QUESTIONS AND ANSWERS

Who can vote at the Annual Meeting?

You are entitled to vote your shares of Common Stock at the Annual Meeting if you were a stockholder of record of the Company at the close of business on March 25, 2016, the Record Date for the Annual Meeting. On that date, there were 81,373,940 shares of Common Stock outstanding, each of which is entitled to one vote for each matter to be voted on at the Annual Meeting. On the Record Date, we had 2,183 stockholders of record.

A proxy is your direction to another person to vote your shares. When you vote your shares, whether via the Internet, by telephone or by signing and mailing a Proxy Card, you will appoint certain officers of the Company to vote your shares of Common Stock at the Annual Meeting in the manner you instruct. Even if you plan to attend the Annual Meeting, you should vote your shares in advance.

Who is entitled to receive this mailing?

If you hold shares of our Common Stock that are registered in your name through our transfer agent, Computershare Trust Company, N.A., as of the Record Date, you are the stockholder of record with respect to those shares. If you hold shares of our Common Stock indirectly through a bank, broker or similar institution, you are considered a beneficial owner of those shares but are not the stockholder of record. We refer to banks, brokers and similar institutions in this Proxy Statement collectively as “brokers.” In this circumstance, you are a stockholder whose shares are held in “street name” and your broker is considered the stockholder of record. We sent copies of our proxy materials directly to all stockholders of record. If you are a beneficial owner whose shares are held in street name, these materials were sent to you by the broker through which you hold your shares. As the beneficial owner, you may direct your broker how to vote your shares at the Annual Meeting, and the broker is obligated to provide you with a voting instruction form for you to use for this purpose.

What does it mean if I receive more than one Proxy Card?

If you receive multiple Proxy Cards, this means you hold your shares in more than one account. To vote all of your shares by proxy, please vote the shares in each account via the Internet or by telephone, or complete, sign, date and return each Proxy Card that you receive.

How are shares voted and counted?

If you are a stockholder of record on the Record Date and you properly vote your shares via the Internet, by telephone or by mail, your shares will be voted in accordance with your instructions. If you sign and return your Proxy Card, but do not give voting instructions, your shares will be voted in the manner recommended by the Board of Directors, as follows: FOR each director nominee named in this Proxy Statement and FOR each of the other items set forth in the Notice attached to this Proxy Statement. If you sign and return your Proxy Card, but do not give voting instructions, you also will grant discretionary authority to the named proxies to vote on any other matters that may properly come before the Annual Meeting, or any adjournment or postponement, which will be voted in accordance with the best judgment of the named proxies.

If your shares are held in street name, the shares will be voted by the broker through which you hold your shares on routine matters in accordance with your instructions and, if no instructions are given, your broker is entitled to vote your shares in its discretion. On non-routine matters, your broker will vote your shares only if you have provided the broker with voting instructions. If you do not give your broker voting instructions for non-routine items, your shares will be treated as “broker non-votes.” This means your shares will be counted for the purpose of determining if a quorum is present but, except as provided below, will not be included as votes cast with respect to the non-routine items. The determination of whether a matter is routine or non-routine is made under the rules of the NASDAQ Stock Market. An abstention occurs when a stockholder marks his or her Proxy Card as ABSTAIN and thereby abstains from voting on a matter.

Table of Contents

The following chart explains which items to be voted upon at our Annual Meeting are routine and non-routine and the treatment of abstentions and broker non-votes.

Item	Type	Effect of Abstentions and Broker Non-Votes
Election of Directors	Non-Routine	Broker non-votes and votes to ABSTAIN are not treated as a “vote cast” with respect to the election of a director, and thus will have no effect on the outcome of the vote.
Approval of an Advisory (Non-Binding) Resolution Regarding the Compensation Paid in 2015 to the Company’s Named Executive Officers	Non-Routine	Broker non-votes will have no effect on the outcome of the vote on this item. Votes to ABSTAIN are treated as “votes cast” and will have the effect of a vote AGAINST this item.
Ratification of the Appointment of the Company’s Independent Registered Public Accounting Firm	Routine	Broker non-votes are not expected to exist because brokers have discretionary authority to vote on this item. Votes to ABSTAIN are treated as “votes cast” and will have the effect of a vote AGAINST this item.

What is the required vote for each item of business to properly come before the Annual Meeting?

A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of Common Stock on the Record Date, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

Item 1—Election of Directors. You may vote FOR or AGAINST any or all director nominees named in this Proxy Statement, or you may ABSTAIN as to one or more directors. A majority of the votes cast at the Annual Meeting with respect to the election of a director must be voted FOR the director in order for the director to be elected. A director who fails to receive a majority of the votes cast FOR his or her election will tender his or her resignation to the Board of Directors for consideration, and our Nominating and Corporate Governance Committee will recommend to the Board of Directors whether to accept or reject the resignation, or whether other action should be taken. The Board of Directors will consider the recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Item 2—Approval of an Advisory (Non-Binding) Resolution Regarding the Compensation Paid in 2015 to the Company’s Named Executive Officers. You may vote FOR or AGAINST the advisory resolution regarding the compensation paid to our named executive officers, or you may ABSTAIN. A majority of the votes cast at the Annual Meeting must be voted FOR this item in order for it to pass.

Item 3—Ratification of the Appointment of the Company’s Independent Registered Public Accounting Firm. You may vote FOR or AGAINST the ratification of our Audit Committee’s appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016, or you may ABSTAIN. A majority of the votes cast at the Annual Meeting must be voted FOR ratification in order for this item to pass.

Table of Contents

ITEM 1—ELECTION OF DIRECTORS

Nominees for Election

Our Board of Directors currently consists of thirteen directors and is divided into three classes, with each class serving for three-year terms. As a result, each year, only one class of directors stands for election at our Annual Meeting. Upon the unanimous recommendation of our Nominating and Corporate Governance Committee, our Board of Directors unanimously nominated Br. James Gaffney, Michael L. Scudder and J. Stephen Vanderwoude to stand for election at the Annual Meeting, all of whom are currently directors of the Company. John L. Sterling currently serves in the class of directors whose term expires at the Annual Meeting. As previously announced, Mr. Sterling, who has served as one of our directors since 1998, formally advised us that he will retire from the Board upon the conclusion of his current term. Prior to the Annual Meeting, the Board will take action to reduce the number of directors to twelve members. As such, at and following the Annual Meeting, our Board of Directors will consist of twelve members until such time as the Board may determine to change the number of directors.

If elected, each nominee will hold office for a three-year term expiring at our annual meeting of stockholders in 2019 and until his successor has been elected and qualified. If a nominee fails to receive the required majority vote for election, he will tender his resignation as a director in accordance with our By-Laws and Corporate Governance Guidelines, and the Board of Directors will determine whether it is in the best interests of the Company to accept any tendered resignation.

Each nominee has informed us that he is willing to serve as a director if elected. Should any nominee become unable or refuse to serve as a director upon election, it is intended that the persons named as proxies in the Proxy Card will vote for the election of such other person as the Board of Directors may recommend.

Nomination Process

In identifying, evaluating and recommending nominees for the Board of Directors, our Nominating and Corporate Governance Committee places primary emphasis on the criteria set forth in our Corporate Governance Guidelines, which include:

- the individual's judgment, expertise, character, skills, background, knowledge of matters useful to the oversight of the Company and other relevant experience;
 - the individual's ability and willingness to commit adequate time to Board and committee matters; and
- the extent to which the interplay of the individual's expertise, skills, knowledge and personality with that of other Board members will build a Board of Directors that is effective, collegial and responsive to the needs of the Company.

We do not set specific, minimum qualifications that nominees must meet in order to be recommended to the Board of Directors. Each nominee is evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of the Board of Directors. The Nominating and Corporate Governance Committee discusses and evaluates possible candidates in detail and outside consultants are sometimes engaged to help identify potential candidates.

The Board of Directors has not adopted a formal diversity policy for nominees. When making recommendations for nominees to the Board, however, the Nominating and Corporate Governance Committee attempts to include directors who, when taken together with the other nominees and continuing directors, will create a group that offers a diversity of education, professional experience, background, age, perspective, viewpoints and

Table of Contents

skill. The Nominating and Corporate Governance Committee will consider and evaluate director candidates recommended by stockholders in the same manner as other candidates identified by the Committee. A stockholder who desires to formally nominate a candidate must do so by following the procedures described in the Company's Certificate of Incorporation and By-Laws.

Independence of Nominees and Non-Employee Directors

Our Board of Directors determines the independence of all non-employee directors in accordance with the independence requirements of the NASDAQ Stock Market rules. Accordingly, each year the Board affirmatively determines whether each non-employee director has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Annually, each non-employee director is required to complete a questionnaire that provides information about relationships that might affect the determination of independence. Management then provides the Nominating and Corporate Governance Committee and Board of Directors with relevant facts and circumstances of any relationship bearing on the independence of a director or nominee that is outside the categories permitted under the NASDAQ Stock Market rules.

Based on the review and recommendation by the Nominating and Corporate Governance Committee, the Board of Directors analyzed the independence of each of the Company's nominees and other current directors, and determined that all of our directors meet the standards of independence under our Corporate Governance Guidelines and the NASDAQ Stock Market rules, other than Michael L. Scudder, the Company's President and Chief Executive Officer, and Mark G. Sander, the Company's Senior Executive Vice President and Chief Operating Officer, who are not considered to be independent under the standards of our Corporate Governance Guidelines and the NASDAQ Stock Market rules. In addition, our Board of Directors determined that:

• Each member of the Audit Committee is financially literate and has accounting or related financial management expertise (as such qualifications are defined under the NASDAQ Stock Market rules).

• Patrick J. McDonnell and John F. Chlebowski, Jr. are "audit committee financial experts" within the meaning of the rules and regulations of the SEC.

• Each member of the Compensation Committee is a "non-employee director" within the meaning of SEC Rule 16b-3, and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code.

2016 Nominees and Continuing Directors

The evaluation and selection of each member of the Board of Directors is based on a variety of factors, as described above. The Board believes that each of the Company's directors possesses the requisite skills, experience and attributes to qualify him or her to serve as a member of our Board of Directors.

For each of the nominees for election at the Annual Meeting, our Nominating and Corporate Governance Committee and the Board considered, among other factors, the following:

• Br. James Gaffney, FSC – Br. James's strong background in executive administration and insight into the markets and communities in which the Company operates.

• Michael L. Scudder – Mr. Scudder's extensive executive management experience and institutional knowledge of the Company and its business and clients, as well as his direction of the Company's strategy, vision and values.

• J. Stephen Vanderwoude – Mr. Vanderwoude's executive and director experience at other public companies and considerable business achievements.

Directors' Recommendation

The Board of Directors unanimously recommends that stockholders vote FOR the election of each of Br. James Gaffney, Michael L. Scudder and J. Stephen Vanderwoude as directors of the Company as set forth above.

Table of Contents

ITEM 2—APPROVAL OF AN ADVISORY (NON-BINDING) RESOLUTION REGARDING THE COMPENSATION PAID IN 2015 TO THE COMPANY’S NAMED EXECUTIVE OFFICERS

In accordance with applicable SEC rules, we are required to provide stockholders with an opportunity to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. We refer to this proposal as the “say-on-pay” proposal. Our executive compensation programs, including detailed information regarding the compensation paid to our named executive officers for 2015, are described in the Compensation Discussion and Analysis and Executive Compensation Tables sections of this Proxy Statement.

Our Board of Directors views it as a good corporate governance practice to present the say-on-pay proposal to our stockholders annually. The Board made this recommendation to our stockholders at our 2012 annual meeting, and our stockholders overwhelmingly voted in favor of holding a say-on-pay vote every year, as opposed to every other year or every third year. Our stockholders will next have the opportunity to indicate their preference for the frequency of the say-on-pay vote at our 2018 annual meeting.

At our 2015 annual meeting of stockholders, 90% of the votes cast were voted in favor of the compensation paid to our named executive officers. We believe these results confirmed our approach to executive compensation. Our Compensation Committee intends to consider the say-on-pay vote results from this year, and future advisory votes, with respect to the design of and amounts paid under our executive compensation programs.

We are asking our stockholders to indicate their support for our executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on executive compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers described in this Proxy Statement. Accordingly, we will ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion set forth in the 2016 annual meeting proxy statement is hereby approved by the Company’s stockholders on an advisory basis.

The say-on-pay vote is advisory and is therefore not binding on the Company, the Compensation Committee or our Board of Directors. We value the opinions of our stockholders, and the Compensation Committee will consider the results of the vote on our say-on-pay proposal when establishing the design of and amounts paid under our future executive compensation programs.

Directors’ Recommendation

The Board of Directors unanimously recommends that stockholders vote FOR approval of the advisory (non-binding) resolution regarding the compensation paid to the Company’s named executive officers set forth in this Proxy Statement.

ITEM 3—RATIFICATION OF THE APPOINTMENT OF THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors is responsible for appointing the Company’s independent registered public accounting firm, and the Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the year ending December 31, 2016. We are submitting this selection for stockholder ratification at the Annual Meeting. We expect a representative of Ernst & Young LLP to be present at the Annual Meeting and to have an opportunity to make a statement if he or she desires to do so and to be available to respond to appropriate questions from stockholders. Ernst & Young LLP also served as our independent registered public accounting firm for the year ended December 31, 2015.

Although we are not required to have our stockholders ratify the selection of our independent registered public accounting firm, our Board of Directors has determined to seek this ratification from stockholders. This ratification is advisory and is, therefore, not binding on the Audit Committee. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young LLP, but may retain them nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company.

CORPORATE GOVERNANCE AT FIRST MIDWEST

Our Board of Directors is committed to maintaining strong corporate governance principles and practices. If you would like additional information about our corporate governance practices, you may view the following documents on our website at www.firstmidwest.com/corporategovernance or request them in print by sending a written request to the Corporate Secretary at First Midwest Bancorp, Inc., One Pierce Place, Suite 1500, Itasca, Illinois 60143:

• Corporate Governance Guidelines;

• Code of Ethics and Standards of Conduct (applicable to all directors, officers and employees);

• Code of Ethics for Senior Financial Officers;

• Audit Committee Charter;

• Compensation Committee Charter;

• Nominating and Corporate Governance Committee Charter; and

• Related Person Transaction Policies and Procedures.

Corporate Governance Guidelines and Committee Charters

The Corporate Governance Guidelines and the charters of the Audit, Compensation and Nominating and Corporate Governance Committees of our Board of Directors describe our corporate governance practices. The Corporate Governance Guidelines and charters are intended to ensure that our Board of Directors has certain practices in place relating to oversight of management and various components of our business operations and to make decisions that are independent of management.

Code of Ethics and Standards of Conduct

We have adopted a Code of Ethics and Standards of Conduct, which applies to all of our directors, officers and employees, as well as a Code of Ethics for Senior Financial Officers, which applies to our senior financial officers. Our Code of Ethics and Standards of Conduct meets the requirements of a "code of ethics" as defined by applicable SEC rules, and also meets the requirements of a "code of conduct" under the applicable NASDAQ Stock Market rules. Annually, all employees are required to certify that they have reviewed and are familiar with the Code of Ethics and Standards of Conduct, and all officers are required to certify compliance with this code. Waivers of the Code of Ethics and Standards of Conduct for executive officers are required to be disclosed to the Chair of the Nominating and Corporate Governance Committee of the Board. Waivers of the Code of Ethics for Senior Financial Officers must be submitted to and approved by the Board.

Board Leadership and Structure

As provided in our Corporate Governance Guidelines, our Board of Directors does not have a fixed policy regarding the separation of the offices of Chairman and Chief Executive Officer and believes that it should maintain the flexibility to select the Chairman and its Board leadership structure, from time to time, based on the criteria that it deems to be in the best interests of the Company and its stockholders.

The position of Chairman of the Board is held by Robert P. O'Meara and the position of President and Chief Executive Officer is held by Michael L. Scudder. The Board of Directors believes that, at this time, the separation of the offices of Chairman of the Board and of President and Chief Executive Officer is appropriate for the Company. This separation presently allows Mr. Scudder to focus on his responsibilities of running the day-to-day affairs of the Company, enhancing stockholder value and expanding and strengthening the Company's business. Concurrently, Mr. O'Meara, as Chairman of the Board, can utilize his intimate knowledge of the Company and significant industry experience to focus on leadership for the Board as it provides advice to and independent oversight of management. As the independent Chairman, Mr. O'Meara also serves as lead independent director and the presiding director at Board meetings, and has final approval of Board meeting agendas.

Risk Oversight

Risk is inherent with every business and we face a number of risks, including, for example, credit, interest rate, liquidity, operational, strategic, cyber and reputation risks, as well as risks related to general economic conditions. We do not view risk in isolation, but rather consider risk as part of our ongoing consideration of business strategy and business decisions.

Management is responsible for the day-to-day management of the risks the Company faces. It establishes and maintains risk management processes and policies designed to balance our operations and business opportunities with risk mitigation in order to create stockholder value. It is management's responsibility to anticipate, identify and communicate risks to the Board of Directors and its committees. The Company also has a Chief Risk Officer.

The Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes, policies and levels designed and implemented by management are appropriate and functioning as designed. The Board performs its risk oversight function primarily through its committees and the operation of the Bank's Board of Directors. Each of the Board's committees is chaired by an independent director and supports the Board's oversight functions by regularly addressing various risks in their respective areas of oversight. Specifically, each committee assists the Board in fulfilling its risk management oversight responsibilities in the following areas:

• **Audit Committee.** Assists the Board with risk oversight in the areas of financial reporting, internal controls, tax and compliance with public reporting requirements.

• **Compensation Committee.** Assists the Board with risk oversight associated with our compensation policies and programs, including maintaining an executive compensation program that is designed to encourage the achievement of corporate objectives and strategies, enhance stockholder value and incent and retain our executive officers, and discourage unnecessary or excessive risk taking.

• **Nominating and Corporate Governance Committee.** Assists the Board with risk oversight associated with corporate governance and director selection and succession.

Each committee reports to the full Board of Directors at regular meetings concerning the activities of the committee, the significant matters it has discussed and the actions taken by the committee. The Board also receives reports directly from the President and Chief Executive Officer and other members of management regarding the

Table of Contents

Company's risk management functions. In addition, the Chairman of the Board meets regularly with the President and Chief Executive Officer to discuss strategy and risks facing the Company. Key members of senior management attend Board meetings and are available to address any questions or concerns raised by the Board of Directors.

Meetings

Our Board of Directors holds regular quarterly meetings and special meetings as needed. In 2015, the Board held four regularly scheduled meetings and two special meetings. Our directors also communicate with each other between meetings. Further, the Board of Directors devotes additional time outside of its regular meetings to presentations and discussions with senior management about the Company's long-term strategy, corporate objectives and initiatives and financial operating plans, which are then discussed further at the Board's quarterly meetings.

We expect our directors to attend all Board and committee meetings for those committees on which they serve. Directors are also expected to attend each annual meeting of stockholders. All of our current directors, including the current nominees for director, attended last year's annual meeting of stockholders. Ten of our directors attended 100% of the total number of meetings of the Board of Directors and Board committees on which he or she served during 2015, with the remaining three directors attending at least 93% of the meetings.

Board Committees

Our Board of Directors has three standing committees, our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each standing committee has a written charter and the Board of Directors has determined that each of the members of our standing committees is "independent" under the provisions of our Corporate Governance Guidelines and the NASDAQ Stock Market rules. The Board has also established an Advisory Committee for the purpose of providing general advice to management with respect to general business matters as needed between regular meetings of the Board.

Under our Corporate Governance Guidelines, the members of each Board committee (including each committee chair) are appointed by the Board of Directors upon the recommendation of the Nominating and Corporate Governance Committee, and a member may only serve as the chair of one committee of the Board at any given time. The table below provides membership and meeting information for each Board committee for the 2015 fiscal year.

Board and Committee Self-Evaluations

The Board and the Audit, Compensation and Nominating and Corporate Governance Committees conduct an annual self-evaluation, which includes both a qualitative and quantitative assessment by each director of the performance of the Board and the committees on which the director sits. The Nominating and Corporate Governance Committee oversees these evaluations. As part of this process, each director completes an annual self-evaluation of the Board and the committees on which the director sits and has a one-on-one meeting with the Chair of the Nominating and Corporate Governance Committee. The results of the self-evaluations are reported to the Board of Directors.

Related Person Transactions

We maintain a written policy for reviewing, approving and monitoring transactions involving the Company and related persons (generally, directors and executive officers or their immediate family members, or stockholders owning 5% or more of our Common Stock).

Our Nominating and Corporate Governance Committee is responsible for reviewing and approving (or ratifying) all transactions with related persons. The Nominating and Corporate Governance Committee will take into account all relevant factors in its analysis, including whether the transaction is on terms comparable to those available to third parties. The Nominating and Corporate Governance Committee will also determine whether any transaction with a related person impairs the independence of a director, or presents a conflict of interest on the part of a director or executive officer. The Chair of the Nominating and Corporate Governance Committee may pre-approve or ratify any transaction with a related person involving an amount up to \$500,000. The policy also provides that transactions involving competitive bids, the rendering of services by a regulated entity and certain ordinary course banking transactions, including loans made by First Midwest Bank, will be deemed to be pre-approved by the Nominating and Corporate Governance Committee.

DIRECTOR COMPENSATION

We use a combination of cash and equity-based compensation set at levels we believe will allow us to attract and retain qualified individuals to serve on our Board of Directors. Each year, the Compensation Committee reviews and makes a recommendation to our Board of Directors regarding the compensation that we pay to our directors, including the annual retainers paid to our Chairman of the Board and our Board committee chairs. In setting director compensation, we consider the significant amount of time that directors devote to fulfilling their duties, advice that we receive from our compensation consultant and comparative data regarding director compensation of our peers. Michael L. Scudder, our President and Chief Executive Officer, and Mark G. Sander, our Senior Executive Vice President and Chief Operating Officer, do not receive compensation for serving as a member of the Board. In addition, Br. James Gaffney has elected not to receive any director compensation.

The following summarizes our annual compensation for non-employee directors for 2015:

Component	Amount
An annual fixed cash retainer for each non-employee director	\$50,000
An annual award of Common Stock for each non-employee director ⁽¹⁾	\$50,000
An annual fixed cash retainer for the Board Chair	\$100,000
An annual fixed cash retainer for the Audit Committee Chair	\$15,000
An annual fixed cash retainer for the Compensation Committee and Nominating and Corporate Governance Committee Chairs	\$10,000
An annual fixed cash retainer for each member of the Audit Committee (excluding the Audit Committee Chair)	\$4,000

(1) A director may elect to receive the stock component of his or her director compensation in cash.

Each director's annual cash retainer is paid in equal quarterly installments in arrears. Payment of each retainer installment is contingent upon the director's service during the preceding quarter. We do not pay separate fees for attendance at Board or Board committee meetings. We also reimburse our directors for their reasonable Board and committee attendance-related expenses.

Barbara A. Boigegrain, Phupinder S. Gill, Peter J. Henseler, Patrick J. McDonnell, Ellen A. Rudnick, Michael J. Small and John L. Sterling each received an award of 2,766 shares of fully-vested Common Stock for their 2015 service as the stock component of their director compensation. John F. Chlebowski, Jr. and J. Stephen Vanderwoude each elected to receive cash in lieu of shares of fully-vested Common Stock for 2015. In light of his significant holdings of our Common Stock, Robert P. O'Meara also has elected to receive cash in lieu of the stock component of his director compensation.

Deferred Compensation Plan for Non-Employee Directors

Our Deferred Compensation Plan allows non-employee directors to defer receipt of either 50% or 100% of their director fees and retainers. Deferral elections are made in December of each year for amounts payable in the following year. Amounts are deemed to be invested in separate investment accounts under the plan, with the various investment alternatives available under our Deferred Compensation Plan, including an investment account for shares of our Common Stock.

Directors are able to modify their investment elections at any time. Deferred director fees and retainers are payable at the director's election, either as a lump sum or in installments over a period not to exceed fifteen years.

Payments under the Deferred Compensation Plan begin at the date specified by the director or upon cessation of service as a director.

2016 Director Compensation

Consistent with the Compensation Committee's annual review of our director compensation program, the Compensation Committee reviewed the amount of compensation paid to our directors. In connection with its review of our director compensation program, the Compensation Committee held discussions with its independent

Table of Contents

compensation consultant, Deloitte Consulting LLP, and considered publicly available director compensation data from the companies in our peer group, as well as other information.

Upon the conclusion of this process, the Compensation Committee determined that director compensation for 2016 should remain at the same levels paid in 2015, with the exception that the annual fixed cash retainer paid to the Chairman of the Board should be increased in recognition of the significant time and effort devoted by Robert P. O'Meara to his duties and responsibilities as Chairman of the Board. Specifically, the Compensation Committee determined that it was appropriate to increase the annual fixed cash retainer paid to the Chairman of the Board from \$100,000 to \$150,000 per year, and recommended this change to our Board of Directors. Our Board of Directors unanimously approved the recommended change to the compensation paid to the Chairman of the Board consistent with the Compensation Committee's recommendation, effective as of January 1, 2016.

Director Stock Ownership Guidelines

We believe that each director should have a meaningful equity investment in our Company. Our director stock ownership guidelines provide that directors are encouraged to own Common Stock equal in value to three times the total annual base compensation for non-employee directors, or \$300,000. This amount is the equivalent of six times the base annual cash retainer paid to our non-employee directors. Directors are expected to acquire and maintain this share ownership threshold within five years of joining the Board of Directors. All of our directors own a sufficient number of shares of Common Stock under our stock ownership guidelines.

Executive Summary

We believe it is important to incent and reward our executives for corporate and individual performance, with a clear emphasis on corporate performance. We maintain a pay-for-performance environment with an executive compensation program with both short-term and long-term performance-based awards, including a significant equity component.

Our executive compensation program is designed to accomplish the following goals:

• Encourage the achievement of corporate financial objectives that create value for our stockholders.

• Align the interests of our executives with our stockholders.

• Serve as a retention incentive for our executives.

Our Compensation Committee also annually reviews the risks and rewards associated with each element of our executive compensation program to assure that the program does not encourage our executive officers to take excessive risks to enhance their compensation.

Pay-for-Performance

Consistent with our longstanding compensation practices, in 2015, performance-based cash and equity awards constituted a significant portion of the compensation package of our named executive officers. In 2015, approximately two-thirds of the total direct compensation (base salary, annual cash incentive and long-term incentive) paid to each of our Chief Executive Officer and our Chief Operating Officer was performance-based or tied to the value of our Common Stock.

Additionally, our short-term and long-term performance goals require superior corporate performance to receive target payout levels and are in furtherance of strategic and operating objectives that we believe will create

long-term value for our stockholders. Our performance goals are centered around our business and financial plans, which we believe will not encourage undue risk taking or imprudent actions by our executive officers to achieve these goals.

2015 Achievements

During 2015, the Company operated in slow-growth economic conditions where the banking industry was impacted by a number of headwinds, both domestically, from a continued low interest rate environment and struggling state and local financial situations, as well as internationally, from slowing or uncertain economies and ongoing political turmoil in various countries.

Despite these challenges, we believe that our management continued to lead the Company effectively by focusing on our corporate strategic priorities of building the highest quality team, diversifying and growing loans and revenues and balancing investment and risk. The Company posted strong results in 2015, reflecting meaningful progress in the execution of our strategic priorities across our business lines, the successful completion and integration of merger and acquisition transactions and the solid improvement of various credit metrics. Among our successes in 2015 were the following:

• **Earnings Growth.** Increased earnings per share by 10% over 2014, excluding acquisition and integration related expenses from our ongoing M&A activity and a non-cash property valuation adjustment in the fourth quarter of 2015.

• **Strong Total Stockholder Return.** Our TSR for 2015 was 9.9%, as compared to 3.2% for our peer group and 8.7% for the NASDAQ Banks Index.

• **Increased Dividends.** Increased our quarterly cash dividend in 2015 to \$.09 per share, representing a 12.5% increase from 2014.

• **Solid Return on Average Tangible Common Equity.** Our return on average tangible common equity, excluding certain significant transactions, improved to 11.2%, reflecting an 80 basis point increase compared to 2014.

• **Record Total Assets.** Our total assets increased to a record \$9.7 billion at the end of 2015, representing a 3% increase from 2014 and an 18% increase since 2013.

• **Continued Loan Growth.** Grew total loans (excluding covered loans) by \$474 million, or over 7%, from December 31, 2014. Our corporate loan portfolio has grown by 34% since 2012.

• **Growth of Wealth Management Business.** Continued growth of assets under management to \$7.5 billion, an increase of \$207 million, or nearly 3%, from December 31, 2014. We added another \$700 million of assets under management in March 2016 when we acquired The National Bank & Trust Company of Sycamore.

• **Continued Growth of Fee-Based Revenues.** Grew total fee-based revenue by over 15% compared to 2014, with fee-based revenues now representing nearly 30% of total revenue.

• **Continued Improvement of Asset Quality.** Significantly improved our asset quality, with non-performing assets, excluding covered loans and covered OREO, decreasing by 33% to \$62 million. Non-performing assets, excluding covered loans and covered OREO, represented 0.86% of total loans plus OREO as of December 31, 2015 compared to 1.37% as of December 31, 2014.

Well Capitalized. Maintained regulatory capital ratios significantly above the minimums for “well capitalized” institutions. Tier 1 capital to risk-weighted assets of First Midwest Bank was 10.13% at December 31, 2015 (regulatory minimum for being well-capitalized is 8.0%).

M&A Activity. Completed the acquisition of The Peoples’ Bank of Arlington Heights, adding two locations and approximately \$110 million in assets. We completed and integrated this transaction within eleven weeks from public announcement. We also announced in November 2015 the acquisition of The National Bank & Trust Company of Sycamore, with ten locations, almost \$700 million in assets and another \$700 million in trust assets under management. We completed and integrated this transaction in March 2016, within four months from public announcement.

Enhanced Consumer Banking Channels. In 2015, we continued to invest in and enhance our digital channels to respond to technological advancements and evolving consumer preferences for banking products and services. Today, nearly 60% of our consumer clients use non-branch channels, such as online, mobile and call center banking, to conduct transactions. Over one-third of all consumer loan applications in 2015 were initiated either online or through our call center.

National Recognition. Recognized by J.D. Power as having the “Highest Customer Satisfaction with Retail Banking in the Midwest, Two Years in a Row”^{*} according to the J.D. Power 2014 and 2015 Retail Banking Satisfaction StudiesSM. This was the third time in five years that we received this award.

Building the Highest Quality Team of Colleagues. In 2015, we welcomed Michelle Hoskins as Executive Vice President and Chief Human Resources Officer. We also welcomed Jo Ann Boylan in late 2015 as part of her planned succession to Executive Vice President and Chief Information and Operations Officer on April 1, 2016. We also welcomed a number of additional colleagues throughout the year, both through organic growth and M&A activity. For a reconciliation of GAAP and non-GAAP financial measures, see our Current Report on Form 8-K filed with the SEC on January 27, 2016.

^{*} First Midwest Bank received the highest numerical score among retail banks in the Midwest region in the proprietary J.D. Power 2014 and 2015 Retail Banking Satisfaction StudiesSM. The 2015 study is based on 82,030 total responses measuring 20 providers in the Midwest region (Iowa, Illinois, Kansas, Minnesota, Missouri and Wisconsin) and measures opinions of consumers with their primary banking provider. Proprietary study results are based on experiences and perceptions of consumers surveyed April 2014 – February 2015. Your experiences may vary. Visit jdpower.com.

Total Stockholder Return

In addition to the achievements noted above, we built long-term stockholder value in 2015. Below is our one-, three- and five-year total stockholder return as compared to our peer group and the NASDAQ Banks index:

Stockholder Say-on-Pay Vote in 2015

Our Compensation Committee reviews the annual advisory vote on executive compensation when designing our executive compensation program and setting executive compensation levels. With respect to compensation decisions in 2015 (and in 2016), the Compensation Committee considered say-on-pay approval of over 90% of the votes cast at our 2015 annual meeting of stockholders.

Although the Compensation Committee believes these vote results confirm that our stockholders are in agreement with our approach to executive compensation, the Compensation Committee annually evaluates our compensation program and our compensation disclosure practices in an effort to confirm that our pay and performance are linked and that our compensation practices are clearly disclosed.

Our Compensation Committee intends to consider the vote results from this year, and future advisory votes, when determining the design and amounts provided under our executive compensation program.

Double Trigger Vesting for Equity Awards

Beginning in 2016, our Compensation Committee determined that performance share, restricted stock and restricted stock unit awards will have a double trigger vesting feature in the event of a change-in-control of the Company. As such, both a change-in-control of the Company and a termination of employment within 24 months following the change-in-control by either the executive for good reason or an acquirer without cause must occur in order for the unearned or unvested equity awards to vest. We already maintain a double trigger requirement following a change-in-control for enhanced severance payments to be made to our named executive officers, and we intend to continue this practice.

Our Compensation Philosophy

Our Compensation Committee has designed a compensation program that promotes a pay-for-performance environment which encourages and rewards our short-term and long-term financial success and the achievement of

Table of Contents

performance goals established by the Compensation Committee at the beginning of each performance period. As such, a significant portion of the compensation of our executive officers (including our named executive officers) is at-risk compensation, with the amount of compensation that can be earned tied to the attainment of pre-determined performance goals and the long-term value of our Common Stock. Our Compensation Committee also believes that our compensation program must be market competitive to attract and retain skilled and motivated executives who can successfully manage and grow our business. Adherence to this philosophy forms the overall premise for our executive compensation program and is based on the compensation principles set forth below.

Executive compensation should be performance-based and reward achievement of corporate objectives.

Our compensation program for our named executive officers (and our other executive officers) should motivate and reward superior performance, and should be weighted toward achievement of corporate financial metrics that further our strategic priorities and that we believe will build stockholder value.

A significant portion of executive compensation should be in the form of equity awards that encourage long-term value creation for stockholders.

Equity compensation tied to long-term performance further aligns senior management and stockholder interests. Equity compensation also focuses management on long-term value creation rather than taking risks to increase short-term compensation.

Executive compensation should reflect an appropriate balance of fixed, incentive and at-risk equity compensation.

Our Compensation Committee believes that executive compensation should be comprised of base salary, incentive compensation (both cash and stock) and long-term equity. This composition mix results in appropriate levels of fixed and incentive compensation, and encourages achievement of both short-term and long-term performance objectives.

Executive compensation should be market-competitive.

Vital to our continued success and growth is an experienced and dedicated management team. All elements of our compensation program should be competitive within the markets in which we compete for talent. Our Compensation Committee strives to provide compensation at levels that will enable us to attract and retain qualified, committed and high-performing executives who are able to successfully manage our Company now and as it continues to grow.

Executive compensation should have a retention effect.

Our executive compensation program should be structured to enable us to retain high-performing executives and avoid undesirable management turnover. To encourage retention, a significant component of our compensation consists of long-term equity compensation, a portion of which is tied to a three-year performance period followed by a two-year continued service vesting period and a portion of which is subject to a three-year continued service vesting schedule.

Table of Contents

Executive compensation should not encourage excessive risk-taking.

Our Compensation Committee annually reviews the risks and rewards associated with our compensation program to assure that our program appropriately incents our executive officers to attain corporate financial objectives without encouraging excessive risk-taking.

Compensation Best Practices

The Compensation Committee considers various compensation and corporate governance best practices when making executive compensation decisions, including the following:

What We Do

- ü Double Trigger Vesting of Equity Awards Upon a Change-in-Control

For equity awards made in 2016 and going forward. Requires both a change-in-control of the Company and an involuntary termination of the employee.
- ü Double Trigger for Severance Upon a Change-in-Control

Requires both a change-in-control of the Company and an involuntary termination of the employee.
- ü Capped Incentive Payouts
Payouts under our annual cash incentive compensation and performance-based equity compensation programs are capped at 175% and 200% of target, respectively.
- ü Clawback of Compensation
Employment agreements with our executive officers allow us to recover cash bonuses and other incentive compensation under certain circumstances.
- ü Anti-Pledging and Anti-Hedging Policy
Prohibits our executive officers and all other employees from pledging, hedging or selling short shares of our Common Stock.
- ü Stock Ownership Guidelines
Robust stock ownership guidelines for our executive officers further align their interests with our stockholders’.
- ü Independent Compensation Consultant

What We Don’t Do

- û No Excise Tax Gross-ups
We do not pay our executives a tax gross-up in the event they incur an excise tax from severance benefits paid following a change-in-control.
- û No Dividends Paid on Equity Awards Prior to Vesting
We do not pay dividends on performance shares or restricted stock awards before they are earned and vested.
- û No Share Recycling
Our Omnibus Stock and Incentive Plan does not permit recycling of shares.
- û No Stock Option Repricing
Our Omnibus Stock and Incentive Plan prohibits repricing of stock options and stock appreciation rights, as well as cash buyouts or exchanges of underwater stock options, without stockholder approval.
- û No Excessive Perquisites
Perquisites represent an immaterial portion of our executive compensation.

Our Compensation Committee regularly obtains advice from an independent compensation consultant on our executive compensation program.

ü Minimum Vesting Periods

Our equity awards have a period of not less than three years for full vesting to occur, with our performance shares having three-year performance periods and, if earned, two-year full vesting periods, subject to certain limited exceptions.

ü Compensation Risk Assessment

Our Compensation Committee conducts an annual risk assessment of our executive compensation program.

ü Protective Covenants

Our executive officers must comply with confidentiality and non-solicitation covenants as a condition to receiving equity and short-term cash incentive awards.

Compensation Procedures

Role of Management. In February of each year, our Chief Executive Officer makes recommendations to the Compensation Committee with respect to the base salaries for that year for our Chief Operating Officer and each of our other executive officers. Our Chief Executive Officer and our Chief Operating Officer also review annually the performance of their respective direct reports and each determines the individual performance ratings of these executives for a particular year. Our Compensation Committee reviews our Chief Executive Officer's performance and determines his individual performance rating and base salary, and recommends both to the Board for approval. The individual performance ratings impact the amount of annual cash incentive compensation earned by, and the restricted stock awards granted to, our executive officers. The remaining elements of our executive compensation program are set by the Compensation Committee, taking into consideration a recommendation from our Chief Executive Officer, and approved by the Board.

Role of the Compensation Committee. Each year, our Compensation Committee reviews and approves the compensation philosophy of the Company. The Compensation Committee also reviews and approves each year, subject to the approval of our Board of Directors, the principal elements and the amounts of the compensation paid to our Chief Executive Officer, our Chief Operating Officer and our other executive officers. Our Compensation Committee considers the recommendations of our Chief Executive Officer when determining the base salary, annual cash incentive compensation and equity awards for our executive officers other than himself. In determining executive compensation, our Compensation Committee considers information from the Committee's compensation consultant, management and publicly available information about the companies in our peer group.

Role of Compensation Consultant. The Compensation Committee has retained Deloitte Consulting LLP to serve as its independent compensation consultant. Deloitte Consulting assists the Compensation Committee with executive compensation program design, ongoing review of our executive compensation program, guidance relating to the amounts and mix of cash, equity and incentive compensation to be paid to our executive officers, analysis of market practices for companies in our industry and of our size, assessment of the market competitiveness of our executive compensation program, say-on-pay analysis and peer group composition. Deloitte Consulting participates in Compensation Committee meetings on request, regularly provides input for Committee meetings and attended one meeting in 2015. The Chairman of our Compensation Committee also consults with Deloitte Consulting outside of Committee meetings. Deloitte Consulting reports directly to the Compensation Committee, and the Committee must approve all services performed by Deloitte Consulting. The Compensation Committee has assessed the independence of Deloitte Consulting and has concluded that Deloitte Consulting is independent under applicable NASDAQ requirements.

How We Measure Company Performance

At the beginning of the year, our Compensation Committee establishes and the Board of Directors approves corporate-wide financial performance goals against which actual performance of the Company is measured for that year for our annual cash incentive compensation program and for a three-year performance period for our performance share awards. The dominant metric has historically been an earnings-based performance measure. In 2015, core net income was weighted at 75% of the short-term cash incentive award opportunity, with the remaining 25% tied to asset quality (levels of nonperforming assets and performing potential problem loans). Payouts of short-term compensation are made only if minimum financial performance is attained and are based on the degree to which the corporate performance goals are achieved. This amount may be increased for individual executive officers based on their individual performance ratings.

For our 2016 annual cash incentive program, the Compensation Committee determined to use core net income and asset quality metrics.

Table of Contents

For the performance share component of our executive compensation program in 2015 (2015-2017 performance period), our Compensation Committee selected, and our Board of Directors approved, an external metric (relative total stockholder return) and an internal metric (core return on average tangible common equity) and weighted these metrics equally. With regard to the external metric, the Company's total stockholder return during a three-year performance period will be compared to total stockholder returns of our peer group for the same period. With respect to the internal metric, the Company's core return on average tangible common equity for a three-year performance period will be measured against predetermined return on average tangible common equity goals for the same period. Performance shares may be earned based on the level that the metrics are achieved and, if earned, the shares will vest in full following an additional two-year vesting period.

For our 2016 performance share awards (2016-2018 performance period), the Compensation Committee again determined to use relative total stockholder return and core return on average tangible common equity, weighted equally at 50% each, as the performance metrics.

The Compensation Committee must certify the level of achievement of the performance goals for both the annual cash incentive compensation program and the performance share awards before awards may be earned.

Peer Group

Our Compensation Committee reviews publicly-available information about a group of regional bank holding companies whose size, business lines or geographical markets are generally similar to ours and uses this information as a reference point when evaluating the elements and amounts of the compensation paid to our Chief Executive Officer and our other named executive officers. We refer to these institutions as our peer group. The Committee does not establish the compensation of our named executive officers using direct comparisons to our peer group, but instead uses peer group data as a competitive market check on named executive officer compensation. Peer group data is one of several factors used by the Compensation Committee when setting the compensation of our Chief Executive Officer and other named executive officers.

Our peer group is developed with input from Deloitte Consulting and management, and is approved annually by the Compensation Committee. The peer group may be changed from year to year when a company in the peer group has been acquired or if a company's size or other factors have changed such that the Compensation Committee believes that a particular company no longer continues to be representative of the peer group.

How We Measure Individual Performance

A portion of the annual cash incentive compensation awards that may be earned by our named executive officers is tied to each officer's individual performance rating for the year. In addition, the number of shares of restricted stock awarded in a given year is based on a percentage of the named executive officer's base salary and his or her individual performance rating.

The determination of a named executive officer's individual performance rating is based on a review of actions taken or results achieved by the executive and how these actions and results impacted overall corporate performance and achievement of the corporate financial goals under our annual cash incentive compensation and performance share programs. A subjective assessment of an executive officer's leadership and contributions to the Company also may be factored into his or her individual performance rating. Our Compensation Committee determines our Chief Executive Officer's individual performance rating, which is approved by our Board of Directors. Our Chief Executive Officer approves the individual performance ratings of the other named executive officers.

Internal Pay Considerations

Our Compensation Committee believes that our executive compensation programs must be internally consistent and equitable in order for the Company to be able to attract and retain the executive officers necessary to achieve our business and financial objectives and to create a cohesive team atmosphere within the Company. As such, the Committee reviews total compensation and various elements of compensation paid to our Chief Executive Officer in relation to our Chief Operating Officer and to our other named executive officers as a group, as well as

Table of Contents

the median of the relationship of CEO compensation to executive officers within our peer group. The Committee uses this information as another point of reference in its compensation decisions.

Principal Elements of Our Executive Compensation Program in 2015

This section provides information and perspective regarding our 2015 executive compensation program and decisions for our executive officers generally and, more specifically, for our named executive officers identified below:

Name	Title
Michael L. Scudder	President and Chief Executive Officer of the Company and Chairman and Chief Executive Officer of First Midwest Bank
Mark G. Sander	Senior Executive Vice President and Chief Operating Officer of the Company and Vice Chairman, President and Chief Operating Officer of First Midwest Bank
Paul F. Clemens	Executive Vice President and Chief Financial Officer of the Company and First Midwest Bank
Thomas M. Prame ⁽¹⁾	Executive Vice President and Director of Consumer Banking of First Midwest Bank
Kent S. Belasco ⁽²⁾	Executive Vice President and Chief Information and Operations Officer of First Midwest Bank

(1) In addition to serving as the Director of Consumer Banking, beginning in 2016, Mr. Prame also became the Director of Strategic Planning.

(2) Mr. Belasco retired from the Bank on April 1, 2016.

The Compensation Committee approves, subject to approval by our full Board of Directors, the compensation of our Chief Executive Officer and other named executive officers each year. In determining the compensation of our named executive officers other than our Chief Executive Officer, the Compensation Committee considers the recommendations of the Chief Executive Officer. Compensation is determined based on a consideration of overall corporate financial performance relative to financial objectives, each named executive officer's individual performance, market factors and our views regarding a named executive officer's scope of job responsibilities, demonstrated leadership abilities and management experience and effectiveness.

The principal elements of our executive compensation program are:

- Base Salary;
- Performance-Based Annual Cash Incentive Compensation;
- Performance Shares; and
- Restricted Stock or Restricted Stock Units.

When setting the total compensation opportunity for our named executive officers, our Compensation Committee uses data available from various sources, including peer group information, publicly available data and advice from Deloitte Consulting. We also consider other relevant factors, such as Company and individual performance, internal equity and our compensation philosophy.

Table of Contents

In 2015, the percentages of each element of total direct compensation paid to our Chief Executive Officer and Chief Operating Officer were as follows:

Base Salary

We pay our named executive officers a base salary as part of a competitive compensation package. Base salary is not directly subject to the achievement of any corporate or individual performance goals. In setting base salary levels, we consider the median base salary paid for positions of similar responsibility at the institutions in our peer group as well as the executive's performance and tenure in their role.

Annually, our Chief Executive Officer recommends to the Compensation Committee changes in base salaries for our named executive officers, other than himself. Chief Executive Officer pay is set directly by the Compensation Committee, and the base salaries of all named executive officers, including the Chief Executive Officer, are approved by our Compensation Committee and our Board of Directors.

Annual Cash Incentive Compensation

Our annual cash incentive compensation program constituted between 18% and 21% of the total compensation paid to our named executive officers in 2015. It is a performance-based program with one-year performance goals and is our vehicle for awarding annual cash bonuses to our named executive officers and other eligible employees. Executives may earn a cash bonus based on the achievement of corporate financial goals and their individual performance for that year. The annual cash incentive element of our compensation program encourages our named executive officers to attain corporate financial performance goals that the Compensation Committee believes are consistent with the strategies established for the Company.

Cash bonus opportunities under our annual cash incentive compensation program are awarded under our Omnibus Stock and Incentive Plan approved by our stockholders and are expressed as a percentage of a named executive officer's base salary. Our Compensation Committee establishes corporate performance goals at the beginning of the fiscal year, and threshold performance for at least one of the corporate performance goals must be achieved in order for cash bonuses to be earned and paid.

Company Performance. Annually, the Compensation Committee selects the corporate financial performance goals for the fiscal year and the weighting for the goals selected. Awards for our named executive officers and our other executive officers are weighted more toward Company financial performance than individual performance.

Individual Performance. Individual performance is based on the achievement of objectives that were established for the named executive officer at the beginning of the year and that are specific to the

Table of Contents

individual's responsibilities and position within the Company. An annual evaluation of each named executive officer's performance results in an individual performance rating for the officer for the year.

The allocation between Company performance and individual performance, and the target award expressed as a percentage of base salary, for our named executive officers in 2015 were as follows:

Named Executive Officer	Target Bonus Opportunity (Expressed as a Percentage of Base Salary)	Performance Weighting	
		Company Performance	Individual Performance
Michael L. Scudder	60%	85%	15%
Mark G. Sander	50%	70%	30%
Paul F. Clemens	40%	70%	30%
Thomas M. Prame	40%	60%	40%
Kent S. Belasco	40%	60%	40%

For the 2015 fiscal year, our annual cash incentive compensation program included three corporate performance metrics: core net income (weighted at 75%), non-performing assets (weighted at 17%) and performing potential problem loans (weighted at 8%).

The Compensation Committee selected core net income (net income excluding extraordinary items such as gains or losses on securities, acquisition and integration related expenses and a non-cash property valuation adjustment) as the dominant performance metric because it encourages senior management to continue to focus on our operating performance and because this metric is frequently used to assess short-term corporate performance by stockholders and the investment community. The Compensation Committee chose non-performing assets (excluding accruing troubled debt restructurings and covered loans and covered OREO) and performing potential problem loans (excluding accruing troubled debt restructurings) because of the importance and continued emphasis on maintaining a high quality credit portfolio.

The range of performance and possible payout (as a percentage of base salary) for each metric were as follows:

Metric	Performance Range		
	Threshold	Target	Maximum
Core Net Income	\$73.5 million	\$91.9 million	\$101.0 million
Payout (% of Target)	50%	100%	175%
Non-Performing Assets	1.75%	1.40%	1.15%
Payout (% of Target)	50%	100%	175%
Performing Potential Problem Loans	4.95%	4.36%	3.50%
Payout (% of Target)	50%	100%	175%

The Compensation Committee utilized annual cash incentive compensation in 2015 in furtherance of the following strategic priorities:

- Emphasize core profitability of the Company.
- Continue to profitably increase our loans and diversify our loan portfolio.
- Grow deposits, and maintain our strong core deposit base and low cost of funds.

Table of Contents

Continue to diversify our revenues by increasing fee-based revenues.

Balance investment in our business and risk.

Continue our progress on credit quality.

Control expenses while funding strategic initiatives, such as additional investment in digital delivery channels.

In 2015, the calculation of the annual cash incentive compensation payouts allocated to Company performance for our named executive officers was determined as follows:

Performance Goal	2015 Actual Performance	Payout as a Percentage of Target	Weighted Payout Percentage
Core Net Income (75%)	\$86.1 million	94.00%	70.50%
Non-Performing Assets (17%)	0.83%	175.00%	29.75%
Performing Potential Problem Loans (8%)	4.41%	90.00%	7.20%
Total Percentage Earned			107.45%

The Company exceeded target performance on an overall weighted basis for the 2015 annual incentive compensation award, reflecting continued improvement compared to the prior year in all three metrics and solid performance against the targets.

With respect to the core net income performance to goal, the Company achieved 94% of target, with the shortfall due to lower than expected net interest income. All other components of core net income (e.g., non-interest income and expense) were in line with expectations. In setting the core net income target for 2015, management anticipated the Federal Reserve would raise interest rates throughout the year, as compared to the single raise the Federal Reserve implemented in December 2015. This resulted in lower yields and spreads on earning assets. During the year, the Company took actions to mitigate a portion of the impact of fewer rate increases through further earning asset leveraging, while still maintaining its positive positioning for future rate actions.

The Company significantly exceeded the target for non-performing assets as a percent of loans, finishing the year at 0.83%, compared to a target of 1.40%. This result reflected enhanced underwriting and monitoring processes and policies implemented over the past several years that ensured credits were structured to withstand greater economic stress and problem credits were identified and remediated more quickly.

These same processes and policies were reflected in the performance to target for the other asset quality metric, performing potential problem loans, which was 4.41% of our total loan portfolio and within 5 basis points of target.

Table of Contents

Based on the Company's performance and the individual performance rating of each named executive officer, the Compensation Committee approved the following cash bonus awards under our annual cash incentive compensation program for 2015:

Named Executive Officer	Annual Cash Bonus Earned	Percentage of Target Award
Michael L. Scudder	\$521,196	109%
Mark G. Sander	318,108	110%
Paul F. Clemens	160,355	104%
Thomas M. Prame	133,897	110%
Kent S. Belasco	118,939	104%

For 2016, the Compensation Committee determined to continue to use the same performance metrics for our annual cash incentive compensation program, but has weighted the core net income component at 80% and the asset quality component at 20% of the award opportunity. The reasons for this weighting are to increase the emphasis on core net income of the Company and a recognition of the Company's strong credit quality.

Long-Term At-Risk Equity Compensation

Our Compensation Committee believes that a significant portion of each named executive officer's compensation should consist of at-risk equity awards in the form of performance shares and restricted stock. The value of these at-risk equity awards are based on the Company's achievement of financial objectives or changes in the Company's stock price. As such, we further align the interests of our senior management with our stockholders, link pay with performance and enhance the retention of our senior officers. Long-term equity awards are made under our Omnibus Stock and Incentive Plan approved by our stockholders.

Performance-Based Equity Compensation. In 2015, our named executive officers were awarded performance shares that may be earned based on the Company's level of performance over a three-year period. If the performance goals are achieved, the performance shares would be earned. Once earned, one-third of the performance shares vest immediately, one-third vest the following year and the remaining one-third vest at the end of the second year, assuming continued employment with the Company during the performance period and the subsequent two-year continued service vesting period. We accrue cash dividends that otherwise would be paid on the performance shares, but the accrued, unpaid dividends are not paid to the named executive officer unless the underlying performance shares are earned and subsequently vest.

The number of performance shares granted is based upon a percentage of the base salary of each officer eligible to receive performance shares. The determination of the number of performance shares earned for each participant is based solely upon the Company achieving certain performance goals without reference to individual performance ratings.

Based upon a review of peer practices and input from management and the Compensation Committee's compensation consultant, our Compensation Committee selected both external and internal performance metrics for our 2015 performance share program (2015-2017 performance period), with each metric weighted at 50% of the total award opportunity. For the external metric, the Compensation Committee selected total stockholder return relative to the Company's peer group. For the internal metric, the Compensation Committee chose core return on average tangible common equity of the Company.

Our Compensation Committee selected these metrics to encourage our named executive officers to pursue corporate strategies that will enhance long-term stockholder value and build the value of our Common Stock while at the same time deploying our capital prudently. The Compensation Committee also believed that comparing our total stockholder return to an external metric would reward superior corporate performance relative to our peer group.

Table of Contents

For purposes of the external metric, the total stockholder return of the Company and the peer group will be calculated for a three-year performance period. Performance shares will be earned based on the total stockholder return of the Company as compared to that of the peer group. Total stockholder return is defined as the price appreciation on our Common Stock and the common stock of each company in the peer group during the relevant three-year performance period, plus dividends and distributions made or declared (assuming the dividends or distributions are reinvested in our Common Stock and each peer group company's common stock during that period), expressed as a percentage return. For the internal metric, the Company's average core return on average tangible common equity for the three-year period will be calculated and compared to predetermined return on average tangible common equity goals approved by the Compensation Committee.

Our Compensation Committee awarded performance shares in 2015 in furtherance of the following strategic objectives:

• Emphasize the Company's long-term strategies and growth objectives.

• Encourage achievement of business goals that will enhance the long-term value of our Common Stock and increase the value of our Common Stock.

• Create a long-term focus based on sustainable results.

• Link pay with corporate performance.

• Provide additional stock ownership opportunities for our named executive officers, which further align the interests of our named executive officers with those of our stockholders.

• Foster retention of our named executive officers and avoid management turnover.

In February 2015, our Compensation Committee granted performance share award opportunities to our named executive officers as follows:

Named Executive Officer	Target Performance Share Award Opportunity (Expressed as a Percentage of Base Salary)	Number of Performance Shares Awarded for 2015-2017 Performance Period (Based on Target Award Level)	Grant Date Fair Value of Performance Share Award Opportunity (Based on Target Award Level)
Michael L. Scudder	65%	30,916	\$536,315
Mark G. Sander	60%	20,685	358,833
Paul F. Clemens	25%	5,745	99,661
Thomas M. Prame	20%	3,676	63,769
Kent S. Belasco	20%	3,384	58,704

Table of Contents

Conclusion of 2013-2015 Performance Period. In 2013, our named executive officers were awarded performance shares subject to a three-year performance period that concluded December 31, 2015. As with the performance shares awarded in February 2015 (but with the threshold, target and maximum percentages for the core return on average tangible common equity metric being higher than 2013 levels), the performance metrics applicable to the performance shares awarded in 2013 were total stockholder return relative to the Company's peer group and core return on the Company's average tangible common equity, each weighted 50%. The range of performance and possible payout for each metric were as follows:

Relative Total Stockholder Return

	Threshold	Target	Maximum
Percentile	25 th	50 th	90 th
Payout (% of Target)	25%	100%	200%

Core Return on Average Tangible Common Equity

	Threshold	Target	Maximum
CRATCE	10.0%	11.5%	13.5%
Payout (% of Target)	25%	100%	200%

In February 2016, based on the Company's performance during the 2013-2015 performance period, our Compensation Committee certified the Company's performance applicable to the 2013 performance shares as follows:

Performance Goal	2013-2015 Actual Performance	Payout as a Percentage of Target	Weighted Payout Percentage
Relative Total Stockholder Return (50%)	57 th Percentile	113.0%	56.5%
CRATCE (50%)	10.22%	36.0%	18.0%
Total Percentage Earned			74.5%

Accordingly, subject to applicable vesting provisions, as described above, our named executive officers will earn their 2013 performance share awards as follows:

Named Executive Officer	Number of 2013 Performance Shares at Target	Performance Shares Actually Earned
Michael L. Scudder	36,449	27,152
Mark G. Sander	24,284	18,089
Paul F. Clemens	7,105	5,291
Thomas M. Prame	4,550	3,386
Kent S. Belasco	3,991	2,971

Restricted Stock Awards. In 2015, our named executive officers were awarded restricted stock or restricted stock units that fully vest over a three-year period in equal installments on the second and third anniversaries of the grant date. For 2015, Mr. Clemens and Mr. Belasco received restricted stock units because they will turn age 65 during the three-year vesting cycle.

The number of shares of restricted stock or restricted stock units awarded in a given year is determined based on a percentage of the named executive officer's base salary, and then is adjusted upward or downward depending upon the officer's individual performance rating for the prior fiscal year. We accrue cash dividends that otherwise

Table of Contents

would be paid on the restricted stock and the Common Stock underlying restricted stock units, but the accrued, unpaid dividends on the unvested shares or units are not paid to the named executive officer unless the underlying shares vest. In 2015, our Compensation Committee granted restricted stock or restricted stock unit award opportunities to our named executive officers as follows:

Named Executive Officer	Restricted Stock/Unit Award Opportunity (Expressed as a Percentage of Base Salary)	Number of Shares of Restricted Stock/Units Granted	Grant Date Fair Value of Shares of Restricted Stock/Units Granted
Michael L. Scudder	50%	38,817	\$652,708
Mark G. Sander	50%	27,374	460,294
Paul F. Clemens	35%	11,413	191,910
Thomas M. Prame	35%	9,209	154,849
Kent S. Belasco	35%	8,482	142,625

Retirement and Other Welfare Benefits

We provide our named executive officers with retirement, health, life and disability insurance and other welfare benefits under plans that are generally available to all employees of the Company who meet plan eligibility requirements. Our retirement plans constitute our 401(k) Plan, Pension Plan and Deferred Compensation Plan. Executive officers are eligible to participate in these plans on the same basis as other employees in accordance with the terms of the plans.

Over the last several years, upon the recommendation of management, our Compensation Committee and the Board of Directors have approved various amendments to our Pension Plan. The first set of amendments were adopted in 2007 and eliminated any new enrollments of employees into this plan. In 2013, upon a subsequent recommendation of management, the Compensation Committee and the Board of Directors also approved amendments, effective as of January 1, 2014, to the Company's (1) Pension Plan to freeze future benefit accruals under this plan, (2) Deferred Compensation Plan such that no annual pension restoration amounts will be credited to this plan on behalf of any participant, and (3) 401(k) Plan to provide employer contributions to this plan on behalf of all eligible employees of (a) an annual contribution equal to 2% of an employee's total compensation (subject to a six-year vesting schedule), (b) a matching contribution equal to 100% of an employee's first 3% of pre-tax contributions and 50% of the employee's next 2% of pre-tax contributions, and (c) for the 2014 and 2015 plan years, a transition benefit for only participants in the Pension Plan as of January 1, 2014 equal to a contribution of 2% of total compensation for participants aged 40-49, 3% of total compensation for participants aged 50-59, and 4% of total compensation for participants aged 60 and older.

The amendments to our retirement plans assist us in controlling the costs of the Pension Plan and encouraging employees to assume a more active role in their retirement planning, while continuing to provide appropriate, competitive retirement benefits for our employees.

Our Deferred Compensation Plan allows certain employees to elect to defer a portion of their base salaries and annual cash incentive compensation and also allows us to provide make-up benefits to our executive officers for any reduction in benefits under our 401(k) Plan due to limitations on contributions to the plan imposed by the Internal Revenue Code.

Perquisites

We provide limited perquisites to our named executive officers, which the Compensation Committee believes are reasonable and within competitive practices.

We have a vehicle policy that provides a car allowance to our named executive officers. We also provide mobile telephone service to our named executive officers and reimburse certain of them for a portion of country club dues to promote the business interests of the Company.

Stock Ownership Guidelines

We maintain stock ownership guidelines for our executive officers. The purpose of these guidelines is to further align the interests of our management team and our stockholders. Under the guidelines, our named executive officers are encouraged to hold shares of Common Stock as follows:

Position	Stock Ownership Guidelines
Chief Executive Officer	Three times base salary
Chief Operating Officer	Two times base salary
Chief Financial Officer	Two times base salary
Other Named Executive Officers	Two times base salary

All of our named executive officers have met these guidelines. For purposes of the guidelines, we include shares owned directly or indirectly by the executive and his spouse and minor children, unearned performance shares and unvested restricted stock.

Clawback, Anti-Pledging, Anti-Hedging and Other Policies

We have clawback provisions in the employment agreements with our named executive officers that allow us to recover cash bonuses and other incentive compensation under certain circumstances. We also have a policy that prohibits our employees, including our named executive officers, from pledging or hedging our Common Stock or engaging in short sales and other short-term, speculative trading in our Common Stock.

Risk Assessment of Executive Compensation Program

Each year, our Compensation Committee reviews our executive compensation program and conducts a risk assessment relative to this program. This risk assessment allows our Compensation Committee to confirm that our executive compensation program is designed such that executive officers are not encouraged to take excessive or imprudent risks to enhance their compensation. As part of its risk assessment process in 2015, the Compensation Committee confirmed the following:

- The risks associated with the Company's compensation plans for all employees are appropriately identified and managed by the Company;
- The Company's compensation plans for all employees do not create risks that are reasonably likely to have a material adverse effect on the Company as a whole; and
- The Company's compensation plans for all employees are compatible with effective internal controls and risk management, and are supported by strong and effective corporate governance practices.

Tax Considerations

Section 162(m) of the Internal Revenue Code limits the ability of public companies to deduct for federal income tax purposes certain compensation in excess of \$1 million paid to our Chief Executive Officer and other

Table of Contents

named executive officers. However, this limitation does not apply to amounts that qualify as performance-based compensation. We structure our annual cash incentive compensation and performance shares to qualify as performance-based compensation under Section 162(m). Our Compensation Committee considers the structure of executive compensation and the deductibility of the compensation for federal income tax purposes, but the Compensation Committee retains the flexibility to provide, and has approved, compensation that is non-deductible.

Employment and Restrictive Covenant Agreements with Our Executive Officers

We have entered into employment agreements with our senior management, including our named executive officers. The Compensation Committee has determined that the terms of the agreements are consistent with competitive practices and are important to attracting and retaining high caliber executive talent. The agreements describe the executive's position, compensation and benefits, including severance payments in the event of a termination of employment. The agreements also impose confidentiality, non-solicitation and non-disparagement obligations on the executive. In the event of a termination of employment by the Company without cause or by the executive officer for good reason prior to or following a change-in-control of the Company, severance benefits are triggered. Certain aspects of these agreements for our named executive officers are detailed in the tables and narrative following this Compensation Discussion and Analysis.

The employment agreements do not provide for walk-away rights upon a change-in-control or any tax gross-up payments relating to severance benefits following a change-in-control. In addition, our named executive officers are bound by Confidentiality and Restrictive Covenant Agreements that supplement the confidentiality and restrictive covenants set forth in our named executive officers' employment agreements. The confidentiality, non-solicitation and non-disparagement covenants apply for a period of 12 months (18 months for our Chief Executive Officer and Chief Operating Officer) following termination of employment, and must be complied with as a condition to receiving equity and short-term incentive cash awards.

(1) For 2014, amounts represent the cash portion of a supplemental M&A award paid in recognition of the successful completion and integration of three acquisitions during the year. The amounts do not include the portion of the award paid in shares of restricted stock or restricted stock units, which portion is included in the "Stock Awards" column. For our named executive officers, this supplemental award totaled: \$88,000 for Mr. Scudder, \$49,652 for

Mr. Sander, \$25,424 for Mr. Clemens and \$24,607 for Mr. Prame.

(2) Amounts represent the aggregate grant-date fair value of stock awards, including performance shares and restricted stock and restricted stock unit awards, granted under our Omnibus Stock and Incentive Plan during the period, calculated in accordance with ASC 718. Assumptions used in the calculation of these amounts are described in Note 17 to our annual audited financial statements included in our Form 10-K. The grant-date fair value of the performance shares is based on a target level of performance and will likely vary from the actual amount the individual earns upon vesting of applicable awards. Assuming the highest level of performance, the grant-date fair value of the 2015 performance share awards would be: \$1,072,631 for Mr. Scudder, \$717,665 for Mr. Sander, \$199,322 for Mr. Clemens, \$127,539 for Mr. Prame and \$117,408 for Mr. Belasco. The amounts in this column also include dividends accrued on unvested awards of performance shares, restricted stock and restricted stock units (which amounts are not paid unless the underlying shares vest). For 2015, these amounts totaled: \$65,088 for Mr. Scudder, \$42,995 for Mr. Sander, \$15,557 for Mr. Clemens, \$12,029 for Mr. Prame and \$9,879 for Mr. Belasco.

(3) Amounts represent cash bonuses paid under our performance-based short-term incentive compensation plan for the years indicated.

(4) Amounts represent the actuarial increase in the present value of the benefit under our Pension Plan for Messrs. Scudder and Belasco, who are the only named executive officers who participate in the plan. These amounts were determined using the interest rate and mortality rate assumptions consistent with those used in our audited financial statements for the year ended December 31, 2015. Benefit accruals under the Pension Plan were frozen effective as of January 1, 2014. For additional information, see Executive Compensation Tables—Pension Benefits. The amounts in this column also include realized earnings of the named executive officer in our Deferred Compensation Plan.

The Company maintains the 401(k) Plan as its defined contribution plan. Since January 1, 2014, for eligible employees, this plan provides for an annual 2% automatic Company contribution (in place of the annual discretionary Company contribution) and matching Company contributions. Prior to 2014, the company provided (a) for an annual discretionary Company contribution and matching Company contributions. All Company contributions were made on eligible compensation under our 401(k) Plan, subject to compensation limitations under the Internal Revenue Code.

The Company maintains the Deferred Compensation Plan as its nonqualified deferred compensation plan. This (b) plan provides for a tax-deferred vehicle to accommodate contributions that are otherwise limited and not able to be made to our tax-qualified plans, as well as voluntary participant contributions. The Deferred Compensation Plan is subject to Section 409A of the Internal Revenue Code.

(c) No individual perquisite paid to any of our named executive officers exceeded \$25,000 for any of the years listed.

Amounts represent the present value of amounts that would have accrued to Mr. Scudder during 2013 under the actuarially based pension formula of our Pension Plan but for the compensation limitations of the Internal Revenue (d) Code. Because we froze benefit accruals under our Pension Plan effective as of January 1, 2014, there no longer will be a pension restoration benefit attributed to Mr. Scudder and Mr. Belasco in future years. Messrs. Sander, Clemens, and Prame are not participants in the Pension Plan.

Represents amounts paid to the named executive officer for an annual automobile allowance and amounts paid by (e) the Company on behalf of the named executive officer for other customary perquisites. For Mr. Sander, also represents amounts paid by the Company on his behalf for country club dues, which membership is maintained for business entertainment but may be used for personal use.

(6) Mr. Belasco was a named executive officer for the year ended December 31, 2015. On April 1, 2016, he retired from the Bank.

(1) Amounts reflect the range of possible payouts under our short-term cash incentive compensation plan based on a combination of Company performance and individual performance rating assumptions. For additional information, see Compensation Discussion and Analysis—Principal Elements of Our Executive Compensation Program in 2015—Annual Cash Incentive Compensation.

Awards represent the range of estimated possible payouts granted in the form of performance shares under our Omnibus Stock and Incentive Plan, which, if earned, vest in shares of Common Stock. Our named executive officers are eligible to earn performance shares totaling between 25% and 200% of the number of performance shares granted if performance levels are achieved using the following two metrics: total stockholder return relative to a specified peer group of financial institutions and core return on average tangible common equity relative to predetermined goals. For additional information, see Compensation Discussion and Analysis—Principal Elements of Our Executive Compensation Program in 2015—Long-Term At-Risk Equity Compensation—Performance-Based Equity Compensation. Dividends on performance shares are accrued but not paid until earned performance shares vest.

Awards represent restricted stock or, in the case of Messrs. Clemens and Belasco, restricted stock unit awards granted under our Omnibus Stock and Incentive Plan. Restricted stock and restricted stock unit awards vest over three years in two equal installments beginning two years from the date of grant (subject to continued employment (3) and accelerated vesting under certain circumstances). For additional information, see Compensation Discussion and Analysis—Principal Elements of Our Executive Compensation Program in 2015—Long-Term At-Risk Equity Compensation—Restricted Stock Awards. Dividends on restricted stock and the Common Stock underlying restricted stock units are accrued but not paid unless the underlying shares vest.

Amounts represent the aggregate grant-date fair value of stock awards, including performance shares and restricted stock and restricted stock unit awards, granted under our Omnibus Stock and Incentive Plan during 2015, calculated in accordance with ASC 718. See notes 2 and 3, above, for additional information regarding these awards. For the performance shares, the amounts have been calculated taking into consideration the probable (4) outcome of the respective performance conditions as the date of grant. Dividends accrued but not paid until the vesting of the awards of performance shares, restricted stock and restricted stock units are not included in the amounts reflected in this column. Assumptions used in the calculation of these amounts are described in Note 17 to our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2015.

Pension Benefits

We maintain a noncontributory tax-qualified defined benefit Pension Plan for eligible employees. Eligibility to participate in this plan was frozen in 2007. Benefit accruals under this plan were frozen effective as of January 1, 2014 and no additional benefits will accrue to participants after that date, including for Messrs. Scudder and Belasco, who are the only named executive officers who participate in our Pension Plan.

The amount of the monthly pension benefit under our Pension Plan is based on the average monthly pension-eligible compensation and years of credited service of the participant. Average monthly compensation is the average of the highest eighty-four consecutive months of pay within the last 120 months of service and years of credited service is based on the period of employment with the Company, subject to limitations on service prior to 1980.

Pension-eligible compensation consists of base salary, cash bonuses, incentive compensation and vacation pay, but excludes severance and amounts realized from the exercise of non-qualified stock options and the vesting of restricted stock or restricted stock unit awards. Pension-eligible compensation is capped by provisions of the Internal Revenue Code applicable to tax-qualified pension plans. For 2015, this limit was \$265,000. Any amounts that become ineligible due to the Internal Revenue Code limits are used to compute the pension restoration contribution to the Deferred Compensation Plan as discussed further below under the section titled Non-Qualified Deferred Compensation.

Our Pension Plan provides for pension benefits under normal retirement (the attainment of age 65), early retirement (the attainment of age 55 with fifteen or more years of service), termination after five years of service, disability retirement after ten years of service and death before retirement with five or more years of service. A participant may elect to have his or her benefit paid each month in the form of a single life annuity or one of several actuarially equivalent forms of payment, including a lump sum.

Early retirement pension benefits are reduced by 6% for each of the first five years (ages 60-65) and by 4% for each of the next five years (ages 55-60) that the pension commencement date precedes the normal retirement age of 65.

⁽¹⁾ The Pension Plan was closed to new participants as of April 1, 2007. Based on the date of hire for Messrs. Sander, Clemens and Prame, they are not eligible to participate in the Pension Plan.

Non-Qualified Deferred Compensation

We maintain two non-qualified deferred compensation plans in which our named executive officers may participate, the Deferred Compensation Plan and the Gain Deferral Plan.

Deferred Compensation Plan

The Deferred Compensation Plan is a non-qualified defined contribution deferred compensation plan under which participants are credited with deferred compensation equal to contributions and benefits based on amounts that would have accrued under our Pension Plan or been contributed under our 401(k) Plan but for limitations under the Internal Revenue Code, and up to 75% of base salary and up to 100% of short-term cash incentive compensation that the participant has elected to defer. Deferral elections are made by eligible participants in December of each year for amounts to be earned in the following year. Participant accounts are deemed to be invested in separate investment accounts in an irrevocable rabbi trust under the Deferred Compensation Plan, with similar investment alternatives as those available under our 401(k) Plan, including an investment account deemed invested in shares of our Common Stock. Participants are able to modify their investment elections at any time, subject to applicable blackout periods.

Gain Deferral Plan

We maintain the Gain Deferral Plan with the purpose of encouraging stock ownership by certain key executives. This plan combines traditional deferred compensation arrangements with stock option exercise transactions by allowing eligible stock option participants to defer to a future date the receipt of shares representing the value realized upon exercise of the underlying stock options. In response to the addition of Section 409A of the Internal Revenue Code, the Gain Deferral Plan was frozen and no additional contributions or deferrals may be made under this plan.

Currently, twenty stock option participants participate in this plan, including Messrs. Scudder and Belasco. Deferrals are held for each participant in separate individual accounts in an irrevocable rabbi trust. Amounts deferred under the Gain Deferral Plan are denominated and paid in shares of Common Stock and are adjusted for dividends as if the dividends were reinvested in shares of Common Stock.

Table of Contents

Distributions

Under both the Deferred Compensation Plan and the Gain Deferral Plan, payments begin after termination of employment and are payable at the participant's election either as a lump sum or in installments over a period not to exceed fifteen years. Earlier payment may be made upon showing of financial hardship to the satisfaction of the Compensation Committee. Distributions are paid in cash under the Deferred Compensation Plan, and are paid as in-kind stock distributions under the Gain Deferral Plan. Payments to named executive officers will be delayed as necessary to comply with Section 409A of the Internal Revenue Code.

Executive contributions represent amounts that would have been contributed by the named executive officer under (1) our 401(k) Plan, but for limitations under the Internal Revenue Code, and salary and short-term incentive compensation the named executive officer has elected to defer.

Company contributions represent amounts that would have been contributed under our tax-qualified benefit plans but for limitations under the Internal Revenue Code. The Company contributions for each named executive officer (2) to the Deferred Compensation Plan are included in the "All Other Compensation" column of the 2015 Summary Compensation Table.

(3) Aggregate balances at December 31, 2015 reflect amounts accumulated through the named executive officer's participation in the plans from: (a) participant and Company contributions under the Deferred Compensation Plan

and (b) participant contributions only under the Gain Deferral Plan. Our named executive officers have participated in the Deferred Compensation Plan since 1999 for Mr. Scudder, 2011 for Mr. Sander, 2006 for Mr. Clemens, 2012 for Mr. Prame and 1998 for Mr. Belasco. Messrs. Scudder and Belasco have participated in the Gain Deferral Plan since 2004 and 2003, respectively.

As of December 31, 2015, the portion of the aggregate balances in the Deferred Compensation Plan and Gain Deferral Plan (as applicable) that represent Common Stock of the Company is as follows: 9,384 shares for (4) Mr. Scudder, -0- shares for Mr. Sander, 1,968 shares for Mr. Clemens, 1,959 shares for Mr. Prame and 31,649 shares for Mr. Belasco.

Potential Payments Upon Termination or Change-in-Control

We have entered into employment agreements and maintain plans covering our named executive officers that will require the Company to provide severance payments in the event of an involuntary termination of employment (other than for cause) or a resignation of employment for good reason both prior to and following a change-in-control of the Company.

Table of Contents

Overview

Our employment agreements with each of our named executive officers provide for automatic annual one-year extensions, except for Messrs. Scudder and Sander whose employment agreements provide for automatic two-year extensions every other year. Among other items, the agreements set forth the executive's title, responsibilities and compensation, confidentiality, non-solicitation and non-disparagement covenants by the executive and severance payments to be made to the executive upon certain terminations of employment. Termination of employment also may impact equity awards that we have granted, as well as benefits payable under our employee benefit plans.

In addition to their employment agreements, our named executive officers are parties to Confidentiality and Restrictive Covenants Agreements with us through which we enhanced the restrictive covenants applicable to our named executive officers. The non-solicitation provisions in these agreements apply for eighteen months after termination of employment for Messrs. Scudder and Sander, and one year after termination for Messrs. Clemens, Prame and Belasco.

The following discussion takes each termination of employment situation—voluntary resignation, discharge for cause, discharge without cause, resignation for good reason, death and disability—both prior to and following a change-in-control of the Company, and describes the severance or other additional amounts that the Company would pay or provide to the named executive officer or the officer's beneficiaries as a result. The discussion below and the amounts shown reflect certain assumptions we have made in accordance with applicable SEC rules. These assumptions are that the termination of employment or change-in-control occurred on December 31, 2015 and that the value of a share of our Common Stock on that day was \$18.43, which is the closing price of our stock as reported by the NASDAQ Stock Market on December 31, 2015.

The following discussion and amounts exclude the payments and benefits that are not enhanced by a termination of employment or change-in-control. These payments and benefits, which are referred to in the following discussion as the executive officer's "vested benefits," include:

- Base salary payable through the date of termination;
- Any other cash compensation earned through the date of termination but not paid, including any amounts earned and vested but not paid under our annual cash incentive compensation program;
- Benefits accrued under our 401(k) Plan and Pension Plan in which all employees participate;
- Accrued vacation pay, group health plan continuation and other similar amounts payable when employment terminates under programs applicable to our salaried employees generally;
- Balances accrued under our Deferred Compensation Plan and Gain Deferral Plan; and
- Stock options that have vested and become exercisable, and restricted stock, restricted stock units and performance shares that have vested, prior to the employment termination or change-in-control.

Voluntary Resignation

Prior to age 65, we are not obligated to pay amounts over and above vested benefits in the event of employment termination due to voluntary resignation, and all unearned or unvested restricted stock, restricted stock unit and performance share awards will lapse and not vest. Following attainment of age 65, in the event of a named executive officer's retirement, we have provided that, in addition to payment of the executive's vested benefits:

- All unvested restricted stock and restricted stock unit awards, as well as all earned but unvested performance shares, become fully vested; and

Table of Contents

A prorated portion of all unearned performance shares may vest following the end of the performance periods applicable to the executive's performance share awards outstanding at the time of retirement and as to which the performance periods have not concluded. The portion of each unearned performance share award that may vest is based on the achievement of the applicable performance goals during the entire performance period, and is calculated by multiplying the target number of performance shares by a fraction, the numerator of which is the number of whole months that have elapsed from the beginning of the applicable performance period to the date of resignation and the denominator of which is 36.

As of December 31, 2015, none of our named executive officers had attained age 65.

Discharge for Cause

We are not obligated to pay any amounts over and above vested benefits if a named executive officer's employment terminates because of discharge for cause. The named executive officer's right to exercise vested options expires upon discharge for cause and, if the cause is fraud or embezzlement of funds, benefits under the Gain Deferral Plan are subject to forfeiture. In general, a discharge will be for cause if the executive has intentionally failed to perform his duties of employment, engaged in illegal or gross misconduct that harms the Company, has been convicted of a felony involving dishonesty, fraud, theft or financial impropriety or has violated a material requirement of any code of ethics or standard of conduct of the Company.

Death or Disability

We provide our employees, including our named executive officers, with group life and disability insurance coverage. The group life insurance benefit is based on a multiple of base salary, subject to limits contained in the policy. Participants in our group life insurance plan may, if eligible, purchase additional insurance at their own cost. The disability benefit is a monthly benefit, paid until age 65, equal to 60% of base salary at the time of disability, subject to a maximum monthly benefit under the plan of \$20,000. These benefits would be paid to the named executive officer or his beneficiary, in addition to the executive's vested benefits, in the event of death or disability.

The amount of the payments to our named executive officers assuming death or disability on December 31, 2015 is set forth in the following table:

Name	Life Insurance (Death) Benefit	Disability Benefits		Total Payment
		Monthly Amount	Months to Age 65	
Michael L. Scudder	\$1,000,000	\$20,000	115	\$2,300,000
Mark G. Sander	750,000	20,000	95	1,900,000
Paul F. Clemens	750,000	19,326	19	367,194
Thomas M. Prame	619,000	15,458	227	3,508,966
Kent S. Belasco	570,000	14,231	3	42,693

We also have provided for the vesting of unearned or unvested equity awards in the event of the death or disability of the named executive officer as follows:

All unvested restricted stock and restricted stock unit awards, as well as all earned but unvested performance shares, become fully vested; and

A prorated portion of all unearned performance shares may vest following the end of the performance periods applicable to the executive's performance share awards outstanding at the time of death or disability and as to which the performance periods have not concluded. The portion of each unearned

performance share award that may vest is based on the achievement of the applicable performance goals during the entire performance period, and is calculated by multiplying the target number of performance shares by a fraction, the numerator of which is the number of whole months that have elapsed from the beginning of the applicable performance period to the date of termination of employment and the denominator of which is 36.

The following table summarizes the unvested restricted stock or restricted stock units, earned but unvested performance shares and unearned performance shares (assuming target performance) that would have vested on December 31, 2015 if the executive's employment terminated that day due to death or disability.

Name	Restricted Stock Awards/Units		Performance Shares

Michael L. Scudder	84,794	\$1,562,753	61,818	\$1,139,306

Discharge Without Cause; Resignation For Good Reason

Our employment agreements obligate us to pay severance benefits if a named executive officer's employment is involuntarily terminated other than for cause. This includes the resignation by the executive for good reason. A good reason generally will occur if the executive determines we have breached the employment agreement by not maintaining his appointed positions, responsibilities or authority, failed to pay or provide the agreed-upon compensation, given notice that the agreement will not automatically renew, or required the executive to move to an office location more than eighty miles from his current location. Our primary obligation in these circumstances is to continue the executive's salary and participation in group health plans for a defined severance period and to pay a pro-rata annual bonus (based on target performance) for the year employment terminates. We will also provide outplacement assistance. The severance period is nine months for Mr. Scudder and Mr. Sander and six months for the other named executive officers. The severance period may be extended for up to an additional six-month period in the Company's sole discretion. The executive is required to execute a general release of claims as a condition to receiving severance benefits.

Severance

The following table summarizes the severance benefits that would be payable to our named executive officers had their employment been terminated involuntarily without cause or for good reason on December 31, 2015:

Name	Monthly Amount	Number of Months	Total Salary Continuation/ Lump Sum	Pro-Rated Annual Bonus ⁽¹⁾	Medical Benefits/Out-placement ⁽²⁾	Total
Michael L. Scudder	\$66,667	9	\$600,003	\$480,000	\$ 106,303	\$1,186,306
Mark G. Sander	48,323	9	434,910	289,940	79,889	804,739
Paul F. Clemens	32,211	6	193,266	154,611	51,145	399,022
Thomas M. Prame	25,764	6	154,584	123,665	43,829	322,078
Kent S. Belasco	23,719	6	142,314	113,850	40,884	297,048

(1) Pro-rated annual bonus based on target bonus for year of termination and number of days elapsed at date of termination. Amounts reflect full 2015 target bonus and assumes termination occurred on last day of the year.

(2) Reflects amount of health benefit continuation (COBRA) premium paid by the Company during the salary continuation period and outplacement services estimated to be 12% of annual base salary.

Change-in-control

We have provisions in the employment agreements with our named executive officers and in our employee benefit plans for the payment of severance benefits in the event of a change-in-control of the Company. In the event of a change-in-control, our employment agreements require a “double trigger” to occur before enhanced severance benefits are paid. A “double trigger” involves both a change-in-control of the Company and a qualifying termination of the named executive’s employment following the change-in-control. The enhanced severance benefits consist of a lump sum payment of, in the case of Mr. Scudder and Mr. Sander, approximately 2.5 times the sum of base salary, the average of the annual cash incentive compensation earned for the prior three completed years (or, in the case of Mr. Scudder, if greater, his target annual cash incentive compensation for the year in which the termination occurs), and certain other amounts, and, in the case of the other named executive officers, approximately 2 times the sum of base salary, the average of the annual cash incentive compensation earned for the prior three completed years (or, in the case of Messrs. Clemens and Belasco, if greater, his target annual cash incentive compensation for the year in which the termination occurs), and certain other amounts. The lump sum further includes payment of a pro-rata annual bonus (based on target performance) for the year employment terminates. In addition, all unearned and unvested equity awards granted prior to 2016 will vest in full upon a change-in-control, whether or not the executive’s employment terminates. However, beginning with our equity awards granted in 2016, all new equity awards will require a “double trigger” to occur before unearned and unvested equity awards will vest in connection with a change-in-control. As such, both a change-in-control of the Company and a termination of employment within 24 months following the change-in-control by either the executive for good reason or an acquirer without cause must occur in order for the unearned or unvested equity awards to vest. None of the employment agreements with our named executive officers provide for a gross-up payment should the executive be subject to an excise tax under the Internal Revenue Code.

The table below summarizes the severance payments we would be obligated to make if a change-in-control occurred and the named executive officer’s employment terminated (other than for cause) on December 31, 2015.

AUDIT COMMITTEE REPORT

The primary responsibilities of the Audit Committee are, among others, to: (1) assist the Board of Directors in its oversight of the integrity of the Company's financial statements and systems of internal control over financial reporting, (2) oversee the Company's compliance with legal and regulatory requirements relating to financial reporting and disclosure, (3) evaluate the independence and qualifications of the Company's independent registered public accounting firm, and (4) oversee the performance of the Company's independent registered public accounting firm and our internal audit function. The Audit Committee also is solely responsible for the appointment and compensation of the Company's independent registered public accounting firm. The Board of Directors has adopted an Audit Committee Charter, which sets forth the specific duties of the Audit Committee, a copy of which is available on the Company's website.

In carrying out our oversight responsibilities, we rely on the expertise and knowledge of management, the independent registered public accounting firm and the internal auditors. Management is responsible for determining that the Company's financial statements are complete, accurate and in accordance with U.S. generally accepted accounting principles. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies as well as internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. Our independent registered public accounting firm is responsible for planning and carrying out a proper audit of the Company's financial statements and internal control over financial reporting. The internal auditors are responsible for evaluating the adequacy and effectiveness of the Company's processes and system of internal controls to achieve the Company's stated goals and objectives. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with U.S. generally accepted accounting principles, or to conduct investigations or other types of auditing or accounting reviews or procedures.

We have reviewed and had discussions with management and Ernst & Young LLP regarding the Company's audited financial statements for the year ended December 31, 2015. We also have discussed with Ernst & Young LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. We have received the required disclosures from Ernst & Young LLP under applicable PCAOB standards regarding auditor independence, and have discussed with Ernst & Young LLP its independence. We have established policies and procedures regarding the pre-approval of all services provided by Ernst & Young LLP. We have reviewed the audit and non-audit services provided by Ernst & Young LLP for the year ended December 31, 2015 and considered whether such services are compatible with maintaining its independence, and determined to engage Ernst & Young LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2016.

Based upon our review of the Company's audited financial statements and the discussions noted above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in our charter, we have recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2015 be included in the Company's Annual Report on Form 10-K for the same year filed with the SEC.
