PROXY STATEMENT FOR ANNUAL MEETING

TO BE HELD ON AUGUST 26, 2011

GENERAL INFORMATION

The accompanying proxy is solicited by the Board of Directors of Bakken Resources, Inc. (the Board or Board of Directors) with its principal executive offices and mailing address at 1425 Birch Ave., Suite A, Helena, MT 59601 (Bakken or the Company) to be voted at the 2011 Annual Meeting of Stockholders (the Annual Meeting) to be held on August 26, 2011 at the offices of the Company at 1425 Birch Ave., Suite A, Helena, MT 59601 at 8:30 A.M. Mountain Daylight Time, and any adjournment thereof. References in this proxy statement to the Company, we, our, and us are to Bakken Resources, Inc.

This proxy statement and the accompanying proxy are being sent to stockholders on or about _____, 2011.

Record Date, Quorum, Voting

Holders of record of our shares of common stock, par value \$0.001 per share (Common Stock), our only class of issued and outstanding voting securities, at the close of business on July 18, 2011 (the Record Date) are entitled to vote at the Annual Meeting. There were 56,367,500 shares of Common Stock outstanding as of the Record Date.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes withheld from any nominee for election as a director, abstentions and broker "non-votes" are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Stockholders are entitled to cast one vote per share on each matter presented for consideration by the stockholders; the stockholders do not have any cumulative voting rights. The election of directors by the stockholders shall be determined by a plurality of the votes cast by stockholders entitled to vote at the Meeting, and votes withheld will not be counted toward the achievement of a plurality. The affirmative vote of a majority of the shares entitled to vote on such matter is required for approval for the (i) consideration of an amendment to our Articles of Incorporation to increase the number of authorized shares of Common Stock from 100 million to 200 million, and (ii) ratification of the appointment of the Company's independent auditors. The vote on each proposal submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present and voting on each proposal. Broker non-votes are not considered for the particular proposal and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such proposal by reducing the total number of votes from which the majority is calculated.

A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the executive offices of the Company for a period of at least 10 days preceding the Annual Meeting.

Proxies

All shares represented by a proxy will be voted, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted in favor of the election of the nominees for director contained in this Proxy Statement, in favor of the amendment to the Company's Articles of Incorporation, in favor of ratifying Malone Bailey as the Company's independent registered public accountants for fiscal 2011 and in the discretion of the proxy holders on any other matter that comes before the meeting.

If your shares are held by a broker, bank or other stockholder of record, in nominee name or otherwise, exercising fiduciary powers (typically referred to as being held in street name), you may receive a separate voting instruction form with this Proxy Statement. Your broker may vote your shares on the proposal to ratify our independent auditors, but will not be permitted to vote your shares with respect to the election of directors unless

you provide instructions as to how to vote your shares. Please note that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Proxy Revocation Procedure

A proxy may be revoked at any time before it has been exercised (i) by written notice of revocation given to the Secretary of the Company, (ii) by executing and delivering to the Secretary a proxy dated as of a later date than a previously executed and delivered proxy (provided, however, that such action must be taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy before the vote is taken), or (iii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy.

Voting Results

We will announce preliminary voting results at the annual meeting. We will report final results in a Form 8-K and subsequent Form 10-Q report filed with the Securities and Exchange Commission (the "SEC").

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors

The Company's business is managed under the direction of its Board of Directors. The Board of Directors has designated as nominees for re-election five directors currently serving on the Board. See "Nominees for Director" below for profiles of the nominees. After the election of the directors at the meeting, the Company's Board will have five directors.

In addition to the information regarding our directors and skills that led our Board to conclude that the individual should serve as a director, we also believe that all of our directors have a reputation for integrity, honesty and adherence to high ethical standards. The Board believes that re-electing these incumbent directors will promote stability and continuity. The Board expects that such directors will continue making substantial contributions to the Company by virtue of their familiarity with, and insight into, the Company's affairs accumulated during their tenure.

All of the nominees have indicated a willingness to continue serving as directors, but if any of them should decline or be unable to act as a director, the proxy holders will vote for the election of another person or persons as the Board of Directors recommends. The Company has no reason to believe that any nominee will be unavailable. If, due to circumstances not now foreseen, any of the nominees named below will not be available for election, the proxies will be voted for such other person or persons as the Board of Directors may select.

5

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR AND SOLICITS PROXIES IN FAVOR OF THE NOMINEES LISTED ABOVE (ITEM 1 ON THE ENCLOSED PROXY CARD).

CORPORATE GOVERNANCE MATTERS

General

During the year ended December 31, 2010, the Board of Directors met 1 time and it took action by unanimous written consent thirteen times. The Company does not currently have any formal committees and the functions typically reserved to the audit committee, compensation committee and the corporate governance committee is conducted on

12

behalf of the Company by the Board.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics for our employees, officers and directors, a copy of which is referred to as Exhibit 14.1 to our annual report on Form 10-K for the year ended December 31, 2010. This code constitutes a code of ethics as defined by the rules of the Securities and Exchange Commission.

Director Independence

We currently have three independent directors as determined by our Board of Directors, and two non-independent directors. In assessing director independence, we follow the criteria of the Nasdaq Stock Market Listing Rule 5605(a)(2). Our current independent directors are David E. Boleneus, Herman R. Landeis and Steven D. Armstrong.

Director Attendance at Annual Meeting

The Company encourages members of the Board of Directors to attend annual meetings. Part of that encouragement from the Company consists of a reimbursement policy. The Company reimburses directors for reasonable out-of-pocket expenses incurred by directors in attending an annual meeting.

Compensation Committee

The Company does not currently have a Compensation Committee. Each of the Company's non-management directors reviews and considers compensation structure for the Company's management on a yearly basis. Currently, management of the Company consists of two full time and one part time employee. The Company and the Board believe that a Compensation Committee is not required at this time given the limited number of management employees and that matters typically reserved for Compensation Committee consideration can be effectively and efficiently handled by the Board.

Director Nomination Process

The Board of Directors does not have a nominating committee; rather the process of selecting nominees for election as directors is carried by the entire Board of Directors because the entire Board can do a more efficient job of overseeing the nomination process than just our three independent directors. The Board of Directors' responsibilities include among other things: (i) identifying individuals qualified to become Board members; (ii) recommending to the Board those individuals that should be nominees for election or re-election to the Board or otherwise appointed to the Board (with authority for final approval remaining with the Board); and (iii) developing criteria for evaluating prospective

candidates to the Board.

The Board of Directors may identify potential Board candidates from a variety of sources, including recommendations from current directors or management or any other source the Board deems appropriate. The Board may also engage a search firm or a consultant to assist it in identifying, screening and evaluating potential candidates. The Board has been given sole authority to retain and terminate any such search firm or consultant.

In considering candidates for the Board, the Board evaluates the entirety of each candidate's credentials. The Board considers, among other things: (i) business or other relevant experience; (ii) expertise, skills and knowledge; (iii) integrity and reputation; (iv) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints, backgrounds, expertise, skills and experience; (v) willingness and ability to commit sufficient time to Board responsibilities; and (vi) qualification to serve on specialized Board committees.

Board Leadership Structure

Val M. Holms is currently serves both as Chairman of our Board of Directors and as Chief Executive Officer. Given the background and expertise of Mr. Holms, the current operations of the Company and the small size of the overall management and Board structure, the Company and the Board feel it appropriate to have the CEO and Chairman offices be held by the same person. The Company currently has not specifically designated a lead independent director. The independent directors (which number 3 of the 5 current members of the Board), have both general and specific areas of expertise which are intended to complement the Company's business. Our current independent board consists of a practicing geologist, a landman and a retired appraiser and tax manager to a large oil and gas company. Any matters requiring specific input from certain members of the Board, such Board member assumes a leading role in such project and is responsible for communicating to the management and the rest of the Board any results and/or recommendations. The Board intends to carefully evaluate from time to time whether our Chief Executive Officer and Chairman positions should remain separate based on what the Board believes is best for the Company and its stockholders.

Board Oversight of Risk

The Board is actively involved in the oversight of risks that could affect the Company. The Board as a whole has responsibility for risk oversight of the Company's risk management policies and procedures. The Board encourages management to promote a corporate culture that incorporates risk management into the Company's day-to-day business operations. The Company conducts periodic comprehensive Board meetings and encourages informal meetings or calls on an as requested or as needed basis. A special committee of the Board comprising of one independent Board member and one management Board member has been formed for the purpose of facilitating management and Board discussions and review of corporate governance and oversight functions. Currently, this committee is comprised of David Boleneus and Karen Midtlyng.

Communications with the Board of Directors

The Board desires that the views of stockholders will be heard by the Board, its committees or individual directors, as applicable, and that appropriate responses will be provided to stockholders on a timely basis. The Board believes that informal communications are currently sufficient to communicate questions, comments and observations that could be useful to the Board. However, stockholders wishing to formally communicate with the Board may send communications directly to the Company at 1425 Birch Ave. Suite A; Helena, MT 59601, Attention: Corporate

Secretary. Such communications will be screened by the Corporate Secretary for appropriateness before either forwarding to or notifying the members of the Board of receipt of a communication.

Please note that the foregoing procedure does not apply to (i) stockholder proposals pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals or (ii) service of process or any other notice in a legal proceeding. For information concerning stockholder proposals, see Stockholder Proposals for the 2012 Annual Meeting on page 12 of this proxy statement.

Compensation of Directors

No cash compensation was paid to directors for their director services since inception on June 6, 2008, through the fiscal year ended December 31, 2010. Current independent members of the Board have been issued restricted stock for services rendered to the Company.

PROPOSAL TWO

**APPROVAL OF AMENDMENT TO THE ARTICLES OF INCORPORATION
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK**

Background

As of July 14, 2011, there were: (i) 56,367,500 shares of Common Stock issued and outstanding, and an aggregate total of 5,080,000 shares reserved for future issuance pursuant to the exercise of outstanding options, warrants, and equity incentive plans, leaving 38,552,500 shares of Common Stock unissued and unreserved. In order to ensure that sufficient shares of Common Stock will be available for issuance by the Company, the Board of Directors has approved, subject to stockholder approval, an amendment to the Company's Articles of Incorporation to increase the number of shares of such Common Stock authorized for issuance from 100 million to 200 million.

Purpose and Effect of the Amendment

The purpose of the proposed amendment to the Articles of Incorporation is to authorize additional shares of Common Stock which will be available for future issuance in the event the Board of Directors determines that it is necessary or appropriate to raise additional capital through the sale of equity securities, to acquire another company or its assets, to establish strategic relationships with corporate partners, to declare stock dividends, to provide equity incentives to employees or officers, or to issue or reserve shares of Common Stock for other corporate purposes. The availability of additional shares of Common Stock would be particularly important in the event that the Board of Directors needs to undertake any of the foregoing actions on an expedited basis in order to avoid the time and expense of having to then seek stockholder approval in connection with the contemplated transaction involving issuance of Common Stock. If the amendment is approved by the stockholders, the Board does not intend to solicit further stockholder approval prior to the issuance of any additional shares of Common Stock, except as may be required by applicable law. The Board of Directors has no present agreement, arrangement or commitment to issue any of the shares for which approval is sought.

The increase in the number of authorized shares of Common Stock will not have any immediate effect on the rights of existing stockholders. However, the Board will have the authority to issue authorized Common Stock without requiring future stockholder approval of such issuances, except as may be required by applicable law. To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders. The holders of Common Stock have no preemptive rights and the Board of Directors has no plans to grant such rights with respect to any such shares.

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued Common Stock could, within the limits imposed by applicable law,

be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of Common Stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The Board of Directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the authorized Common Stock is not prompted by any specific effort or takeover threat currently perceived by management.

If the proposed amendment is approved by the stockholders, the second sentence of Article IV of our Articles of Incorporation, as amended will be amended to read as follows:

The total numbers of stock authorized shall be One Hundred and Sixty Million shares consisting of Two Hundred Million (200,000,000), par value \$0.001 per share of Common Stock and Ten Million (10,000,000), par value \$0.01 per share of Preferred Stock.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present and will have the same effect as a negative vote on this proposal.

The approval of this proposal is not a condition to the approval of any other proposals submitted to the stockholders. However, if this proposal is not approved, we will have a limited number of unissued and unreserved shares available for issuance.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 100 MILLION TO 200 MILLION SHARES.

Narrative Disclosure to Summary Compensation Table

Janelle Edington was our former President and CEO serving from inception until December 1, 2010. Ms. Edington did not enter into formal written employment agreement with Multisys Language Solutions. She entered into a consulting agreement under which she was to be paid \$1,000 per month beginning September 2008, and it was terminated after June of 2009 because of financial conditions of our company. She remained in the executive officer positions of President, CEO and a director until December 1, 2010. Ms. Edington also received a payment of \$6,000 bonus on November 12, 2010.

Outstanding Equity Awards at Fiscal Year End

There have been no options awards or equity awards given to any executive officers of BRI since inception on June 6, 2008, through the fiscal year ended December 31, 2010.

Compensation of Directors

No compensation was paid to directors for their director services since inception on June 6, 2008, through the fiscal year ended December 31, 2010.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent of our common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes of ownership of our common stock. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

With the exception of a Form 3 that was due to be filed by our former officer and director, Kent L. Jensen, on his own accord, and wasn't filed, we have no knowledge that, as of the date of this filing, our directors, executive officers, and persons who own more than ten percent of our common stock, have not filed an initial Form 3, Form 4 current report, or an annual Form 5 in a timely manner.

Security Ownership of Certain Beneficial Owners and Management.

The following table presents information about the beneficial ownership of our common stock on April 15, 2011, held by our directors and executive officers and by those persons known to beneficially own more than 5% of our capital stock. The percentage of beneficial ownership for the following table is based on 56,317,500 shares of common stock outstanding as of April 15, 2011.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes (unless footnoted) shares of common stock that the stockholder has a right to acquire within 60 days after April 15, 2011, through the exercise of any option, warrant or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has converted options or warrants into shares of our common stock.

Change in Control

We are unaware of any contract, or other arrangement or provision of our Articles or By-laws, the operation of which may at a subsequent date result in a change of control of our company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions With Related Persons, Promoters, and Certain Control Persons

On June 10, 2008, an aggregate of 2,250,000 shares of common stock were issued to our predecessor founders at \$0.0033 per share for aggregate gross proceeds of \$2,250, as follows: 1,500,000 shares of common stock were issued to Janelle Edington, our former President and CEO, 375,000 shares were issued to Christopher Wetzel, former Vice President and director, and 375,000 shares were issued to Raymond Kuh, CFO, former Treasurer, Secretary and director.

On November 9, 2009, we borrowed \$6,500 from our former President, Chief Executive Officer, and Director, Janelle Edington. The note was unsecured, matured May 8, 2010 and bore interest at 6% per annum. On April 2, 2010, the note was repaid in full.

On May 28, 2010, we borrowed \$15,000 from our former President, Chief Executive Officer, and Director, Janelle Edington. The note was unsecured and matured November 23, 2010 and bore interest at 7% per annum. We made a partial repayment of \$2,000 on June 8, 2010, and payment on the remaining balance of \$13,000 in principal outstanding on November 2, 2010, and repayment of accrued interest of \$338.78 on November 5, 2010.

On November 12, 2010, the Officers were paid for services rendered on their work related to the acquisition of assets. Janelle Edington received \$6,000, Raymond Kuh received \$2,000 and Christopher Wetzel received \$2,000.

We acquired the Bakken leasehold interest from Holms Energy, LLC, for a total payment of \$100,000 plus 40,000,000 shares of our restricted common stock, plus 5% royalty for 10 years on the Holms Property. The closing of this transaction was also concluded on November 26, 2010. Holms Energy, LLC, is managed and controlled by Val M. Holms, our current President, CEO, and a director, and his wife Mari P. Holms. We believe that the terms and conditions of this transaction were no less favorable than those which would have been obtained from an unrelated third party.

Promoters and Certain Control Persons

The promoters of our company were Janelle Edington, Raymond Kuh, and Christopher Wetzel, our former officers and directors. They received nothing of value in return for being a promoter. The promoters did purchase shares of common stock for a price equal to the \$.0033 par value on June 10, 2008.

OTHER MATTERS

The management of the Company is not aware of any matter to be acted upon at the Annual Meeting other than the matters described above.
