Item 8.01 Other Events.

On December 12, 2005, the United States District court for the Middle District of Alabama (the Court) entered an order preliminarily approving a proposed settlement of a case pending against a subsidiary of The National Security Group, Inc. (the Company) styled Mary W. Williams, et al v. National Security Insurance Company (Williams Litigation) and preliminarily certifying such case as a class action. The Williams Litigation relates primarily to claims that a subsidiary of the Company sold industrial burial insurance policies to racial minorities on which it charged higher premiums or provided inferior benefits than premiums charged to or policy benefits provided to similarly situated non-minority policyholders. The Company s subsidiary has not sold industrial burial insurance for more than 20 years.

The proposed settlement provides for the Company s subsidiary to, among other matters, provide additional policyholder benefits, including premiums adjustments and benefits enhancements on existing policies and additional benefits on matured policies and pay attorneys fees. The Company has previously established litigation reserves with respect to this matter and has taken a policy reserve charge with respect to adjustments to the subject policies that were voluntarily made in 2000. The costs associated with prospective enhancements will be based on actuarial analysis not yet completed and, accordingly, no provision has yet been made for them. However, based on preliminary discussions with the Company s independent consulting actuary and the Alabama Department of Insurance, it is believed that the necessary reserve adjustments in the subsidiary will not have a material negative impact on the Company s consolidated financial position.

The class, as preliminarily certified, would not permit any class members to opt out of the settlement and preliminarily enjoins all similar litigation against the Company s subsidiary. In the settlement, the Company s subsidiary denied all claims and allegations made in the lawsuit.

The proposed settlement is subject to final approval by the Court following a fairness hearing which is presently scheduled to be held on May 11, 2006.
