PRESS RELEASE

Paris, April 10, 2006. Veolia Environnement has agreed to sell its interests in Southern Water to Southern Water Capital Limited, the current majority shareholder in Southern Water. The transaction is not subject to any conditions and is due to be completed today.

Veolia Environnement came to the conclusion that this minority position (with a maximum of 25% for regulatory reasons) does not allow the group to optimise its investment.

Veolia Environnement remains fully committed to the operation of its other interests in UK water companies, which are all in companies it controls and has no plans to dispose of any other water assets in the UK.

Veolia Environnement (Paris Euronext: VIE and NYSE: VE) is world leader in environmental services. With more than 270,000 employees the company has operations all around the world and provides tailored solutions to meet the needs of industrial and municipal customers in four complementary segments: water management, waste management, energy management and passenger transportation. Veolia Environnement recorded revenue of €25.2 billion in 2005. www.veolia.com
