Annual Meeting Admission Procedures

We encourage you to vote by proxy, whether or not you plan to attend the Annual Meeting. If, however, you are a shareholder of record and plan to attend the Annual Meeting, please be sure to bring with you valid government-issued personal identification with a picture (such as a driver's license or passport) in order to gain admission to the Annual Meeting. If your shares are held in the name of a bank, broker or other nominee, you will have to bring evidence of your ownership of Hercules shares as of the Record Date, in addition to valid government-issued personal identification, if you wish to attend the Annual Meeting. Examples of proof of ownership include the following:

a letter from your bank or broker stating that you owned your shares as of the Record Date;

a brokerage account statement indicating that you owned your shares as of the Record Date; or

a copy of the voting instruction card provided by your broker indicating that you owned your shares as of the Record Date.

If you are a proxy holder for a Hercules shareholder, to gain entry to the Annual Meeting you must bring:

the validly executed proxy naming you as the proxy holder, signed by a Hercules shareholder who owned Hercules shares as of the Record Date;

valid government-issued personal identification with a picture (such as a driver's license or passport); and

if the shareholder whose proxy you hold was not a record holder of Hercules shares as of the Record Date, proof of the shareholder's ownership of Hercules shares as of the Record Date, in the form of a letter or statement from a bank, broker, or other nominee or the voting instruction card provided by the broker, in each case, indicating that the shareholder owned those shares as of the Record Date.

If you sign your proxy card and do not indicate your vote on any one or more of the proposals, you will give authority to each of Craig A. FOR the ratification of the appointment of PricewaterhouseCoopers LLP as Hercules' 2004 independent public accountants (Proposal No. 3); and

Vote Required and Voting Procedures

Under our By-laws, a majority of the total number of shares of Hercules common stock entitled to vote, present in person or represented by proxy, constitutes a quorum. Votes will be counted by our transfer agent. Pursuant to rules of the Securities and Exchange Commission, or SEC, boxes and a designated blank space are provided on the proxy card for you to mark if you wish:

to vote for or withhold authority for one or more of the Hercules nominees for director (see Proposal No. 1);

to vote for or against, or to abstain from voting on, the proposed amendment to the Hercules By-laws to provide that directors be elected by plurality vote (see Proposal No. 2);

to vote for or against, or to abstain from voting on, the proposal concerning the ratification of the appointment of PricewaterhouseCoopers LLP as Hercules 2004 independent public accountants (see Proposal No. 3); or

to vote for or against, or to abstain from voting on, the proposal concerning the amendments to the Hercules By-laws and Restated Certificate of Incorporation to reinstate the rights of the shareholders to take action by written consent and to call special meetings (see Proposal No. 4)

If you are voting by telephone, dial the telephone number indicated on your proxy card (1-800-435-6710), enter your control number and follow the voice prompts.

Pursuant to Hercules By-laws, directors must receive a majority vote of the total number of shares of Hercules common stock issued and outstanding in order to be elected (Proposal No. 1). Approval of the amendment to the By-laws and Restated Certificate of Incorporation (Proposal Nos. 2 and 4) requires the affirmative vote of the holders of eighty percent (80%) of the total number of shares of Hercules common stock issued and outstanding. Ratification of the appointment of PricewaterhouseCoopers as independent public accountants for 2004 (Proposal No. 3) requires the affirmative vote of the holders of a majority of the total number of shares of Hercules common stock issued and outstanding and present in person or by proxy and entitled to vote at the Annual Meeting.

Abstentions, votes withheld in connection with the election of one or more nominees for director and broker non-votes, which occur when brokers that hold shares in street name do not receive instructions from the beneficial owners of those shares, will be counted in determining whether a quorum is present at the Annual Meeting but will not be counted as votes for or against any of the proposals. Therefore, such votes will have the same effect as votes against each of the proposals and will make it more difficult to obtain the required approval on each proposal.

Revocation of Proxy

A person giving any proxy has the power to revoke such proxy at any time before the voting, by submitting a written revocation or a duly executed proxy bearing a later date. A written revocation must be received by Hercules Incorporated, 1313 North Market Street, Wilmington, Delaware 19894-0001, Attention: Corporate Secretary, no later than the beginning of voting at the Annual Meeting. In addition, any shareholder who attends the Annual Meeting in person may vote by ballot at the Annual Meeting, thereby canceling any proxy previously given, or may give notice of revocation to the inspector of election. Merely attending the Annual Meeting without voting, however, will not revoke any previously executed proxy.

Leads the Board in its annual review of the Board's performance, has oversight of management's succession planning and recommends to the Board director candidates for each committee for appointment by the Board. All members of this committee are independent directors as defined under relevant SEC rules and the NYSE Listing Standards.

The Corporate Governance, Nominating and Ethics Committee seeks individuals as Director nominees who have the highest personal and professional integrity, who have demonstrated exceptional ability and judgment, and who would be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the shareholders and Hercules. The Corporate Governance, Nominating and Ethics Committee considers potential Director candidates recommended by Hercules' shareholders. Nominations from shareholders for the election of directors, properly submitted in writing to Hercules' Corporate Secretary, will be referred to this committee for consideration.

Compensation Committee. Responsible for determining the compensation for the chief executive officer and approving the compensation structure, compensation and equity grants for senior management, including members of the business planning groups, the most senior managers of corporate staff and other highly paid professionals. Produces an annual report on executive compensation that is included in Hercules' Proxy Statement. Is responsible for administering Hercules' stock incentive plans and approves broad-based and special compensation plans for Hercules' directors and employees. All members of this committee are independent directors as defined under relevant SEC rules and the NYSE Listing Standards. The report of our Compensation Committee is included in this Proxy Statement.

Emergency Committee. Has limited powers to act on behalf of the Board whenever the Board is not in session. Meets only as needed and acts only by unanimous vote. If any non-employee director wants a matter to be addressed by the Board rather than the Emergency Committee, then the matter is submitted to the Board. All members of the Board attending a meeting of the Emergency Committee are members of the Emergency Committee for the purposes of such meeting.

Finance Committee. Reviews Hercules' financial affairs. Has full and final authority on certain financial matters. Serves as the named fiduciary for all of Hercules' employee benefit plans.

Hercules Responsible Care Committee. Reviews Hercules' policies, programs and practices on Safety, Health, Environment and Regulatory Affairs programs, plant and facility security issues, equal employment opportunity, ethics, community affairs and university relations. Charged with monitoring Hercules' performance relating to employee diversity.

*In 2004, SHERA and Social Responsibility Committee were combined into the Hercules Responsible Care Committee.

**In 2003, SHERA Committee and Social Responsibility Committee met 3 and 2 times, respectively.

The Board held 17 meetings during 2003. In addition to the normal committee meetings, there were also 8 meetings of a Special Committee of the Board. The Special Committee was formed in 2003 (and has since been dissolved) to deal with the proxy contest and the 2003 Annual Meeting and related matters. During 2003, each of the directors attended at least 95% of the aggregate number of meetings of the Board and 75% of the aggregate number of meetings of committees of the Board on which he served during the time for which he served. In 2003, nine directors attended the Annual Meeting. Directors are expected to attend the annual meeting, as well as regular Board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

Executive and Independent Directors Sessions

As the Board deems appropriate, Board meetings include an executive session of all directors and the Chief Executive Officer. In addition, the Board meets in regularly scheduled independent directors sessions without the Chief Executive Officer or other Hercules personnel. The Chairman of the Board, currently Mr. Wulff, presides over the executive sessions and the independent directors sessions but may delegate authority to any Board Committee Chair with respect to matters within the responsibility of a particular Board Committee.

Compensation of Directors

Employee directors receive no additional compensation other than their normal compensation for serving on the Board or Board Committees.

Non-employee directors receive a \$30,000 annual fee (\$16,000 payable in quarterly cash installments and \$14,000 payable quarterly in restricted stock units, or RSUs), \$1,000 for each meeting attended, \$3,000 per year for chairing a Board Committee, and reimbursement for out-of-pocket expenses. After consideration of independent studies on compensation of directors, the Board believes that its current compensation is below the fiftieth percentile for director compensation of Hercules peer group of companies. The Board intends to review the compensation of its directors in 2004 in light of director compensation at the companies in Hercules peer group.

Table of Contents

Non-Employee Director Stock Accumulation Plan. In 2003, as in past years, non-employee directors had the right to elect to receive restricted stock or equivalent options in lieu of part or all of their fees under Hercules Non-Employee Director Stock Accumulation Plan, or NEDSAP. Restricted stock issued pursuant to the NEDSAP is restricted until the director's retirement from the Board and is valued at 85% of the fair market value of Hercules common stock on the date of exchange. Options issued pursuant to the NEDSAP are valued using the Black-Scholes formula.

Hercules Incorporated Omnibus Equity Compensation Plan for Nonemployee Directors. Nonemployee directors receive annually a nonqualified stock option to purchase 3,000 shares of common stock. The option exercise price is the fair market value of Hercules common stock on the date of grant. Vesting occurs one year from the grant date. Additionally, under this plan each director receives an additional grant of a number of RSUs that is equal to the difference between \$45,000 and the value of the 3,000 stock options granted. The initial RSU grants will be settled in cash. Finally, under this Plan each Director is entitled to receive RSUs the value of which is equal to the difference between the aforementioned annual cash retainer of \$16,000 and \$30,000. RSUs are valued at market price on the date of grant.

Equity Award. Each director has a one-time opportunity to purchase 750 Hercules common shares at fair market value after being elected to the Board. Upon the purchase, Hercules awards an additional 1,500 Hercules common shares that cannot be transferred until retirement or resignation from the Board.

Restricted Stock Units. Upon initially being elected to the Board, each director receives a one-time grant of 1,100 restricted stock units, or RSUs. The RSUs are placed in an unfunded account and accrue dividend equivalents, to the extent any dividends are paid on Hercules common stock. Each RSU represents the right to receive one Hercules common share at retirement or the equivalent in cash. RSUs do not carry any voting rights. Of the 1,100 RSUs, 200 vest immediately. Thereafter, for every year served on the Board, 100 additional RSUs vest. Upon retirement from the Board, all vested RSUs are paid in Hercules common shares distributed in a lump sum or distributed over a period not to exceed ten years.

Trust Arrangements. Hercules has previously established a so-called "rabbi trust" to provide for the funding of accrued benefits under the Hercules Incorporated Retirement Plan for Nonemployee Directors and the Hercules Incorporated Deferred Compensation Plan for Nonemployee Directors that are currently not funded. Under the terms of the rabbi trust, the funding is triggered by an "Unsolicited Change in Control Event" as defined in the trust documents. A copy of the rabbi trust has been filed with the SEC as an exhibit to our 2002 Annual Report on Form 10-K/A.

Certain Relationships and Related Transactions

We have relationships with many businesses, including the entities described below. Our relationships with these entities existed before the related director joined our Board. We believe that all of the transactions described below were on commercially reasonable terms and in the best interest of Hercules. In addition, all of our directors, other than our Chief Executive Officer, are independent directors and meet the definition of director independence contained in our Corporate Governance Guidelines and the NYSE Listing Standards. Our Board has carefully reviewed each of these relationships and has concluded that they are done in the normal course of business, that none interferes with the exercise of independent judgment by any of our independent directors, that the relationships are commercial matters in which the independent directors are not involved and none requires any additional disclosure.

In 2003, Hercules purchased products from Solutia or subsidiaries or affiliates of Solutia in the ordinary course of business, for which it paid Solutia approximately \$12.5 million. In 2003, Hercules delivered products to Solutia or subsidiaries or affiliates of Solutia in the ordinary course of business and at the request of Hercules customers, for this delivery arrangement Hercules received payments totaling approximately \$97,000.

Mr. Lipton is President, Chief Executive Officer and a director of NOVA Chemicals Corporation, or NOVA. In 2003, Hercules purchased products from NOVA or subsidiaries or affiliates of NOVA in the ordinary course of business, for which it paid NOVA approximately \$6,300.

Mr. Kennedy is on the Board of Directors of International Paper Company. In 2003, Hercules purchased products from International Paper or subsidiaries or affiliates of International Paper in the ordinary course of business, for which it paid International Paper approximately \$6,000. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and holders of more than ten percent of our common stock to file with the SEC and the NYSE reports of beneficial ownership and changes in beneficial ownership of the common stock and other equity securities of Hercules within two days of the changes. These persons are required by SEC rules to furnish Hercules with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of those reports furnished to Hercules, we believe that, during 2003, except for Dr. William H. Joyce, our directors, executive officers and holders of more than ten percent of our common stock complied with all applicable Section 16(a) filing requirements. Due to the involuntary forfeiture of restricted stock by Dr. Joyce, a Form 4 was due on November 27, 2003, and was not filed until January 2004.

The Board of Directors recommends a vote FOR the election of each of the three Hercules director nominees, Messrs. Rogerson, Hunter and Kennedy.

PROPOSAL NO. 2 Amendments to the Hercules By-laws to allow directors to be elected by a plurality of the Hercules common shares voted.

Prior to July 2003, Article II, Section 2 of Hercules By-laws provided: At each annual meeting, there shall be elected by ballot, by the majority vote of the stock then issued and outstanding and entitled to vote thereat, the number of directors necessary to fill the class of those whose term then expires. This By-law provision was adopted in 1986.

In July 2003, the Board of Directors amended Article II, Section 2 of Hercules By-laws by deleting the words by ballot, by the majority vote of the stock then issued and outstanding and entitled to

Table of Contents

vote thereat. This amendment was intended to eliminate the requirement that, for due election, a director needed to receive a majority vote of all issued and outstanding shares of Hercules common stock entitled to vote.

In taking this action, the Board of Directors recognized that Article Sixth, Section 1 (5) of Hercules Restated Certificate of Incorporation appears to provide that Article II, Section 2 of the Hercules By-laws cannot be altered or amended without the affirmative vote of the holders of at least 80% of the voting power of all the shares of Hercules entitled to vote generally in the election of directors, voting together as a single class. Since such a vote could only be taken at a meeting of shareholders, the Board further resolved to take all reasonable action as may at any time be necessary or appropriate to assure that in future elections of directors by shareholders (including at this Annual Meeting), all directors will be elected by a plurality vote. To fully implement the Board of Directors amendment of Article II, Section 2 of Hercules By-laws, it is necessary that shareholders approve this Proposal No. 2.

As a result, the shareholders are being requested to ratify the prior action of the Board of Directors to amend the By-laws by deleting the words by ballot, by the majority vote of the stock then issued and outstanding and entitled to vote thereat, from the first sentence of Article II, Section 2 of the By-laws in order that such sentence be amended and restated to read as follows: At each annual meeting, there shall be elected the number of directors necessary to fill the class of those whose term then expires (the By-law Amendment).

In order for the By-law Amendment to be effective, it will be necessary that it receive at least 80% of the voting power of all the shares of Hercules entitled to vote generally in the election of directors, voting together as a single class.

The Board of Directors believes that this amendment is appropriate and is in the interest of Hercules shareholders. **The Board, therefore, recommends that shareholders vote FOR this proposal.**

PROPOSAL NO. 3 Ratification of the Appointment of PricewaterhouseCoopers LLP as Independent Public Accountants for 2004

Our Audit Committee has appointed PricewaterhouseCoopers LLP, independent public accountants, to be Hercules auditors for the year 2004. PricewaterhouseCoopers served in this capacity for the year 2003. Partners and employees of PricewaterhouseCoopers are periodically changed, providing Hercules with new expertise and experience. Representatives of PricewaterhouseCoopers have direct access to our Audit Committee and regularly attend Audit Committee meetings. Representatives of PricewaterhouseCoopers will attend the Annual Meeting to answer appropriate questions and may make a statement if they choose to do so. The affirmative vote of the majority of Hercules shares present in person or by proxy and entitled to vote at the Annual Meeting is required to approve this proposal. If the appointment is not ratified, the adverse vote will be considered as an indication to the Board that it should consider selecting other independent public accountants for the following fiscal year. Given the difficulty and expense of making any substitution of accountants after the beginning of the current fiscal year, it is contemplated that the appointment for the fiscal year 2004 will be permitted to stand unless the Board finds good reason for making a change.

The appointment of independent public accountants is approved annually by our Audit Committee and subsequently submitted by the Board to the shareholders for ratification. The decision of the Audit Committee is based on its review and approval of the audit scope, the types of non-audit services and the estimated fees for the coming year. The Audit Committee also reviews and approves

Table of Contents

non-audit services to ensure that they will not impair the independence of the accountants. Before requesting that the Board submit the appointment of PricewaterhouseCoopers to the shareholders for ratification, the Audit Committee carefully considered that firm's qualifications as independent public accountants for Hercules. This included a review of PricewaterhouseCoopers' performance in prior years, as well as their reputation for integrity and competence in the fields of accounting and auditing. The Audit Committee has expressed its satisfaction with PricewaterhouseCoopers in all of these respects. For more information, see the Audit Committee Report.

The Board of Directors recommends a vote FOR ratification of the appointment of PricewaterhouseCoopers LLP as independent public accountants for 2004.

PROPOSAL NO. 4 Proposed amendments to the Hercules By-laws and Restated Certificate of Incorporation to reinstate the rights of the shareholders to take action by written consent and to call special meetings

At the 2003 Annual Meeting of Shareholders, the New York City Fire Department Pension Fund proposed that the shareholders request the Board of Directors amend the Hercules Restated Certificate of Incorporation to reinstate the rights of the shareholders to take action by written consent and to call special meetings.

The following statement in support of the proposal appeared in the 2003 Proxy Statement:

The rights of the shareholders to take action by written consent and to call special meetings should not be abridged. The company's elimination of these rights, in our opinion, effectively removes important processes by which shareholders can act expeditiously to protect their investment interests. For example, the right of the shareholders to act to remove incumbent directors for egregious conduct should not be limited to the annual meeting. Also, shareholders should not be prevented from giving timely consideration to a bidder's proposal to acquire control of the company, or a dissident shareholder's slate of nominees for election to the Board of Directors, because such proposals are required to be presented only at the annual meeting.

In recommending a vote against such proposal at the 2003 Annual Meeting, Hercules noted that Hercules restated certificate of incorporation and by-laws allow special meetings of shareholders to be called only by the Chairman of the Board, the Chief Executive Officer, the President or a majority of the Board of Directors, and do not permit shareholder action by written consent. In the 2003 Proxy Statement Hercules presented statements in opposition to the proposal.

The above mentioned proposal was approved at the 2003 Annual Meeting. As a result thereof, the Board of Directors considered such matter and, as publicly announced on August 21, 2003, voted to present to shareholders proposed amendments to Hercules' By-laws and Restated Certificate of Incorporation. It is proposed that the Hercules By-laws and Restated Certificate of Incorporation be amended as follows:

Table of Contents

Change to By-law:

Section 2 of Article I of the By-laws be amended and restated to read in its entirety as follows:

Special meetings of the stockholders, for any purpose or purposes, unless otherwise prescribed by law, may be held at any time upon the call of the Chairman of the Board, the Chief Executive Officer, the President or a majority of the Board of Directors, or when required in writing by holders of at least fifty percent (50 %) of the voting power of all the shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class. The call shall specify the purposes of the proposed meeting. Business transacted at any special meeting of stockholders shall be limited to the purpose or purposes stated in the notice of meeting.

Change to Restated Certificate of Incorporation:

Article Sixth, Section 1(4) of the Restated Certificate of Incorporation, which generally provides that any action required or permitted to be taken by the shareholders of the Corporation must be effected at a duly called annual or special meeting of such holders and may not be effected by any consent in writing by such holders, be repealed in its entirety and replaced with "[DELETED] .

Because this proposal was supported by a majority of the shares voted at the 2003 Annual Meeting, the Board of Directors recommends that shareholders vote FOR this proposal.

OTHER MATTERS

The Board of Directors is not aware of any matters, other than those described above, that will be presented for consideration at the Annual Meeting. If other matters properly come before the Annual Meeting, it is the intention of the persons named on the enclosed proxy card to vote thereon in accordance with their respective best judgment. Moreover, the Board reserves the right to adjourn, postpone or reschedule the Annual Meeting, depending on circumstances and the Board's belief that such adjournments, postponements, continuations or reschedulings would be in the best interests of all Hercules shareholders.

AUDIT COMMITTEE REPORT

The Board of Directors has charged the Audit Committee with a number of responsibilities, including review of the adequacy of Hercules' financial reporting and accounting systems and controls. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of Hercules' independent public accountants and has a direct line of communication with the Director, Internal Audit. In accordance with Section 301 of the Sarbanes-Oxley Act of 2002 (the Act), the Audit Committee is composed entirely of independent directors as defined by the Hercules Corporate Governance Guidelines and the NYSE Listing Standards. The Board of Directors has adopted and reviews at least annually a written Audit Committee charter.

The Audit Committee has received from the independent public accountants written disclosures and a letter concerning the independent public accountants' independence from Hercules, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. These disclosures have been reviewed by the Audit Committee and discussed with the independent public accountants. The Audit Committee has also considered whether the provision of other services by the independent public accountants is compatible with maintaining the principal accountant's independence.

Table of Contents

In the discharge of its responsibilities, the Audit Committee has reviewed and discussed with management and the independent public accountants the audited consolidated financial statements for Hercules fiscal year ended December 31, 2003. In addition, the Audit Committee has discussed with the independent public accountants matters such as the quality (in addition to acceptability), clarity, consistency and completeness of Hercules financial reporting, as required by Statement on Auditing Standards No. 61, Communication with Audit Committees.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Hercules 2003 Annual Report on Form 10-K and filed with the SEC.

Audit Committee Financial Expert

In accordance with Section 407 of the Act, in January 2003, the Securities and Exchange Commission issued rules requiring public companies to disclose the audit committee financial expert. These rules are effective for Hercules for the year ending December 31, 2003. Mr. John K. Wulff has been designated by the Board of Directors as the Audit Committee Financial Expert.

The Facilities, as amended, were secured by liens on Hercules property and assets (and those of Hercules Canadian subsidiaries), a pledge of stock of substantially all of Hercules domestic subsidiaries and 65% of the stock of foreign subsidiaries directly owned by Hercules and a pledge of intercompany indebtedness. As a result of the

guarantees and stock pledges, Hercules was required to prepare financial disclosures of Guarantor Subsidiaries (Guarantor Footnote) and financial statements for certain collateral subsidiaries (the Collateral Audits) pursuant to Securities and Exchange Commission Regulation S-X, Rules 3 10 and 3 16. The Audit Committee approved 100% of the fees for services rendered in 2003.

The foregoing report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this report by reference therein.

Principal Accountant Fees and Services

The Audit Committee has adopted a policy for the approval of audit and non-audit services. Under this policy, services are segregated into three categories:

Legally Prohibited/Restricted Services Those services which our auditor may not provide by statute.

Company Determined Prohibited Services Those services which our auditor may legally provide, but which we will not obtain from our auditor.

Permitted Services Those services which our auditor may provide if pre-approved by the Audit Committee.

Table of Contents

Legally Prohibited/Restricted Services

The auditor is prohibited from providing the following non-audit services:

Bookkeeping or other services related to the accounting records or financial statements of the audit client

Financial information systems design and implementation

Appraisal or valuation services, fairness opinions or contribution-in-kind reports

Actuarial services

Internal audit outsourcing activities

Management functions or human resources

Broker or dealer, investment adviser or investment banking services

Legal services and expert services unrelated to the audit

Any other service that the Public Company Accounting Oversight Board determines by regulation is impermissible

Company Determined Prohibited Services

In addition to the Legally Prohibited services, Hercules has decided it will not engage its auditor to provide the following services.

- Large-scale Information System Design and Implementation Services: We will prohibit our auditor from providing any information system design or implementation services.

- Tax Shelters: Our auditors will not be engaged to render tax advice on any tax shelter (as currently defined on an ongoing basis by

the Internal
Revenue Code
and Regulations
thereunder).

Permitted Services

Rule 2-01 of Regulation S-X requires all services (audit and non-audit) that are provided by an audit firm to be pre-approved by the Audit Committee, but the Audit Committee may delegate to one or more members of the Committee the authority to grant pre-approvals.

We believe that, for certain non-audit services, there may be benefits to engaging our auditors, as our auditors may be best positioned to provide services more efficiently and effectively. Also, due to confidentiality concerns, we may decide engaging our auditing firm is preferable to engaging another firm.

Hercules has adopted the following policy for audit and non-audit services not prohibited elsewhere in this policy.

Table of Contents

Audit and Audit-Related Services

This category comprises those audit and audit-related services that we have traditionally purchased from our external audit firm. Hercules believes that the audit-related services described below are consistent with the auditor's role and are either: (a) directly or inherently related to evaluating Hercules' underlying internal control structure or financial information affecting the consolidated financial statements; or (b) directly involved in performing audit or attestation services:

- Services related to SEC filings
- Accounting and financial reporting consultations
- Carve-out audits
- Statutory audits
- Agreed-upon audit procedures performed to comply with a contract between Hercules and a third party
- Acquisition and divestiture-related due diligence and transaction services
- Fraud and forensic investigations
- Dispute resolution and litigation support
- Benefit plan audits

The Audit Committee has pre-approved the purchase of this category of services. Individual projects with fees in excess of \$300,000 are discussed with the Committee in advance of the project.

Internal Control-Related Consulting

Given the auditor's understanding of Hercules and its internal control environment, Hercules may engage our auditors to assess and recommend improvements as to its internal control structure, procedures or policies. Hercules believes its auditors often are best positioned to provide these services. However, Hercules has specifically precluded its auditors from implementing internal controls, policies or procedures.

The Audit Committee has pre-approved the purchase of this category of services. Individual projects with fees in excess of \$300,000 are discussed with the Committee in advance of the project.

Tax-Related Services

It is important to Hercules that it be able to engage its independent accountant to provide tax services, with the exception that the auditor will not be used to provide advice on any structure that would be classified as a tax shelter, as discussed above.

Tax services are included in the category of permitted services, which our auditors may provide if pre-approved by the Audit Committee. This category of permitted services includes:

Tax return preparation, review, consultation and assistance

Tax audit support

Tax planning on acquisition/divestiture structuring, dividend planning, etc.

Tax consulting

Expatriate tax services

Transfer pricing tax services

The Audit Committee has pre-approved the purchase of this category of services. In addition, individual projects with fees in excess of \$100,000 and \$300,000 in the aggregate are discussed with the Committee in advance of the project.

These permitted tax services, if required, are reported to the Audit Committee at the regularly scheduled Audit Committee meetings following the decision to purchase the services.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors reviews compensation objectives and policies for all employees and sets compensation for Hercules executive officers, including individuals named in the Summary Compensation Table set forth below under Compensation of Executive Officers. The policies and plans developed by the Compensation Committee are approved by the Board of Directors. Administration of the plans is the responsibility of the Compensation Committee. None of the members of the Compensation Committee is an officer, employee or former officer or employee of Hercules or its subsidiaries, and each member is independent, as such term is defined in the NYSE Listing Standards. Compensation matters relating to the Chief Executive Officer and executive officers, including those named in the Summary Compensation Table, are referred to the Board of Directors for separate approval.

The Hercules Executive Compensation Policy, as established by the Compensation Committee, is designed to provide a competitive base salary component adjusted for individual performance and links annual incentive compensation to the achievement of specific corporate goals which are identified as necessary components to achieve or exceed the business plan of Hercules. The Executive Compensation Policy also includes a long-term incentive component that is directly linked to shareholder interest through grants of stock-based awards. The total potential value of these components is then benchmarked against competitive norms for Hercules industry group. Additionally, it is the policy of the Compensation Committee to recognize extraordinary achievements through special stock-based awards. In arriving at its compensation decisions for 2003, the Compensation Committee considered the financial performance of Hercules during the year.

In 2002, the Compensation Committee engaged an independent third party to review the competitiveness of cash and equity compensation to Hercules executive officers. The study concluded that in almost all cases Hercules pay practices were within the competitive benchmark for companies of similar size. In those few cases where they were not, steps have been taken to correct the variances. The Compensation Committee continued to use this study as a basis for reviewing 2003 cash and equity compensation for Hercules executive officers.

Base Salary

Effective May 8, 2001, Hercules entered into an employment agreement with Dr. William H. Joyce under which he received a base salary of \$1,000,000 per year. This amount was based on a competitive analysis of chemical and related industries chief executive officers who were in positions encompassing the competencies required to address the difficult issues confronting Hercules, including Hercules performance, debt management issues and strategic initiatives. During 2002 and until his resignation in October 2003, this base salary was not increased.

Effective December 2003, upon replacing Dr. Joyce as President and Chief Executive Officer, Craig Rogerson received a base salary increase from \$268,596 to \$500,004 per year.

In 2003, the Compensation Committee reviewed the salaries of other executive officers and determined that, based on Hercules financial condition, size, competitive practices and internal consistency review, no base salary increases would be made with the exception of an increase for a non-named executive officer to place him at the appropriate level in his pay range.

Table of Contents

Annual Incentives

The Management Incentive Compensation Plan (MICIP) represents the variable component of compensation and is based upon the achievement of predetermined financial, corporate, business unit and individual goals. For 2003, corporate and business unit performance was measured by ongoing earnings before interest, taxes, depreciation and amortization (EBITDA). Individual performance is measured primarily by performance against goals established at the beginning of the year. For the Chief Executive Officer, the Compensation Committee also reviews individual objectives versus results achieved, and determines his MICIP payout accordingly. A similar review process also takes place for the other executive officers. MICIP awards are paid in cash up to the target variable compensation level and in restricted stock, stock options, or cash as determined by the Compensation Committee if performance warrants payouts above the target level. No payouts occur under this plan unless minimum performance levels are exceeded. The maximum payout pool under the plan is 200% of the target pool at outstanding levels of performance. It is a goal of the Compensation Committee that payouts at target combined with base salary levels result in competitive executive compensation.

Based on EBITDA performance for 2003, the Compensation Committee and the Board approved the overall corporate 2003 MICIP payout pool at 123% of the target level.

In view of Dr. Joyce s leadership and contributions in restoring Hercules financial health and meeting pre-established written goals, covering areas such as work process redesign, the Compensation Committee and the Board approved a 2003 MICIP award to Dr. Joyce of \$1,127,500, subject to certain agreements being executed.

The Compensation Committee awarded Mr. Rogerson a 2003 MICIP payment of \$225,000 based on his performance and achievement of goals as head of the FiberVisions business unit, the Pinova business unit and the Global Procurement organization and his leadership following Dr. Joyce s retirement.

The final 2003 MICIP awards for Messrs. Rogerson, Aanonsen, Dahlen, Flexon and Televantos totaled \$806,244. Awards were determined by business or functional unit performance, overall corporate performance and individual performance.

Long-Term Incentives

The Long Term Incentive Compensation Plan (the LTICP) is designed to place a component of total pay at risk and to align its value directly with shareholder value.

In April 2003, the Compensation Committee recommended and the Board approved awards of restricted stock shares and units to Dr. Joyce and Messrs. Rogerson, Aanonsen, Dahlen, Flexon and Televantos as listed in the Summary Compensation Table. In determining the amounts of these grants, the Compensation Committee considered each individual executive s responsibilities, accountabilities, achievements and position in Hercules, and competitive compensation data provided by an independent consulting firm. Restricted stock shares and units were granted to improve employee ownership and linkage to shareholders. The Hercules Long Term Incentive Compensation Plan is an omnibus plan that provides for many different types of equity awards including stock options, restricted stock shares and units and performance shares.

In October 2003, Mr. Rogerson was granted an additional 30,000 restricted stock units when he assumed the role of acting President and Chief Operating Officer.

IRS Limits on the Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1 million paid to executives is not deductible unless it is performance-based compensation and satisfies the conditions of the available exemption. Base salary does not qualify as performance-based compensation for purposes of Section 162(m), while variable compensation and option grants made to the Chief Executive Officer and other executive officers named in the Summary Compensation Table are designed to qualify as performance-based compensation under Section 162(m). No nondeductible compensation was paid in 2003. The Committee intends to continue to consider the impact of Section 162(m) on Hercules' compensation program, but reserves the right to pay nondeductible compensation in the future if it determines that it is appropriate to do so.

Stock Ownership Guidelines

In 2003, Hercules established new stock ownership guidelines for members of the Senior Management Team, which consists of the Chief Executive Officer and those who report directly to the Chief Executive Officer. The new guidelines require the Senior Management Team to hold Hercules stock having a value of at least five times base salary (in the case of the Chief Executive Officer) and three times base salary (in the case of each other member of the Senior Management Team). Executives have five years to come into compliance with these new guidelines. The guidelines reinforce the practice of encouraging executives to hold Hercules stock and to closely link their interests with those of shareholders.

Long-Term Incentive Plan (LTICP) Awards in Last Fiscal Year

The Long Term Incentive Compensation Plan (the LTICP) is designed to place a component of total pay at risk and to align its value directly with shareholder value.

In April 2003, the Compensation Committee recommended and the Board approved awards of restricted stock shares and units to Dr. Joyce and Messrs. Rogerson, Aanonsen, Dahlen, Flexon and Televantos as listed in the Summary Compensation Table. In determining the amounts of these grants, the Compensation committee considered each individual executive's responsibilities, accountabilities, achievements and position in Hercules, and competitive compensation data provided by an independent consulting firm. Restricted stock shares and units were granted to improve employee ownership and linkage to shareholders. The Hercules LTICP is an omnibus plan that provides for many different types of equity awards including stock options, restricted stock shares and units and performance shares.

In October 2003, Mr. Rogerson was granted an additional 30,000 restricted stock units when he assumed the role of Acting President and Chief Operating Officer.

Annual contributions by Hercules to its defined benefit qualified pension plans, if any are required, are determined statistically by an independent actuary, and no amount is attributed to an individual employee. In 2003, Hercules contributed \$55 million to its pension plans worldwide.

Except in special cases, the aggregate retirement benefit, under both the qualified and nonqualified U.S. plans, is an amount determined by taking the sum of (i) 1.2% of the employee's average annual earnings (based on the highest five consecutive years during the last 10 years of employment) up to one-half the Social Security Tax Base (\$43,500 in 2003), and (ii) 1.6% of the employee's average annual earnings (as determined above) in excess of one-half of the Social Security Tax Base, multiplied by the employee's total years and months of credited service. For this purpose, average annual earnings consist of salary plus annual incentive or bonus compensation.

At its August 21, 2003 Board of Directors meeting, the Board approved a special service credit applicable to Dr. Joyce's actual service credit earned during employment with Hercules.

This special service credit was approved to be used to calculate a pension benefit using the terms of the Pension Plan of Hercules (but payable from the assets of Hercules and not the Hercules Incorporated Pension Plan Trust). The special service credit granted was five years for each full year of actual credited service under the Hercules Rules of Service up to a maximum of three years actual

credited service. The maximum additional special service credit grant was 15 years. This special benefit is in addition to any benefit earned under the Pension Plan of Hercules. The estimated net present value of this service enhancement was \$4.7 million when granted. As a result of variable compensation awarded in 2004 for services rendered in 2003, the estimated net present value of this enhancement is approximately \$5.7 million (see footnote 7 of Compensation of Executive Officers).

For all participants including Dr. Joyce and Messrs. Rogerson, Aanonsen, Dahlen, Flexon and Televantos, compensation used for calculating retirement income benefits consists of the highest 5 consecutive years of average monthly earnings. These amounts for 2003 are shown under the Salary and Bonus columns of the Summary Compensation Table. The credited years of service for Dr. Joyce and Mr. Flexon are 15 and 3, respectively. The estimated credited years of service for Messrs. Rogerson, Aanonsen, Dahlen and Televantos are 21, 2, 6, and 1 respectively.

Hercules also maintains defined contribution plans in the U.S. and several other countries.

Trust Arrangements

Hercules has previously established a trust, or rabbi trust, to provide for the funding, upon the occurrence of specified events, of accrued benefits under the Hercules Incorporated Deferred Compensation Plan, the Hercules Incorporated Non-Qualified Supplemental Retirement Plan, the Hercules Incorporated Phantom Stock Plan and other retirement income or employment agreements that are currently not funded. Under the terms of the rabbi trust, the funding is triggered by an Unsolicited Change in Control Event as defined in the rabbi trust. A copy of the rabbi trust has been filed with the SEC as an exhibit to our 2002 Annual Report on Form 10-K/A.

Severance Pay Plan

Hercules has adopted a Severance Pay Plan that provides for severance pay and certain other benefits to eligible employees, including executive officers, who are terminated due to a reorganization or a reduction in Hercules workforce and are not offered other appropriate employment by Hercules. Severance pay is not payable under the Severance Pay Plan in the case of an employee's resignation or other voluntary termination, termination for violations of company policy or gross misconduct, or if Hercules sells its assets to another company that offers continued employment. Eligible employees include all regular, full-time non-represented U.S. employees of Hercules working at a location or department where coverage is in force as well as certain employees covered by a collective bargaining agreement that provides coverage under the Severance Pay Plan.

The Severance Pay Plan provides that, following a qualifying separation, each eligible employee will receive two weeks of the employee's base salary for each year of service, up to a maximum of fifty-two weeks. Severance payments will be prorated for periods less than a full year. Severance payments under the Severance Pay Plan will be offset by any other payments received by the employee from Hercules or its affiliates under any separate severance, dismissal or pay continuation plan. In addition to severance payments, the Severance Pay Plan provides that, for a period of three months following the separation of an eligible employee, the employee may continue, at Hercules' cost, medical, dental, prescription and vision coverage, basic (company paid) life insurance, and certain other employee benefits. Hercules may amend or terminate the Severance Pay Plan at any time.

Employment Contracts

On May 8, 2001, Hercules entered into a two-year written employment agreement with Dr. Joyce, which provided for him to serve as Chairman and Chief Executive Officer. Under the agreement, Dr. Joyce's initial compensation consisted of (1) a base annual salary of \$1,000,000, (2) target annual variable compensation of \$1,000,000 and (3) a 2001 grant of stock options to acquire 1,250,000 shares of common stock at a per share exercise price of \$12.00 (the price of Hercules' common stock on the date of grant). The stock options have ten-year terms and vested on April 30, 2003. Dr. Joyce's employment agreement also provided for further grants of stock options for each calendar year after 2001, at such times as Hercules generally makes stock option grants to other employees and in amounts and with terms and conditions consistent with his position. Dr. Joyce's employment agreement included provisions for the reimbursement of reasonable housing and car expenses.

As of May 1, 2003, the above Agreement was extended until April 30, 2004. Under this extension, if Dr. Joyce's employment were to be terminated by Hercules other than for cause, Hercules would have been required to pay him an amount equal to the base salary and the target variable compensation he would have received had he remained employed through April 30, 2004, but in any event not less than \$333,333.00.

On October 6, 2003, Dr. Joyce resigned as Chief Executive Officer and a Director and retired from Hercules effective as of November 25, 2003.

In accordance with Hercules' offer of employment to Mr. Aanonsen, Hercules will credit to his unfunded Deferred Compensation Plan account an amount equal to 10% of his gross annual pension payable under the Union Carbide Pension Plan for a period equal to the lesser of five years from the date of employment or his term of employment. The annual amount credited is included in the "All Other Compensation" column of the Compensation of Executive Officers table. Mr. Aanonsen's offer of employment letter also provides for reimbursement of reasonable housing expenses through July, 2003 and reasonable commuting expenses.

In accordance with Hercules' offer of employment to Mr. Flexon, should Mr. Flexon have been terminated for reason of reduction in the workforce, he would have been entitled to one year of base salary payable under the Severance Pay Plan. This benefit was in lieu of any other benefit that otherwise would have been payable under this Plan, and would have been offset by any benefits payable pursuant to Mr. Flexon's change in control agreement. As of March 12, 2004, Mr. Flexon voluntarily resigned from Hercules.

On April 15, 2002, Hercules entered into an agreement with Mr. John Televantos, which provides that his Variable Compensation target will be a percentage of his actual salary for his position. For all other eligible participants, the Variable Compensation target is a percentage of the benchmark salary for such participant's position.

Change in Control Agreements

Since 1986, Hercules has entered into change in control agreements with its senior executives. These agreements seek to ensure the stability of Hercules' management during a period of transition within Hercules and only become effective upon a change in control event. Our Compensation Committee periodically reviews these agreements and revises them, if necessary, to reflect contemporary business practices in change in control situations.

Table of Contents

Change in control agreements were in force for Dr. Joyce and Mr. Flexon prior to their respective resignations. Change of control agreements remain in force for Messrs. Rogerson, Aanonsen, Dahlen and Televantos. These agreements, the form of which has been filed with the SEC, provide that a change in control occurs:

if any individual, entity or group (with certain exceptions) becomes the beneficial owner of 20% or more of the outstanding shares of Hercules common stock;

if there is a change in a majority of the Board other than by election of new members whose election or nomination for election was approved by a vote of the majority of directors comprising the incumbent Board;

upon approval by the shareholders of a reorganization, merger, consolidation or sale that results in our shareholders owning less than 60% of the combined voting power of the surviving corporation following the transaction; or

if our shareholders approve a complete liquidation or dissolution of Hercules.

The full definition of change in control is set forth in the change in control agreements.

Under the terms of these agreements, upon a change in control, Hercules or its successor is required to continue to employ the above-named executives, in substantially the same position and level of compensation (including benefits) as that executive held immediately before the change in control, for a period of three years following the change in control.

In addition, under the terms of these agreements, as amended in 2001, if Hercules or its successor terminates the executive (within the three-year period following a change in control) for any reason other than cause, death or disability, or if Hercules or its successor takes actions that permit the executive to terminate his or her employment for good reason, such as diminishing the executive's responsibilities or requiring the executive to relocate, during such three-year period, the executive is entitled to the following (in lieu of any other severance benefits):

a lump sum cash payment equal to:

any unpaid prorated portion of the executive's annual bonus or, if greater, the most recent annual bonus received by the executive;

any monthly salary earned but unpaid as of the date of termination;

three times the executive's base salary and annual bonus; and

the difference between the amount the executive would be entitled to if Hercules or its successor contributed to the executive's retirement plan for up to three additional years of service (in addition to the years of service credited during the employment period) and three additional years of age and the amount that the executive was actually entitled to under this plan on the date of termination;

three years of continued welfare benefits and perquisites;

outplacement services at a cost of up to \$50,000;

Table of Contents

full vesting of all stock options and restricted stock held by or previously granted to the executive, with options remaining exercisable for at least one year (or, if less, their remaining term); and

a payment to make the executive whole for any Internal Revenue Service excise taxes for excess parachute payments (as defined under the Internal Revenue Code).

Mr. Dahlen's change in control agreement also provides that if he terminates his employment on at least 180 days advance notice after a change in control and, in the case of a change in control triggered by shareholder approval of a reorganization, merger, consolidation or sale described above, after consummation of that transaction, the termination will be treated as a termination for good reason, giving rise to the severance pay and benefits described above. Mr. Dahlen's change in control agreement provides, in the case of change in control or termination for good reason, for a lump sum cash payment of two times his base salary and bonus instead of the three times base salary and bonus described above. The agreement entered into with Mr. Dahlen does not provide for the additional pension service or age credits described above.

METHOD AND COST OF PROXY SOLICITATION

Proxies may be solicited, without additional compensation, by directors, officers or employees of Hercules by mail, telephone, telegram, in person or otherwise. Hercules will bear the costs of the solicitation of proxies, which may include the cost of preparing, printing and mailing the proxy materials. In addition, Hercules will request banks, brokers and other custodians, nominees and fiduciaries to forward proxy materials to the beneficial owners of common stock and obtain their voting instructions. Hercules will reimburse those firms for their expenses in accordance with the rules of the SEC and the NYSE.
