Section 5 - Corporate Governance and Management**Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers****Named Executive Officer Compensation Matters**

At its meeting on January 25, 2007, the Compensation, Governance and Nominating Committee (“CGNC”) of the Board of Directors of PPL Corporation approved the 2007 base salary changes and cash and equity incentive awards for PPL Electric Utilities Corporation’s (“PPL Electric”) “named executive officers” (as defined in Item 402(a)(3) of Regulation S-K and as identified in PPL Electric’s 2006 Notice of Annual Meeting and Information Statement on file with the Securities and Exchange Commission), and for William H. Spence, who became PPL Electric’s President as of January 2, 2007, and Matt Simmons who became PPL Electric’s Vice President and Controller as of January 30, 2006. Messrs. Spence and Simmons, along with the named executive officers of PPL Electric other than John F. Sipics, also are officers of PPL Corporation and are not paid separately as officers of PPL Electric.

The 2007 base salary change and cash and equity incentive awards for David G. DeCampli, who became PPL Electric’s Senior Vice President-Transmission and Distribution Engineering and Operations as of December 4, 2006, are expected to be approved by PPL Corporation’s Corporate Leadership Council (“CLC”) on February 12, 2007, after a review of performance and competitive market data.

As previously disclosed, John F. Sipics, who had been serving as PPL Electric’s President and as a member of its Board of Directors, retired as of January 1, 2007 for health reasons. Mr. Spence, PPL Corporation’s Executive Vice President and Chief Operating Officer and a member of PPL Electric’s Board of Directors, was elected as PPL Electric’s President as of January 2, 2007, and will serve in such capacity pending decisions regarding Mr. Sipics’ permanent successor. Prior to its meeting on January 25, 2007 at which it approved the various compensation matters described below, the CGNC approved an enhanced retirement benefit for Mr. Sipics equal to the difference between what his benefit would have been under PPL Corporation’s Supplemental Executive Retirement Plan (the “SERP”) if he had completed 30 Years of Service (as defined in the SERP) and retired at age 60 and what his benefit actually was under the current terms of the SERP and the PPL Retirement Plan at his retirement date of January 1, 2007. On his retirement date, Mr. Sipics was 58 years old and he had completed approximately 28.5 Years of Service. This enhanced retirement benefit will be paid in the same form and at the time as benefits payable under the SERP. The CGNC also approved treating Mr. Sipics as if he had retired at age 60 for purposes of determining his eligibility for retaining restricted stock units granted to him as the premium component of prior grants made under PPL Corporation’s Cash Incentive Premium Exchange Program. (Pursuant to this program, an executive officer may elect to exchange all or any portion of his cash incentive compensation for restricted stock units equal in value at the time of the grant to 140% of the cash so exchanged.) As a result of this enhanced retirement arrangement, Mr. Sipics retained 3,920 shares of PPL Corporation common stock that he otherwise would have forfeited.
