2008 Semi-Annual Report
March 31, 2008

Ellsworth Fund Ltd. operates as a closed-end, diversified management investment company and invests primarily in convertible securities, with the objectives of providing income and the potential for capital appreciation ~ which objectives the Fund considers to be relatively equal, over the long-term, due to the nature of the securities in which it invests.

Highlights

Performance through March 31, 2008 with dividends reinvested

	Calendar YTD	1 Year	Annualized 5 Years	10 Years	10 Year Volatility
	-----	-----	-----	-----	-----
Ellsworth market price	(4.58)%	2.40%	7.18%	5.15%	7.62%

S&P 500 Index	(9.45)	(5.08)	11.30	3.50	18.95
Lehman Aggregate Bond Total Return Index .	2.17	7.67	25.12	79.71	3.85

The above data is from Bloomberg L.P. pricing service, with the exception of the Lehman Aggregate Bond Total Return Index which is from Lipper, Inc. Closed-End Fund Performance Analysis, dated March 31, 2008.

Ellsworth's performance in the table above has not been adjusted for the fiscal 2004 rights offering; net asset value dilution was 2.21%. Volatility is a measure of risk based on the standard deviation of the return. The greater the volatility, the greater the chance of a profit or risk of a loss. Performance data represent past results and do not reflect future performance.

 To Our Shareholders

May 9, 2008

In recent years financial innovations and alternative investments have come to provide many companies with a growing pool of capital available to meet their needs. These newer capital sources have often displaced convertible securities issued by companies that, in the past, would probably have used convertible securities for their needs. With the disruption in the financial markets of the last few months, however, these newer capital sources have become less available. Consequently many companies have returned, in a big way, to the convertible market. The return of these issuers is providing investors with large issues from well-known companies.

Recent offerings have attractive yields and premiums, and are welcome additions to the convertible universe. According to Merrill Lynch the convertible market has grown to \$321.3 billion from \$313.1 billion at December 31, 2007. The average weighted yield has moved up to 3.4% from under 3% last fall. The average weighted premium to conversion value is 43%, while it had been about 35% last fall, and it had risen to 47% earlier this year. Finally, parity delta (a measure of equity sensitivity) is at 63.8 according to Merrill Lynch. This metric indicates that the convertible market is still sensitive to moves in the stocks underlying these securities. We are convinced that this convertible market provides many investment opportunities for our Fund.

Performance in the Fund's second fiscal quarter was enhanced by its exposure to the Minerals and Mining, and Energy industries. Among the better performing issues in the portfolio were McMoRan Exploration Co. (Energy), Oil States International, Inc. (Energy) and St. Jude Medical, Inc. (Health Care). Performance was held back by exposure to the Insurance, Computer Software and Computer Hardware industries.

Ellsworth's market return, with dividends reinvested, outperformed the Merrill Lynch All Convertibles Index (the "Index") over the three-month and one-year periods ended March 31, 2008, while underperforming over the five- and ten-year periods. The Fund's NAV, also with dividends reinvested, after adjustment for fund expenses (the Index includes no expenses), and for the Fund's fiscal 2004 rights offer, outperformed over the one-, five- and ten-year periods. In addition, for the ten-year period, the Fund's NAV and market volatility, as measured by standard deviation, were substantially lower than that of the Index. Many market professionals consider the volatility of past returns to be a useful approximation of past levels of risk. A higher volatility level equates to a higher measure of risk, and thus the Fund's excellent results were achieved with less risk than that implied by the Index. This measure of historic results may not reflect future performance but we believe that it is informative. The Fund has sought to provide total returns to shareholders that compare favorably to those of the equity markets with less volatility.

There are many leveraged closed-end funds that make use of an issue known as Auction Rate Preferred Shares (ARPS). These shares are designed to have their dividend rate set through a periodic auction, usually every 7 to 35 days. When

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

a successful auction

continued on the following page

Page 1

To Our Shareholders (continued)

occurs, holders who wish to liquidate their holdings may do so. If the auction does not attract sufficient bids to clear the market, the remarketing agent (usually a bank) would generally step in to fill the gap. This was the way these shares worked with only an occasional auction failure for twenty years. During the first calendar quarter of 2008 many agents refused to step up and so the auctions failed. While this did not mean that the ARPS were in danger of default, holders who wished to liquidate their positions could not do so. The issuers had to pay a penalty rate until the auctions were successful or the ARPS redeemed. Ellsworth has never issued any preferred shares and so has not been subjected to the uncertainties created in the market by these recent events.

The results of the 2008 annual meeting of shareholders are shown in the Miscellaneous Notes section of this report. We thank you for your support. At its April meeting, the Board of Trustees declared a dividend of \$0.09 per share. The dividend consists of undistributed net investment income and will be payable on May 29, 2008 to shareholders of record on May 15, 2008.

Notes to Financial Statements (unaudited)

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(a) Organization - Ellsworth Fund Ltd. (the "Fund"), is registered under the Investment Company Act of 1940 as a diversified, closed-end management investment company.

(b) Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Indemnification - Under the Fund's organizational documents, each trustee, officer or other agent of the Fund (including the Fund's investment adviser) is indemnified against certain liabilities that may arise out of performance of

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss as a result of such indemnification is considered remote.

(d) Federal Income Taxes - The Fund's policy is to distribute substantially all of its taxable income within the prescribed time and to otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provision for federal income or excise taxes is believed necessary.

On July 13, 2006, the Financial Accounting Standards Board (FASB) released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax return to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. The interpretation became effective for tax years beginning after December 15, 2006. Management believes the adoption of FIN 48 will have no impact to the financial statements.

Notes to Financial Statements (continued)

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Security Valuation - Investments in securities traded on a national securities exchange are valued at market using the last reported sales price, supplied by an independent pricing service, as of the close of regular trading. Listed securities, for which no sales were reported, are valued at the mean between closing reported bid and asked prices as of the close of regular trading. Unlisted securities traded in the over-the-counter market are valued using an evaluated quote provided by the independent pricing service, or, if an evaluated quote is unavailable, such securities are valued using prices received from dealers, provided that if the dealer supplies both bid and asked prices, the price to be used is the mean of the bid and asked prices. The independent pricing service derives an evaluated quote by obtaining dealer quotes, analyzing the listed markets, reviewing trade execution data and employing sensitivity analysis. Evaluated quotes may also reflect appropriate factors such as individual characteristics of the issue, communications with broker-dealers, and other market data. Securities for which quotations are not readily available, restricted securities and other assets are valued at fair value as determined in good faith pursuant to procedures approved by the Board of Trustees. Short-term debt securities with original maturities of 60 days or less are valued at amortized cost.

(f) Securities Transactions and Related Investment Income - Security transactions are accounted for on the trade date (date the order to buy or sell is executed) with gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis, including accretion of discounts and amortization of non-equity premium. For certain securities, known

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

as "contingent payment debt instruments," Federal tax regulations require the Fund to record non-cash, "contingent" interest income in addition to interest income actually received. Contingent interest income amounted to 5 cents per share for the six months ended March 31, 2008. In addition, Federal tax regulations require the Fund to reclassify realized gains on contingent payment debt instruments to interest income. At March 31, 2008 there were unrealized losses of approximately 14 cents per share on contingent payment debt instruments.

(g) Change in Method of Accounting - Effective October 1, 2004, the Fund began amortizing discounts and premiums on all debt securities. Prior to October 1, 2004, the Fund amortized discounts on original issue discount debt securities. The new method of amortization was adopted in accordance with the provisions of the AICPA Audit and Accounting Guide, Audits of Investment Companies and the financial highlights presented herein have been restated to reflect the new method retroactive to October 1, 2001. The effect of this accounting change is included in the financial highlights for the years ended September 30, 2003 and 2004. The cumulative effect of this accounting change had no impact on the total net assets of the Fund or on distributions for tax purposes, but resulted in a \$79,579 increase in the cost of securities held and a corresponding \$79,579 reduction in the net unrealized gains based on the securities held on October 1, 2001. These changes had no effect on previously reported total net assets or total returns.

(h) Distributions to Shareholders - Distributions to shareholders from net investment income are recorded by the Fund on the ex-dividend date. Distributions from capital gains, if any, are recorded on the ex-dividend date and paid annually. The amount and character of income and capital gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The tax character of distributions paid during the fiscal years ended September 30, 2007 and 2006 were as follows:

	2007	2006
Ordinary Income	\$4,907,146	\$3,815,429
Net Realized Gain on Investments	3,293,707	--
	\$8,200,853	\$3,815,429
	\$8,200,853	\$3,815,429

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

At March 31, 2008 unrealized appreciation (depreciation) of investment securities on a tax basis were as follows:

Unrealized appreciation	\$ 6,165,115
Unrealized depreciation	(11,004,045)
	(4,838,930)
Cost for federal income tax purposes	\$116,155,447

(i) Market Risk - It is the Fund's policy to invest at least 65% of its assets

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, certain of the Fund's investments include features which render them more sensitive to price changes of their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but generally less than that of the underlying common stock. The market value of those securities was \$27,405,681 at March 31, 2008, representing 24.4% of net assets.

(j) Accounting Pronouncements - In September 2006, the Financial Accounting Standards Board (FASB) issued Statement on Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this Statement relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of March 31, 2008, the Fund does not believe the adoption of SFAS No. 157 will impact the financial statement amounts, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements on changes in net assets for the period.

NOTE 2 - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an investment advisory agreement with Davis-Dinsmore Management Company ("Davis-Dinsmore"). Pursuant to the investment advisory agreement, Davis-Dinsmore provides the Fund with investment advice, office space and facilities. Under the terms of the investment advisory agreement, the Fund pays Davis-Dinsmore on the last day of each month an advisory fee for such month computed at an annual rate of 0.75% of the first \$100,000,000 and 0.50% of the excess over \$100,000,000 of the Fund's net asset value in such month.

The Fund, pursuant to an administrative services agreement with Davis-Dinsmore, has agreed to pay Davis-Dinsmore for certain accounting and other administrative services provided to the Fund. Under the administrative services agreement, the Fund pays Davis-Dinsmore on the last day of each month a fee for such month computed at an annual rate of 0.05% of the Fund's net asset value in such month. Certain officers and trustees of the Fund are officers and directors of Davis-Dinsmore.

NOTE 3 - PORTFOLIO ACTIVITY

At March 31, 2008 there were 13,153,252 shares of beneficial interest outstanding, with a par value of \$0.01 per share. During the six months ended March 31, 2008, 494,154 were issued in connection with reinvestment of dividends from net investment income, resulting in an increase in paid-in capital of \$4,022,419.

Purchases and sales of investments, exclusive of corporate short-term notes, aggregated \$27,682,840 and \$42,488,427, respectively, for the six months ended March 31, 2008.

A distribution of \$0.09 per share, derived from net investment income was declared on April 14, 2008, payable May 29, 2008 to shareholders of record at the close of business May 15, 2008.

BOARD APPROVAL OF ADVISORY CONTRACT

The independent trustees of Ellsworth renewed the advisory contract with Davis-Dinsmore Management Company in October 2007. The following are the material factors and conclusions that formed the basis for that approval.

The nature and extent of the advisory services provided by Davis-Dinsmore. The Board (the "Board") of the Fund and the independent trustees reviewed the services to be provided by Davis-Dinsmore under the Advisory Agreement. The Board noted that under the Advisory Agreement, Davis-Dinsmore would supervise all aspects of the Fund's operations including the investment and reinvestment of cash, securities or other properties comprising the Fund's assets. In this regard, the Board noted that under the Advisory Agreement it is Davis-Dinsmore's responsibility to, among other things, (a) supervise all aspects of the operations of the Fund; (b) obtain and evaluate pertinent information about significant developments and economic, statistical and financial data, domestic, foreign or otherwise, whether affecting the economy generally or any industry or the Fund or any issuer of securities held or to be purchased by the Fund; (c) determine which issuers and securities shall be represented in the Fund's investment portfolio and regularly report thereon to the Board; (d) place orders for the purchase and sale of securities for the Fund; and (e) take, on behalf of the Fund, such other action as may be necessary or appropriate in connection with the above. Based on such review, both the Board and the independent trustees concluded that the range of services to be provided by Davis-Dinsmore under the Advisory Agreement was appropriate and that Davis-Dinsmore currently is providing services in accordance with the terms of the Advisory Agreement.

The quality of services provided by Davis-Dinsmore. In reviewing the qualifications of Davis-Dinsmore to provide investment advisory services, both the Board and the independent trustees reviewed the credentials and experience of Davis-Dinsmore's investment personnel who will provide investment advisory services to the Fund, and considered Davis-Dinsmore's (i) portfolio and product review process, particularly its adherence to the Fund's investment mandate, (ii) compliance function and its culture of compliance, (iii) use of technology, including the use, from time to time, of direct satellite links to issuer interviews and conferences, (iv) investment

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

research operations (which involves meetings with issuers and analysts, investment seminars and field trips to issuers, and the review of: (a) financial newspapers, industry literature, publications and periodicals, (b) research materials prepared by others, (c) issuer annual reports and prospectuses, and (d) issuer press releases) and trading operations (which involves computerized execution of orders), and (v) focus on providing quality services while keeping the Fund's fees and expenses as low as possible. The Board and the independent trustees also took into consideration the presentations made by Davis-Dinsmore at prior Board meetings pertaining to its management of the Fund. Based on the review of these and other factors, both the Board and the independent trustees determined and concluded that the quality of services to be provided by Davis-Dinsmore was appropriate and that Davis-Dinsmore currently is providing satisfactory services to the Fund in accordance with the terms of the Advisory Agreement.

The performance of the Fund relative to comparable funds. Both the Board and the independent trustees reviewed the performance of the Fund (at net asset value) during the past one, three, five and ten years ended September 30, 2007 against the performance of other closed-end funds categorized to be in the Fund's peer group by Lipper, Inc. Both the Board and the independent trustees noted that the Fund's performance for the three, five and ten year periods was below the average performance of all closed-end funds in the peer group, but was above the average performance of such funds for the one year period. In evaluating the Fund's performance against other funds in its peer group, the Board and the independent trustees took into account the fact that many of the Fund's competitors engage in leverage, which has increased their returns, but that the Fund does not engage in leverage. In addition,

Page 15

BOARD APPROVAL OF ADVISORY CONTRACT (continued)

the Board and the independent trustees recognized that many of the Fund's competitors have a higher percentage of their assets invested in securities with lower credit quality than does the Fund, and that such securities have performed better than higher quality securities in recent years. The Board and the independent trustees also noted that portfolio manager's investment approach is to make equity investments utilizing convertible securities to provide a total return similar to that of equity securities, but with lower volatility and higher income. The Board and the independent trustees recognized that only three of the funds in the Fund's peer group followed a similar investment approach. Because of the differences in how funds in the Fund's peer group are managed, the Board and the independent trustees concluded that they should consider the performance of the Fund against appropriate indices as a more relevant factor in assessing the performance of the Fund.

The performance of the Fund relative to indices. Both the Board and the independent trustees reviewed the performance of the Fund (at net asset value) during the past one, three, five and ten years ended September 30, 2007 against the performance of the Merrill Lynch All Convertibles Index and Merrill Lynch Investment Grade Convertibles Index. Both the Board and the independent trustees noted that, for the five and ten year periods, the Fund's performance was below the Merrill Lynch All Convertibles Index but was above such Index for the one and three year periods. The Board and the independent trustees also considered the fact that currently a majority of the securities held by the Fund have an investment grade rating or are of comparable quality to securities with investment grade ratings, and noted

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

that, for the one, three, five and ten year periods, the Fund's performance was above the Merrill Lynch Investment Grade Convertibles Index. Based on this review and taking into account all of the other factors that the Board and the independent trustees considered in determining whether to continue the Advisory Agreement, the Board and the independent trustees concluded that no changes should be made to the Fund's investment objective or policies, or the portfolio management team.

Meetings with the Fund's portfolio manager and investment personnel. Both the Board and the independent trustees noted that they meet regularly with the Fund's portfolio manager and investment personnel, and believe that such individuals are competent and able to carry out their responsibilities under the Advisory Agreement.

Overall performance of Davis-Dinsmore. After considering the overall performance of Davis-Dinsmore in providing investment advisory and administrative services to the Fund, both the Board and the independent trustees concluded that such performance was satisfactory.

Fees relative to those of clients of Davis-Dinsmore with comparable investment strategies. Both the Board and the independent trustees noted that the Fund and Bancroft Fund Ltd. (the "Funds") are the only clients of Davis-Dinsmore, and that the advisory fee rates for the Funds are the same. Both the Board and the independent trustees concluded that, because the fee rates are the same for the Funds, the current advisory fee rate of the Fund was fair as compared to the rate for Bancroft Fund Ltd.

Fees relative to those of comparable funds with other advisors. After reviewing the advisory fee rate for the Fund against the advisory fee rates for funds advised by other advisors in the Fund's peer group both the Board and the independent trustees determined that the Fund's advisory fee rate was at approximately the median of the funds in its peer group, and concluded that the current advisory fee rate of the Fund was fair and reasonable.

Expense limitations and fee waivers. Both the Board and the independent trustees noted that, although there are no contractual expense limitations or fee waivers in effect for the Fund, Davis-Dinsmore is very diligent in its efforts to keep expenses of the Fund as low as possible. Both the Board and the independent trustees also noted that the cost of compliance with regulatory initiatives was increasing. Both the Board and the independent trustees concluded that the current level of expenses for the Fund were fair and reasonable.

Breakpoints and economies of scale. Both the Board and the independent trustees reviewed the structure of the Fund's advisory fee under the Advisory Agreement, and noted that the fee includes one breakpoint when the Fund's assets reach \$100 million. Both the Board and the independent trustees noted that breakpoints had become effective for the Fund as a result of the Fund's rights offering that occurred during the 2004 fiscal year, which resulted in lower management fee expenses as a percentage of assets. Both the Board and the independent trustees concluded that the Fund's fee levels under the Advisory Agreement therefore reflect economies of scale and that it was not necessary to implement any further changes to the structure of the advisory fee for the Fund.

Profitability of Davis-Dinsmore. Both the Board and the independent trustees reviewed information concerning the profitability and financial condition of Davis-Dinsmore. In particular, the Board reviewed Davis-Dinsmore's financial statements including its statement of income and retained earnings, statement of cash flows, and audited balance sheet. The Board also reviewed Davis-Dinsmore's costs in providing services to the Funds. The Board noted that Davis-Dinsmore's sole source of revenue was fees from the Funds for providing advisory and administrative services to the Funds. The Board and the independent trustees noted that Davis-Dinsmore's operations remain profitable and that increasing the success of the Funds will positively impact Davis-Dinsmore's profitability. Based on the review of the profitability of Davis-Dinsmore and its financial condition, both the Board and the independent trustees concluded that the compensation to be paid by the Fund to Davis-Dinsmore under the Advisory Agreement was not excessive.

Benefits of soft dollars to Davis-Dinsmore. Both the Board and the independent trustees discussed the fact that there are no third-party soft dollar arrangements in effect with respect to the Fund. Both the Board and the independent trustees recognized that Davis-Dinsmore does receive proprietary research from brokers with whom it executes portfolio transactions on behalf of the Fund. This research is used by Davis-Dinsmore in making investment decisions for the Fund. Both the Board and the independent trustees also considered representations made by Davis-Dinsmore that portfolio transactions received best execution. Because such research ultimately benefits the Fund, the Board and the independent trustees concluded that it was appropriate to receive proprietary research.

Davis-Dinsmore's financial soundness in light of the Fund's needs. Both the Board and the independent trustees considered whether Davis-Dinsmore is financially sound and has the resources necessary to perform its obligations under the Advisory Agreement, and concluded that Davis-Dinsmore has the financial resources necessary to fulfill its obligations under the Advisory Agreement.

Historical relationship between the Fund and Davis-Dinsmore. In determining whether to continue the Advisory Agreement for the Fund, both the Board and the independent trustees also considered the prior relationship among Davis-Dinsmore and the Fund, as well as the independent

trustees' knowledge of Davis-Dinsmore's operations, and concluded that it was beneficial to maintain the current relationship, in part, because of such knowledge. Both the Board and the independent trustees also reviewed the general nature of the non-investment advisory services currently performed by Davis-Dinsmore, such as administrative services, and the fees received by Davis-Dinsmore for performing such services. In addition to reviewing such services, both the Board and the independent trustees also considered the organizational structure employed by Davis-Dinsmore to provide those services. Based on the review of these and other factors, both the Board and the independent trustees concluded that Davis-Dinsmore was qualified to provide non-investment advisory services to the Fund, including administrative services, and that Davis-Dinsmore currently is providing satisfactory non-investment advisory services to the Fund.

Other factors and current trends. Both the Board and the independent trustees considered the culture of compliance and high ethical standards at Davis-Dinsmore, and the efforts historically and currently undertaken by Davis-Dinsmore to engage in best practices. Both the Board and the independent trustees noted Davis-Dinsmore's historical adherence to compliance procedures, as well as the Fund's investment objectives, policies and restrictions. Both the Board and the independent trustees concluded that this commitment to adhere to the highest ethical standards was an important factor in their determination that they should approve the continuance of the Advisory Agreement for the Fund.

After considering all of the above factors and based on informed business judgment, the Board determined that the Advisory Agreement is in the best interests of the Fund and its shareholders and that the compensation to Davis-Dinsmore under the Advisory Agreement is fair and reasonable. As a result, the Board continued the Advisory Agreement.

MISCELLANEOUS NOTES (continued)

Disclosure of Portfolio Holdings to Broker-Dealers

From time to time, brokers with whom the Fund's Adviser, Davis-Dinsmore Management Company, has a pre-existing relationship, may request that Davis-Dinsmore disclose Fund portfolio holdings to such broker in advance of the public disclosure of such portfolio holdings. Davis-Dinsmore may make such disclosure under the following conditions: (i) the specific purpose of the disclosure is to assist Davis-Dinsmore in identifying potential investment opportunities for the Fund; (ii) prior to the receipt of nonpublic portfolio holdings, the broker, by means of e-mail or other written communication, shall agree to keep the nonpublic portfolio holdings confidential and not to use the information for the broker's own benefit, except in connection with the above described purpose for which it was disclosed; (iii) Davis-Dinsmore shall keep written records of its agreement with each broker to which it distributes nonpublic portfolio holdings; and (iv) Davis-Dinsmore will secure a new agreement with a broker any time the broker directs the nonpublic portfolio holdings to be sent to a new recipient.

The Fund is a member of the Closed-End Fund Association, a non-profit national trade association (www.cefa.com). Thomas H. Dinsmore is on the Executive Board and is president of the association. The association is solely responsible for the content of its website.

Pursuant to Section 23 of the Investment Company Act of 1940, notice is hereby given that the Fund may in the future purchase its own shares from time to time, at such times, and in such amounts, as may be deemed advantageous to the Fund. Nothing herein shall be considered a commitment to purchase such shares.

ITEM 11. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning controls and procedures

(a) As of June 5, 2008 an evaluation was performed under the supervision and with the participation of the officers of the Registrant, including the Principal Executive Officer ("PEO") and Principal Financial Officer ("PFO"), to assess the effectiveness of the Registrant's disclosure controls and procedures, as that term is defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act"), as amended. Based on that evaluation, as required by Rule 30a-3(b) under the Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Exchange Act (17 CFR 240.13a-15(b) or 240.15d-15(b)), the Registrant's officers, including the PEO and PFO, concluded that, as of June 5, 2008, the Registrant's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSRS

required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission; and (2) that material information relating to the Registrant is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

(b) There have been no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d)) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.
