### PROXY STATEMENT

---

#### ANNUAL GENERAL MEETING OF SHAREHOLDERS

*May 23, 2006*

The enclosed Proxy Card is being solicited on behalf of the Board of Directors (the "Board") for use at the 2006 Annual General Meeting of Shareholders of Everest Re Group, Ltd., a Bermuda company (the "Company"), to be held on May 23, 2006, and at any adjournment thereof. It may be revoked at any time before it is exercised by giving a later-dated proxy, notifying the Secretary of the Company in writing at the Company's registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, or by voting in person at the Annual General Meeting. All shares represented at the meeting by properly executed proxies will be voted as specified and, unless otherwise specified, will be voted: (1) for the election of Martin Abrahams, John R. Dunne and John A. Weber as directors; (2) for the appointment of PricewaterhouseCoopers LLP as the Company's independent, registered public accounting firm to act as the Company's auditor for 2006 and for authorizing the Board of Directors of the Company acting by the Audit Committee of the Board to set the fees for the independent, registered public accounting firm acting as the Company's auditor and (3) for the approval of an amendment to the Everest Re Group, Ltd. 2002 Stock Incentive Plan.

Only shareholders of record at the close of business on March 27, 2006 will be entitled to vote at the meeting. On that date, 64,910,277 Common Shares, par value \$.01 per share ("Common Shares"), were outstanding and entitled to vote. Except as may be provided in the Company's Bye-Laws, where voting is by poll, each Common Share is entitled to one vote.

The election of each nominee for director and the approval of all other matters to be voted upon at the Annual General Meeting require the affirmative vote of a majority of the votes cast at the Annual General Meeting, provided there is a quorum (consisting of not less than two persons present in person or by proxy holding in excess of 50% of the issued and outstanding Common Shares entitled to attend and vote at the Annual General Meeting). The Company has appointed inspectors of election to count votes cast in person or by proxy. Common Shares owned by shareholders who are present in person or by proxy at the Annual General Meeting but who elect to abstain from voting will be counted towards the presence of a quorum. However, such Common Shares, and Common Shares owned by shareholders and not voted in person or by proxy at the Annual General Meeting (including "broker non-votes"), will not be counted towards the majority needed to elect a director or approve any other matter before the shareholders and thus will have no effect on the outcome of those votes.

This Proxy Statement, the attached Notice of Annual General Meeting, the Annual Report of the Company for the year ended December 31, 2005 (including financial statements) and the enclosed Proxy Card are first being mailed to the Company's shareholders on or about April 14, 2006.

On February 24, 2000, the Company became the holding company for Everest Reinsurance Holdings, Inc. ("Everest Holdings") and its subsidiaries in connection with a restructuring. As a result, all references in this document to the Company prior to February 24, 2000 refer to Everest Holdings and all references to the Common Shares prior to February 24, 2000 refer to the common stock of Everest Holdings.

All references in this document to "\$" or "dollars" are references to the currency of the United States of America.

---

The Company knows of no specific matter to be brought before the Annual General Meeting that is not referred to in the attached Notice of Annual General Meeting of Shareholders and this Proxy Statement. If any such matter comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote proxies in accordance with their best judgment with respect to such matters. To be properly made, a shareholder proposal must comply with the Company's Bye-Laws and, in order for any matter to come before the meeting, it must relate to matters referred to in the attached Notice of Annual General Meeting.

### **PROPOSAL NO. 1 ELECTION OF DIRECTORS**

**The Board of Directors recommends that you vote FOR the director nominees described below. Proxies will be so voted unless shareholders specify otherwise in their proxies.**

The Company's Bye-Laws provide for the division of the Board into three classes, with the directors in each class serving for a term of three years. At the 2006 Annual General Meeting, three nominees for Class I director positions are to be elected to serve until the 2009 Annual General Meeting of Shareholders or until their qualified successors are elected or until such director's office is otherwise vacated. At its regularly scheduled meeting on February 22, 2006, the Nominating and Governance Committee recommended to the Board of Directors the nominations of Mr. Abrahams, Mr. Dunne and Mr. Weber as Class I directors. The Class II director positions will be subject to election at the 2007 Annual General Meeting and the Class III directors will be subject to election at the 2008 Annual General Meeting.

On February 22, 2006, the Board accepted the Nominating and Governance Committee recommendations, and all nominees have accepted their nominations for the Class I director positions. It is not expected that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as the Board shall recommend, unless the Board reduces the number of directors accordingly. There are no arrangements or understandings between any director and any other person pursuant to which such person was selected as a director or nominee.

### **The Board of Directors and Its Committees**

The Board conducts its business through its meetings and meetings of its committees. Four meetings of the Board were held in 2005. No director, either in person or through an alternate director appointment as permitted under Bermuda law, attended fewer than 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all committees of the Board on which the director served. All of the directors personally attended last year's Annual General Meeting of Shareholders. The directors are expected to attend the Annual General Meeting pursuant to the Company's Corporate Governance Guidelines.

The Board has affirmatively determined that the following directors, who constitute a majority of the Board and who serve as members of the Audit, Compensation and Nominating and Governance Committees, are independent: Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber. To determine independence, the Board applied the categorical standards contained in the Company's Corporate Governance Guidelines. A copy of those standards, which meet and in some respects exceed the corporate governance listing standards of the New York Stock Exchange (["NYSE"]), is set forth as Appendix A to this Proxy Statement. The Board also considered whether these four directors had any other material relationships with the Company, its affiliates or the Company's external auditor and concluded that none of them had a relationship that impaired his independence. The Board based its determination on personal discussions

with the directors and a review of each director's responses to questions regarding employment, compensation history, affiliations and family and other relationships. Additionally, as well as making the disclosures required under Bye-Law 21(b) of the Company's Bye-Laws (which in turn requires compliance with the Companies Act 1981 of Bermuda, as amended), pursuant to the Corporate Governance Guidelines, directors must disclose to the other directors any potential conflicts of interest they may have with respect to any matter under discussion and, if disqualified by the Chairman of the meeting, refrain from voting on a matter in which they may have a material interest.

Prior to each scheduled meeting of the Board of Directors, the directors who are not officers of the Company meet in executive session outside the presence of management. The executive sessions are chaired by alternating directors who rotate on an alphabetical basis. In addition, the independent directors meet in executive session outside the presence of management on a regular basis.

The Board currently maintains Audit, Nominating and Governance and Compensation Committees, all of whose members are independent directors. The Charters for each of these committees, the Corporate Governance Guidelines and the Company's Ethics Guidelines and Index to Compliance Policies are posted on the Company's website at <http://www.everest-re.com>. These documents are also available in print to any shareholder who requests a copy from the Corporate Secretary at the address below. The Board also maintains an Executive Committee, the purpose of which is to take any emergency actions until the Board can meet. The members of the Executive Committee are Mr. Taranto, Mr. Gallagher and Mr. Galtney. The Executive Committee did not meet in 2005.

#### *Audit Committee*

The principal purposes of the Company's Audit Committee are to oversee the integrity of the Company's financial statements and the Company's compliance with legal and regulatory requirements, to oversee the independent, registered public accounting firm, to evaluate the independent, registered public accounting firm's qualifications and independence and to oversee the performance of the Company's internal audit function. The Audit Committee meets separately and together with the Company's management, director of internal audit and the independent, registered public accounting firm to review the Company's internal controls and financial statements, audit findings and significant accounting and reporting issues. The Board has adopted a Charter for the Audit Committee which is revised as necessary to comply with all applicable laws, rules and regulations. The Charter is available on the Company's website at <http://www.everest-re.com>.

The members of the Audit Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne, and Mr. Weber, all of whom meet the independence standards of the NYSE and the Securities and Exchange Commission ("SEC"). Mr. Abrahams qualifies also as an "audit committee financial expert" as defined by the SEC in Item 401(h) of Regulation S-K. No member of the Audit Committee may serve on the Audit Committee of more than two other public companies unless the Board has determined that such service will not affect the ability of the Committee member to serve on the Company's Audit Committee. Mr. Dunne serves as Chairman of the Audit Committee. The Audit Committee held four meetings in 2005.

#### *Compensation Committee*

The Compensation Committee exercises authority with respect to all compensation and benefits afforded all officers at the Senior Vice President level and above, the Named Executive Officers (as defined herein), and the Company's Chief Financial Officer, Comptroller, Treasurer and Secretary. The Compensation Committee also has oversight responsibilities for all of the Company's broad-based compensation and benefit programs, including administration of the Company's Annual Incentive Plan, the 1995 Stock Incentive Plan, the 2002 Stock Incentive Plan and the Executive Performance Annual Incentive Plan. The Compensation Committee adopted a Charter on November 21, 2002, which is available on the Company's website at <http://www.everest-re.com>.

The Compensation Committee is comprised of Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber, none of whom are current or former employees or officers of the Company and all of whom meet the independence standards

of the NYSE. Mr. Duffy serves as Chairman of the Compensation Committee. The Compensation Committee held six meetings in 2005.

*Nominating and Governance Committee*

The Nominating and Governance Committee was established by the Board on November 21, 2002, with authority and responsibility to identify and recommend qualified individuals to be nominated as directors of the Company and to develop and recommend to the Board the Corporate Governance Guidelines applicable to the Company. The current members of the Nominating and Governance Committee are Mr. Abrahams, Mr. Duffy, Mr. Dunne and Mr. Weber, all of whom meet the independence standards of the NYSE. Mr. Abrahams currently serves as Chairman of the Nominating and Governance Committee.

The Nominating and Governance Committee will consider a shareholder's nominee for director who is proposed in accordance with the procedures set forth in Bye-Law 12 of the Company's Bye-Laws, which is available on the Company's website or by mail from the Corporate Secretary's office. This Bye-Law requires written notice of a shareholder's intent to make such a nomination at the 2007 Annual General Meeting of Shareholders to be received by the Secretary of the Company at the address listed below under *Shareholder Communications with Directors*, between November 15, 2006 and December 15, 2006. Such notice shall set forth the name and address, as it appears on the Register of Members, of the shareholder who intends to make the nomination; a representation that the shareholder is a holder of record of shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make such nomination; the class and number of shares of the Company which are held by the shareholder; the name and address of each individual to be nominated; a description of all arrangements or understandings between the shareholder and any such nominee and any other person or persons (naming such person or persons) pursuant to which such nomination is to be made by the shareholder; such other information regarding any such nominee required to be included in a proxy statement filed pursuant to Regulation 14A under the Securities Exchange Act of 1934; and the consent of any such nominee to serve as a director, if so elected.

Shareholder candidates nominated in accordance with the procedures of Bye-Law 12 will, like any other director-candidate, be considered based solely on their character, judgment, education, training, business experience and expertise. In addition to complying with independence standards of the NYSE, the SEC and the Company, candidates for director must possess the highest levels of personal and professional ethics, integrity and values and be willing to devote sufficient time to perform their board and committee duties. It is in the Company's best interests that the board be composed of individuals whose skills, experience, diversity and expertise complement those of the other board members. The objective is to have a board which, taken as a whole, is knowledgeable in the areas of insurance/reinsurance, accounting (using generally accepted accounting practices and/or statutory accounting practices for insurance companies), financial management and investment, and any other areas which the board and committee deem appropriate in light of the continuing operations of the Company and its subsidiaries. Financial services-related experience, other relevant prior service, a familiarity with national and international issues affecting the Company's operations and a diversity of background, experience, race and gender are also among the relevant criteria to be considered. Following interviews, meetings and such inquiries and investigations determined to be appropriate under the circumstances, the Committee makes its director recommendations to the Board.

The Nominating and Governance Committee held one meeting in 2005. The Committee's Charter, which was adopted by the Board on February 25, 2004, and the Corporate Governance Guidelines which contain the director qualifications, are available on the Company's website at <http://www.everestre.com>.

The Company has adopted a code of ethics that applies to the Chief Executive Officer, Chief Financial Officer and senior financial officers. The text of the Code of Ethics for Chief Executive Officer and Senior Financial Officers is posted on the Company's website at <http://www.everestre.com>. ## Directors' Compensation

Each member of the Board who is not otherwise affiliated with the Company as an employee and/or officer (each, a "Non-Employee Director" or "Non-Management Director") was compensated in 2005 for services as a director and was also reimbursed for out-of-pocket expenses associated with each meeting attended. The annual compensation for 2005 of each Non-Employee Director consisted of stock and/or cash having an aggregate value of \$60,000. This amount has been increased to \$75,000 for 2006. The compensation for 2005 was paid in four installments of cash or, at the director's election, by issuances of Common Shares under the 2003 Director Plan, which was approved by shareholders on May 22, 2003, and amended with the approval of shareholders on May 25, 2005. Following the issuance by the NYSE on August 16, 2002 of its proposed Corporate Governance Listing Standards relating to shareholder approval of equity compensation plans, the Company ceased making equity-based compensation payments to the Non-Employee Directors and made all subsequent compensation payments to Non-Employee Directors in cash until the 2003 Directors' Plan was approved by the shareholders at the 2003 Annual General Meeting. The Non-Employee Directors may each now elect to receive their compensation in cash or in the form of stock in the amount as determined under the Plan.

Giving Non-Employee Directors an opportunity to receive their compensation in the form of Common Shares is intended to align their interests with those of the Company's shareholders. The value of Common Shares issued is calculated based on the average of the highest and lowest sale prices of the Common Shares on each installment date or, if no sale is reported for that day, the next preceding day for which there is a reported sale. In 2005, each of the Non-Employee Directors who elected to be so compensated was issued a total of 637 shares as compensation for his services as a director in accordance with this procedure. As of January 1, 2006, the value of those shares for each Non-Employee Director was \$63,923 based upon the NYSE closing price of a Common Share on December 30, 2005 of \$100.35.

On May 23, 1996, the shareholders approved the Company's adoption of the 1995 Stock Option Plan for Non-Employee Directors (the "1995 Directors' Plan"), which is designed to maintain the Company's ability to attract and retain the services of experienced and highly qualified Non-Employee Directors and to create in those directors a proprietary interest in the Company's continued success. At the time of his or her appointment to the Board, each Non-Employee Director is awarded options to purchase that number of Common Shares equal to \$50,000 divided by the fair market value of such shares as of the date of appointment, with an exercise price equal to that fair market value. As defined in the 1995 Directors' Plan, the fair market value is determined by averaging the highest and lowest trading prices of the Common Shares on the date of the option award.

Upon their initial appointment to the Board on March 12, 1996, Mr. Abrahams, Mr. Duffy and Mr. Galtney were each granted options to purchase 2,216 Common Shares at an exercise price of \$22.5625 per share. Upon his initial appointment to the Board on June 10, 1996, Mr. Dunne was granted options to purchase 2,036 Common Shares at an exercise price of \$24.5625 per share. Upon his election as a director on May 22, 2003, in accordance with the 1995 Directors' Plan, Mr. Weber was granted options to purchase 706 Common Shares at an exercise price of \$70.82. On May 25, 2005, each of the Non-Employee Directors was granted 2,000 shares of restricted stock under the 2003 Director Plan which will vest at the rate of 680 shares on the first anniversary of the grant and 660 shares on each of the two subsequent anniversaries.

#### *Compensation Committee Report*

#### I. Executive Compensation Policy

*Overview.* The Company's executive compensation program in 2005 was designed to attract, retain and motivate highly talented individuals whose abilities are critical to the success of the Company. Compensation policies that attract personnel of this caliber are particularly important for a relatively complex, multinational public entity like the Company. The Company's compensation program is guided by the following fundamental principles:

- Compensation of executive officers is based on the level of job responsibility, the performance of the Company and the performance of the individual.

- Total compensation levels are designed to be competitive with compensation paid by organizations of similar stature.
- Compensation should align the interests of the executive officers with those of the Company's shareholders by basing a significant part of total compensation on the long-term performance of the Common Shares.

The Company's executive compensation program in 2005 achieved the objectives described above and was a significant factor in attaining a high level of corporate performance and increased shareholder value throughout the year.

In establishing executive compensation, the various components of compensation are considered collectively in order to properly assess the appropriateness of the Company's program relative to the attainment of its objectives. The Company's executive compensation program consists of two key elements: (i) an annual component consisting of base salary and annual bonus and (ii) a long-term component which may consist of stock options, stock appreciation rights, restricted stock and stock awards.

The Compensation Committee reviewed a variety of factors of historical and projected Company performance in determining executive compensation. In the course of this review, the Compensation Committee considered the Company's long-term compensation goals, the Company's financial performance and the compensation practices of other reinsurers through a review of publicly available information. In reviewing these factors, the Compensation Committee was able to assess the overall performance of the Company and its prospects for the future to establish an acceptable range for executive compensation.

## II. Components Of Executive Compensation

### *A. Annual Compensation*

In 2005, annual compensation for executive officers of the Company consisted of two components - base salary and a cash payment under either the Company's Executive Performance Annual Incentive Plan (in the case of Mr. Taranto) or the Company's Annual Incentive Plan (in the case of the other executive officers). The base salary for Mr. Taranto was subject to the terms of his current employment agreement (see "Employment and Change of Control Agreements" Mr. Taranto below). The base salaries for the other executive officers were determined by the Compensation Committee based on each executive officer's performance and, as previously discussed, the Company's performance and the range of compensation of executive officers with similar responsibilities in comparable companies.

Annual bonuses paid to executive officers under the Annual Incentive Plan and the Executive Performance Annual Incentive Plan are a significant element of the executive compensation program. Under the Annual Incentive Plan, the Company may make cash payments each year to employees who hold positions of significant responsibility and/or whose performance or potential contribution, in the judgment of the Compensation Committee, will contribute materially to the success of the Company and/or its subsidiaries. The Annual Incentive Plan is designed to provide incentive to those employees, to reward their accomplishments, to motivate future accomplishments, and to aid in attracting and retaining employees of the caliber necessary for the continued success of the Company. The Compensation Committee has discretion to determine the amounts of individual awards under the Annual Incentive Plan based on such criteria and factors as the Compensation Committee in its sole discretion may determine and after considering recommendations made by the Chief Executive Officer of the Company. The aggregate amount available for all awards each year is determined annually by the Compensation Committee based upon performance goals established by the Compensation Committee. The determination of individual awards is subjective in nature and is influenced by the Compensation Committee's perception of the importance of an individual's contributions to the overall success of the Company.

The Compensation Committee has arrived at total compensation for each of the Named Executive Officers that it believes is appropriate to the Company's performance and their individual contributions.

The Executive Performance Annual Incentive Plan was approved by the Company's shareholders on May 20, 1999 and was amended with the approval of shareholders at the 2005 Annual General Meeting. Each year the Compensation Committee selects executive officers of the Company and its subsidiaries who will be eligible that year to participate in the Executive Performance Annual Incentive Plan. Currently, only Mr. Taranto, the Company's Chairman and Chief Executive Officer, is a participant (see "Chief Executive Officer Compensation" below). Each year, the Compensation Committee establishes, in writing, objective performance goals for each participant, which, if attained, will entitle such participant to specific award amounts that will be paid to each participant. Each participant's performance is measured by any of the following performance criteria: net income before or after taxes, operating income before or after taxes, premiums earned, earnings per share, return on shareholders' equity, return on assets,

appreciation in and/or maintenance of the price of the Common Shares or any other publicly traded securities of the Company, comparisons with various stock market indices, market share, statutory combined ratio, expense ratio, reductions in costs and expense growth, or gross or net premium growth.

The Compensation Committee establishes an objective method by which award amounts are calculated under this plan. The maximum award amount any one participant may be awarded in one year is \$2.5 million. The Compensation Committee, in its sole discretion, may eliminate or reduce but not increase any award determination. The plan provides that the total amount of awards granted to all participants in any one year may not exceed 10% of the Company's average annual income before taxes for the preceding five years.

### *B. Long-Term Compensation*

In 2005, the Company's long-term compensation program for executive officers was implemented by means of the Everest Re Group, Ltd. 2002 Stock Incentive Plan ("2002 Stock Incentive Plan"). Awards under this plan are intended to reinforce management's long-term perspective on corporate performance and provide an incentive for key executives to remain with the Company for the long-term. The 2002 Stock Incentive Plan was approved by shareholders on May 22, 2002. An amendment to the 2002 Stock Incentive Plan is being submitted to the shareholders for their approval at the 2006 Annual General Meeting. (See Proposal Number 3 below, "Approval of Amendment to the Everest Re Group, Ltd. 2002 Stock Incentive Plan.")

Awards under the 2002 Stock Incentive Plan are a significant element of the Company's executive compensation program. Compensation derived from share ownership provides a strong incentive to increase shareholder value since the value of this compensation is determined by changes in the price of the Common Shares over the term of each award. Awards under the 2002 Stock Incentive Plan may take the form of stock options, stock appreciation rights, restricted stock or stock awards. Restricted stock awards and stock options encourage retention because they carry a five-year vesting period and are generally forfeited if the employee leaves the Company before vesting. In addition, stock options, granted at the fair market value on the date of grant and with terms not to exceed 10 years, are designed to keep management and professional employees oriented to growth over the long-term and not simply to short-term profits. Awards are granted subjectively at the discretion of the Compensation Committee based on a variety of factors, including a recipient's demonstrated past and expected future performance as well as a recipient's level of responsibility with the Company and his or her ability to affect shareholder value.

Since the institution of the 1995 Stock Incentive Plan and through December 31, 2005, the Compensation Committee has granted employees 2,880,700 options to purchase Common Shares under the 1995 Stock Incentive Plan and 1,471,250 options to purchase Common Shares and 248,900 shares of restricted stock under the 2002 Stock Incentive Plan. In 2005, the Compensation Committee granted 323,000 options to purchase Common Shares and 128,500 shares of restricted stock under the 2002 Stock Incentive Plan. Restricted stock and stock option awards granted to the Company's Named Executive Officers during 2005 are summarized under the captions "Options/SARs Grants in Last Fiscal Year" and "Summary Compensation Table" above. When granting these awards, the Compensation Committee took into account prior grants to these individuals under the 1995 Stock Incentive Plan and the 2002 Stock Incentive Plan and determined that the 2005 grants were appropriate and in the best interests of the Company.

The Company does not have a long-term cash bonus plan in effect and currently intends to rely on the 2002 Stock Incentive Plan as the means of long-term compensation, believing compensation in the form of share ownership increases long-term value for the shareholders while compensating individual employees for superior performance.

### III. Deductibility Cap On Executive Compensation

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, (the "Code"), limits the ability of a publicly-held company to take a tax deduction for annual compensation in excess of \$1 million paid to its chief executive officer or to any of its four other most highly paid executive officers. However, compensation is exempt from this limit if it qualifies as "performance-based compensation." To preserve this deduction, the Company has designed its incentive plans to constitute "performance-based compensation" and not be counted toward the \$1 million limit. However,

the 2002 Stock Incentive Plan does allow for the Compensation Committee, in its sole discretion, to grant awards under the plans which do not constitute "performance-based compensation." In the event that certain awards are granted which are not intended to constitute "performance-based compensation," the awards will not be subject to the share limitations applicable to a single individual. Although the Compensation Committee will consider deductibility under section 162(m) with respect to the compensation arrangements for executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since Company objectives may not always be consistent with the requirements for full deductibility, the Company and the subsidiaries may enter into compensation arrangements under which payments would not be deductible under section 162(m).

#### IV. Chief Executive Officer Compensation

In 2005, Mr. Taranto's compensation was based on the terms of his Employment Agreement with the Company and Everest Re (see "Employment and Change of Control Agreements" Mr. Taranto below) and consisted of base salary and restricted stock as set forth in that section. The Compensation Committee also approved an \$800,000 cash payment to Mr. Taranto under the Executive Performance Annual Incentive Plan for fiscal year 2005 (see "Summary Compensation Table" and "Annual Compensation" above). This performance-based award was calculated in accordance with a formula previously established by the Compensation Committee that took into consideration the cumulative financial performance of the Company over time.

In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, and has discussed with that firm its independence. The Audit Committee also has discussed with management of the Company and with PricewaterhouseCoopers LLP such other matters and received such assurances from them as the Committee deemed appropriate. Based on the foregoing review and discussions and relying thereon, the Audit Committee has recommended to the Company's Board of Directors the inclusion of the Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

The Audit Committee devoted substantial time in 2005 to discussing with the Company's independent auditors and internal auditors the status and operating effectiveness of the Company's internal control over financial reporting. The Audit Committee's oversight involved several meetings both with management and with the auditors outside the presence of management to monitor the preparation of management's report on the effectiveness of the Company's internal controls and the independent auditors' opinion on management's assessment. The meetings reviewed in detail the standards that were established, the content of management's assessment, and the auditors' testing and evaluation of the design and operating effectiveness of the internal controls. As reported in the Company's Annual Report on Form 10-K filed March 9, 2006, the independent auditors concluded that, as of December 31, 2005, management's assessment of the effectiveness of internal control was fairly stated in all material respects and that the Company maintained, in all material respects, effective internal control over financial reporting based upon the criteria established in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Under its Charter and the "Audit and Non-Audit Services Pre-Approval Policy" (the "Policy"), the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors. The Policy requires that any service that has not received a general pre-approval or that exceeds pre-approved cost levels or budgeted amounts requires specific approval by the Audit Committee. For both specific and general pre-approval, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence. The Audit Committee also considers whether the independent auditors are best positioned to provide the most effective and efficient service and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for audit, audit-related and tax fees and a total amount of fees for certain permissible non-audit services classified as "All Other Fees" below. All such factors are considered as a whole, and no one factor is determinative. The Audit Committee has considered whether the performance by PricewaterhouseCoopers LLP of the services disclosed below is compatible with maintaining their independence. The Audit Committee approved all of the audit-related fees, tax fees and all other fees for 2005 and 2004.

**Retirement Plan**

All the executive officers of the Company, with the exception of Mr. de Saram, participate in the Everest Reinsurance Company Retirement Plan (the "Retirement Plan") and in the Supplemental Retirement Plan (the "Supplemental Plan"), both of which are defined benefit pension plans. As an employee of Bermuda Re, Mr. de Saram is not eligible to participate in the Retirement Plan and Bermuda Re does not maintain a defined benefit retirement plan. The Retirement Plan is a tax-qualified plan that determines benefits under a formula that takes into account a participant's years of continuous service and final average earnings with Everest Re and certain affiliates, including during the period of affiliation with the The Prudential Insurance Company of America ("Prudential"). The Supplemental Plan is a non-qualified plan that provides benefits that would otherwise be provided under the Retirement Plan formula but for the application of certain limitations on tax-qualified benefits under the Code. The Retirement Plan and the Supplemental Plan are similar to the tax-qualified and supplemental pension plans of Prudential in which the executive officers and other employees of the Company and Everest Re participated prior to the Company's initial public offering. The following table shows the estimated annual pension benefits payable at normal retirement age to a participant under the Retirement Plan and the Supplemental Plan who attains the earnings and service classifications indicated under the plans.

Benefits shown in the table above are computed as a single-life annuity and reflect a reduction to recognize in part Everest Re's cost of social security benefits. A participant's "final average earnings" under the Retirement Plan will be his or her average annual "earnings" under the plan during the 72 consecutive months of continuous service in which the participant received the greatest amount of earnings out of the final 120 months of continuous service. For this purpose, "earnings" generally include the participant's base salary, cash bonus payments under the Chief Executive Officer's Bonus Plan (which has been terminated), the Executive Performance Annual Incentive Plan and, for participants who held positions equivalent to or senior to that of department vice president when that position existed, cash payments under the Company's Annual Incentive Plan. "Earnings" does not include any other compensation set forth in the Summary Compensation Table. Final average earnings and earnings will be determined under the Supplemental Plan in the same manner as under the Retirement Plan, except that a participant's earnings are not subject to the limitations under the Code. "Continuous service" under the Retirement Plan and Supplemental Plan will be the number of years and months worked for Everest Re and certain affiliates, including during the period of affiliation with Prudential.

The years of continuous service for Mr. Taranto, Mr. Gallagher, Mr. Limauro and Mr. Shoemaker to be taken into account under the Retirement Plan and Supplemental Plan (rounded to the nearest year), as of April 1, 2006 are

11, 31, 33 and 5, respectively. Final average earnings for Mr. Taranto, Mr. Gallagher, Mr. Limauro and Mr. Shoemaker to be taken into account as of April 1, 2006 are \$2,613,622, \$875,999, \$564,815 and \$181,417, respectively.

### **Employment And Change Of Control Agreements** **Mr. Taranto**

On July 15, 1998, the Company entered into an employment agreement with Mr. Taranto (the "Employment Agreement"). The Employment Agreement, which became effective on January 1, 2000, was amended on April 20, 2001 to extend his term of employment to March 31, 2004, was further amended on April 18, 2003, extending his term of employment to March 31, 2006, and was most recently amended on August 31, 2005 to extend his term of employment to March 31, 2008, unless sooner terminated in accordance with its terms. The Employment Agreement provides for a base salary of \$1,000,000 per year and states that Mr. Taranto is eligible to participate in the Executive Performance Annual Incentive Plan. Upon entering into the Employment Agreement in July 1998, Mr. Taranto received non-qualified options under the Company's 1995 Stock Incentive Plan to purchase 150,000 Common Shares as a sign-on bonus. Upon execution of the April 20, 2001 amendment extending the term of his employment, he was granted non-qualified options to purchase 200,000 Common Shares under the same plan. Upon execution of the August 31, 2005 amendment, Mr. Taranto was granted 40,000 shares of restricted stock under the Company's 2002 Stock Incentive Plan. The most recent amendment to the Employment Agreement also provides for the amendment of all restricted stock and option award agreements to permit vesting as of March 31, 2008, provided that Mr. Taranto has not been terminated for cause or that such acceleration will not cause the compensation to be treated as "deferred compensation" pursuant to Section 409A of the Code.

In connection with the restructuring of the Company in February 2000, Mr. Taranto's Employment Agreement was amended to state that he would be the Chairman and Chief Executive Officer of the Company after the restructuring and that he would provide services to the Company after the restructuring that were comparable to those required under his Employment Agreement prior to the restructuring. As a result, the Company and Everest Holdings are both parties to the Employment Agreement and have co-extensive rights, powers, duties and obligations. The February 2000 amendment made other conforming changes to the Employment Agreement to reflect the restructuring. When the Company established Everest Global as a new Delaware subsidiary to perform administrative and back-office functions for the Company and its insurance subsidiaries, Mr. Taranto became an employee of that company and Everest Global became a party to the Employment Agreement.

If the Company terminates Mr. Taranto's employment for due cause (as defined in the Employment Agreement) or if he voluntarily terminates his employment other than for good reason (as defined in the Employment Agreement), Mr. Taranto will be entitled to his base salary due him through the date of termination. If the Company terminates Mr. Taranto's employment other than for due cause, or if he voluntarily terminates his employment for good reason, the Company will be obligated to pay him, in addition to all base salary accrued through the date of termination, (i) the aggregate amount of base salary from the date of termination through March 31, 2008, and (ii) the aggregate bonus amounts due under the appropriate bonus plans or programs through March 31, 2008.

In connection with the execution of the Employment Agreement, the Company and Mr. Taranto also entered into a Change of Control Agreement dated as of July 15, 1998. The Change of Control Agreement provides that if, within one year after the occurrence of a material change (as defined in the agreement), Mr. Taranto terminates his employment for any reason, or if the Company terminates Mr. Taranto's employment for any reason other than for due cause (as defined in the agreement), then (a) all of Mr. Taranto's outstanding stock options granted under the Company's stock plans shall immediately vest and become exercisable; (b) Mr. Taranto shall receive a cash payment equal to the lesser of (i) 2.99 multiplied by Mr. Taranto's annual compensation for the most recent taxable year ending prior to the date of the material change less the value of Mr. Taranto's gross income in the most recent taxable year ending prior to the date of a material change attributable to Mr. Taranto's exercise of stock options, stock appreciation rights and other stock-based awards granted Mr. Taranto by the Company and (ii) 2.99 multiplied by Mr. Taranto's "annualized includible compensation for the base period" as that phrase is defined in Section 280G(d) of the Code; (c) Mr. Taranto shall continue to be covered under the Company's medical and dental insurance plans for a period of three years from the date of termination; and (d) Mr. Taranto shall receive "Special Retirement Benefits" in an amount

that will equal the retirement benefits he would have received had he continued in the employ of the Company for three years following his termination under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor retirement plans adopted by the Company. In the event that the benefits Mr. Taranto receives under the Change of Control Agreement cause Mr. Taranto to receive a "Parachute Payment" within the meaning of Section 280G of the Code, Mr. Taranto's benefits will be reduced to an amount that is one dollar less than the amount that would cause a Parachute Payment. If an award made under the Change of Control Agreement nevertheless results in an assessment against Mr. Taranto of a "Parachute Tax" pursuant to Section 4999 of the Code, Mr. Taranto shall be entitled to receive an additional amount of money that would put him in the same net tax position had no Parachute Tax been incurred. The Change of Control Agreement will terminate on the earliest of (i) one year following a material change; (ii) termination by Mr. Taranto of his employment with the Company under circumstances not following a material change; (iii) the Company's termination of Mr. Taranto's employment for due cause; or (iv) March 31, 2008, or any date thereafter, with 60 days written notice.

In connection with the restructuring, Mr. Taranto entered into an amendment to his Change of Control Agreement which provides that transactions with respect to the Company after the restructuring will trigger benefits under the agreement to the same extent as transactions with respect to Everest Holdings prior to the restructuring. Changes were also made in the Change of Control Agreement to take into account the establishment of Everest Global and Mr. Taranto's employment by that company.

#### **Employment Agreement—Mr. de Saram**

On October 14, 2004, Bermuda Re entered into an employment agreement with Mr. de Saram, which was amended on December 8, 2004, under which he is to serve as the Managing Director and Chief Executive Officer of Bermuda Re from November 1, 2004 until November 1, 2006. As amended, the agreement provides for an annual salary of \$300,000, plus \$12,500 per month as a housing allowance. Fifty percent of Mr. de Saram's salary is paid in U.S. dollars and fifty percent is paid in Great Britain pounds sterling. Mr. de Saram is also eligible to participate in the Company's Annual Incentive Plan, which is entirely discretionary in nature and which may be amended or terminated by the Company at any time. Any payments made under the Annual Incentive Plan shall be in U.S. dollars. He is also a participant in the Senior Executive Change of Control Plan. (See "Other Change of Control Arrangements"). Pursuant to his employment agreement, Mr. de Saram also participates in the medical insurance, dental insurance and group life insurance plans currently available to other Bermuda Re employees. In lieu of participating in the Bermuda Savings Plan, he receives a monthly payment equal to 10% of his monthly salary, which is paid in Great Britain pounds sterling.

If Bermuda Re terminates Mr. de Saram's employment prior to November 1, 2006 for reasons other than misconduct or a breach of Bermuda Re's policies, a separation payment equivalent to one year's salary will be made and a reasonable allowance will be provided to move his personal possessions back to the United Kingdom. Bermuda Re may terminate Mr. de Saram's employment for cause as defined in the employment agreement at any time during the term of the agreement without prior notice. If Bermuda Re does not renew Mr. de Saram's employment agreement at the expiration of its term and does not offer him employment at the level at which he was employed prior to entering into that agreement, then Bermuda Re will pay Mr. de Saram a sum equal to six month's base salary, plus the reasonable cost of six months of medical insurance.

#### **Other Change Of Control Arrangements**

The Company established a Senior Executive Change of Control Plan (the "Change of Control Plan"), effective September 28, 1998. The Change of Control Plan is administered by the Compensation Committee, which selects participants from among the senior executives of the Company and its subsidiaries. Among others, the Compensation Committee has selected Mr. Gallagher, Mr. Limauro and Mr. de Saram to participate in the plan.

The Change of Control Plan provides that if within two years after the occurrence of a material change (as defined in the plan) a participant terminates his or her employment for good reason (as defined in the plan) or the Company terminates the participant's employment for any reason other than for due cause (as defined in the plan), then (a) all of the participant's outstanding stock options granted under the Company's stock plans shall immediately vest and

become exercisable for three months following termination of employment; (b) all restrictions on the participant's restricted stock awarded under the Company's stock plans shall immediately terminate and lapse; (c) the participant shall receive a cash payment equal to the participant's average salary and annual incentive bonus for the three most recent taxable years (or such shorter period as may be applicable) multiplied by a number between 2.00 and 2.99 determined by the Compensation Committee (for Mr. Gallagher the number is 2.99 and for Mr. Limauro and Mr. de Saram the number is 2.00); (d) the participant shall continue to be covered under the Company's medical and dental insurance plans for a period of two years from the date of termination; and (e) the participant shall receive special retirement benefits in an amount that will equal the retirement benefits he or she would have received under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor plans adopted by the Company had he or she continued in the employ of the Company for a period following termination determined by the Compensation Committee. For Mr. Gallagher, the period is 3 years and for Mr. Limauro and Mr. de Saram, the period is 2 years.

### **Compensation Committee Interlocks and Insider Participation**

During 2005, the Compensation Committee was comprised of Martin Abrahams, Kenneth J. Duffy, John R. Dunne and John A. Weber, all of whom are Non-Employee Directors of the Company and none of whom is or has been an officer of the Company. No compensation committee interlocks existed during 2005.

### **Certain Transactions With Directors**

One of the Company's Non-Employee Directors, William F. Galtney, Jr., was the President of Gallagher Healthcare Insurance Services, Inc. (GHIS), a wholly-owned subsidiary of Arthur J. Gallagher & Co. (Gallagher) until December 31, 2004. Thereafter, Mr. Galtney continued as Chairman of GHIS until March 31, 2005. Effective April 1, 2005, Mr. Galtney became Chairman of Oxford Insurance Services Limited (Oxford), a company 99% owned directly by Mr. Galtney. In addition, Mr. Galtney owns shares in Gallagher representing less than a 1% interest. In 2005, Everest Re paid brokerage commissions to Gallagher of \$4,169,756. Brokerage commissions payable to Gallagher as of December 31, 2005 total \$334,581.

In 2002, GHIS entered into Program Administrator Agreements with Everest National and with Mt. McKinley Managers as underwriting manager for Everest Indemnity (the Everest Companies). Under these agreements, policies placed by GHIS with the Everest Companies are generally reinsured under an 82% quota share treaty by Transatlantic Reinsurance Company, which then reinsures up to 100% of the assumed risk with Sunrise Professional Indemnity, Ltd., a Cayman reinsurance company owned by WFG Interests, LLC, which is owned by Mr. Galtney. Under these agreements, in 2005, the Everest Companies recorded \$12,292,807 in gross written premiums and paid fees to GHIS totalling \$2,456,888. Effective April 1, 2005, the GHIS agreements were terminated and the Everest Companies began negotiating new agreements with Oxford. Under these new agreements with Oxford in 2005, the Everest Companies recorded \$48,797,255 in gross written premiums with related commissions and fees of \$3,997,711, of which \$2,376,918 was paid in 2005. GHIS has also entered into a service agreement with Oxford pursuant to which Oxford provides certain underwriting services to GHIS under its agreements with the Everest Companies. Under this agreement, the Company recorded an additional \$1,738,717 in commissions to GHIS from Oxford, of which \$1,267,036 was paid in 2005. Gross written premiums and related commissions and fees attributable to these agreements for 2006 are estimated to be \$48.6 million and \$4.2 million, respectively. GHIS, through its Western Litigation Specialists division (WLS), provides claims services for medical malpractice policies issued under both the GHIS and Oxford agreements. Total fees paid to WLS in 2005 were \$515,882. Estimated fees for 2006 are \$555,000.

GHIS was the producing agent for workers' compensation, general liability and automobile risks written by the Everest Companies for Rural/Metro Corporation (Rural Metro). The workers' compensation component of the program did not renew in May 2004. In 2005, the Company recorded \$127,994 in written premiums in connection with this program and paid related commissions to GHIS of \$1,175. Furthermore, the Company recorded an additional \$187,500 in related Rural Metro commissions to GHIS from Oxford under their new respective service agreement, of which \$140,625 was paid in 2005. Under the Oxford agreements with the Everest Companies, the Company recorded \$3,845,000 in written premium with related commissions to Oxford of \$125,000, of which \$93,750 was paid in 2005. Estimated premium and commissions for the 2006 renewals of such policies, if written, are \$3,845,000 and \$125,000,

respectively. If such policies are written in 2006, it is anticipated that the policies would be written through Oxford as producing agent.

GHIS also was the producing agent for workers' compensation, general liability/professional liability and automobile risks written by the Everest Companies for San Diego Medical Services Enterprise, LLC ("SDMS"). SDMS is a joint venture between Rural/Metro and the City of San Diego. In 2005, the written premium for SDMS was \$96,834 with related commissions paid to GHIS of \$9,683. The account did not renew in 2005.

Gallagher Bassett Services, Inc. ("Gallagher Bassett"), a Gallagher affiliate, provides claims services for the Rural Metro program mentioned above, for Everest Indemnity's All Risks, Ltd. Program, for Everest National's Risk Services, LLC program and for Everest National's Tangram Program Managers. Mr. Galtney does not have any affiliation with All Risks, Ltd., with Risk Services, LLC or with Tangram Program Managers. In 2005, the Company paid fees to Gallagher Bassett of \$1,347,346. Estimated fees for 2006 are \$2,357,132.

Everest Indemnity, through Mt. McKinley Managers, wrote a surplus lines medical malpractice book of business in Arizona known as APIC through SKANCO, a surplus lines producer affiliate of Gallagher. Gross written premium for 2005 under these agreements was \$2,455,667 with related commissions of \$61,392. Estimated premium and commissions for 2006 are \$2,542,500 and \$63,562 respectively.

Beginning in late 2003 and terminating in late 2004, Everest Indemnity, through Mt. McKinley Managers, wrote a California construction liability program on a surplus lines basis through Cromwell Management Corporation. J.P. Woods Co., Inc., a Gallagher affiliate, receives a brokerage fee equal to 1.0% of the gross written premium for the first \$1 million of limits on policies written. For 2005, the resulting brokerage fees paid to J.P. Woods Co., Inc. was \$210,406. There are no payables due in 2006.

Everest National had a business relationship with WorkCare Northwest, Inc. ("WorkCare Northwest"), a company which is fully owned by Gallagher. Edward B. Galtney, William Galtney's brother, serves as Area President of WorkCare Northwest. In 2005, Everest National paid commissions in the amount of \$1,023 to WorkCare Northwest for insurance agency services as a program administrator. This program was cancelled as of July 1, 2001 and is currently in run-off. It is expected that no commissions will be paid to WorkCare Northwest in the future.

In addition to the above, Everest National's Western Regional Office does business with several Gallagher-affiliated Custom Accounts. Under these accounts in 2005, the Everest Companies recorded \$7,892,913 in gross written premiums with related commissions and fees paid to these agents of \$622,030.

The Company's independent, registered public accounting firm has been appointed to act as the Company's auditor each year at the Annual General Meeting of Shareholders pursuant to the Board's recommendation, which is based on the recommendation of the Audit Committee. In making its recommendation, the Audit Committee reviews both the audit scope and estimated fees for professional services for the coming year. Representatives of PricewaterhouseCoopers LLP will be present at the 2006 Annual General Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders.

**PROPOSAL No. 3** **APPROVAL OF AMENDMENT TO THE EVEREST RE GROUP, LTD.  
2002 STOCK INCENTIVE PLAN**

**The Board of Directors recommends that you vote FOR the approval of the amendment to the Everest Re Group, Ltd. 2002 Stock Incentive Plan to be effective upon shareholder approval. Proxies given by shareholders of record will be so voted unless the shareholders specify otherwise in their proxies. Proxies given by beneficial owners to shareholders of record may not be so voted unless beneficial owners specify a vote for approval in their proxies.**

**Proposed Amendment**

On February 22, 2006, the Board approved, subject to approval by shareholders at the Annual General Meeting, an amendment to the Everest Re Group, Ltd. 2002 Stock Incentive Plan (the "Plan") that will eliminate the sublimit on the number of common shares available for restricted stock and stock awards. As originally adopted, the Plan provides that the maximum number of common shares of the Company that may be awarded under the Plan is 4,000,000 shares. Within this overall limit, the Plan imposes a sublimit of 250,000 on the number of common shares that may be awarded as restricted stock and stock awards. The proposed amendment to the Plan would eliminate the 250,000 share sublimit, and the Company would have the discretion to award the number of restricted stock and stock awards as it deems appropriate, subject only to the 4,000,000 overall limit on the total number of shares available for grant under the Plan.

**Reasons for Amendment**

The Board recommends that shareholders approve the amendment to the Plan, because the elimination of the sublimit on the number of common shares available for award as restricted stock and stock awards will, consistent with the Plan, further enhance the Company's ability to encourage high levels of performance and to attract, motivate and retain talented individuals who are key to the success of the Company. Since the time when the Plan was originally adopted, the trend in stock-based incentive compensation has been to grant more restricted stock awards and fewer option awards. In line with this trend, the Company has, since 2003, increased the use of restricted stock awards as a form of incentive compensation for its senior executives. As a result, the Board believes that the sublimit of 250,000 common shares available for restricted stock awards is no longer adequate for the Company's incentive compensation needs. Accordingly, the Board believes that the amendment to the Plan is in the best interests of the Company because it will enhance the Company's ability to remain competitive with other industry leaders by conforming the Plan's operation to the trend in equity awards to grant fewer option and more restricted stock awards.

Furthermore, the Board believes that the amendment to the Plan will help the Company to continue to attract and provide incentives to officers and key employees without adversely affecting or potentially diluting shareholders' interests in the Company. The amendment does not change the maximum number of shares available for award under the Plan. The maximum number of shares available for award under the Plan will remain at 4,000,000 (of which approximately 2,300,000 remain available for award), which is the same number of shares that was authorized when the Plan was initially adopted in May, 2002.

Even though the proposed amendment to the Plan relates only to the elimination of the sublimit on the number of common shares available for restricted stock and stock awards under the Plan, the following paragraphs provide a summary of all the material terms of the Plan, including those aspects which are not proposed to be changed. This summary is qualified in its entirety by the full text of the Plan, as amended, a copy of which is set forth as Appendix B to this Proxy Statement.

**Plan Administration**

The Plan is administered by a committee of the Board of Directors (the "Committee"), which is required under the terms of the Plan to consist of two or more non-employee directors. The Board of Directors has designated the Compensation Committee as the Committee to administer the Plan. The Committee has the authority to grant and amend any type or combination of types of awards, whether payable in stock, cash or a combination of the two.

The Committee may delegate all or any portion of its responsibilities or powers under the Plan to persons selected by it. The Committee may also delegate to officers of the Company discretionary authority with respect to substantial decisions or functions regarding the Plan or awards, including decisions regarding the timing, eligibility, pricing, amount or other terms of an award, provided such awards are not made to insiders, who are defined as persons subject to Section 16 of the Exchange Act.

## General

The Plan provides for the grant of non-qualified and incentive stock options, stock appreciation rights (SARs), restricted stock and stock awards. The purpose of the Plan is to benefit the Company, its subsidiaries and its shareholders by encouraging high levels of performance by individuals who are key to the success of the Company and its subsidiaries and to enable the Company to attract, motivate and retain talented and experienced individuals essential to its success.

Awards may be granted under the Plan to any person, including any director of the Company who is an employee of the Company or any consultant or advisor (other than non-employee directors) who provides bona fide services for the Company. No determination has been made as to which individuals will receive grants under the Plan in the future and, therefore, the benefits to be allocated to any one individual or to any group of eligible individuals are not presently known.

As of April 1, 2006, approximately 670 employees of the Company were eligible to receive awards under the Plan, subject to the power of the Committee to determine the eligible employees and other persons to whom awards would be granted. The total number of shares that may be granted under the Plan is 4,000,000 (of which approximately 2,300,000 remain available for award). Any shares allocated to an award under the Plan that expires, lapses or is forfeited or terminated for any reason without issuance of the shares (whether or not cash or other consideration is paid to the participant in respect of such shares) will be available for new awards to be granted under the Plan. No awards may be granted under the Plan after the ten-year anniversary of the effective date of the Plan.

The following additional limitations apply to awards under the Plan: (1) no more than 350,000 shares may be issued for options and SARs granted to any one individual in any calendar year; and (2) no more than 1,000,000 shares may be issued for options intended to be incentive stock options. The Committee may make awards which are not intended to comply with Section 162(m) of the Code, which awards will not be subject to the individual limitations in the preceding sentence.

The shares with respect to which awards may be made under the Plan may be shares that are currently authorized but unissued, or to the extent permitted by applicable law, currently held or subsequently acquired by the Company, including shares purchased in the open market or in private transactions. All common shares issued in settlement of an award shall be issued as fully paid. As of March 31, 2006 the fair market value of a Common Share (calculated by averaging the high and low trading prices on the NYSE) was \$92.86.

The Committee may grant any combination of stock options (both incentive and non-qualified), SARs, restricted stock or stock awards. The number of shares subject to an award and any other restrictions that are deemed appropriate by the Committee for a particular type of award, to particular individuals or in particular circumstances, will be included in the individual award document reflecting the grant of the award to the recipient and setting forth specific terms and conditions of the award (the Award Agreement).

The Plan contains provisions relating to adjustments of the terms of outstanding awards to reflect changes in the Company's capitalization or shares or the occurrence of specified events. The number of shares that may be acquired under the Plan, the maximum number of shares that may be delivered pursuant to awards, and such other terms as are necessarily affected by such specified events are subject to adjustment in the event of a stock dividend, stock split, recapitalization, merger, consolidation (whether or not Everest Re Group, Ltd. is the surviving corporation), reorganization, combination or exchange of shares or similar events.

Except as otherwise provided by the Committee, awards under the Plan will only be transferable to the extent designated by the participant by will or by laws of descent and distribution.

### **Stock Options**

The Committee may grant options to purchase shares which may be either incentive stock options or non-qualified stock options. The purchase price of shares under each option must be based on the fair market value of a share on the date the option is granted. Options granted under the Plan will be exercisable in accordance with the terms established by the Committee. The full purchase price of each share purchased upon the exercise of any option must be paid at the time of exercise. The Committee, in its discretion, may impose such conditions, restrictions and contingencies on shares acquired pursuant to the exercise of an option as the Committee determines to be desirable.

Except as otherwise provided by the Committee, if an employee recipient of a stock option award under the Plan terminates employment with the Company for a reason other than death, disability or retirement, the holder of the stock option may exercise the stock option at any time within a period of three months after such termination to the extent the stock option was exercisable on the date of such termination. If the employee terminates employment by reason of death, disability or retirement, the employee may exercise the stock option at any time within a period of three years after such termination to the extent the stock option was exercisable on the date of such termination. In no event, however, may any stock option be exercised by any person after its expiration date.

### **Stock Appreciation Rights**

The Committee may grant an SAR in connection with all or any portion of an option as well as independent of any option grant. An SAR entitles the participant to receive the amount by which the fair market value of a specified number of shares on the exercise date exceeds an exercise price established by the Committee. The excess amount will be payable in shares, in cash or in a combination thereof, as determined by the Committee. The Committee, in its discretion, may impose such conditions, restrictions and contingencies on the shares acquired pursuant to the exercise of an SAR as the Committee determines to be desirable.

### **Other Stock Awards**

The Committee may grant stock awards (a grant of shares as payment of a bonus, as payment of any other compensation obligation, upon the occurrence of a special event or as otherwise determined by the Committee) and restricted stock (a grant of shares with such shares or rights being made subject to a risk of forfeiture or other restrictions that lapse upon the achievement of one or more goals relating to completion of service by the participant, as determined by the Committee). Recipients of restricted stock may have voting rights and may receive dividends on the granted shares prior to the time the restrictions lapse.

### **Payment Provisions**

The Plan permits the payment of the option exercise price or award price in cash or, at the Committee's discretion, with shares valued at their fair market value, or with a combination of such shares and cash. Shares may only be used for payment, however, if they have been held by the participant for at least six months (or such other period as may be required by the Committee) and meet any other requirements established by the Committee. Other lawful consideration, which may include a promissory note as may be approved by the Committee, may also be applied to the purchase or exercise price of an award under the Plan, to the extent authorized by the Committee and as may be permitted under relevant state or Bermuda law.

Shares held by a participant may also be used to discharge tax withholding obligations related to the exercise of options or the receipt of other awards to the extent authorized by the Committee.

### **Change In Control**

In the event of a Change in Control of the Company (as defined in the Plan), in addition to any action required or authorized by the terms of an Award Agreement, the Committee may, in its sole discretion, recommend

that the Board of Directors take any of the following actions as a result, or in anticipation, of any such event to assure fair and equitable treatment of participants:

- accelerate time periods for purposes of vesting in, or realizing gain from, any outstanding award made pursuant to the Plan;
- offer to purchase any outstanding award made pursuant to the Plan from the holder for its equivalent cash value, as determined by the Committee, as of the date of the Change of Control; or
- make adjustments or modifications to outstanding awards as the Committee deems appropriate to maintain and protect the rights and interests of participants following such Change of Control.

Any such action approved by the Board of Directors shall be conclusive and binding on the Company and all participants.

### **Amendment and Termination**

The Board of Directors may at any time amend, suspend or discontinue the Plan, in whole or in part. The Committee may at any time alter or amend any or all Award Agreements under the Plan to the extent permitted by law, but no such alteration or amendment shall impair the rights of any holder of an award without the holder's consent.

### **United States Income Tax Consequences of the Plan**

The following paragraphs provide a general summary of the U.S. federal income tax consequences of the Plan based upon current law, which is subject to change. State, local or foreign tax consequences are beyond the scope of this summary. In addition, this summary is necessarily general and does not describe all possible federal income tax effects to particular recipients of awards under the Plan or to the Company in all circumstances.

### **Non-Qualified Stock Options**

The grant of a non-qualified option will not result in taxable income to the participant. Except as described below, the participant will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares acquired over the exercise price for those shares. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise. Special rules will apply if the participant uses previously owned shares to pay some or all of the option exercise price.

The exercise of a non-qualified stock option through the delivery of previously acquired stock will generally be treated as a non-taxable, like-kind exchange as to the number of shares surrendered and the identical number of shares received under the option. That number of shares will take the same basis and, for capital gains purposes, the same holding period as the shares that are given up. The value of the shares received upon such an exchange that are in excess of the number given up will be includible as ordinary income to the participant at the time of exercise. The excess shares will have a new holding period for capital gain purposes and a basis equal to the value of such shares determined at the time of exercise.

### **Incentive Stock Options**

The grant of an incentive stock option will not result in taxable income to the participant. The exercise of an incentive stock option will not result in taxable income to the participant provided that the participant was, without a break in service, an employee of the Company during the period beginning on the date of the grant of the option and ending on the date three months prior to the date of exercise (one year prior to the date of exercise if the participant is disabled, as that term is defined in the Code).

The excess of the fair market value of the shares at the time of the exercise of an incentive stock option over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum taxable income for the tax year in which the incentive stock option is exercised. For purposes of determining the

participant[]s

alternative minimum tax liability for the year of disposition of the shares acquired pursuant to the incentive stock option exercise, the participant will have a basis in those shares equal to the fair market value of the shares at the time of exercise.

If the participant does not sell or otherwise dispose of the stock within two years from the date of the grant of the incentive stock option or within one year after the transfer of such stock to the participant, then, upon disposition of such shares, any amount realized in excess of the exercise price will be taxed to the participant as capital gain. A capital loss will be recognized to the extent that the amount realized is less than the exercise price.

If the foregoing holding period requirements are not met, the participant will generally realize ordinary income at the time of the disposition of the shares in an amount equal to the lesser of (i) the excess of the fair market value of the shares on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price. If the amount realized exceeds the value of the shares on the date of exercise, any additional amount will be capital gain. If the amount realized is less than the exercise price, the participant will recognize no income and a capital loss will be recognized equal to the excess of the exercise price over the amount realized upon the disposition of the shares.

The exercise of an incentive stock option through the exchange of previously acquired stock will generally be treated in the same manner as such an exchange would be treated in connection with the exercise of a non-qualified stock option; that is, as a non-taxable, like-kind exchange as to the number of shares given up and the identical number of shares received under the option. That number of shares will take the same basis and, for capital gain purposes, the same holding period as the shares that are given up. However, such holding period will not be credited for purposes of the one-year holding period required for the new shares to receive incentive stock option treatment. Shares received in excess of the number of shares given up will have a new holding period and will have a basis of zero or, if any cash was paid as part of the exercise price, the excess shares received will have a basis equal to the amount of the cash. If a disqualifying disposition (a disposition before the end of the applicable holding period) occurs with respect to any of the shares received from the exchange, it will be treated as a disqualifying disposition of the shares with the lowest basis.

If the exercise price of an incentive stock option is paid with shares acquired through a prior exercise of an incentive stock option, gain will be realized on the shares given up (and will be taxed as ordinary income) if those shares have not been held for the minimum incentive stock option holding period (two years from the date of grant and one year from the date of transfer), but the exchange will not affect the tax treatment, as described in the immediately preceding paragraph, of the shares received.

### **Stock Appreciation Rights**

The grant of an SAR will not result in taxable income to the participant. Upon exercise of an SAR, the amount of cash or the fair market value of shares received will be taxable to the participant as ordinary income. Gains and losses realized by the participant upon disposition of any such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise.

### **Restricted Stock and Other Stock Awards**

A participant who has been granted a restricted stock award will not realize taxable income at the time of grant, assuming that the restrictions constitute a "substantial risk of forfeiture" for U.S. income tax purposes. Upon the vesting of shares subject to an award, the holder will realize ordinary income in an amount equal to the then fair market value of those shares. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder during the restriction period, if so provided, will also be compensation income to the participant. A participant may elect pursuant to section 83(b) of the Code to have income recognized at the date of grant of a restricted stock award and to have the applicable capital gain holding period commence as of that date.

A participant who receives a stock award, which is not subject to a "substantial risk of forfeiture" will be taxed based on the value of the stock on the date of the award.

### **Withholding of Taxes**

The Company may withhold amounts from participants to satisfy withholding tax requirements. Except as otherwise provided by the Committee, participants may have shares withheld from awards or may tender previously owned shares to the Company to satisfy tax withholding requirements. The shares withheld from awards may only be used to satisfy the Company's minimum statutory withholding obligation.

### **Tax Deduction**

Everest Re Group, Ltd. is not subject to U.S. income taxes. However, if an award is granted to a participant employed by a subsidiary that is a U.S. taxpayer, the subsidiary will be entitled to a deduction equal to the amount of income includible in the participant's income provided that such amount constitutes an ordinary and necessary business expense to the subsidiary and is reasonable in amount.

A U.S. income tax deduction will generally be unavailable for annual compensation in excess of \$1 million paid to any of the five most highly compensated officers of a public corporation. However, amounts that constitute "performance-based compensation" are not counted toward the \$1 million limit. If a U.S. subsidiary has an employee who is among the five most highly compensated officers, that subsidiary's deduction will be subject to this limit. To preserve the deduction for its U.S. subsidiary, the Company has designed the Plan to enable awards thereunder to constitute "performance-based compensation" and not be counted toward the \$1 million limit. The Plan provides that the Committee, in its sole discretion, may grant awards which are not intended to constitute "performance-based compensation."

Certain awards under the Plan may be subject to tax rules that apply to nonqualified deferred compensation plans. If an award is subject to those rules, and fails to conform to them, the recipient may have accelerated recognition of taxable income, and may also become liable for interest and tax penalties. Failure to satisfy the new rules will not have an adverse tax effect on the Company. The Company intends that, to the extent that awards are subject to the new deferred compensation rules, the awards will be structured to satisfy those rules.

### **Change In Control**

Any acceleration of the vesting or payment of awards under the Plan in the event of a Change in Control in the Company may cause part or all of the consideration involved to be treated as an "excess parachute payment" under the Code, which may subject the participant to a 20% excise tax and preclude deduction by a subsidiary.

### **Tax Advice**

The preceding discussion is based on U.S. tax laws and regulations presently in effect, which are subject to change, and the discussion does not purport to be a complete description of the U.S. income tax aspects of the Plan. A participant may also be subject to state and local taxes in connection with the grant of awards under the Plan. The Company suggests that participants consult with their individual tax advisors to determine the applicability of the tax rules to the awards granted to them in their personal circumstances.

In making this determination, absent other considerations, the Board will deem a director to be independent if either the director or a member of his immediate family:

- Is not, and in the past three years has not been, a director, executive officer, general partner or significant equity holder of a company that makes payments to, or receives payments from, the Company or any of its affiliates, for property or services in an amount which, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues; and
