Our total active membership fee in force increased approximately 8.4% during the last four quarters and continues our trend of increasing our membership base and membership fees. Additionally, the membership persistency rate (defined as the number of memberships in force at the end of a 12 month period as a percentage of the total of memberships in force at the beginning of such period, plus new memberships sold during such period) has increased for seven consecutive quarters from 67.6% as of June 30, 2003 to 71.7% for the latest 12 month period ended March 31, 2005.

Our board of directors has declared a cash dividend of \$0.30 per share on our outstanding shares of common stock. Based on the currently outstanding 15.3 million shares of common stock, the dividend will result in a cash distribution to shareholders of \$4.6 million. The cash dividend is payable on May 16, 2005 to shareholders of record as of the close of business on April 25, 2005.

Our first quarter 2005 corporate finance focus has again been on share repurchases. During the 1st quarter, we returned \$10.0 million to shareholders through the repurchase of 288,900 shares of common stock in our open market repurchase program. We believe the flexibility to repurchase shares, pay a dividend, or both enables us to maximize the long-term per share value of our

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 8-K

common stock, by making a decision to repurchase shares or pay a dividend or both based on market conditions and our cash position. This flexibility allowed us to buy back our shares when our stock dipped in late February. We are fortunate to have a business model that allows us to grow and still produce excess cash. We think of our shareholders as long-term partners. Our goal is to use every excess dollar of cash to improve the value of each share.

We anticipate announcing our 2005 first quarter financial results on April 25, 2005 after the market closes and hosting a conference call to discuss such results on April 27, 2005. Our commission expense is primarily dependent on new membership sales and accordingly, due to the increase in new memberships written during the first quarter of 2005, we expect an increase in commission expense for the 2005 first quarter.

The forward-looking statements contained herein are based on certain assumptions that may not be correct. They are subject to risks and uncertainties incident to our business that could cause actual results to differ materially from those described in the forward-looking statements. These risks and uncertainties are described in the reports and statements filed by us with the Securities and Exchange Commission, including (among others) those listed in our Form 10-K, Form 10-Q and Form 8-K, and include the risks that our membership persistency or renewal rates may decline, that we may not be able to continue to grow our memberships and earnings, that we are dependent on the continued active participation of our principal executive officer, that pending or future litigation may have a material adverse effect on us if resolved unfavorably to us, that we could be adversely affected by regulatory developments, that competition could adversely affect us, that we are substantially dependent on our marketing force, that our stock price may be affected by short sellers, that we have been unable to increase significantly our employee group membership sales, that our active premium in force is not indicative of future revenue as a result of changes in active memberships from cancellations and additional membership sales and that we may have material weaknesses in our internal control environment. Please refer to pages 38 and 39 of our 2004 Form 10-K for a more complete description of these risks. We undertake no duty to update any of the forward-looking statements in this release. ###
