LETTER TO SHAREHOLDERS

Dear Fellow Shareholders,

The third quarter of 2014 was the seventh consecutive quarter that the Standard & Poor's 500 Composite Stock Index (S&P 500) generated a positive total return. Unlike previous periods, broader measures of U.S. equity performance painted a different picture. Only 40% of index constituents outperformed the aggregate index and more than half actually declined in value during the quarter. In addition, both the mid-cap and small-cap indexes were down in the third quarter (the S&P MidCap fell 4.0% and the Russell 2000 declined 7.4%). In total, despite the gain made by the S&P 500, it was a precarious environment for equity investing. Against this backdrop, we did find opportunities during the quarter. We initiated a position in Gartner, Inc. Gartner is the unquestioned market leader in developing and providing information technology (IT) research and consulting. As the IT landscape continues to grow in size and complexity, Gartner provides its growing list of clients with critical knowledge needed to effectively manage and adapt their IT platforms.

We also took advantage of stock-specific strength to trim back two of our largest holdings during the quarter, redeploying the capital into other high quality names. While we continue to look favorably on the prospects of Gilead Sciences as their new hepatitis drug rolls out with unparalleled success, it made sense to put some of those gains into Cerner Corporation. We initiated our position in Cerner, the healthcare IT service leader, last quarter and continue to see it as a vital part of the long-term solution to the management of healthcare costs. We also trimmed our portfolio's position in LyondellBasell Industries, a large chemical producer. Lyondell's cost input advantage versus its global competitors is significant and we remain comfortable having it be one of the portfolio's largest positions. However, the significant pullback in the energy sector offered an attractive opportunity to move some of that weight into our existing positions in Halliburton Company and EOG Resources both leaders in their respective areas within the energy sector.

For the nine months ended September 30, 2014, the total return on the Fund's net asset value (NAV) per share (with dividends and capital gains reinvested) was 9.2%. The total return on the market price of the Fund's shares for the period was 7.8%. These compare to an 8.3% total return for the S&P 500 and a 6.7% total return for the Lipper Large-Cap Core Mutual Funds Average over the same time period.

For the twelve months ended September 30, 2014, the Fund's total return on NAV was 20.6% and on market price was 20.0%. Comparable figures for the S&P 500 and Lipper Large-Cap Core Mutual Funds Average were 19.7% and 17.4%, respectively.

Net assets of the Fund at September 30, 2014 were \$16.29 per share on 93,508,989 shares outstanding, compared with \$15.09 per share at December 31, 2013 on 94,223,617 shares outstanding. On March 3, 2014, a distribution of \$0.05 per share was paid, consisting of \$0.01 of net investment income, \$0.01 of short-term capital gain, and \$0.02 of long-term capital gain, realized in 2013, and \$0.01 of net investment income realized in 2014, all taxable in 2014. A 2014 net investment income dividend of \$0.05 per share was paid June 2, 2014, and another \$0.05 per share net investment income dividend was paid September 2, 2014. These constitute the first three payments toward our annual 6% minimum distribution rate commitment.

Edgar Filing: ADAMS EXPRESS CO - Form N-30B-2

Net investment income for the nine months ended September 30, 2014 amounted to \$13,832,515, compared with \$13,091,372 for the same nine-month period in 2013, equal to \$0.15 and \$0.14 per share, respectively. Net capital gain realized on investments for the nine months ended September 30, 2014 amounted to \$66,415,950, or \$0.71 per share.

The Fund repurchased 741,600 shares of its Common Stock during the nine months ended September 30, 2014. The shares were repurchased at an average price of \$13.47 and a weighted average discount to NAV of 14.2%, resulting in a \$0.02 increase to NAV per share.

By order of the Board of Directors,

Mark E. Stoeckle
