MOVADO GROUP, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared by Movado Group, Inc. (the “Company”) in a manner consistent with that used in the preparation of the consolidated financial statements included in the Company’s fiscal 2009 Annual Report filed on Form 10-K. In the opinion of management, the accompanying consolidated financial statements reflect all adjustments, consisting of only normal and recurring adjustments, necessary for a fair statement of the financial position and results of operations for the periods presented. These consolidated financial statements should be read in conjunction with the aforementioned Annual Report. Operating results for the interim periods presented are not necessarily indicative of the results that may be expected for the full year.

NOTE 1 – RECLASSIFICATIONS

Certain reclassifications were made to prior year’s financial statement amounts and related note disclosures to conform to the fiscal 2010 presentation as a result of the adoption of SFAS No. 160, “Noncontrolling Interests in Consolidated Financial Statements”.

NOTE 2 – FAIR VALUE MEASUREMENTS

As of February 1, 2008, the Company adopted SFAS No. 157, “Fair Value Measurements”, for financial assets and liabilities that are recognized or disclosed at fair value in the Company’s consolidated financial statements and on February 1, 2009, the Company adopted fair value measurements for non-recurring financial assets and liabilities. The adoption of SFAS No. 157 did not have a material effect on the Company’s consolidated financials statements. SFAS No. 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS No. 157 establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value into three broad levels as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly.
- Level 3 - Unobservable inputs based on the Company’s assumptions.

SFAS No. 157 requires the use of observable market data if such data is available without undue cost and effort. The Company’s adoption of SFAS No. 157 did not result in any changes to the accounting for its financial assets and liabilities. Therefore, the primary impact to the Company upon its adoption of SFAS No. 157 was to expand its fair value measurement disclosures.

The following table presents the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of April 30, 2009 (in thousands):

	Fair Value at April 30, 2009			
	Level 1	Level 2	Level 3	Total
Assets:				
Available-for-sale securities	\$ 179	\$ -	\$ -	\$ 179
SERP assets - employer	655	-	-	655
SERP assets - employee	10,966	-	-	10,966
Hedge derivatives	-	620	-	620
Total	\$ 11,800	\$ 620	\$ -	\$ 12,420
Liabilities:				
SERP liabilities - employee	\$ 10,966	\$ -	\$ -	\$ 10,966
Hedge derivatives	-	467	-	467
Total	\$ 10,966	\$ 467	\$ -	\$ 11,433

The fair values of the Company's available-for-sale securities are based on quoted prices. The hedge derivatives are entered into by the Company principally to reduce its exposure to the Swiss franc exchange rate risk. Fair values of the Company's hedge derivatives are calculated based on quoted foreign exchange rates, quoted interest rates and market volatility factors. The assets related to the Company's defined contribution supplemental executive retirement plan ("SERP") consist of both employer (employee unvested) and employee assets which are invested in investment funds with fair values calculated based on quoted market prices. The SERP liability represents the Company's liability to the employees in the plan for their vested balances.

NOTE 3 – TOTAL EQUITY

The components of equity for the three months ended April 30, 2009 and 2008 are as follows (in thousands):

	Class A		Capital in Excess of Par Value	Accumulated Other Comprehensive Income	Noncontrolling Interests	Total

The components of comprehensive (loss) / income for the three months ended April 30, 2009 and 2008 are as follows (in thousands):

	Three Months Ended April 30,	
	2009	2008
Net (loss) / income	\$ (8,910)	\$ 1,297
Net unrealized gain on investments, net of tax	44	72
Effective portion of unrealized (loss) / gain on hedging contracts, net of tax	(58)	869
Foreign currency translation adjustments (1)	5,131	10,654

Edgar Filing: MOVADO GROUP INC - Form 10-Q

Comprehensive (loss) / income	(3,793)	12,892
Less: Net income attributable to noncontrolling interests	50	48
Total comprehensive (loss) / income attributable to Movado Group, Inc.	\$ (3,843)	\$ 12,844

(1) The foreign currency translation adjustments are not adjusted for income taxes as they relate to permanent investments in international subsidiaries.

NOTE 4 – SEGMENT INFORMATION

The Company follows SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information". This statement requires disclosure of segment data based on how management makes decisions about allocating resources to segments and measuring their performance.

The Company conducts its business primarily in two operating segments: Wholesale and Retail. The Company's Wholesale segment includes the designing, manufacturing and distribution of quality watches, in

addition to revenue generated from after sales service activities and shipping. The Retail segment includes the Movado Boutiques and outlet stores.

The Company divides its business into two major geographic segments: United States operations, and International, which includes the results of all other Company operations. The allocation of geographic revenue is based upon the location of the customer. The Company's international operations are principally conducted in Europe, Asia, Canada, the Middle East, South America and the Caribbean. The Company's international assets are substantially located in Switzerland.

Operating Segment Data for the Three Months Ended April 30, 2009 and 2008 (in thousands):

	Net Sales		Operating (Loss) Income	
	2009	2008	2009	2008
Wholesale	\$ 51,829	\$ 85,251	\$ (7,510)	\$ 4,576
Retail	15,746	16,102	(3,609)	(2,963)

	\$ 241,603	\$ 228,884	\$ 231,402

NOTE 6 – DEBT AND LINES OF CREDIT

On June 5, 2009, the Company, together with Movado Group Delaware Holdings Corporation, Movado Retail Group, Inc. and Movado LLC (together with the Company, the “Borrowers”), each a wholly-owned domestic subsidiary of the Company, entered into a Loan and Security Agreement (the “Loan Agreement”) with Bank of America, N.A. as agent (in such capacity, the “Agent”) and lender thereunder. The Loan Agreement provides for a \$50.0 million asset based senior secured revolving credit facility (the “Facility”), including a \$15.0 million letter of credit subfacility, that matures on June 5, 2012.

Availability is determined by reference to a borrowing base which is based on the sum of a percentage of eligible accounts receivable and eligible inventory of the Borrowers. In addition, until the date (the “Block Release Date”) on which the Borrowers have achieved for a four fiscal quarter period a consolidated fixed charge coverage ratio of at least 1.25 to 1.0 and domestic EBITDA greater than zero, \$10.0 million of availability under the Facility will be blocked. The amount of the availability block will be reduced by the amount that the borrowing base exceeds \$50.0 million, up to a maximum \$7.5 million reduction. Availability under the Facility may be further reduced by certain reserves established by the agent in its good faith credit judgment.

As of June 5, 2009, \$40.0 million in loans were drawn under the Facility, which were used, in part, to repay amounts outstanding under the Company’s former U.S. credit facility with JPMorgan Chase Bank, N.A. (“JPM Chase”) (the “Former US Facility”), which was terminated. In addition, approximately \$1.5 million in letters of credit were issued, which were used to backstop letters of credit and other obligations outstanding in connection with the Former US Facility. As of June 5, 2009, total availability under the Facility, giving effect to the availability block, the \$40.0 million borrowing and the letters of credit, was \$6.0 million.

Borrowings under the Facility bear interest at rates selected periodically by the Company at LIBOR (subject to a floor of 2.0% per annum) plus 4.50% per annum or a base rate plus 3.50% per annum. The Company has also agreed to pay certain fees and expenses and provide certain indemnities, all of which are customary for such financings.

The borrowings under the Facility are joint and several obligations of the Borrowers and also cross-guaranteed by each Borrower. In addition, the Borrowers' obligations under the Facility are secured by first priority liens, subject to permitted liens, on substantially all of the Borrowers' U.S. assets other than certain excluded assets.

The Loan Agreement contains affirmative and negative covenants binding on the Borrowers and their subsidiaries that are customary for asset based facilities, including restrictions and limitations on the incurrence of debt for borrowed money and liens, dispositions of assets of the Borrowers, capital expenditures, dividends and other payments in respect of equity interests, the making of loans and equity investments, prepayments of subordinated and certain other debt, mergers, consolidations, liquidations and dissolutions, and transactions with affiliates.

Prior to the Block Release Date, if borrowing availability is less than \$7.5 million or an event of default occurs, Borrowers will be subject to a minimum EBITDA covenant. After the Block Release Date, if borrowing availability is less than \$10.0 million or an event of default occurs, Borrowers will be subject to a minimum fixed charge coverage ratio. In addition, the Borrowers' deposit accounts will be subject to cash dominion if the Borrowers fail to meet these borrowing availability thresholds (which will be reduced for purposes of the cash dominion covenant by the amount that the borrowing base exceeds \$50.0 million, up to a maximum \$5.0 million reduction). As of June 5, 2009, the Borrowers were subject to the minimum EBITDA covenant and were in compliance thereunder.

The Loan Agreement contains events of default that are customary for facilities of this type, including, but not limited to, nonpayment of principal, interest, fees and other amounts when due, failure of any representation or warranty to be true in any material respect when made or deemed made, violation of covenants, cross default, material judgments, material ERISA liability, bankruptcy events, material loss of collateral in excess of insured amounts, asserted or actual revocation or invalidity of the loan documents, change of control and events or circumstances having a material adverse effect.

During fiscal 1999, the Company issued \$25.0 million of Series A Senior Notes ("Series A Senior Notes") under a Note Purchase and Private Shelf Agreement, dated November 30, 1998 and amended on June 5, 2008 (as amended, the "First Amended 1998 Note Purchase Agreement"), between the Company and The Prudential Insurance Company of America ("Prudential"). These notes bore interest of 6.90% per annum, were to mature on October 30, 2010 and were subject to annual repayments of \$5.0 million commencing October 31, 2006. These notes contained various financial covenants including an interest coverage ratio and maintenance of consolidated net worth and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. As of April 30, 2009, \$10.0 million of the Series A Senior Notes were issued and outstanding. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under the Series A Senior Notes were paid in full, and the First Amended 1998 Note Purchase Agreement was terminated.

As of March 21, 2004, the Company amended its Note Purchase and Private Shelf Agreement, originally dated March 21, 2001 (as amended, the "First Amended 2001 Note Purchase Agreement"), among the Company, Prudential and certain affiliates of Prudential (together, the "Purchasers"). This agreement allowed for the issuance of senior promissory notes in the aggregate principal amount of up to \$40.0 million with maturities up to 12 years from their original date of issuance. On October 8, 2004, the Company issued, pursuant to the First Amended 2001 Note Purchase Agreement, 4.79% Senior Series A-2004 Notes due 2011 (the "Senior Series A-2004 Notes") in an aggregate principal amount of \$20.0 million, which were to mature on October 8, 2011 and were subject to annual repayments of \$5.0 million commencing on October 8, 2008. Proceeds of the Senior Series A-2004 Notes have been used by the Company for capital expenditures, repayment of certain of its debt obligations and general corporate purposes. These notes contained certain financial covenants, including an interest coverage ratio and maintenance of consolidated net worth and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with

affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. On June 5, 2008, the Company amended the First Amended 2001 Note Purchase Agreement (as amended, the "Second Amended 2001 Note Purchase Agreement"), with Prudential and the Purchasers. As of April 30, 2009, \$15.0 million of the Senior Series A-2004 Notes were issued and outstanding. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under the Senior Series A-2004 Notes were paid in full, and the Second Amended 2001 Note Purchase Agreement was terminated.

The credit agreement dated as of December 15, 2005, as amended, by and between the Company as parent guarantor, its Swiss subsidiaries, MGI Luxury Group S.A., Movado Watch Company SA, Concord Watch Company S.A. and Ebel Watches S.A. as borrowers, and JPMorgan Chase Bank, N.A. ("Chase"), JPMorgan Securities, Inc., Bank of America, N.A., PNC Bank and Citibank, N.A. (as amended, the "Swiss Credit Agreement"), provided for a revolving credit facility of 33.0 million Swiss francs and was to mature on December 15, 2010. The obligations of the Company's Swiss subsidiaries under this credit agreement were guaranteed by the Company under a Parent Guarantee, dated as of December 15, 2005, in favor of the lenders. The Swiss Credit Agreement contained financial covenants, including an interest coverage ratio, average debt coverage ratio and limitations on capital expenditures and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. Borrowings under the Swiss Credit Agreement bore interest at a rate equal to LIBOR (as defined in the Swiss Credit Agreement) plus a margin ranging from .50% per annum to .875% per annum (depending upon a leverage ratio). As of April 30, 2009, there were no outstanding borrowings under this former facility. Upon entering the Loan Agreement on June 5, 2009, the Swiss Credit Agreement was terminated.

The credit agreement dated as of December 15, 2005, as amended, by and between the Company, MGI Luxury Group S.A. and Movado Watch Company SA, as borrowers, and Chase, JPMorgan Securities, Inc., Bank of America, N.A., PNC Bank, Bank Leumi and Citibank, N.A. (as amended, the "Former US Credit Agreement"), provided for a revolving credit facility of \$90.0 million (including a sublimit for borrowings in Swiss francs of up to an equivalent of \$25.0 million) with a provision to allow for a further increase of up to an additional \$10.0 million, subject to certain terms and conditions. The Former US Credit Agreement was to mature on December 15, 2010. The obligations of MGI Luxury Group S.A. and Movado Watch Company SA were guaranteed by the Company under a Parent Guarantee, dated as of December 15, 2005, in favor of the lenders. The obligations of the Company were guaranteed by certain domestic subsidiaries of the Company under subsidiary guarantees, in favor of the lenders. The Former US Credit Agreement contained financial covenants, including an interest coverage ratio, average debt coverage ratio and limitations on capital expenditures and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. Borrowings under the Former US Credit Agreement bore interest, at the Company's option, at a rate equal to the adjusted LIBOR (as defined in the Former US Credit Agreement) plus a margin ranging from .50% per annum to .875% per annum (depending upon a leverage ratio), or the Alternate Base Rate (as defined in the Former US Credit Agreement). As of April 30, 2009, \$40.0 million was outstanding under this former credit facility. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under this revolving credit facility were paid in full, and the Former US Credit Agreement was terminated.

On June 16, 2008, the Company renewed a line of credit letter agreement with Bank of America and an amended and restated promissory note in the principal amount of up to \$20.0 million payable to Bank of America, originally dated December 12, 2005. The Company's obligations under the agreement were guaranteed by its subsidiaries, Movado Retail Group, Inc. and Movado LLC. The maturity date was to be June 16, 2009. The amended and restated promissory note contained various representations and warranties and events of default that are customary for instruments of that type. As of April 30, 2009, there were no

outstanding borrowings against this line. Upon entering the Loan Agreement on June 5, 2009, this uncommitted line of credit agreement was terminated.

On July 31, 2008, the Company renewed a promissory note, originally dated December 13, 2005, in the principal amount of up to \$37.0 million, at a revised amount of up to \$7.0 million, payable to Chase. Pursuant to the promissory note, the Company promised to pay Chase \$7.0 million, or such lesser amount as may then be the unpaid balance of each loan made or letter of credit issued by Chase to the Company thereunder, upon the maturity date of July 31, 2009. The promissory note bore interest at an annual rate equal to (i) a floating rate equal to the prime rate, (ii) a fixed rate equal to an adjusted LIBOR plus 0.625% or (iii) a fixed rate equal to a rate of interest offered by Chase from time to time on any single commercial borrowing. The promissory note contained various events of default that are customary for instruments of that type. In addition, it was an event of default for any security interest or other encumbrance to be created or imposed on the Company's property, other than as permitted in the lien covenant of the Former US Credit Agreement. As of April 30, 2009, there were no outstanding borrowings against this promissory note. Upon entering the Loan Agreement on June 5, 2009, this uncommitted line of credit agreement was terminated.

A Swiss subsidiary of the Company maintains unsecured lines of credit with an unspecified length of time with a Swiss bank. Available credit under these lines totaled 8.0 million Swiss francs, with dollar equivalents of \$7.0 million and \$7.7 million at April 30, 2009 and 2008, respectively. As of April 30, 2009, two European banks have guaranteed obligations to third parties on behalf of two of the Company's foreign subsidiaries in the amount of \$1.3 million in various foreign currencies. As of April 30, 2009, there were no outstanding borrowings against these lines.

For the three months ended April 30, 2009, the calculation of the financial covenants for the Series A Senior Notes, Senior Series A-2004 Notes, the Swiss Credit Agreement and Former US Credit Agreement (together the "Debt Facilities") were as follows (dollars in thousands):

Covenant	Required Senior Notes	Required Credit Facilities	Actual April 30, 2009
Interest Coverage Ratio	Min. 3.50x	Min. 3.50x	-4.29x
Average Debt Coverage Ratio	Max. 3.25x	Max. 3.25x	5.79x
Capital Expenditures Limit	n/a	\$47,319	\$1,193
Priority Debt Limit	\$77,378	n/a	\$40,000
Lien Limit	\$77,378	n/a	\$-

As of April 30, 2009, the Company was in compliance with all non-financial covenants under the Debt Facilities. Due to the reported financial results for the rolling twelve month period ended April 30, 2009, the Company was in compliance with all financial covenants with the exception of the interest coverage ratio and the average debt coverage ratio covenants under these Debt Facilities. The financial results used in the calculations of these covenants included certain charges recorded in fiscal 2009 for severance related costs associated with the Company's expense reduction initiatives and a restructuring of certain benefit arrangements of \$11.1 million and for asset impairments of \$4.5 million. As a result of these charges as well as the Company's projections in light of the global economic downturn, without an amendment or waiver, the Company believes that it would have continued to be in non-compliance with the interest coverage ratio and the average debt coverage ratio covenants, and potentially additional financial covenants under the Debt Facilities, for the upcoming rolling twelve months reporting periods in fiscal year 2010. The Company had not requested a waiver, as it entered into the Loan Agreement discussed in more

detail above and terminated the relevant agreements, repaying all outstanding amounts under those agreements.

As a result of the Company's non-compliance with the interest coverage ratio and the average debt coverage ratio covenants, amounts owed under the Debt Facilities had been reclassified to current liabilities. Based on the provisions of the Loan Agreement, any amounts outstanding under the Facility will continue to be classified as current liabilities.

NOTE 7 – EARNINGS PER SHARE

The Company presents net income per share on a basic and diluted basis. Basic earnings per share are computed using weighted-average shares outstanding during the period. Diluted earnings per share are computed using the weighted-average number of shares outstanding adjusted for dilutive common stock equivalents.

The weighted-average number of shares outstanding for basic earnings per share was 24,464,000 and 25,723,000 for the three months ended April 30, 2009 and 2008, respectively. For the three months ended April 30, 2009, the number of shares outstanding for diluted earnings per share was the same as the basic earnings per share because the Company generated a net loss. For the three months ended April 30, 2008, diluted earnings per share was increased by 842,000, due to potentially dilutive common stock equivalents issuable under the Company's stock compensation plans.

For the three months ended April 30, 2009 and April 30, 2008, approximately 2,150,000 and 78,000 of potentially dilutive common stock equivalents, respectively, were excluded from the computation of diluted earnings per share because their effect would have been antidilutive.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

At April 30, 2009, the Company had outstanding letters of credit totaling \$1.2 million with expiration dates through May 31, 2010. One bank in the domestic bank group has issued 11 irrevocable standby letters of credit for retail and operating facility leases to various landlords, for the administration of the Movado Boutique private-label credit card and Canadian payroll to the Royal Bank of Canada.

As of April 30, 2009, two European banks have guaranteed obligations to third parties on behalf of two of the Company's foreign subsidiaries in the amount of \$1.3 million in various foreign currencies.

The Company is involved from time to time in legal claims involving trademarks and other intellectual property, contracts, employee relations and other matters incidental to the Company's business. Although the outcome of such matters cannot be determined with certainty, the Company's general counsel and management believe that the final outcome would not have a material effect on the Company's consolidated financial position, results of operations or cash flows.

NOTE 9 – INCOME TAXES

The Company recorded a tax benefit of \$2.7 million and a tax expense of \$0.6 million for the three months ended April 30, 2009 and 2008, respectively. Taxes for the three month period ended April 30, 2009 reflected a 23.3% effective tax rate including adjustments resulting in a charge of \$0.1 million. Taxes for the three months ended April 30, 2008 reflected a 30.4% effective tax rate including adjustments resulting in a charge of \$0.2 million.

NOTE 10 – STREAMLINING INITIATIVES

During the second half of fiscal 2009, the Company announced initiatives designed to streamline operations, reduce expenses, and improve efficiencies and effectiveness across the Company's global organization. During the second half of fiscal 2009, the Company recorded \$8.7 million of severance related accruals. Any costs incurred pursuant to these initiatives were recorded in SG&A expenses in the Consolidated Statements of Income. The Company expects that the remaining severance related liability will be paid during fiscal 2010.

A summary rollforward of severance related accruals is as follows (in thousands):

	Severance Related	
Balance at January 31, 2009	\$	4,409
Provision charged		-
Severance paid		(2,205)
Balance at April 30, 2009	\$	2,204

NOTE 11 – DERIVATIVE FINANCIAL INSTRUMENTS

The Company utilizes derivative financial instruments to reduce foreign currency fluctuation risks. The Company accounts for its derivative financial instruments in accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended and interpreted, which establishes accounting and reporting standards for derivative instruments and hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial condition and measure those instruments at fair value. Changes in the fair value of those instruments will be reported in earnings or other comprehensive income depending on the use of the derivative and whether it qualifies for hedge accounting. The accounting for gains and losses associated with changes in the fair value of the derivative and the effect on the consolidated financial statements will depend on its hedge designation and whether the hedge is highly effective in achieving offsetting changes in the fair value of cash flows of the asset or liability hedged.

The Company's risk management policy is to enter into forward exchange contracts and purchase foreign currency options, under certain limitations, to reduce exposure to adverse fluctuations in foreign exchange rates and, to a lesser extent, in commodity prices related to its purchases of watches. When entered into, the Company designates and documents these derivative instruments as a cash flow hedge of a specific underlying exposure, as well as the risk management objectives and strategies for undertaking the hedge transactions. Changes in the fair value of a derivative that is designated and documented as a cash flow hedge and is highly effective, are recorded in other comprehensive income until the underlying transaction affects earnings, and then are later reclassified into earnings in the same account as the hedged transaction. The Company formally assesses, both at the inception and at each financial quarter thereafter, the effectiveness of the derivative instrument hedging the underlying forecasted cash flow transaction. Any ineffectiveness related to the derivative financial instruments' change in fair value will be recognized in the period in which the ineffectiveness was calculated.

The Company uses forward exchange contracts to offset its exposure to certain foreign currency liabilities. These forward contracts are not designated as SFAS No. 133 hedges and, therefore, changes in the fair value of these

derivatives are recognized into earnings, thereby offsetting the current earnings effect of the related foreign currency liabilities.

All of the Company's derivative instruments have liquid markets to assess fair value. The Company does not enter into any derivative instruments for trading purposes.

The following table summarizes the fair value and presentation in the consolidated balance sheets for derivatives designated as hedging instruments under SFAS No. 133 and derivatives not designated as hedging instruments under SFAS No. 133 as of April 30, 2009 (in millions):

	Asset Derivatives		Liability Derivatives	
	Balance	Fair	Balance	Fair
	Sheet	Value	Sheet	Value
	Location		Location	
Derivatives designated as hedging instruments:				
	Other			
Foreign Exchange	Current		Accrued	
Contracts	Assets	\$ 0.2	Liabilities	\$ 0.0
Derivatives not designated as hedging instruments:				
	Other			
Foreign Exchange	Current		Accrued	
Contracts	Assets	\$ 0.4	Liabilities	\$ 0.5
Total Derivative Instruments				
		\$ 0.6		\$ 0.5

As of April 30, 2009, the balance of deferred net gains on derivative financial instruments documented as cash flow hedges included in accumulated other comprehensive income (“AOCI”) was \$1.4 million in net gains, net of tax of \$0.9 million, compared to \$4.6 million in net gains at April 30, 2008, net of tax of \$3.1 million. The Company estimates that a substantial portion of the deferred net gains at April 30, 2009 will be realized into earnings over the next 12 to 24 months as a result of transactions that are expected to occur over that period. The primary underlying transaction which will cause the amount in AOCI to affect cost of goods sold consists of the Company’s sell through of inventory purchased in Swiss francs. The maximum length of time the Company is hedging its exposure to the fluctuation in future cash flows for forecasted transactions is 24 months. For the periods ended April 30, 2009 and 2008, the Company reclassified from AOCI to earnings \$0.3 million of net gains, net of tax of \$0.2 million and \$0.6 million in net gains, net of tax of \$0.4 million, respectively.

During the three months ended April 30, 2009 and 2008, the Company recorded no charge related to its assessment of the effectiveness of its derivative hedge portfolio because of the high degree of effectiveness between the hedging instrument and the underlying exposure being hedged.

Changes in the contracts’ fair value due to spot-forward differences are excluded from the designated hedge relationship. The Company records these transactions in the cost of sales of the Consolidated Statements of Income.

NOTE 12 – SUBSEQUENT EVENT

On June 2, 2009, the Company borrowed approximately \$11.0 million against the cash surrender value of one of its insurance policies. The loan bears interest at 6.44% per annum. The Company borrowed these funds to provide for additional flexibility in meeting its liquidity needs.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

Statements in this Quarterly Report on Form 10-Q, including, without limitation, statements under Item 2 "Management's Discussion and Analysis of Financial Condition and Results of Operations" and elsewhere in this report, as well as statements in future filings by the Company with the Securities and Exchange Commission, in the Company's press releases and oral statements made by or with the approval of an authorized executive officer of the Company, which are not historical in nature, are intended to be, and are hereby identified as, "forward-looking statements" for purposes of the safe harbor provided by the Private Securities Litigation Reform Act of 1995. These statements are based on current expectations, estimates, forecasts and projections about the Company, its future performance, the industry in which the Company operates and management's assumptions. Words such as "expects", "anticipates", "targets", "goals", "projects", "intends", "plans", "believes", "seeks", "estimates", "may", "will", "should" and words and similar expressions are also intended to identify such forward-looking statements. The Company cautions readers that forward-looking statements include, without limitation, those relating to the Company's future business prospects, projected operating or financial results, revenues, working capital, liquidity, capital needs, plans for future operations, expectations regarding capital expenditures and operating expenses, effective tax rates, margins, interest costs, and income as well as assumptions relating to the foregoing. Forward-looking statements are subject to certain risks and uncertainties, some of which cannot be predicted or quantified. Actual results and future events could differ materially from those indicated in the forward-looking statements, due to several important factors herein identified, among others, and other risks and factors identified from time to time in the Company's reports filed with the SEC including, without limitation, the following: general economic and business conditions which may impact disposable income of consumers in the United States and the other significant markets where the Company's products are sold, uncertainty regarding such economic and business conditions, trends in consumer debt levels and bad debt write-offs, general uncertainty related to possible terrorist attacks and the impact on consumer spending, changes in consumer preferences and popularity of particular designs, new product development and introduction, competitive products and pricing, seasonality, availability of alternative sources of supply in the case of the loss of any significant supplier, the loss of significant customers, the Company's dependence on key employees and officers, the ability to successfully integrate the operations of acquired businesses without disruption to other business activities, the continuation of licensing arrangements with third parties, the ability to secure and protect trademarks, patents and other intellectual property rights, the ability to lease new stores on suitable terms in desired markets and to complete construction on a timely basis, the ability of the Company to successfully implement its expense reduction plan, the continued availability to the Company of financing and credit on favorable terms, business disruptions, disease, general risks associated with doing business outside the United States including, without limitation, import duties, tariffs, quotas, political and economic stability, and success of hedging strategies with respect to currency exchange rate fluctuations.

These risks and uncertainties, along with the risk factors discussed under Item 1A "Risk Factors" in the Company's Annual Report on Form 10-K, should be considered in evaluating any forward-looking statements contained in this Quarterly Report on Form 10-Q or incorporated by reference herein. All forward-looking statements speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. All subsequent written and oral forward-looking statements attributable to the Company or any person acting on its behalf are qualified by the cautionary statements in this section. The Company undertakes no obligation to update or publicly release any revisions to forward-looking statements to reflect events, circumstances or changes in expectations after the date of this report.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. These estimates and assumptions also affect the reported amounts of revenues and expenses. Estimates by their nature are based on judgments and available information. Therefore, actual results could materially differ from those estimates under different assumptions and conditions.

Critical accounting policies are those that are most important to the portrayal of the Company's financial condition and the results of operations and require management's most difficult, subjective and complex judgments as a result of the need to make estimates about the effect of matters that are inherently uncertain. The Company's most critical accounting policies have been discussed in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2009.

As of April 30, 2009, there have been no material changes to any of the critical accounting policies as disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2009.

Effective February 1, 2009, the Company adopted SFAS No. 141(R), "Business Combinations", which changed how business combinations are accounted for and will impact financial statements both on the acquisition date and in subsequent periods. SFAS 141(R) will be applied on all future acquisitions.

Effective February 1, 2009, the Company adopted SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements". SFAS No. 160 amends Accounting Research Bulletin No. 51, "Consolidated Financial Statements" and requires (i) classification of noncontrolling interests, commonly referred to as minority interests, within stockholders' equity, (ii) net income to include the net income attributable to the noncontrolling interest and (iii) enhanced disclosure of activity related to noncontrolling interests. In accordance with SFAS No. 160, the Company reclassified the noncontrolling interest to a separate component within equity on the Consolidated Balance Sheets and separately presented the net income attributable to the noncontrolling interest on the Consolidated Statements of Income.

Effective February 1, 2009, the Company adopted SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities – an amendment of FASB Statement No. 133", which changes the disclosure requirements for derivative instruments and hedging activities. The Company is required to provide enhanced disclosures about how and why it uses derivative instruments, how they are accounted for, and how they affect the Company's financial performance. See Note 11, Derivative Financial Instruments.

Recent Developments

Economic conditions both in the United States and around the world have deteriorated since the beginning of fiscal 2009. As the events that have caused this deterioration continue to unfold, the Company does not have significant, meaningful visibility into the further effects they could have on the U.S. and the global economy, although they likely will continue to have a negative impact on the Company's sales and profits throughout fiscal 2010. Nevertheless, the Company intends to continue to take actions to appropriately manage its business while strategically positioning itself for long-term success, including:

- capitalizing on the strength of the Company's brands to gain market share across all price categories;
 - the expense reduction initiatives implemented throughout fiscal 2009;
- working with retail customers to help them better manage their inventory, improve their productivity and reduce credit risk; and

- continuing to tightly manage cash and inventory levels.

On April 9, 2009, the Company announced that its Board of Directors has decided to discontinue the quarterly cash dividend. This decision was based on the Company's desire to retain capital during the current challenging economic environment. Under the Loan Agreement described below, dividends are prohibited until the achievement of certain financial covenants.

On June 5, 2009, the Company, together with Movado Group Delaware Holdings Corporation, Movado Retail Group, Inc. and Movado LLC (together with the Company, the "Borrowers"), each a wholly-owned domestic subsidiary of the Company, entered into a Loan and Security Agreement (the "Loan Agreement") with Bank of America, N.A. (as agent and lender thereunder). The Loan Agreement provides for a \$50.0 million asset based senior secured revolving credit facility (the "Facility"), including a \$15.0 million letter of credit subfacility, that matures on June 5, 2012. Upon entering the Loan Agreement, the Company borrowed \$40.0 million under the Facility and along with cash already on-hand, paid down all outstanding amounts due under its Series A Senior Notes, Senior Series A-2004 Notes and Former US Credit Agreement, and terminated these agreements. The Company also terminated its Swiss Credit Agreement and its two U.S. uncommitted line of credit agreements effective June 5, 2009. For more information on the Company's current and terminated debt and credit arrangements, see Note 6 to the Consolidated Financial Statements.

Overview

The Company conducts its business primarily in two operating segments: Wholesale and Retail. The Company's Wholesale segment includes the designing, manufacturing and distribution of quality watches. The Retail segment includes the Movado Boutiques and outlet stores.

The Company divides its watch business into distinct categories. The luxury category consists of the Ebel® and Concord® brands. The accessible luxury category consists of the Movado® and ESQ® brands. The licensed brands category represents brands distributed under license agreements and includes Coach®, HUGO BOSS®, Juicy Couture®, Lacoste® and Tommy Hilfiger®.

Results of operations for the three months ended April 30, 2009 as compared to the three months ended April 30, 2008

Net Sales: Comparative net sales by business segment were as follows (in thousands):

	Three Months Ended April 30,	
	2009	2008
Wholesale:		
United States	\$ 22,719	\$ 37,179
International	29,110	48,072
Total Wholesale	51,829	85,251
Retail	15,746	16,102
Net Sales	\$ 67,575	\$ 101,353

Net sales for the three months ended April 30, 2009 were \$67.6 million, below prior year by \$33.8 million or 33.3%. Excluding \$4.3 million of liquidation of excess discontinued inventory in the current year period, net sales were \$63.3 million, or below the prior year by 37.5%. As a result of the strong U.S. dollar and the translation

from the international subsidiaries' financial results, the effect of foreign currency reduced net sales in the three months ended April 30, 2009 by \$3.9 million.

Net sales in the wholesale segment were \$51.8 million, below prior year by \$33.4 million or 39.2%. Excluding \$4.3 million of liquidation of excess discontinued inventory in the current year period, net sales in the wholesale segment were \$47.5 million, or below the prior year by 44.2%. The decrease in wholesale net sales was primarily attributable to the unfavorable impact of the ongoing difficult global economic environment as lower sales were recorded in all watch categories when compared to the prior year period.

Net sales in the U.S. wholesale segment were \$22.7 million, below prior year by \$14.5 million or 38.9%. Excluding \$4.3 million of liquidation of excess discontinued inventory in the current year period, net sales in the U.S. wholesale segment were \$18.4 million, or below prior year by 50.4%. The decrease in U.S. wholesale net sales was primarily attributable to the unfavorable impact of the ongoing difficult U.S. economic environment as lower sales were recorded in all watch categories when compared to the prior year period.

Net sales in the international wholesale segment were \$29.1 million, below prior year by \$19.0 million or 39.4%. The decrease in international wholesale net sales was primarily attributable to the unfavorable impact of the ongoing difficult global economic environment as lower sales were recorded in all watch categories when compared to the prior year period. As a result of the strong U.S. dollar and the translation from the international subsidiaries' financial results, the effect of foreign currency reduced net sales in the three months ended April 30, 2009 by \$3.9 million.

Net sales in the retail segment were \$15.7 million, below prior year by \$0.4 million or 2.2%. The decrease in sales was the net result of lower sales in the Movado Boutiques, partially offset by higher sales in the outlet stores. The decrease in Movado Boutique sales was primarily attributable to the ongoing difficult U.S. economic environment. The increase in sales in the Company's outlet stores was primarily attributed to in-store promotions in effect during the three months ended April 30, 2009 as consumers were drawn to the lower prices of outlet shopping in the midst of the troubled economy. As of April 30, 2009, the Company operated 27 Movado Boutiques and 31 outlet stores.

Gross Profit. Gross profit for the three months ended April 30, 2009 was \$37.0 million or 54.8% of net sales as compared to \$65.0 million or 64.2% of net sales for the three months ended April 30, 2008. The gross margin percentage was negatively impacted during the three months ended April 30, 2009 by \$4.3 million of liquidation sales of excess discontinued inventory. Excluding the sales of excess discontinued inventory recorded in the current year, the gross margin percentage for the three months ended April 30, 2009 was 59.7%. The decrease in gross profit of \$28.0 million was primarily attributable to the decrease in sales volume year-over-year. The decrease in gross margin percentage was driven by the unfavorable impact of foreign exchange on the Company's international business, lower margins in the retail segment resulting from in-store promotions in effect during the three months ended April 30, 2009 and the mix of sales by business as the high margin accessible luxury category represented a lower percentage of total sales year-over-year.

Selling, General and Administrative ("SG&A"). SG&A expenses for the three months ended April 30, 2009 were \$48.1 million as compared to \$63.4 million for the three months ended April 30, 2008, representing a decrease of \$15.3 million or 24.1%. The decrease in SG&A expenses was as a result of the Company's initiatives to streamline operations and reduce expenses, which included lower marketing expenses for the three months ended April 30, 2009 of \$6.2 million, lower payroll and related expenses of \$4.8 million which were primarily the result of headcount reductions and lower travel and related expenses of \$1.2 million. Additionally, as a result of the stronger U.S. dollar when compared to the prior year period and the translation of the Company's foreign subsidiaries' results, the effect of foreign currency favorably impacted SG&A expenses for the three months ended April 30, 2009 by \$1.3 million.

Wholesale Operating Income / (Loss). Operating loss of \$7.5 million was recorded in the wholesale segment for the three months ended April 30, 2009 compared to operating income of \$4.6 million recorded for the three months ended April 30, 2008. The \$12.1 million decrease in profit was the net result of a decrease in gross profit of \$26.4 million partially offset by a decrease in SG&A expenses of \$14.3 million. The decrease in gross profit of \$26.4 million was primarily attributed to the decrease in sales year-over-year resulting from the ongoing difficult global economic environment. The decrease in SG&A expenses of \$14.3 million was driven by lower marketing expenses of \$5.8 million, lower payroll and related expenses of \$4.5 million and lower travel and related expenses of \$1.2 million. Additionally, as a result of the stronger U.S. dollar when compared to the prior year period and the translation of the Company's foreign subsidiaries' results, the effect of foreign currency favorably impacted SG&A expenses for the three months ended April 30, 2009 by \$1.3 million.

Retail Operating Loss. Operating losses of \$3.6 million and \$3.0 million were recorded in the retail segment for the three months ended April 30, 2009 and 2008, respectively. The \$0.6 million increase in the loss was the net result of a decrease in gross profit of \$1.6 million, partially offset by a decrease in SG&A expenses of \$1.0 million. The decrease in gross profit was primarily attributable to the decrease in gross profit percentage year-over-year resulting from in-store promotions in effect during the current year period. The decrease in SG&A expenses was primarily the result of the Company's initiatives to streamline operations and reduce expenses, resulting in lower marketing expenses of \$0.4 million and lower payroll and related expenses of \$0.3 million when compared to the prior year.

Interest Expense. Interest expense for the three months ended April 30, 2009 and 2008 was \$0.5 million and \$0.7 million, respectively. Interest expense declined due to a lower average borrowing rate somewhat offset by higher average borrowings. Average borrowings were \$65.0 million at an average borrowing rate of 3.0% for the three months ended April 30, 2009 compared to average borrowings of \$58.7 million at an average borrowing rate of 4.6% for the three months ended April 30, 2008.

Interest Income. Interest income was \$0.1 million for the three months ended April 30, 2009 as compared to \$1.0 million for the three months ended April 30, 2008. The lower interest income is attributed to less cash invested and a lower average interest rate earned year-over-year.

Income Taxes. The Company recorded a tax benefit of \$2.7 million and a tax expense of \$0.6 million for the three months ended April 30, 2009 and 2008, respectively. Taxes for the three month period ended April 30, 2009 reflected a 23.3% effective tax rate including adjustments resulting in a charge of \$0.1 million. Taxes for the three months ended April 30, 2008 reflected a 30.4% effective tax rate including adjustments resulting in a charge of \$0.2 million.

Net Income / (Loss). For the three months ended April 30, 2009, the Company recorded a net loss of \$9.0 million as compared to net income of \$1.2 million for the three months ended April 30, 2008.

LIQUIDITY AND CAPITAL RESOURCES

Cash used in operating activities was \$11.4 million and \$25.1 million for the three months ended April 30, 2009 and 2008, respectively. The cash used in operating activities for the three months ended April 30, 2009 was primarily the result of the net loss for the period and an inventory build of \$10.6 million. This was partially offset by a reduction in accounts receivable of \$10.7 million. The cash used in operating activities for the three months ended April 30, 2008 was primarily the result of an inventory build of \$21.6 million. The increase in inventory in the current period reflects the unanticipated sales decline during the second half of fiscal 2009 as retailers continue to tighten their inventory controls as a result of the difficult global economic environment. Due to the lead times required when purchasing inventory, orders were placed well in advance of the downturn in the economy that began during the third fiscal quarter in the prior year. The decrease in sales volumes that resulted from the economic downturn caused these purchased goods to remain in inventory. The increase in

inventory in the prior year period reflected the historic pattern of the Company funding its working capital needs based on the seasonal nature of the business.

Cash used in investing activities amounted to \$1.2 million and \$6.4 million for the three months ended April 30, 2009 and 2008, respectively. The cash used during both periods consisted of capital expenditures which included the acquisition of computer hardware and software in conjunction with the development and implementation of the new SAP enterprise resource planning system. Capital expenditures in the prior year period also included spending related to the expansion and renovation of retail stores and construction of booths used at the Baselworld watch and jewelry show.

Cash used in financing activities amounted to \$1.4 million and \$16.1 million for the three months ended April 30, 2009 and 2008, respectively. Cash used in financing activities for the current period was primarily to pay dividends that were declared in the prior quarter. Cash used in financing activities for the prior period was primarily used to repurchase stock, pay down long-term debt and to pay out dividends. In the prior period, cash used in financing activities was partially offset by additional bank borrowings.

On June 5, 2009, the Company, together with Movado Group Delaware Holdings Corporation, Movado Retail Group, Inc. and Movado LLC (together with the Company, the "Borrowers"), each a wholly-owned domestic subsidiary of the Company, entered into a Loan and Security Agreement (the "Loan Agreement") with Bank of America, N.A. as agent (in such capacity, the "Agent") and lender thereunder. The Loan Agreement provides for a \$50.0 million asset based senior secured revolving credit facility (the "Facility"), including a \$15.0 million letter of credit subfacility, that matures on June 5, 2012.

Availability is determined by reference to a borrowing base which is based on the sum of a percentage of eligible accounts receivable and eligible inventory of the Borrowers. In addition, until the date (the "Block Release Date") on which the Borrowers have achieved for a four fiscal quarter period a consolidated fixed charge coverage ratio of at least 1.25 to 1.0 and domestic EBITDA greater than zero, \$10.0 million of availability under the Facility will be blocked. The amount of the availability block will be reduced by the amount that the borrowing base exceeds \$50.0 million, up to a maximum \$7.5 million reduction. Availability under the Facility may be further reduced by certain reserves established by the agent in its good faith credit judgment.

As of June 5, 2009, \$40.0 million in loans were drawn under the Facility, which were used, in part, to repay amounts outstanding under the Company's former U.S. credit facility with JPMorgan Chase Bank, N.A. ("JPM Chase") (the "Former US Facility"), which was terminated. In addition, approximately \$1.5 million in letters of credit were issued, which were used to backstop letters of credit and other obligations outstanding in connection with the Former US Facility. As of June 5, 2009, total availability under the Facility, giving effect to the availability block, the \$40.0 million borrowing and the letters of credit, was \$6.0 million.

Borrowings under the Facility bear interest at rates selected periodically by the Company at LIBOR (subject to a floor of 2.0% per annum) plus 4.50% per annum or a base rate plus 3.50% per annum. The Company has also agreed to pay certain fees and expenses and provide certain indemnities, all of which are customary for such financings.

The borrowings under the Facility are joint and several obligations of the Borrowers and also cross-guaranteed by each Borrower. In addition, the Borrowers' obligations under the Facility are secured by first priority liens, subject to permitted liens, on substantially all of the Borrowers' U.S. assets other than certain excluded assets.

The Loan Agreement contains affirmative and negative covenants binding on the Borrowers and their subsidiaries that are customary for asset based facilities, including restrictions and limitations on the incurrence of debt for borrowed money and liens, dispositions of assets of the Borrowers, capital expenditures, dividends

and other payments in respect of equity interests, the making of loans and equity investments, prepayments of subordinated and certain other debt, mergers, consolidations, liquidations and dissolutions, and transactions with affiliates.

Prior to the Block Release Date, if borrowing availability is less than \$7.5 million or an event of default occurs, Borrowers will be subject to a minimum EBITDA covenant. After the Block Release Date, if borrowing availability is less than \$10.0 million or an event of default occurs, Borrowers will be subject to a minimum fixed charge coverage ratio. In addition, the Borrowers' deposit accounts will be subject to cash dominion if the Borrowers fail to meet these borrowing availability thresholds (which will be reduced for purposes of the cash dominion covenant by the amount that the borrowing base exceeds \$50.0 million, up to a maximum \$5.0 million reduction). As of June 5, 2009, the Borrowers were subject to the minimum EBITDA covenant and were in compliance thereunder.

The Loan Agreement contains events of default that are customary for facilities of this type, including, but not limited to, nonpayment of principal, interest, fees and other amounts when due, failure of any representation or warranty to be true in any material respect when made or deemed made, violation of covenants, cross default, material judgments, material ERISA liability, bankruptcy events, material loss of collateral in excess of insured amounts, asserted or actual revocation or invalidity of the loan documents, change of control and events or circumstances having a material adverse effect.

During fiscal 1999, the Company issued \$25.0 million of Series A Senior Notes ("Series A Senior Notes") under a Note Purchase and Private Shelf Agreement, dated November 30, 1998 and amended on June 5, 2008 (as amended, the "First Amended 1998 Note Purchase Agreement"), between the Company and The Prudential Insurance Company of America ("Prudential"). These notes bore interest of 6.90% per annum, were due to mature on October 30, 2010 and were subject to annual repayments of \$5.0 million commencing October 31, 2006. These notes contained various financial covenants including an interest coverage ratio and maintenance of consolidated net worth and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. As of April 30, 2009, \$10.0 million of the Series A Senior Notes were issued and outstanding. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under the Series A Senior Notes were paid in full, and the First Amended 1998 Note Purchase Agreement was terminated.

As of March 21, 2004, the Company amended its Note Purchase and Private Shelf Agreement, originally dated March 21, 2001 (as amended, the "First Amended 2001 Note Purchase Agreement"), among the Company, Prudential and certain affiliates of Prudential (together, the "Purchasers"). This agreement allowed for the issuance of senior promissory notes in the aggregate principal amount of up to \$40.0 million with maturities up to 12 years from their original date of issuance. On October 8, 2004, the Company issued, pursuant to the First Amended 2001 Note Purchase Agreement, 4.79% Senior Series A-2004 Notes due 2011 (the "Senior Series A-2004 Notes") in an aggregate principal amount of \$20.0 million, which were to mature on October 8, 2011 and were subject to annual repayments of \$5.0 million commencing on October 8, 2008. Proceeds of the Senior Series A-2004 Notes have been used by the Company for capital expenditures, repayment of certain of its debt obligations and general corporate purposes. These notes contained certain financial covenants, including an interest coverage ratio and maintenance of consolidated net worth and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. On June 5, 2008, the Company amended the First Amended 2001 Note Purchase Agreement (as amended, the "Second Amended 2001 Note Purchase Agreement"), with Prudential and the Purchasers. As of April 30, 2009, \$15.0 million of the Senior Series A-2004 Notes were issued and outstanding. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under the Senior Series A-2004 Notes were paid in full, and the Second Amended 2001 Note Purchase Agreement was terminated.

The credit agreement dated as of December 15, 2005, as amended, by and between the Company as parent guarantor, its Swiss subsidiaries, MGI Luxury Group S.A., Movado Watch Company SA, Concord Watch Company S.A. and Ebel Watches S.A. as borrowers, and JPMorgan Chase Bank, N.A. ("Chase"), JPMorgan Securities, Inc., Bank of America, N.A., PNC Bank and Citibank, N.A. (as amended, the "Swiss Credit Agreement"), provided for a revolving credit facility of 33.0 million Swiss francs and was to mature on December 15, 2010. The obligations of the Company's Swiss subsidiaries under this credit agreement were guaranteed by the Company under a Parent Guarantee, dated as of December 15, 2005, in favor of the lenders. The Swiss Credit Agreement contained financial covenants, including an interest coverage ratio, average debt coverage ratio and limitations on capital expenditures and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. Borrowings under the Swiss Credit Agreement bore interest at a rate equal to LIBOR (as defined in the Swiss Credit Agreement) plus a margin ranging from .50% per annum to .875% per annum (depending upon a leverage ratio). As of April 30, 2009, there were no outstanding borrowings under this former facility. Upon entering the Loan Agreement on June 5, 2009, the Swiss Credit Agreement was terminated.

The credit agreement dated as of December 15, 2005, as amended, by and between the Company, MGI Luxury Group S.A. and Movado Watch Company SA, as borrowers, and Chase, JPMorgan Securities, Inc., Bank of America, N.A., PNC Bank, Bank Leumi and Citibank, N.A. (as amended, the "Former US Credit Agreement"), provided for a revolving credit facility of \$90.0 million (including a sublimit for borrowings in Swiss francs of up to an equivalent of \$25.0 million) with a provision to allow for a further increase of up to an additional \$10.0 million, subject to certain terms and conditions. The Former US Credit Agreement was to mature on December 15, 2010. The obligations of MGI Luxury Group S.A. and Movado Watch Company SA were guaranteed by the Company under a Parent Guarantee, dated as of December 15, 2005, in favor of the lenders. The obligations of the Company were guaranteed by certain domestic subsidiaries of the Company under subsidiary guarantees, in favor of the lenders. The Former US Credit Agreement contained financial covenants, including an interest coverage ratio, average debt coverage ratio and limitations on capital expenditures and certain non-financial covenants that restricted the Company's activities regarding investments and acquisitions, mergers, certain transactions with affiliates, creation of liens, asset transfers, payment of dividends and limitation of the amount of debt outstanding. Borrowings under the Former US Credit Agreement bore interest, at the Company's option, at a rate equal to the adjusted LIBOR (as defined in the Former US Credit Agreement) plus a margin ranging from .50% per annum to .875% per annum (depending upon a leverage ratio), or the Alternate Base Rate (as defined in the Former US Credit Agreement). As of April 30, 2009, \$40.0 million was outstanding under this former credit facility. Upon entering the Loan Agreement on June 5, 2009, all outstanding amounts and related fees due under this revolving credit facility were paid in full, and the Former US Credit Agreement was terminated.

On June 16, 2008, the Company renewed a line of credit letter agreement with Bank of America and an amended and restated promissory note in the principal amount of up to \$20.0 million payable to Bank of America, originally dated December 12, 2005. The Company's obligations under the agreement were guaranteed by its subsidiaries, Movado Retail Group, Inc. and Movado LLC. The maturity date was to be June 16, 2009. The amended and restated promissory note contained various representations and warranties and events of default that are customary for instruments of that type. As of April 30, 2009, there were no outstanding borrowings against this line. Upon entering the Loan Agreement on June 5, 2009, this uncommitted line of credit agreement was terminated.

On July 31, 2008, the Company renewed a promissory note, originally dated December 13, 2005, in the principal amount of up to \$37.0 million, at a revised amount of up to \$7.0 million, payable to Chase. Pursuant to the promissory note, the Company promised to pay Chase \$7.0 million, or such lesser amount as may then be the unpaid balance of each loan made or letter of credit issued by Chase to the Company thereunder, upon the maturity date of July 31, 2009. The promissory note bore interest at an annual rate equal to (i) a floating rate

equal to the prime rate, (ii) a fixed rate equal to an adjusted LIBOR plus 0.625% or (iii) a fixed rate equal to a rate of interest offered by Chase from time to time on any single commercial borrowing. The promissory note contained various events of default that are customary for instruments of that type. In addition, it was an event of default for any security interest or other encumbrance to be created or imposed on the Company's property, other than as permitted in the lien covenant of the Former US Credit Agreement. As of April 30, 2009, there were no outstanding borrowings against this promissory note. Upon entering the Loan Agreement on June 5, 2009, this uncommitted line of credit agreement was terminated.

A Swiss subsidiary of the Company maintains unsecured lines of credit with an unspecified length of time with a Swiss bank. Available credit under these lines totaled 8.0 million Swiss francs, with dollar equivalents of \$7.0 million and \$7.7 million at April 30, 2009 and 2008, respectively. As of April 30, 2009, two European banks have guaranteed obligations to third parties on behalf of two of the Company's foreign subsidiaries in the amount of \$1.3 million in various foreign currencies. As of April 30, 2009, there were no outstanding borrowings against these lines.

For the three months ended April 30, 2009, the calculation of the financial covenants for the Series A Senior Notes, Senior Series A-2004 Notes, the Swiss Credit Agreement and Former US Credit Agreement (together the "Debt Facilities") were as follows (dollars in thousands):

Covenant	Required Senior Notes	Required Credit Facilities	Actual April 30, 2009
Interest Coverage Ratio	Min. 3.50x	Min. 3.50x	-4.29x
Average Debt Coverage Ratio	Max. 3.25x	Max. 3.25x	5.79x
Capital Expenditures Limit	n/a	\$47,319	\$1,193
Priority Debt Limit	\$77,378	n/a	\$40,000
Lien Limit	\$77,378	n/a	\$-

As of April 30, 2009, the Company was in compliance with all non-financial covenants under the Debt Facilities. Due to the reported financial results for the rolling twelve month period ended April 30, 2009, the Company was in compliance with all financial covenants with the exception of the interest coverage ratio and the average debt coverage ratio covenants under these Debt Facilities. The financial results used in the calculations of these covenants included certain charges recorded in fiscal 2009 for severance related costs associated with the Company's expense reduction initiatives and a restructuring of certain benefit arrangements of \$11.1 million and for asset impairments of \$4.5 million. As a result of these charges as well as the Company's projections in light of the global economic downturn, without an amendment or waiver, the Company believes that it would have continued to be in non-compliance with the interest coverage ratio and the average debt coverage ratio covenants, and potentially additional financial covenants under the Debt Facilities, for the upcoming rolling twelve months reporting periods in fiscal year 2010. The Company had not requested a waiver, as it entered into the Loan Agreement discussed in more detail above and terminated the relevant agreements, repaying all outstanding amounts under those agreements.

As a result of the Company's non-compliance with the interest coverage ratio and the average debt coverage ratio covenants, amounts owed under the Debt Facilities had been reclassified to current liabilities. Based on the provisions of the Loan Agreement, any amounts outstanding under the Facility will continue to be classified as current liabilities.

The Company paid dividends of \$0.05 per share or approximately \$1.2 million for the three months ended April 30, 2009, which were declared in the prior quarter, and \$0.08 per share or approximately \$2.0 million for the three months ended April 30, 2008. On April 9, 2009, the Company announced that its Board of Directors has

decided to discontinue the quarterly cash dividend. This decision was based on the Company's desire to retain capital during the current challenging economic environment. Under the Loan Agreement, dividends are prohibited until the achievement of certain financial covenants.

Cash at April 30, 2009 amounted to \$74.6 million compared to \$127.5 million at April 30, 2008. The decrease in cash is primarily the result of cash used to fund operations and for capital expenditures. In the prior year, cash was also used to pay down long-term debt and for the share repurchase programs. The decrease from the prior year was somewhat offset by additional bank borrowings.

Although management believes that the cash on hand and the cash from conversion of working capital will be sufficient to meet the needs of its business for the foreseeable future, obtaining the \$50.0 million asset-based Facility provided additional flexibility in meeting the Company's liquidity needs.

Off-Balance Sheet Arrangements

The Company does not have off-balance sheet financing or unconsolidated special-purpose entities.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Foreign Currency and Commodity Price Risk

A significant portion of the Company's purchases are denominated in Swiss francs. The Company reduces its exposure to the Swiss franc exchange rate risk through a hedging program. Under the hedging program, the Company manages most of its foreign currency exposures on a consolidated basis, which allows it to net certain exposures and take advantage of natural offsets. The Company uses various derivative financial instruments to further reduce the net exposures to currency fluctuations, predominately forward and option contracts. These derivatives either (a) are used to hedge the Company's Swiss franc liabilities and are recorded at fair value with the changes in fair value reflected in earnings or (b) are documented as cash flow hedges with the gains and losses on this latter hedging activity first reflected in other comprehensive income, and then later classified into earnings in accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended by SFAS No. 137, SFAS No. 138 and SFAS No. 149. In both cases, the earnings impact is partially offset by the effects of currency movements on the underlying hedged transactions. If the Company did not engage in a hedging program, any change in the Swiss franc to local currency would have an equal effect on the Company's cost of sales. In addition, the Company hedges its Swiss franc payable exposure with forward contracts. As of April 30, 2009, the Company's entire net forward contracts hedging portfolio consisted of 69.0 million Swiss francs equivalent for various expiry dates ranging through November 19, 2009. If the Company were to settle its Swiss franc forward contracts at April 30, 2009, the net result would have been a gain of \$0.1 million, net of tax of \$0.1 million. As of April 30, 2009, the Company had no Swiss franc option contracts related to cash flow hedges.

The Company's Board of Directors authorized the hedging of the Company's Swiss franc denominated investment in its wholly-owned Swiss subsidiaries using purchase options under certain limitations. These hedges are treated as net investment hedges under SFAS No. 133. As of April 30, 2009, the Company did not hold a purchased option hedge portfolio related to net investment hedging.

Commodity Risk

Additionally, the Company has the ability under the hedging program to reduce its exposure to fluctuations in commodity prices, primarily related to gold used in the manufacturing of the Company's watches. Under this hedging program, the Company can purchase various commodity derivative instruments, primarily future contracts. These derivatives are documented as SFAS No. 133 cash flow hedges, and gains and losses on these derivative instruments are first reflected in other comprehensive income, and later reclassified into earnings, partially offset by the effects of gold market price changes on the underlying actual gold purchases. The Company did not hold any future contracts in its gold hedge portfolio related to cash flow hedges as of April 30, 2009, thus any changes in the gold price will impact the Company's cost of sales.

Debt and Interest Rate Risk

In addition, the Company has certain debt obligations with variable interest rates, which are based on LIBOR plus a fixed additional interest rate. The Company does not hedge these interest rate risks. The Company also has certain debt obligations with fixed interest rates. The differences between the market based interest rates at April 30, 2009, and the fixed rates were unfavorable. The Company believes that a 1% change in interest rates would affect the Company's net income by approximately \$0.4 million.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company, under the supervision and with the participation of its management, including the Chief Executive Officer and the Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures, as such terms are defined in Rule 13a-15(e) under the Securities Exchange Act, as amended. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective at a reasonable assurance level as of the end of the period covered by this report.

The Company's disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives, and the Company's Chief Executive Officer and Chief Financial Officer have concluded that such disclosure controls and procedures are effective at that reasonable assurance level. However, it should be noted that a control system, no matter how well conceived or operated, can only provide reasonable, not absolute, assurance that its objectives will be met and may not prevent all errors or instances of fraud.

Changes in Internal Control Over Financial Reporting

During the three months ended April 30, 2009, the Company implemented an ERP system in all of its businesses to support the Company's business plan. Implementing an ERP system on a global basis involves significant changes in business processes and extensive personnel training. The Company believes it has taken the necessary steps to monitor and maintain its internal control baseline upon go-live, deploying qualified resources to mitigate internal control risks and performing pre-implementation testing and verification to ensure data integrity.

Moreover, the Company believes its process owners understand the controls they are expected to perform as part of the utilization of the new system.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

From time to time the Company is involved in routine litigation incidental to the conduct of its business as both plaintiff and defendant, including proceedings to protect its trademark rights, collection actions against customers for the non-payment of goods sold and litigation with present and former employees. Although litigation with present and former employees is routine and incidental to the conduct of the Company's business, as well as for any business employing significant numbers of U.S.-based employees, such litigation can sometimes result in large monetary awards when a civil jury is allowed to determine compensatory and/or punitive damages.

In the case of *Bertha V. Norman, et al. v. Movado Company Store*, United States District Court, Central District of California, 2008-cv-6691, plaintiffs seek unspecified damages based on alleged claims against Movado Retail Group, Inc. ("MRG") for: failure to allow meal periods and rest periods; failure to pay minimum wages and overtime wages; failure to provide itemized wage statements; violation of the California business and professions code; and failure to pay wages due at termination and seeking waiting time penalties pursuant to the California labor code. The complaint, originally filed in California state court, was served on MRG in September, 2008. MRG removed the case to Federal court in October 2008. MRG has denied plaintiff's allegations and intends to vigorously defend the case. The Company believes that the outcome of this claim, and all other pending legal proceedings in the aggregate, will not have a material adverse effect on the Company's business or consolidated financial statements.

Item 1A. Risk Factors

As of April 30, 2009, there have been no material changes to any of the risk factors previously reported in the Annual Report on Form 10-K for the fiscal year ended January 31, 2009.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On December 4, 2007, the Board of Directors authorized a program to repurchase up to one million shares of the Company's Common Stock. Shares of Common Stock were repurchased from time to time as market conditions warranted either through open market transactions, block purchases, private transactions or other means. The objective of the program was to reduce or eliminate earnings per share dilution caused by the shares of Common Stock issued upon the exercise of stock options and in connection with other equity based compensation plans. As of April 14, 2008, the Company had completed the one million share repurchase in the first quarter of fiscal 2009, at a total cost of approximately \$19.4 million, or \$19.41 per share.

On April 15, 2008, the Board of Directors announced a new authorization to repurchase up to an additional one million shares of the Company's Common Stock. Under this authorization, the Company has the option to repurchase shares over time, with the amount and timing of repurchases depending on market conditions and corporate needs. The Company entered into a Rule 10b5-1 plan to facilitate repurchases of its shares under this authorization. A Rule 10b5-1 plan permits a company to repurchase shares at times when it might otherwise be prevented from doing so, provided the plan is adopted when the company is not aware of material non-public information. The Company may suspend or discontinue the repurchase of stock at any time. Under this share repurchase program, the Company had repurchased a total of 937,360 shares of Common Stock in the open market during the first and second quarters of fiscal year 2009 at a total cost of approximately \$19.5 million or \$20.79 per share. During the three months ended April 30, 2009, the Company has not repurchased shares of Common Stock.

An aggregate of 5,683 shares have been repurchased during the three months ended April 30, 2009 as a result of the surrender of shares in connection with the vesting of certain restricted stock awards. At the election of an

employee, shares having an aggregate value on the vesting date equal to the employee's withholding tax obligation may be surrendered to the Company.

The following table summarizes information about the Company's purchases for the period ended April 30, 2009 of equity securities that are registered by the Company pursuant to Section 12 of the Securities Exchange Act of 1934:

Issuer Repurchase of Equity Securities				
Period	Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
February 1, 2009 - February 28, 2009	2,835	\$ 7.29	-	62,640
March 1, 2009 - March 31, 2009	2,848	\$ 8.24	-	62,640
April 1, 2009 - April 30, 2009	-	\$ 0.00	-	62,640
Total	5,683	\$ 7.77	-	62,640

Item 6. Exhibits

31.1 Certification of the Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

31.2 Certification of the Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

32.1 Certification of Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

32.2 Certification of Chief Financial Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
