PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 23, 2017

GENERAL INFORMATION

This proxy statement is being furnished to the stockholders of Atrion Corporation (sometimes referred to herein as “Atrion,” “we,” “us,” “our,” or the “Company”) in connection with the solicitation of proxies by our Board of Directors to be voted at the 2017 annual meeting of stockholders to be held at the Company’s offices, One Allentown Parkway, Allen, Texas 75002 on Tuesday, May 23, 2017 at 10:00 a.m., Central Time, and at any adjournment of such meeting. The notice of annual meeting, proxy statement and form of proxy and the Company’s 2016 Annual Report are first being made available to stockholders on or about April 10, 2017.

Questions and answers about the proxy materials

and our annual meeting

Q: What is the purpose of the annual meeting?

A: At the annual meeting, our stockholders will consider and vote upon the following matters:

election of two Class I directors;

ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year 2017;

to approve, on an advisory basis, executive officer compensation; and

to conduct an advisory vote on the frequency of future advisory voting to approve executive officer compensation.

Our stockholders will also transact such other business as may properly come before the meeting.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: The rules of the Securities and Exchange Commission, or SEC, allow us to provide our proxy materials to our stockholders over the Internet if they have not requested that printed materials be provided to them on an ongoing basis. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, or Notice of Internet Availability, to our stockholders who have not previously requested that printed materials be provided to them on an ongoing basis. Instructions on how to access our proxy materials over the Internet or to request a printed copy by mail may be found in the Notice of Internet Availability. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Q: How can I get electronic access to the proxy materials?

A: The Notice of Internet Availability provides you with instructions regarding how you may access and review on the Internet our proxy materials for the annual meeting.

Q: Who is entitled to vote at the annual meeting?

A: *Stockholders Entitled to Vote.* Stockholders of record at the close of business on March 28, 2017, the record date for the meeting, will be entitled to notice of, and to vote at, the annual meeting and at any adjournment thereof. At the close of business on the record date, we had outstanding and entitled to vote 1,836,805 shares of common stock, our only voting securities. Holders of record of shares of common stock outstanding on the record date will be entitled to one vote for each share held of record on that date upon each matter presented to the stockholders to be voted upon at the meeting.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the stockholder of record, and we are providing the Notice of Internet Availability to you directly. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to a third party, or to vote in person at the annual meeting.

Beneficial Owners. If your shares are held in the name of a broker, bank or other nominee, you are considered the beneficial owner of those shares and the broker, bank or other nominee is the record holder. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote, and you are also invited to attend the annual meeting. However, because you are not the record holder, you may not vote these shares in person at the annual meeting unless you follow the record holder's procedures for obtaining a legal proxy.

Q: Can I attend the annual meeting in person?

A: You are invited to attend the annual meeting if you are a registered stockholder or a beneficial owner as of the record date. You must present a form of photo identification acceptable to us, such as a valid driver's license or passport, to enter the meeting. In addition, if your shares are held by your broker, bank or other nominee, please bring your Notice of Internet Availability or other evidence of stock ownership as of the record date. The meeting will begin promptly at 10:00 a.m., Central Time. Check-in will begin at 9:30 a.m., Central Time. Please allow ample time for the check-in procedures.

Q: How can I vote my shares?

A: *Registered Stockholders.* Registered stockholders may vote (i) by attending the annual meeting, (ii) by following the instructions on your Notice of Internet Availability for voting by telephone or on the Internet at www.proxyvote.com or (iii) by signing, dating and mailing in a proxy card. Please note that the Internet and telephone

voting facilities will close at 11:59 p.m., Eastern Time, on May 22, 2017.

Beneficial Owners. If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the meeting, you must request a legal proxy from the bank, broker or other nominee that holds your shares and present that proxy at the annual meeting to vote your shares.

Q: If I sign, date and return a proxy, how will it be voted?

A: Unless you revoke your proxy instructions, as described in the answer to the question immediately below, shares of common stock represented by your proxy will be voted at the annual meeting as you specify over the Internet, by telephone or on the proxy card. If you do not specify how to vote your shares, the shares represented by your proxy will be voted “FOR” the election as directors of the nominees of the Board of Directors named herein; “FOR” ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year 2017; “FOR” approval, on an advisory basis, of our executive officer compensation; and, on an advisory basis, to hold advisory voting to approve our executive officer compensation every “1 Year.” In addition, in their discretion the persons designated as proxies will vote upon such other business as may properly come before the meeting.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the annual meeting. To revoke your proxy instructions and change your vote if you are a holder of record, you must (i) attend the annual meeting and vote your

shares in person, (ii) advise our Secretary at our principal executive office in writing before the proxy holders vote your shares, (iii) deliver later dated and signed proxy instructions or (iv) cast a new vote by the Internet or by telephone (not later than 11:59 p.m., Eastern Time, on May 22, 2017). If your shares are held by a broker, bank or other nominee, you must request instructions as to how to revoke your proxy from the bank, broker or other nominee that holds your shares.

Q: What happens if I decide to attend the annual meeting but I have already voted or submitted a proxy covering my shares?

A: You may attend the meeting and vote in person even if you have already voted or submitted a proxy. However, please be aware that attendance at the annual meeting will not, by itself, revoke a proxy. If a bank, broker or other nominee holds your shares and you wish to attend the annual meeting and vote in person, you must obtain a legal proxy from the record holder of the shares giving you the right to vote the shares.

Q: What is a quorum?

A: The annual meeting will be held if a majority of the shares of our common stock outstanding on the record date entitled to vote is represented in person or by proxy at the meeting, constituting a quorum. Abstentions and broker non-votes will be counted as present and represented at the annual meeting for purposes of determining a quorum.

Q: What if I am a beneficial owner and do not give the nominee voting instructions?

A: If your broker, bank or other nominee holds your shares in its name and does not receive voting instructions from you, your broker, bank or other nominee has discretion to vote these shares on certain routine matters but cannot vote on non-routine matters. The proposal to ratify the appointment of Grant Thornton LLP is a routine matter and your broker, bank or other nominee is permitted to vote your shares even if you do not provide your broker, bank or other nominee voting instructions. Election of directors and advisory voting on executive compensation and on the frequency of holding advisory voting to approve our executive officer compensation are not deemed to be routine matters. Accordingly, your broker, bank or other nominee is not entitled to vote your shares on those matters unless voting instructions are received from you.

Q: What votes are necessary to elect directors and approve the other items of business at the annual meeting?

A: Pursuant to the Company's Bylaws, directors are elected by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote. Abstentions and broker non-votes have no effect on the election of directors. Ratification of the appointment of Grant Thornton LLP and approval, on an advisory basis, of our executive officer compensation each requires the affirmative vote of a majority of the shares present, in person or by proxy, at the meeting and entitled to vote thereon. Abstentions will have the same effect as a negative vote, and broker non-votes will have no effect, on the proposal to ratify the appointment of Grant Thornton LLP and on the proposal to approve, on an advisory basis, our executive officer compensation. With respect to the advisory vote on the frequency of advisory voting to approve our executive officer compensation, the frequency choice receiving the greatest number of votes cast will be considered the preference of our stockholders. Abstentions and broker non-votes will have no effect on this advisory vote.

Q: Where can I find the voting results for the annual meeting?

A: The voting results will be published in a current report on Form 8-K that will be filed with the SEC within four business days after the annual meeting. The Form 8-K will also be available on our website at www.atrioncorp.com.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” ELECTION OF ITS NOMINEES, EMILE A BATTAT AND RONALD N. SPAULDING.

Information Regarding Board of Directors and Committees

Board Leadership and Independence

We separate the roles of Chairman of the Board and Chief Executive Officer. Our Board of Directors believes that this leadership structure is appropriate and effective because it permits Mr. Emile Battat, who has had many years of experience with the Company, to continue to play a key role as Chairman of the Board and thereby provide

leadership to the Company's Board of Directors as well as work with our Chief Executive Officer, Mr. David Battat, in the evaluation, planning and implementation of corporate strategy and in operational and financial matters. In addition to his participation in strategic and financial matters, Mr. David Battat focuses on operational matters, including the day-to-day management of our business.

Under The NASDAQ Stock Market LLC, or Nasdaq, listing rules, a majority of the members of our Board of Directors must qualify as "independent directors," as determined by our Board of Directors. In making the determination whether our directors are independent, our Board of Directors applies the requirements for director independence set forth in the Nasdaq listing rules. After considering the relationship of each director with the Company, our Board of Directors has determined that Messrs. Athey, Morgan, Spaulding, Stebbing and Stupp are independent directors within the meaning of those rules and that our Chairman of the Board, Mr. Emile Battat, is not an independent director. Our Audit, Compensation and Corporate Governance Committees are comprised solely of independent directors. Our independent directors meet regularly in executive sessions without management present. Mr. Stebbing, who is currently the Chair of the Corporate Governance Committee, is serving as our lead director. As such, he is responsible for calling, establishing agendas for and moderating the Board of Directors' executive sessions.

Meetings

Our Board of Directors held seven meetings during 2016. Each director serving in 2016 attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings of all committees on which he served that were held in 2016 during the time he served as a director or as a member of such committees.

Nominating Process

Because of the small number of directors, our Board of Directors has determined, and has adopted a resolution providing, that nominees for election to the Board of Directors will be selected by a majority vote of the directors meeting the Nasdaq independence requirements. Accordingly, our Board of Directors does not have a separate nominating committee or a nominating committee charter. In accordance with resolutions adopted by the Board of Directors in selecting nominees for election as directors, our Board of Directors, with the assistance of our Corporate Governance Committee, will review and evaluate candidates submitted by directors and management and by our stockholders. Stockholders who would like to suggest qualified candidates for selection by our independent directors as nominees of our Board of Directors should provide written notification thereof to the Secretary of the Company at our principal executive offices and include the candidates' qualifications. In considering possible nominees, our independent directors are to take into account the following: (i) each director should be an individual of the highest character and integrity; (ii) each director should have substantial experience that is relevant to our Company; (iii) each director should have sufficient time available to devote to the affairs of the Company; and (iv) each director should represent the best interest of all of our stockholders. Our Board of Directors believes that having directors with diverse

backgrounds and business experience is in our best interest, and these factors are considered in connection with the selection of nominees for election as directors. Our current directors have diverse industry backgrounds, including substantial experience in medical device, industrial, engineering, financial and energy companies. All possible nominees are to be reviewed in the same manner, regardless of whether they have been submitted by stockholders, directors or management.

The Board's Role in Risk Oversight

Our Board of Directors has the responsibility for overseeing the Company's exposure to risk. The Board of Directors, directly and through its committees, reviews our material risk exposures, including operational risks, investment risks, financial risks and compensation risks. Our Board of Directors and its committees meet with management when necessary in performing these oversight functions.

Committees

Our Board of Directors has four standing committees: the Executive Committee, the Corporate Governance Committee, the Compensation Committee and the Audit Committee.

Our Executive Committee is currently comprised of Messrs. Emile Battat and Morgan.

Our Board of Directors has determined that the members of our Corporate Governance Committee, Compensation Committee and Audit Committee must meet the independence requirements of the Nasdaq listing rules for directors and that the Audit Committee members must also meet the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, not have participated in the preparation of the financial statements of the Company or any current subsidiary during the past three years and be able to read and understand fundamental financial statements. The Nasdaq listing rules also require that, in determining the independence of any director who will serve on our Compensation Committee, our Board of Directors must consider all factors specifically relevant to determining whether such director has a relationship to the Company which is material to that director's ability to be independent from management in connection with the duties of a Compensation Committee member, including the source of compensation of such director and whether such director is affiliated with the Company, a Company subsidiary or an affiliate of a Company subsidiary.

Our Corporate Governance Committee, which is currently comprised of Messrs. Morgan, Spaulding and Stebbing, assists in the evaluation of possible nominees for election to the Board of Directors as requested by the Board of Directors, reviews annually and advises the Board of Directors with respect to the compensation of directors, administers the Company's stock ownership guidelines and recommends to the Board of Directors (i) the number of directors to be fixed in connection with each annual meeting of our stockholders, (ii) the directors to be appointed to each of the committees of the Board of Directors, after considering the recommendation of our Chairman of the Board, (iii) corporate governance guidelines if the Corporate Governance Committee deems them appropriate for the Company and (iv) proposed changes to the charter of the Corporate Governance Committee. At the request of the Board of Directors, the Corporate Governance Committee assisted in the evaluation of Mr. Athey and determined that he met the criteria established by the Board of Directors for service as a director. In making recommendations to the Board of Directors as to director compensation, our Corporate Governance Committee considers our directors' responsibilities and time devoted by them in fulfilling their duties as directors, the skills required and market data on director compensation and takes into account recommendations made by Mr. Emile Battat. Except for Mr. Emile Battat, who is Chairman of our Board of Directors, our executive officers are not involved in determining or recommending the amount or form of director compensation. Our Board of Directors has adopted a written charter for the Corporate Governance Committee, a copy of which is available at our website at www.atrioncorp.com. The Corporate Governance Committee met one time in 2016.

Our Compensation Committee, which is currently comprised of Messrs. Morgan, Spaulding and Stupp, makes recommendations to the Board of Directors as to the remuneration of our executive officers, administers the Amended and Restated Atrion Corporation 2006 Equity Incentive Plan, or 2006 Equity Plan, the Atrion Corporation Non-Employee Director Stock Purchase Plan, or Stock Purchase Plan, and the Atrion Corporation Deferred Compensation Plan for Non-Employee Directors, or Deferred Compensation Plan, and makes recommendations to our Board of Directors with respect to annual cash incentive bonuses for our executive officers who participate in the Atrion Corporation Short-Term Incentive Compensation Plan, or Short-Term Incentive Plan. The primary processes and procedures for the consideration and determination of executive compensation, the role of executive officers in determining or recommending the amount and form of executive officer compensation, the extent of delegation of authority and the role of compensation consultants in determining or recommending executive officer compensation

are set forth in “Compensation Discussion and Analysis” at page 10 of this proxy statement. Our Board of Directors has adopted a written charter for the Compensation Committee, a copy of which is available on our website at www.atrioncorp.com. The Compensation Committee met four times in 2016.

Mercer, an outside compensation consultant, has been engaged from time to time at the request of the Compensation Committee to provide information as to the compensation of executive chairmen, chief executive officers, chief operating officers, chief financial officers and directors of various companies, including certain companies in the medical products and devices industry. For further information regarding the services provided by Mercer, see “Compensation Discussion and Analysis” at page 10 of this proxy statement.

Our Audit Committee, the current members of which are Messrs. Morgan, Spaulding, Stebbing and Stupp, appoints, determines the appropriate compensation for and oversees the work of the Company’s independent auditors, assists the Board of Directors in its oversight of our accounting and financial reporting principles and policies and internal audit controls and procedures and oversees related-party transactions. The Audit Committee reviews and assesses, at least annually, the Audit Committee Charter and is to recommend any changes to the Audit Committee

Charter to the Board of Directors. Our Board of Directors has determined that each member of the Audit Committee meets the independence rules and other criteria for Audit Committee membership set forth above and that Mr. Stupp qualifies as an audit committee financial expert. Our Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on our website at www.atrioncorp.com. Our Audit Committee met six times in 2016.

Stockholder Communications to the Board of Directors

Any stockholder wishing to communicate with our Board of Directors about any matter should send the communication, in written form, to Emile A Battat, Chairman, at our principal office in Allen, Texas. Mr. Emile Battat will promptly send the communication to the other members of the Board of Directors.

Attendance at Stockholder Meetings

The Board of Directors has a policy encouraging each director to attend, if practicable, our annual meetings of stockholders. All of the directors who were serving at the time of the 2016 annual meeting attended that meeting.

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct that applies to our employees, including our executive officers, and to the members of our Board of Directors.

Stock Ownership Guidelines for Directors

We have stock ownership guidelines that apply to our directors, executive officers and designated officers of the Company and its subsidiaries. Each non-employee director is required to own shares of our common stock with a market value of at least \$150,000 within three years of the date of election to the Board of Directors, except that non-employee directors who elect to receive at least 25% of the cash portion of their annual cash retainers in shares of our common stock under the Stock Purchase Plan or in stock units under the Deferred Compensation Plan and continue such election annually are permitted five years to meet the guidelines. Stock that counts toward these guidelines is described in “Stock Ownership Guidelines for Officers” at page 14 of this proxy statement.

Director Compensation

Under our director compensation program, each non-employee director is paid an annual cash retainer of \$66,000 for his service as a director and is annually awarded fully-vested shares of our common stock under our 2006 Equity Plan having a market value on the date of the award of \$60,000. The equity awards are made each year immediately following our annual meeting of stockholders. In addition, the Chairmen of the Corporate Governance Committee and the Compensation Committee are each paid an annual cash retainer of \$6,000, and the Chairman of the Audit Committee is paid an annual cash retainer of \$12,000. Mr. Emile Battat, our only employee director, does not receive any compensation for his service as a director. We reimburse our directors for travel and out-of-pocket expenses incurred in connection with attending meetings of the Board of Directors.

The Stock Purchase Plan provides non-employee directors with a convenient method of acquiring shares of our common stock. The Stock Purchase Plan allows non-employee directors to elect to receive fully-vested stock and restricted stock in lieu of some or all of their cash fees. The foregone fees are converted into shares of fully-vested stock and restricted stock on the day the applicable cash fees otherwise would have been paid. The restricted stock vests in equal amounts on the first day of the second, third and fourth calendar quarters following receipt of the stock, provided the non-employee director is then serving as a member of the Board of Directors.

The Deferred Compensation Plan allows non-employee directors to defer all or part of their cash fees into stock units. A stock unit account is set up for each participating non-employee director. The stock unit account is credited with a number of stock units equal to the cash fees deferred by the non-employee director divided by the closing price of our common stock on the day preceding the date on which the deferred fees would have been paid. The stock units vest as follows: 25% vest on the date credited to the stock unit account and 25% vest on each of the April 1, July 1 and October 1 immediately following the date credited to the stock unit account, provided the

non-employee director is then serving as a member of our Board of Directors. Each stock unit account is credited with additional whole or partial stock units reflecting dividends that would have been paid on the number of shares represented by that stock unit account. The stock units held in a non-employee director's stock unit account are distributed in the form of whole shares of common stock, with cash paid for fractional stock units, in the January following the year in which his service as a director ceases or in January of a particular year, as specified by the non-employee director in his or her deferred fee election form.

The annual cash retainers for non-employee directors who elect to participate in either the Stock Purchase Plan or the Deferred Compensation Plan or both are payable on the first business day of January of each year for the calendar year then beginning, in each case to the extent such election or elections apply.

The following table sets forth summary information concerning the compensation of our non-employee directors for the year ended December 31, 2016:

As a result, Mr. Stupp's stock unit account was credited with 20.46 stock units, which amount was based on (4) the closing market price of our common stock on December 31, 2015, the last trading date prior to the date of issuance, which was \$381.20 per share.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis describes our compensation philosophies, the factors we consider in developing and maintaining our compensation packages and the elements of our compensation arrangements for our executives. We recognize that the medical device industry is very competitive, and our executive compensation program is intended to attract, retain and motivate executives who lead our business and to align their interests with the long-term interests of our stockholders. The principal elements of our compensation program are base salaries, annual cash incentive bonuses and long-term incentives in the form of equity awards. We believe that our compensation program provides appropriate incentives to our executives to achieve our financial and strategic goals without encouraging them to take excessive risks in their business decisions. Our compensation program is designed to reward our executive officers for high level corporate and individual performance. We believe 2016 was another good year financially and otherwise for the Company, although our financial results were not as strong as in 2015. The financial highlights for 2015 and 2016 and the percentage changes from 2015 to 2016 are as follows:

	2016	2015	Change	
Revenues	\$ 143,487,000	\$ 145,733,000	-1.5	%
Operating Income	39,126,000	42,510,000	-8.0	%
Net Income	27,581,000	28,925,000	-4.7	%
Income per Diluted Share	\$ 14.85	\$ 15.47	-4.0	%
Operating Income as a Percentage of Year End Stockholders' Equity	24.0	% 29.5	% -5.5	%

Our financial performance in 2016 was an important factor in determining our incentive compensation for that year. Elements of the program are also intended to reward key personnel for individual responsibilities, experience, performance and capacity to influence our results. We provide limited perquisites for our executive officers. We have stock ownership guidelines to ensure that our present and future executive officers, as well as certain other designated officers of the Company or our subsidiaries, acquire and maintain a meaningful equity stake in the Company.

Roles of the Compensation Committee, Management and Outside Consultants

Our Compensation Committee reviews and makes recommendations to our Board of Directors for our executive officers' base salaries, salary increases, and discretionary bonuses, as well as cash incentive bonuses for our executive

officers who participate in our Short-Term Incentive Plan. Our Compensation Committee also administers our equity incentive program. Annually, the Compensation Committee reviews tally sheets to obtain an overview of total compensation of our executive officers. These tally sheets identify the annual compensation for each of our executive officers in previous years, including base salaries, cash incentive bonuses, discretionary cash bonuses, equity awards, benefits and perquisites. Each executive officer's tally sheet also shows the amount payable to that executive officer upon termination of employment under various circumstances and reflects the executive officer's equity ownership, including stock owned free of restrictions, restricted stock, restricted stock units and stock options.

From time to time, directors who are not members of the Compensation Committee and Mr. Emile Battat, our Chairman, and Mr. David Battat, our President and Chief Executive Officer, attend meetings, or parts of meetings, of the Compensation Committee. The Compensation Committee does not delegate the authority to make equity awards. Our executive officers are responsible for the salaries, salary increases, cash incentive bonuses and discretionary cash bonuses for key personnel in our operating units who are not executive officers, and they administer our Short-Term Incentive Plan, subject to our Compensation Committee's review of, and recommendations to our Board of Directors with respect to, cash incentive bonuses for our two executive officers who are eligible to participate in that plan. In considering the base salary for Mr. David Battat and cash incentive bonuses for him and for Jeffery Strickland, our Vice President and Chief Financial Officer, Secretary and Treasurer, under the Short-Term Incentive Plan, the Compensation Committee takes into account the recommendations of Mr. Emile Battat. In considering the base salary

for Mr. Strickland, the Compensation Committee takes into account the recommendations of Messrs. Emile Battat and David Battat. At various times in recent years, at the request of our Compensation Committee we have engaged Mercer, a global consulting firm, to provide information regarding compensation for executive officers. The materials from Mercer have provided us with information regarding base salary, target bonus, target total annual compensation, long-term incentives, and total direct compensation and have been used by our Compensation Committee to obtain a more thorough understanding of compensation practices of various companies, including certain companies in the medical products and devices industry, and to assist our Compensation Committee in formulating its recommendations to our Board of Directors regarding compensation structure and levels for our executive officers. In 2015, Mercer was engaged by the Company at the request of the Compensation Committee to provide market compensation data for executive officers. The information, which was set forth in a report delivered in December 2015, covered base salaries, target bonus as a percent of salary, total annual compensation, long-term incentives and total direct compensation for 13 medical products and device companies with market capitalizations ranging from \$242 million to \$3.5 billion. Also included in the report was a review of outside director compensation. Our Compensation Committee used information in the December 2015 report in connection with its review of, and recommendations respecting, the base salaries and the cash incentive bonuses under our Short-Term Incentive Plan for 2016 for Mr. David Battat and Mr. Strickland.

Elements of Our Compensation Program

Base salaries, annual cash incentive bonuses and long-term incentives in the form of equity awards are the principal elements of our compensation program. Additional elements are our health insurance plan, retirement benefits under our Section 401(k) Savings Plan, or 401(k) Plan, and limited perquisites. We utilize these elements because we believe they are necessary or helpful in achieving the objectives of our compensation program. For example, base salaries are designed to attract and retain executive officers and key personnel and are intended to be at competitive levels. Annual cash incentive bonuses and equity awards are intended to reward executive officers and key personnel and provide incentives for superior results by us and for individual responsibility and performance. Equity awards also are intended to align the interests of our executive officers and key personnel with the interests of our stockholders. The combination of these elements is designed to compensate employees fairly for the services they provide on a regular basis. Generally, the Compensation Committee analyzes the individual performance of our executive officers, with input from Messrs. Emile Battat and David Battat with respect to Mr. Strickland's individual performance.

We believe that base salaries are a significant component of our compensation program in terms of attracting and retaining executive officers and other key employees. Annual cash incentive bonuses for our executive officers and other key personnel, which provide them with the opportunity to receive cash compensation in addition to their base salaries, are intended to reward them for the Company's performance and for individual performance as well. We believe that long-term incentives in the form of equity awards help align the interests of our executive officers and key personnel with the interests of our stockholders. We also believe that equity awards further our efforts to promote the profitability and growth of the Company. We do not have a specific policy of awarding options as opposed to restricted stock or restricted stock units, and for the past several years stock options, restricted stock and restricted stock units have all been important elements of our compensation program. We view our health insurance benefits, along with certain other benefits, as necessary to attract and retain employees.

Formula cash bonuses are provided in our employment agreement with Mr. Emile Battat and in our Short-Term Incentive Plan. Pursuant to his employment agreement, Mr. Emile Battat is entitled to annual cash bonuses equal to a fixed percentage of year-to-year increases in our operating income. This arrangement was determined based on our Compensation Committee's discussions with him. For 2016, the cash bonuses for Messrs. David Battat and Strickland were awarded under our Short-Term Incentive Plan. In addition, our executive officers may also receive discretionary cash bonuses if recommended by our Compensation Committee and approved by our Board of Directors. However, none of our executive officers is paid a fixed or guaranteed annual cash bonus. We endeavor to structure our compensation program so that our base salaries and annual cash bonus opportunities are adequate to attract and retain key personnel. In addition, we seek to provide sufficient long-term equity compensation to motivate our executive officers and other key personnel to focus on our performance over the longer term. We believe that our compensation program is designed in a manner so as not to encourage excessive risk taking. Our executive officers' base salaries are fixed amounts and therefore do not encourage risk taking by our executive officers. Our annual and long-term incentive compensation arrangements for our executive officers are tied to our performance on an annual basis and over the longer term. We believe that those incentive programs, taken together with base salaries, are balanced and do not promote excessive risk taking.

Our Compensation Committee considers the following corporate factors in establishing our compensation program and making compensation recommendations and decisions:

our earnings per share;
our operating income;
total stockholder return;
our return on equity;
safety; and
efficiency of our operations.

At our annual meeting of stockholders in 2016, our stockholders overwhelmingly approved, on an advisory basis, our executive compensation, with approximately 98% of the shares present, in person or by proxy, at the meeting and entitled to vote thereon being voted to approve the compensation of our executive officers. The Compensation Committee has considered those results in deciding to retain our general approach to executive compensation.

Base Salaries

In structuring our compensation program, we start with the annual base salary and build on that component. The factors considered when fixing an executive officer's base salary are performance, responsibilities, experience, capacity to influence our results, competitive conditions and length of service with us. When considering the base salaries for our executive officers, our Compensation Committee reviews the total annual compensation for those executive officers for previous years as set forth in the tally sheets described above, including base salaries, cash incentive bonuses and discretionary cash bonuses, long-term incentive awards, benefits and perquisites. For 2016, the base salaries of our three executive officers were as follows: The base salary of Mr. Emile Battat, which is fixed in his employment agreement and in accordance with the recommendation of our Compensation Committee, was \$600,000, unchanged from each of the years in the period 2012-2015; the base salary of Mr. David Battat was \$620,000, unchanged from his 2015 base salary; and the base salary of Mr. Strickland was fixed at \$280,000, also unchanged from his 2015 base salary. The 2016 base salaries of Messrs. David Battat and Strickland were fixed in accordance with recommendations of our Compensation Committee, after taking into consideration information provided by Mercer, as well as the factors described above and recommendations of Mr. Emile Battat in the case of Mr. David Battat's base salary and Messrs. Emile Battat and David Battat in the case of Mr. Strickland's base salary.

Annual Incentive Compensation

Our executive officers, other than Mr. Emile Battat, and certain key personnel are eligible to be selected to participate in our Short-Term Incentive Plan. Under this plan, an awards pool is established each year equal to a portion of our subsidiaries' operating profits and is funded through contributions by our subsidiaries as determined under the terms of the plan. The awards pool is used to pay cash bonuses under employment agreements, other discretionary cash bonuses to employees who are not participating in the Short-Term Incentive Plan and other employment-related expenses. The balance of the awards pool, if any, is available for cash incentive bonuses to participating executive officers and key personnel. Cash incentive bonuses are based in part on a bonus allocation formula that takes into account a number of factors, including the participant's salary, an individual bonus rate, the profitability of the subsidiary employing the participant (where applicable), and individual participant performance.

The cash incentive bonus amounts determined pursuant to that formula for our executive officers are subject to review by our Compensation Committee, which takes into account the recommendations of the Chairman of the Board. The Compensation Committee then makes recommendations to our Board of Directors, which determines the cash incentive bonus amounts for our executive officers. In the case of key personnel, the bonus amounts determined pursuant to the formula are subject to adjustments by our executive officers. The Short-Term Incentive Plan provides that cash incentive bonuses thereunder for each year are to be determined by March 15 of the year immediately following the year for which the pool is established, with at least 75% of a participant's bonus to be paid by that March 15 and the balance, which is generally 25% of the bonus amount, to be paid by March 15 of the following year if the participant is employed by the Company at the time for payment. The plan is administered by our executive officers, subject to our Compensation Committee's review of, and recommendations to our Board of Directors with respect to, bonuses for Mr. David Battat and Mr. Strickland. For 2016, Mr. David Battat's cash

incentive bonus was \$800,000 and Mr. Strickland's cash incentive bonus was \$250,000, with 75% of each incentive bonus for 2016 having already been paid in 2017 to Mr. David Battat and Mr. Strickland and the remaining 25% to be paid to each of them by March 15, 2018 provided he is employed by the Company at the time for payment. The cash incentive bonuses for Messrs. David Battat and Strickland were \$100,000, or 11.1%, and \$10,000, or 3.8%, respectively, less than their bonuses for each of the years in the period 2013-2015. Mr. Emile Battat is entitled to annual cash incentive bonuses equal to a fixed percentage of year-to-year increases in our operating income as provided in his employment agreement. Our Compensation Committee has the authority to exercise its discretion to adjust any increase in our operating income to disregard one-time, nonrecurring extraordinary items and is to make such equitable adjustments as are required to give effect to acquisitions, divestitures or similar corporate transactions. For 2016, Mr. Emile Battat was not entitled to a cash incentive bonus based on such formula.

Our Compensation Committee has the authority to recommend discretionary cash bonuses based on the performance of the Company, one or more Company units or individual performance. We believe that this discretionary authority is useful because there may be circumstances that would support awards being made in addition to those under, or in the absence of attainment of the performance goals in, the arrangements discussed above. No discretionary cash bonuses were paid to our executive officers for 2016.

Long-Term Incentive Awards

Long-term equity-based compensation is an integral part of our total compensation package. It is intended to align the interests of our executive officers and key personnel with the interests of our stockholders in focusing on long-term growth and stock performance. We review the costs and benefits to us from the various forms of long-term compensation, including stock options, restricted stock and restricted stock units. In selecting the form of awards, we take into account that stock options will have little or no value if we do not have increased profitability and increases in the market price of our stock and that restricted stock and restricted stock units may continue to have value, though possibly reduced, if our profitability declines and the market price of our stock does not increase or even declines.

Our current policy on equity awards provides that equity awards, other than in connection with new hires or unusual circumstances, will be made at the meeting of our Compensation Committee held in conjunction with our annual stockholders meeting, which usually is held each May, and on the 10th business day immediately following the last day of each "blackout period," as defined in the Corporation's Insider Trading Policy. Those equity awards are to be made only at meetings of the Compensation Committee, including telephonic meetings, and not through actions by written consent. No equity awards were made to our executive officers in 2016.

Benefits and Perquisites

We provide various benefits to our executive officers, including health insurance and life and disability insurance, as a part of our total compensation package. We also maintain a 401(k) Plan for all of our employees, including our executive officers. Under our 401(k) Plan, we make matching contributions of up to 3.5% of a participant's eligible compensation. Our executive officers are fully vested in our matching contributions. Perquisites are not a significant component of compensation for our executive officers.

Termination and Change in Control Arrangements

We have agreements or plans under which our executive officers are entitled to payments and benefits upon termination of employment under certain circumstances. The terms of Mr. Emile Battat's arrangement are set forth in his employment agreement and were determined on the basis of recommendations by our Compensation Committee after discussions with him. The terms of Mr. David Battat's arrangement were recommended by our Compensation Committee after consideration of his responsibilities and experience. The terms of Mr. Strickland's severance plan were recommended by our Compensation Committee after consideration of Mr. Strickland's total compensation package and length of service with the Company. We have structured our arrangements with our executives so that a change in control alone does not trigger any payments and, with respect to their equity awards, results only in acceleration of vesting. We believe acceleration of vesting provides our executive officers a reasonable measure of protection in the event of a change in control. For a more detailed discussion of the terms of these arrangements, see "Potential Termination and Change in Control Payments" at page 19 of this proxy statement.

Stock Ownership Guidelines for Officers

Our stock ownership guidelines are designed to ensure that our executive officers and designated officers of the Company and its subsidiaries acquire and maintain a meaningful equity stake in the Company so as to align their interests closely with those of our stockholders. The guidelines provide that within four years of becoming subject to the guidelines the persons serving as our Chairman and as our Chief Executive Officer are required to each own shares of our common stock with a market value of at least \$2,400,000, a person serving as our Chief Operating Officer, a position not currently filled, is required to own shares of our common stock with a market value of at least \$1,200,000 and the person serving as our Chief Financial Officer is required to own shares of our common stock with a market value of at least \$900,000. Other officers of the Company or our subsidiaries who are designated by our Board of Directors are required to own shares of our common stock with a market value of at least \$300,000 within five years from being designated as being subject to the guidelines. The guidelines also provide that if an executive officer or designated officer fails to meet the guidelines, or having met the guidelines fails to continue to meet them, two-thirds of each bonus payable to such executive officer or designated officer is to be paid in a form that counts toward the guidelines until the guidelines are met. Shares of our stock that count toward those guidelines are shares owned outright, shares held as restricted stock, shares underlying stock units and shares held in certain trusts, family limited partnerships or limited liability companies or similar investment vehicles.

Clawback Policy

We have a “clawback” policy that allows the Company to seek recovery with respect to cash incentive bonuses paid to executive officers if, within the preceding three years, any of our financial statements or financial metrics upon which cash incentive bonuses have been based have been materially misstated due to the fraud or intentional misconduct of one or more of our executive officers. In such event, our Board of Directors may direct the Company to seek to recover from any such executive officer the amount by which such executive officer’s cash incentive bonus exceeded the cash incentive bonus that would have been awarded had there been no such misstatement.

Tax Considerations

Section 162(m) of the Internal Revenue Code precludes a publicly-held corporation from taking a federal income tax deduction for compensation paid in excess of \$1.0 million to certain of its executive officers. This limitation does not apply, however, to “performance-based” compensation. Although the Compensation Committee is cognizant of the limitations imposed by Section 162(m), the Compensation Committee believes that the primary purpose of our executive compensation program is to support the Company’s business strategy and the long-term interests of our stockholders. Therefore, the Compensation Committee maintains the flexibility to award or recommend compensation that may not be tax-deductible if doing so furthers the objectives of our executive compensation program.

Other

The base salaries of our executive officers can be adjusted upwards and downwards, except in the case of Mr. Emile Battat, whose base salary is fixed by his employment agreement, and discretionary bonuses can be awarded based on the individual performance of the executives as well as the performance of the Company or its units. Additionally, we can make equity awards to reward individual performance. We recognize that there may be circumstances when the individual responsibilities and performance of our executive officers or our corporate performance is so exceptional that a material increase in compensation would be appropriate. Likewise, we recognize that there could be a material downturn in our corporate performance, in which event we would consider reducing and, if appropriate, materially reducing compensation levels where permitted.

In making equity awards or considering adjustments to base salaries or cash incentives, our Compensation Committee takes into account the other elements of the compensation packages of our executive officers, as well as the number of shares of our common stock owned by them, the number of unexercised options held, the restricted stock or restricted stock units held, and the potential benefits they may realize upon the sale of the stock underlying these awards. We also have a policy discouraging the hedging of the risk of ownership of our securities.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth above. Based on this review and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the proxy statement.

Base Salaries

Mr. Emile Battat's base salary is fixed by his employment agreement. Base salaries for Mr. Strickland and Mr. David Battat are reviewed annually, and adjustments are generally made on the basis of our performance as measured by

certain financial and non-financial criteria, survey information respecting compensation of executive officers, cost-of-living information and the individual performance of the respective executive officer. The Compensation Committee has not assigned relative weights or values to any of such criteria. With respect to our financial performance, the Compensation Committee generally takes into consideration our operating income, earnings per share, total stockholder return, return on equity, safety and efficiency of our operations.

Incentive Compensation

Our executive officers, other than Mr. Emile Battat, and certain key employees are eligible to be selected to participate in our Short-Term Incentive Plan. Mr. Emile Battat is eligible for annual cash incentive awards under the terms of his employment agreement. These arrangements are described in more detail in “Certain Agreements, Plans and Transactions” at page 17 of this proxy statement and have been designed to foster a corporate culture focused on bottom line results by providing our executive officers and key employees with a substantial stake in reducing costs and increasing sales and productivity while conserving capital resources. In addition, our executive officers may receive discretionary bonuses if recommended by our Compensation Committee and approved by our Board of Directors.

The following table sets forth summary information concerning our executive officers' outstanding equity awards as of December 31, 2016:

Certain Agreements, Plans and Transactions

We have an employment agreement with Mr. Emile Battat that provides that he will serve as a senior executive officer of the Company and, subject to his election as a director by our stockholders, will serve as Chairman of the Board if so elected by our Board of Directors. Mr. Emile Battat's employment agreement fixes his base salary for each calendar year during the term at \$600,000. In addition, he is entitled to receive a cash bonus each year equal to a percentage of the increase in operating income for such calendar year over operating income for the prior calendar year, subject to equitable adjustments in operating income in the discretion of the Compensation Committee. Our employment agreement with Mr. Emile Battat also provides for certain payments to be made and benefits provided to him upon termination of employment, as discussed in "Potential Termination and Change in Control Payments" at page 19 of this proxy statement. The term of our employment agreement with Mr. Emile Battat expires on December 31, 2021 and automatically renews for additional one-year terms unless either we or Mr. Emile Battat notifies the other of termination at least 30 days prior to the expiration of the then-current term.

Our Short-Term Incentive Plan, in which our executive officers, other than Mr. Emile Battat, and certain key employees are eligible to be selected to participate, provides for the establishment each year of an awards pool that is equal to a portion of our subsidiaries' operating profits and is funded through contributions by those subsidiaries. The awards pool is used to pay bonuses under employment agreements, other discretionary bonuses to employees who are not participating in the Short-Term Incentive Plan and other employment-related expenses. The balance of the awards pool, if any, is available for bonuses to participating executive officers and key personnel. Bonuses under the Short-Term Incentive Plan are based in part on a bonus allocation formula that takes into account a number of factors, including the participant's salary, an individual bonus rate, the profitability of the subsidiary employing the participant (where applicable), and individual participant performance. The bonus amounts determined pursuant to that formula for our executive officers are then subject to review by our Compensation Committee, which takes into account the recommendations of the Chairman of the Board, and the Compensation Committee's recommendation as to the bonus amounts to our Board of Directors, which fixes the bonuses. The bonus amounts determined pursuant to the bonus formula for key personnel are subject to review and adjustment by our executive officers. Bonuses under the Short-Term Incentive Plan are determined by the March 15 immediately following the performance year, with at least 75% of the participant's bonus to be paid by that March 15 and the balance, which is generally 25% of the bonus, to be paid by the following March 15 if the participant is employed by the Company at the time for payment. For 2016, Mr. David Battat was awarded a cash incentive bonus under the Short-Term Incentive Plan of \$800,000 and Mr. Strickland was awarded a cash incentive bonus of \$250,000, with 75% of each bonus having already been paid in 2017 and the remaining 25% to be paid by March 15, 2018 provided the executive officer is employed by the Company at the time for payment.

We have a change in control agreement with Mr. David Battat that provides that he will be entitled to certain payments and benefits in the event his employment is terminated in connection with a change in control of the Company, as discussed in "Potential Termination and Change in Control Payments" at page 19 of this proxy statement. The Company has a severance plan pursuant to which Mr. Strickland will be entitled to certain payments if his employment is terminated under certain circumstances in connection with a change in control of the Company, as discussed in "Potential Termination and Change in Control Payments" at page 19 of this proxy statement.

Related Persons Transactions Policy

Our Audit Committee, pursuant to the Audit Committee Charter, is authorized to review and approve or ratify, in its sole discretion, any related person transaction, within the meaning of Nasdaq listing rules and rules and regulations promulgated by the SEC. Under the Audit Committee's written policies, transactions involving amounts in excess of \$120,000 in which a related person has a direct or indirect material interest are subject to review and approval or ratification. The Audit Committee will approve or ratify such a transaction only if it determines that the transaction is in our best interest.

In considering a transaction with a related person, the Audit Committee will consider all relevant factors, including, as applicable, the following: (i) our business rationale for entering into the transaction; (ii) the alternatives to entering

into such a transaction; (iii) whether the transaction is on terms comparable to those available to third parties or, in the case of employment relationships, to employees generally; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflict; and (v) the overall fairness of the transaction to us.

The Audit Committee will periodically monitor the transaction to ensure that there are no changed circumstances that would render it advisable for us to amend or terminate the transaction. Management or the affected director or executive officer is to bring the matter to the attention of the Audit Committee. If a member of the Audit Committee is involved in the transaction, he or she will be recused from all discussions and decisions about the transaction.

Potential Termination and Change in Control Payments

Termination for Just Cause or Without Good Reason

If Mr. Emile Battat's employment is terminated by us for "just cause" or by Mr. Emile Battat without "good reason" (as those terms are defined in Mr. Emile Battat's employment agreement), he is to receive his base salary up to the termination date and the annual bonus for the calendar year in which the termination date occurs, prorated for the number of days in such calendar year prior to the termination date. He will also be entitled to receive his accrued vacation pay, unreimbursed business expenses and vested amounts under the 401(k) Plan.

If Mr. David Battat's employment or Mr. Strickland's employment is terminated for cause, the terminated executive officer will receive his base salary up to the termination date, accrued vacation pay, unreimbursed business expenses and vested amounts under the 401(k) Plan.

Termination Without Just Cause or With Good Reason or Due to Death or Disability

If Mr. Emile Battat's employment is terminated by us without just cause, by Mr. Emile Battat with good reason or due to his death or disability, he will be entitled to receive the same payments and other benefits he would have received had the termination been with just cause plus an amount equal to the sum of one year's base salary and the average annual bonus received by him in the three years prior to the year in which the termination occurs. In addition, we will continue to provide group health plan benefits for him, his spouse and his dependents for one year and all stock options and other equity will fully vest and become exercisable on the termination date.

If Mr. David Battat's or Mr. Strickland's employment is terminated by us without "just cause," by either of them with "good reason" (as those terms are defined in Mr. David Battat's change in control agreement and Mr. Strickland's severance plan) or due to death or disability, and such termination is not in connection with a change in control of the Company, the terminated executive officer will receive the same payments and other benefits he would have received had the termination been with just cause.

Termination Without Just Cause or With Good Reason in Connection with Change in Control

If Mr. Emile Battat's employment is terminated by us without just cause or by Mr. Emile Battat for good reason in contemplation of or within two years following a "change in control" (as that term is defined in Mr. Emile Battat's employment agreement), he will be entitled to receive the same payments and other benefits he would have received had the termination been with just cause, plus an amount equal to two times the sum of one year's base salary and the average annual bonus received by him for the three years prior to the year in which the termination occurs. In addition, we will continue to provide group health plan benefits for him, his spouse and his dependents for one year and all stock options and other equity will fully vest and become exercisable on the termination date.

If Mr. David Battat's employment is terminated by us without just cause or by Mr. David Battat for good reason in contemplation of or within two years following a "change in control" (as defined in Mr. David Battat's change in control agreement), he will be entitled to receive the same payments and other benefits he would have received had the termination been with just cause, plus his base salary up to the termination date and the annual bonus for the calendar year in which the termination date occurs, prorated for the number of days in such calendar year prior to the termination date, and an amount equal to two times the sum of one year's base salary and the average annual bonus to which he was entitled for the three years prior to the year in which the termination occurs. In addition, Mr. David Battat's unvested equity awards will vest, and he will be entitled to one year's health benefits.

If there is a change in control of the Company and Mr. Strickland's employment is terminated by us without cause or by Mr. Strickland with good reason prior to Mr. Strickland's death, attainment of age 65 or the expiration of two years following the change in control, Mr. Strickland will be entitled to receive the same payments and other benefits he would have received had the termination been with just cause, plus severance pay in an amount equal to his annual base salary for the 12 months preceding termination of employment. In addition, Mr. Strickland's unvested equity awards will vest.

Change in Control without Termination of Employment

If there is a change in control but no termination of employment, the unvested options and restricted stock held by Messrs. Emile Battat, David Battat and Strickland will vest under the terms of the 2006 Equity Plan.

The following table sets forth the payments and benefits that each executive officer would have received had his employment been terminated, or had a change in control occurred, on December 31, 2016:

Item No. 3

ADVISORY VOTE TO APPROVE EXECUTIVE OFFICER COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, our stockholders are entitled to vote to approve, on an advisory basis, the compensation of the Company's executive officers. In accordance with the provisions of Section 14A, we are requesting our stockholders to approve, on an advisory basis, the compensation of our executive officers, each of whom is named in the Summary Compensation Table, as described in the Compensation Discussion and Analysis and disclosed in the Summary Compensation Table and related compensation tables and narrative discussion presented under "Executive Compensation" beginning at page 10 of this proxy statement. We have held an advisory vote on the compensation of our executive officers annually since 2011, and at the annual meeting stockholders will again vote, on an advisory basis, on the frequency with which we will hold such a vote after this annual meeting.

Our executive compensation program has been designed to attract, retain and motivate our executive team by providing competitive compensation within our market. We believe that our executive compensation program provides an appropriate balance between salary and "at-risk" forms of incentive compensation, as well as a mix of incentives that encourage our executives to focus on both short- and long-term goals without encouraging inappropriate risks to achieve performance. We were pleased to receive a favorable vote for our compensation practices at our 2016 annual meeting, with approximately 98% of the shares present, in person or by proxy, at the meeting and entitled to vote thereon being voted to approve, on an advisory basis, the compensation of our executive officers.

As an advisory vote, this proposal is not binding on the Company. However, our Compensation Committee and our Board of Directors value the opinions of our stockholders expressed through your vote on this proposal and will consider the outcome of this vote in making future compensation decisions for our executive officers.

Accordingly, we will present the following resolution to be voted on at our 2017 annual meeting of stockholders:

"RESOLVED, that the stockholders of Atrion Corporation (the "Company") approve, on an advisory basis, the compensation of the Company's executive officers named in the Summary Compensation Table in the Company's proxy statement for its 2017 annual meeting of stockholders, as disclosed in said proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion."

The proposal to approve, on an advisory basis, the compensation of our executive officers requires the affirmative vote of the majority of the shares represented in person or by proxy at the annual meeting and entitled to vote on the proposal.

The Board of Directors recommends A vote “FOR” the approval, on an advisory basis, of OUR executive OFFICER COMPENSATION as presented in this proxy statement.

Item No. 4

**ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTING ON THE
COMPENSATION OF OUR EXECUTIVE OFFICERS**

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are also requesting stockholders to vote, on an advisory basis, on how frequently we present a request for an advisory vote on the compensation of our executive officers. Stockholders will be able to cast their votes on whether we present the advisory vote on our executive compensation every “1 Year,” “2 Years” or “3 Years” or may abstain from voting.

We recognize that there are advantages and disadvantages to each of the presented options for the frequency of an advisory vote on executive compensation. However, we are recommending that our stockholders select a frequency of every year for the advisory vote on the compensation of our executive officers. Since 2011, we have been conducting an advisory vote annually on our executive compensation. We believe that we should continue holding an annual vote so that stockholders can express their views on our executive compensation program every year. The Board of Director’s determination was influenced by the fact that the compensation of our executive officers is evaluated, adjusted and approved on an annual basis. The Board of Directors believes that, as part of the annual review process, stockholder sentiment should be a factor that is taken into consideration by the Board of Directors and our Compensation Committee in making decisions with respect to executive compensation.

Although the Board of Directors recommends a vote every year, stockholders will be able to specify one of the three choices set forth above or abstain from voting on this proposal. Stockholders are not voting to approve or disapprove the Board of Directors’ recommendation.

The Board of Directors will consider the frequency choice receiving the highest number of votes cast as the stockholders’ preferred choice for the frequency of advisory voting on the compensation of our executive officers. Because this vote is advisory and not binding on the Board of Directors or the Company in any way, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option preferred by our stockholders. However, we value the opinions of our stockholders, and we will consider the outcome of the vote in making determinations regarding the presentation of vote proposals in future proxy statements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE, ON AN ADVISORY BASIS, FOR A FREQUENCY OF EVERY “1 YEAR” FOR ADVISORY VOTING ON THE COMPENSATION OF OUR EXECUTIVE OFFICERS.

Our Bylaws also specify the information that must be included in the notice that stockholders must provide to the Secretary of the Company in order to propose any business to be conducted at an annual meeting or to nominate one or more persons for election to our Board of Directors at an annual meeting or a special meeting called for the purpose of electing directors. The Chairman of the meeting may refuse to transact any business presented or to acknowledge the nomination of any person made without compliance with the procedures set forth in our Bylaws. The foregoing summary is qualified in its entirety by reference to the full text of our Bylaws which is on file with the SEC and is available upon request to the Secretary of the Company.

NO INCORPORATION BY REFERENCE

In our filings with the SEC, information is sometimes “incorporated by reference.” This means that we are referring you to information that has previously been filed with the SEC, and that the information should be considered part of a particular filing. As provided in regulations promulgated by the SEC, the “Audit Committee Report” and the “Compensation Committee Report” contained in this proxy statement specifically are not incorporated by reference into any other filings with the SEC. In addition, this proxy statement includes our website address. This website address is intended to provide inactive, textual references only. The information on our website is not part of this proxy statement.

COST AND METHOD OF SOLICITATION

The cost of soliciting proxies will be borne by us. In addition to the use of the mails, proxies may be solicited personally or by telephone, facsimile and other electronic communication methods by our directors, officers and employees without additional compensation. Brokerage firms, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to the beneficial owners of our common stock held in their names or in those of their nominees, and their reasonable expenses will be reimbursed upon request.

OTHER BUSINESS

Our Board of Directors does not intend to bring any business before the meeting other than that stated herein and is not aware of any other matters that may be presented for action at the meeting. However, if any other matters should properly come before the meeting, or any adjournments thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.
