Item 1.01 Entry into a Material Definitive Agreement.

On June 14, 2013, Abraxas signed a purchase and sale agreement ("Agreement") to sell the majority of the Company's non-operated Bakken formation properties to a subsidiary Natural Resource Partners L.P. for \$35.3 million plus the assumption of an estimated \$8.1 million in authorization for expenditures from 22 wells that are producing, have recently been drilled or completed or in which Abraxas has elected to participate. The sale is subject to customary closing conditions and purchase price adjustments and reflects an effective date of March 1, 2013. The properties consist of approximately 13,500 net Bakken acres. Closing is scheduled for the third quarter of 2013. E-Spectrum Advisors LLC acted as divestiture agent for Abraxas on the sale.

The description of the Agreement described under this Item 1.01 is qualified in its entirety by a copy of the Agreement filed as Exhibit 10.1 to this Form 8-K, which is incorporated in this Item 1.01 by reference. The representations and warranties of the parties in the Agreement are, in many respects, qualified by materiality and limited to the knowledge of the entity making the representation and warranty, but their accuracy forms the basis of one of the conditions to the obligations of the parties to complete the transaction. Please note, however, that these representations and warranties were made only for purposes of the Agreement and as of specific dates, were solely for the benefit of the parties thereto, and are subject to limitations agreed to between the parties, including that they are qualified by disclosures between the parties that are not included with this report. Accordingly, investors and third parties should not rely on these representations and warranties as independent characterizations of the actual state of facts at the time they were made or otherwise but should consider them together with the other information that we have disclosed in other filings with the SEC.
