Item 8.01 Other Events.

Historically, ascena retail group, inc. (the "Company") organized its businesses into six reportable segments following a brand-focused approach: ANN, Justice, Lane Bryant, maurices, dressbarn and Catherines.

In October 2016, as previously announced in its Current Report on Form 8-K filed October 7, 2016, the Company initiated a restructuring plan with the objective of delivering sustainable long-term growth and shareholder value (the "Change for Growth" program). The Change for Growth program is expected to (i) refine the operating model to increase its focus on key customer segments, (ii) improve the time-to-market, (iii) reduce working capital and (iv) enhance the ability to serve the customers on any purchasing platform, all while better leveraging the Company's shared service platform. As part of refining the operating model, the Company shifted from a brand-based focus to a customer-based focus in order to reduce organizational overlap and maximize operational efficiencies. In doing so, the Company eliminated a number of executive positions during the first quarter of Fiscal 2017.

As a result of the Change for Growth program, effective with the beginning of its current fiscal year ending July 29, 2017, the Company reorganized its businesses into four operating segments to reflect the new customer-based operating model: Premium Fashion, Value Fashion, Plus Fashion and Kids Fashion. Each segment is led by a segment manager who is directly accountable for that segment's financial performance and maintains regular contact with the Company's chief operating decision maker (the "CODM") to review the operating activities, financial results, forecasts and business plans of the segment. Accordingly, the Company's CODM evaluates performance and allocates resources at the segment level.

This Current Report on Form 8-K is being provided to recast historically reported segment information for the fiscal years ended July 30, 2016 ("Fiscal 2016") and July 25, 2015 ("Fiscal 2015"), in order to enhance the comparability of the Company's segment operating performance. This data was derived from the previously filed quarterly reports on Form 10-Q and annual reports on Form 10-K in respect of Fiscal 2016 and Fiscal 2015. There have been no changes in total net sales, total operating income, total depreciation and amortization, total inventories or total long-lived tangible asset impairments in any period. This recast segment information is included herein as Exhibit 99.1.
