NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except per share data)

(unaudited)

Note 1. Basis of Presentation and Organization

General

The accompanying condensed consolidated financial statements of Five Star Quality Care, Inc. and its subsidiaries, or we, us or our, are unaudited. Certain information and disclosures required by U.S. generally accepted accounting principles, or GAAP, for complete financial statements have been condensed or omitted. We believe the disclosures made are adequate to make the information presented not misleading. However, the accompanying financial statements should be read in conjunction with the financial statements and notes contained in our Annual Report on Form 10-K for the year ended December 31, 2015, or our Annual Report. In the opinion of our management, all adjustments, which include only normal recurring adjustments, considered necessary for a fair presentation have been included. All intercompany transactions and balances with or among our consolidated subsidiaries have been eliminated. Our operating results for interim periods are not necessarily indicative of the results that may be expected for the full year. Certain reclassifications have been made to the prior years' condensed consolidated financial statements to conform to the current year's presentation.

We operate senior living communities, including independent living communities, assisted living communities and skilled nursing facilities, or SNFs. As of June 30, 2016, we operated 276 senior living communities located in 32 states with 31,191 living units, including 245 primarily independent and assisted living communities with 28,590 living units and 31 SNFs with 2,601 living units. As of June 30, 2016, we owned and operated 26 communities (2,703 living units), we leased and operated 188 communities (20,249 living units) and we managed 62 communities (8,239 living units). Our 276 senior living communities, as of June 30, 2016, included 10,673 independent living apartments, 15,574 assisted living suites and 4,944 skilled nursing beds. The foregoing numbers exclude one senior living community with 32 living units that we own and which is classified as a discontinued operation and exclude living units categorized as out of service.

Segment Information

We have two operating segments: senior living communities and rehabilitation and wellness. In the senior living community segment, we operate for our own account or manage for the account of others independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services to elderly residents. Our rehabilitation and wellness operating segment does not meet any of the quantitative thresholds of a reportable segment as prescribed under Financial Accounting Standards Board, or the FASB, Accounting Standards Codification TM, or ASC, Topic 280, Segment Reporting, and therefore we have determined that our business is comprised of one reportable segment, senior living. All of our operations and assets are located in the United States, except for the operations of our Cayman Islands organized captive insurance company subsidiary, which participates in our workers' compensation and professional and general liability insurance programs.

Note 2. Recent Accounting Pronouncements

In December 2015, we early adopted FASB Accounting Standards Update, or ASU, No. 2015-17, Balance Sheet Classification of Deferred Taxes, which requires that deferred tax assets and liabilities be classified as noncurrent in a consolidated balance sheet rather than the former presentation of separating deferred tax assets and liabilities into current and noncurrent amounts. We adopted this ASU using prospective application. Since we have recognized a full deferred tax valuation allowance since 2014 and our deferred tax assets and liabilities net to zero, the implementation of this ASU did not have a material impact on our consolidated financial statements.

On January 1, 2016, we adopted FASB ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs, which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the associated debt liability, and ASU No. 2015-15, Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements – Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting, which addresses the presentation of debt issuance costs related to line of credit arrangements. The implementation of ASU No. 2015-03 did not have a material impact on our condensed consolidated financial statements. The adoption of ASU No. 2015-15 did not result in any changes in the classification of capitalized debt issuance costs related to our secured revolving credit facility.

(unaudited)

On January 1, 2016, we adopted FASB ASU No. 2015-16, Simplifying the Accounting for Measurement-Period Adjustments, which eliminates the requirement for an acquirer in a business combination to account for measurement period adjustments retrospectively. Instead, acquirers must recognize measurement period adjustments during the period in which they determine the amounts, including the effect on earnings of any amounts that would have been recorded in previous periods if the accounting had been completed at the acquisition date. The implementation of this ASU did not have a material impact on our condensed consolidated financial statements.

In January 2016, the FASB issued ASU No. 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities, which changes how entities measure certain equity investments and present changes in the fair value of financial liabilities measured under the fair value option that are attributable to their own credit. This ASU is effective for interim and annual periods beginning after December 15, 2017, with early adoption permitted subject to certain conditions. Currently, changes in fair value of these investments are recorded through other comprehensive income. Under this ASU, these changes will be recorded through earnings. We are continuing to evaluate this ASU, but we expect the implementation of this ASU will affect available for sale equity investments that we hold.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). ASU No. 2016-02 requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase of the leased asset by the lessee. This classification will determine whether the lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease. A lessee is also required to record a right of use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales type leases, direct financing leases and operating leases. ASU No. 2016-02 is effective for reporting periods beginning after December 15, 2018, with early adoption permitted. We are currently assessing the potential impact the adoption of ASU No. 2016-02 will have on our condensed consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Compensation - Stock Compensation (Topic 718), which identifies areas for simplification involving several aspects of accounting for share based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, an option to recognize gross stock compensation expense with actual forfeitures recognized as they occur, as well as certain classifications on the statement of cash flows. ASU No. 2016-09 is effective for reporting periods beginning after December 15, 2016. We are currently assessing the potential impact the adoption of ASU No. 2016-09 will have on our condensed consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), which outlines a comprehensive model for entities to use in accounting for revenue arising from contracts with customers. This ASU clarifies the principles for recognizing revenue by, among other things, removing inconsistencies in revenue requirements, improving comparability of revenue recognition practices across entities and industries and providing improved disclosure requirements. In July 2015, the FASB approved a one year deferral of the effective date for this ASU to interim and annual reporting periods beginning after December 15, 2017; however, early adoption at the original effective date is still permitted. In March 2016, the FASB issued ASU No. 2016-08, Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net), which clarifies how an entity should identify the unit of accounting for the principal versus agent evaluation and how it should apply the control principle to certain types of arrangements, such as service transactions. We are currently evaluating the impact that the adoption of these ASUs will have on our condensed consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, Financial Instruments-Credit Losses (Topic 326), which requires a financial asset or a group of financial assets measured at amortized cost basis, to be presented at the net amount expected to be collected. This ASU eliminates the probable initial recognition threshold and instead reflects an entity's current

(unaudited)

estimate of all expected credit losses. In addition, this ASU amends the current available for sale security other-than-temporary impairment model for debt securities. The length of time that the fair value of an available for sale debt security has been below the amortized cost will no longer impact the determination of whether a credit loss exists and credit losses will now be limited to the difference between a security's amortized cost basis and its fair value. This ASU is effective for reporting periods beginning after December 15, 2019. We are currently assessing the potential impact the adoption of ASU No. 2016-13 will have on our condensed consolidated financial statements.

## Note 3. Property and Equipment

Property and equipment consists of the following:

	June 30, 2016	December 31, 2015
Land	\$ 22,261	\$ 25,410
Buildings and improvements	302,093	338,522
Furniture, fixtures and equipment	176,800	165,497
Property and equipment, at cost	501,154	529,429
Accumulated depreciation	(149,662)	(145,571)
Property and equipment, net	\$ 351,492	\$ 383,858

We recorded depreciation expense relating to our property and equipment of \$9,197 and \$8,110 for the three months ended June 30, 2016 and 2015, respectively, and \$18,143 and \$15,978 for the six months ended June 30, 2016 and 2015, respectively.

We review the carrying value of long lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If there is an indication that the carrying value of an asset is not recoverable, we determine the amount of impairment loss, if any, by comparing the historical carrying value of the asset to its estimated fair value. We determine estimated fair value based on input from market participants, our experience selling similar assets, market conditions and internally developed cash flow models that our assets or asset groups are expected to generate, and we consider these estimates to be a Level 3 fair value measurement. As a result of our long lived assets impairment review, we recorded \$306 of impairment charges to certain of our long lived assets in continuing operations for the six months ended June 30, 2016.

As of June 30, 2016, we had \$6,136 of assets included in our property and equipment that we currently expect to request that Senior Housing Properties Trust, or, together with its subsidiaries, SNH, purchase from us for an increase

in future rent; however, SNH is not obligated to purchase such amounts. Please see Note 10 for more information regarding our leases and other arrangements with SNH, including the June 2016 sale and leaseback transaction.

#### Note 4. Accumulated Other Comprehensive Income

The following table details the changes in accumulated other comprehensive income, net of tax, for the six months ended June 30, 2016:

	Equity Investment of an Investee	Investments in Available for Sale Securities	Accumulated Other Comprehensive Income
Balance at January 1, 2016	\$ 30	\$ 2,885	\$ 2,915
Unrealized gain on investments, net of tax of \$0, \$545 and \$545, respectively	—	826	826
Equity in unrealized gain of an investee	95	—	95
Reclassification adjustment:			
Realized gain on investments, net of tax	—	(235)	(235)
Balance at June 30, 2016	\$ 125	\$ 3,476	\$ 3,601

Accumulated other comprehensive income represents the unrealized gains and losses of our investments, net of tax, and our share of other comprehensive income of Affiliates Insurance Company, or AIC.

Note 5. Income Taxes

For the six months ended June 30, 2016, we recognized income tax expense from our continuing operations of \$3,775, which consists of a current state tax payable of \$4,320 related primarily to the gain on sale for tax purposes associated with the June 2016 sale and leaseback transaction discussed in Note 10, net of federal and state intraperiod tax allocation benefits totaling \$545 related to the unrealized gains on our available for sale securities. We have not recognized any federal income tax expense attributable to federal taxable income because the federal taxable income and expense in the three and six months ended June 30, 2016 was offset by our federal net operating loss carry forwards and tax credit carry forwards. We did not recognize any income tax expense or benefit from our discontinued operations for any period presented.

As of June 30, 2016, after reduction for the amounts utilized to offset federal taxable income in the six months ended June 30, 2016, our federal net operating loss carry forwards, which are scheduled to begin expiring in 2033 if unused, were approximately \$52,104, and our tax credit carry forwards, which begin expiring in 2027 if unused, were approximately \$17,957. We have an additional \$427 of federal net operating loss carry forwards not included in the \$52,104, that are attributable to unvested stock grants which will be recorded as an increase to additional paid in capital once they are realized in accordance with FASB ASC Topic 718, Compensation – Stock Compensation. Our federal net operating loss carry forwards and tax credit carry forwards are subject to possible audit and adjustment by the Internal Revenue Service.

During the year ended December 31, 2014, we determined it was more likely than not that our net deferred tax assets would not be realized and concluded that a full valuation allowance was required, which eliminated the amount of our net deferred tax assets recorded in our consolidated balance sheets. In the future, if we believe that we will more likely than not realize the benefit of these deferred tax assets, we will adjust our valuation allowance and recognize an income tax benefit, which may affect our results of operations.

Note 6. Earnings Per Share

We calculated basic earnings per common share, or EPS, for the three and six months ended June 30, 2016 and 2015 using the weighted average number of shares of our common stock, \$.01 par value per share, or our common shares, outstanding during the periods. Diluted EPS reflects the more dilutive earnings per common share amount calculated using the two class method or the treasury stock method. The three months ended June 30, 2016 and 2015 had 930,605 and 529,217, respectively, and the six months ended June 30, 2016 and 2015 had 936,424 and 616,541, respectively of potentially dilutive restricted unvested common shares that were not included in the calculation of diluted EPS because to do so would have been antidilutive.

The following table provides a reconciliation of loss from continuing operations and loss from discontinued operations and the number of common shares used in the calculations of diluted EPS:

## Note 7. Fair Values of Assets and Liabilities

Our assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with FASB ASC Topic 820, Fair Value Measurements and Disclosures. We apply the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that we have the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and quoted prices in inactive markets.

Level 3 inputs are unobservable inputs for the asset or liability in which there is little, if any, market activity for the asset or liability at the measurement date.

(1) Cash equivalents consist of short term, highly liquid investments and money market funds held principally for obligations arising from our self insurance programs. Cash equivalents are reported in our condensed consolidated balance sheets as cash and cash equivalents and current and long term restricted cash. Cash equivalents include \$11,142 and \$4,027 of balances that are restricted at June 30, 2016 and December 31, 2015, respectively.

(2) As of June 30, 2016, our investments in available for sale securities had a fair value of \$47,207 with an amortized cost of \$44,529; the difference between the fair value and amortized cost amounts resulted from unrealized gains of \$2,996, net of unrealized losses of \$318. As of December

31, 2015, our investments in our available for sale securities had a fair value of \$49,583 with an amortized cost of \$48,040; the difference between the fair value and amortized cost amounts resulted from unrealized gains of \$2,113, net of unrealized losses of \$570. At June 30, 2016, 17 of the securities we hold, with a fair value of \$2,914, have been in a loss position for less than 12 months and 10 of the securities we hold, with a fair value of \$1,316, have been in a loss position for greater than 12 months. We do not believe these securities are impaired primarily because they have not been in a loss position for what we believe to be extended periods of time, the financial conditions of the issuers of these securities remain strong with solid fundamentals, we intend to hold these securities until recovery, and other factors that support our conclusion that the loss is temporary. During the six months ended June 30, 2016 and 2015, we received gross proceeds of \$8,685 and \$2,817, respectively, in connection with the sales of available for sale securities and recorded gross realized gains totaling \$375 and \$38, respectively, and gross realized losses totaling \$140 and \$0, respectively. We record gains and losses on the sales of our available for sale securities using the specific identification method.

(3) The investment strategy of this fund is to invest principally in fixed income securities issued by non-U.S. issuers.

The fund invests in such securities or investment vehicles as it considers appropriate to achieve the fund's investment objective, which is to provide an above average rate of total return while attempting to limit investment risk by investing in a diversified portfolio of U.S. dollar investment grade fixed income securities. There are no unfunded commitments and the investment can be redeemed weekly.

(4) The investment strategy of this fund is to invest principally in fixed income securities. The fund invests in such securities or investment vehicles as it considers appropriate to achieve the fund's investment objective, which is to provide an above average rate of total return while attempting to limit investment risk by investing in a diversified portfolio of primarily fixed income securities issued by companies with below investment grade ratings. There are no unfunded commitments and the investment can be redeemed weekly.

During the six months ended June 30, 2016, we did not change the type of inputs used to determine the fair value of any of our assets and liabilities that we measure at fair value. Accordingly, there were no transfers of assets or liabilities between levels of the fair value hierarchy during the six months ended June 30, 2016.

The carrying values of accounts receivable and accounts payable approximate fair value as of June 30, 2016 and December 31, 2015. The carrying value and fair value of our mortgage notes payable were \$61,311 and \$66,874, respectively, as of June 30, 2016 and \$62,203 and \$65,999, respectively, as of December 31, 2015, and are categorized in Level 3 of the fair value hierarchy in their entirety. We estimate the fair values of our mortgage notes payable by using discounted cash flow analyses and currently prevailing market terms as of the measurement date.

Non-Recurring Fair Value Measures

We review the carrying value of long lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset or asset group may not be recoverable. Please see Note 3 for more information regarding fair value measurements related to impairments of our long lived assets in continuing operations.

The fair value of assets held for sale is determined based on the use of appraisals, input from market participants, our experience selling similar assets and/or internally developed cash flow models, all of which are considered to be Level 3 fair value measurements. Please see Note 11 for more information regarding fair value measurements related to impairments of our assets held for sale.

Note 8. Indebtedness

We have a \$100,000 secured revolving credit facility, or our Credit Facility, that is available for general business purposes, including acquisitions. In April 2016, we extended the maturity date of our Credit Facility to April 13, 2017, and we paid a fee of \$300 in connection with this extension. We are required to pay interest at an annual rate of LIBOR plus a premium of 250 basis points, or 2.95% as of June 30, 2016, on borrowings under our Credit Facility. We are also required to pay a quarterly fee of 0.35% per annum on the unused part of our Credit Facility. We may draw, repay and redraw funds until maturity, and no principal repayment is due until maturity. The weighted average annual interest rate for borrowings under our Credit Facility was 3.31% and 2.74% for the six months ended June 30, 2016 and 2015, respectively. As of June 30, 2016, we had \$10,000 outstanding and an additional \$76,270 available to borrow under our Credit Facility. We incurred interest expense and other associated costs related to our Credit Facility of \$695 and \$404 for the three months ended June 30, 2016 and 2015, respectively, and \$1,332 and \$1,013 for the six months ended June 30, 2016 and 2015, respectively.

We are the borrower under our Credit Facility, and certain of our subsidiaries guarantee our obligations under our Credit Facility, which is secured by real estate mortgages on 10 senior living communities with 1,178 living units owned by our guarantor subsidiaries and our guarantor subsidiaries' accounts receivable and related collateral. In connection with the June 2016 sale and leaseback transaction discussed in Note 10, we reduced the aggregate commitments under our Credit Facility from \$150,000 to \$100,000 because, as part of that transaction, we sold SNH five senior living communities that had been collateral under our Credit Facility prior to the sale. The amount of available borrowings under our Credit Facility is subject to our having qualified collateral, which is primarily based on the value of the properties securing our obligations under our Credit Facility. Accordingly, the availability of borrowings under our Credit Facility at any time may be less than \$100,000. Our Credit Facility provides for acceleration of payment of all amounts outstanding upon the occurrence and continuation of certain events of default, including a change of control of us. Our Credit Facility contains a number of financial and other covenants, including covenants that restrict our ability to incur indebtedness or to pay dividends or make other distributions under certain circumstances and require us to maintain financial ratios and a minimum net worth.

We previously had a \$25,000 secured revolving line of credit that matured on March 18, 2016, which we determined not to extend or replace. We had no borrowings outstanding under this facility during either the six months ended June 30, 2016 or 2015. We incurred associated costs related to this facility of \$0 and \$48 for the three months ended June 30, 2016 and 2015, respectively, and \$45 and \$96 for the six months ended June 30, 2016 and 2015, respectively.

In June 2016, we initiated a so-called "step up" letter of credit for \$11,700 as security for our workers' compensation insurance program collateralized by approximately \$8,000 in cash equivalents. This letter of credit matures in June 2017. We are required to increase the collateral under this letter of credit quarterly so that the stated amount of \$11,700 is met by March 2017. The cash collateral is classified as short term restricted cash in our condensed consolidated balance sheet at June 30, 2016. At June 30, 2016, we had seven other irrevocable standby letters of credit outstanding, totaling \$1,296, which secure certain of our other obligations. During the three months ended June 30, 2016, three of these letters of credit were renewed. These letters of credit currently mature between September 2016 and May 2017 but are renewed annually. Our obligations under these letters of credit are secured by cash or cash equivalents.

At June 30, 2016, six of our senior living communities were encumbered by mortgages with a carrying value of \$61,311: (1) two of our communities were encumbered by Federal National Mortgage Association, or FNMA, mortgages; (2) two of our communities were encumbered by Federal Home Loan Mortgage Corporation, or FMCC, mortgages; and (3) two of our communities was encumbered by a mortgage from a commercial lender. These

mortgages contain standard mortgage covenants. We recorded mortgage premiums in connection with our assumption of certain of these mortgages as part of our acquisitions of the encumbered communities in order to record the assumed mortgages at their estimated fair value. We are amortizing the mortgage premiums as a reduction of interest expense until the maturity of the respective mortgages. The weighted average annual interest rate on these mortgages was 6.27% as of June 30, 2016. Payments of principal and interest are due monthly under these mortgages until the maturities at varying dates ranging from June 2018 to September 2032. We incurred mortgage interest expense, including premium amortization, of \$802 and \$683 for the three months ended June 30, 2016 and 2015, respectively, and \$1,619 and \$1,381 for the six months ended June 30, 2016 and 2015, respectively. Our mortgage debts require monthly payments into escrows for taxes, insurance and property replacement funds; certain withdrawals from escrows for our FNMA and FMCC mortgages require applicable FNMA and FMCC approval.

As of June 30, 2016, we believe we were in compliance with all applicable covenants under our Credit Facility and mortgage debts.

#### Note 9. Off Balance Sheet Arrangements

We have pledged our accounts receivable and certain other assets, with a carrying value, as of June 30, 2016, of \$15,101, arising from our operation of 26 communities owned by SNH and leased to us to secure SNH's borrowings from its

lender, FNMA. As of June 30, 2016, we had no other off balance sheet arrangements that have had or that we expect would be reasonably likely to have a material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Note 10. Related Person Transactions

We have relationships and historical and continuing transactions with SNH, The RMR Group LLC, or RMR LLC, and others related to them, including other companies to which RMR LLC provides management services and which have trustees, directors and officers who are also our directors or officers. For further information about these and other such relationships and certain other related person transactions, please refer to our Annual Report.

SNH: We were a 100% owned subsidiary of SNH until SNH distributed our common shares to its shareholders in 2001. As of June 30, 2016, SNH owned 4,235,000 of our common shares, representing approximately 8.6% of our outstanding common shares. SNH is our largest stockholder. We are SNH's largest tenant and we manage certain senior living communities owned by SNH.

On June 29, 2016, we entered into a transaction agreement, or the Transaction Agreement, and related agreements, or, collectively, the Transaction Documents, with SNH. Pursuant to the Transaction Documents, among other things, on June 29, 2016, we and SNH completed a sale and leaseback transaction with respect to certain senior living communities we owned and amended the pooling arrangements related to our management of certain of the senior living communities we manage for the account of SNH. Significant terms of the Transaction Documents are summarized below.

- Pursuant to the Transaction Agreement, we and SNH entered into a purchase and sale agreement whereby SNH purchased seven of the 33 senior living communities we owned for an aggregate purchase price of \$112,350, and we and SNH simultaneously entered into a new long term lease agreement, or the New Lease, whereby SNH has leased those seven senior living communities to us.
- Pursuant to the New Lease, we are required to pay SNH initial annual rent of \$8,426, plus, beginning in 2018, percentage rent equal to 4% of the amount by which gross revenues, as defined in the New Lease, of each community exceeds gross revenues of such community in 2017. The initial term of the New Lease expires on December 31, 2028, subject to our options to extend the term of the New Lease for two consecutive 15-year terms. Pursuant to the New Lease, we may request that SNH purchase certain improvements to the communities in return for rent increases in accordance with the formula specified in the New Lease; however, SNH is not obligated to purchase such improvements and we are not required to sell them to SNH. Pursuant to the Transaction Agreement, SNH has the right, in connection with a financing or other capital raising transaction by it, to reassign one or more of the communities covered by the New Lease to another existing or new long term lease agreement between us and SNH. Other terms of the New Lease are substantially similar to those of our other four preexisting

long term leases with SNH, such terms being described in our Annual Report, which descriptions are incorporated herein by reference.

- Pursuant to the Transaction Agreement, our three existing pooling agreements with SNH that combined for certain purposes certain of our management agreements with SNH for senior living communities that include assisted living units, or AL Management Agreements, were terminated. Also pursuant to the Transaction Agreement, we entered into 10 new pooling agreements with SNH, or the New Pooling Agreements. Nine of the New Pooling Agreements combine six AL Management Agreements and one of the New Pooling Agreements currently combines five AL Management Agreements. Each New Pooling Agreement combines various calculations of revenues and expenses from the operations of the applicable communities covered by such New Pooling Agreement.

Table of Contents

FIVE STAR QUALITY CARE, INC.

(unaudited)

- Pursuant to the New Pooling Agreements, the AL Management Agreements covered by each New Pooling Agreement generally provide us with a management fee equal to either 3% or 5% of the gross revenues realized at such communities plus reimbursement for our direct costs and expenses related to such communities, as well as an annual incentive fee equal to either 35% or 20% of the annual net operating income of such communities remaining after SNH realizes an annual minimum return equal to either 8% or 7% of its invested capital, or, in the case of nine communities, a specified amount plus 7% of SNH's invested capital since December 31, 2015. The calculations of our fees and of SNH's annual minimum return related to any AL Management Agreement that became effective before May 2015 and had been pooled under one of the previously existing pooling agreements are generally the same as they were under the previously existing pooling agreements. However, with respect to certain communities, SNH's annual minimum return was reduced to 7%, and also, with respect to the nine communities referenced above, SNH's annual minimum return was reset as of 2016 to the specified amounts. With regard to AL Management Agreements that became effective from and after May 2015, the management fee was changed to 5%, rather than the prior 3%, of the gross revenues realized at the applicable community, and the incentive fee was changed to 20%, rather than the prior 35%, of the annual net operating income of the applicable community remaining, in all cases after SNH realizes its requisite annual minimum return. Pursuant to the New Pooling Agreements, SNH will pay us a fee for our management of capital expenditure projects equal to 3% of amounts funded by SNH.
- The terms of the AL Management Agreements covered by the New Pooling Agreements expire between 2030 and 2039 and are subject to automatic renewals, unless earlier terminated or timely notices of nonrenewal are delivered. The right that we and SNH each had under the AL Management Agreements that became effective from and after May 1, 2015 to terminate each such AL Management Agreement as of December 31, 2016 was eliminated pursuant to the applicable New Pooling Agreement. We have a limited right under the AL Management Agreements to require underperforming communities to be sold, and SNH has the right to terminate all the AL Management Agreements subject to a New Pooling Agreement if it does not receive its annual minimum return under such New Pooling Agreement in each of three consecutive years, commencing with calendar year 2016, subject to certain cure rights that we have.
- The New Pooling Agreements collectively combine all AL Management Agreements except for the management agreement related to one assisted living community located in New York and the management agreement related to one assisted living community located in California, and, other than as described below, the terms of those management agreements were not amended as part of the transactions contemplated by the Transaction Documents. The terms of our existing pooling agreement with SNH that combines our management agreements with SNH for senior living communities that include only independent living units, and the terms of those management agreements, also were not amended as part of the transactions contemplated by the Transaction Documents.
- Pursuant to the Transaction Agreement, we and SNH amended the management agreement for one California community so that the calculation of SNH's annual minimum return under that agreement is fixed at \$3,610 plus 7% of any amount funded by SNH for capital expenditures at this community since December 31, 2015. Because of the continuing relationships between us and SNH, the terms of the Transaction Documents were negotiated and approved by special committees of our Board of Directors and SNH's board of trustees composed of our Independent Directors and SNH's independent trustees who are not also Directors or trustees of the other party, which committees were represented by separate counsel.

In accordance with FASB ASC Topic 840, Leases, the sale and leaseback transaction with SNH described above qualifies for sale-leaseback accounting and we have classified the New Lease as an operating lease. Accordingly, the carrying value of the senior living communities we sold to SNH of \$29,706 was removed from our condensed consolidated balance sheets, and the gain generated from the sale of \$82,644 was deferred and will be amortized as a reduction of rent expense over the initial term of the New Lease. As of June 30, 2016, the short term part of the deferred

gain in the amount of \$6,602 is presented in other current liabilities in our condensed consolidated balance sheet, and the long term part of \$76,006 is presented separately in our condensed consolidated balance sheet. We incurred transaction costs of \$750 in connection with the sale of the senior living communities to SNH, which amount was expensed in full during the three months ended June 30, 2016.

As of June 30, 2016 and 2015, we leased 184 and 180 senior living communities from SNH, respectively. Our total annual rent payable to SNH as of June 30, 2016 and 2015 was \$201,672 and \$191,397, respectively, excluding percentage rent. Our total rent expense (which includes rent for all communities we lease from SNH, including communities that we have classified as discontinued operations) under all of our leases with SNH, net of lease inducement amortization and the amortization of the deferred gain associated with the sale and leaseback transaction with SNH described above, was \$49,396 and \$48,973 for the three months ended June 30, 2016 and 2015, respectively, and \$98,770 and \$97,915 for the six months ended June 30, 2016 and 2015, respectively, which amounts included estimated percentage rent of \$1,387 and \$1,393 for the three months ended June 30, 2016 and 2015, respectively, and \$2,855 and \$2,824 for the six months ended June 30, 2016 and 2015, respectively. As of June 30, 2016 and December 31, 2015, we had outstanding rent due and payable to SNH of \$17,454 and \$17,286, respectively.

During the six months ended June 30, 2016 and 2015, pursuant to the terms of our leases with SNH, we sold to SNH \$11,710 and \$8,902, respectively, of improvements to communities leased from SNH, and, as a result, our annual rent payable by us to SNH increased by approximately \$940 and \$717, respectively. As of June 30, 2016, our property and equipment included \$6,136 for similar improvements to communities leased from SNH that we expected to request SNH to purchase from us for an increase in future rent; however, SNH is not obligated to purchase these improvements.

In April 2016, we began managing for the account of SNH a senior living community located in North Carolina with 87 living units. In May 2016, we began managing for the account of SNH a senior living community located in Georgia with 38 living units. In July 2016, we began managing for the account of SNH a senior living community located in Alabama with 163 living units. The terms by which we are managing these senior living communities are described above.

As of June 30, 2016 and 2015, we managed 62 and 60 senior living communities for the account of SNH, respectively. We earned management fees from SNH of \$2,815 and \$2,699 for the three months ended June 30, 2016 and 2015, respectively, and \$5,619 and \$5,222 for the six months ended June 30, 2016 and 2015, respectively.

D&R Yonkers LLC: In order to accommodate certain requirements of New York licensing laws, a part of one of the senior living communities owned by SNH that we manage is subleased by a subsidiary of SNH to D&R Yonkers LLC, and D&R Yonkers LLC is owned by SNH's president and chief operating officer and our Chief Financial Officer and Treasurer. Pursuant to our management agreement with D&R Yonkers LLC, we earned management fees of \$66

and \$54 for the three months ended June 30, 2016 and 2015, respectively, and \$129 and \$108 for the six months ended June 30, 2016 and 2015, respectively.

RMR LLC: Pursuant to our business management agreement with RMR LLC, we recognized business management fees of \$2,260 and \$2,142, for the three months ended June 30, 2016 and 2015, respectively, and \$4,486 and \$4,269 for the six months ended June 30, 2016 and 2015, respectively. These amounts are included in general and administrative expenses in our condensed consolidated statements of operations.

We have historically awarded share grants to certain RMR LLC employees under our equity compensation plans. In addition, under our business management agreement we reimburse RMR LLC for our allocable costs for internal audit services. The amounts recognized as expense for share grants to RMR LLC employees and internal audit costs were \$106 and \$141 for the three months ended June 30, 2016 and 2015, respectively, and \$206 and \$301 for the six months ended June 30, 2016 and 2015, respectively; these amounts are included in general and administrative expenses in our condensed consolidated statements of operations.

ABP Trust: We lease our headquarters from ABP Trust, which is the indirect controlling shareholder of RMR LLC and which is owned in part by one of our Managing Directors. Our rent expense for our headquarters was \$425 and \$436 for the three months ended June 30, 2016 and 2015, respectively, and \$952 and \$847 for the six months ended June 30, 2016 and 2015 respectively.

AIC: We and six other companies to which RMR LLC provides management services each own AIC in equal amounts. We and the other AIC shareholders participate in a combined property insurance program arranged and reinsured in part by AIC. We currently expect to pay aggregate annual premiums, including taxes and fees, of approximately \$4,595 in connection with this insurance program for the policy year ending June 30, 2017, which amount may be adjusted from time to time as we acquire and dispose of properties that are included in this insurance program.

As of June 30, 2016 and December 31, 2015, our investment in AIC had a carrying value of \$7,016 and \$6,827, respectively. These amounts are presented as an equity investment on our condensed consolidated balance sheets. We recognized income of \$17 and \$23 related to our investment in AIC for the three months ended June 30, 2016 and 2015, respectively, and \$94 and \$95 for the six months ended June 30, 2016 and 2015, respectively. Our other comprehensive income (loss) includes our proportionate part of unrealized gains (losses) on securities which are owned by AIC of \$43 and (\$64) for the three months ended June 30, 2016 and 2015, respectively, and \$95 and (\$19) for the six months ended June 30, 2016 and 2015, respectively.

Note 11. Discontinued Operations

In June 2013, we decided to offer for sale an assisted living community we own with 32 living units located in Alabama. In June 2016, we entered an agreement to sell this community for \$225, excluding closing costs. This sale is subject to conditions, and is currently expected to occur by the end of 2016. We can provide no assurance that the sale of this community will occur, that the sale will not be delayed or that its terms will not change. We recorded long lived asset impairment charges of \$325 for the three months ended March 31, 2016 to reduce the carrying value of this community to its estimated fair value, less costs to sell. During the three months ended June 30, 2016, in accordance with FASB ASC 360, Property, Plant and Equipment, we recorded a gain to increase the carrying value of this community based on an increase in the estimated fair value of this community, less costs to sell. As of June 30, 2016, this is our only senior living community included in discontinued operations. Below is a summary of the operating results of our discontinued operations included in the condensed consolidated financial statements for the three and six months ended June 30, 2016 and 2015:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,

#### Note 12. Legal Proceedings and Claims

We have been, are currently, and expect in the future to be involved in claims, lawsuits, and regulatory and other governmental audits, investigations and proceedings arising in the ordinary course of our business, some of which may involve material amounts. Also, the defense and resolution of these claims, lawsuits, and regulatory and other governmental audits, investigations and proceedings may require us to incur significant expense. We account for claims

and litigation losses in accordance with FASB ASC Topic 450, Contingencies, or ASC 450. Under ASC 450, loss contingency provisions are recorded for probable and estimable losses at our best estimate of a loss or, when a best estimate cannot be made, at our estimate of the minimum loss. These estimates are often developed prior to knowing the amount of the ultimate loss, require the application of considerable judgment, and are refined as additional information becomes known. Accordingly, we are often initially unable to develop a best estimate of loss and therefore the estimated minimum loss amount, which could be zero, is recorded; and then, as information becomes known, the minimum loss amount is updated, as appropriate. A minimum or best estimate amount may be increased or decreased when events result in a changed expectation.

As previously disclosed, as a result of our compliance program to review medical records related to our Medicare billing practices, during 2014 we discovered potentially inadequate documentation and other issues at one of our leased SNFs. This compliance review was not initiated in response to any specific complaint or allegation, but was a review of the type that we periodically undertake to test our own compliance with applicable Medicare billing rules. As a result of these discoveries, in February 2015, we made a voluntary disclosure of deficiencies to the United States Department of Health and Human Services Office of the Inspector General, or the OIG, pursuant to the OIG's Provider Self-Disclosure Protocol. We completed our investigation and assessment of these matters and submitted a final supplemental disclosure to the OIG in May 2015. In June 2016, we settled this matter with the OIG and agreed to pay approximately \$8,600 in exchange for a customary release but did not admit any liability.

We previously accrued a total liability of \$10,100 related to this matter, all of which was accrued at December 31, 2015 and \$0 and \$3,589 of which we recognized as a revenue reserve or expense during the three and six months ended June 2015, respectively. As a result of the accrued liability exceeding the final settlement amount, we recorded an increase to earnings in our results of operations for the three months ended June 30, 2016 of approximately \$1,500. Of the total increase to earnings, \$1,000 was recorded as an increase to senior living revenue and \$500 as a decrease to other senior living operating expenses in our condensed consolidated statements of operations consistent with the classification of the original charge.

We were defendants in a lawsuit filed in the Superior Court of Maricopa County, Arizona by the estate of a former resident of a senior living community operated by us. The complaint asserted claims against us for pain and suffering as a result of improper treatment constituting violations of the Arizona Adult Protective Services Act and wrongful death. In May 2015, the jury rendered a decision in our favor on the wrongful death claim, and against us on the remaining claims, returning verdicts awarding damages of approximately \$19,200, which consisted of \$2,500 for pain and suffering and the remainder in punitive damages. In March 2016, pursuant to a settlement agreement we entered into with the plaintiff, \$7,250 was paid to the plaintiff, of which \$3,021 was paid by our liability insurer and the balance by us. We believe our liability insurer may be financially responsible for more than \$3,021 and we are seeking

additional payments from our liability insurer; however, we cannot predict the outcome of our on-going negotiations or potential future litigation with our liability insurer. As a result, we recorded a \$4,229 charge for the year ended December 31, 2015, which was included in other senior living operating expenses in our consolidated statements of operations.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the condensed consolidated financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q, or this Quarterly Report, and with our Annual Report.

## RESULTS OF OPERATIONS

We have two operating segments: senior living communities and rehabilitation and wellness. In the senior living community segment, we operate for our own account or manage for the account of others independent living communities, assisted living communities and SNFs that are subject to centralized oversight and provide housing and services to elderly residents. Our rehabilitation and wellness operating segment does not meet any of the quantitative thresholds of a reportable segment as prescribed under FASB ASC Topic 280, Segment Reporting, and therefore we have determined that our business is comprised of one reportable segment, senior living. All of our operations and assets are located in the United States, except for the operations of our Cayman Islands organized captive insurance company subsidiary, which participates in our workers' compensation and professional and general liability insurance programs.

#### Three Months Ended June 30, 2016 Compared to Three Months Ended June 30, 2015

Our senior living revenue increased by 0.4% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to an increase in average monthly rates to residents who pay privately for services, a \$1.0 million reversal in revenue reserves as a result of the final settlement amount of the Medicare compliance assessment at one of our SNFs, or the Compliance Assessment, being less than the previously estimated amount and an increase in the number of communities owned compared to the 2015 period, partially offset by a decrease in occupancy.

Our management fee revenue increased by 4.3% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to an increase in the number of managed communities from 60 to 62 and an increase in average monthly rates to private pay residents, partially offset by a decrease in occupancy at our comparable managed communities. Our reimbursed costs incurred on behalf of managed communities decreased by 0.9% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to a decrease in occupancy, partially offset by an increase in the number of managed communities.

Our senior living wages and benefits decreased by 0.3% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to decreases in workers' compensation and health insurance costs, partially offset by annual wage increases and our acquisition of two senior living communities during the fourth quarter of 2015.

Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs, increased by 1.0% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to transaction costs incurred related to the June 2016 sale and leaseback transaction and increased professional and general liability insurance expense, partially offset by a \$0.5 million reversal in accrued liability for estimated penalties related to the Compliance Assessment, as well as professional fees and other costs recorded in the 2015 period related to the Compliance Assessment.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Our rent expense increased by 0.9% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to additional rent related to senior living community capital improvements we sold to SNH since January 1, 2015 pursuant to our leases with SNH, partially offset by rent reductions as a result of the sale of certain communities that we leased from SNH during 2015.

Our general and administrative expenses decreased by 3.3% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to decreases in certain corporate wages and benefits, purchased services and professional fees.

Our depreciation and amortization expense increased by 21.3% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to our acquisition of two senior living communities during the fourth quarter of 2015 and capital expenditures (net of our sales of capital improvements to SNH), including depreciation costs related to our purchase of furniture and fixtures for owned senior living communities.

Our interest, dividend and other income increased by 8.6% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to higher investable cash and cash equivalents balances.

Our interest and other expense increased by 32.9% for the three months ended June 30, 2016 compared to the same period in 2015 primarily due to the assumption of a mortgage note in connection with our acquisition of two senior living communities during the fourth quarter of 2015 and increased borrowings under our Credit Facility.

For the three months ended June 30, 2015, we recorded a gain on early extinguishment of debt of \$0.7 million in connection with the prepayment of one of our mortgage notes.

Gain on sale of available for sale securities reclassified from accumulated other comprehensive income represents our realized gain on investments.

For the three months ended June 30, 2016 and 2015, we recognized income tax expense from continuing operations of \$3.5 million and \$0.3 million, respectively. Income tax expense increased primarily due to the taxes on the gain we

realized in connection with the June 2016 sale and leaseback transaction. As of June 30, 2016, after reduction for the amounts utilized to offset our federal taxable income in the six months ended June 30, 2016, our federal net operating loss carry forwards, which are scheduled to begin expiring in 2033 if unused, were approximately \$52.1 million, and our tax credit carry forwards, which begin expiring in 2027 if unused, were approximately \$18.0 million. For more information about our taxes, please see Note 5 to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report.

Equity in earnings of an investee represents our proportionate share of earnings from AIC.

Discontinued operations:

We recorded income from discontinued operations for the three months ended June 30, 2016 of \$0.2 million compared to a loss of \$0.5 million for the same period in 2015. We did not recognize any income tax expense or benefit from our discontinued operations for the three months ended June 30, 2016 or 2015. Income from discontinued operations for the three months ended June 30, 2016 primarily related to an assessment performed at our one senior living community included in discontinued operations that concluded in us recording a gain to increase the carrying value of this community based on an increase in the estimated fair value of this community, less costs to sell. The loss from discontinued operations for the three months ended June 30, 2015 was primarily due to losses incurred at assisted living communities and SNFs that we have sold.

Six Months Ended June 30, 2016 Compared to Six Months Ended June 30, 2015

Our senior living revenue increased by 1.1% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to an increase in average monthly rates to residents who pay privately for services, a \$1.0 million reversal in revenue reserves as a result of the final settlement amount of the Compliance Assessment being less than the previously estimated amount and an increase in the number of communities owned compared to the 2015 period, as well as a \$2.4 million revenue reserve recorded in the 2015 period related to the Compliance Assessment, partially offset by a decrease in occupancy.

Our management fee revenue and reimbursed costs incurred on behalf of managed communities increased by 7.6% and 3.8%, respectively, for the six months ended June 30, 2016 and 2015 primarily due to an increase in the number of managed communities from 60 to 62 and an increase in average monthly rates to private pay residents, partially offset by a decrease in occupancy at our comparable managed communities.

Our senior living wages and benefits increased by 0.8% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to annual wage increases and our acquisition of two senior living communities during the fourth quarter of 2015.

Our other senior living operating expenses, which include utilities, housekeeping, dietary, maintenance, insurance and community level administrative costs, decreased by 1.3% primarily due to a \$0.5 million reversal in accrued liability for estimated penalties related to the Compliance Assessment, as well as professional fees and other costs we incurred during the 2015 period related to the Compliance Assessment, partially offset by transaction costs we incurred related to the June 2016 sale and leaseback transaction and increased professional and general liability insurance expense.

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Our rent expense increased by 0.9% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to additional rent related to senior living community capital improvements we sold to SNH since January 1, 2015 pursuant to our leases with SNH, partially offset by rent reductions as a result of the sale of certain communities that we leased from SNH during 2015.

Our general and administrative expenses decreased by 1.3% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to decreases in certain corporate wages and benefits, purchased services and professional fees, partially offset by increased business management fees resulting from the increase in our revenues.

Our depreciation and amortization expense increased by 19.9% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to our acquisition of two senior living communities during the fourth quarter of 2015 and capital expenditures (net of our sales of capital improvements to SNH), including depreciation costs related to our purchase of furniture and fixtures for owned senior living communities.

Our interest, dividend and other income increased by 14.3% for the six months ended June 30, 2016 compared to the same period in 2015 primarily due to higher investable cash and cash equivalents balances. Our interest and other expense increased by 20.9% for the six months ended June 30, 2015 compared to the same period in 2015 primarily due to the assumption of a mortgage note in connection with our acquisition of two senior living communities during the fourth quarter of 2015 and increased borrowings under our Credit Facility.

For the six months ended June 30, 2015, we recorded a gain on early extinguishment of debt of \$0.7 million in connection with the prepayment of one of our mortgage notes.

Gain on sale of available for sale securities reclassified from accumulated other comprehensive income represents our realized gain on investments.

For the six months ended June 30, 2016 and 2015, we recognized income tax expense from continuing operations of \$3.8 million and \$0.6 million, respectively. Income tax expense increased primarily due to the taxes on the gain we realized in connection with the June 2016 sale and leaseback transaction. For more information about our taxes, please see Note 5 to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report.

Equity in earnings of an investee represents our proportionate share of earnings from AIC.

Discontinued operations:

We recorded a loss from discontinued operations for the six months ended June 30, 2016 of \$0.1 million compared to a loss of \$1.0 million for the six months ended June 30, 2015. The loss from discontinued operations for the six months ended June 30, 2016 includes impairment charges recorded at our senior living community included in discontinued operations, partially offset by a gain to increase the carrying value of this community based on an increase in the estimated fair value of this community, less costs to sell. The loss from discontinued operations for the six months ended June 30, 2015 was primarily due to losses incurred at assisted living communities and SNFs that have been sold.

## LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2016, we had \$64.3 million of unrestricted cash and cash equivalents and \$76.3 million available to borrow under our Credit Facility. Our Credit Facility matures on April 13, 2017; although we intend to refinance or replace our Credit Facility on or before its maturity, there can be no assurance we will be able to do so or what the terms or timing of any such refinancing or replacement might be. We expect to use the cash flow from our operations, our cash balances, borrowings under our Credit Facility or any replacement credit facility, proceeds from our sales to SNH of qualified capital improvements we may make to communities that we lease from SNH for increased rent pursuant to our leases to fund our operations, debt funding obligations, investments in and maintenance of our senior living communities, future acquisitions and other general business purposes. We have also in the past incurred debt in addition to our Credit Facility, engaged in sale and leaseback transactions, assumed mortgage debt in connection with certain of our acquisitions and mortgage financed our properties and we may do so in the future. We believe such amounts will be sufficient to fund these activities for the next 12 months and for the foreseeable future thereafter. If, however, we are

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

unable to replace or refinance our Credit Facility, our occupancies continue to decline, the non-government payment rates we receive for our services decline, government reimbursement rates are reduced and we are unable to generate positive cash flow for an extended period, or for other reasons, we expect that we would explore alternatives to fund our operations. Such alternatives may include reducing our costs, incurring debt under, and perhaps in addition to, our Credit Facility or a replacement credit facility, if any, mortgage financing our owned communities that are not subject to existing mortgages and issuing new debt or equity securities. We may also elect to pursue such funding sources for other business reasons, including to grow our business.

Assets and Liabilities

At June 30, 2016, we had cash and cash equivalents of \$64.3 million compared to \$14.7 million at December 31, 2015. Our total current assets at June 30, 2016 and December 31, 2015 were \$169.3 million and \$112.1 million, respectively. Our total current and long term liabilities were \$200.7 million and \$176.4 million, respectively, at June 30, 2016 compared to \$243.9 million and \$103.4 million, respectively, at December 31, 2015. The increase in our cash and cash equivalents as well as the increase in our total current assets primarily relates to the \$112.4 million of net proceeds received from the June 2016 sale and leaseback transaction. The decrease in our total current liabilities primarily relates to our repayment of outstanding borrowings under our Credit Facility, a settlement payment from us and our insurer related to our Arizona litigation matter, a payment made to the OIG in connection with the settlement of the Compliance Assessment and timing differences in our payables and accrued costs. The increase in our total long term liabilities primarily relates to the long term deferred gain we recorded in connection with the June 2016 sale and leaseback transaction.

We had cash flows used in operating activities of \$2.9 million for the six months ended June 30, 2016 compared to cash flows provided by operating activities of \$24.0 million for the same period in 2015. The decrease in our cash flows from operating activities for the six months ended June 30, 2016 was primarily due to a payment made in connection with the settlement of the Arizona litigation matter, a payment made to the OIG in connection with the settlement of the Compliance Assessment and timing of other payables made by us before the period ended June 30, 2016. We had cash flows provided by investing activities of \$93.5 million compared to cash flows used in investing activities of \$16.6 million for the six months ended June 30, 2016 and 2015, respectively. The increase in cash provided by investing activities was due to the \$112.4 million of net proceeds received from the June 2016 sale and leaseback transaction. Acquisitions of property and equipment, on a net basis after considering the proceeds from sales of such assets to SNH, were \$15.3 million and \$16.3 million for the six months ended June 30, 2016 and 2015, respectively. We had cash flows used in financing activities of \$40.9 million and \$5.8 million for the six months ended June 30, 2016 and 2015, respectively. The increase in cash flows used in financing activities for the six months ended June 30, 2016 was due to the repayment of \$60.0 million of outstanding borrowings under our Credit Facility with a part of the proceeds from the June 2016 sale and leaseback transaction.

Our Leases and Management Agreements with SNH

In April, May and July 2016, we began managing for the account of SNH three senior living communities SNH owns located in North Carolina, Georgia and Alabama with 87, 38 and 163 living units, respectively. We are managing

these communities pursuant to separate management agreements on terms substantially consistent with our other management agreements with SNH for senior living communities that include assisted living units.

In June 2016, we entered into a sale and leaseback transaction with SNH, whereby SNH agreed to purchase seven senior living communities and simultaneously lease those communities back to us pursuant to the New Lease. We are required to pay initial annual rent of \$8.4 million under the New Lease. The initial term of the New Lease expires on December 31, 2028, and we have options to extend the term of the New Lease for two consecutive 15-year terms.

As of June 30, 2016, we leased 184 senior living communities from SNH under five leases. Our total annual rent payable to SNH as of June 30, 2016 was \$201.7 million, excluding percentage rent based on increases in gross revenues at certain communities. Our total rent expense under all of our leases with SNH, net of lease inducement amortization and the amortization of the deferred gain associated with the sale and leaseback transaction, was \$49.4 million and \$49.0 million for the three months ended June 30, 2016 and 2015, respectively, and \$98.8 million and \$97.9 million for the six

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

months ended June 30, 2016 and 2015, respectively, which included approximately \$1.4 million in estimated percentage rent due to SNH for each of the three months ended June 30, 2016 and 2015, and approximately \$2.9 million and \$2.8 million for the six months ended June 30, 2016 and 2015, respectively.

Upon our request, SNH may purchase capital improvements made at the communities we lease from SNH and increase our rent pursuant to contractual formulas; however, SNH is not obligated to purchase these improvements from us. During the six months ended June 30, 2016, we sold to SNH \$11.7 million of capital improvements made at the communities we lease from SNH and these purchases resulted in our annual rent being increased by approximately \$0.9 million.

For more information regarding our leases and management agreements with SNH, please see Note 10 to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report, and Note 15 to our consolidated financial statements included in Part IV, Item 15 of our Annual Report.

Acquisition and Disposition Activity

In June 2016, we sold seven senior living communities to SNH for \$112.4 million, excluding closing costs. These seven senior living communities have an aggregate of 545 living units and are located in four states; North Carolina, South Carolina, Tennessee and Virginia.

In June 2016, we entered into an agreement to sell an assisted living community we own with 32 living units located in Alabama for \$0.2 million, excluding closing costs. This sale is subject to conditions, and is currently expected to occur by the end of 2016. We can provide no assurance that the sale of this community will occur, that the sale will not be delayed or that its terms will not change.

Our Revenues

Our revenues from services to residents at our senior living communities are our primary source of cash to fund our operations, including rent, capital expenditures (net of capital improvements that we sell to SNH for increased rent pursuant to our leases with SNH) and principal and interest payments on our debt.

During the past several years, weak economic conditions throughout the country have negatively affected many businesses both in and outside of our industry. These conditions have resulted in, among other things, a decrease in our senior living communities' occupancy, and it is unclear when these conditions may materially improve. Although many of the services that we provide are needs driven, some of our prospective residents may be deferring their decisions to relocate to senior living communities in light of current economic circumstances. In recent years, economic indicators reflect an improving housing market; however, it is unclear how sustainable the improvements will be and whether any such improvements will result in any increased demand for our services. For the past two to three years, low capital costs appear to have encouraged increased senior living development, particularly in certain higher demand markets. As the recently developed senior living communities begin operations, we expect to have continuing challenges to maintain or increase occupancies and the rates we charge at our senior living communities.

At some of our senior living communities (principally our SNFs) and our rehabilitation and wellness clinics, Medicare and Medicaid programs provide operating revenues for skilled nursing, rehabilitation and wellness services. We derived approximately 21.6% and 22.6% of our total revenues from continuing operations from these programs during the six months ended June 30, 2016 and 2015, respectively. Our net Medicare revenues from services to senior living community residents from continuing operations totaled \$56.4 million and \$63.7 million during the six months ended June 30, 2016 and 2015, respectively. Our net Medicaid revenues from services to senior living community residents from continuing operations totaled \$62.5 million and \$59.9 million during the six months ended June 30, 2016 and 2015, respectively.

Because of the current and projected federal budget deficit, other federal spending priorities and challenging state fiscal conditions, there have been numerous recent legislative and regulatory actions or proposed actions with respect to federal

Medicare rates, state Medicaid rates and federal payment states for Medicaid programs. We cannot currently predict the type and magnitude of the potential Medicare and Medicaid policy changes, rate reductions or other changes that may cause these government funded healthcare programs to not increase rates to match our increasing expenses, but such changes may be adverse and material to our operations and to our future financial results. For more information regarding the government healthcare funding and regulation of our business, please see the sections captioned "Business—Government Regulation and Reimbursement" and "Management's Discussion and Analysis of Financial Condition and Results of Operations—Our Revenues" in our Annual Report and the section captioned "Impact of Government Reimbursement" in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2016.

Debt Financings and Covenants

On June 30, 2016 we used part of the net proceeds from the sale of seven senior living communities to SNH to repay outstanding borrowings under our Credit Facility. Due to certain notification requirements under our Credit Facility we were unable to repay all outstanding borrowings until July 1, 2016. As of June 30, 2016, we had \$10.0 million of outstanding borrowings under our Credit Facility, \$61.3 million of outstanding mortgage debt and we believe we were in compliance with all applicable covenants under our debt agreements. As of August 3, 2016, we continue to have no amounts outstanding under our Credit Facility.

In April 2016, we extended the maturity date of our Credit Facility to April 13, 2017, and we paid a fee of \$0.3 million in connection with this extension. There can be no assurance that we will be successful in renewing, refinancing or replacing our Credit Facility when it expires and any such renewal, refinancing or replacement may be on terms less favorable to us than the current terms. For more information regarding our debt financings and covenants, please see Note 8 to our condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report.

Off Balance Sheet Arrangements

We have pledged our accounts receivable and certain other assets, with a carrying value, as of June 30, 2016, of \$15.1 million arising from our operation of 26 communities owned by SNH and leased to us to secure SNH's borrowings from its lender, FNMA. As of June 30, 2016, we had no other off balance sheet arrangements that have had or that we expect would be reasonably likely to have a material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Related Person Transactions

We have relationships and historical and continuing transactions with SNH, RMR LLC, ABP Trust and others related to them. For example, SNH is our former parent company, our largest stockholder, our largest landlord and the owner of senior living communities that we manage; RMR LLC provides management services to both us and to SNH and RMR LLC employs certain of our and SNH's executive officers; we lease our headquarters from ABP Trust, the indirect controlling shareholder of RMR LLC, which is owned in part by one of our Managing Directors; and we and six other companies to which RMR LLC provides management services own in equal amounts AIC, an insurance company, and we participate in a combined property insurance program arranged and reinsured in part by AIC. For further information about these and other such relationships and related person transactions, please see "Our Leases and Management Agreements with SNH" above, Note 10 to our condensed consolidated financial statements included in Part I, Item 1 of this Quarterly Report, our Current Report on Form 8-K dated June 29, 2016, our Annual Report, our

definitive Proxy Statement for our 2016 Annual Meeting of Stockholders and our other filings with the SEC. In addition, please see “Risk Factors” in Part I, Item 1A of our Annual Report for a description of risks that may arise as a result of these and other related person transactions and relationships. Our filings with the SEC and copies of certain of our agreements with these related parties are publicly available as exhibits to our public filings with the SEC and accessible at the SEC’s website, [www.sec.gov](http://www.sec.gov). We may engage in additional transactions with related persons, including companies to which RMR LLC or its affiliates provide management services.

#### Seasonality

Our senior living business is subject to modest effects of seasonality. During the calendar fourth quarter holiday periods, SNF and assisted living residents are sometimes discharged to join family celebrations and relocations and admission decisions are often deferred. The first quarter of each calendar year usually coincides with increased illness among SNF and assisted living residents which can result in increased costs or discharges to hospitals. As a result of these factors,

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

SNF and assisted living operations sometimes produce greater earnings in the second and third quarters of a calendar year and lower earnings in the first and fourth quarters. We do not believe that this seasonality will cause fluctuations in our revenues or operating cash flow to such an extent that we will have difficulty paying our expenses, including rent, which do not fluctuate seasonally.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For quantitative and qualitative disclosures about market risk affecting us, see “Quantitative and Qualitative Disclosures About Market Risk” in Part II, Item 7A of our Annual Report. Our exposure to market risks has not changed materially from that set forth in our Annual Report.

Item 4. Controls and Procedures

As of the end of the period covered by this report, our management carried out an evaluation, under the supervision and with the participation of our President and Chief Executive Officer and our Chief Financial Officer and Treasurer, of the effectiveness of our disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15 under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, our management, including our President and Chief Executive Officer and our Chief Financial Officer and Treasurer, concluded that our disclosure controls and procedures are effective.

There have been no changes in our internal control over financial reporting during the quarter ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

WARNING CONCERNING FORWARD LOOKING STATEMENTS

THIS QUARTERLY REPORT CONTAINS STATEMENTS THAT CONSTITUTE FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 AND OTHER SECURITIES LAWS. ALSO, WHENEVER WE USE WORDS SUCH AS “BELIEVE”, “EXPECT”, “ANTICIPATE”, “INTEND”, “PLAN”, “ESTIMATE”, “MAY” OR SIMILAR EXPRESSIONS, WE ARE MAKING FORWARD LOOKING STATEMENTS. THESE FORWARD LOOKING STATEMENTS ARE BASED UPON OUR PRESENT INTENT, BELIEFS OR EXPECTATIONS, BUT FORWARD LOOKING STATEMENTS ARE NOT GUARANTEED TO OCCUR AND MAY NOT OCCUR. FORWARD LOOKING STATEMENTS IN THIS REPORT RELATE TO VARIOUS ASPECTS OF OUR BUSINESS, INCLUDING:

- OUR ABILITY TO OPERATE OUR SENIOR LIVING COMMUNITIES PROFITABLY,
  
- OUR ABILITY TO COMPLY AND TO REMAIN IN COMPLIANCE WITH APPLICABLE MEDICARE, MEDICAID AND OTHER FEDERAL AND STATE REGULATORY, RULE MAKING AND RATE SETTING REQUIREMENTS,
  
- OUR ABILITY TO MEET OUR RENT AND DEBT OBLIGATIONS,
  
- OUR ABILITY TO RAISE DEBT OR EQUITY CAPITAL,
  
- OUR ABILITY TO COMPETE FOR ACQUISITIONS EFFECTIVELY, TO OPERATE ADDITIONAL SENIOR LIVING COMMUNITIES AND TO SELL COMMUNITIES WE OFFER FOR SALE,
  
- THE FUTURE AVAILABILITY OF BORROWINGS UNDER OUR CREDIT FACILITY AND OUR ABILITY TO EXTEND, REFINANCE OR REPLACE OUR CREDIT FACILITY PRIOR TO ITS EXPIRATION,
  
- OUR EXPECTATION THAT WE BENEFIT FROM OUR OWNERSHIP OF AIC AND OUR PARTICIPATION IN INSURANCE PROGRAMS ARRANGED BY AIC,
  
- THE IMPACT OF THE PATIENT PROTECTION AND AFFORDABLE CARE ACT, AS AMENDED BY THE HEALTH CARE AND EDUCATION RECONCILIATION ACT, OR COLLECTIVELY, THE ACA, AND OTHER EXISTING OR PROPOSED LEGISLATION OR REGULATIONS ON US, AND
  
- OTHER MATTERS.

OUR ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE CONTAINED IN OR IMPLIED BY OUR FORWARD LOOKING STATEMENTS AS A RESULT OF VARIOUS FACTORS. FACTORS THAT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR FORWARD LOOKING STATEMENTS AND UPON OUR BUSINESS, RESULTS OF OPERATIONS, FINANCIAL CONDITION, CASH FLOWS, LIQUIDITY AND PROSPECTS INCLUDE, BUT ARE NOT LIMITED TO:

- CHANGES IN MEDICARE OR MEDICAID POLICIES, INCLUDING THOSE THAT MAY RESULT FROM THE IMPACT OF THE ACA AND OTHER EXISTING OR PROPOSED LEGISLATION OR REGULATIONS, WHICH COULD RESULT IN REDUCED MEDICARE OR MEDICAID RATES OR A FAILURE OF SUCH RATES TO COVER OUR COSTS,
- THE IMPACT OF CHANGES IN THE ECONOMY AND THE CAPITAL MARKETS ON US AND OUR RESIDENTS AND OTHER CUSTOMERS,
- COMPETITION WITHIN THE SENIOR LIVING SERVICES BUSINESS,
- INCREASES IN INSURANCE AND TORT LIABILITY COSTS,

Table of Contents

- INCREASES IN OUR LABOR COSTS OR IN COSTS WE PAY FOR GOODS AND SERVICES,
- ACTUAL AND POTENTIAL CONFLICTS OF INTEREST WITH OUR RELATED PARTIES, INCLUDING OUR MANAGING DIRECTORS, SNH, RMR LLC, AIC AND OTHERS AFFILIATED WITH THEM,
- DELAYS OR NONPAYMENTS OF GOVERNMENT PAYMENTS TO US THAT COULD RESULT FROM GOVERNMENT SHUTDOWNS OR OTHER CIRCUMSTANCES,
- COMPLIANCE WITH, AND CHANGES TO FEDERAL, STATE AND LOCAL LAWS AND REGULATIONS THAT COULD AFFECT OUR SERVICES OR IMPOSE REQUIREMENTS, COSTS AND ADMINISTRATIVE BURDENS THAT MAY REDUCE OUR ABILITY TO PROFITABLY OPERATE OUR BUSINESS, AND
- ACTS OF TERRORISM, OUTBREAKS OF SO CALLED PANDEMICS OR OTHER MANMADE OR NATURAL DISASTERS BEYOND OUR CONTROL.

FOR EXAMPLE:

- WE BELIEVE THAT OUR LIABILITY INSURER MAY BE FINANCIALLY RESPONSIBLE FOR MORE THAN IT HAS PAID IN CONNECTION WITH OUR SETTLEMENT OF THE ARIZONA LITIGATION AND WE ARE SEEKING ADDITIONAL PAYMENTS FROM OUR LIABILITY INSURER. HOWEVER, OUR LIABILITY INSURER HAS DENIED COVERAGE FOR ANY ADDITIONAL AMOUNTS. WE CANNOT PREDICT THE OUTCOME OF OUR ON GOING NEGOTIATIONS OR ANY POTENTIAL FUTURE LITIGATION WITH OUR LIABILITY INSURER, AND ANY POTENTIAL LITIGATION BETWEEN US AND OUR LIABILITY INSURER MAY ITSELF BE EXPENSIVE.
- THE VARIOUS GOVERNMENTS WHICH PAY US FOR THE SERVICES WE PROVIDE TO SOME OF OUR RESIDENTS ARE CURRENTLY EXPERIENCING BUDGETARY CONSTRAINTS AND MAY LOWER THE MEDICARE, MEDICAID AND OTHER RATES THEY PAY US. BECAUSE WE OFTEN CANNOT LOWER THE QUALITY OF THE SERVICES WE PROVIDE TO MATCH THE AVAILABLE MEDICARE, MEDICAID AND OTHER RATES WE ARE PAID, WE MAY EXPERIENCE LOSSES AND SUCH LOSSES MAY BE MATERIAL,
- WE MAY ENTER INTO ADDITIONAL LEASE OR MANAGEMENT ARRANGEMENTS WITH SNH FOR SENIOR LIVING COMMUNITIES THAT SNH OWNS OR MAY ACQUIRE IN THE FUTURE OR OTHER TRANSACTIONS WITH SNH. HOWEVER, THERE CAN BE NO ASSURANCE THAT WE AND SNH WILL ENTER INTO ANY ADDITIONAL LEASES, MANAGEMENT ARRANGEMENTS OR OTHER TRANSACTIONS,
- OUR ABILITY TO OPERATE NEW SENIOR LIVING COMMUNITIES PROFITABLY DEPENDS UPON MANY FACTORS, INCLUDING OUR ABILITY TO INTEGRATE NEW COMMUNITIES INTO OUR EXISTING OPERATIONS AND SOME FACTORS WHICH ARE BEYOND OUR CONTROL SUCH AS THE DEMAND FOR OUR SERVICES ARISING FROM ECONOMIC CONDITIONS GENERALLY AND COMPETITION FROM OTHER PROVIDERS OF SENIOR LIVING SERVICES. WE MAY NOT BE ABLE TO SUCCESSFULLY INTEGRATE NEW COMMUNITIES OR OPERATE AND MANAGE NEW COMMUNITIES PROFITABLY,
- OUR BELIEF THAT THE AGING OF THE U.S. POPULATION WILL INCREASE DEMAND FOR SENIOR LIVING SERVICES MAY NOT BE REALIZED OR MAY NOT RESULT IN INCREASED DEMAND FOR OUR SERVICES,
- AT JUNE 30, 2016, WE HAD \$64.3 MILLION OF CASH AND CASH EQUIVALENTS AND \$76.3 MILLION OF REMAINING AVAILABILITY UNDER OUR CREDIT FACILITY. IN ADDITION, WE HAVE SOLD IMPROVEMENTS TO SNH IN THE PAST AND EXPECT TO REQUEST TO SELL ADDITIONAL IMPROVEMENTS TO SNH FOR INCREASED RENT PURSUANT TO OUR LEASES WITH SNH. THESE STATEMENTS MAY IMPLY THAT WE HAVE ABUNDANT CASH LIQUIDITY.

Table of Contents

HOWEVER, OUR OPERATIONS AND BUSINESS REQUIRE SIGNIFICANT AMOUNTS OF WORKING CASH AND REQUIRE US TO MAKE SIGNIFICANT CAPITAL EXPENDITURES TO MAINTAIN OUR COMPETITIVENESS. FURTHER, SNH IS NOT OBLIGATED TO PURCHASE IMPROVEMENTS WE MAY MAKE TO THE LEASED COMMUNITIES. ACCORDINGLY, WE MAY NOT HAVE SUFFICIENT CASH LIQUIDITY,

- IN RECENT YEARS ECONOMIC INDICATORS REFLECT AN IMPROVING HOUSING MARKET AND MANY OF THE SERVICES WE PROVIDE ARE NEEDS DRIVEN. THESE FACTORS MAY IMPLY THAT ECONOMIC CONDITIONS WILL IMPROVE AND THAT OUR REVENUES AND PROFITABILITY WILL IMPROVE. HOWEVER, THERE CAN BE NO ASSURANCE THAT GENERAL ECONOMIC CONDITIONS WILL IMPROVE, THAT THERE EXISTS ANY PENT UP DEMAND FOR SERVICES WE PROVIDE OR THAT, EVEN IF THERE IS SUCH DEMAND, THAT WE WOULD BE SUCCESSFUL IN ATTRACTING SUCH DEMAND, OR THAT OUR REVENUES AND PROFITS WILL IMPROVE. FURTHER, SOME ECONOMIC INDICATORS MAY INDICATE DECLINING ECONOMIC ACTIVITY, WHICH COULD BE HARMFUL TO OUR BUSINESS AND CAUSE US TO EXPERIENCE CONTINUING LOSSES,
- RESIDENTS WHO PAY FOR OUR SERVICES WITH THEIR PRIVATE RESOURCES MAY BECOME UNABLE TO AFFORD OUR SERVICES WHICH COULD RESULT IN DECREASED OCCUPANCY AND DECREASED REVENUES AT OUR SENIOR LIVING COMMUNITIES AND OUR INCREASED RELIANCE ON LOWER RATES FROM GOVERNMENTS AND OTHER PAYERS,
- WE MAY BE UNABLE TO REPAY OUR DEBT OBLIGATIONS WHEN THEY BECOME DUE,
- THE AMOUNT OF AVAILABLE BORROWINGS UNDER OUR CREDIT FACILITY IS SUBJECT TO OUR HAVING QUALIFIED COLLATERAL, WHICH IS PRIMARILY BASED ON THE VALUE OF OUR ASSETS SECURING OUR OBLIGATIONS UNDER THAT FACILITY. ACCORDINGLY, THE AVAILABILITY OF BORROWINGS UNDER OUR CREDIT FACILITY AT ANY TIME MAY BE LESS THAN \$100.0 MILLION. ADDITIONALLY, THE AVAILABILITY OF BORROWINGS UNDER OUR CREDIT FACILITY IS SUBJECT TO OUR SATISFYING CERTAIN FINANCIAL COVENANTS AND OTHER CUSTOMARY CONDITIONS THAT WE MAY BE UNABLE TO SATISFY,
- ACTUAL COSTS UNDER OUR CREDIT FACILITY WILL BE HIGHER THAN LIBOR PLUS A PREMIUM BECAUSE OF OTHER FEES AND EXPENSES ASSOCIATED WITH THAT FACILITY,
- OUR CREDIT FACILITY MATURES ON APRIL 13, 2017; ALTHOUGH WE INTEND TO REFINANCE OR REPLACE OUR CREDIT FACILITY ON OR BEFORE ITS MATURITY, THERE CAN BE NO ASSURANCE WE WILL BE ABLE TO DO SO OR WHAT THE TERMS OR TIMING OF ANY SUCH REFINANCING OR REPLACEMENT MIGHT BE,
- CONTINGENCIES IN OUR AND SNH'S ACQUISITION AND SALE AGREEMENTS MAY NOT BE SATISFIED AND OUR AND SNH'S ACQUISITIONS AND/OR SALES AND ANY RELATED LEASES OR MANAGEMENT AGREEMENTS MAY NOT OCCUR, MAY BE DELAYED OR THE TERMS OF SUCH TRANSACTIONS MAY CHANGE,
- OUR SENIOR LIVING COMMUNITIES ARE SUBJECT TO EXTENSIVE GOVERNMENTAL REGULATION, LICENSURE AND OVERSIGHT. WE SOMETIMES EXPERIENCE DEFICIENCIES IN THE OPERATION OF OUR SENIOR LIVING COMMUNITIES AND SOME OF OUR COMMUNITIES MAY BE PROHIBITED FROM ADMITTING NEW RESIDENTS OR OUR LICENSE TO CONTINUE OPERATIONS AT A COMMUNITY MAY BE REVOKED. ALSO, OPERATING DEFICIENCIES OR A LICENSE REVOCATION AT ONE OR MORE OF OUR SENIOR LIVING COMMUNITIES MAY HAVE AN ADVERSE IMPACT ON OUR ABILITY TO OBTAIN LICENSES FOR, OR ATTRACT RESIDENTS TO, OUR OTHER COMMUNITIES, AND
- WE BELIEVE THAT OUR RELATIONSHIPS WITH OUR RELATED PARTIES, INCLUDING SNH, RMR LLC, AIC AND OTHERS AFFILIATED WITH THEM MAY BENEFIT US AND PROVIDE US WITH

Table of Contents

COMPETITIVE ADVANTAGES IN OPERATING AND GROWING OUR BUSINESS. HOWEVER, THE ADVANTAGES WE BELIEVE WE MAY REALIZE FROM THESE RELATIONSHIPS MAY NOT MATERIALIZE.

CURRENTLY UNEXPECTED RESULTS COULD OCCUR DUE TO MANY DIFFERENT CIRCUMSTANCES, SOME OF WHICH ARE BEYOND OUR CONTROL, SUCH AS ACTS OF TERRORISM, NATURAL DISASTERS, CHANGED MEDICARE AND MEDICAID RATES, NEW LEGISLATION, REGULATIONS OR RULE MAKING AFFECTING OUR BUSINESS, OR CHANGES IN CAPITAL MARKETS OR THE ECONOMY GENERALLY.

THE INFORMATION CONTAINED ELSEWHERE IN THIS QUARTERLY REPORT AND IN OUR ANNUAL REPORT OR IN OUR OTHER FILINGS WITH THE SEC, INCLUDING UNDER THE CAPTION “RISK FACTORS”, OR INCORPORATED HEREIN OR THEREIN, IDENTIFIES OTHER IMPORTANT FACTORS THAT COULD CAUSE DIFFERENCES FROM OUR FORWARD LOOKING STATEMENTS. OUR FILINGS WITH THE SEC ARE AVAILABLE ON THE SEC’S WEBSITE AT [WWW.SEC.GOV](http://WWW.SEC.GOV).

YOU SHOULD NOT PLACE UNDUE RELIANCE UPON OUR FORWARD LOOKING STATEMENTS.

EXCEPT AS REQUIRED BY LAW, WE DO NOT INTEND TO UPDATE OR CHANGE ANY FORWARD LOOKING STATEMENTS AS A RESULT OF NEW INFORMATION, FUTURE EVENTS OR OTHERWISE.

PART II. Other Information

Item 1. Legal Proceedings

There have been no material developments in our legal proceedings from those disclosed in our Annual Report. For a description of certain recent litigation, please see Note 12 to the condensed consolidated financial statements in Part I, Item 1 of this Quarterly Report.

Item 1A. Risk Factors

Our business faces many risks, a number of which are described under the caption “Risk Factors” in our Annual Report and below. The risks so described may not be the only risks we face. Additional risks of which we are not yet aware, or that we currently believe are immaterial, may also materially and adversely impact our business operations or financial results. If any of the events or circumstances described in the risk factors contained in our Annual Report or described below occurs, our business, financial condition or results of operations could be adversely impacted and the trading price of our securities could decline. Investors and prospective investors should consider the risks described in our Annual Report and below and the information contained under the heading “Warning Concerning Forward Looking Statements” and elsewhere in this Quarterly Report before deciding whether to invest in our securities.

A recently issued U.S. Department of Labor rule may increase our labor costs.

The U.S. Department of Labor recently issued a final rule, or the Final Rule, regarding exemptions from the laws which require employers to pay enhanced overtime wages. The Final Rule was issued on May 18, 2016 and is effective beginning December 1, 2016. The Final Rule materially increases the amount of salary compensation which must be paid to employees in order for those employees to be exempt from the requirement for enhanced overtime wages. To comply with the Final Rule, we expect that we will need to pay some increased amounts of overtime wages, to pay increased salaries to certain employees and to hire some additional employees. Compliance with the Final Rule may adversely impact our financial results for the 2016 fourth quarter and periods thereafter. To date we have not been able to quantify the increased costs that we may incur as a result of the Final Rule, but we expect these increased costs may be material.
