SECTION 2 - FINANCIAL INFORMATION

ITEM 2.02 - RESULTS OF OPERATIONS AND FINANCIAL CONDITION

We issued a press release on February 22, 2005, which includes information regarding our consolidated results of operations and financial condition as of and for the quarterly period ended December 31, 2004 and for the full-year 2004. It also includes updated information on our 2005 and 2006 outlook. The text of that press release is attached to this Report as an exhibit and is incorporated by reference herein.

The press release contains information concerning financial measures that we use that may be considered "non-GAAP financial measures" under Securities and Exchange Commission rules. Specifically, the press release contains information concerning operating cash flow (defined as cash flow from operating activities before changes in assets and liabilities) and EBITDA, each of which is reconciled in the press release to cash from operating activities, the most directly comparable financial measure reported under generally accepted accounting principles.

With the filing of this report on Form 8-K and the issuance of the attached press release, we are also updating our future outlook, which can be found on our website at WWW.CHEKENERGY.COM. We caution you that our outlook is given as of February 22, 2005 based on currently available information, and that we are not undertaking any obligation to update our estimates as conditions change or other information becomes available.

This information, including the exhibit attached hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as may be expressly set forth by specific reference in this Report other than under Item 2.02 hereof.
