On August 30, 2005, Dial Thru International, Corporation (the "Company")

## Edgar Filing: DIAL THRU INTERNATIONAL CORP - Form 8-K

entered into a binding letter of intent to acquire certain assets, including but not limited to the customer base (collectively, the "Assets"), of Integrated Communications, Inc, a Delaware corporation that is an international long distance carrier providing Voice over Internet Protocol services to retail customers in the United States, and wholesale services to customers worldwide ("Integrated"). In consideration for the acquisition of the Assets, the Company will issue to Integrated:

- (a) up to an aggregate of 1,500,000 shares of the Company's common stock to be issued as follows: (i) 750,000 shares of common stock within five days of the closing, provided that Integrated's total monthly gross revenue from its retail and wholesale customer base prior to the closing date is in excess of \$300,000 per month with a minimum gross margin of \$40,000; and (ii) 750,000 shares immediately following the 12-month anniversary of the closing date (the "Earn-Out Shares") if (A) aggregate retail revenue for the Company's Integrated division (the "Division") for the 12-month period following the closing date is in excess of \$1,500,000 with a related gross margin of \$350,000, and (B) aggregate wholesale revenue for the Division for the 12-month period following the closing date exceeds \$2,100,000 with a related gross margin of not less than \$130,000; provided, however, that if the gross revenue targets are not achieved by the Division, then the number of Earn-Out Shares will be proportionately reduced based on the actual revenue and margin amounts achieved by the Division; and
- (b) warrants to purchase up to 1,000,000 shares of the Company's common stock as follows: 250,000 warrants to be issued each quarter, the exercise price to be determined on the grant date, provided that retail and wholesale revenue and gross margin increase by a minimum of 25% each quarter, as measured against the immediately preceding quarter.

The Company will grant piggy-back registration rights to Integrated, whereby the Company will register the stock issued in connection with the acquisition if the Company files any registration statement after the closing date, subject to customary conditions and limitations.

The closing date is expected to occur no later than September 30, 2005, unless postponed by mutual consent of the parties. The acquisition is subject to the execution of a definitive acquisition agreement with mutually acceptable terms and is subject to customary closing conditions. In the event Integrated terminates the letter of intent prior to the execution of a definitive agreement, it must pay the Company a break-up fee in the amount of \$100,000 cash. However, Integrated will not be required to pay a break-up fee if the letter of intent is terminated prior to the execution of a definitive agreement due to a breach of the letter of intent by the Company or for any reason beyond the control of either party. Furthermore, if the Company is not able to raise approximately \$1,000,000 within 90 days of the signing of the Letter of Intent, Integrated shall have the right to terminate the Letter of Intent without paying the break-up fee.
