## Explanatory Note

On May 31, 2017, Teekay Tankers Ltd. (or the Company) acquired from Teekay Holdings Ltd., a wholly owned subsidiary of Teekay Corporation (or Teekay), the remaining 50% interest in Teekay Tanker Operations Ltd. (or TTOL) for \$39.0 million, which included \$13.1 million for assumed working capital, resulting in the Company owning 100% of TTOL. The Company issued approximately 13.8 million shares of the Company's Class B common stock to Teekay as consideration in addition to the working capital consideration of \$13.1 million. TTOL owns conventional tanker commercial management and technical management operations, including the direct ownership in four commercially-managed tanker revenue sharing arrangements.

The Company accounts for the acquisition of interests in businesses from Teekay as a transfer of a business between entities under common control. The method of accounting for such transfers is similar to the pooling of interests method of accounting. Under this method, the carrying amount of net assets recognized in the balance sheets of each combining entity are carried forward to the balance sheet of the combined entity. The amount by which the proceeds paid by the Company differs from Teekay's historical carrying value of the acquired business is accounted for as a return of capital to, or contribution of capital from, Teekay. In addition, transfers of net assets between entities under common control are accounted for as if the transfer occurred from the date that the Company and the acquired business were both under the common control of Teekay and had begun operations. As a result, the Company's financial statements prior to the date the Company acquired the remaining 50% interest in TTOL have been retroactively adjusted on a consolidated basis to include 100% of the assets and liabilities of TTOL and their related operations and cash flows during the periods under common control of Teekay. In addition, all intercorporate transactions between the Company and TTOL that occurred prior to the acquisition by the Company of the remaining interest have been eliminated upon consolidation.

This Form 6-K is being filed to provide the audited financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations (or MD&A) of the Company as of December 31, 2016 and 2015 and for the years ended December 31, 2016, 2015 and 2014, as well as the selected financial data as at and for the years ended December 31, 2016, 2015, 2014, 2013 and 2012, which have all been retroactively adjusted to include 100% of TTOL for periods presented. The audited financial statements, the related report of the independent registered public accounting firm, the MD&A and selected financial data are filed as Exhibits 99.1, 23.1, 99.2 and 99.3, respectively, hereto and are incorporated by reference herein.

(a) Exhibits.
