PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS OF CYANOTECH CORPORATION

To Be Held Thursday, August 28, 2014

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of CYANOTECH CORPORATION (the “Company” or “Cyanotech”) of proxies to be voted at the 2014 Annual Meeting of Stockholders (the “Annual Meeting”) which will be held on Thursday, August 28, 2014 at 3:00 P.M., Hawaii Standard Time, at the Four Seasons Resort Hualalai, 72-100 Ka’upulehu Drive, Kailua-Kona, Hawaii, USA, 96740, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. On July 18, 2014, the Company distributed to stockholders of record a Meeting Notice Regarding the Availability of Proxy Materials for this meeting containing instructions on how to access via the internet (www.envisionreports.com/CYAN) this Proxy Statement, the Notice of Annual Meeting, the form of proxy and our Annual Report on Form 10-K for the fiscal year ended March 31, 2014, and our undertaking to also mail a full set of such proxy materials, together with a postage paid envelope for returning non-electronic proxy cards, to any stockholders who request paper copies at no cost to them.

The Company’s principal executive offices are located at 73-4460 Queen Kaahumanu Highway, Suite 102, Kailua-Kona, HI 96740.

VOTING RIGHTS AND SOLICITATION

The enclosed proxy is being solicited on behalf of the Board of Directors of Cyanotech for use at the Annual Meeting, so that your shares will count toward determination of the presence of a quorum and your shares can be voted at the meeting.

Who May Vote: The close of business on July 3, 2014 is the record date for stockholders entitled to notice of and to vote at the Annual Meeting. All holders of the Company’s Common Stock outstanding on the record date are entitled to vote at the Annual Meeting. Each stockholder has one vote for each share so held. At July 3, 2014, 5,488,038 shares of Common Stock, \$0.02 par value per share, were issued and outstanding. You may vote by submitting your proxy card by internet, telephone, mail or in person at the meeting, or you may attend the meeting and vote your shares in person by ballot.

Methods of Voting: All stockholders of record may vote by mail by completing, signing, dating and returning their proxy cards in the postage-paid envelope. If you sign, date and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors. Stockholders of record can instead vote by toll-free telephone or the internet website address listed on the proxy card; they may also vote by proxy card or by ballot if personally present at the meeting, but only the last vote before the polls close at the meeting will count. Stockholders who hold their shares through a broker, trustee or other nominee also can vote by telephone or internet as instructed by their bank, broker or other nominee; as “beneficial owners” they can also vote at the meeting if they present a separate “legal proxy” from the actual record holder and in that event only the final vote made in the name of the stockholder of record will count.

The presence in person or by proxy of the holders of record of a majority of the voting power of the outstanding shares entitled to vote constitutes a quorum. Directors are elected by a plurality of votes cast. For approval of all other matters to be voted on, when a quorum is present a matter is approved if the number of votes cast in favor of the action taken exceeds the number of votes cast in opposition to the action. Abstentions are counted only for purposes of determining whether a quorum is present.

Voting Shares Held by Brokers, Banks and Other Nominees: Votes will be counted by the inspectors of election appointed for the meeting, who will separately count “For” and “Withhold” and, with respect to any proposals other than the election of directors, “Against” votes, abstentions and broker non-votes. A “broker non-vote” occurs when a broker, trustee or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, trustee or other nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner, despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions.

Many of our stockholders may hold some or all of their shares through a broker, trustee or other nominee, rather than directly in their own name. As summarized below, there are distinctions between shares held of record and those owned beneficially.

Stockholders of Record — If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the “stockholder of record.” As the stockholder of record, you have the right to grant your voting proxy directly to us or to a third party and to vote by completing a proxy card by internet, by telephone or by mail, or to vote in person by ballot or by proxy at the Annual Meeting of Stockholders.

Beneficial Owners — If any or all of your shares are held of record in a brokerage account, by a trustee or by another nominee, you are considered, with respect to those shares, the “beneficial owner.” As the beneficial owner of those shares, you have the right by internet, telephone or mail to direct your broker, trustee or nominee how to vote, and you also are invited to attend the Annual Meeting of Stockholders in person. Because a beneficial owner is not the stockholder of record, however, you may not vote these shares in person at the Annual Meeting of Stockholders unless you obtain a “legal proxy” from the broker, trustee or other nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting of Stockholders.

For your vote to be counted, you must communicate your voting decisions by internet, telephone or mail to your broker, trustee or other nominee before the date of the stockholders meeting. Brokers, trustees and other nominees who do not receive instructions are entitled to vote those shares with respect to the ratification of the selection of our independent registered public accounting firm, but *not* with respect to election of directors and the vote related to the approval of the 2014 Independent Director Stock Option and Restricted Stock Grant Plan. If your shares are held by a broker, trustee, bank or other nominee, for your vote to be counted you will have to obtain a separate legal proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares or how to obtain an authorization from your broker allowing you to vote your shares at the Annual Meeting in person or by proxy. Abstentions and broker non-votes will be included *only* in determining the presence of a quorum at the Annual Meeting, but *will not be counted* as votes cast on any proposals to be voted upon.

Voting your shares is important to ensure that you have a say in the governance of your Company. Please review these proxy materials and if you are a beneficial owner, follow the voting instruction form you receive from your broker, bank or other nominee to vote your shares. We hope that you will exercise your rights and fully participate as a stockholder in our Company’s future. If you have any questions about this rule or the proxy process in general, please contact the broker, bank or other financial institution where you hold your shares. The SEC also has a website (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a stockholder. Additionally, you may contact Jolé Deal, Corporate Secretary, by telephone at 808-326-1353 or by email to jdeal@cyanotech.com.

Voting Shares by Proxy: Shares represented by proxies in the accompanying form which are properly executed and returned to Cyanotech by internet, by mail or by telephone will be voted at the Annual Meeting in accordance with the stockholder’s instructions contained on the proxy or herein. To submit your proxy by mail, mark your votes on the enclosed form of proxy, then follow the directions on the form of proxy. To submit your proxy using the internet or by telephone, see the instructions on the proxy form and have the proxy form available when you access the internet website or place your telephone call. In the absence of contrary voting instructions properly submitted, all shares represented by properly submitted proxies which have not been revoked will be voted:

- a) **FOR** the election of each of the directors as described herein under *Proposal ONE*;
- b) **FOR** the approval of the 2014 Independent Director Stock Option and Restricted Stock Grant Plan as described herein under *Proposal TWO*;
- c) **FOR** *Proposal THREE* to ratify the selection of Grant Thornton LLP as the Company's independent registered public accounting firm for Fiscal Year 2015.

Management does not know of any other matters to be presented at this Annual Meeting other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment.

The entire cost of soliciting the proxies will be borne by Cyanotech. Proxies will be solicited principally through the use of the mails, but, if deemed desirable, may be solicited personally or by telephone, e-mail, facsimile or letters from officers and regular Cyanotech employees who will receive no additional compensation. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the Company's Common Stock, and such persons may be reimbursed for their expenses.

Revoking Your Proxy: Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is exercised at the stockholder meeting. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 73-4460 Queen Kaahumanu Highway, Suite 102, Kailua-Kona, HI 96740, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting, notifying the Secretary of the Meeting of the revocation of the prior proxy, and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

IMPORTANT NOTICE

Regarding Availability of Proxy Materials

For the Annual Meeting to Be Held on August 28, 2014

As permitted by the SEC, the Company is making available its Notice of Annual Meeting, Proxy Statement and Annual Report for fiscal year ended March 31, 2014 at www.envisionreports.com/CYAN. If you received the Company's notice containing instructions on how to access these materials via the internet, you will not receive a printed copy of the proxy materials unless you request a copy by following the instructions contained in the notice which directs stockholders to that website, or to telephone toll-free 1-866-641-4276 or to email a request to investorvote@computershare.com.

Stockholders of Record. If your shares are registered in your own name, you may enroll to have future proxy materials delivered via e-mail or the internet by following the instructions at www.envisionreports.com/CYAN. You will need the control number on your proxy card to enroll.

Beneficial Stockholders. If your shares are not registered in your name, to enroll in the electronic delivery service, check the information provided to you by your bank or broker or contact your bank or broker for information on electronic delivery service.

Delivery of One Proxy Statement and Annual Report

To a Single Household to Reduce Duplicate Mailings

Each year in connection with the Annual Meeting of Stockholders, the Company is required to furnish to each stockholder of record a proxy statement and annual report and to arrange for a proxy statement, annual report and, if applicable, notice of internet availability of proxy materials to be furnished to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because many stockholders hold shares of

the Cyanotech Common Stock in multiple accounts, this process may result in duplicate mailings of proxy materials to stockholders who share the same address. Stockholders can avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single copy of proxy materials (other than proxy cards), you may also do so via the internet by going directly to www.envisionreports.com/CYAN and following the instructions therein.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single copy of proxy materials (other than proxy cards) if there are other stockholders who share an address with you. If you currently receive more than one copy of proxy materials at your household and would like to receive only one copy in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single copy of proxy materials but later decide that you would prefer to receive a separate copy of proxy materials for each account at your address, then please notify the Company or your nominee, as applicable, and the Company or your nominee will promptly deliver such additional proxy materials. If you wish to receive a separate copy of the proxy materials for each account at your address in the future, please call toll-free 1-866-641-4276 or send an email to investorvote@computershare.com.

PROPOSAL ONE

Election of Directors

Board Nominees

A board of five directors is to be elected at the meeting. Unless otherwise instructed, the proxy holders will vote the proxies received by them **FOR** the election of the five Board nominees named below, all five of whom are presently directors of the Company. Each nominee has consented to be named a nominee in this Proxy Statement and to continue to serve as a director if elected. If any nominee becomes unable or declines to serve as a director or if additional persons are nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees listed below as possible (or, if new nominees have been designated by the Board of Directors, in such a manner as to elect such nominees) and the specific nominees to be voted for will be determined by the proxy holders. The Company is not aware of any reason that any nominee will be unable or will decline to serve as a director. Each director elected at this Annual Meeting will serve until the next Annual Meeting or until such director's successor has been elected and qualified. Voting for the election of directors is non-cumulative. It is the Company's policy that all Board members attend each annual meeting of stockholders; last year all five Board members attended the Annual Meeting of Stockholders.

The following sets forth certain information on each of the nominees for election to serve as a director of the Company until the 2015 Annual Meeting of Stockholders including each director's background, principal occupations and employment, as well as, specific experience, qualifications, attributes and skills that led to the Board's conclusion that each of the nominees for director should serve on the Board at the time of this Proxy Statement, in light of the Company's current business and structure:

Brent D. Bailey—61: Mr. Bailey was elected to the Board by the Board of Directors on November 5, 2010, pursuant to a Letter Agreement under which he was designated to become President and Chief Executive Officer on January 11, 2011. Over the prior five years he had formed and expanded his own leadership development and strategic planning consulting firm, following thirty years of experience as an executive. He had served as President and Chief Operating Officer of Pharmavite, a subsidiary of Otsuka Pharmaceutical Company, where he built the company into an industry leader and its Nature Made brand into the #1 mass market nutritional supplement brand nationwide. Earlier he was Executive Vice President of Marketing at Del Monte Foods; Senior Vice President & General Manager — Household Division of The Dial Corporation; Executive Vice President of Marketing — Personal Care Division of Weyerhaeuser; Vice President of Sales and Marketing — Van de Kamp's Frozen Foods Division of Pillsbury; and various marketing positions with Frito-Lay, Procter & Gamble and a health care start-up. Mr. Bailey received a B.A. degree from Claremont McKenna College and an M.B.A. from UCLA — The Anderson School of Management. His extensive management, marketing, strategic planning and implementation skills, as well as his leadership qualities, were critical

to the Board's selection of Mr. Bailey both as a director and as the Company's principal executive officer.

Ralph K. Carlton—58: Mr. Carlton was elected to the Board and to its Audit Committee by the Board of Directors on January 26, 2011. He currently serves as the Chief Financial Officer of King Arthur Flour, Inc., a marketer of baking flour. He previously served as Chief Financial Officer of Cambrooke Foods, Inc., from 2011 to 2013. Mr. Carlton served as Chief Strategy and Development Officer of DEKA Research and Development from 2006 to 2009. He also served in multiple roles at the Coca-Cola Company, including Vice President, Finance and Strategy, Corporate Innovation and Development from 2003 to 2005; Vice President, Strategy and Planning in 2003 and Senior Vice President, Coca-Cola Ventures from 2001 to 2003. Previously from 1997 to 2000 he served as Senior Vice President, Finance and Administration and Chief Financial Officer of IDEXX Laboratories. Prior to that position he was an investment banker at Donaldson, Lufkin and Jenrette, after serving in that same position at Goldman Sachs. Mr. Carlton holds a B.A. from Dartmouth College and an M.B.A. with distinction from Amos Tuck School of Business Administration at Dartmouth College. His financial and accounting background and entrepreneurial leadership experiences with global healthcare objectives are critical to the Company's long range goals.

Gerald R. Cysewski, Ph. D.—65: Dr. Cysewski, Executive Vice President and Chief Scientific Officer, co-founded the Company in 1983 and has served as a director of the Company since that time. From 1990 to May 16, 2008, Dr. Cysewski served as the Company's President and Chief Executive Officer, as well as, Chairman of the Board. Prior to 1990 Dr. Cysewski served in various other capacities for the Company including Vice Chairman and Scientific Director. From 1980 to 1982, Dr. Cysewski was Group Leader of Microalgae Research and Development at Battelle Northwest, a major contract research and development firm. From 1976 to 1980, Dr. Cysewski was an assistant professor in the Department of Chemical and Nuclear Engineering at the University of California, Santa Barbara, where he received a two-year grant from the National Science Foundation to develop a culture system for blue-green algae. Dr. Cysewski received his doctorate in Chemical Engineering from the University of California at Berkeley. Dr. Cysewski continues to be recognized as a leading authority on large scale production of micro-algae and is a frequently invited speaker at industry gatherings around the world, providing insight to the Board on changes in micro-algae science and regulatory matters that impact the Company. His extensive experience with the Company and his expertise in micro-algae production make him uniquely qualified to serve on our Board.

Michael A. Davis—61: Mr. Davis was appointed to the Board of Directors of the Company in March 2003 subsequent to his acquisition of \$1,250,000 of subordinated convertible debentures of the Company in September 2002. He was appointed to serve as Chairman of the Board of Directors on April 13, 2011. Mr. Davis is a Principal at Ebb and Flow Ventures, a private equity firm; President of Skywords Family Foundation and a Director of Canobie Films, Inc. Mr. Davis attended Harvard University. His current beneficial ownership of the Company's outstanding common stock is 19.9%. Mr. Davis' business and investment experiences, as well as his long association with the Company provide the Board with critical perspective on the business issues the Company faces.

Walter B. Menzel—67: Mr. Menzel was elected to the Board of Directors of the Company in August 2013. Mr. Menzel is the President of the WM Group, a contract provider of management, marketing, creative and implementation services for established and entrepreneurial enterprises and organizations. In addition, he is Founding Executive Director of the Peter Michael Foundation, an underwriter of cancer research at leading medical centers, and Consultant to Ecopia Farms for branding and marketing. Previously, he provided varied branding and marketing consulting services to SEGA of America, DFS Group Limited, Kendall Jackson Wine Estates, Shaklee Corporation and the California Film Institute. He was Senior VP at McCann-Erickson, and served in positions of increasing client services responsibility at BBDO/West, Needham Harper Worldwide, Leo Burnett Company, and J. Walter Thompson Company. Mr. Menzel is a graduate of the University of Wisconsin (BA) and Stanford University (MBA and MA) and is a National Association of Corporate Directors (NACD) Board Leadership Fellow.

Required Vote

The affirmative vote of the holders of a majority of the aggregate voting power of the Company's Common Stock present in person or represented by proxy at a meeting at which a quorum is present, is required for the election of each nominated director.

The Board of Directors unanimously recommends that the stockholders vote FOR each of the above named director nominees.

BOARD MEETINGS AND COMMITTEES

Board Meetings

During fiscal year 2014 the Board met formally four (4) times. Each of our Directors attended 75 percent or more of the meetings of the Board and of Board Committees on which he served.

Director Nomination Process

Director Qualifications. The Nominating and Corporate Governance Committee has established guidelines for considering nominations to the Company's Board of Directors. These include: (a) personal characteristics, including such matters as integrity, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which the members believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. Other considerations are set forth in the Company's Bylaws. The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so the Committee also considers candidates with appropriate non-business backgrounds.

Identification and Evaluation of Nominees for Directors. The Board of Directors believes that, based on the Nominating and Corporate Governance Committee's knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the Nominating and Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. It is the general policy of the Nominating and Corporate Governance Committee not to accept unsolicited nominations from stockholders. The Company's Bylaws contain procedures for stockholder nominations which are discussed in greater detail under "STOCKHOLDER PROPOSALS AND NOMINATIONS" on page 18 of this proxy. In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the committee's criteria for Board service are re-nominated. As to new candidates, the committee will generally poll the Board members and members of management for recommendations and, if appropriate, engage a consultant to assist the Committee. The committee may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the committee evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent stockholder interests through the exercise of sound judgment. After review of all pertinent data, and due deliberation by the committee, this slate of nominees is recommended to the Board of Directors and the stockholders for election.

Each of the nominees for election at this annual meeting was unanimously recommended by the Nominating and Corporate Governance Committee for election.

Independent Directors

The Board has determined that each of the nominees for director, other than Mr. Bailey and Dr. Cysewski, has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is “independent” under Nasdaq Rule 5605(a)(2). In making its determination, the Board considered transactions and relationships between each director (and any member of his immediate family) and the Company and its subsidiaries and relationships between the directors or their affiliates and members of the Company’s senior management personnel and their affiliates.

Under Nasdaq Rule 5605(a)(2), an “Independent Director” is a person *other than an Executive Officer* of the company having a relationship which, in the opinion of the company’s board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Since Mr. Bailey is President and Chief Executive Officer of the Company, and since Dr. Cysewski is Executive Vice President and Chief Scientific Officer of the Company, neither may be considered an “Independent Director” under Nasdaq Rule 5605(a)(2).

The Independent Directors meet in executive session without the Chief Executive Officer or any other member of management in attendance at least twice annually in accordance with Nasdaq Corporate Governance Rules. In fiscal year 2014 there were at least two (2) such sessions. Michael A. Davis served as Chairman of such meetings. The Chairman, in conjunction with each other independent director, raised the issues discussed. Any Independent Director may request an executive session of Independent Directors to discuss any matter of concern.

Stockholder Communication with Directors

Stockholders may, at any time, communicate in writing with any particular director, or the non-management directors as a group, by sending such written communication to Cyanotech Corporation—Non-Management Directors (or to a specific named-director), 73-4460 Queen Kaahumanu Highway, #102, Kailua-Kona, Hawaii, 96740, or by e-mail to board@cyanotech.com. All written communications received will be directed to the relevant director or the non-management directors as a group.

Code of Conduct and Ethics

The Company has adopted the Cyanotech Corporate Code of Conduct and Ethics for its officers and employees. We have also adopted the Board of Directors Code of Conduct. Both Codes are publicly available on our website at www.cyanotech.com. The Codes contain general guidelines for conducting the business of the Company consistent with the highest standards of business ethics, and is intended to qualify as a “code of ethics” within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder and as a “code of conduct” within the meaning of the Nasdaq listing standards.

Corporate Governance

In addition to the Company’s Restated Articles of Incorporation, the Company’s Amended and Restated Bylaws and other key Company governance documents, including its Audit Committee Charter, Compensation and Stock Option Committee Charter, Nominating and Governance Committee Charter and the Code of Conduct and Ethics, are available on the Company’s website at www.cyanotech.com. The information contained on the website is not hereby incorporated by reference in, or considered part of, this Proxy Statement, unless specifically incorporated. The Company will provide copies of any of these documents, free of charge, to any stockholder upon written request to the Chief Financial Officer, c/o Cyanotech Corporation, 73-4460 Queen Kaahumanu Highway, #102, Kailua-Kona, Hawaii, 96740.

The Company has chosen to separate the chief executive officer and board chairman positions as a matter of good corporate governance and to efficiently utilize the skills and time of the individuals who currently serve in these positions. Mr. Bailey, the Company’s President and Chief Executive Officer is primarily involved in the day to day responsibilities and obligations of the Company, while Mr. Davis, the Board’s Chairman, provides strategic direction for the Company and presides over meetings of the Board. These two key leaders communicate regularly with each other.

The Board is limited by its size, but plays a fundamental role in the Company's risk oversight process, both directly and through the delegation to its committees of responsibilities related to the oversight of certain risks, and regularly discusses with management the Company's major risk exposures, their potential impact on the Company's business and the steps the Company can take to manage them.

While the Board is ultimately responsible for all risk oversight of the Company, the Audit Committee focuses on financial risks as they relate to the Company's financial reporting process, financial statements and internal controls, among other responsibilities set forth in the Audit Committee's Charter. The Nominating and Corporate Governance Committee focuses on the management of risks associated with the Board's organization, membership, governance and structure. The Compensation and Stock Option Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from the Company's compensation policies, bonus plans and incentive option plans.

The Company has an ongoing commitment to good governance and business practices. This includes regular monitoring and balancing of the Company's processes and procedures in light of any new corporate governance best practices, and a continual review of changes in federal law and the rules and regulations promulgated by the SEC and the regulations of the Nasdaq Stock Market, LLC. which are applicable to the Company. These practices help to ensure that the Company will timely comply with new laws and rules and will implement other corporate governance practices which it believes to be in the best interest of the Company and its stockholders.

On January 26, 2011, the Board of Directors elected Ralph K. Carlton to the Board and determined that he met the requirements as a "financial expert" as defined in

The Nominating and Corporate Governance Committee operates and acts under a written charter, which was adopted and approved by the Cyanotech Board of Directors on January 7, 2010, a copy of which can be found on the company's website at www.cyanotech.com. The Nominating and Corporate Governance Committee's functions include (1) reviewing the background and qualifications of potential nominees for the Cyanotech Board of Directors presented by stockholders, directors and management, (2) recommending to the Board a slate of nominees to be submitted to the stockholders for election at the next Annual Meeting of Stockholders, (3) advising the Board with respect to matters of Board composition and procedures, and (4) overseeing the annual evaluation of the Board. Among the qualifications considered in the selection of candidates are knowledge, experience, skills, expertise, diversity, personal and professional integrity, character, business judgment, time availability, dedication and absence of conflicts of interest see caption "Director Nomination Process" above. All members of the Nominating and Corporate Governance Committee are "independent" directors under Nasdaq Rule 5605(a)(2). The Nominating and Corporate Governance Committee, comprised of independent directors Michael A. Davis (Chair), Ralph K. Carlton and Walter B. The Compensation and Stock Option Committee operates and acts under a written charter, which was adopted and approved by the Cyanotech Board of Directors on January 7, 2010 and which is also available on the Company's website at www.cyanotech.com. The Compensation and Stock Option Committee reviews and makes recommendations to the Board concerning the Company's executive compensation policy, bonus plans and incentive option plans, and approves the grants of stock options to officers, employees and consultants. Based on such review, the Committee recommended to the Board that such information be included in the Company's proxy statement. At least once a year, the Compensation and Stock Option Committee meets in executive session with the other independent directors of the Board to evaluate the Chief Executive Officer's ("CEO") performance. All members of the Compensation and Stock Option Committee are "independent" directors as defined under Nasdaq Rule 5605(a)(2). PROPOSAL TWO:

Proposal to Approve the 2014 Independent Director Stock Option and Restricted Stock Grant Plan

On July 8, 2014, the Board of Directors of the Company adopted, subject to stockholder approval, the 2014 Independent Director Stock Option and Restricted Stock Grant Plan (the "2014 Plan"). The following description of the 2014 Plan is qualified in its entirety by reference to the text of the 2014 Plan, a copy of which is attached to this Proxy Statement as Exhibit A.

The purpose of the 2014 Plan is to retain and attract qualified persons to serve on the Board of Directors as well as to further align the interests of the independent directors with other stockholders through increased Company stock ownership. The aggregate number of shares that will be subject to options and grants during the term of the 2014 Plan is limited to 350,000 shares of the Company's Common Stock. The Company's independent directors will be eligible to receive grants of options or shares of Common Stock under the 2014 Plan, which will terminate following the Annual Meeting of Stockholders in 2024. No stock options or stock grants issued pursuant to its provisions shall be adversely affected by such termination. Upon approval of the 2014 Plan, the 2004 Independent Director Stock Option and Restricted Stock Grant Plan (the "2004 Plan") will terminate, except for outstanding options issued thereunder, which remain exercisable. At the date of this Proxy Statement there are outstanding under the 2004 Plan, options to purchase 12,000 shares of Common Stock at a weighted average price of \$5.35 held by two Independent Directors (see the section entitled "Security Ownership of Certain Beneficial Owners and Management" hereunder, which remain exercisable.

The exercise price with respect to an option awarded under the 2014 Plan will be the "fair market value" thereof, defined for the current trading market as the last reported sale price ("Closing Price") of the Common Stock on the Nasdaq Small-Cap Market on the date of the grant. On July 3, 2014, the Closing Price of the Company's Common Stock on the Nasdaq Small-Cap Market was \$4.84. Payment of the exercise price may be made in whole or in part with other Shares owned by the participant credited at fair market value.

Options granted under, and the number of shares subject to, the 2014 Plan will be subject to adjustment upon a recapitalization, stock split, stock dividend or other similar event affecting the Common Stock. Options will not be transferable other than by will or pursuant to the laws of descent or a qualified domestic relations order, and will be exercisable during the lifetime of an option holder only by such holder or a guardian or legal representative. On Termination of Directorship, as defined in the 2014 Plan, for reasons other than death or disability, unexercised and vested Stock Options expire three months after the date of Termination of Directorship or on the Option expiration date, whichever is earlier; and if for death or disability, one year after Termination of Directorship or Option expiration date, whichever is earlier. In the event of a change in control, each outstanding award or share purchased pursuant to any award will, if not fully vested, become fully vested and, in the case of options, fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares.

The 2014 Plan may be amended by the Board of Directors, provided that stockholders' approval will be necessary for any change that would materially increase the benefits accruing to Participants under the 2014 Plan, change the aggregate number of shares issuable thereunder, change the method for calculation of the option price or change the class of persons eligible to receive options or grants.

The 2014 Plan will be administered by the Company's Chief Executive Officer and Chief Financial Officer ("Administrators"). The Administrators have authority to adopt rules as they may deem appropriate to carry out the purposes of the 2014 Plan, have authority to interpret and construe the provisions of the 2014 Plan and any agreements and notices under it, and to make determinations pursuant to any 2014 Plan Provision. Each interpretation,

determination or order or action made or taken by the Administrators pursuant to the 2014 Plan is final and binding on all persons. The Administrators are not liable for any action or determination made in good faith, and are entitled to indemnification and reimbursement in the manner provided in the Company Articles of Incorporation and By-Laws as such documents may be amended from time to time.

Options granted pursuant to the 2014 Plan will be "non-qualified" stock options and are not intended to qualify as incentive stock options under Section 422 of the Internal Revenue Service Code. The optionee will realize no income at the time he or she is granted a non-qualified stock option. Ordinary income will be realized by the optionee when the non-qualified stock option is exercised. The amount of such income will be equal to the excess of the fair market value on the exercise date of the shares of Common Stock issued over the exercise price of such shares, and the Company's deduction for Federal income tax purposes will correspond to the amount of income realized by the optionee upon exercise. The tax basis of the stock acquired upon the exercise of the option will be equal to the sum of (i) the exercise price of such option; and (ii) the amount included in income with respect to the exercise of such option. Any gain or loss on the subsequent sale of the stock will be either a long-term or short-term capital gain or loss, depending on the optionee's holding period for the Common Stock disposed of by the optionee.

Required Vote

A majority of the shares of the Common Stock cast at a meeting at which a quorum is present, is required for approval of the proposal.

The Board of Directors unanimously recommends that stockholders vote FOR approval of the 2014 Independent Director Stock Option and Restricted Stock Grant Plan.

Although it is not required to do so, the Company wishes to provide stockholders with the opportunity to indicate their approval of the selection of the independent registered public accounting firm and accordingly is submitting a proposal to ratify the selection of Grant Thornton LLP. If the stockholders should fail to approve this proposal, the Board of Directors will consider the selection of another independent registered public accounting firm.

Compensation Discussion

Who is responsible for determining appropriate executive compensation?

The Compensation Committee has the responsibility for approving the total compensation program for the Company and its subsidiaries, including base salary, perquisites, incentive compensation and equity-based compensation. This included determining compensation for the past fiscal year 2014, as well as for the current fiscal year 2015, for the Cyanotech Corporation Named Executive Officers (“NEO’s”) who are the individuals named in the Summary Compensation Table herein: (1) Brent D. Bailey, President and Chief Executive Officer; (2) Jolé E. Deal, Chief Financial Officer, Vice President-Finance and Administration, Secretary and Treasurer of the Company; and (3) Gerald R. Cysewski, Ph.D., Executive Vice President and Chief Scientific Officer

What are the objectives of the Company's compensation programs?

The goals of the Company's compensation program are to align compensation with business objectives and performance, and to enable the Company to attract, motivate and retain executives of outstanding ability, potential and drive commensurate with the size and development requirements of the Company. Key components include:

The Company's compensation is competitive with comparably sized companies in the Hawaii and California markets with which we compete for talent, and is based on salary surveys purchased annually..

The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

The Company provides stock options for executive officers to align management interest with the interest of the shareholder to drive the long term financial performance of the Company as they respond to the Company's business challenges.

The Compensation Committee endeavors to balance Company needs and values with the employees' needs and believes that it is important that the Committee maintain this relationship.

What are the compensation programs designed to reward?

The Company's compensation programs are designed to recognize and reward executives for the Company's annual and long-term performance and for individual performance that enhance shareholder value. To that end:

Company Performance. The Compensation Committee considers each executive's overall contribution to the Company's long-term and short-term results and projections in relation to the Company goal of achieving sustainable profitability from sales of its products.

Individual Performance. The Company has a small executive team of talented individuals with clear divisions of responsibility for achieving the Company's goals. The Compensation Committee evaluates the Chief Executive Officer as a committee. That evaluation entails a review of the Chief Executive Officer's Letter Agreement and his performance and progress towards achieving sustainable profitability through improved long-term and short-term results attributable directly and indirectly to his efforts. The Compensation Committee or together with other independent directors acting with the Committee or upon its recommendations also considers relative shareholder

return over the same period and chief executive compensation for similar-sized companies with similar results within the relevant geographic and industry area.

For other NEO's, the Compensation Committee reviews and considers whether to approve a performance assessment and base salary recommendation from the Chief Executive Officer. The performance evaluations of these executives are based on the Company's success in achieving short-term and long-term results and projections in relation to the Company goal of achieving sustainable profitability from sales of its products; in addition to performance toward specific departmental goals established annually and approved by the Compensation Committee.

What are the elements of executive compensation?

The elements of the Company's executive compensation include:

Base salary and bonus, if awarded
Stock option grants

How is base salary determined?

The base salaries of the executive officers are determined initially on the basis of one or more salary surveys conducted by third parties as well as research conducted by the Company's Manager of Human Resources of local and national companies from public information such as filings with the SEC. Based on such surveys, the executive officers' salaries are set within the ranges of the surveys targeted at the median; the exact level is determined after the Committee considers the experience and capability of the executive officer, the level of responsibility and the needs of the Company.

What were the base salary increases for fiscal year 2014?

Base salary increases of the executive officers in fiscal year 2014 averaged 6.5% and were based on individual performance for fiscal year 2013, as well as market adjustments as appropriate.

Are bonuses paid to executive officers?

The Committee believes that, as a general rule, annual compensation in excess of base salaries should be dependent on the Company's performance, and should be awarded based on recommendations of the Chief Executive Officer to the Committee and in the discretion of the Board. Accordingly, each fiscal year, the Committee reviews and approves a cash incentive bonus plan designed to motivate executive officer and key personnel to achieve the financial and operational objectives of the Company.

The financial goals are established in part on the basis of an annual operating plan developed by management and approved by the Board of Directors. The annual operating plan is designed to maximize profitability, within the constraints of economic and competitive conditions, some of which are outside the control of the Company, and is developed on the basis of: (i) the Company's performance in the prior year; (ii) projections of sales revenue for the plan year based upon recent market conditions and trends and other factors which, based on historical experience, are expected to affect the level of sales that can be achieved; (iii) historical operating cost and cost savings that management believes can be achieved; and (iv) competitive conditions faced by the Company. Taking all of these factors into account, financial targets for key financial performance indicators such as Net Sales, Gross Margin and Net Income are established.

Additionally, specific performance measures are established in areas of strategic planning, leadership, and operations as appropriate to the executive's area of management responsibility. Such goals support and complement the financial goals of the Company and allow executives to achieve meaningful results even when the Company's overall profitability is challenged.

As a result of such performance-based criteria, executive compensation, and the proportion of each executive's total cash compensation that is represented by incentive or bonus income, may increase in those years in which the Company achieves the anticipated level of growth and profitability. On the other hand, in years in which the Company experiences less than anticipated growth, bonuses and total executive compensation should be lower or not awarded and total executive compensation should consequently be lower.

No bonuses were awarded to the Company's executive officers for fiscal year 2014 performance.

What is the Company's incentive stock option program?

The 2005 Stock Option Plan (the "2005 Plan") rewards select executives and key employees as an incentive for them to join or remain in the service of the Company. The Compensation and Stock Option Committee administers the Plan.

How does the Company award stock option grants?

The Committee generally intends to make stock option grants on an annual basis. Each grant is designed to align the interests of the executive officers with those of the long term goals of stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant generally allows the executive officer to acquire shares of the Company's Common Stock at a fixed price per share (usually the market price on the date of grant) over a specified period of time (up to 10 years), thus providing a return to the executive officer only if he or she remains an employee of the Company and the market price of the shares appreciate over the option term. The size of the option grant to each executive officer generally is set at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but also taken into account are the size of comparable awards made to individuals in similar positions in the industry as reflected in external surveys, the individual's potential for future responsibility and promotion over the option term, the individual's personal performance in recent periods and the number of options held by the individual at the time of grant. Generally, as an executive officer's level of responsibility increases, a greater portion of his or her total compensation will be dependent upon Company performance and stock price appreciation rather than base salary. The relative weight given to these factors varies with each individual, in the sole discretion of the Committee.

What perquisites and other personal benefits do executive officers have?

The President and Chief Executive Officer, and the Chief Financial Officer, Vice President-Finance and Administration, Secretary and Treasurer receive monthly commuting expenses to and from Hawaii including airfare, transportation to and from the local airport, parking fees, etc.; housing and transportation while working in Hawaii.

Do executive officers have change-in-control agreements?

Provisions are contained in the 2005 Stock Option Plan concerning acceleration of stock options when a Change in Control or a Corporate Transaction, as defined in such Plan, occurs unless the outstanding options are assumed or replaced by the successor corporation with comparable, equalized options or a cash incentive program in accordance with the terms of the 2005 Stock Option Plan.

Additionally, upon a “change in control” as defined in the 2005 Stock Option Plan and his termination other than for cause, pursuant to his Letter of Agreement, Mr. Bailey would be paid a severance payment equal to twice his then-annual salary, less all standard federal, state and local deductions.

How was the Chief Executive Officer’s compensation determined last fiscal year?

The compensation payable to Mr. Bailey, the Company’s current President and Chief Executive Officer was determined by the Committee and was set forth in a Letter Agreement of Employment stating terms of employment dated November 5, 2010 with employment effective January 11, 2011. Base salary was set at a level which the Board felt would be competitive with the base salary levels in effect for chief executive officers at similarly-sized companies within the industry of \$300,000 annually, plus eligibility for performance-based bonuses up to 50% of salary each fiscal year, plus an opportunity for a greater bonus if he achieves stretch goals measured by a compound annual earnings growth significantly exceeding fiscal year earnings goals, subject to the Board’s discretion. Additionally, stock options to purchase shares equivalent to approximately 13.5% of the Company’s outstanding common stock at January 11, 2011 were granted pursuant to the Letter Agreement of Employment. The Compensation Committee increased Mr. Bailey’s annual salary to \$320,000 in July 2012. Mr. Bailey also receives perquisites such as commuting expenses to Hawaii including airfare, transportation to and from the local airport, parking fees, etc.; housing, transportation and incidentals while working in Hawaii.

The Audit Committee, which met four (4) times in fiscal 2014, reviewed and discussed the Company's audited financial statements with management. The Audit Committee discussed with Grant Thornton LLP, the Company's independent registered public accounting firm ("Grant Thornton"), the matters required to be discussed by Statement of Auditing Standards No. 114, "Communication with Audit Committees," which includes, among other items, matters related to the conduct of the audit of the Company's financial statements. The Audit Committee also received written disclosures and the letter from Grant Thornton required by Independence Standards Board Standard No. 1, which relates to the independent registered public accounting firm's independence from the Company and its related entities.

The Audit Committee is governed by the Audit Committee Charter adopted by the Board of Directors, a current copy of which is available on the Company's website at www.cyanotech.com. Pursuant to such Charter, the Audit Committee has the following primary responsibilities:

- 1) Review the performance of the independent registered public accounting firm and make recommendations to the Board of Directors regarding the appointment or termination of the independent registered public accounting firm;

- 2) Confer annually with the independent registered public accounting firm concerning the scope of its examinations of the books and records of the Company and its subsidiaries; reviewing and approving the independent registered public accounting firm's annual engagement letter, and authorizing the independent registered public accounting firm to perform such supplemental reviews or audits as the Committee may deem desirable;

- 3) Review the range and cost of audit and non-audit services performed by the independent registered public accounting firm;

- 4) Review the Company's audited financial statements and the independent registered public accounting firm's opinion rendered with respect to such financial statements, including reviewing the nature and extent of any significant changes in accounting principles or the application thereof; and

- 5) Review the adequacy of the Company's systems of internal controls.

The firm of Grant Thornton, an independent registered public accounting firm, served as the Company's independent registered public accounting firm for the past four fiscal years. As stated in Proposal Four, the Audit Committee has selected and the Board has approved Grant Thornton to serve as the Company's independent registered public accounting firm for the fiscal year ended March 31, 2014.

Audit services provided by Grant Thornton consisted of the examination of the Company's annual financial statements and services related to filings with the SEC as well as their review of the Company's quarterly financial statements. All fees paid to Grant Thornton were reviewed and considered for independence by the Audit Committee. In addition, the Audit Committee (i) discussed with Grant Thornton their qualification of the partners and managers assigned to the Company's audit, (ii) reviewed with Grant Thornton the quality control system for the US accounting and audit practice to provide reasonable assurance that the audit was conducted with professional standards, and (iii) confirmed with Grant Thornton that there was appropriate continuity of personnel working on our audits and availability of national office consultation.

Based on the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2014.

- (a)

If the Company shall effect a subdivision or consolidation of shares or other capital readjustment, the payment of a stock dividend, or other increase or reduction of the number of shares of Common Stock outstanding, without receiving compensation therefor in money, services or property, then: (i) the number and per share price of shares of Common Stock subject to outstanding Stock Options hereunder shall be appropriately adjusted in such a manner as to entitle a Participant to receive upon exercise of a Stock Option, for the same aggregate cash consideration, the (b) same total number and class or classes of Shares as the Participant would have received had he or she exercised his or her Stock Option in full immediately prior to the event requiring the adjustment; and (ii) the number and class or classes of shares then reserved for issuance under the 2014 Director Stock Plan shall be adjusted by substituting for the total number of Shares of Common Stock then reserved that number and class or classes of Shares of Common Stock that would have been received by the owner of an equal number of outstanding Shares of Common Stock as the result of the event requiring the adjustment.

If, while unexercised Stock Options remain outstanding under the 2014 Director Stock Plan: (i) the Company is merged into or consolidated with another corporation under circumstances where the Company is not the surviving corporation or the Common Stock is converted into other securities, cash or other property in connection with such merger or consolidation; (ii) the Company sells or otherwise disposes of substantially all its assets to another person, corporation or entity; (iii) the Company is liquidated or dissolved; (iv) over 50 percent of the outstanding Common Stock is acquired by another corporation in exchange for stock (or stock and other securities) of such (c) corporation; or (v) over 50 percent of the then outstanding Common Stock is acquired in a single transaction or a series of related transactions, then after the effective date of such merger, consolidation, exchange, liquidation, sale or acquisition, as the case may be, each holder of an outstanding Stock Option shall be entitled, upon exercise of such Stock Option, to receive, in lieu of shares of Common Stock, shares of such stock or other securities of the Company or the surviving or acquiring corporation or such other property at the same rate per share as the holders of shares of Common Stock received pursuant to the terms of the merger, consolidation, exchange liquidation, sale or acquisition.

Except as expressly provided herein, the issuance by the Company of shares of stock of any class, or securities convertible into shares or stock of any class, for cash, property, labor, or services, either upon direct sale, exercise (d) of rights of warrants to subscribe therefor, or conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number, class or price of Shares of Common Stock then subject to outstanding Stock Options.

VIII. Terms and Conditions of Stock Options

(a) During the Participant's life, the Stock Option is exercisable only by the Participant or by his or her guardian or legal representative.

A Stock Option under this 2014 Director Stock Plan is not assignable or transferable, except by will or by the laws (b) of descent and distribution or pursuant to a qualified domestic relations order (as defined in the Code), and is not subject, in whole or in part, to attachment, execution or levy of any kind.

(c)

Any Stock Option or portion thereof that is exercisable shall be exercisable for the full amount or for any part thereof.

- (d) Stock Options shall be exercised by the delivery of written notice to the Company setting forth the number of Shares of Common Stock with respect to which the Stock Option is to be exercised and, subject to the provisions hereof, the address to which the certificates representing shares issuable upon the exercise of such Stock Option shall be mailed. In order to be effective, such written notice shall be accompanied at the time of its delivery to the Company by payment of the exercise price of such Shares, which payment shall be made in cash or by check, bank draft, or postal or express money order payable to the order of the Company in an amount (in United States dollars) equal to the exercise price of such Shares or as provided in subsection (e) below. Such notice shall be delivered in person to the Secretary of the Company, or shall be sent by registered mail, return receipt requested, to the Secretary of the Company, in which case, delivery shall be deemed made on the date such notice is deposited in the mail. When Shares are to be issued or delivered pursuant to the 2014 Director Stock Plan, but only to the extent that the Company determines that tax withholding is required pursuant to applicable law or regulation, the Company shall require the Participant to remit to the Company an amount sufficient to satisfy federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such Shares, which payment may be made in the manner set forth above or in the manner permitted by clause (c) below.

Alternatively, payment of the exercise price may be made, in whole or in part, by delivery of Shares previously issued to the Participant. Unless otherwise permitted by the Board, payment of the exercise price in Shares shall be made only with Shares owned by the Participant for at least six (6) months. If payment is made in whole or in part in Shares owned by the Participant, then the Participant shall deliver to the Company, exercised: (i) certificates registered in the name of such Participant, free of all liens, claims and encumbrances of every kind and having a Fair Market Value as of the date of delivery of such notice that is not greater than the exercise price of the Shares of Common Stock with respect to which such Stock Option is to be exercised plus any applicable tax required to be withheld by the Company, such certificates to be accompanied by stock powers duly endorsed in blank by the record holder of the Shares represented by such certificates; and (ii) if the exercise price of the Shares with respect to which such Stock Option is to be exercised exceeds such Fair Market Value, cash or check, bank draft or postal or express money order payable to the order of the Company in an amount (in United States dollars) equal to the amount of such excess.

(f) Stock Options granted to any Participant under this 2014 Director Stock Plan shall be subject to the following conditions:

(1) Except as otherwise provided in paragraph (3) below, each Stock Option shall have a term of ten (10) years from the date such Option is granted and shall vest in accordance with Section III(c) hereof.

(2) A Stock Option shall lapse and expire in the following situations:

(i) If a Termination of Directorship occurs with respect to any Participant, for any reason other than death or Disability, any and all unexercised and vested Stock Options held by such Participant shall expire: (A) as of 12:01 AM (Hawaii Standard Time) on the date which is three (3) months after the date of such Termination of Directorship; or (B) on the expiration date of the term of the Stock Option, whichever date is earlier.

(ii) If a Termination of Directorship occurs with respect to any Participant by reason of the death or Disability of such Participant, any and all unexercised and vested Stock Options shall expire: (A) as of 12:01 AM (Hawaii Standard Time) on the date which is one (1) year from the date of the Termination of Directorship due to such death or Disability; or (B) on the expiration date of the term of the Stock Option, whichever date is earlier. Any such vested and unexercised Stock Option may be exercised by the Designated Beneficiary of a deceased Participant, or the legal guardian of a disabled Participant, subject to all applicable provisions of the 2014 Director Stock Plan.

(iii) In the event of Participant's Termination of Directorship for any reason other than not being re-elected at an annual meeting of stockholders, including death or disability, any portion of a previously granted Stock Option that was not exercisable on the date of such Termination of Directorship shall automatically expire as of 12:01 AM (Hawaii Standard Time) on the date of Termination of Directorship, and no further vesting of such Stock Option shall occur.

IX. Power to Amend

The Board of Directors may modify, revise or terminate the 2014 Director Stock Plan at any time and from time to time; provided, however, that the 2014 Director Stock Plan shall not be amended more than once every six (6) months, other than to comport with changes in the Code, or the regulations thereunder, or the Employee Retirement Income Security Act of 1974, as amended, or the regulations thereunder; and provided, further, that without the approval of the holders of at least a majority of the outstanding Shares of the Company's voting stock, the Board of Directors may not (i) materially increase the benefits accruing to Participants under the 2014 Director Stock Plan; (ii) change the aggregate number of Shares which may be issued under the 2014 Director Stock Plan; (iii) reduce the Option price at which Options have been granted; or (iv) change the class of persons eligible to receive Options. However, no termination or amendment of the 2014 Director Stock Plan may, without the consent of the holder of any Option then outstanding adversely affect the rights of such holder under the Option.

X. Exercise of Options; No Registration

The Company shall not be required to sell or issue any shares of Common Stock under any Stock Option or grant Shares if the issuance of such shares shall constitute a violation by the Participant or the Company of any provision of any law, statute, or regulation of any governmental authority whether it be Federal or State. Specifically, in connection with the Securities Act, upon grant of Shares or exercise of any Stock Option, unless a registration statement under the Securities Act is in effect with respect thereto, the Company shall not be required to issue such shares unless the Board has received evidence satisfactory to it to the effect that the holder is acquiring such shares of Common Stock for investment and not with a view to the distribution thereof, and that such shares of Common Stock may otherwise be issued without registration under the Securities Act or state securities laws. Any determination in this connection by the Board shall be final, binding and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of a Stock Option, or the issuance of shares pursuant thereto, to comply with any law or regulation of any governmental authority. Certificates for Stock issued under the 2014 Director Stock Plan are subject to such legends, stock transfer orders and other restrictions as the Company may consider necessary or advisable.

XI. Stock Option Agreement

The Stock Options awarded to a Participant shall be evidenced by a separate written agreement (the “**Stock Option Agreement**”) which shall be subject to the terms and provisions of the 2014 Director Stock Plan and which shall be signed by the Participant and by a duly authorized officer, other than the Participant, in the name of and on behalf of the Company. In the event of any inconsistency or conflict between the terms of the 2014 Director Stock Plan and a Stock Option Agreement, the terms of the 2014 Director Stock Plan shall govern.

XII. No Rights as Stockholder

A holder of a Stock Option shall have no rights as a stockholder with respect to any Shares of Common Stock until the issuance of a certificate for such Shares. Except as otherwise provided in Section VII, no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities, or other property) or distributions or other rights for which the record date is prior to the date such certificate is issued.

XIII.No Right to Reelection

Nothing in the 2014 Director Stock Plan is to be deemed to create any obligation on the part of the Board to nominate any of its members for reelection by the Company's stockholders, nor confer upon an Independent Director the right to remain a member of the Board for any period of time, or at any particular rate of compensation.

XIV.No Assignment or Allocation of Benefits

No right or benefit under this 2014 Director Stock Plan shall be subject to anticipation, alienation, sale assignment, pledge, encumbrance, or charge and any such act shall be void, except for any transfer pursuant to the Participant's will or under the laws of descent and distribution or as otherwise permitted pursuant to Section VIII hereof. No right or benefit hereunder shall in any manner be liable for or subject to any debts, contract, liabilities, or torts of the person entitled to such right or benefit.

XV. Gender, Tense and Headings

Whenever the context so requires, words of the masculine gender used herein shall include the feminine and neuter, and words used in the singular shall include the plural. Section headings as used herein are inserted solely for convenience and reference and constitute no part of the construction of this 2014 Director Stock Plan. The words, “hereunder,” “herein,” “hereof” and similar compounds of the word “here” shall refer to the entire 2014 Director Stock Plan and not to any particular section or provision.

XVI. No Guarantee of Tax Consequences

The Company makes no commitment or guarantee that any federal, state or local tax treatment will apply or be available to any Non-Employee Director participating or eligible to participate herein.

XVII. Severability

In the event that any provision of this 2014 Director Stock Plan is held to be illegal, invalid or unenforceable, such provision shall be fully severable, but shall not affect the remaining provisions of the 2014 Director Stock Plan, and the 2014 Director Stock Plan shall be construed and enforced as if the illegal, invalid, or unenforceable provision had not been included herein.

XVIII. Stockholder Approval

Notwithstanding any other provision of the 2014 Director Stock Plan, the 2014 Director Stock Plan must be approved by the holders of at least a majority of the shares of Stock present, or represented, and entitled to vote thereon, at a duly held stockholders’ meeting within 12 months after the date of its adoption by the Board, and no Stock Options or no shares of Common Stock shall be issued under the 2014 Director Stock Plan until such approval has been secured.

XIX. Interpretations

The provisions of the 2014 Director Stock Plan shall be construed, administered, and governed by the laws of the State of Hawaii, without giving effect to principles of conflicts of laws, and, to the extent applicable, the laws of the United States of America and the State of Nevada.

XX. Government Regulations

The 2014 Director Stock Plan, the granting and exercise of Stock Options and Shares thereunder, and the obligations of the Company to sell and deliver Shares under such Stock Options, are subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.
