ANNUAL MEETING OF STOCKHOLDERS

May 16, 2017

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Quidel Corporation for use at the 2017 Annual Meeting of Stockholders to be held on Tuesday, May 16, 2017, at 8:30 a.m., local time, at the San Diego Marriott Del Mar, 11966 El Camino Real, San Diego, California 92130, and at any and all adjournments and postponements of the Annual Meeting. This Proxy Statement and the accompanying proxy card will first be sent to stockholders on or about April 13, 2017.

We will pay the expenses in connection with this solicitation. Our employees may solicit proxies by mail, in person, by telephone, facsimile or other electronic means and will not receive any additional compensation for such solicitations. We will also pay brokers or other nominees for the expenses of forwarding soliciting material to beneficial owners.

RECORD DATE AND VOTING

The close of business on March 22, 2017 has been fixed as the record date (the "Record Date") for determining the stockholders entitled to notice of and to vote at the Annual Meeting. On the Record Date, 33,141,675 shares of our voting common stock were outstanding. Each share of such common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders at the Annual Meeting. A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of common stock on the Record Date and entitled to be voted at the Annual Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business.

Where a stockholder has directed how his or her proxy is to be voted, it will be voted according to the stockholder's directions. If your shares are held in a brokerage account or by another nominee, you are considered the "beneficial owner" of shares held in "street name," and this proxy and the related materials are being forwarded to you by your broker or nominee (the "record holder") along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder regarding how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If a proposal is routine, a broker or other entity holding shares for a beneficial owner in street name may vote on the proposal without voting instructions from the owner. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the beneficial owner has provided voting instructions. A "broker non-vote" occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the beneficial owner does not provide instructions.

If you do not give voting instructions to your record holder prior to the Annual Meeting, the record holder will be entitled to vote your shares in its discretion only on Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm) and will not be able to vote your shares on Proposal 1 (Election of Directors), Proposal 3 (Advisory Approval of the Company's Executive Compensation) or Proposal 4 (Advisory Vote to Determine the Frequency of Future Advisory Votes on Executive Compensation), and your shares will be treated as a "broker non-vote" on those proposals. We are not aware of any other matters to be presented at the Annual Meeting except for those described in this Proxy Statement. However, if any other matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named as proxies will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, your shares may be voted by the persons named as proxies on the new meeting date as well, unless you have revoked your proxy instructions prior to that time.

With regard to the election of directors, votes may be cast in favor of a director nominee or withheld. Because directors are elected by plurality, broker non-votes will have no effect on its outcome. If a quorum is present at the Annual Meeting, the nominees receiving the greatest number of votes (up to seven directors) will be elected. For

Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm) and Proposal 3 (Advisory Approval of the Company's Executive Compensation), the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter is required for approval. For Proposal 4 (Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation), the frequency option (i.e., every year, every two years or every three years) that receives the plurality of votes cast on this proposal will be deemed the preferred option of stockholders. With regard to

Proposals 2 and 3, abstentions will be counted in the tabulations of the votes cast and will have the same effect as a vote against such proposal, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved and accordingly will have no effect on the outcome of the vote on such proposal. Abstentions and broker non-votes will have no effect on the outcome of Proposal 1 (Election of Directors) or Proposal 4 (Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation). Unless otherwise designated, each signed proxy submitted by a stockholder will be voted:

• FOR each of the seven nominees named below for election as directors;

• FOR ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2017;

• FOR the advisory approval of the Company's executive compensation; and

• FOR ONE YEAR with respect to the frequency with which future non-binding advisory votes on the Company's executive compensation will be held.

Shares may be voted via the Internet, by telephone or by completing and returning a proxy card. Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting a written notice of revocation to the Secretary of the Company or by timely filing a duly executed proxy bearing a later date. The proxy will not be voted if the stockholder who executed it is present at the Annual Meeting and elects to vote in person the shares represented by the proxy. Attendance at the Annual Meeting will not by itself revoke a proxy.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure and Risk Oversight

The Board of Directors believes that separate individuals should hold the positions of Chair of the Board and Chief Executive Officer, and that the Chair should not be an employee of the Company. Under our corporate governance principles, the Chair of the Board is responsible for coordinating Board activities, including the scheduling of meetings and executive sessions of the non-employee directors and the relevant agenda items in each case (in consultation with the Chief Executive Officer as appropriate). The Board of Directors believes this leadership structure enhances the Board's oversight of and independence from our management and the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders.

The Company takes a comprehensive approach to risk management. We believe risk can arise in every decision and action taken by the Company, whether strategic or operational. The Company, therefore, seeks to include risk management principles in all of its management processes and in the responsibilities of its employees at every level. Our comprehensive approach is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board of Directors to support the Board's role in oversight, approval and decision-making.

The Board of Directors closely monitors the information it receives from management and provides oversight and guidance to our management team concerning the assessment and management of risk. The Board approves the Company's high level operating objectives, goals, strategies and policies to set the tone and direction for appropriate risk taking within the business. The Board and its committees then emphasize this tone and direction in its oversight of management's implementation of the Company's operating objectives, goals, strategies and policies.

Our senior executives provide the Board and its committees with regular updates about the Company's strategies and objectives and the risks inherent within them at Board and committee meetings and in regular reports. Board and committee meetings also provide a venue for directors to discuss issues with management. The Board and committees call special meetings when necessary to address specific issues or take specific actions. In addition, our directors have access to Company management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues often attend Board meetings to provide additional insight into items being discussed, including risk exposures.

The Board of Directors has delegated oversight for matters involving certain specific areas of risk exposure to its three standing committees. Each committee generally reports to the Board of Directors at regularly scheduled Board meetings, and more frequently if appropriate, with respect to matters and risks for which that committee provides oversight. The specific responsibilities of each of our Board committees are more fully described below under the headings "Audit Committee," "Compensation Committee" and "Nominating and Corporate Governance Committee."

Board of Directors Meetings, Committees of the Board and Related Matters

The Board of Directors currently has standing Audit, Compensation, and Nominating and Corporate Governance Committees. The Board of Directors held six meetings, excluding committee meetings, during the year ended December 31, 2016. All directors attended at least 75% of all meetings of the Board of Directors and its committees, if any, upon which the directors served during the year ended December 31, 2016. Dr. Buechler currently serves as Chair of the Board. Information about our directors and our Board Committees in 2016 and 2017 follows.

Director Independence

Our Board of Directors has determined that each of our directors, with the exception of Mr. Bryant, is independent within the meaning of Nasdaq Marketplace Rule 5605(a)(2) as adopted by The Nasdaq Stock Market LLC ("Nasdaq"), as well as by enhanced independence standards contained in Nasdaq's rules that relate specifically to audit and compensation committees. Mr. Bryant who serves as our President and Chief Executive Officer is not considered to be independent because of his employment with us.

Audit Committee

The Audit Committee is responsible for assisting the Board of Directors in overseeing our accounting and financial reporting processes and the audits of our consolidated financial statements. In addition, the Audit Committee assists the Board of Directors in its oversight of our compliance with legal and regulatory requirements. Under the Audit Committee's written charter, the specific duties of the Audit Committee include, among others: monitoring the integrity of our financial process and systems of internal controls regarding finance, accounting and legal compliance; selecting our independent registered public accounting firm; monitoring the independence and performance of our independent registered public accounting firm; and providing an avenue of communication among our independent registered public accounting firm, our management and our Board of Directors. The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to all of our employees and to our independent registered public accounting firm. The Audit Committee also has the ability to retain, at our expense and without further approval of the Board of Directors, special legal, accounting or other consultants or experts that it deems necessary in the performance of its duties.

The Audit Committee has been established in accordance with applicable Nasdaq and Securities and Exchange Commission ("SEC") rules and regulations. Our Board of Directors has also determined that Mr. Slacik qualifies as an "audit committee financial expert" within the meaning of the SEC's rules and regulations. Information about Mr. Slacik's past business and educational experience is included below under the caption "--Director Qualifications" and above under the caption "Board of Directors--Proposal No. 1--Election of Directors--Biographical Information."

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2016 with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements.

The Audit Committee has discussed and reviewed with our independent registered public accounting firm all matters required to be discussed by the Public Company Accounting Oversight Board (PCAOB) Accounting Standard No. 1301 (Communications with Audit Committees), as may be modified or supplemented. The Audit Committee has met with the independent registered public accounting firm to discuss the overall scope and plans for the independent registered public accounting firm's audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our accounting and financial reporting. The Audit Committee also discussed with the independent registered public accounting firm its judgments as to the substance and clarity, not just the acceptability, of our accounting principles and financial statement disclosures. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to us is compatible with the independent registered public accounting firm's independence.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting and Ernst & Young LLP's report on the effectiveness of internal control over financial reporting.

The Audit Committee has received from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and us that might bear on the independent registered public accounting firm's independence consistent with PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence), discussed with the independent registered public accounting firm any relationships

that may impact its objectivity and independence, and has satisfied itself as to the independent registered public accounting firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Policy on Audit Committee Pre-approval of Audit and Permissible Non-audit Services

The Audit Committee has the responsibility for appointing, compensating, retaining and overseeing the work of the independent registered public accounting firm. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by our independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service, and whether the service could enhance our ability to manage or control risk or improve audit quality.

All of the audit, audit-related, tax-related and all other fees provided by Ernst & Young LLP in fiscal years 2016 and 2015 (and as described in the footnotes to the table above) were approved in advance by the Audit Committee.

Review and Approval of Related Party Transactions

Our Audit Committee reviews all relationships, transactions and arrangements in which the Company and any director, nominee for director, officer and greater than 5% beneficial holder of Company stock or any immediate family member of any of the foregoing are participants ("Interested Transactions") to determine whether such persons

have a direct or indirect material interest and whether to approve, disapprove or ratify an Interested Transaction. We have written policies and

7

procedures for monitoring and seeking approval in connection with any Interested Transaction. Our legal and finance departments assist in monitoring Interested Transactions and our Audit Committee reviews, approves (or disapproves) or ratifies Interested Transactions. In considering whether to approve or ratify an Interested Transaction, the Audit Committee takes into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar terms and conditions and the extent of the related person's interest in the Interested Transaction. In addition, our written policy provides that no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a related party, except that the director shall provide all material information concerning the Interested Transaction to the Audit Committee.

Related Party Transactions

No director, executive officer, nominee for election as a director or any beneficial holder of more than 5% of our outstanding capital stock had any material interest, direct or indirect, in any reportable transaction with us during the 2016 fiscal year or since the commencement of the current fiscal year, or any reportable business relationship with us during such time.

The Compensation Committee also has the ability to retain, at our expense and without further approval of the Board of Directors, compensation consultants and advisors that it deems necessary in the performance of its duties.

Based on its review and discussions with management, the Compensation Committee recommended to our Board of Directors that the "Compensation Discussion and Analysis" section be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 and this Proxy Statement. This report is provided by the following independent directors, who comprise the Compensation Committee:

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for assisting the Board of Directors in identifying qualified individuals to become Board members; recommending the composition of the Board of Directors and its committees; monitoring and assessing the effectiveness of the Board of Directors and its committees; and performing a leadership role in shaping and monitoring our Corporate Governance Guidelines. Under the Nominating and Corporate Governance Committee's written charter, the specific duties of the Nominating and Corporate Governance Committee include, among other matters: identifying, reviewing and recruiting candidates for the Board of Directors for election to the Board; reviewing director candidates recommended by our stockholders; monitoring the independence of current directors and nominees; recommending to the Board of Directors candidates for election or re-election to the Board at each annual meeting of stockholders; and overseeing the periodic evaluation of the Board, its committees and each of our incumbent directors.

Meetings of Non-Management Directors

The non-management members of the Board of Directors regularly meet without any members of management present during regularly scheduled and periodic executive sessions of meetings of the Board of Directors as well as in committee meetings.

Director Nominations

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director candidates. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current directors, professional search firms, stockholders or other persons.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Nominating and Corporate Governance Committee will evaluate the prospective nominee in the context of the then-current composition of the Board of Directors and will consider a variety of other factors, including the prospective nominee's business, technology, industry, finance and financial reporting experience and other attributes that would be expected to contribute to an effective Board of Directors. The Nominating and Corporate Governance Committee seeks to identify nominees who possess a wide range of experience, skills, and areas of expertise, knowledge and business judgment. Nominees must have the attributes described below under the caption "--Director Qualifications."

Our Nominating and Corporate Governance Committee will consider stockholder recommendations for directors. A stockholder may propose a person for consideration by the committee by submitting the individual's name and qualifications to our Corporate Secretary, Quidel Corporation, 12544 High Bluff Drive, Suite 200, San Diego, CA 92130. The Nominating and Corporate Governance Committee will consider each stockholder-recommended candidate in the same manner and under the same criteria used to evaluate all other candidates. As described in our Corporate Governance Guidelines, in evaluating the suitability of individuals to serve as members of our Board of Directors, the Board of Directors and Nominating and Corporate Governance Committee consider a number of factors, including: experience at a policy-making level; strategic thinking; depth of understanding of the Company's industry, including relevant technology, leadership and objectivity; and a general understanding of marketing, financing and other disciplines relevant to the success of a publicly-traded company and sound principles of corporate governance in today's business environment. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual in the context of Board functions as a whole and in light of the then-current needs of the Board at that point in time, with the objective of providing independent, diversified and effective representation of the interests of our stockholders.

In addition, stockholders who wish to nominate candidates for election to the Board of Directors at any annual meeting must follow the procedures set forth in our bylaws, including providing timely written notice, in proper form,

of the intent to make such a nomination. To be timely, the notice must be received within the time frame discussed below in this Proxy Statement under the heading “Stockholder Proposals.” To be in proper form, the notice must, among other matters, include the information specified in our bylaws. These requirements are further described below under the heading “Meeting and Other Information--Stockholder Proposals” and are detailed in our bylaws.

DIRECTOR COMPENSATION

The current compensation and benefit program for non-employee directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of our size and scope; compensation should align directors' interests with the long-term interests of our other stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. The table below relating to non-employee directors' compensation includes the following compensation elements:

Annual Cash Retainers

The Chair of the Board of Directors currently receives an annual cash retainer of \$92,400. Each of the other non-employee directors receives an annual cash retainer of \$40,150.

The Chair of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee receives an additional annual cash retainer of \$15,000, \$10,000 and \$7,500, respectively.

Non-Employee Director Deferred Compensation Program

In December 2010, the Board of Directors adopted a non-employee director deferred compensation program that began in 2011. Participating directors may elect on a yearly basis (for the yearly period between the Company's annual meetings of stockholders) to receive 50% or 100% of the cash value of the director's (i) annual retainer fee and (ii) compensation for services as a chair of any of the Board's standing committees (collectively, the "Covered Fees") in the form of fully vested, restricted stock units plus an additional premium on such percentage of the Covered Fees, also in the form of additional restricted stock units, which are subject to a one-year vesting requirement (the "Director Premium RSUs"). The additional premium applicable to the Director Premium RSUs shall be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the RSUs are selected to be issued) selected by the participating director as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Fees; (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Fees; or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Fees. The RSUs are granted under the Company's Amended and Restated 2010 Equity Incentive Plan (or applicable successor plan) as of the date of the applicable annual meeting of stockholders, and the number of shares awarded as RSUs is calculated based on the closing price of the Company's shares on the date of the applicable annual meeting.

The table below illustrates the amount deferred, deferral period and amount of Covered Fees RSUs and Premium RSUs granted to each non-employee director for 2016:

Name	Amount Deferred	Deferral Period	Covered Fees RSUs	Premium RSUs
Thomas D. Brown	100	% 2 years	3,186	637
Kenneth F. Buechler, Ph.D.	100	% 2 years	5,870	1,174
Mary Lake Polan, M.D., Ph.D., M.P.H.	100	% 4 years	2,550	765
Jack W. Schuler	100	% 4 years	3,027	908
Charles P. Slacik	100	% 2 years	3,503	700
Kenneth J. Widder, M.D.	100	% 2 years	2,550	510

Periodic Equity Awards

The Board of Directors periodically assesses potential equity awards to non-employee directors in lieu of an annual automatic grant of stock options, as contemplated under the 2016 Plan. The Board of Directors suspended the automatic grants program in May 2004 on an indefinite basis.

On May 17, 2016, the Board of Directors approved an award of stock options and RSUs in equal amounts to the amounts granted in the prior year. Accordingly, grants were made to each of the Company's non-employee directors as follows: (i) a grant of 9,215 stock options and 1,263 RSUs to the Chair of the Board (with a Black-Scholes value of approximately \$7.74 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant) and (ii) a grant of 7,021 stock options and 962 RSUs to each of the Company's non-employee directors (with a Black-Scholes value of approximately \$7.74 per option as of the grant date and a fair value based on the closing price of our common stock per RSU on the date of grant). The stock options and RSUs vest

upon the one-year anniversary of the grant date. The exercise price for the stock options was equal to the closing price of the Company's common stock as of the grant date in accordance with the Company's Amended and Restated 2010 Equity Incentive Plan. The options have a ten-year term.

2017 Director Compensation

Consistent with the Compensation Committee's annual review of our director compensation program, the Compensation Committee reviewed the amount of compensation paid to our non-employee directors. In connection with its review of our director compensation program, the Compensation Committee held discussions with its independent compensation consultant, Deloitte Consulting LLP, and considered publicly available director compensation data from the companies in our peer group, as well as other information. Upon the conclusion of this process, the Compensation Committee determined that director compensation for non-chair, non-employee directors should be adjusted to increase the value of annual equity awards modestly and split equity awards more evenly between stock options and restricted stock units because the Compensation Committee believed that the Company's director compensation was below the levels prevalent in our peer group and it wanted to ensure that the Company would continue to remain competitive in its ability to retain and attract qualified directors. Specifically, the Compensation Committee determined that it was appropriate to (i) increase the annual equity award value to \$100,000 for each non-chair, non-employee director and (ii) adjust the annual equity award allocation to 50% stock options and 50% restricted stock units, from 75% stock options and 25% restricted stock units, and recommended these change to our Board of Directors. In addition, the Compensation Committee determined it was appropriate to modify the non-employee deferred compensation program for 2017/2018 to provide for stock payments in lieu of fully vested, restricted stock units if directors elect to participate and agree to hold such stock for an selected deferral period. Our Board of Directors unanimously approved the recommended changes to the compensation paid to our directors consistent with the Compensation Committee's recommendation, to take effect as of the Company's 2017 Annual Meeting of Stockholders.

Director Stock Ownership Guidelines

We believe that each director should have a meaningful equity investment in our Company. Our director stock ownership guidelines were recently revised to increase the ownership threshold to provide that directors are encouraged to own Common Stock equal in value to three times the total annual base compensation for non-employee directors. Directors are expected to acquire and maintain this share ownership threshold within five years of joining the Board of Directors. All directors meet these ownership guidelines or are in compliance with the guidelines and are retaining equity awards until compliance is reached.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2016, as well as the other individuals listed in the Summary Compensation Table below, are referred to as the “Named Executive Officers.”

Executive Summary

Most of our compensation decisions are determined in the first few months of our fiscal year, after review of our performance and the performance of our Chief Executive Officer and the other executive officers. We believe the compensation of all of our Named Executive Officers for 2016 aligned well with both our performance in 2016 and the objectives of our executive compensation policies. The Company’s 2016 performance highlights included:

- Generated \$191.6 million in total revenue and \$71.8 million in Influenza product revenue;

- Generated \$60.4 million in revenues from New Products (Sofia® and Molecular products), responsible for 32% of total revenue;

- Achieved over 17,500 cumulative Sofia instrument placements worldwide;

- Received 510(k) clearance from the FDA for 4 new Solana® assays for the diagnosis of nine total targets:

- Trichomonas, Influenza A+B, Strep A+ C/G and HSV 1+2/VZV; and

Prudently managed the business, as Research & Development (R&D) and Sales and Marketing (S&M) expenses came in less than originally expected (R&D increased by \$3.2 million dollars from prior year and S&M expense was consistent with the prior year).

Overview and Philosophy

The core objectives of our executive compensation program are to (1) support our mission, values and corporate strategies by adopting a “pay for performance” philosophy that provides incentives to our executive officers and employees for support of these core principles; (2) align the interests of management with those of our stockholders; and (3) attract, retain and motivate high quality executives. Towards these objectives, our compensation program is designed with the following principles:

- Provide an opportunity for the Company to communicate to our executive officers and employees our performance expectations and priorities directly through the selection of performance measures on which compensation is based, and calibrate payouts with achievement of those performance measures;

- Align pay such that management shares in value created from their efforts, and the Company’s compensation expense is correlated to its profitability and stockholder returns;

- Balance rewards appropriately between efforts and results;

- Offer a competitive total compensation opportunity; and

- Have a significant portion of total compensation paid to our executive officers in equity and dependent upon the achievement of performance goals of the Company.

Our compensation program focuses on both short and long-term results and is composed of three key elements:

(1) base salaries, which reflect individual performance and responsibilities; (2) annual cash incentive opportunities, which are a function of the performance of the Company; and (3) longer-term stock-based incentive opportunities under our equity incentive plans, generally in the form of stock options or restricted stock or unit grants, which link the interests of senior management with our other stockholders. Each of our compensation elements is designed to simultaneously fulfill one or more of our core objectives.

When setting compensation for 2017 and in determining compensation policies, the Compensation Committee engaged Deloitte Consulting LLP (“Deloitte Consulting”) in the second half of 2016 to advise on the Company’s executive compensation programs and took into account the results of the stockholder advisory votes on executive compensation that took place in May 2016. In that vote, which was advisory and not binding, our stockholders approved the compensation of our Named Executive Officers as disclosed in the Proxy Statement for the 2016 Annual Meeting of Stockholders with approximately 99% of votes cast in favor of the compensation of our Named Executive Officers. The Compensation Committee considered the advice of Deloitte Consulting and results of the advisory vote and continued to apply the same general compensation principles and philosophy, while making some adjustments to the Company’s compensation programs. We currently hold annual advisory votes on executive compensation and are

again asking our stockholders to express their preference on the frequency of say-on-pay votes at this year's annual meeting of stockholders.

Administration

The Compensation Committee of the Board of Directors administers the Company's executive compensation programs and approves (or recommends to the Board of Directors for approval) salaries of all executive officers, including those of the senior executive officers named in the Summary Compensation Table. The Compensation Committee is responsible for reporting to the Board of Directors and administering all other elements of executive compensation, including annual cash incentive and equity awards.

Compensation Plan Design and Key Elements Used to Achieve Compensation Objectives

The cash components of salary and annual incentive bonus are targeted to be moderate, yet competitive in relation to salaries and annual incentive bonuses paid to officers in similar positions in comparable companies.

Our 2016 long-term equity incentive program for our Named Executive Officers included incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant.

Our 2017 long-term equity incentive programs for our Named Executive Officers includes incentive stock-based awards in the form of non-qualified stock options, time-based restricted stock units and performance-based restricted stock units. The vesting for the non-qualified stock option awards is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. The vesting for the time-based restricted stock units is 100% on the four-year anniversary of the grant date. The vesting for the performance-based restricted stock units is over a three-year time period and is tied to the achievement of net revenue growth targets, as adjusted for influenza revenue volatility.

The Compensation Committee engaged Deloitte Consulting to conduct a review of the competitiveness of the Company's executive compensation programs in the latter half of 2016 in connection with the Company's 2017 executive compensation programs and has previously engaged third-party compensation consultants to review competitiveness of base salaries, short-term cash incentives, and both short-term and long-term equity incentive programs. Our executive compensation program design builds on the analysis and direction of these consultants, taking into account data from the annual Radford Global Life Sciences Survey and incorporating review of comparative groups of publicly-traded companies with similar revenue and employee population profiles. The Radford Global Life Sciences Survey provides data from participating companies with respect to their compensation practices in numerous areas and with respect to various positions, including senior management positions. The companies in our public company peer group were selected based on various factors, including industry, market capitalization, revenues and number of employees. The companies in the peer group for 2016 were:

Abaxis, Inc.	Merit Medical Systems, Inc.
Cepheid	Myriad Genetics, Inc.
Genomic Health, Inc.	Natus Medical
Luminex Corporation	Orasure Technologies, Inc.
Meridian Bioscience Inc.	

The median peer group non-affiliate market capitalization was \$1.2 billion, revenues were \$287.5 million, and number of employees was 806, based on information reported in peers' annual reports for fiscal years ending in 2015. The Compensation Committee determined that no changes were required to the peer group in 2016.

Our Compensation Committee utilizes management (and from time to time independent compensation consultants, such as Deloitte Consulting in 2016) to gather market data and provide analyses of peers' compensation programs. The Compensation Committee does not have a philosophy of setting compensation based on specific formulaic benchmarking comparisons, but it does take into account the guidance of compensation consultants and reviews peer group data and Radford Global Life Sciences Survey data in setting moderate, yet competitive compensation.

Specifically with regard to long-term equity incentive granting practices, our peer group companies' equity grants are on average more evenly split between stock options and restricted stock units. Our Compensation Committee has historically chosen to weight the long-term equity incentive grants to relatively more stock options to the Company's

Named Executive Officers to reinforce the alignment with stockholders and emphasize future stock performance.

15

In 2016, 75% of the value of the equity incentive awards was provided in the form of non-qualified stock options, which the Committee believes are inherently performance-based and consistent with the Company's philosophy, and 25% of the value was provided in the form of time-based restricted stock units. In 2017 our Compensation Committee decided to align our executive compensation practices more closely with our peer group, in part based on the advice of Deloitte Consulting, and chose to more evenly allocate the value of the equity incentive awards between stock options and restricted stock units, with 50% of the value of the awards provided in the form of non-qualified stock options and 50% of the value of the equity incentives awards in the form of restricted stock units. In addition, our Compensation Committee determined it would be in the interest of stockholders to evenly split the value of the restricted stock units between time-based restricted stock units and performance-based restricted stock units.

Base Salary

Base salaries are reviewed annually and are targeted to be moderate, yet competitive in relation to salaries paid to officers in similar positions in comparable companies. With the exception of the Chief Executive Officer, whose performance is reviewed directly by the Board of Directors, performance of all other executive officers is reviewed through regular conversations on goals and achievement with the Chief Executive Officer in consultation with the Compensation Committee (and/or the Board of Directors).

In 2016, in connection with the setting of the base salary of our executive officers, the Compensation Committee considered peer group analysis and also examined survey data for executives with similar responsibilities in comparable companies in the medical device/diagnostics and biotechnology industries, using a custom report from the 2016 Radford Global Life Sciences Survey data based on companies with a similar number of employees compared to our company. The base salaries of each of our executive officers were set taking into account comparable data for salaries relevant for their positions, and then modified to further take into account our executive officers' experience and skills.

Annual Cash Incentive Awards

Our annual cash incentive program provides the potential for receipt of competitive levels of annual incentive cash compensation and is designed to reward senior management for their contributions to annual corporate objectives. Under our annual cash incentive program, each participating officer is entitled to receive a cash bonus based on achievement of certain corporate goals in the particular fiscal year. Goals and payouts are calibrated to strike the appropriate balance between being reasonably achievable, and thereby motivating executives, while targeting improved performance. The balance is intended to result in the Company receiving an appropriate return on its annual incentive investment. The corporate performance goals are selected to require sustained performance and results from senior management. Each eligible executive's potential annual award under the annual cash incentive program is expressed as a percentage of base salary earned by the individual during the fiscal year.

Under our traditional annual cash incentive compensation program, the target bonus in 2016 for our Chief Executive Officer was 125% of annual base salary, for other executive officers, 75% of annual base salary, and for all other participating non-executive officers, 50% of annual base salary.

In February 2016, the Compensation Committee approved the 2016 Executive Incentive Compensation Plan (the "2016 Cash Incentive Plan"). For 2016, the Compensation Committee determined it was appropriate to continue to provide a broader array of incentive targets rather than simply revenue and EBITDA goals. In setting these targets, the Compensation Committee recognized that fluctuations in the severity of an influenza season affects the Company's results, yet the severity of an influenza season is otherwise outside the control of our executive officers and management. Similar to the 2015 Cash Incentive Plan, the 2016 Cash Incentive Plan was designed to encourage improved performance in objectives not related to the intensity of any given influenza season and by doing so, was designed to improve long-term performance and results for the Company and its stockholders.

The 2016 Cash Incentive Plan consisted of the following four components: (1) revenue performance on core products; (2) revenue performance on new products; (3) earnings per share ("EPS"); and (4) defined financial performance and corporate impact goals. Each component of the 2016 Cash Incentive Plan included targets at minimum, plan/target and maximum payout. The minimum targets served as the threshold upon which the incentive pool would begin to fund for that component. Achievement of the components at plan/target earn the target cash incentive opportunity. Payouts are calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with

the maximum target serving as the point at which the management team earns the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the four components and each component is measured separately. The Compensation Committee could adjust the targets to take into account variability in severity of the influenza season (so that management was neither enriched nor penalized for factors outside their control). In addition, the number of shares outstanding upon the adoption of the 2016 Cash Incentive Plan was used for calculating EPS so that, consistent with prior

years, changes in the number of shares outstanding do not affect the EPS metric used to calculate that component. The Compensation Committee also retained the right to exercise discretion to award bonuses at a lower amount than the amount funded by the formula provided under the 2016 Cash Incentive Plan.

The following table represents the threshold, target and maximum bonus for each of the Company's Named Executive Officers as a percent of such employee's annual base salary for the 2016 Cash Incentive Plan:

Executive Officer	Threshold	Target	Maximum
Douglas C. Bryant President and CEO	43.75 %	125 %	150 %
Randall J. Steward Chief Financial Officer	26.25 %	75 %	90 %
Robert J. Bujarski SVP, Business Development and General Counsel	26.25 %	75 %	90 %
Werner Kroll, Ph.D. SVP, Research and Development	26.25 %	75 %	90 %
Edward K. Russell SVP, Global Commercial Operations	26.25 %	75 %	90 %

Bonus payouts to our executive officers for 2016 were based 70% on achievement of revenue performance and EPS goals and 30% on corporate impact goals.

On February 15, 2017, the Compensation Committee approved payout, effective February 17, 2017, to executive officers under the 2016 Cash Incentive Plan for achievement of financial goals and corporate impact goals at 56% of target. Achievement of the financial goals was based on core product revenue and new product revenue compared to plan as well as EPS, adjusted for changes in Quidel share of the influenza test market, and was determined to have been achieved at 29% of a possible 70% and corporate impact goals dealing with regulatory submissions and commercialization that were determined to have been achieved at 27% of a possible 30%. The bonuses earned by Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell were \$391,192, \$153,324, \$152,359, \$147,053 and \$152,337, respectively.

In February 2017, the Compensation Committee approved the 2017 Executive Incentive Compensation Plan (the "2017 Cash Incentive Plan"). For 2017, the Compensation Committee determined it was appropriate to streamline the incentive targets to a limited set of key components. Similar to the 2016 Cash Incentive Plan, the 2017 Cash Incentive Plan was designed to encourage improved performance in objectives not related to the intensity of any given influenza season and by doing so, was designed to improve long-term performance and results for the Company and its stockholders. The 2017 Cash Incentive Plan consists of the following three components: (1) revenue performance; (2) EBITDA; and (3) achievement of commercial channel efficiencies. Each component of the 2017 Cash Incentive Plan includes targets at minimum, plan/target and maximum payout. The minimum targets serve as the threshold upon which the incentive pool will begin to fund for that component. Achievement of the components at plan/target will earn the target cash incentive opportunity. Payouts will be calculated along a linear continuum from minimum to plan/target and from plan/target to maximum with the maximum target serving as the point at which the management team will earn the highest possible cash incentive opportunity. The minimum target must be met in order for a portion of the bonus to be paid relative to any one of the three components and each component will be measured separately. The Compensation Committee may adjust the targets to take into account acquisitions and the variability in severity of the influenza season (so that management is neither enriched nor penalized for factors outside management's control). The Compensation Committee also retains the right to exercise discretion to award bonuses at a lower amount than the amount funded by the formula provided under the 2017 Cash Incentive Plan.

Under the 2017 Cash Incentive Plan, the maximum bonus has been increased to 175% of annual base salary for our Chief Executive Officer and 100% of annual base salary for our other executive officers.

The following table represents the threshold, target and maximum bonus for each of the Company's Named Executive Officers as a percent of such employee's annual base salary for the 2017 Cash Incentive Plan:

Executive Officer	Threshold		Target		Maximum	
Douglas C. Bryant President and CEO	62.5	%	125	%	175	%
Randall J. Steward Chief Financial Officer	37.5	%	75	%	100	%
Robert J. Bujarski SVP, Business Development and General Counsel	37.5	%	75	%	100	%
Werner Kroll, Ph.D. SVP, Research and Development	37.5	%	75	%	100	%
Edward K. Russell SVP, Global Commercial Operations	37.5	%	75	%	100	%

Bonus payouts to our executive officers for the 2017 Cash Incentive Plan will be based 40% on achievement of revenue performance; 40% on EBITDA goals; and 20% on achievement of channel efficiencies.

Deferred Bonus Program

Each of the above officers was also eligible to elect to participate in the Company's 2016 Employee Deferred Bonus Compensation Program (the "2016 Deferred Program") with respect to any payments received under the 2016 Cash Incentive Plan. Electing officers could elect to receive 50% or 100% of the cash value of his 2016 cash bonus (the "Covered Bonus") (payable (if applicable) per the terms and conditions of the 2016 Cash Incentive Plan) in the form of fully vested, restricted stock units (the "Converted RSUs") plus an additional premium on such percentage of the Covered Bonus in the form of additional restricted stock units, which are subject to a one-year vesting requirement (the "Premium RSUs"). The additional premium applicable to the Premium RSUs will be determined based on the length of time of the deferral period (between the date of grant and the date the shares of common stock underlying the Converted RSUs are selected to be issued) selected by the participating employee as follows: (i) if one (1) year from the date of grant, a premium of 10% on the amount deferred of the Covered Bonus; (ii) if two (2) years from the date of grant, a premium of 20% on the amount deferred of the Covered Bonus; or (iii) if four (4) years from the date of grant, a premium of 30% on the amount deferred of the Covered Bonus.

Elections for the 2016 Deferred Program, which are now irrevocable, were made by the following executive officers:

Executive Officer	Amount	Deferral
	Deferred	Period
Douglas C. Bryant President and CEO	50 %	4 years
Robert J. Bujarski SVP, Business Development and General Counsel	50 %	4 years
Werner Kroll, Ph.D. SVP, Research and Development	50 %	4 years
Edward K. Russell SVP, Global Commercial Operations	50 %	1 year

The Converted RSUs will be fully vested on the grant date. The Premium RSUs will be fully vested on the first anniversary of the grant date. Subject to the terms and conditions in the grant award agreement, the issuance of the shares of common stock underlying Converted RSUs will be issued as soon as administratively practicable after the earliest of: (1) the end of the deferral period selected by the participating employee, (2) the participating employee's separation from service to the Company, and (3) a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company (a "Change in Control"). The shares of common stock underlying the Premium RSUs will have the same applicable issuance periods as outlined in the foregoing sentence for Converted RSUs with acceleration of the one-year vesting requirement in connection with a Change in Control, provided, however, that if a participating employee's service is terminated for any reason (outside of a Change in Control) prior to the one-year vesting requirement, the Premium RSUs shall be forfeited and canceled as of the date

of such termination of service.

The Compensation Committee determined to suspend the Employee Deferred Bonus Compensation Program for 2017 pending further review and consideration of the program.

Longer-Term Equity Incentive Awards

Longer-term equity-based incentive awards in the form of stock options and/or restricted stock units are intended to align the interests of management with those of the Company's other stockholders and promote retention of our executives by using continued service as a requirement to receive the value of the awards. The number of stock options and/or shares of restricted stock units granted is related to the individual's level of responsibility and allows executives to share in the value they help create. Generally, the Compensation Committee does not consider an executive's stock holdings or outstanding equity awards in determining the number of equity awards to be granted; however, the Compensation Committee does take into consideration the total number of outstanding shares of our common stock, the relative dilution to stockholders, as well as our gross equity burn rate, issued equity overhang and total equity overhang in determining the number of equity awards to be granted. The Compensation Committee believes that the Company's executive officers should be fairly compensated each year relative to market pay levels of the Company's peer group. The Compensation Committee views longer-term equity incentives as a primary compensation means for retaining executives.

Our 2016 long-term equity incentive program for our Named Executive Officers included incentive stock-based awards in the form of both non-qualified stock options and time-based restricted stock units. The vesting for both the non-qualified stock option awards and the restricted stock units is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With the 2016 equity incentive awards, the Compensation Committee determined to more heavily weight the total dollar value of the long-term incentive award toward stock options because the Committee believes stock options are inherently performance-based and consistent with the Company's philosophy to link pay and performance and utilizes vesting requirements to create an appropriate long-term incentive for our executives. In 2016, 75% of the value of the equity incentive awards was provided in the form of non-qualified stock options. The use of time-vested restricted stock units for the remaining portion of the awards is designed to achieve the goal of retaining our executives while providing an additional performance incentive since the ultimate value of the award will vary with our stock price.

In 2016, Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell were awarded non-qualified stock options and shares of time-based restricted stock units as follows:

Executive Officer	Dollar Value of Aggregate Award	Number of Options/Time Based Restricted Stock Units (RSUs)
Douglas C. Bryant President and CEO	\$ 746,356	12,815 RSUs 93,847 Options
Randall Steward Chief Financial Officer	\$ 310,974	5,339 RSUs 39,103 Options
Robert J. Bujarski SVP, Business Development and General Counsel	\$ 279,870	4,805 RSUs 35,192 Options
Werner Kroll, Ph.D. SVP, Research and Development	\$ 279,870	4,805 RSUs 35,192 Options
Edward K. Russell SVP, Global Commercial Operations	\$ 279,870	4,805 RSUs 35,192 Options

Our 2017 long-term equity incentive program for our Named Executive Officers includes incentive stock-based awards in the form of non-qualified stock options, time-based restricted stock units and performance-based restricted stock units. The vesting for the non-qualified stock option awards is over a four-year period with 50% vesting on the second anniversary of the grant date and the remainder vesting 25% annually thereafter. The stock options have an exercise price equal to the closing price of the Company's common stock on the date of grant. With the 2017 equity

incentive awards, the Compensation Committee determined to more evenly weight the total dollar value of the long-term incentive award between stock options and restricted stock units to align executive compensation with peer group practices. In 2017, 50% of the value of the equity incentive awards was provided in the form of non-qualified stock options and 50% of the value of the equity awards was provided in the form of restricted stock units. The restricted stock units were divided equally between time-vested restricted stock units and performance-based restricted stock units to better align with corporate performance goals. The vesting for the time-based restricted stock units is 100% on the four-year anniversary of the grant date. The vesting for the performance-based

restricted stock units is over a three-year time period and is tied to the achievement of net revenue growth targets, as adjusted for influenza revenue volatility.

Equity Ownership Guidelines

To further align the interests of our directors and executives with those of our other stockholders, the Board of Directors has adopted share ownership guidelines. Under these guidelines, each non-employee director, the Chief Executive Officer, each Senior Vice President and each Vice President is required to retain and hold 50% of the shares acquired under any equity incentive award granted on or after March 19, 2004 (after subtracting shares sold to pay for option exercise costs, and relevant federal and state taxes which are assumed to be at the highest marginal tax rates). The foregoing share retention rule applies unless such director or officer beneficially owns shares with a value at or in excess of the following share ownership guidelines:

• Chief Executive Officer — 3 times then-current annual base salary,

• Senior Vice Presidents — 2 times then-current annual base salary,

• Vice Presidents — 1 times then-current annual base salary, and

• Non-employee directors — 3 times then-current annual cash retainer.

The value of an individual's shares for purposes of the share ownership guidelines is deemed to be the greater of the then-current fair market value of the stock, or the individual's cost basis in the stock. Shares counted in calculating the share ownership guidelines include shares beneficially owned outright, whether from open market purchases, purchases through the Company's 1983 Employee Stock Purchase Plan, shares retained after option exercises, shares of restricted stock that have no further restrictions remaining, and vested restricted stock units. In addition, in the case of vested, unexercised, in-the-money stock options, the in-the-money value of the stock options will be included in the share ownership guidelines calculation. Individuals have five years from their election, hire or promotion to satisfy the share ownership guidelines. All officers and directors meet these ownership guidelines or are in compliance with the guidelines and are retaining equity awards until compliance is reached.

Restrictions on Trading Securities (Including Hedging and Pledging)

We have an insider trading policy that prohibits employees and directors from engaging in speculative transactions involving our securities. Accordingly, hedging transactions involving our securities, including, but not limited to purchase of stock on margin, short sales, buying or selling puts or calls, and any other similar transactions or arrangements that have an economic consequence of establishing downside price protection are prohibited. Our insider trading policy also prohibits officers and directors from pledging stock, subject to special Board approval. No special approvals have been provided to allow any current officer or director to pledge stock.

Pay Recoupment Policy

The 2016 and 2017 Cash Incentive Plans contain provisions providing for pay recoupment in compliance with applicable legislation and regulation. The Board expects to enact a pay recoupment policy when the regulations mandated by the Dodd-Frank Act are implemented by the SEC. At a minimum, the policy will comply with the Dodd-Frank Act and related regulations.

Employment and Severance Agreements

We have entered into change of control agreements with each of our executive officers in order to foster their objectivity in making decisions with respect to any pending or threatened change in control transaction and to alleviate certain risks and uncertainties with regard to our executive officers' financial and professional security that might be created by a pending or threatened change in control transaction. The details of the change in control agreements and any employment or severance arrangements entered into with our executive officers are provided under the caption "Employment, Change in Control and Severance Arrangements" below in this Proxy Statement.

Tax Deductibility of Compensation

The Compensation Committee attempts to structure the compensation program to achieve deductibility under Section 162 (m) of the Code, unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. The Compensation Committee will continue to monitor issues concerning the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Compensation Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be

deductible under Section 162 (m) of the Code. Thus, deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

Stock Option Grant Practices

As described above, the Company uses stock options as part of its overall compensation program. The stock option awards provide individuals with the right to purchase a specified number of shares of the Company's stock at a specific price. The Company sets the exercise price of the stock options that it awards at or above the closing price of the Company's stock on the grant date. Accordingly, the option grant will have value to the individual only if he or she continues in our service during the vesting period and then generally only if and to the extent that the market price of the underlying shares of common stock appreciates over the option term.

Awards of equity-based compensation to our executive officers, such as options, are determined and approved by the Board of Directors or the Compensation Committee. Equity grants are typically made at the time of hire for executives and then annually as part of the overall executive compensation review. The specific terms of the awards are determined based on the position of the individual in the organization and as part of the applicable annual equity incentive program.

New hire grants are approved by the Board of Directors or the Compensation Committee when the executive's hire is approved, with the actual option grant issued on the first date of employment and the exercise price of such options being set at the closing price of the Company's common stock on that date. Annual performance grants made as part of the overall executive compensation program are generally made as of the date of Board or Compensation Committee approval. This typically occurs prior to the end of the first quarter, with grants effective on the date of Board or Compensation Committee approval and at a price at or above the closing price on the grant date.

Options granted to Company executives typically vest over a four-year period. Generally, vesting ends when employment ends and the executive has 90 days following the end of employment within which to exercise any vested stock options.

Perquisites and Other Benefits

The Compensation Committee believes that the Named Executive Officers should participate in the same benefit programs as the Company's other employees and that special executive perquisites should be minimal. Consistent with this philosophy, the Named Executive Officers participate in the Company's employee benefit plans on the same terms as other employees. These plans include medical and dental insurance, disability coverage, life insurance, the employee stock purchase plan and the 401(k) Plan.

Compensation of the Chief Executive Officer

Our Chief Executive Officer participates in the same executive compensation program provided to our other executive officers and senior management as described above. The Compensation Committee's approach to setting compensation for the Chief Executive Officer is to be competitive with comparable companies and to have a significant portion of total compensation depend upon the achievement of performance goals for the Company.

In February 2016, the Compensation Committee approved an increase in the annual base salary for Mr. Bryant from \$542,540 to \$558,846. As described above, the Compensation Committee approved payout, effective February 17, 2017, under the 2016 Cash Incentive Plan for combined achievement of revenue performance and EPS goals and corporate impact goals at 56% of target, and accordingly, Mr. Bryant earned a payout of \$391,192. As discussed above under the caption "Executive Compensation--Compensation Discussion and Analysis--Longer-Term Equity Incentive Awards," in 2016, Mr. Bryant was also awarded 12,815 time-based restricted stock units and 93,847 non-qualified stock options.

Compensation of the Other Named Executive Officers

In February 2016, the Compensation Committee approved an increase in the base salaries of Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell. Base salaries were approved as follows:

Executive Officer	Prior	2016
	Base Salary	Base Salary
Randall J. Steward	\$ 345,050	\$ 365,058
Chief Financial Officer		
Robert J. Bujarski	\$ 345,050	\$ 362,759

Werner Kroll, Ph.D.	\$ 339,900	\$ 350,127

SVP, Research and Development

Edward K. Russell

\$ 360,000 \$ 362,708

SVP, Global Commercial Operations

21

As described above, the Compensation Committee approved payout, effective February 17, 2017, under the 2016 Cash Incentive Plan for combined achievement of revenue performance and EPS goals and corporate impact goals at 56% of target, and, accordingly, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell earned a payout of \$153,324, \$152,359, \$147,053 and \$152,337, respectively.

As discussed above under the caption “Executive Compensation--Compensation Discussion and Analysis--Longer-Term Equity Incentive Awards,” in 2016, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell were awarded shares of time-based restricted stock units and non-qualified stock options.

This row shows the potential value of the payout under the “Estimated Future Payouts” column for each Named Executive Officer under the 2016 Cash Incentive Plan program if the threshold, target and maximum goals were satisfied for all performance measures. The business measurements, performance goals and salary and bonus

(1) multiples for determining the payout are described in the “Compensation Discussion and Analysis” section. The performance measurements were achieved in fiscal year 2016 in the aggregate at the 56% level and payouts were made as described under the heading “—Annual Cash Incentive Awards” in the “Compensation Discussion and Analysis” section and in Note (4) to the “Summary Compensation Table.”

This column shows the number of time-based restricted stock units granted in 2016 to the Named Executive Officers. The time-based restricted stock units for Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell were granted on February 10, 2016 and vest over four years, with one half of the award vesting on the two-year anniversary of the grant date and the remaining vesting annually thereafter through the remaining four-year vesting period. This column also includes the number of restricted stock units granted in 2016 under the 2016 Employee Deferred Bonus Compensation Program. For the restricted stock units under the 2016 Employee Deferred Bonus Compensation Program the number is equal to (i) the amount of his bonus deferred under the Program divided by the market closing price for the Company’s common stock on February 17, 2017, multiplied by (ii) either 1.1 or 1.3, as a premium. For Mr. Bryant, Mr. Bujarski, Dr. Kroll and Mr. Russell, \$195,593, \$76,165, \$73,512 and \$76,165 (included in the Grant Date Fair Value column), respectively, represents compensation deferred and is included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

(3) This column shows the number of stock options granted in 2016 to the Named Executive Officers. These options vest and become exercisable ratably over four years, with one half of the award vesting on the two-year anniversary of the grant date and the remaining vesting annually thereafter through the remaining four-year vesting period.

(4) This column shows the exercise price for the stock options granted, which was the closing price of our common stock on the date of grant.

This column shows the full grant date fair value under ASC Topic 718 of time-based restricted stock units, restricted stock units granted under the 2016 Employee Deferred Bonus Compensation Program and stock options granted to the Named Executive Officers in 2016. For the time-based restricted stock units, fair value is calculated using the closing price of our common stock on the grant date. The grant date fair value is the amount that the Company would expense in its consolidated financial statements over the award's vesting schedule, unless the named executive leaves the Company. For the restricted stock units under the 2016 Employee Deferred Bonus Compensation Program the fair value is equal to (i) the amount of his Covered Bonus deferred under the program divided by the market closing price for the Company's common stock on February 17, 2017, multiplied by (ii) either 1.1 or 1.3, as a premium. For stock options, fair value is calculated using the Black-Scholes value on the grant date and is the amount that the Company will

expense in its consolidated financial statements over the award's vesting schedule, unless the named executive leaves the Company. For additional information on the valuation assumptions, refer to Note 5 of our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2016.

This table includes unexercised and unvested stock options and unvested restricted stock awards or restricted stock units. Each equity grant is shown separately for each Named Executive Officer. The vesting schedule for each grant is shown following this table, based on the option or stock award grant date. The market value of the stock awards is based on the closing market price of our common stock as of December 31, 2016, which was \$21.42. For additional information about the option awards and stock awards, see the description of “Longer-Term Equity Incentive Awards” in the “Executive Compensation” section.

Under the 2016 Employee Deferred Bonus Compensation Program, each participant received a restricted stock unit award that (1) vested on February 17, 2017 in exchange for his election to defer a percentage of his 2016 bonus. In addition, he is eligible for a premium restricted stock unit award equal to either 10%, 20% or 30% of the deferred 2016 bonus, depending on the length of deferral elected by the employee, which vests on February 17, 2018. Employment, Change in Control and Severance Arrangements

In connection with the appointment of Mr. Bryant as our President and Chief Executive Officer, on January 16, 2009, Mr. Bryant entered into an employment agreement with us. Mr. Bryant's employment agreement sets forth the terms of his employment with us and provides for, among other matters: (i) a minimum base salary of \$450,000 per annum, subject to adjustment upward by the Board of Directors or its Compensation Committee; and (ii) an annual cash incentive bonus based upon attainment of performance goals set by the Board of Directors or its Compensation Committee with a target of at least 80% of base salary and a maximum opportunity of at least up to 120% of base salary.

Under his employment agreement, Mr. Bryant is an “at-will” employee, which means that either Mr. Bryant or we may terminate his employment at any time for any reason. However, and except in the context of a change in control, if Mr. Bryant’s employment with us is terminated without cause or he terminates his employment for “good reason” (as defined in the employment agreement) and thereafter delivers and does not revoke a general release, he is entitled to a severance payment equal to eighteen (18) months of his then-current base salary and payment of health insurance premiums for a period of eighteen (18) months following termination. Amounts payable to Mr. Bryant upon a change in control of the Company are generally governed by his change in control agreement, dated as of January 16, 2009, which is described below.

Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell are each “at will” employees of the Company with compensation arrangements that include, among other matters: (i) a minimum base salary, currently of \$365,058, \$362,759, \$350,127 and \$362,708 per annum, respectively and (ii) eligibility for an annual bonus in accordance with the Company’s bonus plan. In addition, except in the context of a change of control, if we terminate Mr. Bujarski’s employment without cause, he would be entitled to a severance payment equal to six months of his annual salary. Each of Mr. Bryant, Mr. Steward, Mr. Bujarski, Dr. Kroll and Mr. Russell has entered into a change in control agreement with us, which provides for the payment of severance benefits in the event of termination of employment in connection with a change in control of the Company. The severance benefits are payable if their respective employment with us is terminated within 30 days prior to or three years following a change in control, unless terminated for cause or the termination is the result of a voluntary resignation (which does not include resignations stemming from a material adverse change in responsibilities, status, compensation, authority or location of work place) or their death or disability.

The severance benefits under the change in control agreements generally consist of a lump sum cash payment equal to two times the sum of (i) such executive’s highest annual salary rate within the three year period ending on the date of termination plus (ii) an amount equal to the annualized average of all bonuses paid to the executive during the two-year period immediately before the date of termination. In addition, the change in control agreements provide for: payment of \$25,000 to help defray the legal, tax and accounting fees and other costs associated with transitional matters; continued coverage for two years under our group medical insurance, group dental insurance, group-term life insurance and disability insurance programs unless and to the extent the executive obtains concurrent coverage through another program in which case our coverage will be terminated or reduced as applicable; and immediate vesting and exercisability of any and all unvested stock options and restricted stock of the executive (unless previously waived or otherwise expressly agreed to by the executive).

Potential Post-Employment Payments

As described above, our Named Executive Officers have employment, severance and/or change of control agreements with us. The table below illustrates the compensation that would be payable by the Company to each Named Executive Officer in the event of a change in control of the Company or a termination of the Named Executive Officer's employment with the Company for various described reasons, sometimes referred to in this section as a "triggering event." In accordance with applicable rules of the SEC, the following discussion assumes:

that the triggering event in question, the death, disability, change in control or termination occurred on December 31, 2016, which was the last full business day prior to the last day of our 2016 fiscal year end which fell on Sunday, January 1, 2017; and

the calculations provided below are based on the closing market price of our common stock as of December 31, 2016, which was \$21.42.

In addition, in connection with any actual termination of employment, the Board of Directors or the Compensation Committee may determine to enter into an agreement providing additional benefits or amounts, or altering the terms of benefits described below, as deemed appropriate by the Compensation Committee or the Board of Directors. The actual amounts that would be paid upon a Named Executive Officer's termination of employment can only be determined at the time of such executive's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include our stock price at the time of termination and determinations by our Board of Directors.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending December 31, 2017 and to perform other appropriate accounting and tax services. We are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2017. Although ratification is not required by our bylaws or otherwise, the Board of Directors is submitting the selection of Ernst & Young LLP to our stockholders as a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young LLP, the selection of the Company's independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

One or more representatives of Ernst & Young LLP are expected to be at the Annual Meeting. The representatives of Ernst & Young LLP will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

Vote Required and Board Recommendation

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2017.

Our Board of Directors Unanimously Recommends that the Stockholders Vote for the Ratification of the Selection of Ernst & Young LLP as Our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2017.

PROPOSAL 3

ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

We are providing stockholders with an advisory (non-binding) vote on the compensation of our Named Executive Officers (commonly referred to as "say on pay"). Accordingly, you may vote on the following resolution at the Annual Meeting:

"Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed in the "Compensation Discussion and Analysis," the accompanying compensation tables, and the related narrative discussion in this Proxy Statement, is hereby approved."

The advisory approval of the Company's executive compensation is a non-binding vote on the compensation paid to the Company's Named Executive Officers, as described pursuant to Item 402 of Regulation S-K, including the "Compensation Discussion and Analysis" section, compensation tables, and the narrative discussions, set forth in this Proxy Statement.

As described in detail under "Executive Compensation--Compensation Discussion and Analysis," our compensation programs are designed to attract, motivate and retain highly qualified executive officers who are able to achieve corporate objectives and create stockholder value. The Compensation Committee believes the Company's executive compensation programs reflect a strong pay-for-performance philosophy and are well aligned with our stockholders' long-term interests. Stockholders are encouraged to read the "Compensation Discussion and Analysis" section, the accompanying compensation tables, and the related narrative discussion.

Because the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to our Named Executive Officers and will not be binding on the Board of Directors or the Compensation Committee. However, the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions.

Vote Required and Board Recommendation

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to approve the advisory vote on executive compensation.

Our Board of Directors Unanimously Recommends that the Stockholders Vote "For" the Approval, on an advisory basis, of the Compensation of our Named Executive Officers.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE
COMPENSATION

In addition to providing stockholders with the opportunity to cast an advisory vote on executive compensation, with this proxy statement, we are providing stockholders with an advisory vote on whether the advisory vote on executive compensation should be held every one, two or three years.

The Board believes that a frequency of “every one year” for the advisory vote on executive compensation is the optimal interval for conducting and responding to a “say on pay” vote. The Dodd-Frank Act requires the Company to hold the advisory vote on the frequency of the say-on-pay vote at least once every six years.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board’s recommendation.

Because the vote on this proposal is advisory in nature, it will not be binding on the Board of Directors. However, the Board of Directors will consider the outcome of the vote along with other factors when making its decision about the frequency of future stockholder advisory votes on the compensation of our Named Executive Officers.

The frequency option (i.e., every year, every two years or every three years) that receives the plurality of votes cast on this proposal will be deemed the preferred option of stockholders.

Our Board of Directors Unanimously Recommends that the Stockholders Vote for the option of "Every One Year" for Future Advisory Votes on Executive Compensation.

In no event shall an adjournment of the annual meeting, or a postponement of an annual meeting for which notice has been given, or the public disclosure thereof, commence a new time period for the giving of a stockholder's notice as described above.

Any notice to the Corporate Secretary must be in proper written form and set forth the matters and information listed in our bylaws, including, if applicable, the matters relating to a director nomination.

Any eligible stockholder who desires to have a proposal considered for inclusion in our proxy solicitation materials for our 2018 annual meeting of stockholders must be received in writing by our Corporate Secretary at 12544 High Bluff Drive, Suite 200, San Diego, CA 92130 no later than December 14, 2017.
