If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate)

(a) The reasons described in reasonable detail in Part III of this form could not be eliminated without unreasonable effort or expense;

(c) The accountant's statement or other exhibit required by Rule 12b 25(c) has been attached if applicable.

PART III NARRATIVE

State below in reasonable detail the reasons why Forms 10 K, 20 F, 11 K, 10 Q, N SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed period.

The Registrant has not been able to complete its financial statements and other required disclosures in sufficient time to file its third Quarterly Report on Form 10-Q by November 15, 2004, the required filing date, without unreasonable effort and expense. Contributing to this delay are the following facts: (i) the Registrant recently engaged new independent auditors who need sufficient time to complete their review; and (ii) the Registrant's decision to revise the estimated useful life of its seismic data from five years to four years for marine data and from seven years to four years for onshore data.

PART IV OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

Robert D. Monson, Chief Financial Officer and Secretary (713) 881-8900

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant's results of operations for the three months and nine months ended September 30, 2004, will be significantly lower than results of operations for the same periods in 2003 because of the 2004 change in estimated useful life of the Registrant's seismic data from five years to four years for marine data and from seven years to four years for onshore data. The Registrant's calculation of this accounting revision results in a before tax amortization charge of approximately \$60 million in the third quarter of 2004. Until the independent auditors complete their review, the Registrant does not believe it can make any further reasonable estimate of its third quarter 2004 results.
