MEXICO CITY, April 29 /PRNewswire-FirstCall/ -- Grupo Iusacell, S.A. de C.V. (NYSE: CEL; BMV) (Iusacell or the Company) today announced unaudited financial results for the first quarter ended March 31, 2004(1).

Financial Results

Revenue in the quarter increased 2% from the previous quarter to P\$1,326 million, and 8% from the first quarter in 2003 as a result of higher handset sales, more effective advertising campaigns and also due to the good acceptance of the renewed product offerings. As of March 31, 2004, subscribers totaled approximately 1.3 million.

Cost of sales in the first quarter of 2004 decreased 2% from the previous quarter to P\$855 million. However, this item increased 95% from the first quarter in 2003 mainly driven by the policy adopted in the third quarter of 2003 of expensing the postpaid handset-related costs rather than amortizing them within the average life of the postpaid contracts.

Operating expenses: sales and advertising expenses in the quarter decreased 38% from the previous quarter to P\$269 million and 5% from the first quarter in 2003, mainly driven by lower advertising expense. General and administrative expenses decreased 56% from the previous quarter to P\$70 million and 22% from the year ago period as a result of the implementation of new cost reducing measures.

EBITDA(2) increased to a positive figure of P\$228 million, from a negative amount of Ps\$74 million in the previous quarter, but decreased 45% from the first quarter in 2003 affected by the increase in the cost of sales, driven mainly by the cost of handsets under the related adopted accounting policy.

Depreciation and amortization at P\$496 million in the first quarter of 2004 reflected the Company's decision, adopted during 2003, of expensing the postpaid handset-related costs rather than amortizing them within the average life of the postpaid contracts.

Operating loss in the first quarter decreased to P\$268 million from P\$576 million recorded in the previous quarter and increased 14% from the first quarter in 2003, mainly driven by the increased in cost of sales.

Integral financing cost in the first quarter decreased to P\$22 million from P\$276 million in the previous quarter and P\$448 million in the same quarter of 2003. The result was mainly driven by an exchange gain of \$52 million.

Net loss in the quarter amounted to P\$346 million. This compares with a net loss of P\$1,340 million in the previous quarter and P\$725 million in the first quarter of 2003.

Capital expenditures: Iusacell invested approximately US\$8 million in its different coverage regions during this quarter to expand coverage.

Recent Developments

Towers sale and-lease-back in the quarter, the Company sold and leased back 46 towers to MATC for approximately P\$95 million of net income, proceeds were completely reinvested in the operation of the company.

Iusacell signed a contract with Unefon: Iusacell signed a contract with Operadora Unefon S.A. of C.V. for the mutual service procurement of capacity, based on traffic in the network of each one of the parts, being limited to a specific coverage.

It is of our Knowledge that the agreement is still to be approved by Unefon's Board.

Iusacell reached an agreement with Telefonica on Short Message Service (SMS): on February 12, 2004, Iusacell and Telefonica Moviles Mexico (Telefonica) announced an agreement by which all subscribers of these companies will be able to send and receive SMS among them. The service became operative on February 15, 2004.

Lawsuit by the 2004 Note holders: In January 2004, certain holders of the Senior Notes due 2004, which were issued by the Company's principal subsidiary, Grupo Iusacell Celular, S.A. de C.V. ("Iusacell Celular"), filed a lawsuit against Iusacell Celular and others, alleging breach of the Senior Note Indenture. Iusacell Celular moved to dismiss the portion of the complaint that requested the court to declare that the holders are entitled to the benefit of liens senior to or at least equal in priority to liens held by the Company's other creditors.

In response to the motion to dismiss, the holders filed an amended complaint and now also seek injunctive relief barring Iusacell Celular and certain of its subsidiaries from selling, transferring or otherwise encumbering their assets pending decision on the merits of the holders' claim for specific performance. The time in which to respond to the request for an injunction has not yet expired. Iusacell Celular and the subsidiaries will respond to request for injunctive relief in due course.

Shareholders Meeting and Resolution: On April 28, 2004, the Company held a general annual ordinary shareholder's meeting by which its shareholders approved, among other things, the 2003 audited financial results and elected a new Board of Directors, which is now comprised of eight members instead of nine.

The following table presents the members of the Board of Directors of Grupo Iusacell, S.A. de C.V as of April 28, 2004:

- (1) Unless otherwise noted, all monetary figures are expressed in Mexican pesos and presented as of March 31, 2004 in accordance with Mexican GAAP. The symbols "P\$" and "US\$" refer to Mexican pesos and U.S. dollars, respectively.
- (2) This press release contains a reference to EBITDA and provides the components of EBITDA on the face of the Consolidated Income Statement. EBITDA is used by management for comparisons to other companies within our industry as an alternative to GAAP measures and is used by investors and analysts in evaluating performance. EBITDA, which is earnings before interest, taxes, depreciation and amortization, is computed by adding back net interest expense, income and asset tax expense, depreciation expense and amortization expense to net income (loss) before minority interest and loss of subsidiaries as reported. EBITDA should be considered in addition to, but not as a substitute for other measures of financial performance reported in accordance with Mexican GAAP. EBITDA, as defined above, may not be comparable to similarly titled measures reported by other companies.
