation expense for continuing operations, included in the operating expense categories discussed above, increased approximately \$328,000 to \$1.9 million for the six months ended June 30, 2012 from \$1.6 million in 2011. Stock based compensation expense for discontinued operations, included in the loss from discontinued operations category, decreased by approximately \$135,000 for the six months ended June 30, 2012 from 2011 for terminated employees. Stock based compensation expense represented 7% and 25% of operating expenses for the six months ended June 30, 2012 and 2011, respectively. As of June 30, 2012, there was \$10.3 million of total unrecognized compensation cost, which is expected to be recognized over a period of approximately three years.

Games Revenues for the six months ended June 30, 2012 increased approximately \$619,000 to \$840,000 from \$221,000 in 2011. For the six months ended June 30, 2012 games expenses of approximately \$1 million increased \$770,000 from \$262,000 in 2011. The games revenues and related games expenses for 2011 represented operations for less than two full months whereas the 2012 games expenses reflect 6 months of operation. The Wonderful City Rio and Amazon Alive games were launched in April of 2011 and May 2012, respectively. Games product development and content expenses decreased approximately \$182,000 to \$553,000 in the six months ended June 30, 2012 from \$736,000 in 2011. The decrease is product development and content expense is due to reimbursements of specific production costs by a third party developer for the Amazon Alive game. Games exit costs of approximately \$431,000 include severance costs of terminated employees and exit costs of office closure expenses. An impairment loss of goodwill of approximately \$2.3 million was recorded at June 30, 2012 in conjunction with the decision to discontinue the Quepasa Games development business.

# Liquidity and Capital Resources

	For the six months ended			
	June 30,			
	2012	2011		
Net cash provided (used) by operating activities	(906,743)	(3,152,559)		
Net cash used in investing activities	(403,020 )	(674,401)		
Net cash provided (used) by financing activities	(1,066,337)	1,470,739		
	(2,376,100)	(2,356,221)		

Net cash used in operations was approximately \$907,000 for the six months ended June 30, 2012 compared to cash used by operations of \$3.2 million for the same time in 2011. For the six months ended June 30, 2012, net cash used in continuing operations consisted primarily of a net loss from continuing operations of approximately \$2 million offset by non-cash expenses of approximately \$1.9 million of depreciation and amortization expense, \$1.9 million related to stock based compensation for the vesting of stock options, \$145,000 in amortization of discounts on notes payable and debt issuance costs, \$216,300 net write off of trade receivables and allowance adjustments. Additionally, changes in working capital impacted the net cash used in continuing operations. These changes included increases in accounts receivable of \$4.5 million offset by a net decrease in prepaid expenses, other current assets and other assets of \$182,000 and \$275,000 in restricted cash, increases in accounts payable and accrued expenses of \$2 million, and deferred revenues of \$155,000. Net cash used in discontinued operations of Quepasa Games consisted of a net loss

from discontinued operations of approximately \$3.7 million offset by noncash expenses of \$2.3 million loss on impairment of goodwill, \$152,000 related to stock based compensation for the vesting of stock options, \$48,000 loss on disposal of property and equipment, and \$16,310 of depreciation and amortization. Additionally, changes in working capital from discontinued operations of \$34,000 offset the net cash used for discontinued operations.

For the six months ended June 30, 2011, net cash used by continuing operations consisted primarily of a net loss of approximately \$2.6 million, offset by non-cash expenses of \$179,000 of depreciation and amortization expenses and \$1.4 million related to stock based compensation for the vesting of stock options and \$179,000 for vesting of warrants, and \$145,000 in amortization of discounts on notes payable and debt issuance costs. Additionally, changes in working capital impacted the net cash used in continuing operations. These changes included increases in accounts receivable of approximately \$1.7 million and in prepaid expenses, other current assets and other assets of \$147,000 offset by increases of \$335,000 in accounts payable and accrued expenses. Net cash used in discontinued operations of Quepasa Games consisted of a net loss from discontinued operations of approximately \$1.2 million offset by noncash expenses of \$287,000 related to stock based compensation for the vesting of stock options and \$176,000 of depreciation and amortization. Additionally, changes in working capital from discontinued operations of \$120,000 increased the net cash used for discontinued operations.

Net cash used in investing activities in the six months ended June 30, 2012 of approximately \$403,000 was primarily attributable to net payments made for capital expenditures of \$308,000 primarily for computer servers to increase capacity, improve performance, and provide redundant backup for content and \$125,000 for the purchase of intellectual properties, offset by \$31,000 of note receivable payments. The Company made non-cash acquisitions of approximately \$1.3 million of property and equipment through capital leases in the six months ended June 30, 2012. Net cash used in investing activities in the six months ended June 30, 2011 of approximately \$674,000 was primarily attributable to \$500,000 payment made related to the acquisition of Quepasa Games, capital expenditures of \$160,000 primarily for computer servers and we made a \$40,000 loan disbursement to Hollywood Creations offset by 26,000 of note receivable payments.

There was approximately \$1.1 million cash used by financing activities for the six months ended June 30, 2012, of which \$1.3 million was attributable to payments on long term debt and a \$100,000 dividend payment on preferred stock, and \$68,000 of payments on capital leases offset by \$413,000 from the exercise of stock options. Cash proceeds from the exercise of stock options were approximately \$1.5 million for the six months ended June 30, 2011.

Our cash balances are kept liquid to support our growing infrastructure needs for operational expansion. The majority of our cash is concentrated in two large financial institutions, Comerica and JP Morgan Chase.

MeetMe had a positive working capital of \$12,766,956 and \$13,338,860 at June 30, 2012 and December 31, 2011 respectively, which consisted primarily of trade receivables and cash. We have budgeted capital expenditures of \$2,542,500 for the remainder of 2012, which will allow us to continue to grow the business given our member growth, by increasing capacity, improving performance and providing redundant backup for content. The severance costs of payments, requiring future service were measured at June 30, 2012 totaling approximately \$175,000. The Company expects to incur approximately \$660,000 of cash expenditures related to the discontinuance of Quepasa Games operations for severances employee and employee costs, satisfaction of liabilities and exit costs of the office closure.

As of the date of the filing of this report, we have \$4 million in cash and \$13.9 million in accounts receivable. Management believes that we have sufficient working capital to operate beyond the next 12 months.

#### Non-GAAP – Financial Measures

The following discussion and analysis includes both financial measures in accordance with GAAP, as well as a non-GAAP financial measure. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position or cash flows that either excludes or includes amounts that are not normally included or excluded in the most directly comparable measure calculated and presented in accordance with GAAP. Non-GAAP financial measures should be viewed as supplemental to, and should not be considered as alternatives to net income, operating income, and cash flow from operating activities, liquidity or any other financial measures. They may not be indicative of the historical operating results of the Company nor is it intended to be predictive of potential future results. Investors should not consider non-GAAP financial measures in isolation or as substitutes for performance measures calculated in accordance with GAAP.

We believe that both management and shareholders benefit from referring to the following non-GAAP financial measure in planning, forecasting and analyzing future periods. Our management uses this Non-GAAP financial measure in evaluating its financial and operational decision making and as a means to evaluate period-to-period comparison. Our management uses and relies on the following non-GAAP financial measure:

Adjusted EBITDA from continuing operations – Our management believes Adjusted EBITDA from continuing operations is an important measure of our operating performance because it allows management, investors and analysts to evaluate and assess our core operating results from period to period after removing the impact of acquisition related costs, and other items of a non-operational nature that affect comparability. Our management recognizes that Adjusted EBITDA from continuing operations, like EBITDA from continuing operations, has inherent limitations because of the excluded items.

We have included a reconciliation of our non-GAAP financial measure to the most comparable financial measure calculated in accordance with GAAP. We believe that providing the non-GAAP financial measure, together with the reconciliation to GAAP, helps investors make comparisons between the Company and other companies. In making any comparisons to other companies, investors need to be aware that companies use different non-GAAP measures to evaluate their financial performance. Investors should pay close attention to the specific definition being used and to the reconciliation between such measure and the corresponding GAAP measure provided by each company under applicable SEC rules.

The Company defines Adjusted EBITDA from continuing operations as earnings (or loss) before interest expense, income taxes, depreciation and amortization, and amortization of non-cash stock-based compensation, non-recurring

acquisition and restructuring expenses and the goodwill impairment charges. The Company excludes stock-based compensation because it is non-cash in nature. The following table presents a reconciliation of Adjusted EBITDA from continuing operations to Net Income (loss) from continuing operations allocable to common shareholders, a GAAP financial measure:

Cautionary Note Regarding Forward Looking Statements

This report includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including statements regarding:

Liquidity; Capital Expenditures; Growth of our business; and Expectations regarding mobile usage.

All statements other than statements of historical facts contained in this report, including statements regarding our future financial position, liquidity, business strategy, plans and objectives of management for future operations, are forward-looking statements. The words "believe," "may," "estimate," "continue," "anticipate," "intend," "should," "plar "target," "potential," "is likely," "will," "expect" and similar expressions, as they relate to us, are intended to ident forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs.

Important factors that could cause actual results to differ from those in the forward-looking statements include the willingness of Quepasa.com users to change to the Meetme.com brand, users willingness to try new product offerrings, the effectiveness of our mobile software on smartphones and tablets, unexpected issues which could adversely affect usage on mobile devices and the willingness of our users to complete mobile offers or pay for virtual currency. Further information on our risk factors is contained in our filings with the SEC, including our Form 10-K for the year ended December 31, 2011. Any forward-looking statement made by us in this report speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

## Item 3. Quantitative and Qualitative Disclosures about Market Risk

There was no material changes in market risks during the three months ended June 30, 2012.

#### Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures.

With the participation of our Chief Executive Officer and Chief Financial Officer, we have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")), as of the end of the period covered by this report. Based upon such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were not effective (as of the end of the period covered by this report) due to the material weakness in internal controls over financial reporting noted below.

Through our acquisition of myYearbook in November of 2011, certain payment processes were adopted as part of the integration of the financial systems as it relates to employee expense reimbursement. A review of this process revealed that approximately 14 employees have Company issued credit cards. There was no procedure in place to ensure that (i) expense reports were being completed for all charges and (ii) the expense reports were being reviewed for valid business use and (iii) there was appropriate approval of the charges prior to the payment of the card balances by the Company. Failure to require and obtain accountability for expenditures could lead to misappropriation of the Company's funds.

#### Remediation of Material Weaknesses

We have designed an expense reporting system to provide accountability of the charges that are being made to the Company's credit cards through a new expense report preparation, review and approval process. We expect to implement this new system in the quarter ending September 30, 2012. Failure to follow this new process will result in the loss of card privileges.

Changes in Internal Controls Over Financial Reporting.

There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended June 30, 2012, other than those changes noted above required as remediation to the material weakness noted during the evaluation of controls as of the end of the period covered by this report, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The Company's management, including its Principal Executive Officer and its Principal Financial Officer, do not expect that the Company's disclosure controls will prevent or detect all errors and all fraud. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may

become inadequate because of changes in conditions or deterioration in the degree of compliance with associated policies or procedures. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

#### PART II. OTHER INFORMATION

# Item 1. Legal Proceedings

From time to time, we are party to certain legal proceedings that arise in the ordinary course and are incidental to our business. There are currently no such pending proceedings to which we are a party that our management believes will have a material adverse effect on the Company's consolidated financial position or results of operations. However, future events or circumstances, currently unknown to management, will determine whether the resolution of pending or threatened litigation or claims will ultimately have a material effect on our consolidated financial position, liquidity or results of operations in any future reporting periods. See Note 8 to the financial statements contained in this report for information on specific matters.

As previously reported in our Form 10-K for the year ended December 31, 2011, on September 8, 2011, the Company received a complaint filed with the Equal Employment Opportunity Commission ("EEOC") by a former employee alleging sexual discrimination by the Company. On July 6, 2012, the EEOC found the complaint unfounded and closed its file.

Additionally, on June 25, 2012, the Company entered into a Settlement Agreement with a former director who was also a paid consultant. In connection with the Settlement Agreement, the Company paid the former director \$150,000 for a release of all claims. Accordingly, the Court issued an Order to Dismiss With Prejudice. See our Form 10-K for the year ended December 31, 2011 for a further description of this legal proceeding.

Item 1A. Risk Factors

There have been no material changes to the risk factors disclosed in the Company's Form 10-K for the year ended December 31, 2011, during the period covered by this report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information

Not applicable.

Item 6. Exhibits

See Exhibit Index.
