Travelers Property Casualty Corp.  
Current Report on Form 8-K

ITEM 5. OTHER EVENTS.

On July 17, 2002 Travelers Property Casualty Corp. (NYSE: TAP.A) reported that operating income increased 14% over the prior year quarter to \$356.8 million or \$0.36 per share compared to \$314.3 million or \$0.31 per share for the prior year quarter (adjusted to reflect the shares issued in the March 2002 initial public offering). On an unadjusted basis operating income was \$0.41 per share in the prior year quarter.

This increase in operating income was driven by the continuing favorable rate environment and production levels, lower catastrophe losses and our ongoing focus on managing expenses. These factors were partly offset by unfavorable prior year reserve development in the current quarter versus favorable prior year reserve development in the prior year quarter and by lower net investment income. The Company's statutory combined ratio was 99.1% compared to 101.6% in the prior year quarter.

Net income, which also includes realized investment gains and losses, was \$332.0 million for the quarter or \$0.33 per share compared to \$343.4 million or \$0.34 per share on an adjusted basis in the prior year quarter (\$0.45 per share on an unadjusted basis). The decrease in net income was primarily attributable to \$24.0 million of after-tax net realized investment losses in the second quarter of 2002 versus \$32.2 million of net realized investment gains in the prior year quarter.

Net written premiums increased \$664.4 million or 27% from the prior year quarter to \$3.096 billion, which included \$326.2 million from the Northland and

## Edgar Filing: TRAVELERS PROPERTY CASUALTY CORP - Form 8-K

Associates businesses acquired in the fourth quarter of 2001.

"We are very pleased with our overall business performance in the quarter, particularly in light of the challenging investment environment," said Robert I. Lipp, Chairman and Chief Executive Officer. "We continue to see the benefits of very solid fundamentals in our insurance operations, which allowed us to achieve a return on equity in excess of 14%. Rate increases remain strong across all businesses. Independent agents are seeking to place more of their business with stable, high quality insurers like Travelers, and we remain focused on being a consistent and financially strong partner to this critically important distribution channel.

"A significant part of our competitive strength is our continuing emphasis on expense control and operational discipline. During the quarter, we consolidated a number of claims offices and eliminated marginally performing distribution channels within Personal Lines. We also continued the migration of personal lines customers and small commercial accounts to our various service centers, further leveraging and expanding our technology and process platform," added Mr. Lipp.

2

For the six months ended June 30, 2002, operating income increased 3% over the prior year period to \$683.4 million or \$0.68 per share on an adjusted basis (\$0.76 on an unadjusted basis) compared to \$663.1 million or \$0.66 per share on an adjusted basis (\$0.86 on an unadjusted basis).

Net income for the six months was \$434.1 million compared to \$822.0 million for the prior year period. The current period included a first quarter charge of \$242.6 million, after tax, resulting from a change in accounting principles attributed to goodwill and \$5.1 million of net realized investment losses, after tax. The prior year period included \$157.5 million of net realized investment gains, after tax.

### CONSOLIDATED RESULTS

(\$ millions)	Second Quarter		Six Months	
	2002	2001	2002	2001
Operating income	\$356.8	\$314.3	\$683.4	\$663.1
Realized investment gains (losses)	(24.0)	32.2	(5.1)	157.5
Restructuring charge	(0.8)	(1.8)	(1.6)	(1.8)
Cumulative effect of accounting changes	--	(1.3)	(242.6)	3.2
Net income	\$332.0	\$343.4	\$434.1	\$822.0

### COMMERCIAL LINES FUNDAMENTALS CONTINUE TO IMPROVE

Net written premiums increased \$545.9 million to \$1.922 billion in the second quarter of 2002 compared to \$1.376 billion in the prior year quarter. The acquisition of Northland and Associates contributed \$299.5 million of the increase, including approximately \$115 million relating to our termination of certain reinsurance contracts.

## Edgar Filing: TRAVELERS PROPERTY CASUALTY CORP - Form 8-K

- In Commercial Accounts, which serves mid-sized businesses, net written premiums increased 73% to \$912.1 million. Excluding the impact of Northland and Associates, premiums were up 16% to \$612.6 million primarily driven by renewal price changes averaging 23% and strong growth in new business.
- In Select Accounts, which serves small businesses, net written premiums increased 8% to \$472.9 million primarily due to renewal price changes averaging 18% and strong retention.
- Higher prices in professional liability and fidelity and surety helped to increase Bond's net written premiums by 12% to \$159.5 million. Reductions in exposures in certain programs, including assumed reinsurance, transportation and property, offset increases in Gulf's core specialty lines, resulting in an overall decrease in Gulf's net written premiums of 5% to \$180.2 million.

3

- In National Accounts, which serves large corporations and state-sponsored workers' compensation residual market pools, net written premiums more than doubled to \$196.8 million due to rate increases, higher new business levels and the renewal of certain assumed reinsurance contracts previously written by Gulf. Written fees in National Accounts rose 39% to \$117.7 million as pricing for loss prevention and claims administrative services increased and more business turned to state residual marketpools for workers' compensation.

Operating income increased \$8.0 million over the prior year quarter to \$310.5 million driven by rate increases considerably in excess of loss trends, higher production levels, lower catastrophe losses and our ongoing focus on managing expenses. These factors were partly offset by unfavorable prior year reserve development in the current quarter versus favorable prior year reserve development last year and by lower net investment income. The statutory combined ratio for the quarter was 98.3% compared to 100.1% in the same period last year.

### PERSONAL LINES PREMIUMS RISE ON RATE INCREASES

Net written premiums increased \$118.5 million or 11% over the prior year quarter to \$1.174 billion, principally as a result of rate increases in both the Automobile and the Homeowners and Other lines of business. The Northland acquisition contributed \$26.7 million to this rise.

- Automobile net written premiums increased 9% to \$714.6 million. Excluding the impact of Northland, premiums increased 6% to \$692.7 million. Renewal price changes averaged 9%, and retention levels were consistent with prior quarters.
- Homeowners and Other net written premiums increased 14% to \$459.4 million. Renewal price changes averaged 16% and retention levels were also consistent with prior quarters.
- Production through our independent agents, which represented over 80% of net written premiums, was up 14% to \$961.4 million.
- Net written premiums through channels other than independent agents was up only 2% to \$212.6 million, as the favorable impact of renewal price changes was predominantly offset by a reduction in policies in force due to underwriting actions taken on marginal businesses.

Operating income increased 41% over the prior year quarter to \$70.0 million principally due to lower catastrophe losses. Operating income also benefited from price increases that continue to exceed loss trends and our ongoing focus

## Edgar Filing: TRAVELERS PROPERTY CASUALTY CORP - Form 8-K

on managing expenses. These factors were partly offset by unfavorable prior year reserve development in the current quarter versus favorable prior year reserve development in the prior year quarter and by lower net investment income. The statutory combined ratio for the second quarter of 2002 was 100.4% compared to 103.9% in the prior year quarter.

### INTEREST EXPENSE AND OTHER DECLINED

The after tax charge of \$23.7 million in the quarter for Interest Expense and Other decreased from \$37.9 million in the prior year quarter. The primary component of this charge was interest expense, which amounted to \$25.5 million, after tax, and \$34.3

4

million in the 2001 quarter. The reduction in interest expense is due to lower average interest-bearing debt levels primarily related to the repayment of debt obligations to Citigroup in the 2002 first quarter. Strong cash flows enabled us to pre-pay an additional \$150.0 million of debt obligations to Citigroup in this quarter.

### INVESTMENT HIGHLIGHTS

After tax net investment income of \$346.4 million decreased \$32.6 million from the prior year quarter. The decrease, which resulted from a reduction in the after tax investment yield from 5.1% to 4.3%, was partially offset by investment returns on higher average invested assets. This rise in average invested assets was due to the Northland and Associates acquisitions and increased cash flow from operations.

Net realized investment losses for the quarter comprise impairments of \$126.7 million for the quarter, including a \$68.5 million write down in our WorldCom bonds, from \$83.4 million to \$14.9 million, along with \$90.7 million of net realized investment gains.

Invested assets increased \$893.4 million in the current quarter to \$33.4 billion as the Company benefited from increased cash flow from operations and higher carrying values of the fixed income portfolio resulting from lower interest rates. Unrealized investment gains were \$579.0 million at the end of the second quarter.

Travelers Property Casualty Corp. (NYSE: TAP.A) is a leading provider of a broad range of insurance products and services for commercial markets and for auto and homeowners insurance for consumers. The company is a member of Citigroup (NYSE: C), a diversified, global financial services company. During March 2002, Travelers Property Casualty completed its initial public offering of 231 million shares of class A common stock. Citigroup has stated its intention to make a tax-free distribution to its stockholders of a portion of its ownership interest in Travelers by year-end 2002, such that following the distribution, Citigroup would remain a holder of approximately 9.9% of Travelers equity. The distribution is subject to various regulatory approvals as well as a private letter ruling from the Internal Revenue Service and various other conditions.

Statements made in this press release may include forward-looking information subject to risks, uncertainties and other facts that could materially affect actual results.

This report has been restated to reflect the corporate reorganization of Travelers Property Casualty Corp. (TPC, formerly known as The Travelers Insurance Group Inc.).

- (1) The 3Q01 operating loss and net loss include a charge of \$489.5 million related to the terrorist attack on September 11, 2001. This also impacted ROE for the quarter. The 3Q01 adjusted excludes the effect of this event. Assets, equity and book value have not been adjusted.
- (2) Operating income excludes realized investment gains (losses), restructuring charges and the cumulative effect of changes in accounting principles, and is reflected net of tax.
- (3) The 2001 quarters are adjusted to exclude goodwill amortization. Goodwill is not amortized due to the adoption of Statement of Financial Accounting Standards No. 142 "Goodwill and Other Intangible Assets" effective January 1, 2002.
- (4) Adjusted earnings per share have been computed assuming the 231.0 million shares issued from the March 2002 initial public offering were issued and outstanding for all periods presented.

- (1) 3Q01 adjusted data excludes the effect of the terrorist attack on September 11, 2001.
- (2) Excludes Northland and Associates acquired in the fourth quarter of 2001.
- (3) Retention represents the estimated percentage of premium available for renewal which renewed in the current period.
- (4) Renewal price change represents the estimated average change in premium on policies that renew, including rate and exposure changes, vs. the average premium on those same policies for their prior term.

# Edgar Filing: TRAVELERS PROPERTY CASUALTY CORP - Form 8-K

(5) Represents Northland and Associates acquired in the fourth quarter of 2001.
