**Item 1.01 Entry into a Material Definitive Agreement.**

On April 28, 2014, Monmouth Real Estate Investment Corporation (“MREIC” or the “Company”) announced that on April 25, 2014 it has exercised its \$20 million accordion feature on its unsecured revolving credit facility (the “Facility”) bringing the total availability under the Facility up to \$60 million. In addition, the \$60 million Facility has been amended to add an additional \$20 million accordion feature up to \$80 million, subject to the obtaining of additional commitments.

This amendment amends the Facility entered into on June 25, 2013, where MREIC entered into an agreement to renew and expanded its then \$20 million unsecured revolving credit facility, which was set to mature on June 30, 2013. The Facility is syndicated with two banks led by Capital One, National Association (Capital One) as joint lead arranger, administrative agent and sole bookrunner, and includes Bank of Montreal (BMO) as joint lead arranger and documentation agent. On June 25, 2013, the Facility was increased to \$40 million with an accordion feature up to \$60 million, which was exercised on April 25, 2014 in connection with the amendment and an accordion feature up to \$80 million, subject to obtaining additional commitments, was added. The Facility matures June 2016, has a one-year extension option, and borrowings under the facility bear interest at LIBOR plus 175 basis points to 250 basis points depending on the company’s leverage ratio. Based on the Company’s leverage ratio as of March 31, 2014, borrowings under the Facility bear interest at LIBOR plus 185 basis points, which was 2.00% as of March 31, 2014.

In addition, the Company incurs a commitment fee on the average daily unadvanced portion of the total amount committed under the Facility at a rate of 0.25% per annum, if average daily borrowings under the Facility are equal to or greater than 50% of the commitment then in effect, or 0.35% per annum, if average daily borrowings under the Facility are less than 50% of the commitment then in effect, which fee will be payable quarterly based on outstanding borrowings during the applicable quarter.

The Facility contains representations and financial and other affirmative and negative covenants usual and customary for this type of agreement. During the term of the Facility, the Company must satisfy certain financial covenants as described in the Revolving Credit Agreement, including: (1) Total Indebtedness may not be more than 60% of Total Asset Value; (2) Debt Service Coverage Ratio must be at least 1.25X of Net Operating Income (“NOI”) to Actual Debt Service; (3) Corporate Debt Yield must be at least 11% of NOI to Total Debt; and (4) Tangible Net Worth must be at least \$255 million plus 75% of the aggregate net proceeds in connection with any future equity offerings.

The Facility includes usual and customary events of default and remedies for facilities of this nature (with customary notice, grace and cure periods, as applicable) and provides that if an event of default is continuing, payment of the principal amount of all borrowings and all other outstanding amounts payable under the Credit Agreement may be accelerated and/or the lenders' commitments may be terminated. In addition, upon the occurrence of certain insolvency or bankruptcy-related events of default, all borrowings and all other outstanding amounts under the Credit Agreement will automatically become immediately due and payable and the lenders' commitments will automatically terminate.

The description of the amended Facility is qualified by reference to the complete First Amendment to Credit Agreement that is attached hereto as Exhibit 10.1 and is incorporated herein by reference. A copy of the press release announcing the above transaction is attached as Exhibit 99.1 hereto and incorporated herein by reference.
