Harris Stratex Networks, Inc. (the Company) was unable, without unreasonable effort or expense, to file its Annual Report on Form 10-K for the fiscal year ended June 27, 2008 with the Securities and Exchange Commission (SEC) because during the course of the fiscal 2008 year-end close the Company identified accounting errors that caused previously reported financial statements, including fiscal years 2005 through 2007 and the first three quarters in fiscal 2008 to be incorrect. On July 27, 2008, the Company's management concluded and informed the board of directors that the Company's interim consolidated financial statements for the first three fiscal quarters of fiscal 2008 (the quarters ended March 28, 2008, December 28, 2007 and September 28, 2007) and the fiscal years ended June 29, 2007, June 30, 2006, and July 1, 2005 should no longer be relied upon because of errors in such financial statements. On July 28, 2008, the Audit Committee of the board of directors concluded, based on management's recommendation, that as a result of these errors, the Company shall restate the financial statements for these periods.

The majority of these errors were non-cash adjustments related to project work in process accounts within a cost accounting system at one location and were caused by project cost variances that were recorded on the balance sheet and not recorded to cost of sales in a timely manner or in the period to which they related. In addition, the Company identified errors in balancing intercompany accounts which resulted in an overstatement of accounts receivable in prior years. The Company is currently working to determine the financial impact on each of the periods mentioned above.

The Company expects to file its 2008 Form 10-K within the 15-day extension period afforded by SEC Rule 12b-25 under the Securities Exchange Act of 1934, as amended.

In its current report on Form 8-K filed with the SEC on July 30, 2008 the Company stated that the total cumulative effect of these errors is to decrease previously reported pre-tax income by an amount currently estimated by management to range from \$18 million to \$25 million. The Company believes that the total cumulative effect of these errors will be to decrease previously reported pre-tax income by \$18 million to \$25 million.
