### EXPLANATORY NOTE

We are filing this Form 10-K/A, which serves as a first amendment to our Annual Report on Form 10-K for the year ended December 31, 2006, originally filed on March 27, 2007, to provide evidence of the actual execution of the opinions from our external auditors related to our audited financial statements contained in the Form 10-K. Although we included the forms of these opinions in the original filing under Part IV, Item 15, at pages F-1 and F-2 of the original Form 10-K, evidence of the signatures is missing. We have made no other changes to the Form 10-K as filed on March 27, 2007, other than the incorporation by reference from the Form 10-K for the year ended December 31, 2006, originally filed on March 27, 2007, of Exhibits 10.33 through 10.38 and newly executed Rule 13a-14(a) and Section 1350 Certifications.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Board of Directors and Shareholders

Industrial Services of America, Inc. and Subsidiaries

Louisville, Kentucky

We have audited the accompanying consolidated balance sheets of Industrial Services of America, Inc. and Subsidiaries as of December 31, 2006 and 2005 and the related consolidated statements of operations, shareholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Industrial Services of America, Inc. and Subsidiaries as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended, in conformity with U. S. generally accepted accounting principles. Also, in our opinion, the related consolidated financial statements schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

INDUSTRIAL SERVICES OF AMERICA, INC.  
AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
December 31, 2006, 2005 and 2004

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Nature of Business: The recycling division of Industrial Services of America, Inc. and its subsidiaries (ISA) purchases and sells ferrous and nonferrous materials and fiber scrap on a daily basis at our two wholly owned subsidiaries, ISA Recycling, LLC (located in Louisville, Kentucky) and ISA Indiana, Inc. (serving southern Indiana). ISA also provides products and services to meet the waste management needs of its customers related to ferrous, non-ferrous and corrugated scrap recycling, management services and waste equipment sales and rental. Our management services division represents contracts with retail, commercial and industrial businesses to handle their waste disposal needs, primarily by subcontracting with commercial waste hauling and disposal companies. Our customers and subcontractors are located throughout the United States, Canada and Mexico. ISA's waste equipment sales and services division (WESSCO) installs or repairs equipment and rental equipment on a same day basis. Each of our segments bills separately for its products or services. Generally, services and products are not bundled for sale to individual customers. The products or services have value to the customer on a standalone basis.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Revenue Recognition: ISA records revenue for its recycling and equipment sales divisions upon delivery of the related materials and equipment to the customer. We provide installation and training on all equipment and we charge these costs to the customer, recording revenue in the period we provide the service. We are the middleman in the sale of the equipment and not a manufacturer. Any warranty is the responsibility of the manufacturer and therefore we make no estimates for warranty obligations. Allowances for equipment returns are made on a case-by-case basis. Historically, returns of equipment have not been material.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Our management services division provides our customers evaluation, management, monitoring, auditing and cost reduction of our customers' non-hazardous solid waste removal activities. We recognize revenue related to the management aspects of these services when we deliver the services. We record revenue related to this activity on a gross basis because we are ultimately responsible for service delivery, have discretion over the selection of the specific service provided and the amounts to be charged, and are directly obligated to the subcontractor for the services provided. We are an independent contractor. If we discover that third party service providers have not performed, either by auditing of the service provider invoices or communications from our customers, we then resolve the service delivery dispute directly with the third party service supplier.

AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
December 31, 2006, 2005 and 2004

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In our management services division, the customer contacts us for service. We determine the type of waste removal service required to meet the customer's needs, and we use our discretion to choose from a selection of approved third party service suppliers. Upon our authorization, the third party service supplier uses its own trucking to remove waste materials from the customer's location. We pay the third party service suppliers on several different payment terms after we have received payment from the customers who are billed monthly. We recognize revenue after assessing the satisfactory performance of the service by the third party service supplier. Assessment includes our review of landfill weight tickets provided by the third party service supplier documenting completion of the contracted service.

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

We record sales-type leases at the net present value of future minimum lease payments. Interest income related to the lease is recognized over the life of the lease. At the inception of the lease, any difference between the net present value of future cash flows and the basis of the leased asset (carrying value plus initial direct costs, less present value of any residual) is recorded as a gain or loss.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Accounts Receivable and Allowance for Doubtful Accounts: Accounts receivable consist primarily of amounts due from customers from product and brokered sales. The allowance for doubtful accounts totaled \$100,000 and \$50,000 at December 31, 2006 and 2005, respectively. Our determination of the allowance for doubtful accounts includes a number of factors, including the age of the balance, past experience with the customer account, changes in collection patterns and general industry conditions. Interest is not normally charged on receivables. Potential credit losses from our significant customers could adversely affect our results of operations or financial condition. While we believe our allowance for doubtful accounts is adequate, changes in economic conditions or any weakness in the steel and metals industry could adversely impact our future earnings. We charge off losses to the allowance when we deem further collection efforts will not provide additional recoveries.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Major Customer: We used to derive a significant portion of our revenues from one primary customer, The Home Depot, accounting for approximately 56% and 51% of 2005 and 2004 total revenues, respectively, and approximately 24% and 23% of 2005 and 2004 total gross profit, respectively. The revenue from this former customer represented approximately 77% and 76% of CWS revenues in 2005 and 2004, respectively. At December 31, 2005, amounts due from this former customer were \$293,936. We currently have no significant customer concentration.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Principles of Consolidation: The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, ISA Indiana, Inc. and ISA Recycling, LLC. Upon consolidation, all intercompany accounts, transactions and profits have been eliminated.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Common Control: The Company conducts significant levels of business (see Note 6) with K&R, LLC (K&R), which is owned by the Company's principal shareholder. Because these entities are under common control, operating results or the financial position of the Company may be materially different from those that would have been obtained if the entities were autonomous.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Estimates: In preparing the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management must make estimates and assumptions. These estimates and assumptions affect the amounts reported for assets, liabilities, revenues and expenses, as well as affecting the disclosures provided. Future results could differ from the current estimates.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Inventories: Our inventories primarily consist of ferrous and non-ferrous scrap metals and are valued at the lower of average purchased cost or market. Quantities of inventories are determined based on our inventory systems and are subject to periodic physical verification using estimation techniques including observation, weighing and other industry methods. We would recognize inventory impairment when the market value, based upon current market pricing, falls below recorded value or when the estimated volume is less than the recorded volume of the inventory. We would record the loss in cost of goods sold in the period during which we identified the loss.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

Some commodities are in saleable condition at acquisition. We purchase these commodities in small amounts until we have a truckload of material available for shipment. Some commodities are not in saleable condition at acquisition. These commodities must be torched, sheared or baled. We do not have work-in-process inventory that needs to be manufactured to become finished goods. We include processing costs in inventory for all commodities by gross ton. Processing costs in ferrous inventory totaled \$387,751 at December 31, 2006 and \$242,295 at December 31, 2005. Processing costs in non-ferrous inventory totaled \$86,101 at December 31, 2006 and \$71,595 at December 31, 2005. Ferrous inventory of \$1,667,937 at December 31, 2006 was comprised of \$382,445 in raw materials and \$1,285,492 of finished goods. Ferrous inventory of \$1,380,050 at December 31, 2005 was comprised of \$402,041 in raw materials and \$978,009 of finished goods. Non-ferrous inventory of \$1,678,655 at December 31, 2006 was comprised of \$451,289 in raw materials and \$1,227,366 of finished goods. Non-ferrous inventory of \$961,085 at December 31, 2005 was comprised of \$196,508 in raw materials and \$764,577 of finished goods. We charged \$2,353,435 in general and administrative processing costs to COS for the year ended December 31, 2006 and \$2,015,733 for the year ended December 31, 2005.

Inventory also includes all types of industrial waste handling equipment and machinery held for resale such as compactors, balers, and containers. Other inventory includes cardboard and baling wire. Inventories as of December 31, 2006 and 2005 consist of the following:

	<u>2006</u>	<u>2005</u>
Ferrous materials	\$ 1,667,937	\$ 1,380,050

Other	<u>25,434</u>	<u>26,552</u>
	<u>\$ 3,428,226</u>	<u>\$ 2,488,609</u>

Property and Equipment: Property and equipment are stated at cost and depreciated on a straight line basis over the estimated useful lives of the related property. Assets under capital lease obligations are amortized over the term of the capital lease.

Property and equipment as of December 31, 2006 and 2005 consist of the following:

	<u>Life</u>	<u>2006</u>	<u>2005</u>
Land		\$ 1,581,550	\$ 1,581,550

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

A typical term of our rental equipment leases is five years. The revenue stream is based on monthly usage and recognized in the month of usage. We record purchased rental equipment, including all installation and freight charges, as a fixed asset. We are typically responsible for all repairs and maintenance expenses on rental equipment. Based on existing agreements, future operating lease revenue from rental equipment for each of the next five years is estimated to be:

2007	\$1,586,285
2008	1,350,700
2009	1,200,620
2010	786,468
2011	<u>293,990</u>
	<u>\$5,218,063</u>

**Goodwill and Other Intangible Assets:** Goodwill and certain intangible assets are no longer amortized but are assessed at least annually for impairment with any such impairment recognized in the period identified. We perform our annual goodwill impairment test internally at December 31 and at the level of the recycling reporting unit to which all the goodwill is related. We determine whether to impair goodwill by comparing the fair value of the recycling reporting unit as a whole (the present value of expected cash flows) to its carrying value including goodwill. Since the recycling reporting unit's fair value exceeds its carrying value, no further computations are required.

**Income Taxes:** Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

**Statement of Cash Flows:** The statement of cash flows has been prepared using a definition of cash that includes deposits with original maturities of three months or less.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Earnings Per Share: Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during the year. Diluted earnings per share is computed by dividing net income by the weighted average number of common shares outstanding plus the dilutive effect of stock options.

Stock Option Plans: During the year ended December 31, 2004 we granted options to purchase shares of our common stock to several of our officers and outside directors. We applied APB Opinion No. 25 in accounting for our employees' stock option agreements. There was no compensation charged to operations in 2006, 2005, and 2004 related to these options.

We have an employee stock option plan under which we may grant options for up to 400,000 shares of common stock, which are reserved by the board of directors for issuance of stock options. The exercise price of each option is equal to the market price of our stock on the date of grant. The maximum term of the option is five years.

On January 1, 2006, we adopted SFAS No. 123R (Revised 2004), Share-Based Payment, using the modified prospective method. The impact of adopting SFAS 123R on our consolidated results of operations depends on the level of future option grants and the fair value of the options granted at such future dates, as well as the vesting periods provided by such awards. Existing outstanding options did not result in additional compensation expense upon adoption of SFAS 123R since all outstanding options were fully vested.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

SFAS No. 123 (Revised 2005), Share-Based Payment, applies to awards granted or modified by ISA after July 1, 2005. Compensation cost is also to be recorded for prior option grants that vest after that date. The effect of adopting SFAS 123R on ISA's consolidated results of operations depends on the level of future option grants and the fair value of the options granted at such future dates, as well as the vesting periods provided by such awards and, therefore, cannot currently be estimated. There is no significant effect on ISA's consolidated financial position since total stockholders' equity is not impacted.

Effective as of May 5, 2006, we entered into an agreement with Andrew M. Lassak to settle Mr. Lassak's claims against us in Lassak v. Industrial Services of America, Inc., et al, No. 04-423-CA (Fla. 19th Cir. Ct. filed June 2, 2004). Lassak's demands and claims included rights to purchase 240,500 shares of our common stock for \$1.25 per share, rights to purchase 149,500 shares of our common stock for \$3.00 per share, and demand and piggyback registration rights as well as cashless exercise rights with respect to such options. Since the inception of the suit, we have disputed Lassak's claims and have denied any liability for Lassak's claims and demands. Pursuant to the settlement agreement, we allowed Lassak to exercise a reduced number of the options he was seeking - 40,000 at an exercise price of \$1.25 per share. Lassak tendered to us the full exercise price for the 40,000 options and we filed a registration statement for the underlying shares with the Securities and Exchange Commission on May 24, 2006. The registration was declared effective by the Securities and Exchange Commission on June 12, 2006. We then delivered 40,000 registered shares to Lassak, thereby satisfying all our requirements under the settlement agreement and effectively concluding this matter. The estimated fair value of these options is approximately \$270,000. Additional expense of \$34,309 associated with the value of the options was recognized in the third quarter of 2006 and the remaining \$235,691 was recognized in prior years 1998-2001.

Fair Values of Financial Instruments: We estimate the fair value of our financial instruments using relevant market information and other assumptions. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, prepayments and other factors. Changes in assumptions or market conditions could significantly affect these estimates. As of December 31, 2006 and 2005, the estimated fair value of our financial instruments approximated book value. The fair value of our debt approximates its carrying value because the majority of our debt bears a floating rate of interest based on the prime rate. There is no readily available market by which to determine fair market value of our fixed term debt; however, based on existing interest rates and prevailing rates as of each year end, we have determined that the fair value of our fixed rate debt approximates book value.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Impact of Recently Issued Accounting Standards:**

SFAS No. 154, Accounting Changes and Error Corrections, replaces APB Opinion No. 20, Accounting Changes, and FASB Statement No. 3, Reporting Accounting Changes in Interim Financial Statements, and changes the requirements for the accounting for and reporting of a change in accounting principle. SFAS No. 154 applies to all voluntary changes in accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. SFAS No. 154 requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. SFAS No. 154 was issued May 2005 and is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. We do not expect this standard to significantly impact our financial statements.

SFAS No. 157, Fair Value Measurements, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). SFAS No. 157 also stipulates that, as a market-based measurement, fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability, and establishes a fair value hierarchy that distinguishes between (a) market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and (b) the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years, although earlier application is encouraged. We do not expect this standard to significantly impact our financial statements.

Interpretation No. 48, Accounting for Uncertainty in Income Taxes--an interpretation of FASB Statement No. 109 (issued June 2006), clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. This Interpretation is effective for fiscal years beginning after December 15, 2006. The adoption of this standard on January 1, 2007 did not have an impact on our consolidated financial statements.

**NOTE 2 - NOTE PAYABLE TO BANK**

On December 22, 2006, ISA executed a new revolving credit facility with BB&T increasing the borrowing line from \$5.0 million to \$10.0 million to provide ISA with working capital to support the current needs of our business. This revolving credit facility has a three year term expiring December 22, 2009, and provides for advances of up to eighty percent (80%) of ISA's eligible accounts receivable and up to the forty percent (40%) of eligible inventory, and up to one hundred (100%) of ISA's net book value of eligible equipment less an outstanding indebtedness on the equipment. The revolving credit facility bears interest at the one month Libor rate, as published in the Wall Street Journal, plus two and twenty-five one-hundredths percent (2.25%) per annum which was 7.57% as of December 31, 2006, and is secured by all ISA assets (except rental fleet equipment). The revolving credit facility contains certain restrictive and financial covenants. At December 31, 2006, ISA was in compliance with all restrictive covenants.

**NOTE 3 - LONG-TERM DEBT**

Long-term debt as of December 31, 2006 and 2005 consists of the following:

	<u>2006</u>	<u>2005</u>
Note payable to a bank secured by our rental fleet equipment with a fixed interest rate of 6.83% and monthly payments of \$23,047. The maturity date under this agreement is June 2011 with a ten-year amortization schedule.	\$ 1,929,016	\$ -
Revolving credit facility with a bank secured by all assets except for rental fleet equipment with a variable interest rate of Libor plus 2.25% and no required monthly principal payments. The maturity date under this agreement is December 2009.	<u>1,010,875</u>	<u>-</u>

**NOTE 4 -- INCOME TAXES**

The income tax provision (benefit) consists of the following for the years ended December 31, 2006, 2005 and 2004:

		<u>2006</u>	<u>2005</u>	<u>2004</u>
Federal				
	Current	\$ 1,178,483	\$ 780,181	\$ 448,275

		<u>\$ 1,325,929</u>	<u>\$ 740,433</u>	<u>\$ 1,012,001</u>

A reconciliation of income taxes at the statutory rate to the reported provision is as follows:

	<u>2006</u>	<u>2005</u>	<u>2004</u>
Federal income tax at statutory rate	\$1,194,933	\$ 629,083	\$ 853,127

**NOTE 6 - RELATED PARTY TRANSACTIONS**

The Company enters into various transactions with related parties including the Company's principal shareholder and an affiliated company owned by the Company's principal shareholder (K&R). A summary of these transactions is as follows:

	<u>2006</u>	<u>2005</u>	<u>2004</u>
<u>Balance sheet accounts:</u>			
Accounts receivable	\$ _____ -	\$ _____ -	\$ _____ -

ISA leases its corporate offices, processing property and buildings in Louisville, Kentucky for \$42,106 per month from K&R pursuant to the K&R Lease. Deposits include one month of rent in advance in the amount of \$42,106. In 2004, we paid for repairs totaling \$302,160 that we made to the buildings and property that we lease from K&R, located at 7100 Grade Lane, Louisville, Kentucky. K&R executed an unsecured promissory note, dated March 25, 2005, but effective December 31, 2004, to us for the principal sum of \$302,160. K&R makes payments on the promissory note of principal and interest in ninety-six (96) monthly installments of \$3,897.66. Failure of K&R to make any payment when due under this note within fifteen (15) days of its due date shall constitute a default. After the fifteen day period, the note shall bear interest at a rate equal to fifteen percent (15%) per annum and we have the right to exercise our remedies to collect full payment of the note.

In an addendum to the K&R lease as of January 1, 2005, the rent was increased \$4,000 as a result of the improvements made to the property in 2004. For years 2005 and 2006, the payments to K&R by the Company of \$4,000 for additional rent and the payment from K&R to the Company of \$3,897.66 for the promissory note were offset.

**NOTE 6 - RELATED PARTY TRANSACTIONS (Continued)**

The Company entered into an agreement with K&R for consulting services related to the scrap metal and paper recycling operations and related equipment sales and services. The agreement remains in effect until December 31, 2007, with automatic renewals thereafter unless one party provides written notice to the other party of its intent not to renew at least six months in advance of the next renewal date. The agreement requires that we make annual payments to K&R of \$240,000 in equal monthly installments of \$20,000. Deposits include one month of consulting services in advance in the amount of \$20,000. ISA's Chairman is compensated through these consulting fees .

**NOTE 7 - EMPLOYEE RETIREMENT PLAN**

The Company maintains a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code which covers substantially all employees. Eligible employees may contribute a maximum of 15% of their annual salary. Under the plan, the Company matches 25% of each employee's voluntary contribution up to 6% of their gross salary. The expense under the plan for 2006, 2005 and 2004 was \$33,438, \$31,996 and \$28,950, respectively.

**NOTE 8 - LEASE COMMITMENTS**

Operating Leases:

The Company leases its Louisville, Kentucky facility from a related party (see Note 6) under an operating lease expiring December 2007. The rent was adjusted in January 2003 per the agreement to monthly payments of \$42,106 through December 2007. In addition, the Company is also responsible for real estate taxes, insurance, utilities and maintenance expense.

The Company leases a facility in Dallas, Texas for management services operations. The agreement provided that monthly payments of \$2,457 were paid through September 2005. The lease was renewed effective October 1, 2005 for a period of two years with monthly payments of \$2,525. The Company also leases other machinery and equipment under operating leases which expire through February 2009.

We lease a facility in Lexington, Kentucky for \$4,500 per month; the lease terminates December 31, 2012. We have subleased this property for a term commencing March 1, 2007 and ending December 31, 2012 for \$4,500 per month. If for any reason the sublessee defaults, we remain liable for the remainder of the lease payments through December 31, 2012.

On February 6, 2007, we leased 7.7 acres of real property, including a 38,000 square foot warehouse and a 400 square foot office, in Pineville, Louisiana for \$5,250 per month for twenty-four months beginning March 1, 2007 and ending February 28, 2009, with an option to purchase the property for a purchase price of \$575,000.

**NOTE 10 - SEGMENT INFORMATION**

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

The Company's operations include three primary segments: ISA Recycling, Computerized Waste Systems (CWS), and Waste Equipment Sales & Service (WESSCO). ISA Recycling provides products and services to meet the needs of its customers related to ferrous, non-ferrous and fiber recycling at two locations in the Midwest. CWS provides waste disposal services including contract negotiations with service providers, centralized billing, invoice auditing, and centralized dispatching. WESSCO sells, leases, and services waste handling and recycling equipment.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

The Company's three reportable segments are determined by the products and services that each offers. The recycling segment generates its revenues based on buying and selling of ferrous, non-ferrous and fiber scrap; CWS's revenues consist of charges to customers for waste disposal services; and WESSCO sales and lease income comprise the primary source of revenue for this segment. The components of the column labeled "other" are selling, general and administrative expenses that are not directly related to the three primary segments.

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

The accounting policies of the three segments are the same as those described in the summary of significant accounting policies (Note 1). We evaluate segment performance based on gross profit or loss and the evaluation process for each segment includes only direct expenses and selling, general and administrative costs, omitting any other income and expense and income taxes.

**NOTE 11-- CONTINGENCY/LITIGATION SETTLEMENT**

## Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

On June 2, 2004, Andrew M. Lassak filed a Complaint against us in the City of Stuart, Martin County, Florida. In the complaint, Lassak alleged that we breached our contracts with him by failing and refusing to release and register 390,000 shares of stock. He claims he was entitled to "piggyback" registration rights relating to the Form S-3 Registration Statement that we filed for the benefit of Falkner as well as "demand" registration rights. He sought specific performance of the contracts and damages that occurred by ISA not releasing and registering the underlying shares relating to his options sooner.

On August 6, 2004 we filed a Motion to Dismiss or in the Alternative Motion for More Definite Statement. At a hearing before the Court on September 20, 2004, the judge granted our Motion without prejudice, allowing Lassak to amend the Complaint. Lassak filed an Amended Complaint on December 27, 2004, which restated his previous claims and made a number of new claims including claims of federal and state securities fraud. The Amended Complaint also named Harry Kletter individually as a defendant. In June 2005, Lassak filed a Second Amended Complaint which is substantially similar to the first Amended Complaint. We filed an Answer and Affirmative Defenses to the Second Amended Complaint as well as a Motion to Dismiss on behalf of Harry Kletter that remains pending.

Effective as of May 5, 2006, we entered into an agreement with Mr. Lassak to settle Mr. Lassak's claims against us in *Lassak v. Industrial Services of America, Inc., et al*, No. 04-423-CA (Fla. 19th Cir. Ct. filed June 2, 2004). Lassak's demands and claims included rights to purchase 240,500 shares of our common stock for \$1.25 per share, rights to purchase 149,500 shares of our common stock for \$3.00 per share, and demand and piggyback registration rights as well as cashless exercise rights with respect to such options. Since the inception of the suit, we have disputed Lassak's claims and have denied any liability for Lassak's claims and demands. Pursuant to the settlement agreement, we allowed Lassak to exercise a reduced number of the options he was seeking -- 40,000 at an exercise price of \$1.25 per share. Lassak tendered to us the full exercise price for the 40,000 options and we filed a registration statement for the underlying shares with the Securities and Exchange Commission on May 24, 2006. The registration was declared effective by the Securities and Exchange Commission on June 12, 2006. We then delivered 40,000 registered shares to Lassak, thereby satisfying all our requirements under the settlement agreement and effectively concluding this matter. The estimated fair value of these options is approximately \$270,000. We recognized additional expense of \$34,309 associated with the value of the options in the third quarter of 2006 and we had recognized the remaining \$235,691 in prior years 1998-2001.

\* In the second quarter 2004, the net income amount of \$363,693 (with basic and diluted earnings per share of \$0.10) shown above is \$127,300 less (with basic and diluted earnings per share of \$0.04) than the net income amount of \$490,933 (with basic and diluted earnings per share of \$0.14) previously reported in the second quarter report on Form 10-Q.

Edgar Filing: INDUSTRIAL SERVICES OF AMERICA INC /FL - Form 10-K/A

In the second quarter of 2004, a permanent tax benefit related to the exercise of non-employee options was inadvertently recorded as a reduction to income tax expense. After further review, we have determined that the tax benefit should instead be reported as an increase to additional paid in capital.
