COMPENSATION OF DIRECTORS

During fiscal 2002, each of our non-employee directors was monetarily compensated for serving as a member of our Board of Directors effective January 1, 2002. From such date each of the non-employee directors received a fee of \$1,000 for each of the board meetings and committee meetings that they attended. In addition, George Ellis received a fee of \$1,000 for each of the seven board meetings and two Audit Committee meetings he attended prior to January 28, 2002 pursuant to a letter agreement. On July 17, 2001, NEON entered into a letter of intent to acquire Scalable Software, Inc. Several members of NEON's Board of Directors have a financial interest in Scalable Software. Therefore, on July 17, 2001, the Board of Directors formed a Special Committee composed solely of directors who have no interest in Scalable Software to review the terms of the acquisition. In July 2001, we authorized paying each of the members of our Special Committee a fee of \$1,000 per committee meeting attended. The Special Committee met 12 times in the fiscal year ended March 31, 2002.

In 1999 we adopted the Stock Option Plan for Non-Employee Directors for compensation of our non-employee directors and reserved 100,000 shares of our common stock for issuance thereunder. Under such plan, all current non-employee directors on the Board of Directors (other than Peter Schaeffer) have each been granted an option to purchase 7,500 shares of our common stock in connection with his appointment to our Board. The options granted under the Stock Option Plan for Non-Employee Directors vest equally in 33 1/3% increments on the date of each successive annual meeting during the three-year period following the date of grant. Other non-employee directors who join our Board of Directors would receive identical options to purchase 7,500 shares of NEON common stock exercisable at the fair market value of the common stock at the close of

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

business on the date immediately preceding the date of grant.

On March 26, 2002, the 2002 Director Option Plan was approved by our stockholders to replace the Stock Option Plan for Non-Employee Directors. Each current non-employee director who was serving on the Board of Directors immediately following the Annual Meeting of Stockholders scheduled for March 26, 2002 and who served on the Board of Directors in any of the last three fiscal years ended March 31, 2001, will receive a one-time initial "Election" option grant to purchase 12,500 shares of common stock for each of such three previous fiscal years, up to a maximum grant of 37,500 shares of common stock of NEON. Non-employee directors

Page 9

subsequently joining the Board of Directors, whether by appointment or election, will also receive a one-time initial "Election" option grant to purchase 12,500 shares of common stock under the 2002 Director Option Plan.

Additionally, all non-employee directors serving on the Board of Directors of NEON immediately following any subsequent annual meeting of stockholders after the adoption of the 2002 Director Option Plan who have served as a director of NEON for at least the preceding six months will receive an "Annual" grant of an option to purchase 12,500 shares of common stock under the 2002 Director Option Plan. The Election options granted under the 2002 Director Option Plan vest equally in quarterly increments during the three-year period following the date of grant. The Annual options granted will vest equally in quarterly increments during a two-year period following the date of grant.

All stock options granted pursuant to the Stock Option Plan for Non-Employee Directors and 2002 Director Option Plan are and will be nonqualified stock options and will remain exercisable for a period of ten years from the date of grant or, if sooner, six months after the option holder ceases to be a director of NEON. In the event of a change in control of NEON or certain other significant events, all options outstanding under the Stock Option Plan for Non-Employee Directors would terminate, provided that immediately before the effective date of such transaction each holder of an outstanding option under the Stock Option Plan for Non-Employee Directors would be entitled to purchase the total number of shares of common stock that such option holder would have been entitled to purchase during the entire remaining term of the option.

This term sheet reflected a revision by NEON and Scalable Software of NEON's previously announced plan to acquire Scalable Software. In addition, NEON also announced that Louis R. Woodhill, its Chief Executive Officer, and Jim Woodhill had been appointed to the Board of Directors of NEON. On June 26, 2002, NEON entered into an Agreement and Plan of Merger which documented the grant of the two-year option to acquire Scalable Software as outlined therein. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The percentage of shares owned provided in the table is based on 8,689,477 shares outstanding as of July 15, 2002. Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

as indicated by footnote, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The determination of whether these persons have sole voting and investment power is based on information provided by them. In computing an individual's beneficial ownership, the number of shares of common stock subject to options held by that individual that are exercisable within 60 days of July 15, 2002 are also deemed outstanding. These shares, however, are not deemed outstanding for the purpose of computing the beneficial ownership of any other person.

The following table sets forth certain information regarding beneficial ownership of our common stock as of July 15, 2002 by:

- o Louis R. Woodhill, our Chief Executive Officer, and each of the four other most highly compensated individuals who served as our executive officers at fiscal year end (the "Named Officers");

(1) EMPLOYEE STOCK OPTION PLANS

Under the 1993 Stock Plan (1993 Plan) for the officers and employees of NEON, the Board of Directors authorized the grant of non-qualified incentive stock options to purchase up to 2,600,000 shares of NEON's Common Stock. Such options become exercisable either on the date of grant or in such installments as the grant may specify up to 10 years from the date of grant.

In January 1999, NEON adopted the 1999 Long-Term Incentive Plan (1999 Plan) that provides for the grant of incentive stock options and non-qualified stock options to purchase NEON common stock, stock appreciation rights, restricted stock and performance units, to key employees of NEON. NEON reserved 2,000,000 shares of its common stock for issuance under the 1999 Plan. In connection with NEON's adoption of the 1999 Plan, NEON has not made any new grants under the 1993 Plan and options previously issued under the 1993 Plan are exercisable in accordance with their terms.

Page 13

On January 28, 2002, the Board of Directors adopted the 2002 Stock Plan, and reserved 2,000,000 shares of NEON common stock for issuance under the 2002 Stock Plan plus (a) any shares of NEON common stock that had been reserved but not issued under our 1999 Long-Term Incentive Plan as of the date of stockholder approval of the 2002 Stock Plan, (b) any shares of NEON common stock returned to the 1999 Long-Term Incentive Plan as a result of termination of options or repurchase of shares of NEON common stock issued under the 1999 Long-Term Incentive Plan and (c) annual increases on the first day of each fiscal year, beginning April 1, 2003, equal to the lesser of (i) 750,000 shares of NEON common stock, (ii) 5% of the outstanding shares of NEON common stock on such date or (iii) a lesser amount determined by our Board of Directors. The 2002 Stock Plan replaces the 1999 Long-Term Incentive Plan. On March 26, 2002, the stockholders of NEON approved the 2002 Stock Plan at NEON's Annual Meeting of Stockholders. As of March 31, 2002, no options had been granted pursuant to the 2002 Stock Plan.

In January 1999, NEON adopted the Stock Option Plan for Non-Employee Directors for compensation of its outside directors and reserved 100,000 shares of its common stock for issuance thereunder. Outside directors joining the Board of Directors were to receive options to purchase 7,500 shares of NEON common stock exercisable at the fair market value of the common stock at the close of business on the date immediately preceding the date of grant (the initial outside directors will be eligible for such grants upon their re-election to the Board of Directors). These annual options would vest equally in 33-1/3% increments over the three-year period from the date of grant. All stock options granted pursuant to the Stock Option Plan for Non-Employee Directors were to be nonqualified stock options and remain exercisable for a period of ten years from

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

the date of grant or, if earlier, six months after the option holder ceases to be a director of NEON. In the event of a change in control of NEON or certain other significant events, all options outstanding under the Stock Option Plan for Non-Employee Directors would terminate, provided that immediately before the effective date of such transaction each holder of an outstanding option under the Stock Option Plan for Non-Employee Directors shall be entitled to purchase the total number of shares of common stock that such option holder would have been entitled to purchase during the entire remaining term of the option.

On January 28, 2002, the Board of Directors adopted the 2002 Director Option Plan. The 2002 Director Option Plan is intended to replace the Stock Option Plan for Non-Employee Directors, which the Board of Directors terminated after approval of the 2002 Director Option Plan. The Board of Directors has reserved a maximum of 250,000 shares of NEON common stock for issuance under the 2002 Director Option Plan plus (a) any shares of NEON common stock which had been reserved but not issued under the Stock Option Plan for Non-Employee Directors as of the date of stockholder approval of the 2002 Director Option Plan, (b) any shares of NEON common stock returned to the Stock Option Plan for Non-Employee Directors as a result of termination of options or repurchase of shares issued under the Stock Option Plan for Non-Employee Directors, and (c) annual increases on the first day of each fiscal year, beginning on April 1, 2003, equal to the lesser of (i) 2% of the outstanding shares of NEON common stock on such date or (ii) an amount determined by our Board of Directors. On March 26, 2002, the stockholders of NEON approved the 2002 Director Option Plan at the NEON Annual Meeting of Stockholders. At the conclusion of the April 5th reconvened Annual Meeting, options to purchase 187,500 of the available 305,000 share option pool were issued as initial options to Non-Employee Directors who had served in any of the previous three fiscal years as previously disclosed in the proxy statement for the fiscal year ended March 31, 2001.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Members of NEON's Board of Directors and certain executive officers of NEON are shareholders and/or directors in other companies, with which NEON has business relationships. Transactions between NEON and these other companies are described below.

Peregrine/Bridge Transfer Corporation

Distribution Agreement. NEON entered into a distribution agreement with Peregrine/Bridge Transfer Corporation ("PBTC"), a database software company, in January 1996. In December 1998, NEON amended its distribution agreement with Peregrine/Bridge Transfer Corporation under which PBTC granted NEON an exclusive, worldwide license to market and sublicense PBTC's only products, its Enterprise Subsystem Management products. The amended distribution agreement has an initial term through March 31, 2004. The agreement also provides that NEON pay royalties for the license of products and for maintenance and support and upgrade services equal to 50% of the revenues received by NEON. The terms of this agreement provide that NEON will pay PBTC a minimum advance royalty of \$250,000 per quarter during fiscal year 2000, \$500,000 per quarter during fiscal year 2001, \$750,000 per quarter during fiscal year 2002, \$1,000,000 per quarter during fiscal year 2003 and \$1,250,000 per quarter during fiscal year 2004, for an aggregate payment of \$15 million. This royalty payment is recorded as a prepaid expense and offset by 50% of NEON's sales of PBTC products. NEON incurred royalty expense of \$1,454,458 and \$1,588,000 for the twelve months ended March 31, 2002 and 2001, respectively to PBTC.

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

The amended Distribution Agreement also provides that PBTC will reimburse NEON for the amount of unearned royalty advances when the Agreement terminates in 2004. The balance of the unearned advance payments was \$2.1 million at March 31, 2002, and increased to approximately \$3.1 million subsequent to year end. Management believes that while the current and reasonably foreseeable business prospects for revenue received by NEON from licenses and maintenance for PBTC products are expected to be sufficient to offset the unearned advance payments as of March 31, 2002, these revenues may not be sufficient to meet the aggregate future minimum royalties to be paid by NEON to PBTC. As a result, the balance of unearned advance payments may increase substantially by the time the Agreement terminates. PBTC's sole source of income is the royalty payments made by NEON and PBTC has a substantial negative net worth. As a result, PBTC may be unable to repay any unearned advances at the termination of the agreement in 2004.

Services Agreement. NEON also has a services agreement with PBTC pursuant to which PBTC reimburses NEON for PBTC's share of the general and administrative expenses supplied to it by NEON. Such amounts are presented as a reduction of general and administrative expenses in the accompanying consolidated financial statements. The Company revised the services agreement with PBTC in October 2002, as a result of which PBTC's monthly payment to NEON declined from \$30,000 per month to \$5,000 per month and NEON's services were substantially reduced. Due to the timing of cash payments between the two parties related to the distributor agreement and the services agreement described above, NEON had accounts receivable (payable)-related party of nil, as of March 31, 2002 and March 31, 2001.

NEON interlocks with Peregrine/Bridge Transfer Corporation. John J. Moores, Charles E. Noell, III and Norris van den Berg, directors of NEON, also serve as directors of PBTC. Wayne E. Webb, Jr., Senior Vice President and General Counsel of NEON, served as the Vice President and General Counsel of PBTC until February of 2002, when he was appointed the President and CEO. On June 1, 2001, Mr. Webb was appointed President and Chief Executive Officer of NEON Systems, Inc., an office he held until Mr. Louis Woodhill assumed those positions. Through his interest in Skunkware, Inc., John J. Moores, Chairman of the NEON Board of Directors, beneficially owns approximately 96% of PBTC. Through their interests in Skunkware, Inc., each of Messrs. Noell, van den Berg and Webb beneficially own approximately 1%, and each of Don Pate, Senior Vice President and General Manager, Enterprise Subsystems Management Division of NEON and Jonathan J. Reed, Vice President, Business Development and Product Marketing of

Page 15

NEON, beneficially own less than 1%, of PBTC. Additionally, Messrs. Noell, Moores and van den Berg serve as directors of Skunkware, Inc.

Scalable Software, Inc.

Scalable Software, Inc. is a company founded by Louis R. Woodhill, NEON's President and Chief Executive Officer. Several members of NEON's Board of Directors and NEON's Chief Executive Officer have a financial interest in Scalable Software. The percentage beneficial ownership of the NEON directors and executive officers who have a financial interest in Scalable Software is set forth below:

Name	Ownership Percentage,
----	-----
Jim Woodhill	24.3%
John J. Moores (and affiliates)	23.8%
Louis R. Woodhill	16.7%

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

Charles E. Noell (and affiliates)	15.1%
Peter Schaeffer	1.5%

Total	81.4%
	=====

On July 17, 2001, NEON announced that it had entered into a letter of intent to acquire Scalable Software, Inc., a Houston-based provider of client effectiveness management tools for Windows networks. Louis R. Woodhill, NEON's President and CEO, is also a shareholder, director, President and CEO of Scalable Software. In connection with the letter of intent, NEON and Scalable Software entered into a Promissory Note dated July 17, 2001, which provided bridge financing to Scalable in a maximum amount of \$3.0 million with a maturity date of December 31, 2001, secured by the personal guarantees of John J. Moores, Louis R. Woodhill and Jim Woodhill. On November 13, 2001, the promissory note was amended to increase the maximum lending limit to \$3.5 million with an original maturity date of March 31, 2002, with such increased amount also being guaranteed by Messrs. Moores, Woodhill and Woodhill.

Due to the interests in Scalable Software by several members of NEON's Board of Directors, the Board of Directors concluded that it would be appropriate to create a Special Committee comprised solely of directors who have no interest in Scalable Software to review the terms of the proposed acquisition. After thorough consideration and discussion by the Special Committee and its advisors, the Special Committee proposed that the payment of the consideration for the proposed acquisition be structured as an earn out, in which the NEON stock to be used as consideration would be placed in escrow subject to release to the Scalable Software shareholders upon Scalable Software's attainment of specified revenue and profitability goals. This proposal was unacceptable to Scalable Software's management and Board of Directors and was rejected. The status of the proposed acquisition was then discussed at a special meeting of NEON's Board of Directors in December 2001. After thorough consideration and discussion and upon endorsement by the Special Committee, NEON's Board of Directors approved modifications to the proposed terms and conditions for the acquisition such that the transaction would be structured as an option to acquire Scalable Software as discussed below. In addition, NEON also announced on December 21, 2001, that Louis R. Woodhill, its President and Chief Executive Officer, and Jim Woodhill had been appointed to the Board of Directors of NEON. Louis R. Woodhill and Jim Woodhill were both directors and shareholders of Scalable Software and Louis R. Woodhill was also the President and Chief Executive Officer of Scalable Software. As of June 2002, their status as shareholders, directors and as officers of Scalable Software remains unchanged.

NEON has obtained a two-year option to acquire Scalable Software as outlined in the Agreement and Plan of Merger dated June 26, 2002. In connection with this Option, NEON agreed to provide bridge financing of up to \$5.5 million, in addition to the \$3.5 million previously loaned to Scalable Software that is secured by personal guarantees from John J. Moores, Louis R. Woodhill and Jim Woodhill. The aggregate financing has a 36-month term and will not bear interest during the term of the two-year option to acquire Scalable Software. After the expiration of the Option, the loan will bear interest at the prime rate plus two percentage points. In addition to the personal guarantees of John J. Moores, Louis R. Woodhill and Jim Woodhill for the initial \$3.5 million loaned to Scalable Software, the \$5.5 million loan will be secured by all of the intellectual property rights of Scalable Software. NEON may exercise the Option to acquire Scalable Software at any time during the two-year term, subject to provisions that require NEON to

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

exercise its Option within a 30-day window under certain circumstances or forfeit the Option. If NEON exercises the Option and acquires Scalable Software, each of the approximately 19,400,000 outstanding shares of common stock of Scalable Software will be converted into approximately 0.135 of a share of NEON common stock and outstanding options and warrants to purchase approximately 3,000,000 shares of common stock of Scalable Software will become options and warrants to purchase common stock of NEON on the same conversion basis. If Scalable Software incurs more indebtedness for borrowed money or issues more equity, the exchange ratio will be reduced. Prior to NEON exercising the Option to acquire Scalable Software, a Special Committee would be appointed to review the negotiated terms of the proposed acquisition and NEON would seek to obtain a fairness opinion regarding the transaction from a financial advisory firm. The acquisition of Scalable Software will also require approval of the shareholders of NEON and the NEON Board of Directors.

Management believes that the Scalable Software products are gaining increasing levels of acceptance in the marketplace and a reputation for ease of installation and use. Management further believes that the long term prospects for the products are excellent. However, management also believes that Scalable Software will exhaust its line of credit from NEON before it is able to generate cash from operations sufficient to sustain its operations. In that event, and if Scalable Software is unable to secure additional financing, it could become the subject of bankruptcy proceedings. If Scalable Software is subject to bankruptcy proceedings, it is possible that the security interests held by NEON in the intellectual property of Scalable Software could be set aside, and NEON could be an unsecured creditor with respect to the \$5.5 million loan.

As noted above, certain member's of NEON's board of directors and executive officers also serve as directors and executive officers of Scalable Software and claim beneficial ownership of approximately 81% of Scalable's common stock. In addition, NEON has an option to acquire all of the outstanding shares of Scalable Software and is currently providing Scalable's primary financing for its operations. Therefore, NEON recognizes 100% of Scalable Software's losses to the extent of advances made in excess of the guaranteed amount. At March 31, 2002, NEON had made total advances of \$5.8 million to Scalable Software (including \$2.3 million of unguaranteed advances) and recognized an associated loss of \$2.1 million.

Sheer Genius Software, Inc.

On January 3, 2002, NEON entered into a services agreement with Sheer Genius Software, Inc. of Austin, Texas, a company owned and controlled by Jim Woodhill and JMI Services, Inc., a private company owned by John J. Moores, NEON's Chairman. Under the first project description negotiated for such services agreement, Sheer Genius will provide development services to NEON on a budgeted time and materials basis and will deliver fixed deliverables, consisting primarily of developed source code. The term of the initial project description was six months and the maximum aggregate fees were \$480,000. This agreement was recently amended to extend the contract period for an additional three months with additional maximum aggregate fees of \$300,000. While NEON is currently Sheer Genius' sole source of income, it is free to solicit other customers. Under the services agreement, all intellectual property created by Sheer Genius in the course of performing the services is owned by NEON. However, Sheer Genius will receive a license back of such intellectual property for limited use in the development by Sheer Genius of software that does not compete with software distributed by NEON. The Board of Directors reviewed the terms of the services agreement and project description and approved such agreements following disclosure of the interest of its officers and directors associated with Sheer Genius.

Lakeview Advisors Corporation (BVI) Limited

Edgar Filing: NEON SYSTEMS INC - Form 10-K/A

On March 29, 2002, NEON entered into an Asset Purchase Agreement with Lakeview Advisors Corporation (BVI) Limited, an entity formed under the laws of the British Virgin Islands, to acquire all of the assets relating to certain software formerly owned by Socato Ltd for a purchase price of \$600,000 in the form of the promissory note to be paid over the course of 48 months. No payments were due under the promissory note in the fiscal year ended March 31, 2002. This acquisition fulfilled certain requirements required by NEON's offer of employment to Mark Cresswell, NEON's Vice President and General

Page 17

Manager of the Shadow Division, dated October 11, 2001. Mr. Cresswell is a Principal in Lakeview Advisors Corporation (BVI) Limited.

Other Directorships

Members of our Board of Directors also serve as officers or directors of other software or computing companies. NEON and such companies, despite each being software companies, are not sufficiently similar in their operations to be competitors. We do not believe that the concurrent service of our directors as officers and/or directors of the entities listed in their biographical descriptions poses potential conflicts of interest.
