Dated April 21, 2008

Issuer:	CIT Group Inc.
Security:	Shares of CIT Group Inc. 8.75% Non-Cumulative Perpetual Convertible Preferred Stock, Series C (the Preferred Stock)
Number of Shares Issued:	10,000,000 Shares
Over allotment Option (Shares):	1,500,000 Shares
Liquidation Preference Per Share:	\$50
Aggregate Liquidation Preference Offered (Pre-Over allotment):	\$500,000,000
Aggregate Liquidation Preference Offered (Post-Over allotment):	\$575,000,000
Maturity:	Perpetual
Dividend Rate (Non-Cumulative):	8.75% on the per share liquidation preference of \$50 per share
Dividend Payment Dates:	March 15, June 15, September 15 and December 15 of each year, beginning June 15, 2008
Day Count:	30/360

Conversion Right:	Each share of the Preferred Stock may be converted at any time, at the option of the holder, into 3.9526 shares of common stock (which reflects an approximate initial conversion price of \$12.65 per share of common stock, which is a 15% premium over the public offering price in the concurrent offering of the Issuer's common stock) plus cash in lieu of fractional shares, subject to anti-dilution adjustments.
Conversion at Issuer's option:	On or after June 20, 2015, the Issuer may, at its option, at any time or from time to time, cause some or all of the Preferred Stock to be converted into shares of common stock at the then-applicable conversion rate if, for 20 trading days (whether or not consecutive) during any period of 30 consecutive trading days, the closing price of the Issuer's common stock exceeds 150% of the then-applicable conversion price of the Preferred Stock.
Conversion Upon Fundamental Change:	If delisting occurs or in lieu of receiving the make-whole shares, if the reference price in connection with a make-whole acquisition is less than the applicable conversion price (each, a fundamental change), a holder may elect to convert Preferred Stock during the period beginning on the effective date of the fundamental change and ending on the date that is 30 days after the effective date of such fundamental change at an adjusted conversion price equal to the greater of (1) the reference price and (2) \$5.50, which is 50% of the public offering price in the concurrent offering of the Issuer's common stock, subject to adjustment (the base price). If the reference price is less than the base price, holders will receive a maximum of 9.0909 shares of common stock per share of Preferred Stock, subject to adjustment, which may result in a holder receiving value that is less than the liquidation preference of the Preferred Stock. In lieu of issuing common stock upon conversion in the event of a fundamental change (other than a delisting), the Issuer may at its option make a cash payment equal to the reference price for each share of common stock otherwise issuable upon conversion.
Make-whole Shares Upon Certain Acquisitions:	The following table sets forth the number of make-whole shares per share of Preferred Stock for each stock price and effective date set forth below:
