Item 8.01 Other Events.

On December 1, 2010, Celsion Corporation (the “Company”) made available to its investors an investor presentation (the “Investor Presentation”) on the “investor’s corner” page of the Company’s website at <http://www.celsion.com/events.cfm>.

A copy of the Investor Presentation is filed herewith as Exhibit 99.1 and is incorporated herein by reference.

Forward-Looking Statements

Statements and terms used in the Investor Presentation such as “expect,” “anticipate,” “estimate,” “plan,” “believe” and words similar import regarding the Company’s expectations as to the development and effectiveness of its technologies, the potential demand for our products, and other aspects of our present and future business operations, constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Although we believe that our expectations are based on reasonable assumptions within the bounds of our knowledge of our industry, business and operations, we cannot guarantee that actual results will not differ materially from our expectations. In evaluating such forward-looking statements, readers should specifically consider the various factors contained in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2009 including, without limitation, unforeseen changes in the course of research and development activities and in clinical trials; possible changes in cost and timing of development and testing, capital structure, and other financial items; changes in approaches to medical treatment; introduction of new products by others; possible acquisitions of other technologies, assets or businesses; and possible actions by customers, suppliers, competitors and regulatory authorities. These and other risks and uncertainties could cause actual results to differ materially from those indicated by such forward-looking statements, including those set forth under the headings “Risk Factors” and “Forward-Looking Statements” in our Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q.

The discussion of risks and uncertainties set forth in reports on Form 10-Q and Form 10-Q as well as in other filings with the Securities and Exchange Commission is not necessarily a complete or exhaustive list of all risks facing the Company at any particular point in time. We operate in a highly competitive, highly regulated and rapidly changing environment and our business is in a state of evolution. Therefore, it is likely that new risks will emerge, and that the nature and elements of existing risks will change, over time. It is not possible for management to predict all such risk factors or changes therein, or to assess either the impact of all such risk factors on our business or the extent to which any individual risk factor, combination of factors, or new or altered factors, may cause results to differ materially from those contained in any forward-looking statement. We disclaim any obligation to revise or update any forward-looking statement that may be made from time to time by us or on our behalf.
