REQUIRED VOTE

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

A plurality of the votes cast is required for the election of Directors. Abstentions and broker "non-votes" are not counted as votes cast for purposes of the election of Directors. The affirmative vote of a majority of outstanding shares of common stock entitled to vote is required to approve the amendment to the Restated Certificate of Incorporation. Abstentions and broker "non-votes" will have the effect of a vote against this proposal. The affirmative vote of a majority of the votes cast is required to approve the amendment to the 1998 Plan, the issuance of Common Stock upon conversion of the B Preferred Stock and related warrant, the issuance of Common Stock upon conversion of the C Preferred Stock and the appointment of Arthur Andersen LLP with abstentions and broker "non-votes" not counted as votes cast for purposes of these proposals.

on March 26, 2000 with John N. Andrea and Douglas J. Andrea, each as Co-Chairman and Co-Chief Executive Officers of the Company. Under these agreements, the annual base salaries of John N. Andrea and Douglas J. Andrea are \$200,000. Each agreement provides for additional short-term incentive compensation in the form of annual cash bonuses based on the achievement of performance goals and which shall not be less than \$150,000 per annum, and long-term incentive compensation in the form of cash or equity-based awards.

The Company entered into a two-year employment agreement that commenced on March 26, 2000 with Richard A. Maue, as Senior Vice President and Chief Financial Officer of the Company. The agreement provides an annual base salary of not less than \$150,000 per annum, plus additional short-term incentive compensation in the form of annual cash bonuses, based on the achievement of performance goals and which shall not be less than \$25,000 per annum, and long-term incentive compensation in the form of cash or equity-based awards.

12

The Company entered into an employment agreement with Christopher P. Sauvigne, as President and Chief Operating Officer of the Company, that commenced on November 20, 1998 and expires on December 31, 2002. The agreement provides an annual base salary of not less than the greater of (i) \$200,000 per annum and (ii) the higher of the base salaries of the Co-Chief Executive Officers of the Company, plus additional short-term incentive compensation in the form of annual cash bonuses, based on the achievement of performance goals and which shall not be less than \$150,000 per annum, and long-term incentive compensation in the form of cash or equity-based awards.

Under each of the aforementioned agreements, upon the occurrence of a Change in Control (as defined in each of the employment agreements), the Company shall pay the Executive, or in the event of his subsequent death, his beneficiary or beneficiaries, or his estate, as the case may be, a sum equal to the greater of (A) the payments due for the remaining term of the agreement or (B) the product of (i) five (in the case of John N. Andrea, Douglas J. Andrea and Christopher P. Sauvigne) and three (in the case of Richard A. Maue) multiplied by (ii) the Executive's average annual total compensation for the five (in the case of John N. Andrea, Douglas J. Andrea and Christopher P. Sauvigne) and three (in the case of Richard A. Maue) preceding taxable years, or if his employment by the Company is then less than five (in the case of John N. Andrea, Douglas J. Andrea and Christopher P. Sauvigne) and three (in the case of Richard A. Maue) preceding taxable years, the Executive's average annual compensation during his employment by the Company.

In addition, under each of the aforementioned employment agreements, on the occurrence of a Change in Control, all restrictions on any restricted stock then held by Executive will lapse immediately, incentive stock options and stock appreciation rights then held will become immediately exercisable, and any performance shares or units then held will vest immediately in full, and Executive will be entitled to receive benefits due him under or contributed by the Company on his behalf pursuant to any retirement, incentive, profit sharing, bonus, performance, disability or other employee benefit plan maintained by the Company on his behalf to the extent such benefits are not otherwise paid to him under a separate provision of the agreement. If, during the term of the agreement, the Company terminates Executive's employment other than for Cause (as defined in each employment agreement), or Executive resigns for Good Reason (as defined in each employment agreement), the Company shall pay to him the product of (A) a sum equal to (i) the amount of the remaining salary payments

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

that he would have earned if he continued his employment with the Company during the remaining unexpired term of his employment agreement at his base salary at the date of termination, (ii) the highest amount of bonus and any other compensation paid to the executive, in any year, during the term of his employment agreement times the remaining number of years of the agreement and any fraction thereof and (iii) an amount equal to the highest amount of annual contributions that were made on Executive' behalf, in any year, to any employee benefit plans of the Company during the term of the agreement, multiplied by (B) the remaining number of years of the agreement and any fraction thereof.

COMPENSATION COMMITTEE REPORT

For the year ended December 31, 2000, the Compensation Committee of the Board of Directors for the Company was composed of independent directors. Currently, the Compensation Committee is comprised of Scott Koondel, John R. Larkin and Paul M. Morris. The Compensation Committee is responsible for establishing and monitoring compensation policies of the Company, evaluating the performance of executives and establishing salary rates and increases.

10

13

It is the policy of the Company to evaluate the performance of senior management annually using subjective criteria established by the Committee. Compensation increases are determined by the Committee based on annual evaluations. In addition, the Committee supplements its criteria with consultative studies of best compensation practices within the industry in which the Company is engaged.

The Compensation Committee considerations include management skills, long-term performance, shareholder returns, operating results, new product and technological developments and introductions, asset-liability management, and unusual accomplishments as well as economic conditions and other external events that affect the operations of the Company. Compensation policies must promote the attraction and retention of highly qualified executives and the motivation of these executives for performance related to a financial interest in the success of the Company and the enhancement of long-term shareholders' value.

In addition to salaries, the Company's compensation plan includes the awarding of stock options based on performance, length of service and salary grades. The awards of stock options should provide increased motivation to work for the success of the Company, thereby increasing the potential for personal financial success. Options granted to executives and employees are at a price equal to the closing price of the Company's stock on the date of grant.

The Compensation Committee annually reviews and approves the compensation of Douglas J. Andrea and John J. Andrea, the Co-Chief Executive Officers of the Company. The Committee believes that the Co-Chief Executive Officers are paid a reasonable salary, and the options granted to them are consistent with corporate financial incentives provided to the other executive officers of the Company. To the extent their performance translates into an increase in the value of the Company's stock, all shareholders share the benefits. The Committee believes that the Company continues to enhance its position as a global provider of communications products for the emerging natural language human/machine interface markets.

PROPOSAL TWO:

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

AMENDMENT OF CERTIFICATE OF INCORPORATION

The Board of Directors recommends the adoption by shareholders of an Amendment to Article Third of the Company's Certificate of Incorporation, to increase the number of shares of Common Stock that may be issued. The Certificate of Incorporation currently authorizes the issuance of 35,000,000 shares of Common Stock, having a par value of \$.50 per share. The Board of Directors believes it to be in the best interests of the Company, and has therefore proposed and declared advisable, that the Certificate of Incorporation be amended to increase the number of authorized shares of Common Stock, par value \$.50 per share, to 70,000,000 shares. Such amendment is required to be approved by the shareholders by an affirmative vote of a majority of outstanding shares of common stock entitled to vote at the Annual Meeting. Abstentions and broker "non-votes" will have the effect of a vote against this proposal.

As of June 12, 2001, the Company had available for future issuance approximately 8,074,236 of its 35,000,000 authorized shares, which were not outstanding or reserved for possible future issuance. The Company has 14,786,857 shares outstanding and has reserved approximately 12,138,907 shares for future issuance. These reserved shares relate to the following: 1,604,000 shares and 2,996,875 shares for issuance upon exercise of awards granted under the Company's 1991 Performance Equity Plan and 1998 Stock Plan, respectively, 92,250 shares and 522,500 shares for additional awards which may be granted under the 1991 Performance Equity Plan and 1998 Stock Plan, respectively, 4,726,532 shares for issuance upon conversion of the outstanding B Preferred Stock and related warrant, and 2,196,750 shares for issuance upon conversion of the outstanding C Preferred Stock. Further, on July 10, 2001, the conversion price of the C Preferred Stock will be reset based on then-applicable trading price data for the Common Stock. As a result, based on the current trading market price of the Common Stock, the Company likely will be required by its contractual obligations relating to the C Preferred Stock to substantially increase the number of shares of Common Stock reserved for possible issuance upon the conversion of the C Preferred Stock. Such required increase in reserved shares could restrict the significant portion of the currently unissued and unreserved shares and could even exceed the number of unissued and unreserved shares currently available. For additional information regarding the B and C Preferred Stock, see Proposals Four and Five below.

In addition, as discussed under Proposal Three below, the Company also is seeking shareholder approval for an increase of 700,000 shares in the number of shares which may be subject to options granted under the Company's 1998 Stock Plan. Also, as discussed under Proposals Four and Five below, the Company is seeking shareholder approval to satisfy requirements of the American Stock Exchange which, unless such shareholder approval is obtained, currently serve to limit the number of shares which the Company can issue upon conversion of the B and C Preferred Stock. The shares of Common Stock currently reserved by the Company (or which the Company will reserve in the future) for possible issuance upon conversion of the B and C Preferred Stock, as required by contractual obligations, already take (or will be required to take) into account shares whose issuance might be permitted by shareholder approval of Proposals Four and Five. Thus, shareholder action on Proposals Four and Five below will not change the number of shares the Company will be obligated to reserve out of authorized but unissued shares for the possible conversion of the B and C Preferred Stock.

The Company believes that its proposed increase in authorized shares is

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

important to provide for flexibility in future planning and to enable the Company to seek to obtain financing on suitable terms. The Company last increased its authorized shares of Common Stock in 2000, and the Board of Directors believes it important in the years ahead for the Company to maintain an authorized capitalization that will permit a broad range of financing alternatives. The Company does not have a specific plan or arrangement to issue any of the proposed increased authorized shares. If the proposal to amend the Certificate of Incorporation is approved, the additional shares will be available for issuance from time to time for use in obtaining funds for present and future operations, for use in conjunction with possible acquisitions of businesses or properties, for the conversion or exercise of previously or to be issued convertible securities, warrants and options, for use in possible stock dividends and stock splits, or for any other proper corporate purpose. The Board of Directors does not intend to seek further shareholder approval prior to the issuance of any additional shares in future transactions unless required by law, by the Company's Certificate of Incorporation, or by the rules of any stock exchange upon which the stock may be listed, or unless the Company deems it advisable to do so to qualify (or to continue to qualify) an employee benefit plan under the Securities Exchange Act of 1934. Common Stock would be issued only if the Company believed the issuance favorable to, and in the interests of, the Company and its shareholders.

The newly authorized shares of Common Stock will have voting and other rights identical to those of the currently authorized shares of Common Stock.

Any issuance of additional shares of Common Stock of the Company would dilute the equity of the outstanding shares of Common Stock.

Under the Certificate of Incorporation of the Company, holders of Common Stock do not have preemptive rights.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADOPTION OF THIS PROPOSAL.

PROPOSAL THREE:

APPROVAL AND AUTHORIZATION OF AN INCREASE IN THE NUMBER OF SHARES SUBJECT TO THE ANDREA ELECTRONICS CORPORATION 1998 STOCK PLAN

The Board of Directors of the Company believes that in order to attract and retain employees and consultants of the highest caliber, provide increased incentive for directors, officers and key employees and to continue to promote the well-being of the Company, it is in the best interests of the Company and its shareholders to provide directors, officers, key employees and consultants of the Company and its subsidiaries, through the grant of stock or stock-related incentive awards, the opportunity to participate in the value and/or appreciation in value of the Company's common stock. As of June 12, 2001, awards covering an aggregate of 2,996,875 shares of the Company's common stock had been granted under the 1998 Stock Plan with 522,500 shares remaining for additional awards thereunder, and unexercised awards covering an aggregate of 1,604,000 shares remain outstanding under the Company's 1991 Performance Equity Plan with 92,250 shares remaining for additional grants thereunder. The Board of Directors has therefore approved an amendment to the 1998 Plan to increase the number of shares of common stock available for grant under the 1998 Plan to 4,375,000 shares from 3,675,000 shares. No awards or decisions to make awards have been granted or made pursuant to the 1998 Plan to purchase any of the shares proposed to be added to the 1998 Plan by this amendment. At the Annual Meeting, shareholders will be asked to approve and authorize this amendment. The affirmative vote of a majority of the votes cast by the shareholders is required

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

for approval of the amendment, with abstentions and broker "non-votes" not counted as votes cast.

17

The following discussion summarizes certain material provisions of the 1998 Plan and is qualified in its entirety by reference to the text of the 1998 Plan, which is attached as Appendix A to this Proxy Statement.

SUMMARY OF THE 1998 PLAN

ADMINISTRATION. The 1998 Plan is administered, at the discretion of the Board of Directors of the Company, by its Compensation Committee (in such capacity, the "Administrator"). The Administrator has full authority, subject to the provisions of the 1998 Plan, to award (i) Stock Options, (ii) Stock Purchase Rights and/or (iii) other stock-based awards (collectively "Awards"). Subject to the provisions of the 1998 Plan, the Administrator determines, among other things, the persons to whom from time to time Awards may be granted ("Holders" or "Participants"), the specific type of Awards to be granted, the number of shares subject to each Award, share prices, any restrictions or limitations on such Awards, and any vesting, exchange, deferral, surrender, cancellation, acceleration, termination, exercise or forfeiture provisions related to such Awards. The interpretation and construction by the Administrator of any provisions of, and the determination by the Administrator of any questions arising under, the 1998 Plan or any rule or regulation established by the Administrator pursuant to the 1998 Plan are final, conclusive and binding on all persons interested in the 1998 Plan. Awards under the 1998 Plan are evidenced by agreements ("Agreements").

In the event of a merger or sale of substantially all of the assets of the Company, each outstanding Award shall be assumed or an equivalent award substituted by the successor corporation, unless full and immediate vesting is otherwise provided in the Agreement covering that award or in the employment agreement of the Holder. In the event that a successor corporation refuses to assume or substitute for Awards, Holders shall fully vest in and have the right to exercise such Awards as to all shares of Common Stock issuable thereunder, including shares which would not otherwise be vested or exercisable.

In order to prevent the dilution or enlargement of the rights of Holders under the 1998 Plan, the number of shares of Common Stock covered by each outstanding Stock Option and Stock Purchase Right, and the number of shares of Common Stock authorized by the 1998 Plan is subject to adjustment by the Board in the event of any increase or decrease in the number of shares of outstanding Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company. The shares of Common Stock acquirable pursuant to the Awards are made available from authorized and unissued shares of Common Stock. If any unexercised Award granted under the 1998 Plan is forfeited or terminated, the shares of Common Stock that were available pursuant to such Award are again available for distribution under the 1998 Plan.

Unless determined otherwise by the Administrator, Awards granted under the 1998 Plan may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent and distribution and may be exercised only by the Holder during his or her lifetime.

ELIGIBILITY. Subject to the provisions of the 1998 Plan, Awards may be

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

granted to employees, officers, directors and consultants who are deemed to be engaged by the Company to render services and who are compensated for such services. Incentive Stock Options may be awarded only to persons who, at the time of such awards, are employees of the Company.

15

18

TYPES OF AWARDS

OPTIONS. The 1998 Plan provides both for "incentive" stock options ("Incentive Options") as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") and for options not qualifying as Incentive Options ("Non-Statutory Stock Options"), both of which may be granted with any other stock based award under the 1998 Plan. The Administrator will determine the exercise price per share of Common Stock purchasable under each Incentive Option or Non-Statutory Stock Option (collectively, "Options"). The exercise price of an Incentive Option may not be less than 100% of the fair market value on the last trading day before the date of grant (or, in the case of an Incentive Option granted to a person possessing more than 10% of the total combined voting power of all classes of stock of the Company, not less than 110% of such fair market value). The exercise price of a Non-Statutory Stock Option which is intended to be performance-based compensation under Section 162(m) of the Code may not be less than 100% of the fair market value on the last trading day before the date of the grant. An Incentive Option may only be exercised within 10 years of the date of the grant (or within five years in the case of an Incentive Option granted to a person who, at the time of the grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company) or such other lesser period as the Administrator may specify at the time of the grant. Subject to any limitations or conditions the Administrator may impose, Options may be exercised, in whole or in part, at any time during the term of the Option by giving written or electronic notice of exercise from the person entitled to exercise the Option. Such notice must be accompanied by payment in full of the purchase price, such payment consisting of any consideration and/or method of payment authorized by the Administrator and permitted by the Agreement.

Generally, if the Holder ceases to be an employee, officer, director or consultant of the Company other than as a result of death or disability, then the portion of any Option that has vested by the date of such termination may be exercised for such period as is specified in the Agreement or, if not specified, for the shorter of three months after termination or the remainder of the Option's term. In the event the Holder's employment with the Company is terminated due to disability, the Holder may still exercise the portion of his or her Option that had vested by the date of termination for a period of twelve months (or such other shorter period as the Administrator may specify at the time of grant) from the date of such termination or until the expiration of the stated term of the Option, whichever period is shorter. Similarly, should a Holder die while in the employment of the Company or a Subsidiary, his or her legal representative or legatee under his or her will may exercise the portion of the decedent Holder's Option that had vested by the time of death for a period of twelve months from such death (or such other greater or lesser period as the Administrator specifies at the time of grant) or until the expiration of the stated term of the Option, whichever is shorter.

STOCK PURCHASE RIGHTS. The Administrator may grant Stock Purchase Rights in conjunction with any Option granted under the 1998 Plan. The Administrator shall determine, in its sole discretion, the terms, provisions and conditions of each Agreement under which Stock Purchase Rights may be granted. Unless

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

otherwise provided in the Agreement, the Company will have a repurchase option, at a price equal to the original price paid by the purchaser, which is exercisable upon the voluntary or involuntary termination of the purchaser's service with the Company, including death or disability.

WITHHOLDING TAXES. Upon the exercise of any Award granted under the 1998 Plan, the Administrator may allow, subject to the provisions of the 1998 Plan, Holders to satisfy Federal, state and local withholding tax obligations by electing to have the Company withhold from the shares of Common Stock to be issued upon exercise of an Option or Stock Purchase Right that number of shares which have a fair market value (determined on the last trading day before the date the amount of tax to be withheld is determined) equal to the amount of the withholding tax due under applicable Federal, state and local laws.

16

19

TERMS AND AMENDMENTS. Unless terminated by the Board, the 1998 Plan shall continue in effect for a term of 10 years. The Board may at any time, and from time to time, amend, alter, suspend or terminate the 1998 Plan.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion of the federal income tax consequences of participation in the 1998 Plan is only a summary of the general rules applicable to the grant and exercise of Options and does not give specific details or cover, among other things, state, local and foreign tax treatment of participation in the 1998 Plan. The information contained in this section is based on present law and regulations, which are subject to being changed prospectively or retroactively.

INCENTIVE OPTIONS. The Participant will recognize no taxable income upon the grant or exercise of an Incentive Option. The Company will not qualify for any deduction in connection with the grant or exercise of Incentive Options. Upon a disposition of the shares after the later of two years from the date of grant or one year after the transfer of the shares to the Participant, the Participant will recognize the difference, if any, between the amount realized and the exercise price as long-term capital gain or long-term capital loss (as the case may be) if the shares are capital assets. The excess, if any, of the fair market value of the shares on the date of exercise of an Incentive Option over the exercise price will be treated as an item of tax preference for a Participant's taxable year in which the exercise occurs and may result in an alternative minimum tax liability for the Participant. The Participant will recognize the excess, if any, of the amount realized over the fair market value of the shares on the date of exercise, if the shares are capital assets, as short-term or long-term capital gain, depending on the length of time that the Participant held the shares, and the Company will not qualify for a deduction with respect to such excess.

If Common Stock acquired upon the exercise of an Incentive Option is disposed of prior to the expiration of the holding periods described above, (i) the Participant will recognize ordinary compensation income in the taxable year of disposition in an amount equal to the excess, if any, of the lesser of the fair market value of the shares on the date of exercise or the amount realized on the disposition of the shares, over the exercise price paid for such shares; and (ii) the Company will qualify for a deduction equal to any such amount recognized, subject to the limitation that the compensation be reasonable. In the case of a disposition of shares in the same taxable year as the exercise of

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

the option, there will be no item of tax preference for alternative minimum tax purposes.

NON-STATUTORY STOCK OPTIONS. With respect to Non-Statutory Stock Options (i) upon grant of the option, the Participant will recognize no income; (ii) upon exercise of the option (if the shares of Common Stock are not subject to a substantial risk of forfeiture), the Participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price, and the Company will qualify for a deduction in the same amount, subject to the requirement that the compensation be reasonable; and (iii) the Company will be required to comply with applicable Federal income tax withholding requirements with respect to the amount of ordinary compensation income recognized by the Participant. On a disposition of the shares, the Participant will recognize gain or loss equal to the difference between the amount realized and the sum of the exercise price and the ordinary compensation income recognized. Such gain or loss will be treated as capital gain or loss if the shares are capital assets and as short-term or long-term capital gain or loss, depending upon the length of time that the participant held the shares. If the shares acquired upon exercise of a Non-Statutory Stock Option are subject to a substantial risk of forfeiture, the Participant will recognize income at the time when the substantial risk of forfeiture is removed and the Company will qualify for a corresponding deduction at such time.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADOPTION OF THIS PROPOSAL.

PROPOSALS FOUR AND FIVE:

PROPOSAL FOUR: ISSUANCE OF COMMON STOCK UPON CONVERSION OF THE SERIES B CONVERTIBLE PREFERRED STOCK, AND EXERCISE OF THE RELATED WARRANT, TO THE EXTENT SUCH ISSUANCE WOULD REQUIRE STOCKHOLDER APPROVAL UNDER STANDARDS OF THE AMERICAN STOCK EXCHANGE

PROPOSAL FIVE: ISSUANCE OF COMMON STOCK UPON CONVERSION OF THE SERIES C CONVERTIBLE PREFERRED STOCK TO THE EXTENT SUCH ISSUANCE WOULD REQUIRE STOCKHOLDER APPROVAL UNDER STANDARDS OF THE AMERICAN STOCK EXCHANGE

BACKGROUND

SERIES B CONVERTIBLE PREFERRED STOCK AND WARRANT. On June 18, 1999, the Company issued 750 shares of the B Preferred Stock, \$10,000 stated value per share, and a warrant to purchase, at an exercise price of \$8.725 per share, 75,000 shares of Common Stock, for \$7.5 million in a private placement to one investor (the "Investor"). At June 12, 2001, 348 shares of B Preferred Stock remain outstanding; 402 shares (including the applicable premium) of B Preferred Stock have been converted into a total of 1,233,694 shares of Common Stock.

Subject to various terms and conditions, the B Preferred Stock, among other things, is convertible into shares of Common Stock at the election of the holder and mandatorily at the maturity date of the B Preferred Stock, June 18, 2004 (unless extended under the terms of the B Preferred Stock). The aggregate number of shares of Common Stock issuable upon conversion of the B Preferred

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

Stock (without giving effect to limitations on the conversion of the B Preferred Stock into Common Stock) is a variable number calculated at the time of conversion based, in general, upon the trading market price of the Common Stock, subject to a minimum number of shares required to be issued. See "- - THE SERIES B CONVERTIBLE PREFERRED STOCK" below for a more detailed explanation of the terms and conditions of the B Preferred Stock.

In particular, unless the Company obtains the approval of its shareholders for the issuance of a greater number of shares of Common Stock, the Company is not obligated to issue shares of Common Stock upon conversion of the B Preferred Stock to the extent such issuance would cause the Company to breach its obligations under the rules and regulations of the American Stock Exchange (the "Exchange Cap"). The Company believes that the Exchange Cap applicable to the B Preferred Stock would limit the Company's issuance of shares upon the conversion of the B Preferred Stock and the exercise of the warrant to approximately 2,646,507 shares, representing approximately 19.99% of the shares of Common Stock outstanding immediately prior to the June 18, 1999 issuance of the B Preferred Stock.

The Company could be required to redeem for cash the shares of B Preferred Stock which cannot be converted into Common Stock, among other reasons, because of the Exchange Cap. In general, under those circumstances, the cash redemption price per share of B Preferred Stock would be the product of

18

21

the number of shares of Common Stock required to be issued upon the conversion of a share of B Preferred Stock and the trading market price of a share of Common Stock as of the date of conversion.

In addition, to the extent that the Company is unable to issue shares of its Common Stock upon the exercise of the warrant, the Company could be subject to a penalty payment for each day it fails to satisfy the exercise of the warrant equal to .5% of the trading market price of the shares of Common Stock required to be issued by the Company, in addition to any other liability the Company could have.

Assuming a conversion of the 348 outstanding shares of B Preferred Stock based on a conversion price equal to the closing price of the Common Stock on the American Stock Exchange on June 12, 2001, the Company could be required to issue (without giving effect to a limitation on the conversion of the B Preferred Stock into Common Stock) approximately 2,215,995 shares of Common Stock (including shares issued to satisfy the applicable annual premium with respect to the B Preferred Stock). Such shares together with the 1,233,694 shares of Common Stock previously issued upon the conversion of shares of B Preferred Stock and the 75,000 shares of Common Stock issuable upon exercise of the warrant would exceed the Exchange Cap by approximately 878,182 shares of Common Stock.

SERIES C CONVERTIBLE PREFERRED STOCK. On October 10, 2000, the Company issued 750 shares of the C Preferred Stock, \$10,000 stated value per share, for \$7.5 million in a private placement to the Investor. Subject to various terms and conditions, the C Preferred Stock, among other things, is convertible into shares of Common Stock at the election of the holder and mandatorily at the maturity date of the C Preferred Stock. The C Preferred Stock has an initial maturity date of October 10, 2002 for those outstanding shares of C Preferred

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

Stock which can be converted into shares of Common Stock on that date without exceeding various limitations on such conversion. In general, for the outstanding shares of C Preferred Stock in excess of those subject to the October 10, 2002 maturity date, the maturity date is extended until five trading days after such shares can be converted into Common Stock without violating the applicable limitations on conversion (or after a triggering event as discussed below under "THE SERIES C CONVERTIBLE PREFERRED STOCK").

The aggregate number of shares of Common Stock issuable upon conversion of the C Preferred Stock (without giving effect to limitations on the conversion of the C Preferred Stock into Common Stock) is based on a fixed conversion price until July 10, 2001 and thereafter the conversion price is subject to downward adjustment on July 10, 2001 and subsequent price reset dates for the C Preferred Stock to the extent, in general, that the applicable trading market price of the Common Stock determined as of those reset dates is lower than the previous conversion price. See "-- THE SERIES C CONVERTIBLE PREFERRED STOCK" below for a more detailed explanation of the terms and conditions of the C Preferred Stock.

In particular, unless the Company obtains the approval of its shareholders for the issuance of a greater number of shares of Common Stock, the Company is not obligated to issue shares of Common Stock upon conversion of the C Preferred Stock to the extent such issuance would cause the Company to violate the Exchange Cap. The Company believes that the Exchange Cap applicable to the C Preferred Stock would limit the Company's issuance of shares upon the conversion of the C Preferred Stock to approximately 2,773,513 shares, representing approximately 19.99% of the shares of Common Stock outstanding immediately prior to the October 10, 2000 issuance of the C Preferred Stock.

19

22

The Company could be required to redeem for cash the shares of C Preferred Stock which cannot be converted into Common Stock, among other reasons, because of the Exchange Cap. In general, under those circumstances, the cash redemption price per share of C Preferred Stock would be the product of the number of shares of Common Stock required to be issued upon the conversion of a share of C Preferred Stock and the trading market price of a share of Common Stock.

Assuming a conversion of the 750 shares of C Preferred Stock at a conversion price equal to the closing price of the Common Stock on the American Stock Exchange on June 12, 2001, the Company would be required to issue (without giving effect to limitations on the conversion of the C Preferred Stock into Common Stock) approximately 4,428,963 shares of Common Stock (including shares issued to satisfy the applicable annual premium with respect to the C Preferred Stock, but not including shares which would be issued to the extent the Investor exercises its option to purchase up to an additional 250 shares of C Preferred Stock). Such shares would exceed the Exchange Cap by approximately 1,655,450 shares of Common Stock.

The Company is using the net proceeds from the issuance of the B and C Preferred Stock primarily for costs associated with: research and development; creating and maintaining strategic alliances, which include, among other things, sales and marketing salaries, substantial travel costs to market our products and technologies, product fulfillment costs and technical assistance, and other general support costs for existing and potential partners; payment of certain debt obligations; professional fees; and general working capital requirements.

EFFECT OF PROPOSALS FOUR AND FIVE

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

The Company is requesting that shareholders approve the issuance of the shares of Common Stock upon the conversion of the B Preferred Stock, the exercise of the related warrant and the conversion of the C Preferred Stock (including shares issuable at the option of the Company to satisfy the premiums applicable to the B Preferred Stock and the C Preferred Stock, and shares issuable upon the conversion of any additional shares of C Preferred Stock issued to the Investor pursuant to its option to purchase such additional shares) to the extent such issuances exceed the respective Exchange Caps. The Company is requesting shareholder approval in order to satisfy its obligations under the rules and regulations of the American Stock Exchange and to fulfill its contractual obligations to the Investor to seek such approval. See "RECOMMENDATION OF THE BOARD OF DIRECTORS" for additional information.

Assuming the applicable calculations were made as of June 12, 2001 and are made based on the assumption that the closing price of the Common Stock on that date is the conversion price, shareholder approval of Proposals Four and Five would mean (without giving effect to other limits on conversion of the B and C Preferred Stock) that the Company could issue a total of approximately 2,533,632 shares of Common Stock in excess of the Exchange Caps upon the conversion of currently outstanding shares of B and C Preferred Stock and the exercise of the warrant. This number of shares would equal approximately 12% of the total outstanding shares of Common Stock after such issuance. As a result, the ownership interest in the Company of existing outstanding shares of Common Stock would be reduced to approximately 88% of outstanding shares. However, the conversion of

20

23

the B and C Preferred Stock into shares of Common Stock is limited by the 4.99% and 9.99% beneficial ownership limitations applicable to the B and C Preferred Stock. See -- THE SERIES B PREFERRED STOCK -- LIMITATIONS ON CONVERSION" and "-- THE SERIES C PREFERRED STOCK -- LIMITATIONS ON CONVERSION" for information regarding these beneficial ownership limitations.

If shareholder approval to issue shares in excess of the Exchange Caps is not obtained, the Company could be obligated to redeem for cash the outstanding shares of B and C Preferred Stock (including the applicable premium) which cannot be converted into Common Stock because of the Exchange Caps. Based on a calculation, assuming the conversion price for both the B and C Preferred Stock is equal to the closing market price for the Common Stock on June 12, 2001, the cost to the Company to redeem, if required to do so, the outstanding shares of B and C Preferred Stock which might not be able to be converted into shares of Common Stock because of the Exchange Caps (and without giving effect to other limits on conversion) could be approximately \$4.3 million.

THE SERIES B CONVERTIBLE PREFERRED STOCK

GENERAL TERMS OF THE SERIES B CONVERTIBLE PREFERRED STOCK. The B Preferred Stock has no voting rights, other than as required by law and is not entitled to the payment of dividends. However, the holder is entitled to receive an additional amount in cash or shares of Common Stock, at the Company's option, upon conversion of the B Preferred Stock. The additional amount is calculated based on an annual premium of 4% on the \$10,000 per share stated value of the B Preferred Stock.

In the event of the Company's liquidation or dissolution, the holder of the B Preferred Stock is entitled to receive in cash out of the Company's assets

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

an amount per share equal to \$10,000 plus the additional amount described above. The holder of B Preferred Stock is entitled to these amounts in preference to the holders of Company's Common Stock and any other junior class of the Company's capital stock.

CONVERSION. Each share of B Preferred Stock is convertible into shares of the Common Stock at the option of the holder, at the option of the Company under certain circumstances after June 18, 2002, and mandatorily on the maturity date for the B Preferred Stock, which, subject to a possible required extension, is June 18, 2004. The number of shares of Common Stock into which a share may be converted (the "conversion rate") is equal to \$10,000 divided by the conversion price of the B Preferred Stock. The conversion price is variable and, at the time of conversion, will be equal to the average of the two lowest closing bid prices of the Common Stock during the 15 consecutive trading days immediately preceding conversion. However, the conversion price cannot exceed \$8.775 per share. There is no minimum conversion price, but the number of shares that may be converted at any one time may be limited. For more information about limitations, see "-- LIMITATIONS ON CONVERSION."

The Company has reserved 4,726,532 shares of Common Stock for issuance upon conversion of shares of the B Preferred Stock (including to satisfy the additional amounts discussed above) and the exercise of the warrant. Depending on the conversion price, this amount may or may not be adequate to account for the total number of shares of Common Stock issuable upon such conversion.

REDEMPTION. The holder of the B Preferred Stock has the right to require the Company to redeem all or a portion of its shares upon the announcement of a major transaction or the happening of a triggering event. Major transactions include a merger, consolidation, tender offer or sale of substantially all the Company's assets. Triggering events include a default under the Company's registration

21

24

obligations with respect to the Series B convertible preferred stock, the delisting of the Common Stock and a default with respect to the Company's conversion obligations, among other things.

The redemption price upon the happening of these events would be equal to the greater of 120% of the liquidation value of the B Preferred Stock, and

- o in the case of a major transaction, the product of the conversion rate in effect for the B Preferred Stock and the closing bid price on the date of the public announcement of the transaction;
- o in the case of a triggering event, the product of the conversion rate in effect for the B Preferred Stock and the closing bid price immediately before the triggering event or on the date of the holder's redemption notice.

In addition, to the extent that the Company is not able to issue the shares of Common Stock required to be issued upon the voluntary or mandatory conversion of the B Preferred Stock, the Company could be required to redeem the shares of B Preferred Stock that cannot be converted into Common Stock. The Company might be unable to issue the requisite number of shares of Common Stock because of the Exchange Cap or the number of authorized shares available to be issued.

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

The redemption price for the B Preferred Stock under these circumstances would be the product of the conversion rate in effect for the B Preferred Stock and the closing bid price for the Common Stock on the applicable conversion date. If the Company does not timely pay the redemption price, such unpaid amount bears interest at the rate of 2% per month.

LIMITATIONS ON CONVERSION. The issuance of shares of Common Stock upon conversion of the B Preferred Stock is limited to an amount which, after giving effect to the conversion, would cause the holder to beneficially own in excess of 4.99%, or, together with other shares beneficially owned during the 60-day period prior to such conversion, beneficially own in excess of 9.99% of the outstanding shares of the Common Stock. This calculation excludes the number of shares of Common Stock which would be issuable upon:

- o conversion of the remaining, nonconverted shares of B Preferred Stock beneficially owned by the holder and its affiliates;
- o exercise or conversion of any of the unexercised or unconverted portion of any other of the Company's securities (including, without limitation, any warrants or convertible preferred stock) subject to a limitation on conversion or exercise analogous to this limitation beneficially owned by the holder and its affiliates.

This limitation does not prevent the holder from reducing its beneficial ownership by sale or other transfer of Common Stock, and then acquiring additional shares of Common Stock, up to the beneficial ownership limits, by conversion of shares of B Preferred Stock.

Conversion of the B Preferred Stock also is subject to the Exchange Cap discussed above.

22

25

GENERAL TERMS OF THE WARRANT

In connection with the sale of the B Preferred Stock, the Company issued a warrant to purchase up to 75,000 shares of Common Stock, exercisable at the price of \$8.775 per share. The warrant expires on June 18, 2004, subject to certain possible extensions. The right to exercise the warrant may also be limited to the 4.99% and 9.99% beneficial ownership limitations described above with respect to the B Preferred Stock. The exercise price and number of shares that may be purchased upon exercise of the warrants are subject to adjustment upon the occurrence of certain dilution events (as defined in the warrant). The Company intends to use the proceeds, if the warrants are exercised, for working capital and general corporate purposes.

THE SERIES C CONVERTIBLE PREFERRED STOCK

ADDITIONAL CLOSINGS. In addition to the issuance of 750 shares of C Preferred Stock on October 10, 2000 as described above, the holder of the C Preferred Stock has an option to purchase additional shares. During the period beginning on October 10, 2000, the initial closing date, and ending on April 11, 2002, the holder, on not more than two occasions, may purchase from the Company up to an aggregate of 250 additional shares of the C Preferred Stock for up to an additional \$2,500,000. The terms and conditions of these additional shares of C Preferred Stock would be identical to existing C Preferred Stock.

GENERAL TERMS OF THE SERIES C CONVERTIBLE PREFERRED STOCK. The C Preferred

Stock has no voting rights other than as required by law, and is not entitled to receive dividends. However, the holder of C Preferred Stock is entitled to receive an additional amount in cash or shares of Common Stock, at the Company's option, upon conversion of the C Preferred Stock. The additional amount is calculated based on an annual premium of 5% on the \$10,000 per share stated value of the C Preferred Stock.

In the event of the Company's liquidation or dissolution, the holder of the C Preferred Stock is entitled to receive in cash out of the Company's assets an amount per share of equal to \$10,000 plus the additional amount described above. The holder of C Preferred Stock is entitled to receive these amounts in preference to the holders Company's Common Stock and any other junior class of the Company's capital stock.

CONVERSION. Each share of C Preferred Stock is convertible into shares of the Common Stock at the option of the holder, at the option of the Company under certain circumstances after October 10, 2001, and mandatorily on the "maturity date" for the C Preferred Stock. The C Preferred Stock has an initial maturity date of October 10, 2002 for those outstanding shares of C Preferred Stock which can be converted into shares of Common Stock on that date without exceeding various limitations on such conversion. In general, for the outstanding shares of C Preferred Stock in excess of those subject to the October 10, 2002 maturity date, the maturity date is extended until five trading days after such shares can be converted into Common Stock without violating the applicable limitations on conversion (or after a triggering event as discussed below).

The number of shares of Common Stock into which a share of C Preferred Stock may be converted (the "conversion rate"), is equal to \$10,000 divided by the conversion price of the C Preferred Stock. The conversion price is initially equal to \$7.0565 per share for the first nine months after the October 10, 2000 issuance date. After the first nine months (the "first reset date"), and every six months after the first reset date, the conversion price is required to be reset, if such reset involves a downward adjustment. The reset would be to the average of the two lowest closing bid prices of the Common Stock during the five consecutive trading days immediately preceding the reset date if that average is less than the then applicable conversion price. There is no minimum conversion price, but the number of shares that may be converted at any one time may be limited. For more information about limitations, see "--LIMITATIONS ON CONVERSION."

The Company has reserved 2,196,750 shares of Common Stock for issuance upon conversion of the shares of the C Preferred Stock (including to satisfy the additional amounts discussed above). Depending on the conversion price, this amount may or may not be adequate to account for the total number of shares of Common Stock issuable upon such conversion.

REDEMPTION. The holder of the C Preferred Stock has the right to require the Company to redeem all or a portion of its shares upon the announcement of a major transaction or the happening of a triggering event. Major transactions include a merger, consolidation, tender offer or sale of substantially all the Company's assets. Triggering events include a default under the Company's registration obligations with respect to the C Preferred Stock, the delisting of the Common Stock and a default with respect to the Company's conversion obligations, among other things.

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

The redemption price upon the happening of these events would be equal to the greater of 120% of the liquidation value of the C Preferred Stock, and:

- o in the case of a major transaction, the product of the conversion rate in effect for the C Preferred Stock and the closing bid price on the date of the public announcement of the transaction; or
- o in the case of a triggering event, the product of the conversion rate in effect for the C Preferred Stock and the closing bid price immediately before the triggering event or on the date of the holder's redemption notice.

In addition, to the extent that the Company is not able to issue the shares of Common Stock required to be issued upon the voluntary or mandatory conversion of the C Preferred Stock, the Company could be required to redeem the shares of C Preferred Stock that cannot be converted into Common Stock. The Company might be unable to issue the requisite number of shares of Common Stock because of the Exchange Cap.

The redemption price for the C Preferred Stock under these circumstances would be the product of the conversion rate in effect for the C Preferred Stock and the closing bid price for the Common Stock on the applicable conversion date. If the Company does not timely pay the redemption price, such unpaid amount bears interest at the rate of 2% per month.

LIMITATIONS ON CONVERSION. The issuance of shares of Common Stock upon conversion of the C Preferred Stock is limited to that amount which, after giving effect to the conversion, would cause the holder to beneficially own in excess of 4.99% or, together with other shares beneficially owned during the 60-day period prior to such conversion, beneficially own in excess of 9.99% of the outstanding shares of the Common Stock. These calculations exclude the number of shares of Common Stock which would be issuable upon:

- o conversion of the remaining, nonconverted shares of C Preferred Stock beneficially owned by the holder and its affiliates;
- o conversion of any of the B Preferred Stock or exercise of the warrants issued in connection with the B Preferred Stock beneficially owned by the holder and its affiliates; and
- o exercise or conversion of any of the unexercised or unconverted portion of any other of the Company's securities (including, without limitation, any warrants or convertible preferred stock) subject to a limitation on conversion or exercise analogous to this limitation beneficially owned by the holder and its affiliates.

24

27

These limitations do not prevent the holder from reducing its beneficial ownership by sale or other transfer of Common Stock, and then acquiring additional shares of Common Stock, up to the beneficial ownership limits, by conversion of shares of C Preferred Stock.

Conversion of the C Preferred Stock also is subject to the Exchange Cap discussed above.

STOCKHOLDER DILUTION

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

The conversion of the B Preferred Stock and the C Preferred Stock may result in substantial dilution to other shareholders of the Common Stock.

The following table illustrates the varying amounts of shares of Common Stock that would be issuable upon conversion of all 348 outstanding shares of B Preferred Stock and all 750 outstanding shares of C Preferred Stock at the indicated conversion prices (without regard to any limitation on conversion), assuming that all additional amounts are not paid in shares of the applicable preferred stock.

CONVERSION PRICE (1)	NUMBER OF SHARES OF COMMON STOCK ISSUABLE UPON CONVERSION (2)	PERCENTAGE OF OUTSTANDING COMMON STOCK AFTER CONVERSION (2) (3)
\$0.50	22,912,599	61%
\$1.00	11,456,299	44%

-
- (1) Although the provisions governing the B and C Preferred Stock with respect to their conversion prices are significantly different, the calculation assumes that the conversion price of the B and C Preferred Stock are equal. Until July 10, 2001, the conversion price of the C Preferred Stock is the maximum conversion price set forth in the table.
 - (2) Conversion into shares of Common Stock is subject to certain limitations (for example, the 4.99% and 9.99% beneficial ownership limitations and the availability of authorized shares, see "The Series B Convertible Preferred Stock" and "The Series C Convertible Preferred Stock").
 - (3) Based on 14,786,857 shares of common stock outstanding as of June __, 2001, plus the number of shares of Common Stock issuable upon conversion at the assumed conversion price.
 - (4) The shares issuable upon conversion are subject to a maximum conversion price for the B Preferred Stock of \$8.775 per share and a maximum conversion price for the C Preferred Stock of \$7.0565 per share.

ADDITIONAL INFORMATION REGARDING THE TERMS OF THE SERIES B CONVERTIBLE PREFERRED STOCK AND WARRANTS AND THE SERIES C CONVERTIBLE PREFERRED STOCK

Copies of the relevant documents regarding the issuance of the B Preferred Stock and the C Preferred Stock were filed with the Securities and Exchange Commission as exhibits to the Company's Reports on Form 8-K, dated June 22, 1999 and October 12, 2000, respectively. Shareholders desiring a more complete understanding of these securities are urged to refer to such disclosures and exhibits.

The Company will furnish to any shareholder upon receipt of a written or oral request, copies of these Reports on Form 10-K and Form 8-K, including exhibits, without charge, to the Corporate

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

Secretary, Andrea Electronics Corporation, 45 Melville Park Road, Melville, New York 11747 (631) 719-1800.

In connection with the Company's issuance of the B Preferred Stock and the related warrant and the C Preferred Stock, the Company filed registration statements on Form S-3 with the Securities and Exchange Commission on July 17, 1999, as amended September 13, 1999 and October 13, 1999, and on December 7, 2000, as amended January 16, 2001, January 31, 2001 and February 14, 2001, respectively. Those registration statements relate to the resale of the shares of Common Stock that are issuable upon conversion of the B Preferred Stock, and upon exercise of the warrants, and upon conversion of the C Preferred Stock.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors understands that the approval by the shareholders of the issuance of the Common Stock upon conversion of the B Preferred Stock, upon the exercise of the warrant, and upon conversion of the C Preferred Stock, including any of the additional 250 shares of C Preferred Stock which the Investor has the option to purchase, has the potential to substantially dilute the interests of the existing holders of the Common Stock. Nevertheless, if the Company does not obtain shareholder approval necessary to issue the Common Stock, the Company could be required to redeem for cash the outstanding shares of B and C Preferred Stock which could not be converted into Common Stock because of the Exchange Caps in an amount equivalent to the market price of the Common Stock which it otherwise could issue upon such conversion. Therefore, in order to protect the interests of the Company and the holders of its Common Stock, the Board of Directors has determined that approving both Proposal Four and Proposal Five is advisable and in the best interest of the Company and its shareholders. In addition, the Company is contractually obligated to the Investor to seek stockholder approval for the issuance of shares in excess of the Exchange Caps once the market trading price of the Common Stock is at a level which could involve an issuance of shares upon conversion in excess of the Exchange Caps. If the Company does not timely seek such stockholder approval, the Company could be subject to a penalty of \$250 per each outstanding share of B and C Preferred Stock for every 30 days the submission for stockholder approval is not timely.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL FOUR, THE APPROVAL OF THE ISSUANCE OF COMMON STOCK UPON CONVERSION OF THE COMPANY'S SERIES B CONVERTIBLE PREFERRED STOCK AND EXERCISE OF THE RELATED WARRANT.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL FIVE, THE ISSUANCE OF COMMON STOCK UPON CONVERSION OF THE SERIES C CONVERTIBLE PREFERRED STOCK.

PROPOSAL SIX:

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

The Audit Committee of the Board of Directors has selected the firm of Arthur Andersen LLP to serve as the Company's independent accountants for the fiscal year ending December 31, 2001, subject to ratification by the shareholders. Arthur Andersen LLP served as the Company's independent accountants for the year ended December 31, 2000. A representative of Arthur Andersen LLP is expected to be present at the meeting with an opportunity to make a statement if such representative desires to do so and is expected to be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF THIS SELECTION.

AUDIT FEES. The aggregate fees the Company incurred with Arthur Andersen LLP for the annual audit and for the review of the Company's Forms 10-Q for the fiscal year 2000 totaled \$89,000.

ALL OTHER FEES. The aggregate fees the Company incurred with Arthur Andersen LLP for all other non-audit services, including fees for tax-related services, during fiscal year 2000 totaled \$139,936, which included fees for tax-related employee benefits, and other accounting related services. The Audit Committee has determined that the non-audit fees paid to Arthur Andersen LLP are compatible with maintaining Arthur Andersen LLP's independence.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for assisting the Board of Directors in fulfilling its responsibility to the stockholders relating to corporate accounting, reporting practices and the quality and integrity of the financial reports of the Company. Additionally, the Audit Committee selects the auditors and reviews their independence and their annual audit.

The Audit Committee is comprised of three directors, each of whom is independent under the American Stock Exchange's listing standards. The Audit Committee acts under a written charter adopted by the Board of Directors, a copy of which is attached to this proxy statement as Appendix B. The Audit Committee reviewed and discussed the annual financial statements with management and the independent accountants. As part of this process, management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee also received and reviewed written disclosures and a letter from the accountants concerning their independence as required by Independence Standard No. 1. The Audit Committee discussed with the accountants the contents of such materials, the accountant's independence and the additional matters required under Statement on Auditing Standards No. 61. Based on such review and discussions, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 for filing with the Securities and Exchange Commission.

A copy of the Bylaws may be obtained from the Company.

OTHER BUSINESS

Action may be taken on the business to be transacted at the meeting on the date provided in the Notice of the Annual Meeting or any date or dates to which an original or later adjournment of such meeting may be adjourned. If, however, other matters properly come before the Annual Meeting, whether on the original date provided in the Notice of Annual Meeting or any dates to which any original or later adjournment of such meeting may be adjourned, it is intended that the holders of the proxy will vote in accordance with their best judgment. Unless otherwise required, any such matter properly coming before the Annual Meeting will be decided by a majority of the votes cast with respect to such matter, with abstentions and broker "non-votes" not considered as votes cast and, accordingly, having no effect on the vote with respect to such matter.

- 4. ADMINISTRATION OF THE PLAN.
 - a. PROCEDURE.
 - (i) Multiple Administrative Bodies. The Plan may be administered by different Committees with respect to different groups of Service Providers.
 - (ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Options granted hereunder as "performance-based compensation" within the

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.

- (iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the Plan shall be administered by the Board or a Committee of two or more "non-employee directors" within the meaning of Rule 16b-3.
 - (iv) Other Administration. Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which Committee shall be constituted to satisfy Applicable Laws.
- b. POWERS OF THE ADMINISTRATOR. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:
- (i) to determine the Fair Market Value;
 - (ii) to select the Service Providers to whom Options and Stock Purchase Rights may be granted hereunder;
 - (iii) to determine the number of shares of Common Stock to be covered by each Option and Stock Purchase Right granted hereunder;
 - (iv) to approve forms of agreement for use under the Plan;
 - (v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option or Stock Purchase Right granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options or Stock Purchase Rights may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Option or Stock Purchase Right or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;
 - (vi) to institute an Option Exchange Program;
 - (vii) to construe and interpret the terms of the Plan and awards granted pursuant to the Plan;

A-4

35

- (viii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to subplans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

- (ix) to modify or amend each Option or Stock Purchase Right (subject to Section 15(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the Plan;
- (x) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or Stock Purchase Right that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;
- (xi) to authorize any person to execute on behalf of the Company any Instrument required to effect the grant of an Option or Stock Purchase Right previously granted by the Administrator;
- (xii) to make all other determinations deemed necessary or advisable for administering the Plan.

- c. EFFECT OF ADMINISTRATOR'S DECISION. The Administrator's decisions, determinations and interpretations shall be final and binding on all Optionees and any other holders of Options or Stock Purchase Rights.

5. ELIGIBILITY. Nonstatutory Stock Options and Stock Purchase Rights may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. LIMITATIONS.

- a. Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.
- b. Neither the Plan nor any Option or Stock Purchase Right shall confer upon an Optionee any right with respect to continuing the Optionee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

- c. The following limitations shall apply to grants of Options:
- (i) No Service Provider shall be granted, in any fiscal year of the Company, Options to purchase more than 500,000 Shares.
 - (ii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 13.
 - (iii) If an Option is canceled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 13), the canceled Option will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. TERM OF PLAN. Subject to Section 19 of the Plan, the Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 15 of the Plan.

8. TERM OF OPTION. The term of each Option shall be stated in the Option Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

9. OPTION EXERCISE PRICE AND CONSIDERATION.

- a. EXERCISE PRICE. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:
- (i) In the case of an Incentive Stock Option:
 - (A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant;
 - (B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.
 - (ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as "performance-based compensation" within the

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

A-6

37

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of Fair Market Value on the date of grant pursuant to a merger or other corporate transaction.

b. WAITING PERIOD AND EXERCISE DATES. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised.

c. FORM OF CONSIDERATION. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a formal cashless exercise program adopted by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee's participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. EXERCISE OF OPTIONS.

a. PROCEDURE FOR EXERCISE; RIGHTS AS A SHAREHOLDER. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the Administrator provides otherwise, vesting

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which

A-7

38

the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse.

Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option.

The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 13 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

- b. TERMINATION OF RELATIONSHIP AS A SERVICE PROVIDER. If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that he or she is entitled to exercise it on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement).

In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

- c. DISABILITY OF OPTIONEE. If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee

may exercise his or her Option at any time within twelve (12) months from the date of termination, but only to the extent that the Optionee is entitled to exercise it on the date of termination (and in no event later than the expiration of the term of the Option as set forth in the Option Agreement). If, on the date of termination, the Optionee is not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

- d. DEATH OF OPTIONEE. If an Optionee dies while a Service Provider, the Option may be exercised at any time within twelve (12) months following the date of death (but in no event later than the expiration of the term of such Option as set forth in the Notice of

A-8

39

Grant), by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance, but only to the extent that the Optionee would have been entitled to exercise the Option on the date of death. If, at the time of death, the Optionee is not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall immediately revert to the Plan. The Option may be exercised by the executor or administrator of the Optionee's estate or, if none, by the person(s) entitled to exercise the Option under the Optionee's will or the laws of descent or distribution. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

- e. BUYOUT PROVISIONS. The Administrator may at any time offer to buy out for a payment in cash or Shares, an Option previously granted based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

11. STOCK PURCHASE RIGHTS.

- a. RIGHTS TO PURCHASE. Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the offeree in writing or electronically, by means of a Notice of Grant, of the terms, conditions and restrictions related to the offer, including the number of Shares that the offeree shall be entitled to purchase, the price to be paid, and the time within which the offeree must accept such offer. The offer shall be accepted by execution of a Restricted Stock Purchase Agreement in the form determined by the Administrator.
- b. REPURCHASE OPTION. Unless the Administrator determines otherwise, the Restricted Stock Purchase Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

termination of the purchaser's service with the Company for any reason (including death or Disability). The purchase price for Shares repurchased pursuant to the Restricted Stock Purchase Agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at a rate determined by the Administrator.

- c. OTHER PROVISIONS. The Restricted Stock Purchase Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.
- d. RIGHTS AS A SHAREHOLDER. Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a shareholder, and shall be a shareholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 13 of the Plan.

A-9

40

12. NON-TRANSFERABILITY OF OPTIONS AND STOCK PURCHASE RIGHTS. Unless determined otherwise by the Administrator, an Option or Stock Purchase Right may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option or Stock Purchase Right transferable, such Option or Stock Purchase Right shall contain such additional terms and conditions as the Administrator deems appropriate.

13. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION, DISSOLUTION, MERGER OR ASSET SALE.

- a. CHANGES IN CAPITALIZATION. Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option and Stock Purchase Right, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options or Stock Purchase Rights have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option or Stock Purchase Right, as well as the price per share of Common Stock covered by each such outstanding Option or Stock Purchase Right, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive.

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option or Stock Purchase Right.

- b. DISSOLUTION OR LIQUIDATION. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until ten (10) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option or Stock Purchase Right shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option or Stock Purchase Right will terminate immediately prior to the consummation of such proposed action.
- c. MERGER OR ASSET SALE. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option and Stock Purchase Right shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the

A-10

41

successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option or Stock Purchase Right, the Optionee shall fully vest in and have the right to exercise the Option or Stock Purchase Right as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or Stock Purchase Right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option or Stock Purchase Right shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, and the Option or Stock Purchase Right shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or Stock Purchase Right shall be considered assumed if, following the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option or Stock Purchase Right immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is

42

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or Stock Purchase Right, for each Share of Optioned Stock subject to the Option or Stock Purchase Right, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

14. DATE OF GRANT. The date of grant of an Option or Stock Purchase Right shall be, for all purposes, the date on which the Administrator makes the determination granting such Option or Stock Purchase Right, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Optionee within a reasonable time after the date of such grant.

15. AMENDMENT AND TERMINATION OF THE PLAN.

- a. AMENDMENT AND TERMINATION. The Board may at any time amend, alter, suspend or terminate the Plan.
- b. SHAREHOLDER APPROVAL. The Company shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.
- c. EFFECT OF AMENDMENT OR TERMINATION. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company.

16. CONDITIONS UPON ISSUANCE OF SHARES.

- a. LEGAL COMPLIANCE. Shares shall not be issued pursuant to the exercise of an Option or Stock Purchase Right unless the exercise of such Option or Stock Purchase Right and the issuance and delivery of such Shares shall comply with Applicable Laws

A-11

42

and shall be further subject to the approval of counsel for the Company with respect to such compliance.

- b. INVESTMENT REPRESENTATIONS. As a condition to the exercise of an Option or Stock Purchase Right, the Company may require the person exercising such Option or Stock Purchase Right to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

17. INABILITY TO OBTAIN AUTHORITY. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

Edgar Filing: ANDREA ELECTRONICS CORP - Form PRER14A

18. RESERVATION OF SHARES. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

19. SHAREHOLDER APPROVAL. The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the manner and to the degree required under Applicable Laws.
