ELITE PHARMACEUTICALS, INC. PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Elite Pharmaceuticals, Inc., a Delaware corporation ("ELITE", the "COMPANY", "WE", "OUR" or "US"), for our Annual Meeting of Stockholders to be held on June 26, 2008, and any adjournments thereof. You are receiving this Proxy Statement because you own shares of the Company's Common Stock that entitle you to vote at the Annual Meeting of the Stockholders. By use of proxy, you can vote, whether or not you attend the meeting. This Proxy Statement describes the matters we would like you to vote on and provides information on those matters so you can make an informed decision.

The information included in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting of the Stockholders, the voting process, the Company's Board of Directors and committees, the compensation of directors and certain executive officers and other required information.

PURPOSE

The purpose of the Annual Meeting is to elect directors and to conduct the business described in the Notice of the Annual Meeting of Stockholders.

RECORD DATE AND VOTING RIGHTS

Our common stock, par value \$0.01 per share (the "COMMON STOCK"), is the security entitled to vote at the Annual Meeting. Each share of Common Stock entitles the holder of record thereof at the close of business on April 28, 2008

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

to one vote on each of the matters to be voted upon at the Annual Meeting. The shares of our preferred stock, par value \$0.01 per share (the "PREFERRED STOCK") have no voting rights as to the matters to be considered at the Annual

1

Meeting. As of April 28, 2008, we had outstanding 23,068,780 shares of Common Stock (excluding 100,000 treasury shares).

Stockholders vote at the Annual Meeting by casting ballots (in person or by proxy) which will be tabulated by a person who is appointed by the Board of Directors before the Annual Meeting to serve as inspector of election at the Annual Meeting and who has executed and verified an oath of office.

QUORUM; BROKER NON-VOTES AND ABSTENTIONS

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. A majority of the shares of Common Stock outstanding on the record date will constitute a quorum for purposes of the Annual Meeting. Abstentions and broker non-votes are considered present for purposes of determining the presence of a quorum.

Abstentions are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome.

Broker non-votes are proxies received from brokers or nominees when the broker or nominee has neither received instructions from the beneficial owner or other persons entitled to vote nor has discretionary power to vote on a particular matter. Brokers only possess discretionary power over matters that are considered routine, such as the election of directors described in Proposal 1 or the approval of auditors described in Proposal 6. Stockholders are advised to forward their voting instructions promptly so as to afford brokers sufficient time to process such instructions.

SOLICITATION

Solicitation of proxies may be made by our directors, officers and regular employees by mail, telephone, facsimile transmission or other electronic media and in person for which they will receive no additional compensation. The expenses of preparing, printing and assembling the materials used in the solicitation of proxies on behalf of the Board of Directors will be borne by us. Upon request, we will reimburse the reasonable fees and expenses of banks, brokers, custodians, nominees and fiduciaries for forwarding proxy materials to, and obtaining authority to execute proxies from, beneficial owners for whose accounts they hold shares of Common Stock. Also, we have retained D.F. King & Co., Inc. ("DF KING") to aid in the distribution and solicitation of proxies. DF King will receive a fee of \$6,000 as well as reimbursement for certain expenses incurred by them in connection with their services, all of which will be paid by us.

VOTING OF PROXIES

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted as specified in the proxy. If you do not specify in the proxy how your shares are to be voted, the shares will be voted as recommended by the Board of Directors: FOR Proposals 1, 2, 3, 4, 5 and 6.

REVOCAATION

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

You have the right to revoke your proxy at any time before it is voted by attending the meeting and voting in person or filing with our Secretary either a written instrument revoking the

2

proxy or another executed proxy bearing a later date. Stockholders entitled to vote will not have any dissenters' rights of appraisal in connection with any of the matters to be voted on at the meeting.

RECOMMENDATIONS OF THE BOARD OF DIRECTORS

- o FOR the four nominees listed under "Election of Directors", to serve until their successors are elected and qualified (Proposal 1);

- o FOR the ratification of certain amendments made to our Certificate of Incorporation which relate solely to our Series B Preferred Stock which were previously approved by a majority of the holders of the Series B Preferred Stock (Proposal 4);

Should any nominee named in Proposal 1 be unable to serve or for good cause will not serve as director, the persons named in the enclosed form of proxy will vote for such other person as the Board of Directors may recommend.

OTHER BUSINESS

As of the date of this Proxy Statement, we have no knowledge of any business other than that described in the Notice of Annual Meeting that will be presented for consideration at the Annual Meeting. If any other business should properly come before the Annual Meeting, the persons appointed by the enclosed form of proxy shall have discretionary authority to vote all such proxies as they shall decide.

The Nominating Committee seeks to identify those individuals most qualified to serve as Board members and considers many factors with regard to each candidate, including judgment, integrity, diversity, prior experience, the interplay of the candidate's experience with the experience of other Board members, the extent to which the candidate would be desirable as a member of any committees of the Board of Directors, and the candidate's willingness to devote substantial time and effort to Board responsibilities. Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF
COMMON STOCK FROM 65,000,000 TO 150,000,000

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 2

The Company is currently authorized to issue 65,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock. The Company's Board of Directors, subject to stockholder approval, has adopted an amendment to the Certificate of Incorporation (the "CHARTER AMENDMENT I") that would increase the authorized shares of the Common Stock from 65,000,000 shares of Common Stock to 150,000,000 shares of Common Stock. If the Charter Amendment I is approved by Company's stockholders, ARTICLE FOURTH of the Certificate of Incorporation will read as follows:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is One Hundred Fifty Five Million (155,000,000) shares, consisting of Five Million (5,000,000) shares of Preferred Stock, par value \$0.01 per share, and One Hundred Fifty Million (150,000,000) shares of Common Stock, par value of \$0.01 per share.

Subject to the provisions of Section 151 of the General Corporation Law, the Board of Directors or any authorized committee thereof of the Corporation is authorized to issue the shares of Preferred Stock in one or more series and determine the number of shares constituting each such series, the voting powers of shares of each such series and the designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions as set forth in a resolution or resolutions of the Board of Directors.

On April 28, 2008, the Company had 23,068,780 outstanding shares of Common Stock, exclusive of 100,000 treasury shares, 3,737,778 shares of Common Stock reserved for issuance upon conversion of outstanding Series B 8% Convertible Preferred Stock, par value \$0.01 per share (the "SERIES B PREFERRED STOCK"), 8,218,966 shares of Common Stock reserved for issuance upon conversion of outstanding Series C 8% Convertible Preferred Stock, par value \$0.01 per share (the "SERIES C PREFERRED STOCK"), 5,543,300 shares of Common Stock reserved for issuance upon exercise of outstanding options and 9,216,736 shares of Common Stock reserved for issuance upon exercise of outstanding warrants leaving only 15,114,440 authorized shares of Common Stock available for future issuances.

The Company has not increased its authorized shares of Common Stock since 2004, at which time its authorized shares of Common Stock were increased from 25,000,000 shares to 65,000,000 shares.

The purpose of the proposed increase in the number of authorized shares of Common Stock is to provide more shares for general corporate purposes, including raising additional capital, stock issuances under employee stock option plans, possible future acquisitions and stock dividends and splits. The Board of Directors believes that an increase in the total number of shares of authorized Common Stock will help the Company to meet its future needs and give it greater flexibility in responding quickly to advantageous business opportunities. In the event that the Board of Directors deems it to be in the best interest of the Company to issue additional shares of Common Stock or securities convertible, exercisable or exchangeable for shares of

Common Stock and the price per share of Common Stock in such issuance is below certain dollar amounts set forth in the Company's Certificate of Designations of

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

Preferences, Rights and Limitations of the Company's Series B Preferred Stock and Series C Preferred Stock or set forth in the terms of any outstanding warrants or options which contain anti-dilution protection provisions, the number of shares of Common Stock as to which such securities may be converted or exercised shall increase.

In the absence of a substantial increase in the number of authorized shares of Common Stock, the Company will be greatly disadvantaged in its ability to undertake any future fundraising through the sale of Common Stock or securities convertible, exchangeable or exercisable for shares of Common Stock. The Company has engaged a placement agent to assist in any future fundraising but the Company currently does not have any definitive terms with respect to any plan, commitment, arrangement, understanding or agreement, either oral or written, regarding the issuance of Common Stock or securities convertible, exchangeable or exercisable for shares of Common Stock, subsequent to the increase in the number of available authorized shares of Common Stock.

The Company's issuance of shares of Common Stock or Preferred Stock, including the additional shares of Common Stock that will be authorized if the proposed Charter Amendment I is adopted, may dilute the equity ownership position of current holders of Common Stock and may be made without stockholder approval, unless otherwise required by applicable laws or stock exchange regulations. Under existing American Stock Exchange regulations, and except as stated below, approval of holders of a majority of the shares of Common Stock voting would be required for any transaction or series of related transactions that would result in the issuance by the Company of additional shares (or securities convertible into shares of Common Stock) (i) if the number of shares of Common Stock to be issued (including shares issuable upon conversion of convertible securities issued and issuable upon exercise of warrants, options or rights issued) is 20% or more of the number of shares outstanding before the issuance for a price less than the greater of book or market value of the stock; or (ii) if the issuance would result in a change in control of the Company. The stockholder approval requirement does not apply to any public offering for cash or to any bona fide private financing involving a sale of Common Stock for cash at a purchase price or conversion or exercise price at least as great as both the book and market value of the Common Stock.

The additional authorized but unissued shares of the Company's Common Stock or the issuance of one or more series of Preferred Stock could be used to make a change in control of the Company more difficult and expensive. Under certain circumstances, such shares could be used to create impediments to or frustrate persons seeking to cause a takeover or to gain control of the Company. Such shares could be sold to purchasers who might side with the Board of Directors in opposing a takeover bid that the Board of Directors determines not to be in the best interests of its stockholders. The Charter Amendment I might also have the effect of discouraging an attempt by another person or entity, through the acquisition of a substantial number of shares of the Common Stock, to acquire control of the Company with a view to consummating a merger, sale of all or part of the Company's assets, or a similar transaction, since the issuance of new shares could be used to dilute the stock ownership of such person or entity.

THE AFFIRMATIVE VOTE OF A MAJORITY OF THE OUTSTANDING COMMON STOCK ENTITLED TO VOTE ON THIS PROPOSAL AT THE ANNUAL MEETING IS REQUIRED TO APPROVE AND RATIFY THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FROM 65,000,000 TO 150,000,000.

APPROVAL AND RATIFICATION OF AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO PROVIDE THAT HOLDERS OF THE COMPANY'S COMMON STOCK ARE NOT ENTITLED TO VOTE ON ANY AMENDMENT TO THE CERTIFICATE OF INCORPORATION (INCLUDING ANY PREFERRED STOCK CERTIFICATE OF DESIGNATION) THAT RELATES SOLELY TO THE TERMS OF ONE OR MORE OUTSTANDING SERIES OF OUR PREFERRED STOCK IF THE HOLDERS OF SUCH AFFECTED SERIES ARE ENTITLED TO VOTE ON SUCH AMENDMENT

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 3

The Certificate of Incorporation authorizes the Board of Directors, without the consent of the holders of Common Stock, to issue the authorized shares of Preferred Stock in one or more series and determine the number of shares constituting each such series, the voting powers of shares of each such series of Preferred Stock and the designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions. The resolution or resolutions of the Board of Directors setting forth such terms are filed as a certificate of designation for such series of Preferred Stock and once such certificate of designation is filed and becomes effective, it has the effect of amending the Company's Certificate of Incorporation.

From time to time, particularly in connection with future equity issuances by the Company, the Company is required to amend the terms of one or more series of outstanding Preferred Stock. Such an amendment requires the approval of the required percentage of the holders of Preferred Stock. Under the Delaware General Corporation Law, unless otherwise provided in the Company's Certificate of Incorporation, such amendments also require a vote of the holders of the Company's Common Stock, even though the approval of such holders was not required to create the series of Preferred Stock or determine the terms of such Preferred Stock.

The Company seeks to simplify the process through which amendments to its Certificate of Incorporation (including any Preferred Stock certificate of designation) that relate solely to the terms of outstanding Preferred Stock are effected. Accordingly, this proposed amendment to our Certificate of Incorporation (the "CHARTER AMENDMENT II") provides that holders of shares of our Common Stock are not entitled to vote on any amendment to the Certificate of Incorporation (including any Preferred Stock certificate of designation) that relates solely to the terms of one or more outstanding series of our Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote on such amendment pursuant to the Certificate of Incorporation or the Delaware General Corporation Law.

The Company believes that the proposed amendment would not adversely affect the rights of the holders of the Common Stock because, by virtue of the terms of the Certificate of Incorporation, the Company is not required to obtain the prior approval of the holders of the Common Stock in order to create any series of Preferred Stock or determine the terms of such Preferred Stock. Further, the Company does not believe that holders of Common Stock rely upon the right to vote in connection with amendments solely to a series of Preferred Stock when such holders of Common Stock did not have a right to vote in connection with the establishment of any of the terms as to which the Company may seek an amendment. Accordingly, the Company believes there are no potential negative consequences to the holders of the Common Stock as a result of Charter Amendment II, other than as currently permitted in connection with the authorization and issuance of any series of Preferred Stock. As in the case of a series of newly

created Preferred Stock, the amendment of the terms of an existing series of Preferred Stock may have a potential negative consequence upon the holders of the Common Stock, such as increases in liquidation preference, increases or other changes to mandatory dividend provisions, creation or modification of redemption rights under certain circumstances or the granting of special voting rights as to which the Company would be required to comply prior to the taking of certain actions.

The Company's Board of Directors, subject to stockholder approval, has adopted the Charter Amendment II which provides that holders of shares of our Common Stock are not entitled to vote on any amendment to the Certificate of Incorporation (including any Preferred Stock certificate of designation) that relates solely to the terms of one or more outstanding series of our Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote on such amendment pursuant to the Certificate of Incorporation or the Delaware General Corporation Law. If the Charter Amendment II is approved by Company's stockholders, an ARTICLE TENTH will be added to the Certificate of Incorporation and will read as follows:

TENTH. Each holder of Common Stock, as such, shall be entitled to one vote for each share of Common Stock held of record by such holder on all matters on which stockholders generally are entitled to vote; provided, however, that, except as otherwise required by law, holders of Common Stock, as such, shall not be entitled to vote on any amendment to this Certificate of Incorporation (including any Certificate of Designation relating to any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together with the holders of one or more other such series, to vote thereon pursuant to this Certificate of Incorporation (including any Certificate of Designation relating to any series of Preferred Stock) or pursuant to the General Corporation Law of the State of Delaware.

THE AFFIRMATIVE VOTE OF A MAJORITY OF THE OUTSTANDING COMMON STOCK ENTITLED TO VOTE ON THIS PROPOSAL AT THE ANNUAL MEETING IS REQUIRED TO APPROVE AND RATIFY THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO PROVIDE THAT HOLDERS OF COMMON STOCK ARE NOT ENTITLED TO VOTE ON ANY AMENDMENT TO THE CERTIFICATE OF INCORPORATION (INCLUDING ANY PREFERRED STOCK CERTIFICATE OF DESIGNATION) THAT RELATES SOLELY TO THE TERMS OF ONE OR MORE OUTSTANDING SERIES OF THE PREFERRED STOCK IF THE HOLDERS OF SUCH AFFECTED SERIES ARE ENTITLED TO VOTE ON SUCH AMENDMENT.

PROPOSAL 4

RATIFICATION OF AMENDMENTS MADE TO THE CERTIFICATE OF INCORPORATION WHICH RELATE SOLELY TO THE SERIES B PREFERRED STOCK WHICH WERE PREVIOUSLY APPROVED BY A MAJORITY OF THE HOLDERS OF THE SERIES B PREFERRED STOCK

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 4

The Company seeks to have the holders of the Common Stock ratify certain amendments made to the Certificate of Incorporation which relate solely to the Series B Preferred Stock which were previously approved by a majority of the holders of the Series B Preferred Stock.

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

On April 24, 2007, the Company filed with the Secretary of State of the State of Delaware (i) a Certificate of Designation of Preferences, Rights and Limitations of Series C Preferred Stock (the "SERIES C PREFERRED CERTIFICATE") under which 20,000 shares of our Series C Preferred Stock were authorized and created and (ii) an Amended Certificate of Designation of Preferences, Rights and Limitations of Series B Preferred Stock (the "AMENDED SERIES B PREFERRED CERTIFICATE") to change certain terms of the Series B Preferred Stock contained in the Certificate of Designation of Preferences, Rights and Limitations of the Series B Preferred Stock originally filed on March 15, 2006 (the "ORIGINAL SERIES B PREFERRED CERTIFICATE").

The amendments effected by the filing of the Amended Series B Preferred Certificate were as follows: (i) to permit the Series C Preferred Stock to rank PARI PASSU with the Series B Preferred Stock as to dividends, distributions and rights upon liquidation, (ii) to provide for voting upon certain matters by the holders of the Series B Preferred Stock and the Series C Preferred Stock as a single class of stock and (iii) to extend the date from March 15, 2008 to April 24, 2009 upon which the dividend rate (as a percentage of the stated value per share of Series B Preferred Stock) payable upon the Series B Preferred Stock were to increase from 8% to 15%.

The amendments of the Certificate of Incorporation, contained in the Amended Series B Certificate, were approved by the Board of Directors and holders of the requisite percentage of the Series B Preferred Stock. The transactions contemplated by the issuance of the Series C Preferred Stock were approved by the Board of Directors and a majority of the holders of the Common Stock at the Company's Annual Meeting of Stockholders on June 26, 2007. The amendment of the Original Series B Preferred Certificate was contemplated by the agreement governing the sale of the Series C Preferred Stock.

Under the Delaware General Corporation Law, the filing of the Amended Series B Preferred Certificate acts as an amendment to the Certificate of Incorporation. The Company requests that the holders of Common Stock ratify the amendment of the Certificate of Incorporation contained in the Amended Series B Preferred Certificate, effective as of April 24, 2007. All required approvals from the holders of Preferred Stock have been obtained.

THE AFFIRMATIVE VOTE OF A MAJORITY OF THE OUTSTANDING COMMON STOCK ENTITLED TO VOTE ON THIS PROPOSAL AT THE ANNUAL MEETING IS REQUIRED TO RATIFY CERTAIN AMENDMENTS MADE TO THE CERTIFICATE OF INCORPORATION WHICH RELATE SOLELY TO THE SERIES B PREFERRED STOCK WHICH WERE PREVIOUSLY APPROVED BY A MAJORITY OF THE HOLDERS OF THE SERIES B PREFERRED STOCK.

PROPOSAL 5 APPROVAL AND RATIFICATION OF AMENDMENT TO STOCK OPTION PLAN

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 5

Our 2004 Stock Option Plan (the "STOCK OPTION PLAN") permits us to grant both incentive stock options ("INCENTIVE STOCK OPTIONS" or "ISOS") within the meaning of Section 422 of the Internal Revenue Code (the "CODE"), and other options which do not qualify as Incentive Stock Options (the "NON-QUALIFIED OPTIONS") to employees, officers, Directors of and consultants to Elite.

Unless earlier terminated by the Board of Directors, the Stock Option Plan (but not outstanding options) terminates on March 1, 2014, after which no

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

further awards may be granted under the Stock Option Plan. The Stock Option Plan is administered by the full Board of Directors or, at the Board of Director's discretion, by a committee of the Board of Directors consisting of at least two persons who are "disinterested persons" defined under Rule 16b-2(c) (ii) under the Securities Exchange Act of 1934, as amended (the "COMMITTEE").

Recipients of options under the Stock Option Plan ("OPTIONEES") are selected by the Board of Directors or the Committee. The Board of Directors or Committee determines the terms of each option grant including (1) the purchase price of shares subject to options, (2) the dates on which options become exercisable and (3) the expiration date of each option (which may not exceed ten years from the date of grant). The minimum per share purchase price of options granted under the Stock Option Plan for Incentive Stock Options is the fair market value (as defined in the Stock Option Plan) or for Nonqualified Options is 85% of fair market value of one share of the Common Stock on the date the option is granted.

Optionees have no voting, dividend or other rights as stockholders with respect to shares of Common Stock covered by options prior to becoming the holders of record of such shares. The purchase price upon the exercise of options may be paid in cash, by certified bank or cashier's check, by tendering stock held by the Optionee, as well as by cashless exercise either through the surrender of other shares subject to the option or through a broker. The total number of shares of Common Stock available under the Stock Option Plan, and the number of shares and per share exercise price under outstanding options will be appropriately adjusted in the event of any stock dividend, reorganization, merger or recapitalization or similar corporate event. Subject to limitations set forth in the Stock Option Plan, the terms of option agreements will be determined by the Board of Directors or Committee, and need not be uniform among Optionees.

The Board of Directors may at any time terminate the Stock Option Plan or from time to time make such modifications or amendments to the Stock Option Plan as it may deem advisable and the Board of Directors or Committee may adjust, reduce, cancel and regrant an unexercised option if the fair market value declines below the exercise price except as may be required by any national stock exchange or national market association on which the Common Stock is then listed. In no event may the Board of Directors without the approval of stockholders, amend the Stock Option Plan to increase the maximum number of shares of Common Stock for which options may be granted under the Stock Option Plan or change the class of persons eligible to receive options under the Stock Option Plan.

FEDERAL INCOME TAX CONSEQUENCES. The following is a brief discussion of the Federal income tax consequences of transactions under the Stock Option Plan. This discussion is not intended to be exhaustive and does not describe state or local tax consequences.

INCENTIVE OPTIONS

No taxable income is realized by the Optionee upon the grant or exercise of an Incentive Option, except as noted below with respect to the alternative minimum tax. If Common Stock is issued to an Optionee pursuant to the exercise of an Incentive Option, and if no disqualifying disposition of such shares is made by such Optionee within two years after the date of grant or within one year after the transfer of such shares to such Optionee, then (1) upon sale of such shares, any amount realized in excess of the option price will be taxed to such Optionee as a long-term capital gain and any loss sustained will be a long-term capital loss, and (2) no deduction will be allowed to the Optionee's employer for Federal income tax purposes.

Except as noted below for corporate "insiders," if the Common Stock

acquired upon the

13

exercise of an Incentive Stock Option is disposed of prior to the expiration of either holding period described above, generally (1) the Optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares at exercise (or, if less, the amount realized on the disposition of such shares) over the option price paid for such shares and (2) the Optionee's employer will be entitled to deduct such amount for Federal income tax purposes if the amount represents an ordinary and necessary business expense. Any further gain (or loss) realized by the Optionee will be taxed as short-term or long-term capital gain (or loss), as the case may be, and will not result in any deduction by the employer.

Subject to certain exceptions for disability or death, if an Incentive Stock Option is exercised more than three months following termination of employment, the exercise of the Option will generally be taxed as the exercise of a Non-qualified Option.

For purposes of determining whether an Optionee is subject to any alternative minimum tax liability, an Optionee who exercises an Incentive Stock Option generally would be required to increase his or her alternative minimum taxable income, and compute the tax basis in the stock so acquired, in the same manner as if the Optionee had exercised a Non-qualified Option. Each Optionee is potentially subject to the alternative minimum tax. In substance, a taxpayer is required to pay the higher of his/her alternative minimum tax liability or his/her "regular" income tax liability. As a result, a taxpayer has to determine his potential liability under the alternative minimum tax.

NON-QUALIFIED OPTIONS

With respect to Non-qualified Options: (1) no income is realized by the Optionee at the time the Option is granted; (2) generally, at exercise, ordinary income is realized by the Optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares, if unrestricted, on the date of exercise, and the Optionee's employer is generally entitled to a tax deduction in the same amount subject to applicable tax withholding requirements; and (3) at sale, appreciation (or depreciation) after the date of exercise is treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Pursuant to Section 409A of the Internal Revenue Code (the "Code"), Non-qualified Options must be issued at fair market value at the time of the grant in order to achieve the federal tax consequences described above and to avoid substantial penalties.

COMPLIANCE WITH SECTION 409A OF THE CODE

To the extent that the Board of Directors or Committee determines that any option granted under the Stock Option Plan is subject to Section 409A of the Code, the award agreement evidencing such option shall incorporate the terms and conditions required by Section 409A. To the extent applicable, the Stock Option Plan and award agreements shall be interpreted in accordance with Section 409A. Notwithstanding any provision of the Stock Option Plan to the contrary, in the event that, following the effective date of this amendment to the Stock Option Plan, the Board of Directors or Committee determines that any option may be subject to Section 409A of the Code, the Board of Directors or Committee may adopt such amendments to the Stock Option Plan and the applicable award agreement or adopt other policies and procedures (including amendments, policies

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

and procedures with retroactive effect), or take any other actions that the Board of Directors or Committee determines are necessary or appropriate to (a) exempt

14

the option from Section 409A and/or preserve the intended tax treatment of the benefits provided with respect to the option or (b) comply with the requirements of Section 409A of the Code.

SPECIAL RULES APPLICABLE TO CORPORATE INSIDERS

As a result of the rules under Section 16(b) of the Exchange Act, "insiders" (as defined in the Securities Exchange Act of 1934), depending upon the particular exemption from the provisions of Section 16(b) utilized, may not receive the same tax treatment as set forth above with respect to the grant and/or exercise of options. Generally, insiders will not be subject to taxation until the expiration of any period during which they are subject to the liability provisions of Section 16(b) with respect to any particular option. Insiders should check with their own tax advisers to ascertain the appropriate tax treatment for any particular option.

BENEFITS. Inasmuch as awards to all participants under the Stock Option Plan will be granted at the sole discretion of the Board of Directors or Committee, such benefits under the Stock Option Plan are not determinable.

The Board of Directors, subject to stockholder approval, approved the increase of the number of shares of Common Stock reserved for issuance under the Stock Option Plan from 7,000,000 shares to 10,000,000 shares.

We believe the increase in the number of shares of Common Stock subject to the Stock Option Plan will enhance our efforts to attract and retain individuals with good ability to service the Company, motivate their efforts and serve the business interests of the Company, while reducing the cash payments which the Company would otherwise be required to make to accomplish such purposes.

THE AFFIRMATIVE VOTE OF A MAJORITY OF VOTES PROPERLY CAST ON THIS PROPOSAL AT THE ANNUAL MEETING IS REQUIRED TO APPROVE AND RATIFY THE AMENDMENT TO THE STOCK OPTION PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UNDER THE STOCK OPTION PLAN FROM 7,000,000 TO 10,000,000.

COMPENSATION DISCUSSION AND ANALYSIS

SUMMARY

Our approach to executive compensation, one of the most important and complex aspects of corporate governance, is influenced by our belief in rewarding people for consistently strong execution and performance. We believe that the ability to attract and retain qualified executive officers and other key employees is essential to our long-term success.

COMPENSATION LINKED TO ATTAINMENT OF PERFORMANCE GOALS

Our plan to obtain and retain highly skilled employees is to provide significant incentive compensation opportunities and market competitive salaries. The plan was intended to link individual employee objectives with overall company strategies and results, and to reward executive officers and significant employees for their individual contributions to those strategies and results. We use compensation and performance data from comparable companies in the pharmaceutical industry to establish market competitive compensation and performance standards for our employees. Furthermore, we believe that equity awards serve to align the interests of our executives with those of our stockholders. As such, equity is a key component of our compensation program.

ROLE OF THE COMPENSATION COMMITTEE AND ITS ADVISORS

The Company formed the Compensation Committee in June 2007. Since the formation of the Compensation Committee all elements of the executives' compensation are determined by the Compensation Committee, which is comprised solely of independent non-employee directors. However, the Compensation Committee's decisions concerning the compensation of the Company's Chief Executive Officer are subject to ratification by the independent directors of the Board of Directors. As of March 31, 2008, the members of the Compensation Committee were Barry Dash, Robert J. Levenson and Melvin Van Woert. The Committee operates pursuant to a charter included as Appendix A to this Proxy Statement. Under the Compensation Committee charter, the Compensation Committee has authority to retain compensation consultants, outside counsel, and other advisors that the committee deems appropriate, in its sole discretion, to assist it in discharging its duties, and to approve the terms of retention and fees to be paid to such consultants. In September, 2007, the Compensation Committee directly retained an independent compensation consultant, Pearl Meyer & Partners (PM&P), to assist the Committee in selecting a comparator group of companies for compensation purposes as well as benchmarking the chief executive officer's compensation.

The compensation consultant reported directly and exclusively to the Compensation Committee and received no other fees from the Company outside its role as advisor to the Compensation Committee. PM&P periodically interacted with the Company's Compensation Committee, predominately with its Chairman, Dr. Barry Dash to gather and review information related to the executive compensation

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

program, but such work is done only at the direction of the Compensation Committee. PM&P does not perform any services unrelated to executive and director compensation for the Company. Accordingly, the Compensation Committee considers PM&P to be independent from our management.

OUR EXECUTIVE COMPENSATION PROGRAM

OVERVIEW

The primary elements of our executive compensation program are base salary, incentive cash and stock bonus opportunities and equity incentives typically in the form of stock option

23

grants. Although we provide other types of compensation, these three elements are the principal means by which we provide the Named Executive Officers with compensation opportunities.

The emphasis on the annual bonus opportunity and equity compensation components of the executive compensation program reflect our belief that a large portion of an executive's compensation should be performance-based. This compensation is performance-based because payment is tied to the achievement of corporate performance goals. To the extent that performance goals are not achieved, executives will receive a lesser amount of total compensation. We have entered into employment agreements with four of our Named Executive Officers. Such employment agreements set forth base salaries, bonuses and stock option grants. Such stock option grants are predicated on our achievement of corporate performance goals as set forth in such agreements.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

BASE SALARY

We pay a base salary to certain of the Named Executive Officers. In general, base salaries for the Named Executive Officers are determined by evaluating the responsibilities of the executive's position, the executive's experience and the competitive marketplace. Base salary adjustments are considered and take into account changes in the executive's responsibilities, the executive's performance and changes in the competitive marketplace. We believe that the base salaries of the Named Executive Officers are appropriate within the context of the compensation elements provided to the executives and because they are at a level which remains competitive in the marketplace.

BONUSES

The Board of Directors may authorize us to give discretionary bonuses, payable in cash or shares of Common Stock, to the Named Executive Officers and other key employees. Such bonuses are designed to motivate the Named Executive Officers and other employees to achieve specified corporate, business unit and/or individual, strategic, operational and other performance objectives.

STOCK OPTIONS

Stock options constitute performance-based compensation because they have value to the recipient only if the price of our Common Stock increases. Stock options for each of the Named Executive Officers generally vest over time, obtainment of a corporate goal or a combination.

The grant of stock options at Elite is the centerpiece of our compensation program and is designed to motivate our Named Executive Officers to achieve our short-term and long-term corporate goals.

As the pharmaceutical industry is characterized by a long product development cycle, including a lengthy research and product-testing period and a rigorous approval phase involving human testing and governmental regulatory approval, many of the traditional benchmarking metrics for vesting, such as

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

product sales, revenues and profits are inappropriate for an early-stage pharmaceutical company such as Elite. We consider when determining vesting benchmarks the following which are aligned with our short-term and long-term corporate goals:

24

- o clinical trial progress;
- o achievement of regulatory milestones; and
- o establishment of key strategic relationships.

RETIREMENT AND DEFERRED COMPENSATION BENEFITS

We do not presently provide the Named Executive Officers with a defined benefit pension plan or any supplemental executive retirement plans, nor do we provide the Named Executive Officers with retiree health benefits. We have adopted a deferred compensation plan under Section 401(k) of the Code. The plan provides for employees to defer compensation on a pretax basis subject to certain limits, however, Elite does not provide a matching contribution to its participants.

The retirement and deferred compensation benefits provided to the Named Executive Officers are not material factors considered in making other compensation determinations with respect to Named Executive Officers.

PERQUISITES

As described in more detail below, the perquisites provided to certain of the Named Executive Officers consist of car and parking allowances and life insurance premiums. These perquisites represent a small fraction of the total compensation of each such Named Executive Officer. The value of the perquisites we provide are taxable to the Named Executive Officers and the incremental cost to us of providing these perquisites is reflected in the Summary Compensation Table. The Board of Directors believes that the perquisites provided are reasonable and appropriate. For more information on perquisites provided to the Named Executive Officers, please see the "All Other Compensation" column of the Summary Compensation Table on page 36 of this Proxy Statement and "Agreements with Named Executive Officers" below.

POST-TERMINATION/ CHANGE OF CONTROL COMPENSATION

In addition to retirement and deferred compensation benefits described above, we have arrangements with certain of the Named Executive Officers that may provide them with compensation following termination of employment. These arrangements are discussed below under "Agreements with Named Executive Officers".

TAX IMPLICATIONS OF EXECUTIVE COMPENSATION

Our aggregate deductions for each Named Executive Officer compensation are potentially limited by Section 162(m) of the Code to the extent the aggregate amount paid to an executive officer exceeds \$1.0 million, unless it is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exceptions specified in the Code. At our 2006 Named Executive Officer compensation levels, we did not believe that Section 162(m) of the Code would be applicable, and accordingly, we did not consider its impact in determining compensation levels for our Named Executive Officers in 2007.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS AND KEY EMPLOYEES

BERNARD BERK

On November 13, 2006, we entered into the Second Amended and Restated Employment Agreement with Mr. Berk, our president, chief executive officer and chairman of the Board of Directors (the "BERK AGREEMENT")

The Berk Agreement provides for a base annual salary of \$330,140 (his current salary) which may at the discretion of the Board of Directors be increased in light of factors including our existing financial condition and Mr. Berk's success in implementing our business plan and achieving our strategic alternatives. Mr. Berk is entitled to an automobile allowance of \$800 per month. The Berk Agreement provides for payment of a discretionary bonus following the end of each fiscal year of up to 50% of Mr. Berk's then annual base salary. The amount, if any, of the discretionary bonus will be determined by the Compensation Committee. Mr. Berk's bonus is to be based on any commercialization of products, merger or acquisition, business combination or collaborations, growth in revenues and earnings, additional financings or other strategic business transaction that inure to the benefit of our stockholders. The bonus, if any, may be paid in cash or shares of Common Stock, valued at the closing price of the Common Stock on the immediately preceding trading day. For the year ended March 31, 2008 Mr. Berk received \$165,070 bonus.

The Berk Agreement provides for the grant of options to purchase up to 300,000 additional shares (the "OPIOID PRODUCT OPTIONS") at a \$3.00 exercise price per share which are to vest in two 150,000 share tranches upon the closing of an exclusive product license for the United States national market, the entire European Union Market or the Japan market or a product sale transaction of all our ownership rights in the United States (only once for each product) for our first drug developed by us for which the United States Food and Drug Administration (the "FDA") approval will be sought under a NDA (including a 505(b) (2) application) for oxycodone, hydrocodone, hydromorphone, oxymorphone, or morphine ("NON-GENERIC OPIOID PRODUCT") as to the first tranche and as to our second Non-Generic Opioid Drug for the second tranche.

The Berk Agreement provides for the amendment of the vesting of options as to 400,000 shares which had been granted on September 2, 2005 to Mr. Berk at an exercise price of \$2.69 per share (the "BERK MILESTONE OPTIONS") with the Berk Milestone Options to vest (A) as to not more than 125,000 shares and 75,000 shares, respectively, upon the commencement of the first Phase III clinical trial relating to the first and then the second Non-Generic Opioid Drug developed by us; (B) 50,000 shares upon the closing of each product license or product sale transaction (on a product by product basis and only once for each product) other than Non-Generic Opioid Drugs for which options were granted above; (C) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or an NDA (including an application filed with the FDA under Section 505(b) (2) of the Federal, Food, Drug, and Cosmetic Act, 21 U.S.C. Section 301 et seq.) (collectively, a "NDA"), for a product not covered by a previous FDA application; (D) 40,000 shares upon the approval by the FDA of any ANDA or NDA (filed in our name) for a product not previously approved by the FDA; (E) 25,000 shares upon the filing of an application for a U.S. patent by us (in our name); and (F) 25,000 shares upon the granting by the U.S. Patent and Trademark Office (the "PTO") of a patent to us filed in our name or an approval of an ANDA or NDA; provided, however the foregoing options terminate upon Mr. Berk's termination of employment except that options under (D) and (F) nevertheless vest if the filing was made during the initial term but prior to

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

termination of Mr. Berk's employment by us without cause and the approval was made within 540 days of the filing of the ANDA, NDA or patent application.

26

We also agreed that in the event that, as to Mr. Berk, all of the options to purchase the full 400,000 Berk Milestone Options have fully vested during the initial term of the agreement, we will grant under the Stock Option Plan to Mr. Berk at the end of the first current fiscal year in which the following event occurs fully vested additional options to purchase the following shares at the fair market value on the date of grant (the "ADDITIONAL BERK MILESTONE OPTIONS"): (a) to the extent not previously vested with respect to his comparable Berk Milestone Options: (i) up to 125,000 shares upon the commencement of the first Phase III clinical trial relating to the first Non-Generic Opioid Drug developed by us; and (ii) up to an additional 125,000 shares as to such trial relating to the second Non-Generic Opioid Drug developed by us, (b) 50,000 shares upon the closing of each product license for the United States national market or product sale transaction of all ownership rights (on a product by product basis and only once for each product); (c) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or NDA for a product not covered by a previous FDA application for each drug product of us, other than the Non-Generic Opioid Drugs for which any Opioid Option was granted under the Berk Agreement; (d) 40,000 shares upon the approval by the FDA of any ANDA, NDA or 505(b)(2) application filed in our name for a product not previously approved by the FDA; (e) 25,000 shares in the event of the filing of an application of an additional U.S. patent by us (filed in our name); and (f) 25,000 shares in the event of the granting by the PTO of the foregoing additional patent applications to us (filed in our name).

The Berk Agreement acknowledges that Mr. Berk holds previously granted incentive stock options to purchase 725,000 shares, of which 300,000 vested options are exercisable at \$2.01 per share, 225,000 vested options are exercisable at \$2.15 per share and 200,000 vested options are exercisable at \$2.69 per share.

The Berk Agreement allows us at our discretion to grant to Mr. Berk additional options under the Stock Option Plan and provides Mr. Berk the right to register at our expense for reoffering shares issued upon exercise of the options under the Securities Act of 1933, as amended, in certain registration statements filed by us with respect to offerings of securities by us.

The Berk Agreement provides that if we terminate his employment due to his permanent disability, without Cause (as defined in the Berk Agreement) or Mr. Berk terminates his employment for Good Reason (as defined in the Berk Agreement), Mr. Berk shall be entitled to the following severance: (i) any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment, (ii) the then-current base salary and reimbursement of the cost to replace the life and disability insurance coverages afforded to Mr. Berk under our benefit plans with substantially similar coverages, following the effective date of termination of his employment, for a period equal to the greater of (x) the remainder of the then-current term, or (y) two years following the effective date of termination and (iii) payment by us of premiums for health insurance for the period during which Mr. Berk is entitled to continued health insurance coverage as specified in the Comprehensive Omnibus Budget Reconciliation Act. In the event that we terminate Mr. Berk's employment because of his permanent disability, Mr. Berk is to be entitled to the severance specified above, less any amounts actually received by him under any disability insurance coverage provided for and paid by us. In the event that we terminate Mr. Berk's employment for Cause or Mr. Berk terminates his employment with us without Good Reason, Mr. Berk shall be

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

entitled to any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment.

27

The Berk Agreement provides that in the event of a change of control in lieu of any severance that may otherwise be payable to Mr. Berk if he elects to terminate his employment for any reason within 90 days thereof, or we elect to terminate his employment within 180 days thereof, other than for Cause, Mr. Berk will be entitled to the following: (i) any earned but unpaid base salary plus any unpaid reimbursable expenses as of the effective date of termination of his employment, (ii) \$1,000,000, (iii) the then-current base salary for a period of 12 months following the effective date of termination, (iv) reimbursement of the cost, for a period of 12 months following the effective date of termination, of replacing the life and disability insurance coverage afforded to Mr. Berk under our benefit plans with substantially similar coverage and (v) payment by us of premiums for health insurance for the period during which Mr. Berk is entitled to continued health insurance coverage as specified in the Comprehensive Omnibus Budget Reconciliation Act.

The Berk Agreement contains his non-solicitation covenant for a period of one year from termination.

Mr. Berk is entitled to participate in such employee benefit and welfare plans and programs which may be offered to our senior executives, including life insurance, health and accident insurance, medical plans and programs and profit sharing and retirement plans.

The Berk Agreement is for an initial term ending November 13, 2009, subject to automatic one-year renewals unless terminated by Mr. Berk or us upon at least 60 days notice prior to the end of the then scheduled expiration date. We have the right to terminate Mr. Berk's employment in the event of his inability to perform work due to physical or mental illness or injury for nine full calendar months during any eight consecutive calendar months.

28

The Dick Agreement provides for the grant under the Stock Option Plan of fully-vested options to purchase 250,000 shares of Common Stock at an exercise price of \$2.25 per share. The Dick Agreement also provides for the grant of options to purchase up to 300,000 shares of Common Stock, at an exercise price of \$2.25 per share, which vest in two 150,000 share tranches upon the closing of an exclusive product license for the United States national market, the entire European Union Market or the Japan market or a product sale transaction of all our ownership rights in the United States (only once for each product) for our first drug developed by us for which the FDA approval will be sought under a NDA (including a 505(b) (2) application) for a Non-Generic Opioid Product as to the first tranche and as to our second Non-Generic Opioid Drug for the second tranche.

The Dick Agreement also provides for the grant of options to purchase up to 200,000 shares of Common Stock at an exercise price of \$2.25 per share (the "DICK MILESTONE OPTIONS") with the Dick Milestone Options to vest (A) as to not more than 125,000 shares and 75,000 shares, respectively, upon the commencement of the first Phase III clinical trial relating to the first and then the second Non-Generic Opioid Drug developed by us; (B) 50,000 shares upon the closing of each product license or product sale transaction (on a product by product basis and only once for each product) other than Non-Generic Opioid Drugs for which options were granted above; (C) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or an NDA, for a product not covered by a previous FDA application; (D) 40,000 shares upon the approval by the FDA of any ANDA or NDA (filed in our name) for a product not previously approved by the FDA; (E) 25,000 shares upon the filing of an application for a U.S. patent by us (in our name); and (F) 25,000 shares upon the granting by the PTO of a patent to us filed in our name or an approval of an ANDA or NDA; provided, however, that the foregoing options terminate upon the executive's termination of employment except that options under (D) and (F) nevertheless vest if the filing was made during the initial term but prior to termination of Mr. Dick's employment by us without cause and the approval was made within 540 days of the filing of the ANDA, NDA or patent application.

We also agreed that if all 200,000 Dick Milestone Options have fully vested during the initial term of the Dick Agreement, we will grant under the Stock Option Plan to Mr. Dick at the end of the first current fiscal year in which the following event occurs fully vested additional options to purchase the following shares at the fair market value on the date of grant (the "ADDITIONAL DICK MILESTONE OPTIONS"): (a) to the extent not previously vested with respect to his comparable Dick Milestone Options: (i) up to 125,000 shares upon the commencement of the first Phase III clinical trial relating to the first Non-Generic Opioid Drug developed by us; and (ii) up to an additional 125,000 shares as to such trial relating to the second Non-Generic Opioid Drug developed by us, (b) 50,000 shares upon the closing of each product license for the United States national market or product sale transaction of all ownership rights (on a product by product basis and only once for each product); (c) 10,000 shares upon the filing by us (in our name) with the FDA of either an ANDA or NDA for a product not covered by a previous FDA application for each drug product of us, other than the Non-Generic Opioid Drugs for which any Opioid Option was granted under the Dick Agreement; (d) 40,000 shares upon the approval by the FDA of any ANDA, NDA or 505(b) (2) application filed in our name for a product not previously approved by the FDA; (e) 25,000 shares in the event of the filing of an application of an additional U.S. patent by us (filed in our name); and (f)

Edgar Filing: ELITE PHARMACEUTICALS INC /DE/ - Form DEF 14A

The Dick Agreement allows us at our discretion to grant to Mr. Dick additional options under the Stock Option Plan and provides Mr. Dick the right to register at our expense for

29

reoffering shares issued upon exercise of the options under the Securities Act of 1933, as amended, in certain registration statements filed by us with respect to offerings of securities by us.
