March 20, 2008

Dear Fellow Stockholder:

You are cordially invited to attend the annual meeting of stockholders of **Tortoise Capital Resources Corporation** (the Company) on Monday, April 21, 2008 at 11:00 a.m., Central Time, at The Doubletree Hotel, 10100 College Boulevard, Overland Park, KS 66210.

The matters scheduled for consideration at the meeting are the election of one director of the Company, the grant of authority to the Company to sell its common shares for less than net asset value, subject to certain conditions, the grant of authority to the Company to sell warrants or options to acquire common shares and to issue the common

shares underlying such warrants or options upon their exercise, and the ratification of the selection of Ernst & Young LLP as the independent registered public accounting firm of the Company for its fiscal year ending November 30, 2008, as more fully discussed in the enclosed proxy statement.

We have asked shareholders to consider granting authority to the Company to sell its common shares for less than net asset value and to sell warrants or options to acquire common shares because we expect that periodically we will be presented with attractive investment opportunities to acquire securities that require the Company to make its investment commitment quickly. Because the Company generally attempts to remain fully invested and does not intend to maintain excess cash for the purpose of making these investments, the Company may be unable to capitalize on investment opportunities presented to it unless it quickly raises capital. Each of these two proposals give us another strategic method to raise capital to take advantage of attractive investment opportunities which we believe will be beneficial to all shareholders.

Enclosed with this letter are answers to questions you may have about the proposals, the formal notice of the meeting, the Company's proxy statement, which gives detailed information about the proposals and why the Company's Board of Directors recommends that you vote to approve each of the proposals, the actual proxy for you to sign and return and the Company's Annual Report to stockholders for the fiscal year ended November 30, 2007, which includes the information required by Rule 14a-3 of the Securities Exchange Act of 1934. If you have any questions about the enclosed proxy or need any assistance in voting your shares, please call 1-866-362-9331.

Your vote is important. Please complete, sign, and date the enclosed proxy card and return it in the enclosed envelope. This will ensure that your vote is counted, even if you cannot attend the meeting in person.

Sincerely,
David J. Schulte
Chief Executive Officer

**PROPOSAL ONE
ELECTION OF ONE DIRECTOR**

The Board of Directors of the Company unanimously nominated Conrad S. Ciccotello following a recommendation by the Nominating, Corporate Governance and Compensation Committee of the Company, for election as director at

the annual meeting of stockholders of the Company. Mr. Ciccotello is currently a director of the Company, has consented to be named in this proxy statement and has agreed to serve if elected. The Company has no reason to believe that Mr. Ciccotello will be unavailable to serve.

The persons named on the accompanying proxy card intend to vote at the meeting (unless otherwise directed) FOR the election of Mr. Ciccotello as director of the Company. Currently, the Company has five directors. In accordance with the Company's Articles of Incorporation, its Board of Directors is divided into three classes of approximately equal size. The terms of the directors of the different classes are staggered. The terms of Terry C. Matlack and Charles E. Heath expire on the date of the 2009 annual meeting of stockholders and the terms of H. Kevin Birzer and John R. Graham expire on the date of the 2010 annual meeting of stockholders.

In accordance with the Company's Bylaws (Bylaws), each share of the Company's common stock may be voted for as many individuals as there are directors to be elected. Thus, each common share is entitled one vote in the election of Mr. Ciccotello. Stockholders do not have cumulative voting rights.

If elected, Mr. Ciccotello will hold office until the 2011 annual meeting of stockholders and until his successor is duly elected and qualified. If Mr. Ciccotello is unable to serve because of an event not now anticipated, the persons named as proxies may vote for another person designated by the Company's Board of Directors.

The following table sets forth each Board member's name, age and address; position(s) with the Company and length of time served; principal occupation during the past five years; the number of portfolios in the Fund Complex that each Board member oversees and other public company directorships held by each Board member. The Investment Company Act of 1940, as amended (the 1940 Act), requires the term Fund Complex to be defined to include registered investment companies advised by the Company's investment adviser, Tortoise Capital Advisors, L.L.C. (the Adviser). As of March 20, 2008, the Fund Complex included the Company, Tortoise Energy Infrastructure Corporation (TYG), Tortoise Energy Capital Corporation (TYY), Tortoise North American Energy Corporation (TYN), Tortoise Total Return Fund, LLC (TTRF) and Tortoise Gas and Oil Corporation (TGOC), but does not include Tortoise Power and Energy Income Company (TPZ). TPZ has registered as an investment company but not yet commenced operations and its advisory agreement with the Adviser has not become effective.

Director Compensation Table

The Company does not compensate any of its directors who are interested persons, nor does the Company compensate any of its officers. The following table sets forth certain information with respect to the compensation paid by the Company and the Fund Complex during fiscal 2007 to each of the current independent directors for their services as a director. The Company does not have any retirement or pension plans, and no director received any compensation from us other than in cash.

Name of Person, Position	Aggregate Compensation from Company ⁽¹⁾	Pension or Retirement Benefits Accrued as Part of Company Expenses	Estimated Annual Benefits Upon Retirement	Total Compensation from Company and Fund Complex Paid to Directors ⁽²⁾
Independent Persons				
Conrad S. Ciccotello	\$31,000	\$0	\$0	\$145,000
John R. Graham	\$26,000	\$0	\$0	\$124,000
Charles E. Heath	\$28,000	\$0	\$0	\$132,000

(1) No amounts have been deferred for any of the persons listed in the table.

(2) Fund Complex includes the Company, TYG, TYY, TYN, TTRF and TGOC.

For the current fiscal year, each independent director receives from us an annual retainer of \$12,000 and a fee of \$2,000 for each meeting of the Board or Audit and Valuation Committee he or she attends in person (or \$1,000 for each Board or Audit and Valuation Committee meeting attended telephonically, or for each Audit and Valuation Committee meeting attended in person that is held on the same day as a Board meeting). Independent directors also

receive \$1,000 for each other committee meeting attended in person or telephonically (other than Audit and Valuation Committee meetings). The Chairman of the Audit and Valuation Committee receives an additional annual retainer of \$4,000. Each other committee chairman receives an additional annual retainer of \$1,000. The independent directors are reimbursed for expenses incurred as a result of attendance at meetings of the Board and Board committees.

Required Vote

Mr. Ciccotello will be elected by the vote of a plurality of all shares of common stock of the Company present at the meeting, in person or by proxy. When there is one vacancy for director, as is the case here, a vote by plurality means the nominee with the highest number of affirmative votes, regardless of the votes withheld for that candidate, will be elected. Therefore, withheld votes and broker non-votes, if any, will not be counted towards a nominee's achievement of a plurality. Each common share is entitled to one vote in the election of Mr. Ciccotello.

BOARD RECOMMENDATION

The Board of Directors of the Company unanimously recommends stockholders of the Company vote for Mr. Ciccotello as a director.

**PROPOSAL TWO
APPROVAL TO SELL COMMON SHARES
BELOW NET ASSET VALUE**

Under the 1940 Act, the Company may sell common shares in subsequent offerings and invest the proceeds from such offerings in accordance with its investment objectives, so long as the net sale price to the Company (after deduction of underwriting fees, commissions and offering expenses) is at least equal to the net asset value per share (the NAV) of its common shares. Additionally, the 1940 Act permits the Company to sell its common shares below NAV with the consent of a majority of its common stockholders. The Company is seeking approval of this proposal so that it may, in one or more public or private offerings of its common stock, sell shares of its common stock at a price below its then current NAV per share, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the date of the Company's 2009 Annual Meeting of Stockholders, expected to be held in April 2009. The stockholders of the Company have previously granted the Company the authority to sell its shares below NAV. This authority extended through December 20, 2007.

The Board of Directors of the Company believes that the ability of the Company to issue its common shares below NAV in certain instances will benefit all of the Company's stockholders. The Company expects to be presented periodically with attractive opportunities to acquire securities that require the Company to make its investment commitment quickly. Because the Company generally attempts to remain fully invested and does not intend to maintain cash for the purpose of making these investments, the Company may be unable to capitalize on investment opportunities presented to it unless it quickly raises capital. The market value of the Company's common shares, however, may periodically fall below its NAV, which is not uncommon for closed-end funds such as the Company. If this happens, absent the approval of this proposal, the Company will not be able to raise capital through the sale of its common shares to enable it to take advantage of attractive investment opportunities. The Board of Directors of the Company has approved submitting this proposal to the Company's stockholders for their approval.

The following table sets forth a comparison, as of the last day of each of the Company's fiscal quarters ended in 2007, of the Company's NAV per share and the comparable closing price of the Company's common stock, as reported on the New York Stock Exchange.

Fiscal Quarter Ending	NAV	Closing Price⁽¹⁾
November 30, 2007	\$13.76	\$11.66
August 31, 2007	\$13.77	\$14.45
May 31, 2007	\$14.05	\$17.85
February 28, 2007	\$13.84	\$14.50

(1) The Company began trading on the NYSE on February 2, 2007.

Approval of this proposal would give the Company the opportunity to raise cash and purchase attractively priced securities even if the net sale price to the Company of its common shares is below NAV. The Company does not anticipate selling common shares below NAV unless the Company has identified attractive near term investment

opportunities that the directors, including a majority of disinterested directors, as defined in the 1940 Act, reasonably believe will lead to a long-term increase in stockholder distributions, which distributions may include a tax free return of capital to the extent the distribution exceeds the Company's earnings and profits for income tax purposes. The Board of Directors of the Company will evaluate whether the sale of common shares below NAV achieved the intended results.

10

Upon stockholder approval, the Company will only sell common shares below NAV if all of the following conditions are met:

1. The per share offering price, before deduction of underwriting fees, commissions and offering expenses, will not be less than the NAV per share of the Company's common stock, as determined at any time within two business days prior to the pricing of the common stock to be sold in the offering.
2. Immediately following each offering, after deducting offering expenses and underwriting fees and commissions, the NAV per share of the Company's common stock, as determined at any time within two business days prior to the pricing of the common stock to be sold, would not have been diluted by greater than a total of 4% of the NAV per share of all outstanding common stock as a result of such offering. The Company will not be subject to a maximum number of shares that can be sold, a defined minimum sales price per share in any offering, or a maximum number of offerings it can make so long as for each offering the number of shares offered and the price at which such shares are sold together would not result in dilution of the NAV per share of the Company's common stock in excess of the 4% limitation described above.
3. A majority of the Company's independent directors makes a determination, based on information and a recommendation from the Adviser, that they reasonably expect that the investment(s) to be made with the net proceeds of such issuance will lead to a long-term increase in distribution growth.

As discussed below under the caption "More Information About the Meeting" Investment Advisory Agreement, the Adviser is paid a fee based upon the Company's average monthly Managed Assets (as defined below). Therefore, the Adviser's interest in determining whether to recommend that the Company issue common shares below NAV may conflict with the interests of the Company and its stockholders, as such an issuance will result in an increase in the Company's Managed Assets and ultimately in the fee paid to the Adviser. The Adviser is controlled directly or indirectly by officers and the two interested directors of the Company, among others. For that reason, any issuance of shares at a price below NAV must be approved by a majority of the disinterested directors.

Before voting on this proposal or giving proxies with regard to this matter, common stockholders should consider the dilutive effect of the issuance of shares of the Company's common stock at less than NAV per share on the NAV per outstanding share of common stock. Any sale of common stock at a price below NAV would result in an immediate dilution of the NAV per outstanding share to existing common stockholders of as much as 4%. There is a connection between common share sale price and NAV because when stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the Company. Common stockholders of the Company should also consider that they have no subscription, preferential or preemptive rights to acquire additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock will dilute such stockholders' holdings of common stock as a percentage of shares outstanding to the extent stockholders do not purchase sufficient shares in the offering to maintain their percentage interest. Further, if current stockholders of the Company either do not purchase any shares in an offering conducted by the Company or do not purchase sufficient shares in the offering to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their percentage of the Company's distributions and their voting power will be diluted. Common stockholders should also consider the impact that issuances of shares of common stock below NAV will have on the Company's expense ratio. In general, assuming that a fund's expenses consist of both fixed and variable costs, any time the fund issues shares the expense ratio should decrease because the fixed costs are spread over a larger amount of assets. If the Company issues shares of common stock below NAV, assuming its expenses consist of both fixed and variable costs, the Company's expense ratio will decrease; however, it will not decrease as much as it would have had the shares been issued at NAV.

11

The table below sets forth the pro forma maximum dilutive effect on the Company's NAV if the Company were to have issued shares below its NAV as of November 30, 2007. The table assumes that the Company issues 10,401,805 shares, which represents all of the shares the Company permissibly could issue under the conditions described above, at a net sale price to the Company after deducting all expenses of issuance, including underwriting discounts and commissions, equal to \$12.73, which is 92.5% of the NAV of the Company's common shares as of November 30, 2007.

Required Vote

The proposal must be approved by both (a) the affirmative vote of common stockholders holding a majority of all common stock, and (b) the affirmative vote of common stockholders who are not affiliated persons of the Company and who hold a majority of all common stock held by common stockholders who are not affiliates of the Company. If both approvals are not obtained, the proposal will not pass.

For the purpose of determining whether stockholders holding a majority of all common stock and stockholders who are not affiliated persons of the Company approved this proposal, each common share is entitled to one vote, and abstentions and broker non-votes, if any, will have the effect of a vote against the proposal.

BOARD RECOMMENDATION

The Board of Directors of the Company unanimously recommends that stockholders of the Company vote for the proposal to allow the Company to sell its common shares below net asset value.

**PROPOSAL THREE
APPROVAL TO SELL WARRANTS OR OPTIONS TO ACQUIRE COMMON SHARES
AND TO ISSUE THE COMMON SHARES UNDERLYING SUCH WARRANTS OR
OPTIONS UPON THEIR EXERCISE**

Under the 1940 Act, the Company may issue warrants or options to subscribe for or convert to common shares of the Company, and subsequently issue shares of common stock upon the exercise of such warrants or options, if several conditions are satisfied. Specifically, any warrants or options must expire by their terms within ten (10) years and if such warrants or options are accompanied by any other security of the Company at the time they are issued, then such warrants or options cannot be transferred separately from that other security unless any class of the warrants or options or the accompanying securities have been publicly distributed. In addition, the exercise or conversion price of the warrants or options cannot be less than the current market value of the common shares of the Company at the date of issuance, or if no such market value exists, the current NAV of the common shares of the Company. Finally, the

amount of common stock issuable upon the exercise of all outstanding warrants or options cannot exceed 25% of the common shares of the Company outstanding when the warrants or options are issued. The subsequent issuance of common shares of the Company upon exercise of properly authorized warrants or options is permitted without regard to the NAV or market value of the common shares of the Company at the time of exercise. The Company is seeking approval of this proposal so that it may, in one or more transactions, sell warrants or options, either as part of an offering of other securities issued by the Company, or independent of an offering of any securities of the Company. If approved, the authorization would be effective for a period expiring on the date of the Company's 2009 Annual Meeting of Stockholders, expected to be held in April 2009.

The Company expects that it will be periodically presented with attractive investment opportunities to acquire securities that require the Company to make its investment commitment quickly. Because the Company generally attempts to remain fully invested and does not intend to maintain excess cash for the purpose of making these investments, the Company may be unable to capitalize on investment opportunities presented to it unless it quickly raises capital. Approval of this proposal would give the Company the ability to sell, either alone or in conjunction with the sale of another security of the Company, warrants or options as part of the Company's financing and capital raising activities, and to issue the common shares underlying such warrants or options upon their exercise.

The Board of Directors of the Company believes that the Company having the ability to issue warrants or options in certain instances will benefit all stockholders of the Company. This ability may provide the Company its most cost-effective way to raise capital to promptly capitalize on investment opportunities. The issuance of warrants or options may also lower the Company's expense ratio by spreading fixed costs over a larger asset base. The issuance of additional common shares resulting from the exercise of any warrants or options might also enhance the liquidity of the Company's common shares on the New York Stock Exchange.

The Board of Directors, including a majority of the independent directors, has approved submitting this proposal to the Company's stockholders for their approval.

Before voting on this proposal or giving proxies with regard to this matter, common stockholders should consider the dilutive effect of the issuance of shares of the Company's common stock pursuant to the exercise of any warrants or options. The issuance of common shares of the Company pursuant to the exercise of any such warrants or options will dilute the voting power of the stockholders of the Company.

13

Required Vote

This proposal must be approved by the affirmative vote of a majority of the votes cast, in person or by proxy, at the meeting by the holders of common stock.

Solely for the purpose of determining whether a majority of the votes cast by the common stockholders approved this proposal, each common share is entitled to one vote, and abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

BOARD RECOMMENDATION

The Board of Directors of the Company unanimously recommends that stockholders of the Company vote for the proposal to allow the Company to sell warrants or options to acquire common shares of the Company and to issue the common shares underlying such warrants or options upon their exercise.

PROPOSAL FOUR RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors of the Company recommends that the stockholders of the Company ratify the selection of Ernst & Young LLP (E&Y) as the Company's independent auditors, to audit the accounts of the Company for the fiscal year ending November 30, 2008. E&Y's selection was approved by the Company's Audit and Valuation Committee at a meeting held on February 27, 2008. Their selection also was ratified and approved by the vote, cast in person, of a majority of the directors of the Company, including a majority of the directors who are not interested persons of the Company within the meaning of the 1940 Act, and who are independent as defined in the New York

Stock Exchange listing standards, at a meeting held on February 27, 2008.

E&Y has audited the financial statements of the Company since prior to the Company's commencement of operations on December 8, 2005 and does not have any direct financial interest or any material indirect financial interest in the Company. A representative of E&Y is expected to be available at the meeting and to have the opportunity to make a statement and respond to appropriate questions from the stockholders. The Company's Audit and Valuation Committee intends to meet twice each year with representatives of E&Y to discuss the scope of their engagement, review the financial statements of the Company and the results of their examination.

Required Vote

E&Y will be ratified as the Company's independent registered public accounting firm by the affirmative vote of a majority of the votes cast, in person or by proxy, at the meeting by the holders of common stock. Each common share is entitled to one vote on this proposal. For the purposes of the vote on this proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

AUDIT AND VALUATION COMMITTEE REPORT

The Audit and Valuation Committee of the Company reviews the Company's annual financial statements with both management and the Company's independent auditors and reviews the portfolio company valuations proposed by the Adviser's investment committee.

The Audit and Valuation Committee of the Company, in discharging its duties, has met with and has held discussions with management and the Company's independent auditors. The Audit and Valuation Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended November 30, 2007 with management of the Company. Management of the Company has represented to the independent auditors of the Company that the Company's financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit and Valuation Committee has also discussed with the independent auditors of the Company the matters required to be discussed by the Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance). The independent auditors of the Company provided to the Audit and Valuation Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit and Valuation Committee discussed with representatives of the independent auditors of the Company their firm's independence with respect to the Company. Based on the Audit and Valuation Committee's review and discussions with management and the independent auditors, and the representations of management and the reports of the independent auditors to the committee, the Audit and Valuation Committee recommended that the Board include the audited financial statements of the Company in the Report.

On February 27, 2008, the Company's Audit and Valuation Committee selected E&Y as the independent registered public accounting firm to audit the books and records of the Company for its fiscal year ending November 30, 2008. E&Y is registered with the Public Company Accounting Oversight Board.

16

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES AND SERVICES

The following table sets forth the approximate amounts of the aggregate fees billed to the Company by E&Y for the fiscal year ended November 30, 2007 and 2006, respectively:

	2007	2006¹
Audit Fees ²	\$ 361,300	\$ 133,600
Audit-Related Fees ³	\$ 2,300	\$ 5,000
Tax Fees ⁴	\$ 45,600	\$ 18,900

All Other Fees	\$		
Aggregate Non-Audit Fees	\$	47,900	\$ 23,900

(1) Period from December 8, 2005 to November 30, 2006. The Company was formed on September 8, 2005, but did not commence operations until December 8, 2005. Thus, the Company did not pay any fees to E&Y prior to December 8, 2005.

(2) For professional services rendered auditing the Company's annual financial statements, reviewing interim financial statements, and reviewing the Company's statutory and regulatory filings with the SEC, including the Company's filings related to its initial public offering. The audit fees for November 30, 2007 are based on amounts billed and expected to be billed by E&Y.

(3) For professional services rendered researching the application of accounting standards.

(4) For professional services rendered to the Company for tax compliance, tax advice and tax planning.

The Audit and Valuation Committee of the Company adopted pre-approval policies and procedures on September 12, 2005. Under these policies and procedures, the Audit and Valuation Committee of the Company pre-approves: (i) the selection of the Company's independent registered public accounting firm; (ii) the engagement of the independent registered public accounting firm to provide any non-audit services to the Company; (iii) the engagement of the independent registered public accounting firm to provide any non-audit services to the Adviser or any entity controlling, controlled by, or under common control with the Adviser that provides ongoing services to the Company, if the engagement relates directly to the operations and financial reporting of the Company; and (iv) the fees and other compensation to be paid to the independent registered public accounting firm. The Chairman of the Audit and Valuation Committee of the Company may grant the pre-approval of any engagement of the independent registered public accounting firm for non-audit services of less than \$10,000, and such delegated pre-approvals will be presented to the full Audit and Valuation Committee at its next meeting for ratification. Under certain limited circumstances, pre-approvals are not required under securities law regulations for certain non-audit services below certain *de minimus* thresholds. Since the Company's adoption of these policies and procedures, the Audit and Valuation Committee of the Company has pre-approved all audit and non-audit services provided to the Company by E&Y. None of these services provided by E&Y were approved by the Audit and Valuation Committee pursuant to the *de minimus* exception under Rule 2.01(c)(7)(i)(C) or Rule 2.01(c)(7)(ii) of Regulation S-X.

In 2007, the Adviser incurred approximately \$10,000 in fees payable to E&Y in connection with determining the Adviser's compliance with GIPS® standards in 2006, and in addition, in 2006 the Adviser paid E&Y fees in the amount of \$20,500 in connection with determining the Adviser's compliance with AIMR-PPS standards in 2005 and 2004. Additionally, the Adviser paid E&Y in 2007 for general tax consulting services in the amount of \$12,000 for services delivered in 2006. These non-audit services were not required to be preapproved by the Company's Audit and Valuation Committee. No entity controlling, controlled by, or under common control with the Adviser that provides ongoing services to the Company has paid to E&Y or been billed for fees by E&Y for non-audit services rendered to the Adviser or such entity during the fiscal years ended November 30, 2006 and November 30, 2007.

17

The Audit and Valuation Committee of the Company has considered whether E&Y's provision of services (other than audit services) to the Company, the Adviser or any entity controlling, controlled by, or under common control with the Adviser that provides services to the Company is compatible with maintaining E&Y's independence in performing audit services.

OTHER MATTERS

The Board of Directors of the Company knows of no other matters that are intended to be brought before the meeting. If other matters are presented for action, the proxies named in the enclosed form of proxy will vote on those matters in their sole discretion.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Company has written policies and procedures in place for the review, approval and monitoring of transactions involving the Company and certain persons related to the Company. For example, the Company has a Code of Ethics that requires any director, officer, manager or employee of the Company or the Company's investment Adviser to disclose any personal interest that is, or might be, in conflict with the interest of the Company, and the nature of the conflict to the Company's Chief Compliance Officer for appropriate consideration. The Code of Ethics also establishes personal trading procedures for the Company's directors, officers and other access persons. Under the Code of Ethics, access persons may not buy or sell securities of the Company or energy infrastructure companies without preclearing the transaction with the Company's Chief Compliance Officer, and are required to report their securities holdings and

securities transactions to the Chief Compliance Officer. As a business development company, the 1940 Act also imposes regulatory restrictions on our ability to engage in certain related party transactions. The Company has written procedures which prohibit certain transactions with affiliates of the Company and require board approval of certain transactions with affiliated persons of the Company.

Tortoise Capital Advisors, L.L.C. is the Company's investment adviser. The Adviser's address is 10801 Mastin Boulevard, Suite 222, Overland Park, Kansas 66210. Fountain Capital's ownership in the Adviser was transferred to FCM Tortoise L.L.C. (FCM), a recently formed affiliate with the same principals as Fountain Capital effective as of August 2, 2007. The transfer did not result in a change in control of the Adviser. FCM has no operations and serves as a holding company. FCM and KCEP control the Adviser through their equity ownership and management rights in the Adviser. As of January 31, 2008, the Adviser had approximately \$2.9 billion of client assets under management. The Adviser may be contacted at the address listed above.

Pursuant to the terms of an investment advisory agreement between the Company and the Adviser, dated January 1, 2007 (the Advisory Agreement), the Company pays the Adviser a fee consisting of two components - a base management fee and an incentive fee. The base management fee is paid quarterly in arrears, and is equal to 0.375% (1.5% annualized) of the Company's average monthly Managed Assets (total assets, including any assets purchased with or attributable to any borrowed funds, minus accrued liabilities other than (i) deferred taxes, and (ii) debt entered into for the purpose of leverage) for such quarter.

The incentive fee consists of two parts. The first part, the investment income fee, is calculated and payable quarterly in arrears and will equal 15% of the excess, if any, of the Company's net investment income for the fiscal quarter over a quarterly hurdle rate equal to 2% (8% annualized) of the Company's average monthly net assets for the quarter. The second part of the incentive fee, the capital gains fee, will be determined and payable in arrears as of the end of each fiscal year (or, upon termination of the Advisory Agreement, as of the termination date), and will equal (i) 15% of (a) the Company's net realized capital gains on a cumulative basis from the commencement of the Company's operations on December 8, 2005 to the end of each fiscal year, less (b) any unrealized capital depreciation at the end of such fiscal year, less (ii) the aggregate amount of all capital gains fees paid to the Adviser in prior fiscal years. In November 2007, the Adviser agreed that it will reimburse the Company for expenses incurred by the Company beginning September 1, 2007 and ending December 31, 2008 on a quarterly basis in an amount equal to an annual rate of 0.25% of the Company's average monthly Managed Assets for that quarter. The Adviser also terminated its right to receive the capital gains incentive fee described above, to the extent, and only to the extent, such fee would be due as to that portion of any scheduled periodic distributions made possible by the normally recurring cash flow from the operations of portfolio companies (Expected Distributions) that is characterized by the Company as a return of capital for book purposes. This does not apply to any portion of any distribution from a portfolio company that is not an Expected Distribution. For the year ended November 30, 2007, the portion of the capital gains incentive fee that was attributable to expected distributions characterized by the Company as return of capital for book purposes since its commencement of operations amounted to \$1,326,001. In fiscal year 2007, the Company incurred approximately \$1,831,878 in base management fees due to the Adviser under the Advisory Agreement, net of \$94,181 in expenses reimbursed by the Adviser. During the year ended November 30, 2007, the Company accrued no investment income incentive fees, and accrued \$307,611 as a provision for capital gains incentive fees. Pursuant to the Advisory Agreement, the capital gains incentive fee is paid annually only if there are realization events and only if the calculation defined in the agreement results in an amount due. As of November 30, 2007, no amount was required to be paid for capital gains incentive fees.

The Adviser's services under the Advisory Agreement will not be exclusive, and it is free to furnish the same or similar services to other entities, including businesses that may directly or indirectly compete with the Company so long as its services to the Company are not impaired by the provision of such services to others. The other funds and private accounts managed by the Adviser may make investments similar to investments that the Company may pursue. Unlike the other funds managed by the Adviser (other than TGOC), the Company generally targets investments in companies that are privately-held or have market capitalizations of less than \$250 million, and that are earlier in their stage of development. This may change in the future, however. Accordingly, the Adviser and the members of its investment committee may have obligations to other investors, the fulfillment of which might not be in the best interests of the

Company or its stockholders, and it is possible that the Adviser might allocate investment opportunities to other entities, and thus might divert attractive investment opportunities away from the Company. However, the Adviser intends to allocate investment opportunities in a fair and equitable manner consistent with the Company's investment objectives and strategies, and in accordance with written allocation policies and procedures of the Adviser, so that the Company will not be disadvantaged in relation to any other client.

Pursuant to the Advisory Agreement, the Adviser has consented to the Company's use on a non-exclusive, royalty-free basis, of the name "Tortoise" in the Company's name. The Company will have the right to use the "Tortoise" name so long as the Adviser or one of its approved affiliates remains the Company's investment Adviser. Other than with respect to this limited right, the Company will have no legal right to the "Tortoise" name. This right will remain in effect for so long as the Advisory Agreement with the Adviser is in effect and will automatically terminate if the Advisory Agreement were to terminate for any reason, including upon its assignment.

The Company has also entered into an Administration Agreement with the Adviser pursuant to which the Adviser acts as the Company's administrator and performs (or oversees or arranges for the performance of) the administrative services necessary for the Company's operation, including without limitation providing the Company with equipment, clerical, book keeping and record keeping services. For these services the Company pays the Adviser a fee equal to 0.07% of the Company's aggregate average daily Managed Assets up to and including \$150 million, 0.06% of aggregate average daily Managed Assets on the next \$100 million, 0.05% of aggregate average daily Managed Assets on the next \$250 million and 0.02% on the balance of the Company's aggregate average daily Managed Assets. The continuation of the administration agreement was approved by the Board of Directors, including the independent directors, on November 12, 2007.

The Adviser is controlled directly or indirectly by David J. Schulte, the Company's Chief Executive Officer; Terry Matlack, a director and the Chief Financial Officer and Assistant Treasurer of the Company; H. Kevin Birzer, a director and Chairman of the Board of the Company; Zachary A. Hamel, Senior Vice President of the Company and Kenneth P. Malvey, Senior Vice President and Treasurer of the Company, among others. Each of these individuals are employed by the Adviser and have indirect ownership and financial interests in the Adviser. As a result, they may each be deemed to have an indirect material interest in fees paid to the Adviser.
