QUESTIONS AND ANSWERS

Q: When and where is the Annual Meeting?

A: The Company's Annual Meeting of Shareholders will be held at 11:00 a.m., Eastern Time, Friday, June 21, 2019, at our principal executive offices at 7 Clyde Road, Somerset, NJ 08873.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the SEC, we may furnish proxy materials, including this proxy statement and our Annual Report, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice of Internet Availability of Proxy Materials, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q: Who is entitled to vote?

A: You are entitled to vote at the Annual Meeting if the Company's records on April 26, 2019 (the "record date") showed that you owned the Company's common stock, par value \$0.001 (the "Common Stock"). As of April 26, 2019, there were 12,009,742 shares of Common Stock outstanding.

Q: What will I likely be voting on?

A: There are three proposals that are expected to be voted on at the Annual Meeting, which are (i) to amend our certificate of incorporation to increase the Company's authorized shares of common stock from nineteen million shares to twenty-nine million shares; (ii) to amend our certificate of incorporation to increase the Company's authorized shares of preferred stock from four million shares to seven million shares; and (iii) to elect to the Board of Directors

the following nominees presented by the Board: Anne Busquet, Howard L. Clark, Jr. and Stephen Snyder to serve as directors. As of the date of this Proxy Statement, the Company was not aware of any additional matters to be raised at the Annual Meeting.

Q: What is the Board's recommendation?

A: The Board of Directors recommends that you vote your shares:

-FOR the amendment of our certificate of incorporation to increase the Company's authorized shares of common stock from nineteen million shares to twenty-nine million shares.

-FOR the amendment of our certificate of incorporation to increase the Company's authorized shares of preferred stock from four million shares to seven million shares.

-FOR the director nominees.

Q: How many votes is each share entitled to?

A: Each share of Common Stock has one vote. The enclosed proxy card shows the number of shares that you are entitled to vote.

Q: Do I need a ticket to attend the Annual Meeting?

A: Yes. Retain the top of the proxy card as your admission ticket. One ticket will permit two persons to attend. If your shares are held through a broker, contact your broker and request that the broker provide you with evidence of share ownership. This documentation, when presented at the registration desk at the Annual Meeting, will enable you to attend the Annual Meeting.

Q: How do proxies work?

A: The Board of Directors is asking for your proxy. Giving us your proxy means that you authorize us to vote your shares at the Meeting in the manner you direct. You may also abstain from voting. If you sign and return the enclosed proxy card but do not specify how to vote, we will vote your shares in accordance with the Board of Directors' recommendations.

Q: How do I vote?

A: You may:

Vote by marking, signing, dating, and returning a proxy card;

Vote via the Internet by following the voting instructions on the proxy card or the voting instructions provided by your broker, bank, or other holder of record. Internet voting procedures are designed to authenticate your identity, allow you to vote your shares, and confirm that your instructions have been properly recorded. If you submit your vote via the Internet, you may incur costs associated with electronic access, such as usage charges from Internet access providers and telephone companies;

Vote in person by attending the Annual Meeting. We will distribute written ballots to any shareholder who wishes to vote in person at the Annual Meeting.

If your shares are held in street name, your broker, bank, or other holder of record will include a voting instruction form with this Proxy Statement. We strongly encourage you to vote your shares by following the instructions provided on the voting instruction form. Please return your voting instruction form to your broker, bank, or other holder of record to ensure that a proxy card is voted on your behalf.

Q: Do I have to vote?

A: No. However, we strongly encourage you to vote.

Q: What does it mean if I receive more than one proxy card?

A: If you hold your shares in multiple registrations, or in both registered and street name, you will receive a proxy card for each account. Please mark, sign, date, and return each proxy card you receive. If you choose to vote by Internet, please vote each proxy card you receive.

Q: Will my shares be voted if I do not sign and return my proxy card?

A: If your shares are held in street name and you do not instruct your broker or other nominee how to vote your shares, your broker or nominee may use its discretion to vote your shares on “routine matters”. For any “non-routine matters” being considered at the Meeting, your broker or other nominee would not be able to vote on such matters.

Q: Can I change my vote?

A: Yes. You may revoke your proxy and change your vote before the Annual Meeting by submitting a new proxy card with a later date, by casting a new vote via the Internet, by notifying the Company’s Corporate Secretary in writing, or by voting in person at the Meeting. If you do not properly revoke your proxy, properly executed proxies will be voted as you specified in your earlier proxy.

Q: What is a quorum?

A: A quorum is the number of shares that must be present, in person or by proxy, in order for business to be transacted at the Annual Meeting. At least a majority of the outstanding shares eligible to vote must be represented at the Meeting, either in person or by proxy, in order to transact business.

Q: Who will tabulate the votes?

A: A representative from our Company, Norman Roth, will tabulate the votes and act as inspector of election.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of election. The inspector will also determine whether a quorum is present at the Annual Meeting.

The shares represented by the proxy cards received, properly marked, dated, signed, and not revoked, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any proxy card that is returned signed but not marked will be voted as recommended by the Board of Directors.

Q: How are proposals approved by the security holders?

A: Our directors will be elected by a plurality of the votes cast by the shares entitled to vote at the Annual Meeting so long as a quorum is present. All other corporate governance actions, including the votes to increase the authorized number of shares of common and preferred stock, will be approved by a majority of the votes cast. Although state law and our certificate of incorporation and bylaws are silent on the issue, abstentions or broker non-votes as to any matter will be included in the calculations as to the presence of a quorum, but will not be counted as votes cast in such matter in the calculation as to the needed majority vote.

Q: Who will bear the costs of this solicitation?

A: Our Board of Directors is making this solicitation, and we will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials over the Internet; however, you are responsible for Internet access charges you may incur. The solicitation of proxies or votes may be made in person. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

Q: What should I do now?

A: You should read this proxy statement carefully and promptly submit your proxy card or vote by the Internet as provided on the proxy card to ensure that your vote is counted at the Annual Meeting.

Q: How will shares in the Company's employee benefit plans be voted?

A: If you are or were a participant in the Company's employee benefit plans, this Proxy Statement is being used to solicit voting instructions from you with respect to shares of our stock that you own but which are held by the trustees of our benefit plans for the benefit of you and other plan participants. Shares held in our benefit plans that you are entitled to vote will be voted by the plan trustees pursuant to your instructions. Shares held in any employee benefit plan that you are entitled to vote, but do not vote, will be voted by the plan trustees in proportion to the voting instructions received for other shares. You must instruct the plan trustees to vote your shares by utilizing one of the voting methods described above.

Q: How do I obtain a copy of the Company's materials related to corporate governance?

A: The Company's Corporate Governance materials, charters of each standing Board Committee, Code of Conduct, and other materials related to our corporate governance can be found in the Corporate Governance section of the Company's website at <https://ir.mtbc.com/corporate>.

CORPORATE GOVERNANCE

Role and Composition of the Board of Directors

The Company's Board of Directors believes that good corporate governance principles and practices provide a strong framework to assist the Board in fulfilling its responsibilities to shareholders. The Board recognizes the interests of the Company's shareholders, employees, customers, suppliers, consumers, creditors, and the communities in which it

operates, who are all essential to the Company's success. Accordingly, the Board has adopted corporate governance principles relating to its role, composition, structure, and functions. The Board periodically reviews the principles and other corporate governance matters.

Role of the Board and Management and Role in Risk Oversight

The Company's business is conducted by its employees, managers, and officers under the direction of the Chief Executive Officer ("CEO") and the oversight of the Board. The Board of Directors is elected by the shareholders to oversee management and to ensure that the long-term interests of the shareholders are being served. Directors are expected to fulfill duties of care and loyalty and to act with integrity as they actively conduct Board matters. Different persons serve in the positions of CEO and Executive Chairman.

As part of its general oversight function, the Board actively reviews and discusses reports by management on the performance of the Company, its strategy, goals, financial objectives, and prospects, as well as issues and risks facing the Company. The opinions of the independent Compensation Committee Board members are solicited with respect to the selection, evaluation, and determination of compensation and succession planning for the Executive Chairman, CEO and senior executive officers who report directly to the CEO. The Board oversees processes designed to maintain the quality of the Company, including the integrity of the financial statements, the integrity of compliance with laws and ethics, and the integrity of relationships with stakeholders, including shareholders, employees, customers, suppliers, consumers, and the communities in which the Company operates.

The Board administers its risk oversight function directly and through the Board committees. Management regularly reports to the Board and/or the relevant committee regarding identified or potential risks. The general areas of material risk to the Company include strategic, operational, financial, regulatory, and legal risks. The Board regularly reviews our Company's strategies and attendant risks, and provides advice and guidance on strategies to manage these risks while attaining long- and short-terms goals.

Operational risks, financial risks, including internal controls and credit risk associated with our customers, and risks associated with data privacy and security, as well as overall economic risks, are within the purview of the Audit Committee. The Audit Committee's review is accompanied by regular reports from management and assessments from our internal and external auditors. In assessing legal or regulatory risks, the Board and the Audit Committee are advised by management, legal counsel, and experts, as appropriate.

The Compensation Committee is responsible for overseeing the management of risks associated with executive and employee compensation plans and retention, with the goal to ensure that the Company's compensation programs remain consistent with our shareholders' interests, that such programs do not encourage excessive risk-taking and that such programs are designed to retain valued executives and employees.

Board Membership Qualifications

The Board has the responsibility for nominating director candidates to shareholders and filling vacancies. The Nominating and Corporate Governance Committee is responsible for recommending candidates to the Board, as well as recommending the selection criteria used in seeking nominees for election to the Board. The Board has adopted the following director nominee selection criteria. Nominees should possess the highest personal and professional ethics, integrity, and values, and be committed to representing the long-term interests of all shareholders. Nominees should be selected on the basis of their business and professional experience and qualifications, public service, diversity of background, availability to devote sufficient time to the Board and the needs of the Company in light of the qualifications of the other directors or nominees. Candidates should be persons who have demonstrated leadership in multinational companies or government, finance or accounting, higher education or other fields, or who are able to

provide the Company with relevant expertise, industry knowledge or marketing acumen. Nominees should also represent all shareholders rather than special interest groups or any group of shareholders. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contribution to the activities of the Board. The Nominating and Corporate Governance Committee may use the services of an executive search firm to assist the Company in identifying potential nominees and to participate in the evaluation of candidates for Board membership. Shareholders may suggest nominees for consideration by submitting names of nominees and supporting information to the Corporate Secretary of the Company.

Size of the Board

The Company's By-Laws establish that the Board shall determine the number of directors from time to time so long as the number so determined shall not be less than three. The Board periodically reviews the appropriate size of the Board, which is presently set at seven Board members by resolution of the Board of Directors.

Executive Chairman and CEO

The Executive Chairman and the CEO are selected by the Board. The Board determines whether the roles of Executive Chairman and CEO should be separate or combined based upon its judgment as to the most appropriate structure for the Company at a given point in time. Mahmud Haq serves as Executive Chairman and Stephen A. Snyder serves as CEO.

Ethics and Conflicts of Interest

The Board expects its directors, as well as the Company's officers and employees, to act ethically at all times and to acknowledge their adherence to the policies comprising the Company's Code of Conduct. The Board will not permit any waiver of any ethics policy for any director or executive officer. The Board will resolve any conflict of interest question involving a director, the CEO, or a member of the Office of the Executive Chairman, and the CEO will resolve any conflict of interest issue involving any other officer of the Company. The Code of Conduct is available at <https://ir.mtbc.com/corporate>.

BOARD COMMITTEES

Number and Responsibilities of Committees

The current three committees of the Board are Audit, Compensation, and Nominating and Corporate Governance. The membership of the committees is required to consist entirely of independent directors, based on the NASDAQ requirements. The Board may form new committees, disband an existing committee, and delegate additional responsibilities to a committee. The responsibilities of the committees are set forth in written charters, which are reviewed periodically by the committees, the Nominating and Corporate Governance Committee, and the Board, and are available on the Company's website at <https://ir.mtbc.com/corporate>.

Committee Meetings

The chair of each committee, in consultation with committee members and in compliance with the committee's charter requirements, determines the frequency of committee meetings and develops meeting agendas. The full Board is

apprised of matters addressed by the committees in their meetings. During 2018, the Audit Committee held five meetings, the Compensation Committee held four meetings, and the Nominating and Corporate Governance Committee held four meetings.

BOARD OPERATIONS

Board Meetings

Regular meetings of the Board are held at least four times per year. The Board may hold additional meetings, including by teleconference or other electronic means, as needed, to discharge its responsibilities. The Chairman of the Board, in consultation with other Board members, establishes the agenda for each Board meeting. Each Board member may suggest items for inclusion on the agenda.

During 2018, the Board held four meetings and acted by written/electronic consent twelve times. Each director attended at least 75% of all Board of Directors and applicable committee meetings.

Board Materials

Information and data that is important to the business to be considered at a Board or committee meeting are distributed in advance of the meeting, to the extent possible.

Management Evaluation, Succession, and Compensation

The performance of the Executive Chairman and CEO is evaluated annually by the Compensation Committee, in consultation with the full Board, based upon objective criteria, including the performance of the business and the accomplishment of goals and strategic objectives. This committee also makes recommendations to the Board with respect to CEO succession. The CEO reviews management succession planning and development with the full Board of Directors on an annual basis. The Compensation Committee evaluates performance in setting Executive Chairman and CEO and senior executive officer salary, bonus, and other incentive and equity compensation.

Board Compensation

The Compensation Committee is responsible for recommending any changes in Board compensation. In discharging this duty, the committee is guided by the following considerations: compensation should fairly pay directors for work required for a company of MTBC's size and scope; compensation should align directors' interests with the long-term interests of shareholders; and the structure of compensation should be transparent and understandable. Non-employee directors receive a monthly retainer plus restricted stock units, with no additional fees for meeting attendance. The chairman of the Audit Committee receives an additional retainer for serving in that capacity.

Board Access to Management and Independent Advisors

Members of the Board have free access to the employees of the Company, and Board committees have the authority to retain such outside advisors as they determine appropriate to assist in the performance of their functions. Additionally, members of the Board may periodically visit Company facilities.

Approval of Goals and Strategic and Financial Objectives

The overall strategy of the Company is reviewed periodically at Board meetings.

Communication with Management and Directors

The response to any shareholder proposal is the responsibility of management subject to oversight by the appropriate Board committee. The Board is apprised of shareholder proposals and the Company's response to such proposals.

Shareholders and other interested parties may contact the presiding director or non-management directors via the Corporate Secretary of the Company at 7 Clyde Road, Somerset, NJ 08873.

Disclosure and Review of Corporate Governance Principles

The Company's Corporate Governance Principles and all Board committee charters are available on the Company's website at <https://ir.mtbc.com/corporate> and are also available in print to any shareholder upon request. The Nominating and Corporate Governance Committee reviews these Corporate Governance Principles periodically, and reports the results of this review to the full Board.

Policies on Business Ethics and Conduct

All Company employees and directors, including the Executive Chairman, the Chief Executive Officer, the Chief Financial Officer, and the Principal Accounting Officer, are required to abide by the Company's Code of Conduct to ensure that the Company's business is conducted in a consistently legal and ethical manner. The Code of Conduct forms the foundation of a comprehensive program that requires compliance with all corporate policies and procedures and seeks to foster an open relationship among colleagues that contributes to good business conduct and an abiding belief in the integrity of our employees. The Company's policies and procedures cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property, and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of the Company's business.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct.

The full text of the Code of Conduct is published on the Company's website at <https://ir.mtbc.com/corporate>, and is available in print to any shareholder upon request.

Director Independence

Our Board has considered the relationships of all directors with us and the independence of each director, and determined that Ms. Anne Busquet, and Messrs. Howard Clark, John Daly and Cameron Munter, do not have any relationship which would interfere with the exercise of independent judgment in carrying out his or her responsibility as a director and that each non-employee director qualifies as an independent director under the applicable rules of NASDAQ.

A "Related Person Transaction" is a transaction with the Company in an amount exceeding \$54,500 in which a Related Person has a direct or indirect material interest. A Related Person includes the executive officers, directors, and five percent or more shareholders of the Company, and any immediate family member of such a person. Executive Employment Arrangements

We are party to employment agreements with each of Messrs. Haq, Snyder and Korn (the “Employment Agreements”). Each of the Employment Agreements has a two-year term unless earlier terminated, and is automatically renewed at the end of the initial term and annually thereafter in each case, for a one-year term, unless either party provides at least ninety days’ prior written notice of non-renewal.

Each Employment Agreement provides for the payment of base salary and bonus, as well as customary employee benefits. Under each of the Employment Agreements, if the executive’s employment is terminated by the Company without “cause” or by the executive if a “material demotion,” occurs (as such terms are defined in the applicable Employment Agreement) the executive shall receive salary continuation payments for the remainder of the contractual term, but in no event for less than twenty-four months with respect to Messrs. Haq, Snyder and Korn. In addition to salary continuation payments, executive shall receive payment of “COBRA” premiums for the executive and his dependents as long as the executive does not become eligible for health coverage through another employer during this severance period. Each of the Employment Agreements also restricts the executive from engaging in a competitive business during his employment and for 12 months thereafter, or soliciting our employees and customers during his employment and for 12 months thereafter.

Our Compensation Committee, currently comprised of Messrs. Daly and Munter, are tasked with discharging the Board of Directors’ responsibilities related to oversight of compensation of named executive officers and ensuring that our executive compensation program meets our corporate objectives. The Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the compensation of our named executive officers, as well as evaluating their performance in light of those goals and objectives. Based on this review and evaluation, as well as on input from our Chief Executive Officer regarding the performance of our other named executive officers and his recommendations as to their compensation, the Committee will determine and approve each named executive officer’s compensation annually. As a public company, our named executive officers will not play a role in their own compensation determinations.

Employee Benefit Plans

Amended and Restated Equity Incentive Plan. The purpose of the Amended and Restated Equity Incentive Plan (the “Equity Plan”) is to promote our success by linking the personal interests of our employees, officers, directors and consultants to those of our shareholders, and by providing participants with an incentive for outstanding performance. The Amended Plan authorizes the grant of awards in any of the following forms:

Options to purchase shares of common stock, which may be non-statutory stock options or incentive stock options under the Internal Revenue Code (the “Code”). The exercise price of an option granted under the Equity Plan may not be less than the fair market value of our common stock on the date of grant. Stock options granted under the Equity Plan have a term of ten years.

Stock appreciation rights, or SARs, which give the holder the right to receive the excess, if any, of the fair market value of one share of common stock on the date of exercise, over the base price of the stock appreciation right. The base price of a SAR may not be less than the fair market value of our common stock on the date of grant. SARs granted under the Equity Plan have a term of ten years.

Restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee.

Restricted stock units, which represent the right to receive shares of common stock (or an equivalent value in cash or other property) in the future, based upon the attainment of stated vesting or performance goals set by the Compensation Committee.

Performance stock and cash settled awards, which represent the right to receive shares of common stock or cash, as applicable, in the future upon the attainment of certain stated performance goals.

Preferred stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee.

Other stock-based awards in the discretion of the Compensation Committee, including unrestricted stock grants.

All awards are evidenced by a written award certificate between MTBC and the participant, which include such provisions as may be specified by the Compensation Committee. Dividend equivalent rights, which entitle the participant to payments in cash or property calculated by reference to the amount of dividends paid on the shares of stock underlying an award, may be granted with respect to awards other than options or SARs.

Awards to Non-Employee Directors. Awards granted under the Equity Plan to non-employee directors may be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of non-employee directors as in effect from time to time. The Committee may not make discretionary grants under the Equity Plan to non-employee directors.

Shares Available for Awards: Adjustments. Subject to adjustment as provided in the Equity Plan, the aggregate number of shares of common stock reserved and available for issuance pursuant to awards granted under the Equity Plan at December 31, 2018 is 547,790. There are also 182,400 shares of our 11% Series A Cumulative Perpetual Preferred Stock reserved and available for issuance under the Equity Plan. In the event of a nonreciprocal transaction between MTBC and its shareholders that causes the per share value of the common stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the share authorization limits under the Equity Plan will be adjusted proportionately, and the Compensation Committee must make such adjustments to the Equity Plan and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction.

Administration. The Equity Plan will be administered by the Compensation Committee. The Committee will have the authority to grant awards; designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the Equity Plan; and make all other decisions and determinations that may be required under the Equity Plan. The Board of Directors may at any time administer the Equity Plan. If it does so, it will have all the powers of the Compensation Committee under the Equity Plan. In addition, the Board may expressly delegate to a special committee some or all of the Compensation Committee's authority, within specified parameters, to grant awards to eligible participants who, at the time of grant, are not executive officers.

Limitations on Transfer: Beneficiaries. No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution; provided, however, that the Compensation Committee may permit other transfers (other than transfers for value) where the Compensation Committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Treatment of Awards upon a Participant's Death or Disability. Unless otherwise provided in an award certificate or any special plan document governing an award, upon the termination of a participant's service due to death or disability:

all of that participant's outstanding options and SARs will become exercisable to the extent the participant was entitled to exercise such option or SAR, but only within the period ending on the earlier of (i) twelve (12) months with respect to a termination due to disability and eighteen (18) months with respect to a termination due to death, and (ii) the term of the option or SAR;

shares of common stock and outstanding awards which have not vested at the time of the termination of service may be forfeited; and

the payout opportunities attainable under all of that participant's outstanding performance-based awards may be forfeited and the awards may payout on a pro rata basis, based on the time elapsed prior to the date of termination.

Treatment of Awards upon a Change in Control. Unless subject to additional acceleration of vesting and exercisability as may be provided in an award certificate or any special plan document governing an award, outstanding awards will be subject to one year acceleration of vesting as provided in the Plan upon a change in control.

Termination and Amendment. The Equity Plan will terminate on April 3, 2024. The Board or the Compensation Committee may, at any time and from time to time, terminate or amend the Equity Plan, but if an amendment to the Equity Plan would constitute a material amendment requiring shareholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to shareholder approval. No termination or amendment of the Equity Plan may adversely affect any award previously granted under the Equity Plan without the written consent of the participant. Without the prior approval of our shareholders, the Equity Plan may not be amended to directly or indirectly reprice, replace or repurchase “underwater” options or SARs.

Amended and Restated Equity Plan Benefits

Benefits to be received by our executive officers, directors and employees as a result of the Equity Plan are not determinable, since the amount of grants of options and restricted stock made under the plan is discretionary. Set forth in the table below are the number of equity awards since inception that have been granted under the equity incentive plan to: (i) each of our named executive officers, (ii) our executive officers as a group, (iii) our non-employee directors as a group and (iv) our non-executive employees as a group. Shares which were forfeited are available to be re-granted under the Equity Plan.

Report of the Audit Committee

The Board of Directors of MTBC has a separately-designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Exchange Act. MTBC's Audit Committee has three members: Mr. Howard L. Clark, Jr., who serves as the Chairperson, Ms. Anne M. Busquet and Mr. John N. Daly. The Audit Committee is comprised entirely of independent directors who meet the independence requirements of the Listing Rules of the NASDAQ Stock Market and the SEC. The Board of Directors has determined that Mr. Clark meets the criteria and definition of an "audit committee financial expert" pursuant to Item 407(d) of Regulation S-K. The Audit Committee operates pursuant to a charter that is available on the Investor Relations section of our website at <https://ir.mtbc.com/corporate>.

Management has primary responsibility for MTBC's internal accounting controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of MTBC's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and to issue a report as a result of such audit. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee serves as a focal point for communication among the Board of Directors and its committees, the independent registered public accounting firm and management, as the respective duties of such groups, or their constituent members, relate to MTBC's financial accounting and reporting and to its internal controls.

In performing its responsibilities, the Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the audited consolidated financial statements in MTBC's Annual Report on Form 10-K for the year ended December 31, 2018. These discussions included the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board.

The Audit Committee also discussed with the independent registered public accounting firm its independence from MTBC and its management, including the written disclosures and letter submitted to the Audit Committee by the independent registered public accounting firm as required by the Public Company Accounting Oversight Board.

Based on the reviews and discussions referred to above, the Audit Committee unanimously recommended to the Board of Directors (and the Board of Directors approved) that the audited consolidated financial statements be included in MTBC's Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

Matters to Be Acted Upon

1. Amend the Company's Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock from Nineteen Million Shares to Twenty-Nine Million Shares

(Item 1 on proxy card)

Our Board of Directors has authorized, approved and declared advisable an amendment to our certificate of incorporation (the "Certificate") that increases the number of authorized shares of our common stock from nineteen million shares to twenty-nine million shares. The proposed amendment is subject to approval by our shareholders.

Our Board of Directors believes that it is advisable and in our best interests and the best interests of our shareholders to amend the Certificate in order to have available additional authorized but unissued shares of common stock in an amount adequate to provide for our future needs. The additional shares will be available for issuance from time to time by us in the discretion of our Board of Directors. We anticipate the possibility of one or more offerings of these newly authorized shares of common stock in the future; however, no further authorization by shareholders will be needed by the Company for the issuance thereof. We intend to continue to evaluate possible acquisitions. If any such acquisitions were paid for using cash or stock, we could potentially need to issue additional shares of common stock for capital raising purposes or as consideration for such acquisitions. By amending the Certificate to increase the authorized common stock at this time, our Board of Directors will then be able to respond quickly to a potential business opportunity where it would be impracticable for us to seek and timely obtain shareholder approval authorizing additional shares for purposes of such opportunity. Additional authorized shares will also provide us with greater flexibility to use our common stock for various other business purposes including awarding additional shares under the equity incentive plan and establishing strategic relationship with other companies. We anticipate the possibility of one or more offerings of common stock to finance future growth; however, we do not currently have specific arrangements or plans that would involve the issuance of the proposed additional authorized shares.

As a Nasdaq-listed company, there are restrictions on the Company's ability to issue additional shares of common stock without further shareholder approval, even if the Company has available authorized, but unissued shares. For example, pursuant to applicable Nasdaq rules, the Company cannot issue more than 20% of its outstanding common stock for less than "market value" of the stock (as measured by Nasdaq closing prices) in a transaction other than a public offering without obtaining further shareholder approval. Additionally, shareholder approval is required under Nasdaq rules prior to the issuance of common stock in connection with the acquisition of the stock or assets of another company if the number of shares issued will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance. Notwithstanding that, in some situations, the Company may still need to seek additional shareholder approval for certain issuances, the Board of Directors believes the availability of such additional shares will enable the Company to act promptly when the Board of Directors believes that the issuance of additional shares of common stock is advisable and in the Company's best interest.

The additional shares of authorized common stock would be part of the Company's existing class of common stock and, if and when issued, would have the same rights and privileges as the shares of common stock that are currently outstanding. Existing shareholders would experience dilution of their ownership interests if additional shares of common stock are issued, which may be substantial. The issuance of these securities could cause a significant reduction in the percentage interests of current shareholders, their voting power, the liquidation value, book and market value of their shares, and the future earnings per share of the Company. The degree of any dilution that would occur following the issuance of additional shares of common stock would depend upon the number of shares that are actually issued in the future. The sale or resale of the additional securities could also cause the market price of our common stock to decline.

In order to raise capital, the Company may sell common stock or other securities convertible into common stock, which may be dilutive. The Company may raise capital in the future in order to support its operations, expand its business, or fund acquisitions. The approval of this amendment to the Certificate would make it easier for the Company to sell common stock if any of the foregoing situations made it necessary or advisable. The Company continually explores strategic alternatives to strengthen its capital position and enhance long-term shareholder value, but does not currently have any agreements, arrangements, commitments, or understandings with respect to the issuance of any additional shares of common stock that would be authorized upon approval of this amendment to the Certificate and does not currently have any plans to issue additional shares of common stock other than pursuant to its current equity compensation plans.

The proposed amendment and a complete copy of the Company's existing certificate of incorporation is attached hereto as Appendix A.

The Board of Directors unanimously recommends a vote FOR the approval of an amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of common stock.

2. Amend the Company's Certificate of Incorporation to Increase the Number of Authorized Shares of Preferred Stock from Four Million Shares to Seven Million Shares

(Item 2 on proxy card)

Our Board of Directors has authorized, approved and declared advisable an amendment to our certificate of incorporation (the "Certificate") that increases the number of authorized shares of our preferred stock from four million shares to seven million shares. The proposed amendment is subject to approval by our shareholders.

Our Board of Directors believes that it is advisable and in our best interests and the best interests of our shareholders to amend the Certificate in order to have available additional authorized but unissued shares of preferred stock in an amount adequate to provide for our future needs. The additional shares will be available for issuance from time to time by us in the discretion of our Board of Directors. We anticipate the possibility of one or more offerings of these newly authorized shares of preferred stock in the future; however, no further authorization by shareholders will be needed by the Company for the issuance thereof. The specific terms of the preferred stock being authorized including dividend rates, voting rights, conversion prices (if any), redemption prices, maturity dates, and similar matters, will all be determined by the Board of Directors. The additional preferred stock to be authorized by the proposed amendment may include shares having rights identical to our currently outstanding Series A Preferred Stock and may include shares having rights that are materially different than our Series A Preferred Stock.

We intend to continue to evaluate possible acquisitions. If any such acquisitions were paid for using cash or stock, we could potentially need to issue additional shares of preferred stock for capital raising purposes or as consideration for such acquisitions. By amending the Certificate to increase the authorized preferred stock at this time, our Board of Directors will then be able to respond quickly to a potential business opportunity where it would be impracticable for us to seek and timely obtain shareholder approval authorizing additional shares for purposes of such opportunity. Additional authorized shares will also provide us with greater flexibility to use our preferred stock for various other business purposes including awarding additional shares under the equity incentive plan and establishing strategic relationship with other companies. We anticipate the possibility of one or more offerings of preferred stock to finance future growth; however, we do not currently have specific arrangements or plans that would involve the issuance of the proposed additional authorized shares.

The additional shares of authorized preferred stock, if and when issued, may have different rights and privileges as the shares of preferred stock that are currently outstanding. Existing shareholders may experience dilution of their ownership interests if additional shares of preferred stock are issued, which may be substantial. The issuance of these securities could cause a significant reduction in the percentage interests of current shareholders, their voting power, the liquidation value, book and market value of their shares, and the future earnings per share of the Company. The degree of any dilution that would occur following the issuance of additional shares of preferred stock would depend upon the number of shares and the rights and privileges of such preferred stock that are actually issued in the future. The sale or resale of the additional securities could also cause the market price of our preferred and common stock to decline.

In order to raise capital, the Company may sell preferred stock or other securities convertible into preferred stock, which may be dilutive. The Company may raise capital in the future in order to support its operations, expand its business, or fund acquisitions. The approval of this amendment to the Certificate would make it easier for the Company to sell preferred stock if any of the foregoing situations made it necessary or advisable. The Company continually explores strategic alternatives to strengthen its capital position and enhance long-term shareholder value, but does not currently have any agreements, arrangements, commitments, or understandings with respect to the issuance of any additional shares of preferred stock that would be authorized upon approval of this amendment to the Certificate and does not currently have any plans to issue additional shares of preferred stock other than pursuant to its current equity compensation plans.

Because the Board of Directors has the authority, without further action by our shareholders, to determine the rights and preferences associated with our preferred stock, including voting rights, the Board of Directors could designate a series of preferred stock having rights and privileges that may have the effect of delaying, deferring or discouraging another person from acquiring control of our Company. These provisions may have the effect of discouraging takeover bids. However, they may also be designed, in part, to encourage persons seeking to acquire control of us to negotiate first with our Board of Directors. We believe that the benefits of increased protection of our potential ability to negotiate with an unfriendly or unsolicited acquirer outweigh the disadvantages of discouraging a proposal to acquire us because negotiation of these proposals could result in an improvement of their terms. The increase in authorized but unissued shares of preferred stock may increase the ability of our Board of Directors to render more difficult or to discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or other means. The Board of Directors, however, does not intend or view the increase in authorized but unissued shares of preferred stock as an anti-takeover measure, nor does it contemplate its use in this manner at any time in the foreseeable future.

The proposed amendment and a complete copy of the Company's existing certificate of incorporation is attached hereto as Appendix A.

The Board of Directors unanimously recommends a vote FOR the approval of an amendment to the Company's Certificate of Incorporation to increase the authorized number of shares of preferred stock.

Ms. Busquet graduated from Cornell University and received her MBA from Columbia University.

The Board of Directors unanimously recommends a vote FOR the election of the nominees named above.

Required Vote

As to Item 3, the Election of Directors, the nominees must receive a plurality of the voting power, entitled to vote for the election of directors, of the shares present or represented by proxy at the meeting in order to be elected. This means that the director candidate receiving the largest number of votes "for" their election will be elected to the Board of Directors.
