PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS, APRIL 26, 2006

* * * * *

SOLICITATION AND VOTING

The enclosed proxy for the Annual Meeting of Shareholders (the “Annual Meeting”) to be held April 26, 2006, and any and all adjournments or postponements thereof, is solicited on behalf of the Board of Directors of the Company. This Proxy Statement, Notice of Meeting and accompanying proxy card are first being mailed to shareholders on or about March 24, 2006.

The Company will pay the expenses of this solicitation of proxies. It is expected that only solicitations by mail will be used, except that Directors, Officers or regular employees of the Company may (for no additional compensation) solicit proxies personally, by telephone or by facsimile. The Company may pay brokers and other custodians, nominees and fiduciaries their reasonable expenses for sending proxy material to principals and obtaining their proxies.

Only shareholders of record at the close of business on February 28, 2006, will be entitled to vote at the meeting. Each share is entitled to one vote. On that date, there were outstanding 30,727,004 shares of the Company’s common stock, \$0.01 par value (the “Common Stock”).

You may revoke your proxy at any time prior to the close of voting by filing a written notice with the Secretary of the Company. Properly executed proxies will be voted as specified, unless revoked. In the absence of such specification(s), shares will be voted **FOR** the election of the Class A nominees for the Board of Directors and **FOR** the one Class B nominee for the Board of Directors, **FOR** the approval of the Company’s Shareholder Value Added (SVA) Executive Officers Incentive Compensation Plan and **FOR** the ratification of Deloitte & Touche LLP as the Company’s independent auditors for the year ending December 31, 2006.

A majority of the shares entitled to vote, present in person or represented by proxy, shall constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum.

If a quorum is present, Directors will be elected by a plurality of the votes cast by the holders of Common Stock entitled to vote in the election at the Annual Meeting. “Plurality” means that the individuals who receive the largest number of votes with respect to each class of Director to be elected will be elected as Directors up to the maximum number of Directors to be chosen for each such class at the meeting. An abstention, broker non-vote or instructions on the proxy card to withhold a vote against a nominee are not given legal effect and are not counted as votes cast in an election of Directors. To approve the Company’s Shareholder Value Added (SVA) Executive Officers Incentive Compensation Plan (the “Plan”) and to ratify the selection of Deloitte & Touche LLP as the Company’s independent auditors for 2006, the number of votes cast in favor of each proposal must exceed the number of votes cast in opposition to it. Abstentions and broker non-votes do not constitute a vote for or against the approval of the Plan and the ratification of the selection of auditors and will be disregarded in the calculation of the votes cast.

PROPOSALS 1 AND 2: ELECTION OF DIRECTORS

The current three-year terms of the Class A Directors, James L. Packard, Henry W. Knueppel and Dean A. Foate, expire at the Annual Meeting. Unless otherwise directed, proxies will be voted at the Annual Meeting for the election of nominees Henry W. Knueppel and Dean A. Foate as Class A Directors for three-year terms expiring at the 2009 Annual Meeting and until their successors are duly elected, and James L. Packard as a Class B Director for a one-year term expiring at the 2007 Annual Meeting. All nominees are currently serving as Directors. Mr. Foate was appointed by the Board of Directors as a Class A Director in 2005 and was recommended for selection as a Director by the Corporate Governance and Director Affairs Committee to replace Frank E. Bauchiero, who retired on January 21, 2005. The Board unanimously appointed Mr. Foate on October 5, 2005. Other than for Mr. Packard's announced retirement on December 31, 2006, Management has no reason to believe that any of the foregoing nominees is not available or will not serve if elected, but if any of them should become so unavailable to serve as a Director, full discretion is reserved to the persons named as proxies to vote for such other persons as may be nominated. Each nominee and Director has consented to serve as a member of the Board of Directors. The Company currently has ten directors and the Board has taken action to automatically reduce the number of authorized directors to nine effective at the time of the Annual Meeting. Since the Company contemplates that there will only be eight directors in office following the Annual Meeting, it is the intent of the Board to further reduce the size of the Board to that number effective as of the Annual Meeting. As a result, the Board will have appointed Director nominees with respect to all open vacancies.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR EACH NAMED NOMINEE.

The following sets forth certain information concerning each nominee and each Director of the Company. Except as stated in the footnotes, the Directors or nominees exercise sole voting and investment power over the shares of Common Stock they beneficially own.

Corporate Governance

The Company is committed to good corporate governance practices. The Board of Directors has adopted a Code of Ethics and Code of Conduct which apply to the Company's directors, officers and employees. The Board believes these guidelines reflect a continuing commitment to implement appropriate principles of governance on behalf of the Company's shareholders. The Company reviews its guidelines and practices which will be modified or supplemented as appropriate. The current Corporate Governance Guidelines, including the Code of Ethics and Code of Conduct, are available on the Company's website at www.regal-beloit.com/governance.html and are available in print to any person who requests a copy by writing to: Secretary, REGAL-BELOIT CORPORATION, 200 State Street, Beloit, Wisconsin 53511. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this Proxy Statement.

The Company's Corporate Governance Guidelines provide that a majority of the members of the Board must be independent directors under the New York Stock Exchange ("NYSE") independence standards. For a Director to be deemed to be independent, the Director must satisfy the following requirements:

- Is not, or has not been within the last three years, an employee of the Company, or an immediate family member is not, or has not been within the last three years, an executive officer of the Company;
- Has not received, nor has an immediate family member received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than the standard compensation paid to directors generally (provided such compensation is not contingent in any way on continued service);
- Is not, or an immediate family member is not, a current partner of a firm that is the Company's internal or external auditors; is not a current employee of such a firm; does not have an immediate family member who is a current employee of such a firm and who participates in the firm's audit, tax compliance (but not tax planning) practice; or has not been, or an immediate family member has not been, within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;
- Has not been employed, or an immediate family member has not been employed, within the last three years, as an executive officer of another company where any of the Company's current executives serve or served on that company's compensation committee;
- Is not a current employee, or an immediate family member is not a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues; and
- Does not serve as an executive officer of a tax exempt organization if, within the preceding three years, contributions in any single fiscal year from the Company to the organization exceeded the greater of \$1 million, or 2% of such tax exempt organization's consolidated gross revenues.

An "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home. In addition to these standards, the Board must determine that there is no direct or indirect material relationship with the Company. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, unless the threshold requirements of the regulations of the Securities and Exchange Commission ("SEC") and NYSE listing standards apply. Based on these standards, the Board has affirmatively determined by resolution that Messrs. Coleman, Doerr, Foate, Graff, Fischer, McKay, Kasten and Stoelting have no material relationship with the Company, and, therefore, each is independent in accordance with the

NYSE independence standards. The Board will regularly review the continuing independence of the Directors.

Shareholder and Stakeholder Communications With the Board

Shareholders and stakeholders may contact an individual director, the Board as a group, or a specified Board committee or group, including the non-management directors as a group, by the following means:

Concerns about accounting or auditing matters or possible violations of the REGAL-BELOIT CORPORATION Code of Ethics should be reported pursuant to the procedures outlined in the Code of Conduct and in the Reporting Accounting and Ethical Concerns, which are available on the Company's website at www.regalbeloit.com/ethics.html.

The Non-Management Directors will have regularly scheduled sessions during the year without members of the Company's Management being present ("Executive Sessions"). The Executive Sessions may or may not be held in conjunction with regularly scheduled Board meetings. The "Presiding Director" of these Executive Sessions is rotated among the Board's committee chairpersons. Normally, members of the Company's senior executive management who are not members of the Board will participate in Board meetings to present information, make recommendations and be available for direct interaction with members of the Board.

2005 Committees of the Board

The standing committees of the Board of Directors are the Audit Committee, the Compensation and Human Resources Committee, and the Corporate Governance and Director Affairs Committee. Three meetings of the Compensation and Human Resources Committee were held during fiscal 2005. The Compensation and Human Resources Committee operates under an amended written charter adopted by the Board of Directors on April 22, 2004.

Corporate Governance and Director Affairs Committee. The current Corporate Governance and Director Affairs Committee consists of Directors G. Frederick Kasten, Jr., Chair, Stephen N. Graff, Thomas J. Fischer and Dean A.

Foate. All members of the Committee are independent as defined in the NYSE independence standards and the SEC regulations. The Committee develops and recommends to the Board corporate governance principles applicable to the Company, Director compensation and Board effectiveness evaluations. This Committee also serves as the Nominating Committee of the Board and is responsible for identifying and recommending to the Board candidates to fill interim and expiring Board vacancies. Four meetings of the Corporate Governance and Director Affairs Committee were held during fiscal 2005. The Corporate Governance and Director Affairs Committee operates under an amended written charter adopted by the Board of Directors on January 27, 2006, included as Appendix B to this Proxy Statement.

Other Information About The Board

The Board of Directors has the responsibility to elect the Officers, establish corporate policies and to oversee the overall performance of the Company. Members of the Board are kept informed by written reports and financial data sent or emailed to them each month, as well as by oral and written operating, planning and financial reports given to them by the Officers and others at Board and committee meetings.

Directors' Compensation. In April 2005, the Non-Management Directors' Compensation was changed as follows: Non-Management Directors' annual retainer fee of \$22,000 was increased to \$25,000 and Committee Chairs' Annual Fees were increased: Audit Committee Chair from \$4,000 to \$6,000; Compensation and Human Resources Committee Chair from \$4,000 to \$5,000; Corporate Governance and Directors Affairs Committee Chair from \$4,000 to \$5,000. Each Director also receives a fee of \$1,000, plus expenses, for each Board or Committee meeting attended in person or \$750 if attended telephonically. The Company provides Non-Management Directors with travel and accident insurance benefits.

In 2005, there were four regularly scheduled Board of Directors meetings and one special meeting. During fiscal 2005, no Director attended fewer than seventy-five percent (75%) of the aggregate of (i) the total number of meetings of the Board held during the period for which he was a Director and (ii) the total number of meetings of all committees of the Board on which he served during the period that he served. Board members are expected to attend the annual meeting of shareholders each year. All of the current Directors who were Directors at the time of the 2005 Annual Meeting of Shareholders attended that meeting.

Shareholder Recommendations for Director Nominees

The Corporate Governance and Director Affairs Committee will only review recommendations for director nominees from any shareholder beneficially owning or group of shareholders beneficially owning in the aggregate at least 5% of the issued and outstanding Common Stock for at least one year as of the date that the recommendation is made. Recommendations with respect to the 2007 Annual Meeting must be submitted by November 24, 2006, for the recommendation to be considered by the Corporate Governance and Director Affairs Committee. Any recommendation must be submitted in accordance with the policy in the Corporate Governance Guidelines captioned Director's Qualifications (www.regal-beloit.com/governance.html) and the written Charter of the Corporate Governance and Director Affairs Committee, attached as Appendix B.

General Criteria for Identifying and Evaluating Director Nominees: Directors must possess the highest personal and professional ethics, integrity and values, and commitment to representing the long-term interest of the shareholders. Directors must also possess a diverse set of skills and experience with a background in areas that are relevant to the Company's activities. Directors should also be inquisitive and have an objective perspective, a practical wisdom and mature judgment. Directors must be willing and able to devote whatever time is necessary to carry out their duties and responsibilities effectively. Directors will not be nominated unless they are willing to serve for an extended period of time. For a timely recommendation submitted by a shareholder to be considered by the Corporate Governance and Director Affairs Committee, the candidate recommended by a shareholder must be "independent" as defined in the NYSE independence standards and the SEC regulations, and meet the minimum expectations for a director set forth in the Company's Corporate Governance Guidelines. The Corporate Governance and Director Affairs Committee will have sole discretion as to whether to nominate an individual recommended by a shareholder. As to any candidate identified by the Corporate Governance and Director Affairs Committee, to become a nominee, the candidate must possess the requisite qualifications, although the Corporate Governance and Director Affairs Committee need not require such nominee to be independent. Nevertheless, the Company strives to have all directors, other than the Management Directors, be independent as defined by the NYSE independence standards and the SEC regulations.

Report of Audit Committee

The Audit Committee of the Board of Directors (the “Audit Committee”) as described on Page 6 is comprised entirely of independent Directors.

During 2005, the Audit Committee reviewed and discussed with Management, the internal auditors and Deloitte & Touche LLP, the Company’s independent auditors, the Company’s quarterly reports on Form 10-Q and the results of the independent auditors’ quarterly reviews. After these reviews and discussions, the Audit Committee approved the public release of the Company’s financial statements and reports. The Audit Committee also reviewed and discussed the Company’s audited financial statements, the Company’s Annual Report on Form 10-K and the results of the annual financial and internal control over financial reporting audits with Management, the internal auditors and the independent auditors. The Audit Committee has, in consultation with Management, the internal auditors and the independent auditors, periodically monitored the adequacy and integrity of the Company’s disclosure controls and procedures and internal controls over financial reporting. The Audit Committee has closely monitored the Company’s work to comply with Section 404 of the Sarbanes-Oxley Act, discussing this topic regularly with Management, internal auditors and the independent auditors. Management has made its assertion that, as of December 31, 2005, the Company had no material weaknesses in its internal controls over financial reporting. Deloitte & Touche LLP has provided its opinion attesting to Management’s assertion regarding the effectiveness of internal control over financial reporting.

Based on its review and discussions as outlined in the previous paragraph, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC and for public release.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as modified or supplemented. The Audit Committee has also reviewed and discussed with the independent auditors independence matters, including the written disclosures and the letter from Deloitte & Touche LLP, required by Independence Standards Board Standard No. 1, as modified or supplemented. The Audit Committee has also received, reviewed and discussed with the independent auditors a report from them describing the firm's internal quality control procedures and any material issues raised by the peer or Public Company Accounting Oversight Board (PCAOB) reviews.

The Audit Committee or the Chair pre-approves each project performed by Deloitte & Touche LLP. In 2005 and 2004, all such projects were approved in accordance with the Audit Committee Charter and applicable government regulations. For fiscal years 2005 and 2004, fees for services provided by Deloitte & Touche LLP, were as follows:

	<u>Audit Fees</u>	<u>Audit Related</u>	<u>Tax Fees</u>	<u>All Other</u>	
<u>Year</u>	<u>(1)</u>	<u>Fees (1)</u>	<u>(1)</u>	<u>Fees</u>	<u>Total</u>
2005	\$1,180,000	\$205,130	\$489,674	-0-	\$1,874,804
2004	\$ 706,950	\$535,552	\$225,335	-0-	\$1,467,835

(1) Audit fees include fees and expenses, related to the 2005 and 2004 audits of the Company's financial statements, including quarterly reviews, foreign statutory audits and the 2005 and 2004 audits of the effectiveness of the Company's internal control over financial reporting. Audit related fees include audits of employee benefit plans, acquisition financial due diligence, audit support for public debt or stock offerings and miscellaneous other audit related projects. Tax fees include tax return preparation and reviews, tax consultations and other tax related projects.

The Audit Committee has considered and determined that the services provided by Deloitte & Touche LLP are compatible with maintaining the independent auditors' independence.

This report of the Audit Committee has been presented by the following named Directors comprising the current Audit Committee: J. Reed Coleman, Chair, Thomas J. Fischer, Stephen N. Graff and Curtis W. Stoelting.

Report of Compensation and Human Resources Committee on Annual Compensation

The Compensation and Human Resources Committee of the Board of Directors (the "Compensation and Human Resources Committee") as described on Page 6 is comprised entirely of independent Directors. The Compensation and Human Resources Committee is responsible for setting and administering the policies which govern both annual compensation and equity incentive award programs. The following is an overview of those compensation policies.

Overall Policy for Officers' Compensation. The Compensation and Human Resources Committee maintains executive salary and benefits at a level that will permit the Company to attract and retain the highest quality individuals for its key executive positions, taking into consideration the prevailing competitive job market, the current and projected size of the Company, its ability to pay and the relationship of the resulting executive compensation to other non-executive compensation in the Company. Officers' overall compensation for 2005 consisted of a cash salary, a performance bonus, long-term incentives and other compensation as provided in the Summary Compensation Table.

Officers' Incentive Bonus. The bonus program is an economic value added type program, which the Company calls Shareholder Value Added ("SVA"). The program provides bonuses based on a comparison of actual annual SVA to target SVA for that respective fiscal year. If actual SVA equals target SVA, the executive earns his target bonus. The target bonus depends upon job responsibility and is approved by the Compensation and Human Resources Committee. Performance above target SVA earns a bonus more than the target bonus while performance below target SVA earns a bonus less than the target bonus. SVA is calculated by subtracting a charge for the average net capital employed by the Company during a fiscal year from the net operating profit after tax ("NOPAT") generated by the Company in that same fiscal year. In addition, discretionary bonuses may also be granted by the Board of Directors.

General Measures Used to Determine Compensation for the Chief Executive Officer. The cash salary compensation, bonus and equity incentive awards are determined by annually comparing the Chief Executive Officer's position and performance to those of similar chief executive officers for companies of comparable revenue and market capitalization and in similar industries as reported in one or more representative management compensation studies, taking into consideration geographic location, inflation and the responsibilities commensurate with the position. Mr. Packard served as the Company's Chief Executive Officer until April 2005 when Mr. Knueppel was elected to that office. The compensation paid to Messrs. Packard and Knueppel for fiscal 2005, which was determined based on the foregoing considerations, is set forth in the Summary Compensation Table.

Criteria Used in Determining Compensation of the Officers, other than the Chief Executive Officer. The criteria for determining the cash salary, annual performance bonus and equity incentive awards for the other Officers is consistent with the criteria as outlined above for the Chief Executive Officer and includes the recommendation of the Chief Executive Officer.

Equity Incentive Philosophy. Historically, equity incentive awards for Officers, including the Chief Executive Officer, have been granted on a periodic basis to accomplish a diverse set of goals; namely, to advance the Company's growth and success by attracting well-qualified executives upon whose judgment the Company is dependent for the successful conduct of its operations and to provide such executives with incentives to put forth maximum effort for the long-term success of the Company's business. Equity incentive awards may include options, stock appreciation rights, performance shares, performance units and restricted stock. The size and term are based on competitive practice and position levels to ensure retention and alignment of the Officers' long-range interests with those of the shareholders and the opportunity for the Officers to build a meaningful stake in the Company.

Section 162(m). Under Section 162(m) of the Internal Revenue Code, the tax deduction by corporate taxpayers, such as the Company, is limited with respect to the compensation of certain Officers unless such compensation is based upon performance objectives meeting specified regulatory criteria or is otherwise excluded from the limitation. The Compensation and Human Resources Committee currently intends, in all appropriate circumstances, to qualify compensation paid to the Officers for deductibility under Section 162(m) of the Internal Revenue Code.

This overview of the Company's compensation policies has been presented by the following named Directors comprising the current Compensation and Human Resources Committee: John A. McKay, Chair, Christopher L. Doerr, Dean A. Foate and Curtis W. Stoelting.

Compensation and Human Resources Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee currently consists of John A. McKay, Chair, Christopher L. Doerr, Dean A. Foate and Curtis W. Stoelting. There are no interlocks among the Compensation and Human Resources Committee members and the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Officers and Directors, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Officers, Directors and greater than ten percent (10%) shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Edgar Filing: REGAL BELOIT CORP - Form DEF 14A

Based solely on its review of the copies of such forms received by the Company or written representations from certain reporting persons, the Company believes that its Officers, Directors, and greater than ten percent (10%) beneficial owners complied with all applicable filing requirements, except for one group of stock option grants where administrative error resulted in late Form 4 filings for Messrs. Packard, Knueppel, Eisenreich and Barta.

His grant has a performance goal related to sales levels of the Company's HVAC and Capacitor products, which if met as of January 3, 2007 would result in the restriction being lifted; if not met, the restriction would end on January 3, 2008, as long as Mr. Gliebe is still an employee of the Company. Quarterly payments, equal to the per share dividend paid to shareholders, are paid to the recipients on the cumulative amount of restricted stock granted to them. Payments commenced with the dividend paid to shareholders on April 15, 2005. The cumulative restricted stock Messrs. Packard, Knueppel, Gliebe, Eisenreich and Barta had outstanding on December 31, 2005 was 10000, 9000, 2000, 4600 and 2500 shares, respectively, with a value based on the year-end closing price of the Company's stock of \$35.40 of \$354,000, \$318,600, \$70,800, \$162,840 and \$88,500, respectively.

Mr. Knueppel served as President and Chief Operating Officer until April 22, 2005, when the Board elected him to the position of President and Chief Executive Officer. On December 19, 2005, the Company announced that the Board had approved Mr. Gliebe as President and Chief Operating Officer effective December 31, 2005 (see footnote 7 below).
- (6) On March 6, 2006, the Board of Directors granted to Mr. Packard the right to receive a cash bonus equal to 50,000 times any increase in the closing sale price of one share of the Company's Common Stock from January 26, 2006 to December 29, 2006. Any cash bonus earned pursuant to this arrangement will be paid in January 2007. The Company's Board of Directors also agreed to purchase the automobile currently leased by the Company for use by Mr. Packard and to transfer ownership of the automobile to Mr. Packard for no additional consideration upon his retirement. The Company will also pay any taxes resulting from the transfer of the automobile to Mr. Packard. Mr. Packard has provided notice to the Company that he intends to retire as an Officer and as a Director effective as of December 31, 2006.
- (7) Mr. Gliebe joined the Company as Vice President and President - Electric Motors Group on January 3, 2005, following the Company's 2004 acquisitions of GE's Commercial AC and HVAC Motors and Capacitors businesses. Mr. Gliebe had been with GE for 22 years, most recently as General Manager of GE Motors and Controls. Mr. Gliebe became President and Chief Operating Officer in December 2005. Mr. Barta joined the Company in June 2004 and was elected to his current position in July 2004. Prior to joining the Company, Mr. Barta served in various financial management positions for Newell Rubbermaid Inc. for 9 years, most recently as Division Chief Financial Officer for the Levolor/Kirsch Division.

Certain Relationships and Related Transactions

Certain Relationships and Related Transactions. As required by SEC rules, this Section provides information about certain relationships and related transactions involving the Company and any Director or Officer. In 2005, Director G. Frederick Kasten, Jr. was the Chairman and a Director of Robert W. Baird & Co., Inc. ("Baird"). Baird provided financial advice to the Company in the August 30, 2004 acquisition of the Commercial AC Motors business from General Electric, and financial advice and a fairness opinion in the Company's December 31, 2004 acquisition of the HVAC Motors and Capacitors businesses from General Electric, for which Baird received fee payments from the Company in 2005. Baird was also lead underwriter in the Company's follow-on stock offering and was paid a fee by the Company in 2005. Compensation received by Baird did not exceed five percent (5%) of Baird's or the Company's consolidated gross revenues during the last fiscal year. The Board determined that Mr. Kasten is independent in accordance with the NYSE independence standards.

In connection with Mr. Gliebe's move from Fort Wayne, IN to the Company's corporate headquarters in Beloit, Wisconsin, the Company purchased Mr. Gliebe's home in Indiana at fair market value in August 2005. The purchase price of \$475,000 was based on two independent appraisals. The method of determining the purchase price to be paid by the Company was established by Henry W. Knueppel, Chief Executive Officer.

Ownership of Company Stock and Stock Equivalents by Officers

To encourage growth in shareholder value, the Company believes that the Officers who are in a position to make a substantial contribution to the long-term success of the Company should have a significant stake in its on-going success through stock ownership. This focuses attention on managing the Company as an owner with an equity position in the business.

SUMMARY OF BENEFIT PLANS

The Company has certain plans which provide, or may provide, compensation and benefits to Officers of the Company, which are described below. These plans are principally the Company's 401(k) Plans, Supplemental Executive Retirement Plans and Supplemental Disability Insurance.

401(k) Plans

The Company's 401(k) Plan covers certain hourly and salaried employees including Messrs. Packard, Knueppel, Gliebe and Barta. Eligible employees may become participants after at least six months of service. In addition to a Company match, there is an annual contribution based on wages for employees who are plan participants and employed at least six months. Mr. Eisenreich participates in the Marathon Electric Salaried Employees 401(k) Savings Plan, which allows an eligible employee to receive a Company match after at least six months of service. Contributions on behalf of the Officers are shown in the Summary Compensation Table on [page 12](#).

Supplemental Executive Retirement Plans

Target Supplemental Retirement Plan. The Target Supplemental Retirement Plan ("TSRP") limits participants to Officers and selected key employees who are designated by the Compensation and Human Resources Committee.

Messrs. Packard, Knueppel, Gliebe and Barta, among the Officers, participate in the TSRP. Under the TSRP, participants are entitled, upon normal or approved early retirement, to receive a target supplemental retirement benefit, which, together with Social Security and a hypothetical profit sharing plan balance annualized over fifteen (15) years, equals two percent (2%) of the final five (5) years, or the final three (3) years as to Mr. Packard, average earnings comprised of salary and bonus times years of service with the Company, up to a maximum of 30 years or 60% income replacement. Consequently, unless reduced as described below, the estimated annual target supplemental retirement benefits to TSRP participants will approximate those shown in the column of the following table which sets forth estimated benefits for participants with various years of credited service.

These benefits will be reduced by the annual Social Security payment and the annualized hypothetical profit sharing balance.

Average Annual Earnings For The Final Applicable Years Of Service	Years of Credited Service				
	10	15	20	25	30
\$ 500,000	100,000	150,000	200,000	250,000	300,000
700,000	140,000	210,000	280,000	350,000	420,000
900,000	180,000	270,000	360,000	450,000	540,000
1,100,000	220,000	330,000	440,000	550,000	660,000
1,300,000	260,000	390,000	520,000	650,000	780,000
1,500,000	300,000	450,000	600,000	750,000	900,000
1,700,000	340,000	510,000	680,000	850,000	1,020,000
1,900,000	380,000	570,000	760,000	950,000	1,140,000

The TSRP participant needs a minimum of 15 years of continuous service and have reached the age of 62 to qualify for early retirement benefits. However, the Compensation and Human Resources Committee has the discretion to grant additional years of service and/or revise the retirement age requirement for a participant to qualify for benefits. Messrs. Packard, Knueppel, Gliebe and Barta have 26, 26, 1 and 1 years of credited service, respectively, under the TSRP.

The TSRP is designed to provide a participant a retirement benefit that is comparable in replacement income percentage provided to lower paid employees. The TSRP does this by supplementing retirement income which is lost to higher paid employees due to Social Security caps and limits on income considered for the Company's Qualified Retirement Plans.

Marathon Electric Pension Plans. Mr. Eisenreich participates in the Marathon Electric Salaried Pension Plan, a qualified plan, and the Marathon Electric Supplemental Pension Plan, which provides benefits that would otherwise be denied participants by reason of (i) Internal Revenue Code limitations on qualified benefit plans and (ii) the exclusion of cash bonuses in calculating benefits under the qualified plan. The following table sets forth the estimated benefits payable to Mr. Eisenreich under the foregoing plans at normal retirement age. The benefits that are payable under these plans are based upon remuneration covered by the plans (which includes salary, and for purposes of calculating the Supplemental Plan benefits, includes bonus, as reflected in the Summary Compensation Table) and years of credited service (25 years in the case of Mr. Eisenreich).

Final Average Pay including all compensation	Years of Service
	25
	30

\$			
	300,000	96,600	115,900
	400,000	131,600	157,900
	500,000	166,600	199,900
	600,000	201,600	241,900

Benefits shown in the table are computed as a straight single life annuity assuming retirement at age 65. The benefits reflected in the table are not subject to reduction for Social Security benefits.

Supplemental Disability

The Company also provides supplemental disability insurance for Messrs. Packard and Knueppel. The Plan provides compensation to a participating disabled Officer at the rate of 100% of his normal salary for the first 12 months of total disability and 60% thereafter.

Executive Termination Benefits Agreements

The Company has no employment contracts with any Officers of the Company. However, the Company has termination benefits (change of control) agreements (the "Agreements") with Messrs. Packard, Knueppel and Kenneth F. Kaplan, among the Officers of the Company. The benefits provided by the Agreements are triggered by the termination of the individual who is a party to an Agreement within three years following a change in control of the Company, if the individual's employment with the Company is terminated not for cause or if the individual terminates his employment with "good reason", as defined in the Agreements. If the individual's employment is terminated for cause, or as a consequence of death or disability, the Agreement is not triggered. The employment period is three years commencing with the change in control. The Agreement provides that upon such termination, the termination payment shall be a severance payment equal to three times the individual's annual salary then in effect plus three times the sum of the amount of the individual's highest annual bonus award during the previous three years and the value of all fringe benefits.

PROPOSAL 3: APPROVAL OF THE COMPANY'S SHAREHOLDER VALUE ADDED (SVA) EXECUTIVE OFFICERS INCENTIVE COMPENSATION PLAN

General. The Board adopted the REGAL-BELOIT CORPORATION Shareholder Value Added (SVA) Executive Officers Incentive Compensation Plan (the "Plan") in January 2006. The Company is asking shareholders to approve the Plan, which is the bonus plan applicable to the Company's executives who are or are expected to be "covered employees" within the meaning of Section 162(m) of the Internal Revenue Code, which, as of the date hereof, would include the Chief Executive Officer and the other participating Officers. The Company intends that, upon approval by the shareholders of the Plan, any amounts payable to "covered employees" under the Plan will be fully deductible by the Company under the provisions of Section 162(m) of the Code.

Section 162(m) of the Code limits the allowable deduction for compensation payable to the chief executive officer and each of the four other most highly compensated executive officers of a publicly held corporation to \$1,000,000 per taxable year. However, some types of compensation, including qualified performance-based compensation, are exempted from this deduction limitation. The Plan is designed so that amounts awarded under it can qualify as qualified performance-based compensation for purposes of Section 162(m). Section 162(m) requires shareholder approval of the Plan to qualify for this exemption. If the Plan is not approved by the Company's shareholders at the Annual Meeting, the Plan will not become effective. The following description of the material terms of the Plan is qualified in its entirety by reference to the terms of the Plan, a copy of which is attached to this Proxy Statement as Appendix C.

Purpose. The purpose of the Plan is to provide a system of incentive compensation which will promote the maximization of shareholder value over the long term. The Plan will tie incentive compensation to shareholder value added ("SVA") and thereby reward executive management for creating value and penalize executive management for diminishing value.

Administration. Full power and authority to interpret and administer this Plan is vested in the Compensation and Human Resources Committee. The Committee may make such decisions and adopt such rules and regulations for implementing the Plan as it deems appropriate for any participant under the Plan. Any decision taken by the Committee arising out of or in connection with the construction, administration, interpretation and effect of the Plan will be final and binding upon all participants and any person claiming under or through them.

Eligibility. The Officers of the Company are eligible to participate in the Plan.

Awards. The Plan provides participants with a bonus based upon the increase in SVA for the Company. Under the Plan, SVA is equal to the Company's net operating profit after tax ("NOPAT"), minus a charge for capital, which is

calculated as the weighted cost of capital, multiplied by the net assets employed. Bonuses earned in any one year up to the target bonus value will be fully paid in cash following the end of that year. Bonuses earned above the target bonus value are deferred, with one-third of the deferred balance paid to the participant in cash after the end of each of the following three years. The maximum amount payable under the Plan to any one participant may not exceed \$3,000,000 in any year.

Employment Termination. In the event a participant voluntarily terminates employment with the Company, other than for retirement, death or disability, or if a participant's employment is terminated for cause, then all of the participant's unpaid deferred amounts will be forfeited.

Amendment and Termination. The Board, at its sole discretion upon the recommendation of the Committee, may amend, suspend or terminate the Plan at any time. No amendment, suspension or termination of the Plan will be effective to eliminate or diminish the right of a participant to any award for a year, unless the amendment, suspension or termination is made within the first ninety days of that year.

New Plan Benefits. There are currently six participants in the Plan, including the Officers identified in the Summary Compensation Table. Because the amounts to be received under the Plan can only be determined based on the future performance of the Company and the eligible individuals, it is not possible to determine the benefits that would be received by the participants under the Plan.

In 2005, the Company had in place a similar SVA management incentive compensation plan in which the Officers participated. The table below shows the dollar amount of the award payments for the 2005 performance year made to the Plan participants under that similar plan.

Name and Principal Position	2005 Award (\$)(1)
James L. Packard - Executive Chairman	\$ 898,950

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code, imposes a \$1,000,000 limit on the amount that a public company may deduct for compensation paid to the Company's Chief Executive Officer or any of the Company's four other most highly compensated officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders).

PROPOSAL 4: RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(INDEPENDENT AUDITORS)

At its meeting of January 27, 2006, the Audit Committee approved the appointment of Deloitte & Touche LLP as the Company's independent auditors to audit the consolidated financial statements of the Company for the year ending December 31, 2006. The Company is seeking the shareholders' ratification of such action.

It is expected that representatives of Deloitte & Touche LLP will attend the Annual Meeting and be available to make a statement or respond to appropriate questions.

SHAREHOLDER PROPOSALS

Shareholder proposals pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must be received by the Company no later than November 24, 2006, in order to be considered for inclusion in next year's Annual Meeting Proxy Statement.

If the Company does not receive notice of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 (i.e., a proposal a shareholder intends to present at the 2007 Annual Meeting of Shareholders, but does not intend to have included in the Company's proxy materials) on or prior to February 7, 2007, then the notice will be considered untimely. If such proposal is presented at the 2007 Annual Meeting, then the persons named in the proxies solicited by the Board for the 2007 Annual Meeting may exercise discretionary voting power with respect to such proposal.

**REGAL-BELOIT CORPORATION
SHAREHOLDER VALUE ADDED (SVA)
EXECUTIVE OFFICERS INCENTIVE COMPENSATION PLAN**

ARTICLE I

Statement of Purpose

- 1.1 The purpose of the REGAL-BELOIT CORPORATION Shareholder Value Added (SVA) Executive Officers Incentive Compensation Plan (the “Plan”) is to provide a system of incentive compensation which will promote the maximization of shareholder value over the long term. In order to align executive management incentives with shareholder interests, incentive compensation will reward the creation of value. This Plan will tie incentive compensation to Shareholder Value Added (“SVA”) and, thereby, reward executive management for creating value and penalize management for diminishing value.
- 1.2 SVA is the performance measure of value creation. SVA reflects the benefits and costs of capital employment. Executive officers create value when they employ capital in an endeavor that generates a return that exceeds the cost of the capital employed. By imputing the cost of capital upon the operating profits generated by the Company, SVA measures the total value created by executive management.

$$\text{SVA} = (\text{Net Operating Profit After Tax} - \text{Capital Charge})$$

- 1.3 Each Participant has a prescribed target bonus. The bonus earned in any one year is the result of multiplying the Actual Bonus Percentage times the Participant’s Target Bonus Value. Bonuses earned in any one Fiscal Year up to the Target Bonus Value will be fully paid out shortly after the end of that Fiscal Year. Bonuses earned above the Target Bonus Value are deferred, with one-third of the deferred balance paid out after the end of each of the following three Fiscal Years.

ARTICLE II

Definition of SVA and the Components of SVA

Unless the context provides a different meaning, the following terms shall have the following meanings.

- 2.1 “Participant” is defined as a REGAL-BELOIT employee who serves as a Corporate Officer of the Company and is so designated by the Committee.
- 2.2 “Capital” is defined as the net investment employed in the operations of the Company. The components of Capital are as follows:

Accounts Receivable----at Gross Value
Plus: FIFO Inventory — Net of E&O Reserves
Plus: Other Current Assets
Plus: Net Property, Plant & Equipment
Plus: Goodwill
Plus: Other assets
Plus (Less): Special Items (one-time) (1)

Less: Noninterest Bearing Current and Long-term Liabilities

Equals: Capital

(1) Established within the first ninety (90) days of the Company's Fiscal Year.

2.3 Each component of Capital will be measured by computing a thirteen month average beginning with the last month of the prior Fiscal Year and the twelve months of the current Fiscal Year.

2.4 "Cost of Capital" is defined as the weighted average of the after tax cost of debt and equity.

C - 1

The Cost of Capital will be fixed for the year and reviewed annually, to determine if an adjustment shall be considered. Any such adjustments will be made only if the fixed rate in use does not represent the reasonable long-term Cost of Capital for the Company and must be established for each Plan year within the first ninety (90) days of the Company's Fiscal Year.

The methodology for the calculation of the Cost of Capital will be as reflected in Exhibit A.

Short-term debt is to be treated as long term for purposes of computing the cost of capital.

2.5 "Capital Charge" is defined as the opportunity cost of employing Capital in the Company. The Capital Charge is computed as follows:

Capital Charge = Capital x Cost of Capital

2.6 "Fiscal Year" or "Plan Year" is January 1 through December 31 of each calendar year.

2.7 "Net Operating Profit After Tax" or "NOPAT"

"NOPAT" is defined as the after tax earnings attributable to the capital employed by the Company for the year in question. The components of NOPAT are as follows:

Income from Operations

Plus: Increase (Decrease) in Bad Debt and Warranty Reserves

Less: Other Expense (excluding interest)

Plus: Other Income

Plus (Less): Approved Special Adjustments (1)

Equals: Net Operating Profit Before Tax

Less: Taxes (2)

Equals: Net Operating Profit After Tax

(1) Adjustments to NOPAT for special items, if any, shall be established within the first ninety (90) days of the Company's Fiscal Year by the Committee. A few examples are: gains and losses on sales of land and buildings, gains and losses on sales of businesses and first year impact of acquisitions.

(2) The Corporate tax rate will vary as a percent of Net Operating Profit Before Tax on the actual effective book tax rate of the Company. Adjustments for specific non-book tax items may be considered on a case by case basis and established within the first ninety (90) days of the Company's Fiscal Year.

2.8 "Shareholder Value Added" or "SVA" is defined as the NOPAT that remains after subtracting the Capital Charge from NOPAT. SVA may be positive or negative.

ARTICLE III

Other Definitions and Computations

3.1 "Actual SVA" is defined as the SVA as calculated for the Company for the Fiscal Year in question.

3.2 "Target SVA" is defined as the level of SVA that is required in order for a Participant to receive the Target Bonus Value.

The Target SVA is set at the average of the sum of the prior Fiscal Year's Target and Actual SVA plus an improvement factor. The Target SVA is revised according to the following formula:

(Prior Year's + Prior Year's)

Target SVA = $\frac{\text{Actual SVA} + \text{Target SVA}}{2}$ + Expected improvement in SVA

2

“Expected Improvement in SVA” is defined as the improvement in SVA established by the Committee within the first ninety (90) days of the Company's fiscal year. It may be in the form of a specified dollar amount or a percentage of the prior year's actual SVA. The improvement factor may be changed annually, as determined by the Committee within the first ninety (90) days of the Company's Fiscal Year.

- 3.3 “Target Bonus Value” is defined as the “Target Bonus Percentage” times a Participant’s Base Pay.
- 3.4 “Target Bonus Percentage” is determined for each Participant by the Committee within the first ninety (90) days of the Company’s Fiscal Year.
- 3.5 “Actual Bonus Value” is defined as the bonus earned by a Participant and is computed as the Actual Bonus Percentage times a Participant’s Target Bonus Value. A portion of the Actual Bonus Value may be placed in the Participant’s Deferred Account. See Article IV Deferred Account.
- 3.6 “Actual Bonus Percentage” is determined by multiplying the Target Bonus Percentage by the Bonus Performance Value.
- 3.7 “Bonus Performance Value” is defined as the difference between the Actual SVA and the Target SVA divided by the Leverage Factor, plus 1.0.
- $$\frac{[SVA - Target SVA] + 1}{Leverage Factor}$$
- 3.8 “Leverage Factor” is the negative (positive) deviation from Target SVA necessary before a zero (two times Target) bonus is earned.
- 3.9 “Base Pay” is defined as the annual salary of a Participant as of the date specified by the Committee within the first ninety (90) days of the Company’s fiscal year.
- 3.10 “Maximum Bonus” is defined as 200% of Target Bonus Value. A Participant cannot earn an Actual Bonus Value in any year more than twice his/her Target Bonus Value.
- 3.11 “Minimum Bonus” means zero bonus. A Participant may earn an Actual Bonus Value of zero (-0-), but the Actual Bonus Value cannot be negative.

ARTICLE IV

Description of Deferred Accounts

- 4.1 Establishment of a Deferred Account. To serve as an incentive for Participants to remain employed by the Company, amounts above the Target Bonus Value shall be credited to the Plan Participant’s deferred account (“Deferred Account”).
- 4.2 “Deferred Account” is defined as, with respect to each Participant, an unfunded account to which amounts are credited, or debited (paid out), under the Plan.
- 4.3 Payment: Any amounts earned above the Target Bonus Value are paid in three equal amounts after the end of each of the three Fiscal Years following the year in which such deferred amount was earned, subject to the conditions in Article V.
- 4.4 No interest will be earned or paid on amounts in the Participant’s Deferred Account.

ARTICLE V

Employees designated for Plan participation by the Committee shall be members of executive management. A Participant whose employment terminates involuntarily without cause after June 30 of any year will be entitled to a prorata Actual Bonus Value for the year in which his/her employment so ends, payable as soon as practical after calendar year end. In all other cases of termination of employment prior to the last day of the Plan Year, a Participant shall not be entitled to any Actual Bonus Value for such Plan Year. In the case of items (ii), (iii) and (iv), the Actual Bonus Value will be prorated for the portion of the Plan Year worked.

5.2 Retirement or Disability. A Participant who retires from the Company in accordance with Company retirement programs, or suffers a “disability,” as such term is defined in the Company’s long-term disability benefits program, while in the Company’s employ, shall be eligible to receive the balance of his/her Deferred Account. Such payments shall be made as soon as practical after the retirement or after qualifying for benefit payments under the Company’s long-term disability benefits program.

5.5 Termination for Cause. In the event of termination of employment for Cause, the right of the Participant to his/her Deferred Account shall be declared forfeited. “Cause” shall mean:

(1) any act or acts of the Participant constituting a felony under the laws of the United States, any state thereof or any foreign jurisdiction;

(2) any material breach by the Participant of any employment agreement with the Company or the policies of the Company or the willful and persistent (after written notice to the Participant) failure or refusal of the Participant to comply with any lawful directives of the Board;

(3) a course of conduct amounting to gross negligence or willful misconduct; or

(4) any misappropriation of property of the Company by the Participant or any misappropriation of a corporate or business opportunity of the Company by the Participant.

5.6 Breach of Agreement. Notwithstanding any other provision of the Plan or any other agreement, in the event that a Participant shall breach any noncompetition agreement with the Company or breach any agreement with respect to the postemployment conduct of such Participant, any remaining payment otherwise due to the Participant hereunder shall be forfeited.

5.7 No Guarantee. Other than as provided in this Plan document, (i) participation in the Plan provides no guarantee that a payment under the Plan will be paid; (ii) selection as a Participant is no guarantee that payments under the Plan will be paid; or, (iii) that selection as a Participant will be made in the subsequent Fiscal Year.

ARTICLE VI

6.4 Claims for Benefits. In the event a Participant desires to make a claim with respect to any of the benefits provided hereunder, the Participant shall submit evidence satisfactory to the Committee of facts establishing his entitlement to a payment under the Plan. Any claim with respect to any of the benefits provided under the Plan shall be made in writing within ninety (90) days of the event which the Participant asserts entitles him to benefits. Failure by the Participant to submit his claim within such ninety (90) day period shall bar the Participant from any subsequent claim for benefits under the Plan.

6.5 In the event that a claim which is made by a Participant is wholly or partially denied, the Participant will receive from the Committee a written explanation of the reason for denial and the Participant or his/her duly authorized representative may appeal the denial of the claim to the Committee at any time within ninety (90) days after the receipt by the Participant of written notice from the Committee of the denial of the claim. In connection therewith, the Participant or his/her duly authorized representative may request a review of the denied claim; may review pertinent documents; and may submit issues and comments in writing. Upon receipt of an appeal, the Committee shall make a decision with respect to the appeal and, not later than sixty (60) days after

receipt of a request for review, shall furnish the Participant with a decision on review in writing, including the specific reasons for the decision as well as specific reference to the pertinent provisions of the Plan upon which the decision is based. In reaching its decision, the Committee shall have complete discretionary authority to determine all questions arising in the interpretation and administration of the Plan, and to construe the terms of the Plan, including any doubtful or disputed terms, and the eligibility of a Participant for benefits.

6.6 Action Taken in Good Faith; Indemnification. The Committee may employ attorneys, consultants, accountants or other advisors and the Company's directors and officers shall be entitled to rely upon the advice, opinions or valuations of any such persons. No member of the Committee, nor any officer, director, employee or representative of the Company, or any of its affiliates acting on behalf of or in conjunction with the Committee, shall be personally liable for any action, determination, or interpretation, whether of commission or omission, taken or made with respect to the Plan, except in circumstances involving actual bad faith or willful misconduct. In addition to such other rights of indemnification as they may have as members of the Board, as members of the Committee or as officers or employees of the Company, all members of the Committee and any officer, employee or representative of the Company or any of its subsidiaries acting on their behalf shall be fully indemnified and protected by the Company with respect to any such action, determination or interpretation against the reasonable expenses, including attorneys' fees actually and necessarily incurred, in connection with the defense of any civil or criminal action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the establishment and administration of the Plan or an award granted thereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any action, suit or proceeding. Expenses (including attorney's fees) incurred in defending a civil or criminal action, suit or proceeding shall be paid by the Company if such person claiming indemnification is entitled to be indemnified as provided in this Section.

6.7 Rights Personal to Participant. Any rights provided to a Participant under the Plan shall be personal to such Participant, shall not be transferable (except by will or pursuant to the laws of descent or distribution), and shall be exercisable, during his/her lifetime, only by such Participant.

The Committee, in its sole discretion, may accelerate distribution of the Deferred Account, in whole or in part, at any time. In the event of such acceleration of payment for any reason, the amount to be paid shall be discounted to reasonably reflect the time value of money, using the mid-term applicable federal rate as defined in Section 1274(d) of the Internal Revenue Code in effect as of the first day of the calendar quarter preceding the quarter in which such acceleration will occur.

ARTICLE VII

Nothing contained herein shall provide any Participant with any right to continued employment or in any way abridge the rights of the Company and its Participants to determine the terms and conditions of employment and whether to terminate employment of any Participant.

7.2 No Vested Rights. Except as otherwise provided herein, no Participant or other person shall have any claim of right (legal, equitable, or otherwise) to any award, allocation, or distribution or any right, title, or vested interest in any amounts in his/her Deferred Account and no Officer of the Company or any other person shall have any

authority to make representations or agreements to the contrary. No interest conferred herein to a Participant shall be assignable or subject to claim by a Participant's creditors. The right of the Participant to receive a distribution hereunder shall be an unsecured claim against the general assets of the Company and the Participant shall have no rights in or against any specific assets of the Company as the result of participation hereunder.

7.5 Limitations. Neither the establishment of the Plan nor the grant of an award hereunder shall be deemed to constitute an express or implied contract of employment for any period of time or in any way abridge the rights of the Company to determine the terms and conditions of employment or to terminate the employment of any Participant with or without cause at any time.

7.6 Unfunded Plan. This Plan is unfunded and is maintained by the Company in part to provide incentive compensation to the Participants. Nothing herein shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant.
