PROXY STATEMENT

The Board of Directors of First Acceptance Corporation (referred to herein as the “Board” or the “Board of Directors”) is soliciting proxies to be used at the 2016 annual meeting of stockholders. This proxy statement and the enclosed proxy card will be first mailed to stockholders on or about March 30, 2016.

ABOUT THE MEETING

What Is the Purpose of the Annual Meeting?

At our annual meeting, stockholders will vote on the matters outlined in the accompanying notice of meeting. In addition, our management will report on our performance during 2015 and respond to questions from stockholders.

Who Is Entitled to Vote?

Stockholders of record of our common stock at the close of business on the record date, March 23, 2016, are entitled to receive notice of the annual meeting and vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of our common stock entitles its holder to cast one vote on each matter to be voted upon.

What Constitutes a Quorum?

For purposes of voting on all matters, the presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of the record date, 41,059,998 shares of our common stock were outstanding. Proxies received but marked as abstentions and broker “non-votes” (described below) will be included in the calculation of the number of shares considered to be present at the meeting.

How Do I Vote?

If you complete and properly sign the accompanying proxy card and return the card to us, the card will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. “Street name” stockholders who wish to vote at the meeting will need to obtain a proxy card from the institution that holds their shares.

Can I Change My Vote After I Return My Proxy Card?

Yes. You can revoke your proxy at any time before the final vote at the annual meeting in any of three ways:

- by submitting written notice of revocation to the Secretary;
- by submitting another proxy that is later dated and properly signed; or
- by voting in person at the meeting.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth below, and a description of each item is included in this proxy statement. In summary, the Board recommends a vote:

- FOR election of each of the nominated directors;
- FOR, on an advisory basis, the compensation of our named executive officers; and
- FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors

Each of the director nominees must receive affirmative votes from a plurality of the votes cast to be elected. This means that the nine nominees receiving the greatest number of votes will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. Stockholders may not cumulate votes in the election of directors.

Advisory Vote on Executive Compensation

The affirmative vote of a majority of the votes cast on the matter is required to approve, on an advisory basis, executive compensation. The Board will review the results of this matter and will take the results into account in making future determinations concerning executive compensation. For purposes of the advisory vote on executive compensation, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Ratification of Independent Registered Public Accounting Firm

The appointment of Ernst & Young LLP as our independent registered public accounting firm for 2016 will be ratified if the proposal receives the affirmative vote of a majority of the votes cast on the matter. Brokers have authority to vote FOR this proposal in the absence of contrary instructions from a beneficial owner. If this appointment is not ratified by stockholders, the Audit Committee and the Board may reconsider its recommendation and appointment, respectively. With respect to this proposal, abstentions and broker non-votes will not be counted as votes and will have no effect on the result of the vote.

Will My Shares Be Voted if I Do Not Sign and Return My Proxy Card?

If you are a registered stockholder and do not sign and return your proxy card, your shares will not be voted at the annual meeting. Under certain conditions, shares that you own that are held by a broker may be voted even if you do not provide voting instructions to the broker. Brokerage firms have the authority under applicable rules to vote on certain "routine" matters, including the ratification of auditors.

What Is a "Broker Non-vote?"

Under current New York Stock Exchange rules, brokers and nominees may exercise their voting discretion without receiving instructions from the beneficial owner of the shares on proposals that are deemed to be routine matters. If a proposal is not a routine matter, the broker or nominee may not vote the shares with respect to the proposal without receiving instructions from the beneficial owner of the shares. If a broker turns in a proxy card expressly stating that the broker is not voting on a non-routine matter, such action is referred to as a "broker non-vote." Under current New York Stock Exchange rules, the proposal relating to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm is deemed to be a routine matter with respect to which brokers and nominees may exercise their voting discretion without receiving instructions from the beneficial owner of the shares. The proposals relating to the election of directors and approval, on an advisory basis, of executive compensation are deemed to be non-routine matters, and brokers and nominees may not exercise their discretion to vote on that proposal without receiving instructions from the beneficial owner of the shares.

In certain cases, subsidiaries of Dimensional Fund Advisors LP may act as an adviser or sub-adviser to certain Funds. In its role as investment advisor, sub-adviser and/or manager, Dimensional Fund Advisors LP or its subsidiaries (collectively, "Dimensional") may possess voting and/or investment power over the securities of the Issuer that are owned by the Funds, and may be deemed to be the beneficial owner of the shares of the Issuer held by the Funds. However, all securities reported are owned by the Funds. Dimensional disclaims beneficial ownership of such securities. In addition, the filing of this Schedule 13G shall not be construed as an admission that the reporting person or any of its affiliates is the beneficial owner of any securities covered by this Schedule 13G for any other purposes than Section 13(d) of the Securities Exchange Act of 1934.

Likewise, the shares subject to options held by our directors and executive officers that are exercisable within 60 days are all deemed outstanding for the purpose of computing the percentage ownership of all executive officers and directors as a group.

Section 16(a) Beneficial Ownership Reporting Compliance

The federal securities laws require our directors and executive officers and persons who own more than 10% of our common stock to timely file with us and the SEC initial reports of ownership and reports of changes in ownership. Based solely upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and officers complied during 2015 with their reporting requirements.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines that outline the composition, operations and responsibilities of the Board of Directors. The Nominating and Corporate Governance Committee has authority to review considerations relating to Board size and membership criteria and, with input from the Chairman and the other directors, is responsible for reviewing the skills and characteristics required of directors by legal, regulatory and business requirements applicable to our business. We do not have a formal policy with respect to the consideration of diversity in identifying nominees to serve as a director, but the Nominating and Corporate Governance Committee seeks to nominate persons with a diversity of experience and perspective who will contribute knowledge, experience and skills to the Board of Directors in areas that are important to the Company.

Our bylaws provide maximum flexibility to the Board of Directors in choosing a Chairman of the Board and a Chief Executive Officer. The bylaws provide that such offices may be held by different people or the same person, as determined by the Board. This flexibility allows the Board to determine whether it is in the best interest of the Company and our stockholders to combine the roles of Chief Executive Officer and Chairman of the Board in the same person. We currently have a non-employee director serving as our Chairman of the Board and the Board of Directors believes that the separation of the roles of Chairman of the Board and Chief Executive Officer enhances the Board's oversight of the Company and our management, results in a greater role for the Board of Directors in setting the Board's agenda and establishing Board priorities and procedures, and improves the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders.

The Corporate Governance Guidelines require that at least a majority of the members of the Board be independent, as defined by applicable law and the standards of the New York Stock Exchange. The Board has determined that each of Messrs. Bobbitt, Cash, Nichols, Olson and Shipp are "independent" within the meaning of the rules of the New York Stock Exchange as currently in effect. The Corporate Governance Guidelines also require that all of the members of the Audit, Compensation, and Nominating and Corporate Governance Committees of the Board be independent. A copy of our Corporate Governance Guidelines may be found on the corporate governance page of our website at www.acceptance.com, and we will send a written copy of our Corporate Governance Guidelines to any stockholder who requests a copy by delivering written notice to Investor Relations, First Acceptance Corporation, 3813 Green Hills Village Drive, Nashville, Tennessee 37215.

Stockholders and all other interested parties may send communications to the Chairman of the Board at 3813 Green Hills Village Drive, Nashville, Tennessee 37215.

The Board's Role in Risk Oversight

The Board, as a whole and also through its standing committees, has an active role in overseeing management of the Company's risks. The Board and its committees review material operational, financial, compensation and compliance risks with our senior management. The Compensation Committee is responsible for overseeing the management of risks related to our compensation arrangements. The Audit Committee oversees management of financial risks, as well

as our policies with respect to risk assessment and risk management. The Nominating and Corporate Governance Committee oversees our corporate compliance programs and manages risks associated with the independence of our directors. Members of our management report directly to the Board or the appropriate committee. The directors then use this information to understand, identify, manage and attempt to mitigate risks.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that outlines the principles, policies and laws that govern our activities and establishes guidelines for professional conduct in the workplace. The Code of Business Conduct and Ethics includes provisions relating to ethical conduct, conflicts of interest, compliance with law and internal reporting of violations of the code. The Code of Business Conduct and Ethics applies to directors as well as executive officers and other employees. Every employee is required to read and certify that he or she has read and understands, and will comply with, the Code of Business Conduct and Ethics. A copy of our Code of Business Conduct and Ethics may be found on the corporate governance page of our website at www.acceptance.com, and we will send a written copy of our Code of Business Conduct and Ethics to any stockholder who requests a copy by delivering written notice to Investor Relations, First Acceptance Corporation, 3813 Green Hills Village Drive, Nashville, Tennessee 37215. We intend to disclose amendments to or waivers from the Code of Business Conduct and Ethics for the benefit of our executive officers or directors, if any, on our web site at www.acceptanceinsurance.com.

Executive Board Sessions

The current practice of our Board of Directors is to hold an executive session of its non-management directors at least once per quarter. These meetings are presided by our Chairman, Jeremy B. Ford.

The affirmative vote of a plurality of the votes cast by the stockholders entitled to vote at the meeting is required for the election of directors. Abstentions will be counted in determining whether there is a quorum, but will not be voted with respect to the proposal. Therefore, so long as a quorum has been established, abstentions and broker non-votes will not be counted as votes cast and have no effect on whether this proposal is approved. Under applicable rules, a broker or other nominee does not possess the authority to vote for the election of director nominees in the absence of instructions from the beneficial owner of the relevant shares. Stockholders may not cumulate votes in the election of directors.

The Board of Directors unanimously recommends that you vote FOR each of the nominees identified above.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of three directors who are independent directors as defined under the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange. The Audit Committee operates under a written charter adopted by the full Board of Directors. The Audit Committee's responsibilities include oversight of our independent registered public accounting firm and internal audit function, as well as oversight of our financial reporting process on behalf of the full Board of Directors. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

In this context, for 2015, the Audit Committee reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed a report on the effectiveness of our internal control over financial reporting and "Management's Annual Report on Internal Control Over Financial Reporting" and Ernst & Young LLP's "Report of Independent Registered Public Accounting Firm," which are included in our Annual Report on Form 10-K for the year ended December 31, 2015.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed under Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16, Communications with Audit Committees (AS 16). The Audit Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. The Audit Committee has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the full Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015, which was filed with the SEC.

Compensation Discussion and Analysis

Overview of Compensation Process. The Compensation Committee of our Board of Directors is responsible for establishing the compensation arrangements for our employees, including our executive officers, and reviewing and making recommendations to the full Board of Directors regarding non-employee director compensation. The Compensation Committee is also responsible for the administration of our stock incentive plans and other compensation plans in which our employees participate. It is the responsibility of the Compensation Committee to determine whether, in its judgment, our executive compensation policies are reasonable and appropriate, meet the stated objectives of those policies and effectively serve our best interests and the best interests of our stockholders. Each member of the Compensation Committee is an “independent director” as defined under the applicable rules of the New York Stock Exchange and our Corporate Governance Guidelines, a “non-employee director” as defined in Rule 16b-3 of the rules promulgated under the Securities Exchange Act of 1934, and an “outside director” for the purposes of the Internal Revenue Code of 1986, in each case as determined by our Board of Directors.

The Compensation Committee reviews our compensation policies on an annual basis and the compensation of individual executives is reviewed annually in light of the compensation policies for that year. In setting and reviewing executive compensation, in addition to corporate performance, the Compensation Committee believes it is appropriate to consider the level of experience and responsibilities of each executive, as well as the personal contributions a particular individual may make to the corporate enterprise. No relative weight is assigned to quantitative or qualitative factors considered by the Compensation Committee in reaching its decisions. The Compensation Committee utilized the services of an independent compensation consultant to benchmark comparable companies in determining the compensation of its executive officers during 2015.

Benchmarking Compensation. During 2015, the Compensation Committee consulted with an independent compensation consultant to assess the competitiveness and effectiveness of our executive compensation program. Among other things, the compensation consultant provided an analysis of base salary, short term bonus and long term equity incentive compensation comparable to other similarly situated companies.

In performing this analysis, the compensation consultant used a peer group of similarly situated public insurance institutions. The peer group consists of mostly small publicly traded property and casualty companies. Some of the companies used in the peer group are larger than the Company but still provide relevant information and a reliable frame of reference for benchmarking of the Company's executive compensation. The peer group used in the report presented for consideration consisted of the following insurance companies:

Affirmative Insurance Holdings Inc.	Amerisafe, Inc.
Atlantic American Corp.	Baldwin & Lyons Inc.
Donegal Group Inc.	EMC Insurance Group Inc.
Federated National Holding Company	Hallmark Financial Services Inc.
HCI Group Inc.	Heritage Insurance Holdings, Inc.
Independence Holding Co.	National Interstate Corporation
United Insurance Holdings Corp.	Universal Insurance Holdings Inc.

Role of Executive Officers in Compensation Decisions. The Compensation Committee makes all decisions regarding the compensation of our executive officers. The Compensation Committee annually evaluates the performance of our executive officers, and our president and chief executive officer provides the Compensation Committee with an assessment of the performance of our executive officers other than himself. Decisions regarding the compensation of employees other than our executive officers are made by our president and chief executive officer in consultation with other members of management. The president and chief executive officer does not play any role with respect to any matter impacting his own compensation.

What Is Our Philosophy of Executive Officer Compensation?

The Compensation Committee believes that the primary objectives of our executive compensation policies should be:

- To attract and retain talented executives by providing compensation that is, overall, competitive with the compensation provided to executives at companies of comparable position in our industry, while maintaining compensation within levels that are consistent with our annual budget, financial objectives and operating performance;
- To provide appropriate incentives for executives to work toward the achievement of our annual financial performance and business goals; and
- To align the interests of executives with those of our stockholders and the long-term interests of the Company by providing long-term incentive compensation in the form of stock options, restricted common stock, restricted stock units or other equity-based long-term incentive compensation.

The Compensation Committee is committed to a strong link between our financial and strategic objectives and our compensation and benefit practices. It is the Committee's objective to have a substantial portion of each executive officer's compensation contingent upon our performance, as well as upon his or her individual performance. Accordingly, the Compensation Committee's compensation philosophy for an executive officer emphasizes an overall analysis of the executive's performance for the prior year, his or her projected role and responsibilities, required impact on execution of our strategy, total cash and equity compensation internally, and other factors the Compensation Committee deems appropriate.

Elements of 2015 Executive Compensation. Overall, our executive compensation program is designed to be consistent with the objectives and principles set forth above. For 2015, the principal components of compensation for our executive officers were:

Base Salary. We provide executive officers with base salaries to compensate them for services provided during the year. The Compensation Committee generally reviews the base salaries of our executive officers on an annual basis. In determining whether an increase in base compensation for the executive officers is appropriate, the Compensation Committee considers the performance of the Company and the executive officer during the prior year, the executive officers' level of base salary relative to other executive officers of the Company, and the recommendations of the president and chief executive officer. Based upon these factors, the Compensation Committee approved base salaries for our named executive officers for 2015 and 2014 as follows.

	2015	2014
Name	Base Salary (\$)	Base Salary (\$)
Joseph S. Borbely	400,000	300,000
Brent J. Gay	260,000	215,000

Annual Incentive Compensation. The Compensation Committee believes that annual incentive compensation should be utilized to motivate the participants to achieve certain corporate and business objectives and operating results and reward them when these elements are satisfied. On March 10, 2015, the Compensation Committee adopted the 2015 Senior Management Bonus Program, which was consistent with the previously stated objectives of the annual incentive component of executive compensation. For non-senior executive officers and key employees, their respective bonus potential was their individual target bonus times multipliers relating to the Company achieving its pre-tax income projections for 2015 (adjusted for specified non-recurring items) and the particular participant attaining specific management business objectives as set forth for that individual. The calculated payout is a baseline,

and the final payout would be determined at the discretion of the president and chief executive officer. For senior executive officers, their respective bonus potential was a percentage of their individual target bonus times a multiplier relating to the Company achieving its pre-tax income projections for 2015. Any annual incentive payouts amounts greater than 100% of potential were eligible for payment in the form of equity grants. All cash bonus payments and equity award grants to senior executive officers are subject to prior approval of the Compensation Committee. Based upon the Company's adjusted pre-tax income attained, no annual incentive payments were earned under the 2015 Senior Management Bonus Program. However, on March 15, 2016, based on the initiatives executed, which are described in more detail below, the Compensation Committee approved the following discretionary cash bonuses to our executive officers for 2015:

Name	Title	Cash Bonus (\$)
Joseph S. Borbely	President and Chief Executive Officer	212,500
Brent J. Gay	Senior Vice President and Chief Financial Officer	112,500

For the executive officers, the Compensation Committee considered the following initiatives planned and executed by management during 2015:

- Completed the integration and rebranding of 82 retail locations acquired from Nationwide and the on-boarding and training of 238 new employees, expanding the Company's presence into California, Arizona, Nevada and New Mexico;
- Continued the renewed focus on improving the quality and consistency of the customer experience in our retail stores, call center and consumer-based website and mobile platform;
- Launched new claims processes for loss intake and photo inspection to increase adjuster efficiencies;
- Expanded product offering to include Virginia (first new state since 2005) and commission-based third party products for motorcycle and commercial automobile insurance; and
- Implemented a new human resources and payroll system to improve process effectiveness and efficiencies and support employee growth and development.

The key financial indicators that demonstrated success of the initiatives included:

- Income before taxes (excluding specified non-recurring items and impacted by elevated loss frequency consistent with the industry) of \$3.1 million;
- A \$36.0 million (exclusive of the acquisition) increase in operating revenues (47 consecutive months of year-over-year increases in premiums earned); and
- Controlled insurance operating expenses resulting in a 17.9% expense ratio, a 4.8% reduction over the prior year.

In connection with the acquisition of the retail locations from Nationwide, the Company entered into a transition services agreement with Nationwide, which resulted in a monthly payment to Nationwide of approximately \$200,000. Due to the considerable efforts of management to integrate the operations of the stores acquired in a short time frame, the transition services were terminated with Nationwide on or about December 2015. As a result, the Company recognized significant savings from the payment of these fees on an ongoing basis due to management's efforts to integrate these operations quickly.

Equity Awards. Equity awards, including stock options, restricted common stock and restricted stock units, are the principal vehicle for payment of long-term compensation for our executive officers. The Compensation Committee believes stock-based incentive compensation should be structured so as to closely align the interests of the executive officers with the interests of our stockholders. All equity awards are granted pursuant to incentive plans approved by our stockholders. The Compensation Committee determines the equity award grants to the executive officers and

takes into account the recommendations of the president and chief executive officer prior to approving awards of stock-based incentive compensation. Equity awards are granted in part to reward the senior executives for their long-term strategic management of the Company, and to motivate the executives to improve stockholder value. The Compensation Committee may also grant an award to an executive officer upon the commencement of his or her employment with the Company or upon a change in his or her duties or responsibilities with the Company.

On March 15, 2016, based upon the Company's initiatives executed, the Compensation Committee approved the following stock awards to our executive officers for 2015:

		Restricted
Name	Title	Stock Units (#) (1)
Joseph S. Borbely	President and Chief Executive Officer	52,174
Brent J. Gay	Senior Vice President and Chief Financial Officer	32,609

(1) Represents restricted stock units granted to the executive officer. Such restricted stock units will vest, and an equal number of shares of common stock will be deliverable to the executive, upon the third anniversary of the date of grant, March 15, 2019, or immediately upon the earlier occurrence of events specified in the executive officer's restricted stock unit award agreement, including a "change in control" of the Company.

401(k) Plan. The Company maintains a 401(k) plan that provides for a matching contribution by the Company of 100% of the participant's voluntary salary contributions of the first 3% of the participant's salary contributed by the participant, plus 50% of the next 2% of salary, up to the maximum voluntary salary contribution established by the U.S. Department of Labor.

Elements of 2016 Executive Compensation Plan.

Base Salary. On March 15, 2016, consistent with the prior stated objectives of the base salary component of executive compensation, for 2016, the Compensation Committee determined to increase the base salaries of the named executive officers as follows:

	2016	2015	
Name	Base Salary (\$)	Base Salary (\$)	Increase (\$)
Joseph S. Borbely	430,000	400,000	30,000
Brent J. Gay	290,000	260,000	30,000

Cash Bonus and Equity Awards. On March 15, 2016, the Compensation Committee adopted the 2016 Senior Management Bonus Program, which is consistent with the 2015 Senior Management Bonus Program. All cash bonus payments and equity award grants to senior executive officers are subject to prior approval of the Compensation Committee.

The following target bonus percentages will be followed for our named executive officers:

Name	Title	Target Cash Bonus % of Base Salary
Joseph S. Borbely	President and Chief Executive Officer	75%
Brent J. Gay	Senior Vice President and Chief Financial Officer	60%

Perquisites and Other Benefits. The Company does not generally provide material perquisites that are not, in the Compensation Committee's view, integrally and directly related to the executive officers' duties. Our executive officers participate in broad-based benefit programs that are generally available to our salaried employees, including health, dental, disability and life insurance programs.

Tax and Accounting Matters. Section 162(m) of the Internal Revenue Code of 1986, enacted as part of the Omnibus Budget Reconciliation Act of 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the chief executive officer and the three other most highly compensated executive officers, other than the chief financial officer. Under Internal Revenue Service regulations, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Compensation Committee expects to continue to monitor the application of Section 162(m) to executive compensation and will take appropriate action if it is warranted in the future. We operate our compensation programs with the intention of complying with Section 409A of the Internal Revenue Code of 1986.

Compensation Risk Assessment

The Compensation Committee has reviewed our compensation plans and policies to determine whether they encourage excessive or inappropriate risk-taking by our employees, including our named executive officers. This assessment included a review of our business and the design of our incentive plans and policies. Our compensation arrangements include base salaries at levels that the Compensation Committee believes provides employees with a steady income so that they are not encouraged to focus on short-term performance criteria to the detriment of other important Company measures. The performance measures used in our incentive-based compensation arrangements are based primarily upon Company measures, which we believe encourages executives and other employees to focus on overall corporate performance rather than individual performance or the performance of a specific part of our business, provide for payments based upon multiple levels of performance, and are capped at a specified percentage of annual salary. Based upon its review, the Compensation Committee has determined that our compensation plans and policies, taken as a whole, are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

During 2015, the Compensation Committee of the Board of Directors was composed of Harvey B. Cash, Tom C. Nichols and Lyndon L. Olson, Jr. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among our executive officers, members of the Compensation Committee or entities whose executives serve on the Board of Directors or the Compensation Committee that require disclosure under applicable SEC regulations.

PROPOSAL 2 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A(a)(1) of the Securities Exchange Act of 1934, we are asking stockholders to cast an advisory vote on the compensation of our named executive officers disclosed in the Executive Compensation section of this Proxy Statement. While this vote is a non-binding advisory vote, we value the opinions of stockholders and will consider the outcome of the vote when making future compensation decisions.

As described in detail under the heading “Compensation Discussion and Analysis,” our compensation programs are designed to align a significant portion of each named executive officer’s total compensation with the annual and long-term performance of the Company and the interests of our stockholders. Stockholders are urged to read the Compensation Discussion and Analysis, compensation tables and narrative discussion in this Proxy Statement, which discuss in detail how our compensation policies and procedures implement our compensation philosophy.

This annual vote on this matter is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this Proxy Statement. The vote is advisory and, therefore, not binding on the Company, the Board of Directors or the Compensation Committee of the Board of Directors.

We are asking our stockholders to indicate their support for this Proposal 2 and the compensation paid to our named executive officers as disclosed commencing on page 16 of this Proxy Statement by voting FOR, on an advisory basis, the following resolution:

“NOW, THEREFORE, BE IT RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the named executive officers of the Company, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion related thereto.”

The Board of Directors recommends that you vote FOR the compensation of our named executive officers.
