How to Vote

You may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting. You can always change your vote at the Meeting.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. You may vote for all, some or none of our director candidates.

If you are a registered stockholder (meaning your name is included on the securityholder file maintained by our transfer agent, Computershare Trust Co. N.A.), you can vote by proxy in writing by completing, signing, dating and returning your proxy card in the enclosed envelope.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of the election of the six director candidates that have been nominated and in favour of the proposal to approve the adoption of the 2008 Stock Incentive Plan.

If your shares are held in the name of your bank, brokerage firm or other nominee, you will receive instructions from them that you must follow in order to have your shares voted. Please note that if your shares are held by a bank, brokerage firm or other nominee, and you decide to attend and vote at the annual meeting, your vote in person at the annual meeting will not be effective unless you present a legal proxy, issued in your name from your bank, brokerage firm, or other holder of record.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the Meeting, the proxies will use their own judgment to determine how to vote your shares. If the Meeting is postponed or adjourned, the proxies will vote your shares on the new Meeting date in accordance with your previous instructions, unless you have revoked your proxy.

Revoking a Proxy

If you are a registered stockholder, you may revoke your proxy before it is voted by:

- Notifying our Secretary in writing before the Meeting at the address given on the cover page of this proxy statement; or
- Voting in person at the Meeting.

If your shares are held in the name of your bank, brokerage firm or other nominee, you should follow the instructions received from them or contact your broker, in order to change your vote.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Outstanding Shares and Voting Rights

At the close of business on June 4, 2008, the record date, we had outstanding 72,205,756 shares of Common Stock.

Each holder of Common Stock is entitled to one (1) vote per share at the Meeting.

In order to carry on the business of the Meeting, we must have a quorum. This means that a majority of our issued and outstanding shares entitled to vote must be present in person or by proxy in order to constitute a quorum at the Meeting.

Assuming a quorum is present, the Director candidates who receive the most "for" votes will be elected to fill the six available seats on our Board and the proposal to approve the adoption of the 2008 Stock Incentive Plan will be approved if it receives the favourable vote of a majority of the shares of common stock present, in person or by proxy, and voted at the meeting.. Shares represented at the Meeting by a proxy reflecting abstentions or broker non-votes will be counted for the purpose of determining whether or not a quorum is present at the Meeting but will have no effect on the result of the votes on the election of Directors or the proposal to approve the adoption of the 2008 Stock Incentive Plan. Broker non-votes occur on a matter when a bank, brokerage firm or other nominee is not permitted to vote on that matter without instruction from the owner of the shares and no instruction is given. Absent instructions from you, your broker may vote your shares on the election of Directors and in favour of the proposal to approve the adoption of the 2008 Stock Incentive.

MANAGEMENT RECOMMENDS A VOTE "FOR" EACH OF THE ABOVE NOMINEES

PROPOSAL 2. ADOPTION OF 2008 STOCK INCENTIVE PLAN

On May 30, 2008, our Board of Directors adopted the 2008 Stock Incentive Plan (the "Plan"). The adoption of the Plan is subject to approval by our stockholders. Under the Plan, 12,000,000 shares of our Common Stock have been reserved for issuance on exercise of options that may be granted under the Plan. The Plan is divided into five separate components: (i) the Discretionary Option Grant Program under which eligible individuals in the Company's employ or service (including officers and consultants) may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock at an exercise price equal to not less than the fair market value of the Common Stock on the date of grant, (ii) the Stock Issuance Program under which such individuals may, in the Plan Administrator's discretion, be issued shares of Common Stock directly, through the purchase of such shares at a price not less than their fair market value at the time of issuance or as a bonus tied to the performance of services, (iii) the Salary Investment Option Grant Program which may, in the Plan Administrator's sole discretion, be activated for one or more calendar years and, if so activated, will allow executive officers and other highly compensated employees the opportunity to apply a portion of their base salary to the acquisition of special below-market stock option grants, (iv) the Automatic Option Grant Program under which option grants will automatically be made at periodic intervals to eligible, non-employee members of the Board of Directors to purchase shares of Common Stock at an exercise price equal to their fair market value on the grant date and (v) the Director Fee Option Grant Program which may, in the Plan Administrator's sole discretion, be activated for one or more calendar years and, if so activated, will allow non-employee Board members the opportunity to apply a portion of any annual retainer fee otherwise payable to them in cash each year to the acquisition of special below-market option grants.

The Discretionary Option Grant Program and the Stock Issuance Program initially will be administered by the Board of Directors. The Board of Directors, as Plan Administrator, will have the discretion to determine which eligible individuals are to receive option grants or stock issuances under those programs, the time or times when such option grants or stock issuances are to be made, the number of shares subject to each such grant or issuance, the status of any granted option as either an incentive stock option or a non-statutory stock option under U.S. federal tax laws, the vesting schedule to be in effect for the option grant or stock issuance and the maximum term for which any granted option is to remain outstanding. The Board of Directors will also have the authority to select the executive officers and other highly compensated employees who may participate in the Salary Investment Option Grant Program in the event that program is activated for one or more calendar years, but the Board of Directors will not exercise any administrative discretion with respect to option grants made under the Salary Investment Option Grant Program or under the Automatic Option Grant Program or Director Fee Option Grant Program for the non-employee Board members. All grants under those three latter programs will be made in strict compliance with the express provisions of each such program.

The exercise price for the shares of Common Stock subject to option grants made under the Plan may be paid in cash or in shares of Common Stock valued at fair market value on the exercise date. The option may also be exercised through a same-day sale program without any cash outlay by the optionee. In addition, subject to the restrictions imposed by any applicable laws, the Plan Administrator may provide financial assistance to one or more optionees in the exercise of their outstanding options or the purchase of their unvested shares by allowing such individuals to deliver a full-recourse, interest-bearing promissory note in payment of the exercise price and any associated withholding taxes incurred in connection with such exercise or purchase.

Stock appreciation rights are authorized for issuance under the Discretionary Option Grant Program which provide the holders with the election to surrender their outstanding options for an appreciation distribution from us equal to the excess of (i) the fair market value of the vested shares of Common Stock subject to the surrendered option over (ii) the aggregate exercise price payable for such shares. Such appreciation distribution may be made in cash or in shares of Common Stock.

In the event that our company is acquired by merger or sale of substantially all of its assets or securities possessing more than 50% of the total combined voting power of our outstanding securities, each outstanding option under the Discretionary Option Grant Program which is not to be assumed by the successor corporation or otherwise continued in effect will automatically accelerate in full, and all unvested shares under the Discretionary Option Grant and Stock Issuance Programs will immediately vest, except to the extent our company's repurchase rights with respect to those shares are assigned to the successor corporation or otherwise continued in effect. The Plan Administrator will have complete discretion to grant one or more options under the Discretionary Option Grant Program which will become exercisable on an accelerated basis for all of the option shares upon (i) an acquisition or other change in control of our company, whether or not those options are assumed or continued in effect, or (ii) the termination of the optionee's service within a designated period (not to exceed 18 months) following an acquisition or other change in control in which those options are assumed or continued in effect. The vesting of outstanding shares under the Stock Issuance Program may be accelerated upon similar terms and conditions. The Plan Administrator is also authorized under the Discretionary Option Grant and Stock Issuance Programs to grant options and to structure repurchase rights so that the shares subject to those options or repurchase rights will immediately vest in connection with a change in the majority of the Board of Directors of our company by reason of one or more contested elections for Board membership, with such vesting to occur either at the time of such change in control or upon the subsequent termination of the individual's service within a designated period following such change in control.

In the event the Plan Administrator elects to activate the Salary Investment Option Grant Program for one or more calendar years, each executive officer and other highly compensated employees of our company selected for participation may elect, prior to the start of the calendar year, to reduce his or her base salary for that calendar year by a specified dollar amount not less than \$12,000 nor more than \$60,000. If such election is approved by the Plan Administrator, the individual will automatically be granted, on the first trading day in January of the calendar year for which that salary reduction is to be in effect, a non-statutory option to purchase that number of shares of Common Stock determined by dividing the salary reduction amount by two-thirds of the fair market value per share of Common Stock on the grant date. The option will be exercisable at a price per share equal to one-third of the fair market value of the option shares on the grant date. As a result, the total spread on the option shares at the time of grant (the fair market value of the option shares on the grant date less the aggregate exercise price payable for those shares) will be equal to the amount of salary invested in that option. The option will become exercisable for the option shares in a series of 12 equal monthly installments over the calendar year for which the salary reduction is to be in effect and will be subject to full and immediate vesting upon certain changes in the ownership or control of our company.

Under the Automatic Option Grant Program, each individual who first becomes a non-employee Board member at any time after the May 1, 2008, whether by appointment by the Board of Directors or election of the stockholders, will automatically receive an option grant for 50,000 shares, as of the date such individual joins the Board, provided such individual has not been in our prior employ. In addition, on the date of each Annual Stockholders Meeting of our company held after the Plan Effective Date, each non-employee Board member who is to continue to serve as a non-employee Board member will automatically be granted an option to purchase 50,000 shares of Common Stock, provided such individual has served on the Board for at least six months. Each automatic grant for the non-employee Board members will have a term of 5 years, subject to earlier termination following the optionee's cessation of Board service and will be less such number of shares as may be subject to an automatic option grant under our company's 1998 Stock Incentive Plan so long as it remains in effect. Each automatic option will be immediately exercisable for all of the option shares; however, any unvested shares purchased under the option will be subject to repurchase, at the exercise price paid per share, should the optionee cease Board service prior to vesting in those shares. The shares subject to each initial 50,000 share automatic option grant will vest over a three-year period in successive equal annual installments upon the individual's completion of each year of Board service measured from the option grant date. Each 50,000 share automatic option grant will vest upon the individual's completion of one year of Board service measured from the option grant date. However, the shares subject to each automatic grant will immediately vest in full upon certain changes in control or ownership of the Company or upon the optionee's death or disability

while a Board member.

Page 11

Should the Director Fee Option Grant Program be activated in the future, each non-employee Board member will have the opportunity to apply all or a portion of any annual retainer fee otherwise payable in cash to the acquisition of a below-market option grant. The option grant will automatically be made on the first trading day in January in the year for which the retainer fee would otherwise be payable in cash. The option will have an exercise price per share equal to one-third of the fair market value of the option shares on the grant date, and the number of shares subject to the option will be determined by dividing the amount of the retainer fee applied to the program by two-thirds of the fair market value per share of Common Stock on the grant date. As a result, the total spread on the option (the fair market value of the option shares on the grant date less the aggregate exercise price payable for those shares) will be equal to the portion of the retainer fee invested in that option. The option will become exercisable for the option shares in a series of 12 equal monthly installments over the calendar year for which the election is to be in effect. However, the option will become immediately exercisable for all the option shares upon (i) certain changes in the ownership or control of our company or (ii) the death or disability of the optionee while serving as a Board member.

The shares subject to each option under the Salary Investment Option Grant and Automatic Option Grant and Director Fee Option Grant Programs will immediately vest upon (i) an acquisition of our company by merger or asset sale, (ii) the successful completion of a tender offer for more than 50% of our company's outstanding voting stock or (iii) a change in the majority of the Board effected through one or more contested elections for Board membership. Limited stock appreciation rights will automatically be included as part of each grant made under the Automatic Option Grant, Salary Investment Option Grant and Director Fee Option Grant Programs and may be granted to one or more officers of our company as part of their option grants under the Discretionary Option Grant Program. Options with such a limited stock appreciation right may be surrendered to our company upon the successful completion of a hostile tender offer for more than 50% of our company's outstanding voting stock. In return for the surrendered option, the optionee will be entitled to a cash distribution in an amount per surrendered option share equal to the excess of (i) the highest price per share of Common Stock paid in connection with the tender offer over (ii) the exercise price payable for such share.

Our Board of Directors may amend or modify the Plan at any time, subject to any required stockholder approval. The Plan will terminate on the earliest of (i) 10 years after the Plan Effective Date, (ii) the date on which all shares available for issuance under the Plan have been issued as fully-vested shares or (iii) the termination of all outstanding options in connection with certain changes in control or ownership of our company.

Narrative Disclosure to Summary Compensation Table

On August 29, 2003, we entered into a TSA with RGB, a company organized under the laws of Barbados and wholly owned by Mr. Roy. Under the agreement, RGB agreed to perform such geologic and geophysical duties as are assigned to it by us. The term of the agreement, as amended, extends through December 31, 2008 and continues for successive periods of one year thereafter unless otherwise agreed by the parties or either party has given notice that the agreement will terminate at the end of the term. On January 31, 2006, the terms of the agreement were amended to amend the fee payable from \$250,000 to \$350,000 effective January 1, 2006. RGB also is reimbursed for authorized travel and other out-of-pocket expenses. The agreement prohibits RGB from disclosing any of our confidential information and from competing directly or indirectly with us for a period ending December 31, 2008 with respect to any acquisition, exploration, or development of any crude oil, natural gas or related hydrocarbon interests within the area of the country of India. The agreement may be terminated by either party on 30 days' prior written notice, provided, however, the confidentiality and non-competition provisions will survive the termination.

D.I. Investments Ltd. ("DI"), a company controlled by Mr. Kent, was paid up to December 31, 2007 by us for consulting services. The services of Mr. Kent are provided to us pursuant to the oral arrangement with DI. The oral agreement was amended to provide for an annual fee payable of \$185,000 effective January 1, 2006 and the oral agreement was further amended to provide for an annual fee payable of \$212,750 effective January 1, 2008.

Each such option has a term of ten years, subject to earlier termination following such person's cessation of Board service, and is subject to certain vesting provisions. Compensation Discussion and Analysis

Policies and Objectives

Our Compensation Committee believes that our compensation policies and objectives should align with and reflect the stage of development of our operations, our operating objectives and the extent of realization of our objectives. Our Compensation Committee believes that our policies and objectives must take into consideration our specific business objectives and manner of achieving those objectives and our ability to implement those objectives under the terms of the production sharing contracts to which we are a party. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the

progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the operators of the exploration blocks.

Our Compensation Committee also believes that the compensation of our executive officers should be based on the principles that the levels of compensation must enable our company to motivate and retain the talent we need to lead and make our company grow. Our Compensation Committee further believes that the compensation levels must be competitive with similar other companies, be fair and reasonable and, where appropriate, reward successful performance. Our Compensation Committee relies upon its judgment in making compensation decisions.

Because it believes such a structure is most appropriate to our company's stage of development, the Compensation Committee has followed the practices established in 2005 of providing a compensation package to our executive officers consisting of monetary compensation and stock options. Our Compensation Committee believes that the impact of applicable Canadian, United States and other foreign tax laws should be considered with respect to the compensation paid and the form of the compensation. Our Compensation Committee does not establish any specific performance or target goals.

Our Compensation Committee has retained Lane Caputo Compensation, Inc., Calgary, Alberta, a compensation consultant, to review and recommend fair and justifiable compensation for our executive positions and directors as well as to make recommendations for future compensation practices. Lane Caputo Compensation, Inc. reviewed our compensation arrangements relative to a selected peer group of Canadian public companies trading on Canadian and/or International securities exchanges that are focused on international oil and gas exploration and production, with a focus on exploration. The fifteen companies in this peer group and the exchange on which their securities are traded are as follows:

· Africa Oil Corp. (TSX-V)	· Pacific Stratus Energy Ltd. (TSX)
· Candax Petroleum Inc. (TSX)	· Pan Orient Energy Ltd. (TSX-V)
· Canoro Resources Ltd. (TSX-V)	· Serica Energy PLC. (TSX-V)
· CGX Energy Inc. (TSX-V)	· Sterling Resources Ltd. (TSX-V)
· Cirrus Energy Corp. (TSX-V)	· Stratic Energy Corp. (TSX-V/AIM)
· Falcon Oil & Gas Ltd. (TSX-V)	· Verenex Energy Inc. (TSX)
· Ithaca Energy Inc. (TSX-V/AIM)	· Winstar Resources Ltd. (TSX)
· Mart Resources, Inc. (TSX-V)	

Exchanges:
(Venture)

TSX-V -- Toronto Stock Exchange
TSX -- Toronto Stock Exchange

AIM -- London AIM Market Exchange

Our Compensation Committee believes that, at this stage of our company's development, it is appropriate for our monetary compensation to stay within the median values of our peer group.

Although Compensation Committee meetings are held in executive session, without management's presence, the Compensation Committee (and from time to time individual members of the Committee) may meet with senior officers of our company to discuss objectives, explain the rationale for certain objectives and to assure that it has management's input in assessing the consequences of decisions made in the Compensation Committee meetings, including, for instance, the impact that its decisions may have on our financial statements. The Compensation Committee's interactions with management seek to achieve a balance between receiving management's opinion but still ensuring that management is not, in effect, establishing the terms and parameters for its own compensation.

Direct Monetary Compensation

Our Compensation Committee held one meeting during the year ended December 31, 2007. At the meeting, the Compensation Committee considered, among other things, in arriving at compensation for the fiscal year 2007, the executive officers' level of compensation during the prior fiscal years, the compensation levels paid by the peer group of companies, the recommendations and findings of Lane Caputo Compensation, Inc., the growth and complexity of the executives' tasks during the year, and our company's overall business plans for further growth in the following fiscal years.

The direct monetary compensation of our executive officers is based on the scope of their duties and responsibilities and the executives' individual performance in fulfilling those duties and responsibilities, in addition to the other factors

described above. Because of the inherent nature of our activities, the uncertain nature of the outcome of our activities, and the extended period of time over which the success of our activities will be determined, the Compensation Committee believes that, because the company's ability to achieve its objectives is greatly dependent upon the activities of the operators of the drilling blocks in which we have an interest, the company's success in its exploration and drilling activities during a particular year should not be the sole measure by which the direct monetary compensation of our executive officers is determined. The Compensation Committee also recognizes that our company's opportunity to enter into additional production-sharing contracts or acquire interests in ventures that are parties to such contracts is limited by availability of contracts and our company's capital. However, the Committee recognizes that future successes may lead it to award cash or other bonuses determined at that time and in the light of future events.

Based on the Compensation Committee's policies and objectives, the Committee believes that the direct monetary compensation of our executive officers for fiscal 2007 was at or below the median level of the peer group selected by Lane Caputo Compensation, Inc.

Equity Compensation

Our Compensation Committee believes that a material element of executive compensation should be the award of equity grants. This element of compensation has taken the form of grants of options under our Stock Incentive Plan but other forms of equity grants may be considered. The Compensation Committee believes the award of equity grants has the effect of aligning executive officers compensation to the future growth and success of our company.

Equity grants are the only form of long-term compensation utilized to compensate our executive officers at this time. The Compensation Committee does not consider any relationship between Direct Monetary Compensation and Equity Compensation in making equity grants. These grants are not based on any strict formula but rather are determined in the light of practices at the peer group selected, our company's past practices, and our overall corporate performance during the period relative to our progress made in achieving our overall business plan objectives and achieving stockholder value.

The Compensation Committee did not award any equity grants to our executive officers in 2007. The Compensation Committee reached this conclusion based on the market performance of the company's common stock during the year.

Other Benefits - Change of Control

We have no arrangements with our executive officers or Directors regarding any monetary payments to them in the event of a change in control of our company.

In the event that our company is acquired by merger or sale of substantially all of its assets or securities possessing more than 50% of the total combined voting power of our outstanding securities, outstanding options granted under our 1998 Stock Incentive Plan containing vesting provisions, including those held by executive officers and Directors, are subject to immediate vesting. Each outstanding option which is not to be assumed by the successor corporation or otherwise continued in effect will automatically accelerate in full and become immediately fully vested, subject to certain exceptions. The Plan contains discretionary provisions regarding the grant of options with vesting provisions. Options may also immediately vest in connection with a change in the majority of the Board of Directors of our company by reason of one or more contested elections for Board membership.

Perquisites

Our executive officers also receive perquisites in the form of medical insurance coverage for the executives and their families. In addition, in 2007 the company paid air fare expenses for Mr. Roy's family in connection with travel to India from their home.

Mr. Roy, through Roy Group Barbados, Inc. ("RGB"), a corporation wholly owned by Mr. Roy, is reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as travel, hotel, meals and entertainment expenses, computer costs and amounts billed to third parties.

Mr. Kent is reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as office costs, which include office supplies and telephone as well as travel, hotel, meals and entertainment expenses incurred by him in the performance of services to our company.

Structure of Compensation Arrangements

We have entered into the following arrangements regarding our executive officers.

We have an agreement with RGB whereby, under the agreement, RGB agreed to perform such geologic and geophysical duties as are assigned to it by our company. Mr. Roy performs services for us in his capacity as an

employee to RGB and we pay compensation to RGB. In addition, we pay for medical insurance for Mr. Roy and his family. Expenses incurred by Mr. Roy in connection with the Company are reimbursed to RGB for his travel expenses, hotel, meals and entertainment expenses, computer costs and amounts billed to third parties

Mr. Kent's services were provided through D.I. Investments Ltd., a company controlled by Mr. Kent. In addition, we pay for medical insurance for Mr. Kent and his family. Expenses incurred by Mr. Kent in connection with the Company are reimbursed to him for office costs, his travel expenses, hotel, meals and entertainment expenses.

Director Compensation

Our non-employee Board members receive cash compensation for attendance in person or by phone for each board meeting and each of the committee meetings that they are a member of. A fee of \$1,000 is paid for personally attending each meeting and \$500 is paid for attendance by phone. Our non-employee Board members may also be paid a fee for their services for a special project they may conduct or participate in. Our Directors are also reimbursed for their out-of-pocket expenses in attending meetings. Pursuant to the terms of our 1998 Stock Incentive Plan, each non-employee Director automatically receives an option grant for 50,000 shares on the date such person joins the Board. In addition, on the date of each annual stockholder meeting, provided such person has served as a non-employee Director for at least six months, each non-employee Board member who is to continue to serve as a non-employee Board member will automatically be granted an option to purchase 50,000 shares. Each such option has a term of ten years, subject to earlier termination following such person's cessation of Board service, and is subject to certain vesting provisions. For the purposes of the automatic grant provisions of the Plan, all of our Directors, other than Messrs. Roy and Kent, are considered non-employee Board members.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On March 27, 2003, we entered into a PIA with RGM, a corporation wholly owned by Jean Paul Roy, our President, Chief Executive Officer, a Director and principal stockholder, whereby we assigned and hold in trust for RGM subject to the GOI consent, 50% of the benefits and obligations of the Production Sharing Contract ("PSC") covering the KG Offshore Block ("PSC-KG") and the CIA leaving us with a net 5% PI in the PSC-KG and a net 5% CI in the CIA. Under the terms of the PIA, until the GOI consent is obtained, we retain the exclusive right to deal with the other parties to the PSC-KG and the CIA and are entitled to make all decisions regarding the interest assigned to RGM. RGM has agreed to be bound by and be responsible for the actions taken by, obligations undertaken and costs incurred by us in regard to RGM's interest, and to be liable to us for its share of all costs, interests, liabilities and obligations arising out of or relating to the RGM interest. RGM has agreed to indemnify us against any and all costs, expenses, losses, damages or liabilities incurred by reason of RGM's failure to pay the same.

Subject to obtaining the government consent to the assignment, RGM is entitled to all income, receipts, credits, reimbursements, monies receivable, rebates and other benefits in respect of its 5% interest which relate to the PSC-KG.

We have a right of set-off against sums owing to us by RGM. In the event that the Indian government consent is delayed or denied, resulting in either RGM or our company being denied an economic benefit either would have realized under the PIA, the parties agreed to amend the PIA or take other reasonable steps to assure that an equitable result is achieved consistent with the parties' intentions contained in the PIA. In the event the consent is denied, neither party is entitled to assert any claim against the other except as is specifically set forth in the agreement. We have not yet obtained the consent of the GOI. As a consequence of this transaction, we report our holdings under the PSC-KG and CIA as a net 5% PI.

RGM further agreed in the PIA that it would not dispose of any interest in the agreement, its 5% interest, or the shares of RGM without first giving notice to us of the transaction, its terms, including price, and the identity of the intended assignee and any other material information, and we will have the first right to purchase the interest proposed to be sold on the terms contained in the notice to us.

On August 29, 2003, we entered into a TSA with Roy Group Barbados ("RGB"), a corporation wholly owned by Mr. Roy, whereby under the agreement, RGB agreed to perform such geologic and geophysical duties as are assigned to it by our company. The term of the agreement, as amended, extends through December 31, 2008 and continues for successive periods of one year thereafter unless otherwise agreed by the parties or either party has given notice that the agreement will terminate at the end of the term. On January 31, 2006, the terms of the agreement were amended to amend the fee payable from \$250,000 to \$350,000 effective January 1, 2006. RGB also is reimbursed for authorized travel and other out-of-pocket expenses. The agreement prohibits RGB from disclosing any of our confidential information and from competing directly or indirectly with us for a period ending December 31, 2008 with respect to any acquisition, exploration, or development of any crude oil, natural gas or related hydrocarbon interests within the area of the country of India. The agreement may be terminated by either party on 30 days' prior written notice, provided, however, the confidentiality and non-competition provisions will survive the termination. RGB received \$350,000 from us during 2007 (\$350,000 in 2006; \$250,000 plus a bonus of \$60,000 in 2005; \$250,000 in 2004; and \$83,333 in 2003), under the terms of this agreement, including its amendments.

RGB was reimbursed for medical insurance and expenses, travel, hotel, meals and entertainment expenses, computer costs, and amounts billed to third parties incurred by Mr. Roy during 2007 totaling \$75,000. At December 31, 2007, we owed RGB \$33,192 for services provided pursuant to the TSA and expenses incurred on behalf of our Company which amount bears no interest and has no set terms of repayment.

During the year ended December 31, 2007, Mr. Allan J. Kent, our Executive Vice President, Chief Financial Officer and a Director, was paid \$185,000 (\$185,000 in 2006; \$120,000 plus a bonus of \$30,000 in 2005; \$120,000 in 2004; and \$61,715 in 2003) by us for consulting services of Mr. Kent which are provided to us pursuant to an oral arrangement with DI Investments Ltd. ("DI"), a corporation wholly-owned by him, amended effective January 1, 2006. The oral agreement has been amended to provide for an annual fee payable of \$212,750 effective January 1, 2008.

DI was reimbursed \$82,918 for medical insurance, office costs, including office supplies and telephone as well as travel, hotel, meals and entertainment expenses incurred throughout 2007. At December 31, 2007, we owed DI \$26,007 as a result of services provided and expensed incurred on behalf of our company.

Messrs. Roy and Kent devote substantially all their time to our affairs. Neither of such persons is our direct employee and we do not have any employment agreements directly with either of such persons.

During the year ended December 31, 2007, Amicus Services Inc. a company controlled by Mr. Vincent Roy, a brother of Mr. Jean Roy, received from us \$55,347 as consulting fees for services rendered. Amicus Services Inc. was also reimbursed \$5,278 for office costs, including parking, office supplies and telephone as well as travel and hotel expenses incurred throughout 2007. At December 31, 2007, we owed Amicus Services Inc. \$6,953 as a result of services provided and expensed incurred on behalf of our Company.

RELATIONSHIP WITH PUBLIC ACCOUNTANTS

Our Audit Committee has selected KPMG, LLP as the company's independent registered public accounting firm for the fiscal year ended December 31, 2008. The same firm was our independent registered public accounting firm that audited our financial statements for the fiscal year ended December 31, 2007. We do not require a representative of KPMG, LLP to be present at the Meeting but we do expect a representative to be present and available to respond to appropriate questions or make a statement if they desire to do so.

On December 20, 2007, we received a letter from Ernst & Young LLP ("E&Y") dated December 14, 2007 stating that it resigned, effective December 12, 2007, as our auditor. In connection with its engagement to audit our consolidated financial statements for the two fiscal years ended December 31, 2006 and subsequent interim periods preceding the date of E&Y's resignation, we had no disagreements with E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to its satisfaction, would have caused E&Y to make reference to the subject matter of the disagreement in connection with its reports and there did not occur a reportable event as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K.

We retained E&Y on February 26, 2004 as our principal accountants to audit our consolidated financial statements as of December 31, 2002 and for the period from August 21, 2002 (inception) to December 31, 2002 and as of and for the years ended December 31, 2003, 2004, 2005 and 2006.

The following sets forth fees we incurred for professional services provided by KPMG, LLP and Ernst & Young LLP for accounting services rendered during the years ended December 31, 2007 and December 31, 2006, respectively.
