The Company's two line of credit agreements totaling \$30 million contain, among others, a financial covenant that the Company shall not permit the ratio of its total liabilities to its tangible net worth to exceed 2.50 to 1.00, measured at the end of each calendar quarter. This financial covenant has been relaxed to 3.75 to 1.00, and a new financial covenant was added prohibiting the Company's tangible net worth to fall below \$15 million effective March 31, 2003 and each quarter thereafter. These modifications will allow the Company to continue and possibly increase its borrowings for treasury stock purchases.

Harland Stonecipher, Chairman commented, "Given some of the marketing changes we made in the fourth quarter of 2002 to improve the quality of business, particularly relating to restrictions we put in place regarding business stemming from the Internet, we are encouraged by the number of new memberships written in the first quarter of 2003."
