Section 1 – Registrant’s Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On March 21, 2018, Sonoco Plastics, Inc. (the "Buyer"), a wholly owned subsidiary of Sonoco Products Company (the "Company"), entered into a definitive agreement to acquire Highland Packaging Solutions ("Highland" or "Target"), subject to the terms and conditions of the Purchase Agreement (the "Agreement"), for approximately \$150 million in cash. The transaction is subject to normal regulatory review and is expected to close in the second quarter of 2018.

Highland is a privately owned producer of thermoformed plastic packaging for fresh produce and dairy products, based in Plant City, Florida. Highland has approximately 425 employees operating from a single manufacturing facility in Plant City producing total packaging solutions for customers that include sophisticated engineered containers, flexographic printed labels, and inventory management through distribution warehouses in the Southeast and West Coast of the United States.

The Agreement contains certain customary representations and warranties of the Buyer and Target. In addition, the Buyer and Target have agreed to certain customary covenants and agreements, including, among others: (1) covenants relating to the Target's conduct of business during the interim period between the execution of the Agreement and the closing; (2) covenants of the parties to each other with respect to further assurances, updating of information and cooperation; and (3) regulatory approvals.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the Agreement, which is included as Exhibit 2.1 to this report. The Agreement has been made an exhibit to this report in accordance with Securities and Exchange Commission rules in order to provide investors and security holders with information regarding its terms. It is not intended to provide any other financial information about the Company, the Target, the Buyer, or their respective subsidiaries and affiliates. The representations, warranties and covenants contained in the Agreement were made only for purposes of the Agreement and as of specific dates, are solely for the benefit of the parties to the Agreement, may be subject to limitations agreed upon by the parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Agreement instead of establishing these matters as facts, may be waived or modified by the parties to the Agreement, and may be subject to standards of materiality applicable to the parties that differ from those applicable to investors. Investors should not rely on the representations, warranties or covenants or any description thereof as characterizations of the actual state of facts or condition of the Company, the Target, the Buyer, or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the Agreement, which subsequent information may or may not be fully reflected in public disclosures by the Company.
