PROXY STATEMENT

NEW JERSEY RESOURCES CORPORATION
1415 Wyckoff Road
Wall, New Jersey 07719

ANNUAL MEETING OF SHAREHOLDERS **JANUARY 21, 2015**

This Proxy Statement sets forth certain information with respect to the accompanying proxy to be used at the Annual Meeting of Shareholders (the Meeting) of New Jersey Resources Corporation, or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting. The Board of Directors (the Board) has designated Eagle Oaks Golf & Country Club, 20 Shore Oaks Drive, Farmingdale, NJ 07727, as the place of the Meeting. The Meeting will be called to order at 9:30 a.m., Eastern Standard Time, on Wednesday, January 21, 2015. The Board solicits this proxy and urges you to vote immediately. Unless the context otherwise indicates, reference to New Jersey Resources, NJR, we, us, our or the Company means New Jersey Resources Corporation.

The Board is making these materials available to you on the Internet or, upon your request, delivering printed versions of these materials to you by mail. On or about December 11, 2014, we will mail a notice to shareholders containing instructions on how to access the Proxy Statement and Annual Report and how to vote.

QUESTIONS AND ANSWERS ABOUT THE MEETING

1. Who is asking for my vote and why am I receiving this document?

The Board asks that you vote on the matters listed in the Notice of Annual Meeting, which are more fully described in this Proxy Statement. We are providing this Proxy Statement and related proxy card to our shareholders in connection with the solicitation by the Board of proxies to be voted at the Meeting. A proxy, if duly executed and not revoked, will be voted and, if it contains any specific instructions, will be voted in accordance with those instructions.

2. Who is entitled to vote?

Only holders of record of outstanding shares of our common stock (the Common Stock) at the close of business on November 25, 2014, are entitled to notice of and to vote at the Meeting. At the close of business on November 25, 2014, there were 42,249,211 outstanding shares of Common Stock. Each share of Common Stock is entitled to one vote.

3. What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. If you designate someone as your proxy or proxy holder in a written document, that document is called a proxy or a proxy card. Mr. Laurence M. Downes and Ms. Rhonda M. Figueroa have been designated as proxies or proxy holders for the Meeting. Proxies properly executed and received by our Corporate Secretary prior to the Meeting, and not revoked will be voted in accordance with the terms thereof.

4. What is a voting instruction?

A voting instruction is the instruction form you receive from your bank, broker or its nominee if you hold your shares of Common Stock in street name. The instruction form instructs you how to direct your bank, broker or its nominee, as record holder, to vote your shares of Common Stock.

5. What am I voting on?

You will be voting on each of the following items of business:

The election as directors of four nominees to the Board of Directors for terms expiring in 2018

The approval of a non-binding advisory resolution approving the compensation of our named executive officers

The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2015

Any other business that may properly come before the Meeting or any adjournments or postponements thereof

6. How many votes must be present to hold the Meeting?

A majority of the outstanding shares of Common Stock as of the record date must be present in person or represented by proxy at the meeting. This is referred to as a quorum. Abstentions, withheld votes and shares of record held by a broker or its nominee (broker shares) that are voted on any matter are included in determining the existence of a quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

7. What vote is needed to elect the four directors?

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock voted in the election of directors. In addition, the Company's Corporate Governance Guidelines provide that any nominee for director in an uncontested election who receives a greater number of shareholder votes withheld from his or her election than votes for his or her election must promptly tender his or her resignation to the Board. For more details regarding the director resignation policy, please see Election of Directors on page 9.

8. What vote is needed to approve the non-binding advisory resolution approving the compensation of our named executive officers?

The approval of the non-binding advisory resolution regarding the compensation of our named executive officers requires that the votes cast in favor of the proposal exceed the number of votes cast against the proposal.

9. What vote is needed to ratify the appointment by the Audit Committee of Deloitte & Touche LLP?

The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

10. What are the voting recommendations of the Board?

For the reasons set forth in detail later in this Proxy Statement, THE BOARD RECOMMENDS THAT YOU VOTE:

FOR THE
PROPOSED
NOMINEES FOR
THE BOARD;
FOR THE
NON-BINDING
ADVISORY
RESOLUTION
REGARDING
APPROVAL OF
THE
COMPENSATION
OF OUR NAMED
EXECUTIVE
OFFICERS;
FOR THE
RATIFICATION OF
THE
APPOINTMENT
BY THE AUDIT
COMMITTEE OF
DELOITTE &
TOUCHE LLP.

11. How do I vote?

Registered shareholders (shareholders who hold Common Stock in certificated form as opposed to through a bank, broker or other nominee) or employees who hold Common Stock through our NJR Employees Retirement

Savings Plan (our 401(k) Plan) may vote in person at the Meeting or by proxy. There are three ways for registered shareholders and employees who own Common Stock through our 401(k) Plan to vote by proxy:
By mail: If you received your proxy materials by mail, complete, properly sign, date and mail the enclosed proxy card or voting instruction.

By Internet: Connect to the Internet at <http://www.proxyvote.com> and follow the instructions included on the proxy card or voting instruction.

By telephone: Call **1-800-690-6903** and follow the instructions included on the proxy card or voting instruction.

Registered shareholders and participants in our 401(k) and any other plans holding shares of Common Stock are urged to deliver proxies or voting instructions by calling the toll-free telephone number, by using the Internet or by completing and mailing the proxy card or voting instruction. The telephone and Internet voting procedures are designed to authenticate shareholders and plan participants identities, to allow shareholders and plan participants to give their proxies or voting instructions and to confirm that such instructions have been properly recorded.

Instructions for voting by telephone or over the Internet are included on the enclosed proxy card or voting instruction. If you received your proxy materials via mail, registered shareholders and plan participants may send their proxies or voting instructions by completing, signing and dating the enclosed proxy card or voting instruction and returning it as promptly as possible in the enclosed prepaid envelope.

Shareholders who hold Common Stock through banks, brokers or other nominees (street name shareholders) who wish to vote at the Meeting should receive voting instructions from the institution that holds their shares. Please contact the institution that holds your shares if you have not received voting instructions. Street name shareholders may also be eligible to vote their shares electronically by following the voting instructions provided by the bank, broker or other nominee that holds the shares, using either the toll-free telephone number

or the Internet address provided on the voting instruction; or by completing, dating and signing the voting instruction and returning it promptly in the enclosed prepaid envelope.

The deadline for voting via the Internet or telephone is 11:59 p.m., Eastern Standard Time, on January 20, 2015.

12. Can I attend the Meeting?

Yes. The Meeting is open to all holders of our Common Stock as of the record date, November 25, 2014. You may attend the Meeting and vote in person. However, even if you plan to attend the Meeting, we encourage you to vote your shares by proxy. Cameras, recording devices and other electronic devices are not permitted at the Meeting.

13. How will my shares be voted if I sign, date and return my proxy card or voting instruction card, but do not provide complete voting instructions with respect to each proposal?

Shareholders should specify their vote for each matter on the enclosed proxy. The proxies solicited by this Proxy Statement vest in the proxy holders' voting rights with respect to the election of directors (unless the shareholder marks the proxy to withhold that authority) and on all other matters voted upon at the Meeting. Unless otherwise directed in the enclosed proxy card, the persons named as proxies therein will vote all properly executed, returned and not-revoked proxy cards or voting instruction cards (1) **FOR** the election of the four director nominees listed thereon; (2) **FOR** the non-binding proposal regarding approval of the compensation of the Company's named executive officers; and (3) **FOR** the proposal to ratify the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2015, with the following two exceptions:

Shares of Common Stock held in our 401(k) Plan for which no direction is provided on a properly executed, returned and not revoked voting instruction card will be voted proportionately in the same manner as those shares held in our 401(k) Plan for which timely and valid voting instructions are received with respect to such proposals. Shares of Common Stock held in our 401(k) Plan for which timely and valid voting instructions are not received will be considered to have been designated to be voted by the trustee in accordance with the recommendation of the Company's management.

As to any other business that may properly come before the Meeting, the persons named in the enclosed proxy card or voting instruction will vote the shares of Common Stock represented by the proxy in the manner as the Board may recommend, or otherwise at the proxy holders' discretion. The Board does not presently know of any other such business.

14. How will my shares be voted if I do not return my proxy card or my voting instruction?

It will depend on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, your unvoted shares will not be represented at the Meeting and will not count toward the quorum requirement, as explained under *6. How many votes must be present to hold the Meeting?* on page 2, unless you attend the Meeting to vote them in person.

If you own your shares of Common Stock in street name, which means that your shares are registered in the name of your bank, broker or its nominee, your shares may be voted even if you do not provide your bank, broker or other nominee with voting instructions. Under the rules of the New York Stock Exchange (NYSE) your bank, broker or other nominee may vote your shares in its discretion on routine matters. However, NYSE rules do not permit your bank, broker or other nominee to vote your shares on proposals that are not considered routine. When a proposal is not a routine matter and your bank, broker or other nominee has not received your voting instructions with respect to such proposal, your bank, broker or other nominee cannot vote your shares on that proposal. It is called a "broker non-vote" when a bank, broker or other nominee does not cast a vote for a routine or a non-routine matter.

Please note in the absence of your specific instructions as to how to vote, your bank, broker or other nominee may not vote your shares with respect to (1) the election of the four nominees for director, or (2) the non-binding proposal regarding the approval of the compensation of our named executive officers. Under NYSE rules, these matters are not considered routine matters. Based on NYSE rules, we believe that the ratification of

the appointment by the Audit Committee of Deloitte & Touche LLP is a routine matter for which brokerage firms may vote on behalf of their clients if no voting

instructions are provided. Therefore, if you are a shareholder whose shares of Common Stock are held in street name with a bank, broker or other nominee and you do not return your voting instruction card, your bank, broker or other nominee may vote your shares **FOR** the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm. **Please return your proxy card so your vote can be counted.**

15. How are abstentions and broker non-votes counted?

Only votes cast for or against are included in determining the votes cast with respect to any matter presented for consideration at the Meeting. As described above, when brokers do not have discretion to vote or do not exercise such discretion, the inability or failure to vote is referred to as a broker non-vote. Proxies marked as abstaining, and any proxies returned by brokers as non-votes on behalf of shares held in street name because beneficial owners' discretion has been withheld as to one or more matters to be acted upon at the Meeting, will be treated as present for purposes of determining whether a quorum is present at the Meeting. Broker non-votes and withheld votes will not be included in the vote total for the proposal to elect the nominees for director and will not affect the outcome of the vote for the proposal. In addition, under New Jersey corporation law, abstentions are not counted as votes cast on a proposal. Therefore, abstentions and broker non-votes will not count either in favor of or against (1) the non-binding proposal regarding the vote of the compensation of our named executive officers or (2) the ratification of the appointment of Deloitte & Touche LLP.

16. What if I change my mind after I vote?

Whether you vote by telephone, Internet or by mail, you may change or revoke your proxy at any time before it is exercised by (i) submitting a properly signed proxy with a later date, (ii) voting by telephone or the Internet at a later time, or (iii) voting in person at the Meeting. See the enclosed proxy card for instructions. Attendance at the Meeting will not by itself revoke a previously granted proxy.

If you are a shareholder whose stock is held in street name with a bank, broker or other nominee, you must follow the instructions found on the voting instruction card provided by the bank, broker or other nominee, or contact your bank, broker or other nominee to change or revoke your previously given proxy.

17. Who pays the cost of proxy solicitation?

NJR will pay all expenses of soliciting proxies, including clerical work, printing and postage. Our officers and other employees may personally solicit proxies or solicit proxies by mail, telephone, facsimile or Internet, but we will not provide compensation for such solicitations. In addition, we have agreed to pay Eagle Rock Proxy Advisors a fee of approximately \$5,500, plus reasonable expenses, for proxy solicitation services. We will also reimburse banks, brokers and other persons holding shares in their names or in the names of nominees for expenses incurred sending material to beneficial owners and obtaining proxies from beneficial owners.

18. Could other matters be decided in the Meeting?

The Board does not know of any other business that may be brought before the Meeting. However, if any other matters should properly come before the Meeting or at any adjournment or postponement thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

19. How do I make a shareholder proposal for the 2016 Annual Meeting of Shareholders?

We must receive proposals from shareholders intended to be presented at the 2016 Annual Meeting of Shareholders, on or before August 14, 2015, to be considered for inclusion in our Proxy Statement and form of proxy/voting instruction card for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (Exchange Act), and for consideration at that meeting. Shareholders submitting such proposals are required to be the beneficial owners of shares of the Common Stock amounting to at least \$2,000 in market value and to have held such shares for at least one year prior to the date of submission.

Our By-Laws also set forth the procedures a shareholder must follow to nominate directors or to bring other business before shareholder meetings. For a shareholder to nominate a candidate for director at the 2016 Annual Meeting of Shareholders, we must receive notice of the nomination no later than November 9, 2015. The notice must describe various matters regarding the nominee, including name, address, occupation and shares held. (See INFORMATION ABOUT THE BOARD'S COMMITTEES Nominating/Corporate Governance Committee on

page 20 for more information regarding the director nomination

process.) Additionally, under our By-Laws, for a shareholder to bring other matters before the 2016 Annual Meeting of Shareholders, we must receive notice no later than November 9, 2015. The notice must include a description of the proposed business, the reasons therefore and other matters specified in our By-Laws. In each case, the notice must be timely given to our Corporate Secretary, whose address is Office of the Corporate Secretary, 1415 Wyckoff Road, Wall, New Jersey 07719. A copy of the By-Laws is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

ELECTION OF DIRECTORS

[Item (1) on proxy card]

Item 1

The Board currently consists of 11 members divided into three classes with overlapping three-year terms. Four individuals have been nominated for election as directors at the Meeting. Donald L. Correll, Rev. M. William Howard, J. Terry Strange and George R. Zoffinger would each serve for a three-year term expiring in 2018 and until their respective successors are elected and have been qualified. Each of the nominees is currently serving as a director of the Company and has been previously elected by our shareholders. There were no nominee recommendations from shareholders or from any group of shareholders submitted in accordance with our By-Laws. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all nominees for election as directors.

Under New Jersey law, directors are elected by a plurality of the votes cast at an election. The Company's Corporate Governance Guidelines provide, however, that any nominee for director in an uncontested election who receives a greater number of shareholder votes withheld from his or her election than votes for his or her election must promptly tender his or her resignation to the Board for consideration. The Nominating/Corporate Governance Committee will then evaluate the best interests of the Company and will recommend to the Board whether to accept or reject the tendered resignation. Following the Board's determination, the Company will disclose the Board's decision of whether to accept the resignation and an explanation of how the decision was reached.

Proxies solicited by the Board will be voted in favor of the nominees listed below, unless otherwise specified in the proxy. All of the nominees proposed by the Board have consented to serve if elected. We know of no reason why the nominees would not be available for election or, if elected, would be unable to serve. While we do not anticipate that any of the nominees will be unable to serve, if any should be unable to serve, the proxy holders reserve the right to substitute any other person approved by the Board.

Set forth below is information for each nominee and director concerning the age, principal occupation, employment and directorships during the past five years, positions with the Company, the year in which he or she first became a director of the Company and his or her term of office as a director. Also set forth below is a brief discussion of the specific experience, qualifications, attributes or skills that led to the Board's conclusion that, in light of our business and structure, each nominee and director should serve as a director as of the date of this Proxy Statement.

INFORMATION ABOUT THE BOARD

General

Our business and affairs are managed under the direction of the Board in accordance with the New Jersey Business Corporation Act and our Certificate of Incorporation and By-Laws. Members of the Board are kept informed of our business through discussions with the Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. The corporate governance practices we follow are summarized below.

Board Meetings and Attendance at Annual Meeting of Shareholders

During fiscal year 2014, there were 13 meetings of the Board. Each director other than Mr. Codey attended more than 75 percent of the combined meetings of the Board and the committees on which she or he served during the year. Mr. Codey missed more than 25 percent of our Board meetings, due to illness, but has attended the last six Board meetings since returning. We encourage all directors to attend our annual shareholders' meeting. All of the directors serving at the time of the 2014 Annual Meeting of Shareholders held in January 2014, with the exception of Mr. Codey who was ill, attended that meeting.

Board Standards of Independence

The Board sets our independence standards (Company Independence Guidelines) in our corporate governance guidelines (the Corporate Governance Guidelines). The director independence standards, as set forth in the Company Independence Guidelines, provide that a majority of the Board must be independent under the independence standards established by the Corporate Governance Guidelines, the NYSE and the SEC as in effect from time to time. For a Board member or candidate for election to the Board to qualify as independent, the Board must determine that the person and his or her immediate family members do not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) or any of our affiliates. Under the categorical standards adopted by the Board, a member of the Board is not independent if:

The director is, or has been within the last three years, our employee, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

The director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(i) The director is a current partner or employee of a firm that is our internal or external auditor; (ii) the director has an immediate family member who is a current partner of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and personally works on our audit; or (iv) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on our audit within that time;

The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or two percent, of such other company's consolidated gross revenues.

The Board will also consider a director's charitable relationships. Contributions to tax-exempt organizations are not considered payments for purposes of the test in the final bullet point above, provided that we are required to disclose in our annual proxy statement any such contributions made by us to any tax-exempt organization in which any independent director serves as an executive officer if, within the preceding three years, contributions in any single fiscal year from us to the organization exceeded the greater of \$1 million, or two percent, of such tax-exempt organization's consolidated gross revenues.

For purposes of the above independence standards, an immediate family member includes a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than domestic employees) who shares such person's home. When applying the look-back provisions set forth above, the Board need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

A Board member may sit on the board of any of our affiliates if, except for being a director on each such board of directors, the member otherwise meets the independence requirements for each such entity, including the receipt of only ordinary-course compensation for serving as a member of the board of directors. Each member of the Board must submit a letter of resignation to the Chairman of the Board when the member changes his or her principal occupation or employment, or leaves or retires from the business with which such occupation or employment was carried out. The letter will be submitted to the Nominating/Corporate Governance Committee who will make a recommendation to the Board regarding such director's continued service on the Board. The Board will then determine whether to accept such resignation.

With the exception of Mr. Downes, the Chairman of the Board and Chief Executive Officer, the Board has affirmatively determined that each member of the Board is independent in accordance with the above standards. Additionally, we made no contributions during fiscal year 2014 to any charitable organization in which an independent director serves as an executive officer in any single fiscal year within the preceding three fiscal years in an amount in excess of the greater of \$1 million, or two percent, of the charitable organization's consolidated gross revenues.

The Company Independence Guidelines are described in the Corporate Governance Guidelines and are available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Communications with the Board

Any shareholder or interested party wishing to communicate with the Lead Director, the non-management directors, any Board committee or specified individual director on an anonymous basis may do so by calling Ethicspoint, Inc., an unaffiliated toll-free hotline service, at 1-866-384-4277 or by submitting a report via its secure web site at <http://www.ethicspoint.com>. Ethicspoint, Inc. will then notify the Lead Director or another designated representative of the non-management directors. The Lead Director and his duly authorized agents are responsible for collecting and organizing shareholder communications. Absent a conflict of interest, the Lead Director is responsible for evaluating the materiality of each shareholder communication and determining whether further distribution is appropriate, and, if so, whether to the full Board, one or more committee members, one or more Board members and/or other individuals or entities. In addition, any shareholder can communicate in writing to such directors by mailing communications to them c/o New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719, Attention: Lead Director, Lawrence R. Codey.

Board Leadership Structure and Role in Risk Oversight

Board Leadership Structure. As provided in the Corporate Governance Guidelines, the Board does not have a policy on whether the role of the Chief Executive Officer and Chairman of the Board should be separate or, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. We currently operate with one individual, Mr. Downes, serving as Chairman of the Board, President and Chief Executive Officer. The Board elected Mr. Downes as President and Chief Executive Officer in July 1995 and Chairman of the Board in September 1996. Prior to his election as our President and Chief Executive Officer, Mr. Downes served as our Senior

Vice President and Chief Financial Officer. The Board believes that because Mr. Downes has unique and extensive experience and understanding of our business, as well as more than 19 years of experience serving on our Board, he is well situated to lead and execute strategy and business plans to maximize shareholder value. The Board believes that combining the Chairman of the Board and Chief Executive Officer positions is the right corporate governance structure for us at this time because it most effectively utilizes Mr. Downes' extensive experience and knowledge regarding the Company, by allowing him to lead Board discussions regarding our business and strategy and providing us with unified leadership.

To ensure that the independent directors play a leading role in our current leadership structure, the Board established the position of Lead Director in the Corporate Governance Guidelines in 2003. Mr. Codey currently serves as our Lead Director. In addition to maintaining a significant majority of independent directors (Mr. Downes is the only non-independent director) and independent Board committees, the Board enhanced our corporate governance practices by expanding the description of responsibilities of the Lead Director in our Corporate Governance Guidelines in fiscal year 2010. In this role as Lead Director, Mr. Codey is in frequent contact with the Chairman of the Board and Chief Executive Officer and is regularly consulted on material matters. The Lead Director is elected by the independent directors and ensures that the Board operates independently of management and directors and shareholders have an independent leadership contact. During Mr. Codey's absence due to illness, Mr. Koeppe, Lead Director of the NJNG Board, filled the role of Lead Director of the NJR Board.

The Lead Director, who must satisfy our independence standards, has the following specific roles and responsibilities:

- Ensures that the Board and its committees function independently of our management
- Chairs Board meetings when the Chairman is not present or when there is a potential conflict
- Confers with the Chairman to develop the agenda for the Board meetings and schedules for the Board and committee meetings
- Provides advice and counsel to the Chairman on Board meeting schedules to assure there is sufficient time for all agenda items
- Calls meetings and sets agendas for executive sessions of the independent directors
- Evaluates and oversees with the Chairman, the quality, quantity and timeliness of the information submitted by management to the independent directors
- Acts as a liaison between the independent directors and the Chairman and senior management
- Confers with the Nominating/Corporate Governance Committee Chair and the Chairman as to the membership of the various committees and committee chairs
- Coordinates with the Nominating/Corporate Governance Committee Chair and the Chairman in the performance evaluation of the Board and its committees
- Coordinates with the Nominating/Corporate Governance Committee Chair in the performance evaluation of the Chairman
- Is available for consultation and direct communication, under appropriate circumstances, if requested by major shareholders
- Retains advisors and consultants at the request of the independent directors
- Performs such other duties and responsibilities as may be delegated to the Lead Director by the Board from time to time

The Board also has four standing Committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each committee has a separate chairperson and each committee, other than the Executive Committee, is composed solely of independent directors.

Given our current circumstances and operating strategies, we believe having a combined Chairman of the Board and Chief Executive Officer, as well as having a Lead Director and independent standing Board committees, is the most appropriate structure for our shareholders and us. We believe this structure demonstrates clear leadership to our employees, shareholders and other interested parties and eliminates potential for redundancies and confusion. The Lead Director protects the role of the independent directors by providing leadership to the independent directors and working closely with the Chairman of the Board and Chief Executive Officer.

As part of the Board's annual assessment process, the Board evaluates our board leadership structure to ensure that it remains appropriate. The Board recognizes that there may be circumstances in the future that would lead it to separate

the roles of Chief Executive Officer and Chairman of the Board, but believes that the absence of

a policy requiring either the separation or combination of the roles of Chairman and Chief Executive Officer provides the Board with the flexibility to determine the best leadership structure.

Board's Role in Risk Oversight. The Board is responsible for our risk oversight. Management is responsible for our risk management, including providing oversight and monitoring to ensure our policies are carried out and processes are executed in accordance with our performance goals and risk tolerance. Our management team holds regular meetings that identify, discuss and assess financial risk from current macro-economic, industry and company perspectives. In carrying out its risk oversight function, the Board has four standing committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each committee is responsible for risk oversight within such committee's area of responsibility and regularly reports to the Board. Each of the committee's charters, other than the Executive Committee charter, reflects such responsibilities. Additionally, the boards of directors of our principal subsidiaries are comprised largely of non-management directors.

The Audit Committee charter provides that the Audit Committee is responsible for discussing with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies. As part of its regular reporting process, management reports and reviews with the Audit Committee our material risks, including, but not limited to, proposed risk factors and other public disclosures, mitigation strategies and our internal controls over financial reporting. The Audit Committee also engages in regular periodic discussions with the Chief Financial Officer and other members of management regarding risks as appropriate. Our internal Risk Management Committee (RMC) was established by the Audit Committee to develop, implement and enforce risk management procedures for NJRES, NJNG and NJRCEV and continuously monitors our credit risk management, risks related to trading positions, and trading risk policies and procedures applicable to those entities. The RMC is comprised of individuals from our affiliated companies that meet approximately twice a month and provides periodic reports to the Audit Committee. The RMC's duties include, but are not limited to, evaluating the effectiveness of existing credit policies and procedures, reviewing material transactions and discussing emerging issues.

In addition to the Audit Committee, each Board committee considers risks within its area of responsibility. The Leadership Development and Compensation Committee considers succession planning, human resources risks and risks that may result from our executive compensation programs. In addition, the Nominating/Corporate Governance Committee considers corporate governance risks. Each committee regularly reports to the Board. Moreover, the Board reviews and oversees our various financial policies, financing programs, capital and operating plans, benefit plan management and certain risk management policies.

Our several subsidiary boards of directors, which are comprised largely of non-management directors enhance our operational risk oversight. The board of directors of NJNG provides operational and financial risk oversight to that subsidiary, while the boards of directors of NJRES, NJR Energy Investments Corporation, NJR Clean Energy Ventures Corporation and NJR Clean Energy Ventures II Corporation jointly meet periodically and discuss the operational and financial risks of those subsidiaries.

We believe the current leadership structure of the Board supports the risk oversight functions described above by providing independent leadership at the committee and subsidiary board level, with ultimate oversight by the full Board as led by the Chairman of the Board and Chief Executive Officer and the Lead Director.

Code of Business Conduct and Ethics

The Board has adopted the Code of Conduct, a code for all directors, officers and employees, as required by the NYSE rules, which also satisfies the requirements of Sarbanes-Oxley Act of 2002 and the rules promulgated

thereunder by the SEC with respect to our principal executive officer and senior financial officers; and a Wholesale Trading Code of Conduct, a code applicable to all officers and any employees and agents directly or indirectly involved in the submission of offers or bids to buy or sell natural gas or pipeline or storage capacity (collectively, the Codes). The Codes form the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct and the high integrity level of our employees. The Codes cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business. Copies of the Codes are available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy of each Code is available free

of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that set forth the practices of the Board with respect to the qualification, selection and election of directors, director orientation and continuing education, director responsibilities, Board composition and performance, director access to management and independent advisors, director compensation and share ownership guidelines, management evaluation and succession, policies regarding the Lead Director, meetings of the non-management directors, the policy on communicating with the non-management directors and various other issues. A copy of our Corporate Governance Guidelines is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Audit Committee

The Audit Committee operates under a written charter adopted by the Board that is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

The Board has determined that each member of the Audit Committee is independent within the meaning of the enhanced independence standards for audit committee members in the Securities Exchange Act of 1934, as amended, and the rules thereunder, as incorporated into the listing standards of the NYSE, and the independence standards of our Corporate Governance Guidelines as discussed above under INFORMATION ABOUT THE BOARD Board Standards of Independence on page 14. The Board has further determined that each of the members of the Audit Committee is financially literate and that, as required by the NYSE listing standards, at least one member of the Committee has accounting or related financial management expertise, as such terms are interpreted by the Board in its business judgment. The Board has also determined that each of the members of the

Audit Committee is an audit committee financial expert, as such term is defined in the rules promulgated by the SEC under the Sarbanes-Oxley Act of 2002.

Under the corporate governance requirements of the NYSE listing standards, if an audit committee member simultaneously serves on the audit committee of more than three public companies, the board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the listed company's audit committee. The Board has determined that Mr. Strange's simultaneous service on the audit committee of more than three public companies would not impair his ability to serve effectively as a member of our Audit Committee.

The Audit Committee met eight times during fiscal year 2014 for the purpose of overseeing management's responsibilities for accounting, internal control over financial reporting and financial reporting. The Audit Committee selects, appoints, compensates and oversees the independent registered public accounting firm to serve as our independent registered public accounting firm for each fiscal year, approves the retention of, and retains, such firm for any other purposes and approves the audit and non-audit fees we pay to such firm. The Audit Committee reviews the scope and the results of the work of the independent registered public accounting firm and internal auditors and reviews the adequacy of internal control over financial reporting. The functions and responsibilities of the Audit Committee are described in the Audit Committee Report on page 22.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a written policy for the provision of audit services and permitted non-audit services by our independent registered public accounting firm. Our Chief Financial Officer has primary responsibility to the Audit Committee for administration and enforcement of this policy and for reporting non-compliance. Under the policy, our Audit Committee receives a presentation of an annual budget and plan for audit services and for any proposed audit-related, tax or other non-audit services to be performed by the independent registered public accounting firm. The presentation must provide sufficient detail to clearly define the services included. Any services included within the budget and plan approved by the Audit Committee require no further Audit Committee approval for that budget year. The Audit Committee must approve all audit and permissible non-audit engagements of the independent registered public accounting firm in advance. The pre-approval requirements do not prohibit the delivery of permissible non-audit services that were not recognized as non-audit services at the time of the engagement if all such services are less than five percent of revenues paid to the independent registered public accounting firm for the fiscal year and if those services are approved by the Audit Committee prior to completion of the audit.

Executive Committee

During the interval between meetings of the Board, the Executive Committee is authorized under our By-Laws to exercise all the powers of the Board, unless specifically directed otherwise by the Board or otherwise proscribed by law.

Leadership Development and Compensation Committee

The Board has determined that the members of the Leadership Development and Compensation Committee (LDCC) are non-employee directors (within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, (referred to herein as the Internal Revenue Code)) and independent directors (as defined under the applicable NYSE listing standards and our Corporate Governance Guidelines as discussed above under INFORMATION ABOUT THE BOARD Board Standards of Independence on page 14). In addition, no LDCC member is a current or former employee of the Company or any of our subsidiaries.

The LDCC operates under a written charter adopted by the Board that is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

The LDCC performs the responsibilities of the Board relating to compensation of our executives. The LDCC oversees the performance and qualifications of senior management and interprets, implements and administers the annual compensation and benefits of all of the Company's and our subsidiaries' elected officers. The LDCC's

responsibilities include reviewing or approving financial corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers; evaluating the performance of our Chief Executive Officer and our other executive officers in light of those goals and objectives; determining and approving compensation levels for our Chief Executive Officer and our other executive officers based on this evaluation; making recommendations to the Board with respect to annual and long-term incentive compensation plans; evaluating the performance of, and determining the salaries, incentive compensation and executive benefits for senior management; and administering our equity-based and other executive compensation plans. The LDCC also oversees our leadership development, including review of our succession planning for senior management, officer promotions and affirmative action and diversity plans. The LDCC considers the impact of our executive compensation program, and the incentives created by the compensation awards that the LDCC administers, on our risk profile. In addition, the LDCC reviews all our compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to us.

The Chairman of the LDCC works with our Chief Executive Officer, Vice President Corporate Services and our Legal Department to establish the agenda for LDCC meetings. The Vice President Corporate Services and management personnel reporting to her prepare data and materials for review by the LDCC using market data from both broad-based and targeted national and regional compensation surveys. Competitive industry analysis is enhanced through review of peer company proxy data, professional research consortia and nationally recognized compensation databases provided by the LDCC's outside independent compensation consultant.

The LDCC reviews the performance and compensation of our Chief Executive Officer with input from both the full Board (in the form of written evaluations), and our Chief Executive Officer's self-evaluation. The LDCC approves the compensation of the other executive officers based upon the evaluation and recommendation of our Chief Executive Officer and its own review of each executive officer's individual performance highlights. When it deems appropriate, the LDCC engages its independent compensation consultant or other appropriate advisors to analyze compensation trends and competitiveness of pay packages and to support the LDCC's duty to establish each of the executive officer's targeted overall compensation levels.

The LDCC reports regularly to the Board on matters relating to the LDCC's responsibilities. In addition, the LDCC follows regulatory and legislative developments and considers corporate governance best practices in performing its duties. For additional information regarding the compensation-related activities of the LDCC, see the sections entitled **COMPENSATION DISCUSSION AND ANALYSIS** on page 26 and **REPORT OF THE LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE** on page 52 of this Proxy Statement, respectively.

The LDCC is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. For the first half of fiscal year 2014, the LDCC retained Steven Hall & Partners (SHP) as its independent compensation consultant. In May 2014, the LDCC replaced SHP with Frederic W. Cook & Co, Inc. (FW Cook) as its independent compensation consultant. The independent compensation consultants were retained to (1) assist in gathering and analyzing market data, (2) advise the LDCC on compensation standards and trends and (3) assist in the implementation of policies and programs during fiscal year 2014. In retaining both SHP and FW Cook, the LDCC separately considered the six factors set forth in Section 10C-1(b)(4)(i) through (vi) of the Exchange Act and, based on such consideration, determined that the work of SHP and FW Cook did not raise any conflict of interest.

Compensation Committee Interlocks and Insider Participation

No member of the LDCC was at any time an officer or employee of the Company, or is related to any other member of the LDCC, any other member of the Board or any executive officer of the Company.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee operates under a written charter that is available free of charge on our website at <http://investor.njresources.com> under the caption Corporate Governance. A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

The Board has determined that all members of the Nominating/Corporate Governance Committee are independent within the meaning of the listing standards of the NYSE and the independence standards set by the Board as discussed in the section entitled INFORMATION ABOUT THE BOARD Board Standards of Independence on page 14 of this Proxy Statement.

The Nominating/Corporate Governance Committee's primary purpose and responsibilities are to assess the corporate needs for an effective Board and use those assessments to (1) make recommendations to the Board regarding Board composition, size, additional skills and talents needed; (2) identify individuals qualified to be directors, consistent with the criteria approved by the Board and set forth in the Corporate Governance Guidelines; (3) recommend to the Board the selection of nominees for election to the Board; (4) recommend to the Board the individual directors to serve on the committees of the Board; (5) recommend to the Board corporate governance guidelines and oversee related governance matters; (6) advise the Board on matters that impact corporate social responsibility, advocacy and our reputation; and (7) fulfill its oversight responsibility for risk management by periodically assessing and responding, as appropriate, to material risks that may arise in connection with governance structures and processes. The Nominating/Corporate Governance Committee considers performance of incumbent directors to determine whether to nominate them for re-election.

Director Candidate Recommendations and Nominations by Shareholders. The Nominating/Corporate Governance Committee's charter provides that the Nominating/Corporate Governance Committee will consider qualified director candidate recommendations by shareholders. Shareholder nominees will be evaluated under the same standards as nominees recommended by management or the non-management members of the Board. Recommendations should be sent to Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, P.O. Box 1464, Wall, New Jersey 07719. Under our By-Laws, the Corporate Secretary should receive any nomination for director on or before November 6, 2015 for consideration at the 2016 Annual Meeting of Shareholders. In addition, in accordance with our By-Laws, any shareholder entitled to vote for the election of directors may nominate persons for election to the Board if such shareholder complies with the procedures set forth in the By-Laws and summarized above under Question 19 under QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING: How do I make a shareholder proposal for the 2016 Annual Meeting of Shareholders? on page 4. The Nominating/Corporate Governance Committee did not receive any recommendations from any shareholders in connection with the Meeting.

Nominating/Corporate Governance Committee Process for Identifying and Evaluating Director Candidates. The Nominating/Corporate Governance Committee identifies and evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines. The Nominating/Corporate Governance Committee evaluates a candidate's qualifications to serve as a member of the Board based on the background and expertise of individual Board members as well as the background and expertise of the Board as a whole. Nominees will be required to bring the skills, talents, knowledge and expertise to ensure that the composition, structure and operation of the Board serves the best interests of our shareholders. In addition, the Nominating/Corporate Governance Committee will evaluate a candidate's independence and his or her background and expertise in the context of the Board's needs.

Although the Nominating/Corporate Governance Committee does not have a separate policy regarding diversity, it will consider, in identifying first-time candidates, nominees for director, or evaluating individuals recommended by shareholders, the current composition of the Board in light of the diverse communities and geographies we serve and the interplay of the candidate's or nominee's diverse individual experience, education, skills, background and other qualities and attributes with those of the other Board members. To ensure that the Board's composition reflects the particular needs of the Board and the Company, the Nominating/Corporate Governance Committee incorporates this broad view of diversity into its review and evaluation of new candidates and incumbent nominees in its director nomination process. The Nominating/Corporate Governance Committee and Board monitor its effectiveness through the Board's self-evaluation process. As described under *Nominees for Election as Directors* on page 9, the

Nominating/Corporate Governance Committee and the Board believe that the current composition of the Board reflects a group of highly talented individuals with diverse backgrounds, skills, professional and industry experience and other personal qualities and attributes best suited to perform oversight responsibilities for the Company and its shareholders.

Annual Director Performance Evaluations. As required by our Corporate Governance Guidelines, the Board conducts an evaluation of its performance on an annual basis. The Board has the authority to retain advisers or consultants and to provide for their compensation by the Company, as it shall deem appropriate, to assist in designing and implementing such evaluation.

AUDIT COMMITTEE REPORT

In accordance with the Audit Committee Charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the integrity of the accounting, auditing and financial reporting practices of the Company. Each member of the Audit Committee is independent as required by the applicable listing standards of the NYSE and the rules of the SEC. During the fiscal year ended September 30, 2014, the Audit Committee met eight times, and the Audit Committee reviewed and discussed the interim financial information contained in the Company's Quarterly Reports on Form 10-Q, and discussed press releases announcing earnings with our Chief Financial Officer and the independent registered public accounting firm prior to public release.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the Company's independent registered public accounting firm. The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has primary responsibility for the financial statements and reporting process, including the Company's internal control over financial reporting. The independent registered public accounting firm is responsible for performing an integrated audit of the Company's financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board.

In discharging its oversight responsibility of the audit process, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. The Audit Committee also discussed with management, the internal auditors and the independent registered public accounting firm the quality and adequacy of the Company's internal controls and the internal audit functions, organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the independent and the internal auditors their audit plans, audit scope and identification of audit risks.

The Audit Committee reviewed and discussed with the independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61 (AICPA Professional Standards, Vol. 1. AU section 380), as amended, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board in Rule 3200T and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the fiscal year ended September 30, 2014, with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's financial statements and the independent registered public accounting firm has the responsibility for the audit of those statements.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2014, for filing with the SEC. The Audit Committee also reappointed Deloitte and Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2015.

The Audit Committee Report above will not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed filed under such Acts.

DIRECTOR COMPENSATION

The Board, at the recommendation of the Nominating/Corporate Governance Committee (NCGC), sets compensation for directors who are not officers of the Company or our subsidiaries. In November 2013, the NCGC completed a review of compensation for non-employee directors. Based on this review, the NCGC recommended and the Board approved effective January 1, 2014, an increase to the value of the annual equity retainer from \$65,000 to \$71,000 (the number of shares to be based upon the closing price of a share of NJR common stock on the date of grant).

Directors who were not officers of the Company or our subsidiaries were compensated as follows for fiscal year 2014:

Director Annual Cash Retainer	\$68,000
Lead Director Additional Cash Retainer	\$10,000
Annual Stock Retainer	Shares of Common Stock worth \$71,000 (the number of shares based upon the closing price of a share of Common Stock on the date of the grant)
Audit Committee Annual Retainer	Chair: \$22,000 Member: \$12,000
LDCC Annual Retainer	Chair: \$16,000 Member: \$6,000
NCGC Annual Retainer	Chair: \$11,000 Member: \$6,000
Executive Committee Chairperson Retainer	\$10,000
Subsidiary Board Retainer*	Lead Director: \$14,000 Member: \$9,000

* Subsidiary Board member annual retainers and any additional meeting fees are based upon each member only being compensated for one meeting when joint Boards of Directors meetings occur.

In the event of extraordinary circumstances resulting in an excessive number of Board or Committee meetings beyond the typical number of meetings of a Board or Committee in a given year, the Board retains discretion to pay an additional per meeting fee of \$1,500 to each attending non-employee director that is a member of such Board or Committee.

Director Share Ownership Guidelines

All Board members are required to own shares of our Common Stock with a market value equal to five times the annual cash retainer, to foster a mutual interest between Board members and shareholders of the Company. We expect Board members to retain at least 50 percent of the Common Stock received from the Company as part of their annual stock retainer until the stock ownership requirements are met.

Director Deferred Compensation Plan

Non-employee directors of the company are eligible to defer up to 100 percent of their board compensation under the NJR Directors Deferred Compensation Plan (the Director Deferred Compensation Plan). This includes the deferral of the payment of annual board and committee retainers, board meeting fees and committee meeting fees. At the director's election, deferred amounts are credited to either an interest account or a stock account. If deferred amounts are credited to a stock account, such account is credited with a number of shares based on the closing price of our

Common Stock on the date we allocate such fees (no later than 90 days after the deferred fees would have been paid) and such account is credited with additional shares based on the deemed reinvestment of dividends. An interest account is credited monthly with interest at a rate equal to the Prime Rate listed in the

Wall Street Journal plus two percent based on the average daily balance credited to the account for that month. The rate is adjusted on a monthly basis. At the election of the participating director, deferred balances in the stock and/or interest accounts are payable after termination of Board service in a lump sum or in installments over a period not to exceed five years after termination of Board service.

The following table presents information relating to total compensation of our non-employee directors for the fiscal year ended September 30, 2014.

COMPENSATION DISCUSSION AND ANALYSIS

This discussion and analysis of our compensation program for named executive officers should be read in conjunction with the tables and text elsewhere in this Proxy Statement that describe the compensation awarded to, earned by or paid to the named executive officers.

Executive Summary

The purpose of the Compensation Discussion and Analysis is to explain the process the Leadership Development and Compensation Committee (LDCC) of the Board of Directors (the Board) uses to determine compensation and benefits for the following individuals, who are our named executive officers for the fiscal year ended September 30, 2014:

Name	Title
Laurence M. Downes	Chairman of the Board, Chief Executive Officer and President
Glenn C. Lockwood	Executive Vice President and Chief Financial Officer
Kathleen T. Ellis	Executive Vice President and Chief Operating Officer, New Jersey Natural Gas Company (NJNG)
Mariellen Dugan	Senior Vice President and General Counsel
Stephen D. Westhoven	Senior Vice President, NJR Energy Services Company (NJRES)

Compensation of our named executive officers is determined under our compensation and benefits program for senior executives, which is governed by the LDCC. Information with respect to the LDCC can be found on page 19 of this Proxy Statement.

At our 2014 Annual Meeting of Shareholders, over 96.1 percent of the shareholders who voted on the say-on-pay proposal voted in favor of the compensation we pay to our named executive officers. The LDCC, which is composed exclusively of independent directors, believes that the shareholder vote confirms the philosophy and objective of linking our executive compensation to performance, our commitment to stakeholders and enhancement of our shareholder value. We view this level of shareholder support as an affirmation of our current pay practices and, as a result, no significant changes were made to our executive compensation pay practices for fiscal year 2014. Our Board and the LDCC will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

Our Guiding Philosophy

Our compensation philosophy is guided by the principle of pay-for-performance. Our compensation programs are designed to support our business goals by rewarding achievement of short-term and long-term objectives in a manner that links compensation of our executive officers with the value created for our shareholders. While aligning each executive's compensation with our short-term and long-term business goals, we aim to provide the incentives needed to attract, motivate, reward and retain our management talent, which is crucial to our long-term success.

Developments in our Executive Compensation Program for Fiscal Year 2014

During fiscal year 2013, we undertook our annual review of our executive compensation practices to ensure that our plans and practices were supportive of the goals of the organization, competitive and in keeping with the best interests

of our shareholders. As a result of that review, the LDCC made the following modifications to the executive compensation program for fiscal year 2014:

Approved the Officer Incentive Program for fiscal year 2014 (the 2014 OIP) to fund annual incentive awards based on achievement of Net Financial Earnings (NFE)¹ goals, Commitment to Stakeholder operational measures and individual leadership goals.

Adopted and approved a NFE-based performance hurdle for our Chief Executive Officer, which must be met in order for the 2014 OIP to fund his annual incentive award to qualify for deductibility under Internal Revenue Code Section 162(m)

¹ NFE is a financial measure not calculated in accordance with generally accepted accounting principles (GAAP) of the United States and is discussed in greater detail on page 35 of this Proxy Statement under Net Financial Earnings Component. For a full discussion of NFE and a reconciliation to net income, please see our most recent Annual Report on Form 10-K filed on November 25, 2014, Part II, Item 7.

Approved the long-term equity incentive award program for our executive officers (other than our CEO) that included a mix of new performance share awards with performance criteria based on average annual NFE per basic share growth over a 36 month period (FY 2014 NFE Performance Shares) and based on total shareholder return (TSR) versus a comparator group over a 33 month period (FY 2014 TSR Performance Shares), and time-vested restricted stock awards, each under our 2007 Stock Award and Incentive Plan (the 2007 Plan)

Approved a new long-term equity incentive award package for our Chief Executive Officer consisting solely of at-risk equity awards, including FY 2014 NFE Performance Shares, FY 2014 TSR Performance Shares and performance-based restricted stock payable in three annual installments with each installment vesting subject to NFE per share growth over the prior fiscal year (Performance-Based Restricted Stock).

To implement our pay-for-performance philosophy, the LDCC attempts to set reasonable but rigorous goals for our OIP and Performance Shares granted to our named executive officers.

Fiscal Year 2014 Performance Highlights

Fiscal year 2014 was an extraordinary year for NJR with record NFE growth. In fiscal year 2014, our business segments generated strong overall performance producing NFE of \$176.9 million, exceeding the target expectations set in our 2014 OIP by 49 percent and increasing 54 percent over our fiscal year 2013 NFE. These outstanding results, which were aided by our strong financial profile that provides access to capital, enhanced our earnings retention, reduced the need for new equity issuances and allowed us to increase our forecasted annual long-term NFE growth rate and dividend growth rate. Here are some of the highlights:

New Jersey Resources (NJR):

We reported our 23rd consecutive year of increased NFE.

Total return to shareowners was 18.8 percent.

We increased our annual dividend rate this year by 7.1 percent, which represented the 21st dividend increase over the past 19 years.

Through our VISION program, our employees, retirees and their families contributed 5,000 hours of volunteer service assisting almost 1,800 nonprofit and community service organizations.

New Jersey Natural Gas (NJNG):

With an improving new construction market and strong conversion market, NJNG added almost 7,600 new customers and converted more than 600 existing customers to natural gas heat and other services.

NJNG received approval for its New Jersey Reinvestment in System Enhancement (NJRISE) program, which provides for the initial investment of \$102.5 million for projects designed to enhance the resiliency of our system and help mitigate the impact of extreme weather events.

We made substantial progress with the construction of three compressed natural gas refueling stations in our service territory. All three stations will be open to the public in 2015.

We implemented a decrease to our Basic Gas Supply Service (BGSS) rate for residential and commercial customers.

The SAVEGREEN Project[®] continues to be successful. Since its inception in 2009, our team has completed over 28,000 energy audits and more than 4,000 customers have taken advantage of the zero-percent on-bill repayment program. We expect our customers to save close to \$115 million through lower energy bills.

The Northeast Gas Association recognized our focus on safety with its Annual Excellence in Safety award.

For the 22nd consecutive year, NJNG recorded the lowest number of complaints with the BPU per 1,000 customers when compared to other major New Jersey utilities.

NJR Energy Services (NJRES):

NJRES had an outstanding year, earning \$79.7 million in NFE, compared with \$19.3 million in fiscal year 2013.

These strong results allowed the Company to increase its earnings retention, which will improve future profitability, and invest in several strategic initiatives.

NJRES' efforts to restructure its portfolio over the last several years positioned the Company to take advantage of favorable market conditions, which created significant financial benefits for shareowners.

NJRES' ability to increase its producer services and asset management transactions generated additional non-volatile revenue.

With its focus on disciplined risk management, NJRES continues to identify new growth opportunities in the producer services marketplace, providing customized energy solutions for customers.

NJR Clean Energy Ventures (NJRCEV):

NJRCEV added the 3,000th customer to its residential lease program. NJRCEV also completed four commercial solar projects totaling 17 megawatts of capacity.

NJRCEV placed its first onshore wind project into service and announced two additional projects.

NJR Midstream (Midstream):

Midstream's equity ownership interests in a natural gas storage facility and a transportation pipeline contributed to our profitability by providing both long-dated contracted revenues and incremental revenues generated from short-term market conditions.

Midstream joined with other utilities to announce the formation of PennEast Pipeline Company to bring lower cost natural gas produced in the Marcellus Shale region to homes and businesses in Pennsylvania and New Jersey.

NJR Home Services (NJRHS):

NJRHS expanded its premier service contract business and now provides over 31,000 customers with this enhanced service.

Our Pay-for-Performance Link

Our record financial performance in fiscal year 2014 resulted in annual incentive award payouts for three of our named executive officers at 146 percent of their respective target award amounts and one named executive officer at 126 percent of her target award amount under our 2014 OIP. The outstanding results in 2014 were aided in part by the leadership and strategy of our named executive officers in prior years that positioned NJR to take advantage of market opportunities by maintaining a strong financial profile that could be utilized to generate greater NFE this past year. In addition to the payouts under the 2014 OIP, in recognition of their performance and contributions to our record results in fiscal year 2014, the LDCC awarded those named executive officers long-term special recognition awards of Deferred Retention Stock and Time-Vested Restricted Stock, as described in greater detail below. Mr. Westhoven's performance as the lead executive at NJRES was rewarded by the LDCC with an incentive award package consisting of cash, Deferred Retention Stock, time-vested restricted stock and other performance-based awards, also described in greater detail in this section.

Key Compensation Corporate Governance Practices

The LDCC and our Nominating/Corporate Governance Committee continuously review evolving practices in executive compensation and corporate governance. We have adopted certain policies and practices that we believe are consistent with industry best practices.

What We Do:

- √ Use an appropriate balance between short-term and long-term compensation.
- √ Use multiple performance metrics under the 2014 OIP to encourage executives to focus on financial and operational goals important to the Company and our shareholders.
- √ Conduct an annual review and assessment of potential and existing risks arising from our compensation programs and policies.
- √ Develop and adhere to meaningful share ownership guidelines for our directors and executive officers.
- √ Ban hedging and pledging of our stock by our directors, officers and employees.
- √ Require a double trigger for acceleration of equity award grants following a change of control, beginning with grants made in fiscal year 2015.

√ Engage an independent advisor, who performs no other work for the Company, to advise on executive compensation matters.

What We Do Not Do:

- X Provide excessive perquisites.
- X Offer executive officers a tax gross-up on any perquisites.
- X Enter into employment agreements with any executive officer.
- X Allow repricing of stock options without shareholder approval.

Principles of Our Compensation Framework

The LDCC believes that the compensation program for executive officers should reward the achievement of our short-term and long-term objectives and that compensation should be related to the value created for our shareholders. Furthermore, the compensation program should reflect competition and best practices in the marketplace. The following objectives serve as the LDCC’s guiding principles for all compensation decisions:

Our executive compensation and benefits should attract, motivate, reward and retain the management talent necessary to achieve our business objectives at compensation levels that are fair, equitable and competitive with those of comparable companies.

Compensation should be set based on the leadership of each executive officer, which reflects skill sets, experience and achievement, taking into account market rates.

Compensation should also be based upon our Commitment to Stakeholders key performance measures for Safe, Reliable, and Competitively Priced Service, Customer Service, Quality, Valuing Employees and Corporate Citizenship.

Compensation should be linked to individual and corporate performance by aligning our executive compensation program to company-wide performance, which is defined in terms of financial performance and creation of long-term value for our shareholders.

There should be an appropriate mix and weighting among base salary, annual incentive awards and long-term equity incentive awards such that an adequate amount of each executive officer’s total compensation is performance-based or at risk. Further, as an executive’s responsibilities increase, the portion of at-risk compensation for the executive should increase as a percentage of total compensation.

In addition, the LDCC believes that the various elements of our compensation program effectively align compensation with performance measures that are directly related to our financial goals and creation of shareholder value without encouraging executives to take unnecessary and excessive risks.

Elements of Our Compensation Program for Named Executive Officers

The LDCC has a specific mix of compensation components that it targets, with the intent to make each component of total direct compensation competitive with that of other companies of similar size and operational characteristics while also linking compensation to individual and corporate performance and encouraging stock ownership by senior management. The table below describes each compensatory element in our program and briefly explains how it promotes our objectives. We believe the combination of these elements provides an appropriate balance of rewards, incentives and benefits to our executives and enables us to meet our desired compensation objectives, strengthen our ability to attract and retain highly qualified individuals and to appropriately link pay to performance.

Element of Compensation	Description	How This Element Promotes Company Objectives
Annual Compensation:		
Base Salary	Fixed annual compensation that is certain in payment and provides continuous income.	Aids in both recruitment and retention; designed to be competitive in the marketplace.

Element of Compensation	Description	How This Element Promotes Company Objectives
Annual Incentive Awards	Performance-based compensation for achieving established annual goals based on NFE, individual leadership and our Commitment to Stakeholders; in the case of the named executive officer at NJRES, performance-based compensation based upon pre-tax, pre-incentive compensation profits.	Motivates and rewards achievement of annual corporate objectives by providing at-risk comprehensive pay opportunities linked to company and individual performance.
<i>Long-term Compensation:</i>		
Performance Share Awards	Grants of shares that are payable in Common Stock and based on relative total shareholder return (TSR) performance relative to our peer group and/or NFE per share growth, each over a long-term period.	Provides strong incentives to executives by aligning a portion of their compensation to the TSR on our Common Stock versus that of a comparator group of selected companies and also to our long- term NFE growth.
Restricted Stock Awards	Grants of our Common Stock that are part of our long-term incentive program and may also be used for special recognition of superior performance; time-based vesting over a specified period.	Promotes retention, increases long-term equity ownership and aligns executive and long-term shareholder interests by linking a portion of their compensation to changes in company stock price and dividend payments.
Performance-Based Restricted Stock Awards	Grants of Restricted Stock with time-based vesting if we achieve NFE per share goals over a specified period.	Promotes strong performance incentives to executives by aligning a portion of their compensation to our financial performance and promotes retention.
Deferred Retention Stock Awards	Grants of deferred shares of our Common Stock (Deferred Retention Stock) that may be part of our long-term incentive program and are also used to recognize and reward superior performance; executive must comply with non-competition and non-solicitation covenants to receive share payout at a future date.	Promotes retention by providing disincentive to executive to leave us for a competitor and aligns executive and long-term shareholder interests by linking a portion of their compensation to changes in company stock price and dividend payments.
<i>Other Compensation:</i>		
Deferred Compensation	Opportunity to defer receipt of specified portions of compensation and to have such deferred amounts treated as if invested in specified investment vehicles.	Provides an opportunity for executives to defer compensation based on personal financial needs and objectives; program enables company to offer a competitive total compensation package at minimal cost to us.

Element of Compensation	Description	How This Element Promotes Company Objectives
Post-Termination Payments and Benefits	Payments and benefits upon termination of an executive employment in specified circumstances, such as retirement, death, disability or a change-in-control, as described in greater detail beginning on page 63.	Provides assurance of financial security, which is desirable in lateral recruiting and executive retention and permits objective evaluation by executives of potential changes to our strategy and structure.
Other Benefits	Executives participate in employee benefit plans generally available to our employees, including our Employees Retirement Savings Plan, qualified defined benefit plan for retirement allowances, medical, dental, life, accidental death and dismemberment, travel and accident and long-term disability insurance; certain limited perquisites.	Fair and competitive programs to provide family protection, and facilitate recruitment and retention as part of our broad-based total compensation.

The Compensation Review Process

Process for Approval of Compensation Measures. Our planning process begins in May (the third quarter of our fiscal year) when management identifies financial and operational goals, performance measures and action plans that are tied to our Commitment to Stakeholders and that will be executed by the business units and approved by our management in August (the fourth quarter of our fiscal year) for the following fiscal year. These metrics are presented to the Board in September for approval. Upon approval by the Board, the financial and operational goals become the compensation measures for the executive officers and are the foundation for our Commitment to Stakeholders, which is also communicated to the rest of the organization through the performance planning and evaluation process and through management presentations to employees.

Role of the LDCC and the Chief Executive Officer. Governance of our compensation program is the responsibility of the LDCC, which consists solely of independent directors. The LDCC works with management, in particular our Chief Executive Officer and the Vice President Corporate Services, in making decisions regarding our compensation program. The LDCC reviews and takes into account all elements of executive compensation in setting policies and determining compensation amounts. The Chief Executive Officer is responsible for recommending to the LDCC the compensation amounts of each of our named executive officers, other than himself. The Chief Executive Officer attends meetings of the LDCC but does not participate in the portion of the meetings when his compensation or performance is discussed.

Role of Compensation Consultant. The LDCC is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. For the first half of fiscal year 2014, the LDCC retained Steven Hall & Partners (SHP) as its independent compensation consultant. In May 2014, following a comprehensive review, the LDCC replaced SHP with Frederic W. Cook & Co, Inc. (FW Cook) as its independent compensation consultant. The independent compensation consultants were retained to (1) assist in gathering and analyzing market data, (2) advise the LDCC on compensation standards and trends, (3) provide an annual risk assessment of our compensation policies and (4) assist in the implementation of policies and programs during fiscal year 2014. All work completed by the independent compensation consultant is subject to the approval of the LDCC. The independent compensation consultant's role with respect to the LDCC is to provide independent advice and counsel. The LDCC does not delegate authority to its outside advisor or to other parties. Prior to each meeting of the LDCC, the independent compensation consultant meets with the Chief Executive Officer and the Chairman of the LDCC, followed by a private meeting with only the LDCC Chairman. The LDCC also periodically meets in executive session with its independent compensation

consultant to discuss our compensation program. During fiscal year 2014, the independent compensation consultant periodically met with management, participated in LDCC meetings, reviewed materials in advance, provided additional data to the LDCC on market trends and overall

compensation design and reviewed recommendations for base salary, annual and long-term annual incentive awards for our named executive officers.

In September 2013, the LDCC determined that SHP had no other financial ties to the Company or our management and that it does not have any conflicts of interest after considering the relevant factors, including those prescribed under SEC and NYSE rules. In May 2014, the LDCC determined that FW Cook has no other financial ties to the Company or our management and that it does not have any conflicts of interest after considering the relevant factors, including those prescribed under SEC and NYSE rules.

Comparator Group Analysis. So that we can successfully attract and retain the high-quality executive talent we believe is critical to our long-term success, we intend that the levels of compensation available to executive officers who successfully enhance corporate value are competitive with the compensation offered by publicly held companies that are similar to us with regard to size and industry focus. To understand the competitive market for pay and set the compensation terms for our program, we analyze the compensation programs of a comparator group of companies.

Fiscal Year 2014 Peer Group. The LDCC identified the following companies as our comparator group for reference in setting compensation for fiscal year 2014 (2014 Peer Group):

<i>AGL Resources Inc.</i>	<i>Northwest Natural Gas Company</i>	<i>Southwest Gas Corporation</i>
<i>Atmos Energy Corporation</i>	<i>Piedmont Natural Gas Company, Inc.</i>	<i>Vectren Corporation</i>
<i>The Laclede Group, Inc.</i>	<i>South Jersey Industries, Inc.</i>	<i>WGL Holdings, Inc.</i>

When selecting our 2014 Peer Group in consultation with the independent compensation consultant, we included companies that are generally similar to us based upon several criteria such as industry focus, market capitalization (generally 0.53 to 2.75 times our market capitalization), revenues (generally 0.2 to 1.4 times our revenues) and earnings (generally 0.1 to 2.4 times our earnings). We selected companies that are in the same general business and that have a similar industry focus as our company. We do not rely exclusively on comparator group data in setting the terms of our compensation program. Consideration is also given to major compensation surveys of companies in the utility industry. Additionally, we recognize that some executives have skills and responsibilities that are transferable outside of the regulated comparator companies. For this reason, for these selected positions we also consider pay levels among non-utility industry companies to ensure competitive compensation levels. We also consider regional demographic and economic conditions as factors affecting our compensation program. Survey information provided by SHP helped to confirm the validity and provide broader context to the comparator group data, as well as provide data for positions when comparator data is not available from public filings with the SEC.

Fiscal Year 2015 Peer Group. During fiscal year 2014, the LDCC asked FW Cook to perform an independent review of our comparator group. In July 2014, the LDCC, based upon recommendations provided by FW Cook, approved revisions to the comparator group for fiscal year 2015 to increase the size of the group to 12 companies. In particular, the size of the comparator group was increased to enhance statistical reliability and to mitigate the need for future revisions in the event of continued industry consolidation. The companies in the comparator group were selected based on industry, market cap range (generally 0.33 to 3.0 times our market capitalization), revenue range (generally 0.4 to 2.5 times our revenues) and other growth and business factors. Our peer group for fiscal year 2015 compensation (2015 Peer Group) is as follows:

<i>AGL Resources Inc.</i>	<i>ONE Gas, Inc.</i>	<i>Southwest Gas Corporation</i>
<i>Atmos Energy Corporation</i>	<i>Piedmont Natural Gas Company, Inc.</i>	<i>UIL Holdings Corporation</i>
<i>The Laclede Group, Inc.</i>	<i>Questar Corporation</i>	<i>Vectren Corporation</i>
<i>Northwest Natural Gas Company</i>	<i>South Jersey Industries, Inc.</i>	<i>WGL Holdings, Inc.</i>

As of July 2014, our market capitalization approximated the median of the 2015 Peer Group, and our revenues and net income were above the 75th percentile of the 2015 Peer Group.

Establishing Total Direct Remuneration

Total direct remuneration is the sum of base salary, annual incentive awards and long-term equity incentive awards. A major portion of each named executive officer's remuneration is established by performance-based incentives, which requires achievement of performance goals as a condition to earning annual incentive awards and long-term equity incentive awards. The at-risk portion of total direct remuneration provides increased pay for higher levels of corporate and/or business unit performance.

In setting each named executive officer's total direct remuneration opportunity, the LDCC takes into account other factors such as the responsibilities, experience, performance, contributions and service of the executive. As a result, we do not set total direct remuneration or the component parts at levels to achieve a mathematically precise market position. In determining executive compensation, the LDCC reviews all components of our Chief Executive Officer's and each other named executive officer's total compensation, including retirement benefits and the costs of all perquisites received to ensure such compensation meets the goals of the program. As a part of this review, the LDCC considers corporate performance information, compensation survey data, the advice of its independent consultants and the recommendations of management. The LDCC also takes into consideration individual and overall company operating performance to ensure executive compensation reflects past performance as well as future potential and adequately differentiates between employees, based on the scope and complexity of the employee's job position, market comparisons, individual performance and experience and our ability to pay. The LDCC reviews annually our Chief Executive Officer's and each other named executive officer's performance prior to considering changes in compensation. Our Chief Executive Officer's performance and the performance of each other named executive officer is evaluated in light of our overall performance (as described in greater detail below) and non-financial goals and strategic objectives approved by the LDCC and the Board. Based on its latest review, the LDCC believes total compensation for each of the named executive officers is reasonable.

The following table shows the target total direct remuneration opportunity that the LDCC approved for fiscal year 2014. The table states the annual salary of each named executive officer as of September 30, 2014. The table includes the amount of the annual incentive award that could have been earned by a named executive officer meeting target performance goals relating to NFE, our Commitment to Stakeholders and individual leadership described below. Annually, the LDCC uses long-term equity incentive awards as a component of the named executive officers compensation and the table below shows the value of the long-term equity incentive awards granted in November 2013 other than for Mr. Westhoven.

Name	Salary (\$)	Target Annual Incentive Amount* (\$)	Total Long-Term Equity Incentive Value**(\$)	Target Total Direct Remuneration (\$)
Laurence M. Downes	849,000	849,000	1,623,070	3,321,070
Glenn C. Lockwood	348,795	209,277	239,308	797,380
Kathleen T. Ellis	342,585	205,551	235,043	783,179
Mariellen Dugan	309,000	185,400	197,815	692,215
Stephen D. Westhoven	305,910			

* The target annual incentive amount for Mr. Downes is 100 percent of annual salary. For Mr. Lockwood, Ms. Ellis and Ms. Dugan, the target annual incentive amount is 60 percent of annual salary.

** Represents full grant date fair value of performance-based stock awards and restricted stock granted in fiscal year 2014, calculated in accordance with FASB ASC Topic 718. For more information regarding the grant of long-term equity incentive awards in fiscal year 2014, please see "Long-Term Equity Incentive Awards" on page 42 below.

Mr. Westhoven did not have a target annual incentive amount or target long-term equity incentive award for fiscal year 2014. His compensation is described in more detail below under "Fiscal Year 2014 Incentive Award for Mr. Westhoven" on page 41 below.

Below is a graphic representation of the components of the fiscal year 2014 total target direct remuneration opportunity for each named executive officer, which highlights that for each of the named executive officers, a substantial part of compensation is incentive-based and subject to the named executive officer and the Company meeting certain performance goals.

Components of Compensation

Base Salary

In November 2013, each of the named executive officers received an increase in base salary of between 3 and 3.5 percent, effective January 1, 2014. Base salary increases for all of our named executive officers, with the exception of our Chief Executive Officer, are recommended by our Chief Executive Officer and subject to review and approval by the LDCC and the Board. Base salary increases for our Chief Executive Officer are recommended by the LDCC and approved by the Board. In setting the base salary level of each executive officer, the LDCC considers marketplace compensation data compiled and presented by its independent compensation consultant, as well as the executive's experience level, demonstrated capabilities, time and placement in position, our geographic region and the actual performance of the Company and the executive. No particular weight is assigned to any one factor.

Annual Incentive Awards

We maintain a strong link between performance and pay within our executive compensation program through emphasis on incentives and utilization of financial, operational and leadership measures, which we believe are key drivers of long-term value creation for shareholders. The LDCC reviews and approves the annual performance objectives for the Company and our named executive officers at the start of each fiscal year. In November 2013, the LDCC approved the 2014 OIP. Our objectives for the 2014 OIP considered the results of a review of our compensation programs by SHP. Our objectives for the 2014 OIP were to maintain line of sight for each executive officer by providing them with an understanding of their individual objectives and how they could be achieved based on areas that they impact, continue the linkage to corporate results and provide flexibility to determine awards based on qualitative performance assessments.

The 2014 OIP sought to motivate our senior executives by rewarding them when our annual financial performance goals and their individual performance goals were met. After the end of fiscal year 2014, the Chief Executive Officer and the LDCC evaluated the degree to which the Company and our named executive officers met or exceeded their respective goals. Under the 2014 OIP and the NJRES compensation plan, the Chief Executive

Officer recommends the annual incentive awards to the LDCC for executive officers other than himself. Mr. Westhoven's incentive award was not determined by the 2014 OIP and is discussed separately below under *Fiscal Year 2014 Incentive Award for Mr. Westhoven* on page 41.

In 2014, we utilized a performance hurdle for our Chief Executive Officer's annual incentive award so that such award may be eligible for deductibility under Internal Revenue Code Section 162(m). See *United States Federal Income Tax Limits on Deductibility* on page 50. Achievement of the performance hurdle allows the LDCC to fund the annual incentive award at the maximum payout level established for the award, or to provide a lesser amount based upon achievement of the performance measures established by the LDCC under the 2014 OIP, which are discussed below. If the performance required by the performance hurdle is not achieved, there would be no annual incentive award payable to the Chief Executive Officer.

The performance hurdle approved by the LDCC for the Chief Executive Officer's annual incentive award in November 2013 was NJR NFE per basic share of \$2.14 (2014 Performance Hurdle). An explanation of NFE is provided directly below under *Net Financial Earnings Component*. If the 2014 Performance Hurdle is achieved, the maximum payout to the Chief Executive Officer is 150 percent of his target annual incentive opportunity.

In addition, under the 2014 OIP, based upon the recommendations of the Chief Executive Officer, the LDCC reserves the ability to modify, based upon its qualitative assessment, any annual incentive award payable. In addition, our Chief Executive Officer, subject to LDCC approval, may recommend special recognition awards to named executive officers who have made significant contributions and have demonstrated a sustained level of outstanding performance. The Chief Executive Officer engages in extensive discussions, evaluation and review of his recommendations with the LDCC to reach a consensus on the annual incentive awards.

The Chief Executive Officer uses the criteria set forth in the 2014 OIP to guide his recommendations of the annual incentive awards to the LDCC. The criteria that guide the Chief Executive Officer's recommendations are: (i) NFE, (ii) Commitment to Stakeholders and (iii) Leadership. The Chief Executive Officer generally bases his annual incentive award recommendations 50 percent on our NFE, 30 percent on the participant achieving an individual leadership component and 20 percent on the Company meeting an overall Commitment to Stakeholders component. These criteria are used to balance our focus on affordability with the use of non-financial metrics that are leading indicators of the creation of long-term shareholder value. While these criteria serve as guidelines, the Chief Executive Officer has discretion to modify the actual awards for recommendation to the LDCC.

Under the 2014 OIP, the target annual incentive award opportunity for Mr. Lockwood, Ms. Ellis and Ms. Dugan was 60 percent of base salary and the target annual incentive award opportunity for Mr. Downes was 100 percent of base salary. Actual fiscal year 2014 cash incentive award payments under the 2014 OIP, if earned, could range from 0 percent up to 150 percent of this targeted amount for each of the named executive officers other than Mr. Westhoven. Amounts payable under the 2014 OIP that exceeded 100 percent of the target amount could be paid in full, or in part, in the form of restricted stock based on our Chief Executive Officer's recommendation and subsequent approval by the LDCC. The actual payouts of the 2014 annual incentive awards are described in the section of the Proxy Statement entitled *Actual Fiscal Year 2014 Cash Incentive Award Payouts Under the 2014 OIP*, on page 38.

Net Financial Earnings Component

NFE represents net income excluding the accounting impact and resulting volatility in our GAAP earnings due to unrealized gains and losses from certain derivative instruments, net of applicable tax adjustments. NFE is not an alternative to a measure derived from GAAP, such as earnings per share or any other GAAP measure of liquidity or financial performance. We use NFE as a key performance measure for compensatory purposes because we believe it strongly encourages capital discipline, better investment decisions and leads to enhanced cash flow and shareholder

value. Our Chief Executive Officer is our chief operating decision maker, and he uses NFE as a measure of profit or loss in measuring the results of our segments and operations.

Our general policy is that no annual incentive award is payable to our named executive officers (including the Chief Executive Officer, who is also subject to the 2014 Performance Hurdle) under the 2014 OIP unless we achieve a minimum of at least 75 percent (Minimum NFE) of a target NFE amount, but the LDCC retains the ability to pay an annual incentive award if we do not achieve the Minimum NFE as there may be circumstances under which the LDCC may decide that an annual incentive award is still appropriate. While an annual incentive award may be paid if we achieve the Minimum NFE, if we do not achieve at least 90 percent of the target NFE

amount, no portion of the annual incentive award would be paid attributable to the NFE component. The NFE component comprises 50 percent of the annual incentive award formula.

For fiscal year 2014, the target NFE amount for NJR, which was applicable to Messrs. Downes and Lockwood and Ms. Dugan, was \$118.9 million. Therefore, the Minimum NFE applicable to them was \$89.2 million. NJR's actual NFE for fiscal year 2014 was \$176.9 million. The target NFE for NJNG, which was applicable to Ms. Ellis as she is NJNG's Chief Operating Officer, was \$77.6 million. Therefore, the Minimum NFE applicable to her was \$58.2 million. NJNG's actual NFE, net of discretionary spending was \$78.9 million. Discretionary spending included expenses related to additional compensation expense awarded as a result of the Company's outstanding performance during fiscal year 2014, costs related to a voluntary early retirement program and certain additional consulting expenses outside of NJNG's original budget.

NJR	Amount (\$)	NJNG	Amount (\$)
Minimum NFE	89.2 million	Minimum NFE	58.2 million
Threshold for NFE Component	107.0 million	Threshold for NFE Component	69.8 million
NJR Actual NFE	176.9 million	NJNG Actual NFE	78.9 million*

The tables below show the performance/payout curve for the NFE component of the annual incentive awards applicable to NJR (for Messrs. Downes and Lockwood and Ms. Dugan) and NJNG (for Ms. Ellis). Payouts for performance between the stated percentages are interpolated.

Leadership Component

The LDCC assesses the leadership component for our Chief Executive Officer based on a review of his performance in comparison with his specific individual objectives for the past fiscal year. The leadership component of the annual incentive award for the other named executive officers is determined based on our Chief Executive Officer's review of established business unit initiatives and individual performance assessments that is then ratified by the LDCC. As part of his review, our Chief Executive Officer seeks and considers specific examples of how each named executive officer met these objectives. The Leadership component comprises 30 percent of the annual incentive award formula. The maximum payout for this portion of the annual incentive award is equal to 150 percent of the targeted amount. The LDCC determines the leadership component of the annual incentive award for each of our named executive officers, other than our Chief Executive Officer, taking into consideration reviews by our Chief Executive Officer.

Our Chief Executive Officer's leadership objectives for fiscal year 2014 included:

- Achieving the goals and objectives enumerated in our fiscal year 2014 business and financial plan
- Implementing the initiatives contained in our fiscal year 2014 Commitment to Stakeholders
- Furthering development of our strategic plan

Focusing on the continued development of our leadership team
Maintaining and enhancing our strong relationships with all key external stakeholders
The leadership objectives of the other named executive officers for fiscal year 2014 included:

Vision, strategy and innovation
Implementation of the initiatives contained in our fiscal year 2014 Commitment to Stakeholders and business and financial plan
Decision-making and judgment
Breadth of knowledge about our business
Execution and performance of job responsibilities
Collaboration and teamwork

Commitment to Stakeholders Component

The Commitment to Stakeholders (CTS) component of the annual incentive award, which comprises 20 percent of that award, is determined based on a subset of 54 specific performance measures that the LDCC views as important to our shareholders, and that encompass a broader range of our activities that are not necessarily reflected in our financial metrics. These performance measures are company-wide and fall into the following five categories:

Safe, reliable and competitively priced service: Measures employee safety, system safety, system reliability, service reliability and competitive pricing

Customer satisfaction: Measures customer care, problem resolution, billing accuracy and timely response

Quality: Measures quality of processes throughout the organization

Valuing employees: Measures provision of feedback to employees, leadership development, workforce relations and positive work environment

Corporate citizenship: Measures customer and community outreach, environmental focus, promotion of ethical behavior and fostering of community and business relationships

The 54 performance measures were set through a process that began early in the third quarter of fiscal year 2013. A team of employees from across our business units selected these performance measures spanning the five CTS categories listed above. This set of 54 performance measures was reviewed by our Chief Executive Officer and Chief Financial Officer, who made further edits and recommendations to the measures, which were then approved by our Chief Executive Officer.

The LDCC and management use these metrics to measure our overall effort to provide our customers, shareholders, communities and other stakeholders with the highest quality service and performance. Each of the performance measures is objective and quantifiable. For instance, one way we measure corporate citizenship is by calculating the total number of employee volunteer hours and calculating the total number of people reached by our customer and community outreach programs using data compiled at each such event during the course of the fiscal year.

For each performance measure, a performance target was developed based upon historical company information, peer information, comparative data, trends and, in certain cases, benchmarks required by state regulations. Performance targets were set by the appropriate business unit leaders, reviewed by our Quality Department and approved by our senior executive team, including our Chief Executive Officer. Thereafter, the Board approved the 54 performance measures and targets. The performance measures and targets were published and distributed to our employees shortly after the beginning of fiscal year 2014. Separately, the senior executive team selected a subset of the 54 performance measures for recommendation to the Chief Executive Officer and the LDCC for purposes of determining the CTS component of the annual incentive award. The Chief Executive Officer and the LDCC then reviewed the subset and a final subset, which was ultimately comprised of six performance measures, was approved by the LDCC (the Performance Measures.) When selecting the Performance Measures, the Chief Executive Officer and the LDCC selected one or more significant measures in each of the five CTS categories to encompass a broad spectrum of our

performance, thereby allowing them to best gauge, on a company-wide basis, how well the executive management team is fulfilling the CTS. As a result, the LDCC considers the Performance Measures as those most useful for a broad assessment of executive performance.

When determining the CTS component of the annual incentive award, the LDCC, in consultation with the Chief Executive Officer, establishes threshold, target and maximum performance levels for each of the Performance Measures. The threshold level is based on a level of performance that was believed to be achievable, the target level is based on a level of performance that was believed to be aggressive, but obtainable, and the maximum level is based on a level of performance that was believed to be attainable by achieving exceptional performance. Each of these Performance Measures is weighted equally and an overall average measurement is obtained. The overall average measurement reflects the average company-wide performance on the Performance Measures (each weighted equally) on a scale of 0 to 120 percent of the target goal. The percentage of target is adjusted to a scale of 0 to 150 percent for purposes of determining the CTS component of the annual incentive award. For example, if we were to meet the maximum of 120 percent of the target goal for each of the Performance Measures, the average company-wide performance amount would be 150 percent.

The table below shows the six equally-weighted Performance Measures, and indicates our threshold, target and maximum performance levels, as well as indicating our actual performance for each of the Performance Measures:

Performance Measures	Performance Range (threshold to maximum)	Target Performance	Actual Performance	Percentage of Target*
Average emergency response time (minutes)	28.8 to 19.2	24	21.3	128%
Overall Percentage of customer satisfaction from transaction survey	89 to 100	94.5	94.4	99%
Completion of Quality objectives	80 to 100	90	93	115%
Diversity training efficacy measured by participant satisfaction scores	4.0 to 5.0	4.5	4.5	100%
Days Away/Restricted or Transfer (DART) incident rate per 100 full-time employees	3.17 to 2.11	2.64	2.75	90%
Total number of employee volunteer hours through our Volunteers Inspiring Service In Our Neighborhoods (VISION) program	3,400 to 5,100	4,250	4,945	141%

* The percentage of target is adjusted to a scale of 0 to 150 percent for purposes of determining the CTS component of the annual incentive award.

As illustrated in the tables above and below this paragraph, during fiscal year 2014, the average company-wide performance as compared to the target goal was 112.1 percent of the target goal. This corresponded to a payout of 130.3 percent of the target payout amount for the CTS component of the annual incentive award formula.

The table below shows the performance/payout level for the CTS component of the annual incentive awards. Performance between the stated percentages is interpolated.

Performance as a Percent of CTS Target	Percent of Targeted Payout Amount for CTS Target Component
---	---

Less Than 80%	0%
80% (threshold)	50%
100% (target)	100%
112.1% (actual)	130.3%
120% (maximum)	150%

Actual Fiscal Year 2014 Cash Incentive Award Payouts under the 2014 OIP

In November 2014, the LDCC reviewed NJR's NFE per basic share against the 2014 Performance Hurdle before considering whether Mr. Downes qualified for an annual incentive award under the 2014 OIP as set forth below:

2014 Performance Hurdle: \$2.14 NFE per basic share

Actual 2014 Performance: \$4.20 NFE per basic share

Since the 2014 Performance Hurdle was met, the LDCC determined that Mr. Downes was eligible for an annual incentive award under the 2014 OIP of up to \$1,273,500 (150% of his target award). The LDCC then reviewed the results of the 2014 OIP for Mr. Lockwood and Ms. Ellis and Dugan based on the recommendations

made by the Chief Executive Officer. The amounts of the annual incentive awards recommended by the Chief Executive Officer to the LDCC and subsequently approved by the LDCC are set forth below. For fiscal year 2014, the NFE, CTS and leadership components comprised 50 percent, 20 percent and 30 percent, respectively, of the annual incentive awards under the 2014 OIP for each of our named executive officers, other than Mr. Westhoven.

This totaled a payout amount equal to 146.1 percent of the target amounts for the fiscal year 2014 total annual incentive awards for Messrs. Downes and Lockwood and Ms. Dugan, calculated as set forth below. For fiscal year 2014, our NFE were \$195.2 million, which corresponded to a payout amount equal to 75 percent of the total target annual incentive award for these three named executive officers. We calculated this payout amount as follows:

NJR	NJR	Percent	Percent of Target	Component	Amount Earned as Percent of Total Annual Cash Incentive Award
Actual NFE	Target NFE	of Target	Payout Amount	Percentage	
\$176.9 million	\$118.9 million	149%	150%	50%	75%

The payout amount for Ms. Ellis, NJNG's Chief Operating Officer, was calculated using the NFE of NJNG, which was \$78.9 million, which corresponded to a payout amount equal to 55 percent of the total target annual incentive award for her.

NJNG	NJNG	Percent	Percent of Target	Component	Amount Earned as Percent of Total Annual Cash Incentive Award
Actual NFE*	Target NFE	of Target	Payout Amount	Percentage	
\$78.9 million	\$77.6 million	102%	110%	50%	55%

* net of discretionary expenses

In addition, we achieved 112.1 percent of our CTS targets, which corresponded to a payout amount equal to 130.3 percent of the total target annual incentive award. We calculated this payout amount as follows:

Actual Performance as a Percentage of Commitment to Stakeholders Target	Percent of Target Payout Amount	Component Percentage	Amount Earned as Percent of Total Annual Cash Incentive Award
112.1%	130.3%	20%	26.1%

Our Chief Executive Officer submitted individual leadership performance reviews for each of the named executive officers, for discussion and consideration by the LDCC. The LDCC reviewed each of the named executive officer's 2014 individual leadership results, including our Chief Executive Officer, and assessed these results against such named executive officer's objectives. Below is a summary of certain of the 2014 individual performance highlights for each of our named executive officers that were factored into their 2014 annual incentive award and the setting of 2014 total targeted direct remuneration.

Name	Fiscal Year 2014 Performance Highlights
Laurence M. Downes	NJR achieved record financial results and had strong performance on the Commitment to Stakeholders metrics

Shareowners realized an 18.8 percent return on their investment during fiscal year 2014, including a record high price during the year

Made significant progress on both our leadership development process and the implementation of our strategic plan

NJR provided record levels of community support and assistance

NJR exceeded its NFE targets

Glenn C.
Lockwood

Developed new three-year financial plan reflecting the priorities of the strategic plan

Provided financial analytical support to all non-utility projects; involved in all major strategic decisions

Focused on leadership development for the Financial business unit

Name	Fiscal Year 2014 Performance Highlights
Kathleen T. Ellis	Continued progress on NJNG's infrastructure programs and achieved excellent safety results Marketing exceeded its new customer growth targets Completed key regulatory initiatives Maintained excellent external relationships

Steven D. Westhoven	Led NJRES to record earnings in fiscal year 2014 Added new producer services transaction Worked on the development of two new midstream opportunities Continued to improve NJRES' team through the addition of two new members

The Chief Executive Officer recommended to the LDCC that each named executive officer achieved 150 percent of their leadership goals, which corresponded to a payout amount equal to 45 percent of the total target annual incentive award. In addition to the performance highlights listed above, the LDCC considered the Company's extraordinary financial performance in fiscal year 2014 and the contributions of each of the named executive officers to the outstanding results. We calculated the payout amount for the Leadership Component. We calculated this payout amount as follows:

Percent of Target Payout Amount for Leadership Component	Amount Earned as Percent of Total Annual Cash Incentive Award
150%	45%

OIP Formula Payout for Mr. Downes, Mr. Lockwood and Ms. Dugan:

<u>Payout for NFE</u>	+	<u>Payout for CTS</u>	+	<u>Payout for Leadership</u>	=	Total Payout as a Percentage of Target Amount
75%		26%		45%		146%

OIP Formula Payout for Ms. Ellis

<u>Payout for NFE</u>	+	<u>Payout for CTS</u>	+	<u>Payout for Leadership</u>	=	Total Payout as a Percentage of Target Amount
55%		26%		45%		126%

The 2014 OIP formula payout amount was equal to **146 percent** of each of the target total annual incentive awards for Mr. Downes, Mr. Lockwood and Ms. Dugan. The 2014 OIP formula payout amount was equal to **126 percent** of the target total annual incentive award for Ms. Ellis. These annual incentive award amounts are set forth in the table below and are also set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 53 of this Proxy Statement.

Special Recognition Deferred Retention Stock and Restricted Stock Awards to NEOs

In recognition of NJR's outstanding performance during fiscal year 2014, including NFE that exceeded our plan by 49%, the LDCC awarded special recognition awards, in the form of long-term Deferred Retention Stock Awards and time-vested restricted stock awards, to each of our NEOs (other than Mr. Westhoven), in addition to their annual incentive awards. The Deferred Retention Stock awards are denominated in dollars and converted into deferred stock units based on the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues dividends. At the end of the deferral period on October 15, 2017, the deferred stock units will be paid out in shares of our Common Stock on a one-for-one basis, provided the named executive officer complies with certain covenants, including non-competition and non-solicitation restrictions. The LDCC determined that a restricted stock award was more appropriate for our Senior Vice President and General Counsel than the Deferred Retention Stock awards granted to the other named executive officers because Rule 5.6 of the New Jersey Rules of Professional Conduct applicable to lawyers practicing in New Jersey prohibits attorneys from agreeing to the non-competition covenants contained in the Deferred Retention Stock Award agreement.

As set forth in the tables below, on November 11, 2014, the LDCC granted the following Deferred Stock Retention Awards and time-vested Restricted Stock award:

Name	Number of Deferred Stock Units Granted	Grant Date Fair Value of Award (\$)*
Laurence M. Downes	17,059	1,000,000
Glenn C. Lockwood	11,088	650,000
Kathleen T. Ellis	7,250	425,000

Name	Number of Shares of Restricted Stock Granted	Grant Date Fair Value of Award (\$)*
Mariellen Dugan	5,118	300,000

Represents the grant date fair value of the deferred stock units granted based upon the closing price of our Common Stock of \$58.62 on November 11, 2014, the date of grant.

* NJRES financial margin, which is a non-GAAP financial measure, represents revenues earned from the sale of natural gas less costs of natural gas sold including any transportation and storage costs, and excludes any accounting impact from the change in fair value of derivative instruments designed to hedge the economic impact of transactions that have not been settled, which represent unrealized gains and losses, and the effects of economic hedging on the value of our natural gas in storage. For further discussion of this financial measure, please see Part II, Item 7 of our Annual Report on Form 10-K filed on November 25, 2014.

Fiscal Year 2014 Incentive Award for Mr. Westhoven

For fiscal year 2014, the LDCC, in consultation with the Chief Executive Officer, determined the incentive award for Mr. Westhoven based primarily on the financial performance of NJRES. As part of the NJRES compensation plan, the

incentive compensation pool for NJRES was developed based on a percentage of pre-tax, pre-incentive compensation profits. For fiscal year 2014, the LDCC set a range for funding of the total compensation pool of five to 12 percent of pre-tax, pre-incentive compensation profits of NJRES. At the end of fiscal year 2014, upon the recommendation of our Chief Executive Officer, which was based upon an assessment of NJRES performance versus market conditions and both NJR's and NJRES' financial plans, and the LDCC's consideration of such recommendation, the LDCC set the incentive compensation pool at approximately 12 percent of NJRES' pre-tax, pre-incentive compensation profits. The LDCC's decision to set the incentive compensation pool at this level took into account the performance of NJRES, which exceeded our expectations in a challenging market environment, the decision-making by employees of NJRES that added value to NJRES' portfolio and the overall performance of NJR during fiscal year 2014. The LDCC also considered the improved overall financial performance of NJRES in fiscal year 2014 as compared to the prior fiscal year.

The Chief Executive Officer makes a recommendation to the LDCC for Mr. Westhoven's incentive payment for the LDCC's ultimate determination and approval. The LDCC retains the ability to alter the amount of the incentive payment to Mr. Westhoven and to determine whether awards should be in the form of cash and/or equity grants.

The Chief Executive Officer's recommendation to the LDCC was based upon a qualitative and quantitative review of the performance of NJRES, Mr. Westhoven's individual performance and accomplishments during fiscal year 2014 (including those listed on page 40 of this Proxy Statement) and the availability of funds in the compensation pool. The quantitative factors reviewed included performance metrics such as financial margin*, NFE and natural gas throughput. The qualitative factors included effects of market conditions, quality of decision-making and the effectiveness of the response to changing market conditions. In consideration of NJRES' extraordinary performance in fiscal year 2014, Mr. Westhoven's leadership performance in fiscal year 2014 and the amounts available from the total compensation pool, the Chief Executive Officer made a recommendation to the LDCC for Mr. Westhoven's fiscal year 2014 incentive award.

Under the NJRES compensation plan for fiscal year 2014, the LDCC awarded Mr. Westhoven an incentive award and package for fiscal year 2014 with a total value of \$2,527,619 that consisted of approximately 29 percent cash and 71 percent long-term equity awards (47 percent of Deferred Retention Stock, 11 percent of time-vested restricted stock, six percent of Performance Shares based upon cumulative NFE over a 36-month period ending September 30, 2017 and seven percent of Performance Shares based upon TSR over a 36-month period ending September 30, 2017). The equity awards are designed to link realizable compensation to NJR's TSR, reward achievement of longer-term performance goals and to encourage retention. The table below displays the value of each portion of the award:

Cash	Deferred Retention Stock	Restricted Stock	Performance Shares (NFE)**	Performance Shares (TSR)**	Total
\$ 720,000	\$ 1,200,000	\$ 290,000	\$ 145,000	\$ 172,619	\$ 2,527,619

** We will provide a more detailed description of the terms of these Performance Share grants in the proxy statement for our 2016 annual meeting.

All payments under the NJRES compensation plan are subject to repayment by participants in the event that NJRES NFE is restated, other than due to a change in accounting principles. The LDCC reviewed FW Cook's analysis of the NJRES compensation plan and determined that because of the operational limits on NJRES and the risk management oversight provided by NJR management and the Board, the clawback provision in the NJRES plan and the payment of a majority of the awards in NJR equity, risks arising from the NJRES compensation policies and practices for NJRES employees are not reasonably likely to have a material adverse effect on us. For a more detailed explanation of this risk assessment, please see "Compensation Risk Assessment" on page 52 of this Proxy Statement.

Long-Term Equity Incentive Awards

Our primary objectives in granting long-term equity incentive awards are to encourage significant ownership of our Common Stock by management and to provide long-term financial incentives linked directly to the long-term performance of the Company. The LDCC believes that significant ownership of our Common Stock by senior management is the optimal method for aligning the interests of management and the shareholders. Our stock incentive program is effectively designed to further this objective.

In November 2013, after consulting SHP, the LDCC determined that a portion of our executive officers' total compensation should continue to be paid in equity awards through a long-term equity incentive program with a mix of time-vested restricted stock and performance-based awards. In fiscal year 2014, the LDCC adopted a long-term equity incentive program under our 2007 Plan. For fiscal year 2014, the Board approved, pursuant to the recommendation of the Chief Executive Officer, the new long-term incentive program granting four different types of awards:

- (1) *FY 2014 TSR Performance Shares*. Performance shares that will vest, if at all, if the total shareholder return for NJR Common Stock measured against our 2014 Peer Group meets or exceeds targets over a 33-month period ending on September 30, 2016.
- (2) *FY 2014 NFE Performance Shares*. Performance shares that will vest, if at all, based upon our average annual NFE per basic share growth rate over the 36-month period beginning on October 1, 2013, and ending on September 30, 2016.

- (3) *Performance-Based Restricted Stock*. Shares of restricted stock awarded to our Chief Executive Officer that will vest in three equal installments if the NFE-based performance goal is met for each of the fiscal years ending on September 30, 2014, September 30, 2015 and September 30, 2016.
- (4) *Time-Vested Restricted Stock*. Shares of restricted stock awarded to certain named executive officers other than our Chief Executive Officer that vest in three equal installments on October 15, 2014, October 15, 2015 and October 15, 2016, subject to continued employment of the named executive officer, except under certain conditions.
- (5) *Deferred Retention Stock Awards*. Awards denominated in dollars and converted into deferred stock units based on the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues dividends. At the end of the three- year deferral period, the deferred stock units will be paid out in shares of our Common Stock on a one-for-one basis, provided the named executive officer complies with certain covenants, including non-competition and non-solicitation restrictions.

The long-term incentive equity awards granted to the Chief Executive Officer were entirely at-risk, consisting of performance shares and performance-based restricted stock. Approximately 70 percent of the value of the awards to our named executive officers, other than the Chief Executive Officer, was in the form of performance shares while the remaining 30 percent of the awards was in the form of shares of time-vested restricted stock. Time-vested restricted stock awards were granted to focus on retention of the named executive officers while the FY 2014 TSR Performance Shares benchmark our performance against our peer companies over an extended period of time and the FY 2014 NFE Performance Shares measure our performance against NFE-based goals set by the LDCC.

The LDCC determined the award of performance shares and shares of performance-based restricted stock award to our Chief Executive Officer and the Board ratified that determination.

The graphic on the left below shows the historical mix between the restricted stock or Deferred Retention Stock grants (the latter of which were used as part of our long-term incentive program in years prior to 2014) and performance-based awards to named executive officers between 2010 and 2014 based upon number of shares granted. The graphic in the middle illustrates the split in number of shares granted between time-vested restricted stock and the performance-based FY 2014 TSR Performance Shares and FY 2014 NFE Performance Shares granted to our named executive officers other than our Chief Executive Officer in fiscal year 2014. The graphic on the right shows the split in the number of performance-based equity grants and restricted stock grants to our Chief Executive Officer in fiscal year 2014. These graphics highlight our emphasis over the past five years on awarding a mix of performance-based awards, such as performance shares and performance-based restricted stock, and time-vested restricted stock or Deferred Retention Stock awards. The actual value a named executive officer may receive will depend upon the number of shares actually received and the market price of our Common Stock at the time the awards vest.

In designing the long-term equity incentive program, the following key objectives were established:

Selecting long-term equity incentive levels and vehicles that are competitive with our comparator group

Distributing shares of restricted stock with meaningful vesting periods and deferred retention stock awards to encourage retention of key executives

Using performance share awards and performance-based restricted stock based upon NFE growth or relative TSR to link compensation to company performance criteria that are meaningful to shareholders

Providing flexibility for granting awards by allowing balance among different types of long-term equity awards that relate to the objectives of retention and performance

With the exception of significant promotions and new hires, equity grants, including long-term equity incentive awards, are generally awarded at the first regularly scheduled LDCC meeting following the conclusion of the fiscal year. The LDCC selects this timing because it enables us to consider the prior year performance of the Company and the participants and our expectations for the next performance period, while also ensuring that regular awards will be made after we publicly disclose our performance for the year. The awards are made as early as practicable in our fiscal year to maximize the time period for the incentives associated with the awards.

FY 2014 TSR Performance Shares

In November 2013, the LDCC approved the grant of the FY 2014 TSR Performance Shares with performance criteria based upon the Company's TSR, pursuant to the 2007 Plan. As set forth in the table below, the FY 2014 TSR Performance Share awards were granted to the named executive officers as of November 13, 2013. Each FY 2014 TSR Performance Share is equal to one share of Common Stock. The FY 2014 TSR Performance Share awards vest at the end of a 33-month performance period beginning on January 1, 2014, and ending on September 30, 2016, based on relative company TSR versus the established comparator group used for compensation purposes, which is described under Elements of Our Compensation Program for Named Executive Officers *Comparator Group Analysis* on page 32 above. No FY 2014 TSR Performance Shares will vest if performance during that period does not meet the minimum threshold level. If the performance meets or exceeds the maximum expectations, 150 percent of the target number of awarded FY 2014 TSR Performance Shares will be earned.

Name	Grant Date	Number of FY 2014 TSR Performance Shares (Target)	Grant Date Fair Value*		
			Threshold(\$)	Target(\$)	Maximum(\$)
Laurence M. Downes	11/13/2013	14,432	251,535	503,070	754,605
Glenn C. Lockwood	11/13/2013	2,128	37,089	74,178	111,267
Kathleen T. Ellis	11/13/2013	2,090	36,427	72,853	109,280
Mariellen Dugan	11/13/2013	1,759	30,658	61,315	91,973
Stephen D. Westhoven	11/13/2013	1,879	32,749	65,498	98,247

* Target amounts represent grant date fair value calculated in accordance with FASB ASC Topic 718 and based upon the closing price of our Common Stock of \$45.56 on November 13, 2013, utilizing a lattice model. The actual value of these awards will be determined based upon the actual number of performance shares that vest at the end of the performance period on September 30, 2016, and the closing price of our Common Stock on September 30, 2016. As described below, the threshold number of shares would be 50 percent of the target award amount, while the maximum number of shares that may be awarded would equal 150 percent of the target award amount.

The number of FY 2014 TSR Performance Shares earned will be determined based on the following table:

Relative TSR Percentile	% of Target Award to Vest
-------------------------	------------------------------------

< 27th	0
27th (threshold)	50%
36th	60%
45th	70%
55th	85%
64th (target)	100%
73rd	120%
82nd	135%
91 st (maximum)	150%

The stated percentiles are approximate due to rounding and the performance/payout between the stated percentiles is interpolated.

FY 2014 NFE Performance Shares

In November 2013, the LDCC also approved the grant of FY 2014 NFE Performance Share awards with performance criteria based upon the Company's NFE growth, pursuant to the 2007 Plan. Each FY 2014 NFE Performance Share is equal to one share of Common Stock. The FY 2014 NFE Performance Shares vest, if at all, based upon our average annual NFE per basic share growth rate over the 36-month period beginning on October 1, 2013, and ending on September 30, 2016. The NFE growth targets require growth over the three-year period and were designed to challenge our executives by being aggressive, but achievable, and to encourage and reward continued growth in our NFE.

Name	Grant Date	Number of FY 2014 NFE Performance Shares (Target)	Grant Date Fair Value*		
			Threshold(\$)	Target(\$)	Maximum(\$)
Laurence M. Downes	11/13/2013	10,536	240,000	480,000	720,000
Glenn C. Lockwood	11/13/2013	1,553	35,385	70,770	106,155
Kathleen T. Ellis	11/13/2013	1,526	34,755	69,510	104,265
Mariellen Dugan	11/13/2013	1,284	29,250	58,500	87,750
Stephen D. Westhoven	11/13/2013	1,372	31,250	62,500	93,750

* Target amounts represent grant date fair value calculated in accordance with FASB ASC Topic 718 and based upon the closing price of our Common Stock of \$45.56 on November 13, 2013. The actual value of these awards will be determined based upon the actual number of performance shares that vest at the end of the performance period on September 30, 2016, and the closing price of our Common Stock on September 30, 2016. As described below, the threshold number of shares would be 50 percent of the target award amount, while the maximum number of shares that may be awarded would equal 150 percent of the target award amount.

No FY 2014 NFE Performance Shares will vest if performance does not meet the minimum threshold level. If the performance meets or exceeds the maximum expectations, 150 percent of the target number of awarded FY 2014 Performance Shares will be earned. Payout for performance between the measures for the minimum and maximum payout will be interpolated. The earned FY 2014 NFE Performance Shares will be delivered to participants at the end of the performance period, upon the determination of the LDCC that the performance objectives have been met. The number of FY 2014 NFE Performance Shares earned will be determined based upon the following table:

Average Annual NFE Per Basic Share (NFEPS) Growth Rate	Performance Shares Earned as a Percentage of Target Performance Shares
Less than 2%	0%
2%	50%
4%	100%
6% or greater	150%

The Average Annual NFE per Basic Share Growth Rate means the mathematical average of the annual NFEPS growth rates for the three fiscal years ended September 30, 2014, 2015 and 2016.

The annual NFEPS growth rate for a fiscal year (FY) will be calculated as follows:

$$\text{Annual NFEPS growth rate for FY} = ((\text{NFEPS}_{\text{FY}} - \text{NFEPS}_{\text{FY-1}}) / \text{NFEPS}_{\text{FY}}) \times 100$$

NFEPS_{FY} = NFE per share for fiscal year

$\text{NFEPS}_{\text{FY-1}}$ = NFE per share for the fiscal year prior to most recently completed fiscal year

Performance-Based Restricted Stock Award to Mr. Downes

In November 2013, Mr. Downes was granted Performance-Based Restricted Stock with performance criteria based upon NFE per basic share growth on an annual basis over three years. The Performance-Based Restricted Stock awarded to Mr. Downes may vest in up to three equal installments on September 30, 2014, September 30, 2015, and September 30, 2016 if the performance goal of increased NFE per basic share over the prior fiscal year for each annual vesting date is achieved.

Name	Number of Shares of Restricted Stock Granted	Grant Date Fair Value (\$)*
Laurence M. Downes	14,047	640,000

The performance goal of increased NFE per basic share for the year ended September 30, 2014 was met and certified by the LDCC on November 11, 2014, resulting in vesting of 4,682 shares for Mr. Downes.

Time-Vested Restricted Stock

In November 2013, the LDCC approved the grant of a time-vested restricted stock award to three of our named executive officers as recognition for superior performance during fiscal year 2013 and as a retention vehicle pursuant to the 2007 Plan. As set forth in the table below, on November 13, 2013, the LDCC granted awards of time-vested restricted stock to Mr. Lockwood, Ms. Ellis and Ms. Dugan as part of the long-term equity incentive program for fiscal year 2014. The LDCC makes time-vested restricted stock awards to motivate the named executive officers to perform over the three- year vesting period. The LDCC values time-vested restricted stock awards at the fair market value of the number of shares of our Common Stock on the date of grant. These shares of restricted stock vest in three equal annual installments beginning on the first anniversary of the grant on October 15, 2014, based on continued employment.

Name	Number of Shares of Restricted Stock Granted	Grant Date Fair Value (\$)*
Glenn C. Lockwood	2,071	94,360
Kathleen T. Ellis	2,034	92,680
Mariellen Dugan	1,712	78,000

* Represents full grant date fair value calculated in accordance with FASB ASC Topic 718 and based upon the closing price of our Common Stock of \$45.56 on November 13, 2013.

FY 2013 Deferred Retention Stock Award for Mr. Westhoven

A portion of Mr. Westhoven's annual incentive award for fiscal year 2013 was delivered in the form of Deferred Retention Stock. The Deferred Retention Stock awards are denominated in dollars and converted into deferred stock units based on the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues dividends. At the end of the deferral period on October 15, 2016, the deferred stock units will be paid out in shares of our Common Stock on a one-for-one basis, provided Mr. Westhoven complies with certain covenants, including non- competition and non-solicitation restrictions. As set forth in the table below, on November 13, 2013, the LDCC granted the Deferred Retention Stock award to Mr. Westhoven.

Name	Number of Deferred	Grant Date Fair Value of
-------------	-----------------------------------	---

	Stock Units Granted	Award (\$)*
Stephen D. Westhoven	4,390	200,000

* Represents the grant date fair value of the deferred stock units granted based upon the closing price of our Common Stock of \$45.56 on November 13, 2013, the date of grant.

Performance-Based Long-Term Equity Incentive Awards Granted in Prior Fiscal Years

FY 2013 TSR Performance Shares (based on Total Shareholder Return)

In November 2012, the LDCC approved the grant of performance share awards based upon our TSR (the FY 2013 TSR Performance Shares) to each of the named executive officers. Each FY 2013 TSR Performance Share is equal to one share of Common Stock. The FY 2013 TSR Performance Share awards are eligible for vesting at the end of a 33-month performance period beginning on January 1, 2013, and ending on September 30, 2015, based on relative company TSR versus the established comparator group used for compensation purposes, which is described under Elements of Our Compensation Program for Named Executive Officers *Comparator Group Analysis* on page 32 above. The number of FY 2013 TSR Performance Shares earned will be determined based on the same payout table as shown on page 44 under *FY 2014 TSR Performance Shares*.

Through September 30, 2014, our TSR for the FY 2013 TSR Performance Shares has ranked us 4th against the 2014 Peer Group, which would result in a payout of 100 percent if the performance period were to end on that date. The actual number of shares that will be earned by the named executive officers will be determined at the end of the performance period on September 30, 2015.

FY 2012 NFE Performance Shares (based on NFE Compound Growth Rate)

In November 2011, the LDCC approved the grant of performance share awards with performance criteria based upon the Company's NFE growth, pursuant to the 2007 Plan (the FY 2012 NFE Performance Shares). Each NFE Performance Share is equal to one share of Common Stock. The FY 2012 NFE Performance Shares vested based upon our cumulative compound NFE per share growth rate over the 36-month period beginning on October 1, 2011, and ending on September 30, 2014. The NFE growth targets required NFE growth over the three-year period and were designed to challenge our executives by being aggressive, but achievable, and to encourage and reward continued growth in our NFE.

No FY 2012 NFE Performance Shares would have vested if performance did not meet the minimum threshold level. If the performance met or exceeded the maximum expectations, 150 percent of the target number of awarded FY 2012 NFE Performance Shares would have been earned. Performance between the measures for the minimum and maximum payout is interpolated. The earned FY 2012 NFE Performance Shares were delivered to participants at the end of the performance period, upon the determination of the LDCC that the performance objectives had been met. The actual three-year cumulative compound NFE per basic share growth rate and the actual number of FY 2012 NFE Performance Shares vested are displayed in the following table:

Three-Year Cumulative Compound NFE Per Basic Share Growth Rate	Performance Shares Earned as a Percentage of Target Performance Shares
Less than 2%	0%
2%	50%
4%	100%
6% or greater	150%
Actual: 11.4%	150%

Retirement Programs

Our retirement programs for senior executives provide an opportunity for each participating executive, through long-term service to us, to receive a pension or other forms of retirement benefits. Our named executive officers participate in the New Jersey Natural Gas Company Plan for Retirement Allowances for Non-Represented Employees (the Non-Represented Plan), which is a trustee noncontributory defined benefit retirement plan. Our named executive officers also participate in our 401(k) Plan, which is a trustee defined contribution plan. All of our non-represented employees hired on or after October 1, 2009, are covered by an enhanced defined contribution plan feature of our 401(k) Plan instead of the Non-Represented Plan. These plans provide retirement benefits to broad groups of employees and executives. Our named executive officers also participate in the Savings Equalization Plan of NJR, which we refer to as the SEP, and the Pension Equalization Plan of NJR, which we refer to as the PEP, both of which are unfunded non-qualified plans. These plans provide benefits that would have been made under the Non-Represented Plan and the 401(k) Plan, but for the limitations on compensation and contributions imposed by

Sections 401(a)(4), 401(a)(17), 401(k), 401(m) and 415 of the Internal Revenue Code. In addition, the named executive officers and certain other officers have supplemental retirement agreements. Under the Supplemental Executive Retirement Plan Agreements, which we also refer to as SERP Agreements, benefits are payable over a 60-month period commencing at age 65. At projected retirement, the total maximum amount payable to our Chief Executive Officer under his SERP Agreement is currently \$250,000. Mr. Lockwood, Ms. Ellis, Ms. Dugan and Mr. Westhoven would each be entitled to maximum amounts of \$125,000 under their respective SERP Agreements. These are described more fully in the narrative following the Pension Benefits table on page 61 of this Proxy Statement.

We also sponsor health care plans that provide post-employment medical and life insurance benefits to union and non-union employees who meet the eligibility requirements. Retirees must meet certain age and service requirements to be eligible. Depending on the year of retirement, benefits may be subject to annual deductibles, coinsurance requirements, lifetime limits and retiree contributions. As of September 30, 2014, with the exception of

Mr. Downes, none of the named executive officers have completed the age and service requirements to be eligible for post-employment health coverage.

Severance Policies

Severance protection is provided to our senior executives in their employment continuation agreements with the Company (Employment Continuation Agreements) and only in the event that a senior executive is terminated following a change in control. This protection is designed to be fair and competitive and to aid in attracting and retaining experienced executives. When recruited from another company, the executive generally will seek to be protected in the event he or she is terminated without cause or we take actions giving the executive good reason to terminate employment. We believe that the protection we provide, including the level of severance payments and post-termination benefits, is appropriate and within the range of competitive practice.

Severance protection following a change in control provides a number of important benefits to us. First, it permits an executive to evaluate a potential change in control while relatively free of concern for the executive's own situation or the need to seek employment elsewhere. Second, change in control transactions take time to unfold, and a stable management team can help preserve our operations either to enhance the value delivered to a buyer in the transaction or, if no transaction is consummated, to ensure that our business will continue without undue disruption. Finally, we believe that the change in control protections in place encourage management to consider, on an ongoing basis, whether a strategic transaction might be advantageous to our shareholders, even one that would vest control of the Company in a third party. The LDCC believes that the potential cost of executive change in control severance payments and benefits, as a percentage of the potential buyout price, would be well within the range of reasonable industry practice and represents an appropriate cost relative to the benefits to our shareholders and us.

On February 20, 2007, we entered into Employment Continuation Agreements with Mr. Downes, Ms. Dugan, Ms. Ellis, Mr. Lockwood and Mr. Westhoven. The Employment Continuation Agreements provide each executive certain rights in the event that his or her employment is terminated within two years following the occurrence of a Change of Control (as defined in the agreements) (i) by us without Cause (as defined in the agreements) or (ii) by the executive for Good Reason (as defined in the agreements). Subject to the limitation described below in the next paragraph, upon either such termination of employment the executive, in the case of Mr. Downes, will receive three times the sum or, in the case of the other executives, two times the sum, of (x) annual base salary and (y) the average of annual bonuses paid or payable with respect to the last three calendar years ended prior to the Change of Control. The Employment Continuation Agreements further provide that if any such executive is subject to the so-called golden parachute excise tax imposed under Section 4999 of the Internal Revenue Code, we must make an additional payment to the executive in an amount sufficient to place the executive in the same after-tax position as if no such excise taxes had been imposed.

As a condition of the right of the executive to receive payments under the Employment Continuation Agreements, the executive must enter into a binding agreement that, without the written consent of the Board, the executive will not for a period of two years, acting alone or in conjunction with others, directly or indirectly

engage (either as owner, investor, partner, shareholder, employer, employee, consultant, advisor or director) in any business in which he or she has been directly engaged on behalf of us or any affiliate, or has supervised as an executive thereof, during the last two years prior to such termination, or which was engaged in or planned by us or an affiliate at the time of such termination, in the geographic area of New York, New Jersey, Pennsylvania, or Delaware and in which such business was conducted or planned to be conducted induce any customers of the Company or any of our affiliates with whom the executive has had contacts or relationships, directly or indirectly, during and within the scope of his or her employment with the Company or any of our affiliates, to curtail or cancel their business with us or any such affiliate

induce, or attempt to influence, any employee of the Company or any of our affiliates to terminate employment solicit, hire or retain as an employee or independent contractor, or assist any third party in the solicitation, hire or retention as an employee or independent contractor, any person who during the previous 12 months was an employee of the company or any affiliate, provided, however, that activities engaged in by or on behalf of the Company are not restricted by this covenant

The Employment Continuation Agreements are described in more detail below in the section entitled **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL** beginning on page 63 of this Proxy Statement.

Deferred Compensation

To enhance the competitiveness of our executive compensation program and, therefore, its ability to attract and retain qualified key personnel necessary for our continued success and progress, we provide an Officers' Deferred Compensation Plan to provide a select group of management or highly compensated employees of the company and its affiliates a means to defer receipt of specified portions of compensation and to have such deferred amounts treated as if invested in specified investment vehicles. Participants in the Officers' Deferred Compensation Plan may defer the receipt of compensation or awards, which may be in the form of cash, stock or stock-denominated awards, including salary, annual bonus awards, long-term awards and compensation payable under other plans and programs, employment agreements or other arrangements. Deferrals under the Officers' Deferred Compensation Plan must comply with the requirements of Section 409A of the Internal Revenue Code, U.S. federal income tax laws and Treasury Regulations. All of the named executive officers are eligible to participate in the Officers' Deferred Compensation Plan. Non-qualified Deferred Compensation is described in more detail below in the section entitled *Non-qualified Deferred Compensation* beginning on page 62 of this Proxy Statement.

Other Benefits

The LDCC believes employee benefits are an essential component of our competitive total compensation package. These benefits are designed to attract and retain our employees. The named executive officers may participate in the same benefit plans as our salaried employees, which include medical, health and dental insurance, long-term disability insurance, accidental death and disability insurance, travel and accident insurance and our 401(k) Plan. As part of the 401(k) Plan, we generally match 60 percent of the first six percent of compensation contributed by the employee into the 401(k) Plan subject to the Internal Revenue Code and our 401(k) Plan limits. The matching contribution is scheduled to increase from 60 percent to 65 percent of the first six percent of compensation contributed as of January 1, 2015. The matching contribution is limited to 50 percent for certain represented employees of NJRHS who transferred from NJNG and are currently accruing pension benefits. We have disclosed all company matches for our named executive officers in the column labeled **All Other Compensation**, in the Summary Compensation Table on page 53, and separately disclosed each amount in Footnote 5 to that table on page 54 of this Proxy Statement.

The LDCC provides our executives, including named executive officers, with additional benefits that we believe provide security for current and future needs of the executives and their families and therefore assist in attracting and retaining them. These other benefits are structured to be within the competitive range relative to our comparator group. In general, we do not provide our executives with many of the types of perquisites that other companies offer their executives, such as personal use of a corporate jet. The additional benefits we provide or have provided to some of our executives consist of the following and are included in the amounts set forth in the column labeled **All Other Compensation**, in the Summary Compensation Table on page 53, and separately disclosed in Footnote 5 to that table on page 54 of this Proxy Statement: car allowance, preventative health maintenance program and executive insurance program. In addition to the cash and equity compensation discussed above, we provide our Chief Executive Officer and the other named executive officers with the same benefits package available to all of our salaried employees. The package includes:

- Health and dental insurance (portion of costs)
- Basic life insurance
- Long-term disability insurance
- Participation in our 401(k) Plan, including company matching contributions

Participation in our Non-Represented Plan, which is available to all non-union employees who were employed before October 1, 2009

Matching certain charitable contributions

For business purposes it may be appropriate for certain members of senior management to belong to a golf or social club so that such executives have an appropriate entertainment forum for customers and appropriate interaction with their communities.

Share Ownership Guidelines

The LDCC believes it is important to align the interests of senior management with our shareholders. While the LDCC considers this principle when determining the appropriate mix of base salary, annual incentive awards and long-term equity incentive awards, the LDCC also established share ownership guidelines that encourage the accumulation and retention of our Common Stock. We believe that executive ownership is important to create a mutuality of interest with shareholders. Therefore, executive officers are required to meet established share ownership levels. These guidelines are subject to annual review by the LDCC and were amended during fiscal year 2014 to remove a requirement that the guidelines be met by a specific date in light of the share retention policy described below.

Under the share ownership guidelines, officers of the Company are required to own shares of Company common stock with a total share value as set forth below (required common stock ownership amount is determined as a multiple of the officer's base salary):

Position	Minimum Common Stock Ownership Requirement
Chief Executive Officer	5 x Base Salary
Named Executive Officers	3 x Base Salary
Other Officers	1 x Base Salary

Until an officer achieves the minimum share ownership under the guidelines described above, he or she must retain 100 percent of all shares of Company common stock that he or she owns and 50 percent of all shares vested (after tax) after August 13, 2013. Compliance with these guidelines will be determined annually using the closing price of the Company's Common Stock on the last day of the fiscal year (or the last trading day.) Once the minimum share ownership threshold is achieved, sufficient shares must be retained by the officer to meet the minimum share ownership requirement continuously throughout the year.

Anti-Hedging and Pledging Policy

To ensure alignment of the interests of our shareholders, directors and executive officers, including our named executive officers, the Company's Code of Conduct does not permit directors, officers or employees to engage in short-term or speculative transactions involving the Company's securities, including short sales, publicly-traded options, hedging, or pledging the Company's securities as collateral.

United States Federal Income Tax Limits on Deductibility

Section 162(m) of the Internal Revenue Code generally precludes a tax deduction by any publicly-held company for compensation paid to any covered employee to the extent the compensation paid to such covered employee exceeds \$1 million during any taxable year of the company. Covered employees include the Chief Executive Officer of the company and the three other highest paid officers of the company (other than the Chief Executive Officer or the Chief Financial Officer). The \$1 million deduction limit, however, does not apply to qualified performance-based compensation that is based on the attainment of pre-established, objective performance goals established under a

shareholder-approved plan. We consider the impact of this exclusion when developing and implementing our executive compensation programs. We believe that it is important to preserve flexibility in administering compensation programs in a manner designed to promote various corporate goals. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m) of the Internal Revenue Code. Amounts paid under any of our compensation programs, including salaries, annual incentive awards, performance awards and grants of restricted stock and deferred stock units, may not qualify as performance-based compensation that is excluded from the Section 162(m) limitation on deductibility.

The rules and regulations promulgated under Section 162(m) of the Internal Revenue Code are complicated and subject to change from time to time, sometimes with retroactive effect. There can be no guarantee, therefore, that amounts potentially subject to the Section 162(m) limitations will be treated by the Internal Revenue Service as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code and/or deductible by the Company. A number of requirements must be met under Section 162(m) of the Internal Revenue Code in order for particular compensation to so qualify for the exception, such that there can be no assurance that qualified performance-based compensation under the 2007 Plan will be fully deductible under all circumstances. In addition, other awards under the 2007 Plan, such as time-vested restricted stock and restricted stock units, generally will not qualify for the exception under Section 162(m) of the Internal Revenue Code, so that compensation paid to certain covered employees in connection with such awards may, to the extent it and other compensation subject to Section 162(m) of the Internal Revenue Code's deductibility cap exceed \$1 million in a given taxable year, not be deductible by the Company as a result of Section 162(m) of the Internal Revenue Code. Compensation to certain employees resulting from vesting of awards in connection with a change in control or termination following a change in control also may be non-deductible under Internal Revenue Code Sections 4999 and 280G.

Advisory Votes on Executive Compensation

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the subsequent rules and regulations promulgated by the SEC, we are including a non-binding advisory resolution approving the compensation of our named executive officers. The vote on this proposal will be non-binding on the Board and us and will not be construed as overruling a decision by the Board or us. This vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Board or us. However, the LDCC values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future decisions on executive compensation, as it deems appropriate.

At the 2014 Annual Meeting of Shareholders, over 96.1 percent of the shares cast on the proposal were voted for the non-binding advisory resolution approving the compensation of our named executive officers. In light of that result, the Board of Directors implemented similar objectives, program and rationale for the compensation of our named executive officers in fiscal year 2014, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages 26 through 74 in this Proxy Statement.

In addition, at the 2011 Annual Meeting of Shareholders a large majority of our shareholders approved, on a non-binding basis, the holding of the non-binding vote on the compensation of our named executive officers on an annual basis. As previously disclosed, the Board of Directors and management determined to implement an annual advisory vote on the compensation of our named executive officers. As a result, we are including the non-binding advisory resolution approving the compensation of our named executive officers again in this Proxy Statement. See Item 2 on page 76 of this Proxy Statement.

The Leadership Development and Compensation Committee Report will not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed filed under such Acts.

Compensation Risk Assessment

As part of its oversight of our executive compensation program, the LDCC considers the impact of our executive compensation program, and the incentives created by the compensation awards that it administers, on our risk profile. In addition, we review all our compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk-taking, to determine whether they present a significant risk to us. At the LDCC's direction, FW Cook provided the LDCC with a risk assessment of our compensation policies and practices. Based on its independent assessment, FW Cook concluded that our compensation policies and practices for employees do not create risks that are reasonably likely to have a material adverse effect on us.

The LDCC reviewed the findings of the assessment, including the FW Cook assessment, and concluded that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and that the balance of compensation elements discourages excessive risk-taking. The LDCC, therefore, determined that the risks arising from our compensation policies and practices for employees are not reasonably likely to have a material adverse effect on us. The LDCC will continue to consider compensation risk implications while deliberating the design of our executive compensation programs. In its discussions, the LDCC considered the attributes of our programs, including:

- Appropriate pay philosophy, peer group and market positioning in light of NJR's business model
- Balance with respect to the mix of cash and equity compensation; and measures of performance against both annual and multi-year standards
- Short and long-term incentives focused on profitability, with consideration of other critical stakeholder issues; realized value from long-term incentives linked to absolute and relative stock price performance
- Performance goals are set at levels that are sufficiently high to encourage strong performance and support the resulting compensation expense, but within reasonably attainable parameters to discourage pursuit of excessively risky business strategies
- Long-term incentives generally have multi-year vesting and performance is measured over a multi-year period to ensure a long-term focus and appropriate balance against short-term goals
- Short- and long-term incentive payouts generally capped at 150 percent of target
- Incentive pool for NJRES plan participants is uncapped; however, the following risk mitigators are in place (i) incentive pool funding and allocation of awards are subject to Committee discretion, (ii) practice has been to pay at

least 50 percent of incentive in Deferred Retention Stock, and (iii) awards are subject to a clawback provision
Independent Committee oversight, with Committee discretion to reduce incentives based on subjective evaluation
of individual performance

Substantial stock ownership guidelines and anti hedging/pledging policies

- 2014 is set forth in the section entitled "Option Exercises and Stock Vested" on page 60 of this Proxy Statement.
- (3) The amounts represent cash awards to the named executive officers other than Mr. Westhoven under our performance-based annual incentive plan for fiscal years 2014, 2013 and 2012, which is discussed in the section entitled "Annual Incentive Awards" beginning on page 34 of this Proxy Statement. In the case of Mr. Westhoven, his award is paid under a separate plan for NJRES employees, as discussed beginning on page 41 of this Proxy Statement. While the amounts for all of the named executive officers were earned for fiscal year 2014, fiscal year 2013 and fiscal year 2012 performance, as the case may be, they were not paid to the named executive officers until November 2014, November 2013 and November 2012, respectively.
- (4) The amounts shown in this column represent the change in the actuarial present value of the accumulated benefits under all of our pension plans for the named executive officers. For each named executive officer, the change in the pension value was calculated using the same actuarial assumptions, with the exception of turnover, retirement, disability, pre-retirement mortality and election of optional forms of payment as used to compute the accumulated benefit obligations as of September 30, 2014, 2013 and 2012, as stated in our Annual Report on Form 10-K for the years ended September 30, 2014, 2013 and 2012, respectively. These assumptions included an interest rate of 4.30 percent as of September 30, 2012, 5.15 percent as of September 30, 2013, and 4.55 percent as of September 30, 2014. The present value of the benefits has been calculated assuming the named executive officers stay in employment until the earliest age the executive could collect a benefit without reduction for early retirement and received their benefit as a life annuity. The assumed age of payment is 60 for each of the named executive officers with the exception of Ms. Ellis who has an assumed age of payment of 65. The change in the actuarial present value of the accumulated pension benefits under our pension plan for the fiscal year ended September 30, 2014 reflects (i) the value of benefits accrued this fiscal year plus (ii) the increase in value of previously accrued benefits due to time and (iii) the change in value for benefits accrued in all prior years of employment due to the change in the interest rate and mortality table used to determine the value of the pensions. For the named executive officer group as a whole, approximately forty percent of the increase in value of benefits for 2014 was attributable to the change in mortality table and the change in interest rate used to value the benefits from 5.15 percent to 4.55 percent. Another forty percent of the increase in value was due to the increase in the benefits to be paid. The remaining twenty percent of the increase in value was attributable to the passage of time. The largest contribution to the change in fiscal year 2013 was the change in interest rate used to value the benefits from 4.30 percent to 5.15 percent, and for fiscal year 2012 was the change in the mortality table and the change in interest rate used to value the benefits from 5.25 percent to 4.30 percent. The interest rate used to determine the present value is set each year in accordance with GAAP to match the yield of AA/AAA bonds with similar duration at the end of the fiscal year and is reviewed by our independent actuaries and accountants. A zero is shown in those cases where the present value of accumulated benefits declined during 2013 due to the impact of the increase in the interest rate used to value the benefit. The present value of accumulated benefits declined by \$137,342, \$35,183 and \$45,812 for Mr. Downes, Mr. Lockwood and Mr. Westhoven, respectively.
- (5) The table below reflects the types and dollar amounts of perquisites, additional compensation and other personal benefits provided to the named executive officers during fiscal year 2014. For purposes of computing the dollar amounts of the items listed below, we used the actual out-of-pocket costs to us of providing the perquisite or other personal benefit to the named executive officer. The named executive officers paid any taxes associated with these benefits without reimbursement from us. Each perquisite and personal benefit included in the table below is described in more detail in the narratives immediately following the table:

- (a) We provide a car allowance to certain executive officers, including our named executive officers other than Mr. Downes. The purpose of the car allowance is to make our compensation program competitive with other companies and because cars are predominantly used for business purposes. The amount shown for Mr. Downes represents the portion of the cost of a company-owned automobile used by Mr. Downes that relates to his personal use.
- (b) The amounts listed represent aggregate premiums we paid in fiscal year 2014 for our group life insurance policy, for a Directors and Officers Travel Insurance Policy and an insurance policy that is used to support our obligations under the SERP agreements with each of the named executive officers.
- (c) Each named executive officer is eligible to participate in our 401(k) Plan, which offers them an opportunity to defer income and receive matching contributions from us subject to certain limits. The amounts set forth in the table above represent company contributions under our 401(k) Plan and our SEP for fiscal year 2014. Information about the 401(k) Plan and SEP is set forth in the section entitled **Pension Benefits** beginning on page 60 of this Proxy Statement.
- (d) Each named executive officer is eligible to participate in our matching gifts programs in which we match employees' contributions to certain charities and qualified educational institutions. Each of the named executive officers participated in the matching gifts program.

Grants of Plan-Based Awards

The following table presents information regarding grants of plan-based awards to the named executive officers during the fiscal year ended September 30, 2014.

The actual amount of the annual incentive award earned by each named executive officer for fiscal year 2014 is reported in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table on page 53 of this Proxy Statement. For additional information with respect to the fiscal year 2014 annual incentive awards please see Compensation Discussion and Analysis beginning on page 26 of this Proxy Statement.
- (2) The values under this column represent the number of FY 2014 TSR Performance Shares and FY 2014 NFE Performance Shares granted to the named executive officers pursuant to the 2007 Plan and shows potential threshold, target or maximum payout amounts at the end of the 33 month performance period on September 30, 2016, in the case of the FY 2014 TSR Performance Shares and the end of the 36 month performance period on September 30, 2016 in the case of the FY 2014 NFE Performance Shares. The method of determination of actual payout amounts is described in more detail under *FY 2014 TSR Performance Share Awards* and *FY 2014 NFE Performance Share Awards* on page 44 and page 45 of this Proxy Statement, respectively.
- (3) In the case of Mr. Downes, represents the number of shares of performance-based restricted stock granted on November 13, 2013, with performance criteria based upon NFE per basic share growth on an annual basis over three years as described in more detail under *Performance-Based Restricted Stock Award to Mr. Downes* on page 45. The first tranche of the Performance-Based Restricted Stock Award vested upon the LDCC's certification that the performance goal was met on November 11, 2014. The values for the other named executive officers represent Time-Vested Restricted Stock Awards and Deferred Retention Stock Awards granted

during fiscal year 2014 as described in more detail under *Time-Vested Restricted Stock Awards* and *FY 2013 Deferred Retention Stock Award for Mr. Westhoven* on page 46 of this Proxy Statement.

- (4) Amounts shown represent the grant date fair value of each equity award calculated in accordance with FASB ASC Topic 718. For a full description of the assumptions used by us in computing these amounts, see Note 9 to our consolidated financial statements, which is included in our Annual Report on Form 10-K for the year ended September 30, 2014 and incorporated by reference into this Proxy Statement. The actual value a named executive officer may receive depends on market prices. There can be no assurance that the amounts reflected in the *Grant Date Fair Value of Stock and Option Awards* column will be realized.

2007 Stock Award and Incentive Plan

Shareholders approved the 2007 Plan at the Annual Meeting held in January 2007. Shareholders re-approved the material terms of the performance goals under the 2007 Plan at our Annual Meeting in January 2013.

Executive officers and all other employees of the Company and our subsidiaries, non-management directors serving on the Board and others who provide substantial services to the Company and our subsidiaries and affiliates are eligible for awards under the 2007 Plan. The LDCC administers the 2007 Plan. The selection of participants and the nature and size of the awards granted to participants is subject to the LDCC's discretion. As of September 30, 2014, approximately 379,888 shares of Common Stock were subject to outstanding awards under our equity compensation plans and 1,245,325 shares of Common Stock were available for future awards under our equity compensation plans.

Consistent with the requirements of the NYSE, the 2007 Plan includes a restriction providing that we will not amend or replace options or SARs previously granted under the 2007 Plan in a transaction that constitutes a repricing without shareholder approval.

Pension Benefits

We provide defined contribution and/or defined benefit retirement benefits to substantially all employees who meet vesting and other requirements. Our qualified defined benefit plan for non-represented employees is the New Jersey Natural Gas Company Plan for Retirement Allowances for Non- Represented Employees (Non-Represented Plan), and our qualified defined benefit plan for represented employees is the New Jersey Natural Gas Company Plan for Retirement Allowances for Represented Employees (Represented Plan). Our qualified defined contribution plan is our 401(k) Plan. All represented employees of NJRHS hired on or after October 1, 2000, all represented employees of NJNG hired on or after January 1, 2012 and all of our non-represented employees hired on or after October 1, 2009, are covered by an enhanced defined contribution plan feature of our 401(k) Plan instead of the Represented Plan or Non-Represented Plan. Each of the named executive officers participates in the Non-Represented Plan and our 401(k) Plan. The retirement benefit under the Non-Represented Plan is based on years of service and highest 60-month average compensation.

In addition to the Non-Represented Plan, the Represented Plan and the 401(k) Plan, we sponsor the Savings Equalization Plan (SEP) and the Pension Equalization Plan (PEP), both of which are non-qualified plans. Each of the named executive officers is or may become eligible for PEP and SEP benefits. Benefits will be paid under the PEP and the SEP to the extent that benefits are not payable by the Non-Represented Plan and the 401(k) due to the

application of Sections 401(a)(17), 401(k), 401(m) and 415 of the Internal Revenue Code. The PEP and the SEP are unfunded, with benefit payments paid from our corporate assets. The PEP also provides for additional credited service for certain senior executives who were hired mid-career. Ms. Ellis was credited for five additional years of service after she completed five years of service on December 1, 2009.

We also sponsor health care plans that provide post-employment medical and life insurance benefits to union and non-union employees who meet the eligibility requirements. To be eligible, retirees must meet certain age and service requirements. Depending on the year of retirement, benefits may be subject to annual deductibles, coinsurance requirements, lifetime limits and retiree contributions. As of September 30, 2014, with the exception of Mr. Downes, none of the named executive officers have completed the age and service requirements to be eligible for post-retirement health coverage.

The following table presents information concerning each of our defined benefit plans that provide for payments or other benefits to the named executive officers at, following or in connection with retirement. For each named executive officer, the present value of accumulated benefit in the table below was calculated using actuarial assumptions including an interest rate of 4.55 percent as of September 30, 2014. The present value of the benefits has been calculated assuming the named executive officers stay in employment until the earliest age the executive could collect a benefit without reduction for early retirement. The assumed age of payment is 60 for Messrs. Downes, Lockwood, Westhoven and Ms. Dugan. The assumed age of payment is age 65 for Ms. Ellis.

Pension benefits are payable at age 65. Benefits may be paid as early as age 55 upon completion of 20 years of service. Benefits collected prior to age 60 and completion of 20 years of service (excluding disability retirements) are subject to early commencement reductions up to 50 percent, depending on age at the time of commencement.

The number of years of credited service for the named executive officers assuming their continued employment by us until age 65 is set forth below:

Name	Years of Credited Service at 65	Years of Credited Service as of September 30, 2014
Laurence M. Downes	38	30
Glenn C. Lockwood	38	26
Kathleen T. Ellis	18	15
Mariellen Dugan	26	9
Stephen D. Westhoven	43	24

To the extent benefits that would otherwise be payable to an employee under the Non-Represented Plan and the 401(k) Plan exceed the specified limits on such benefits imposed by the Internal Revenue Code, we expect to pay such excess benefits to the employee at the time the employee receives payment under the respective plan. These excess benefit payments would be made from our general funds.

Supplemental Retirement Agreements

We have supplemental retirement agreements (SERP Agreements) with each of the named executive officers and certain other officers not named in the Summary Compensation Table, payable over a five-year period commencing with retirement at age 65. At projected retirement, the total maximum amount payable to Mr. Downes under his SERP Agreement is currently \$250,000. Messrs. Westhoven and Lockwood, Mses. Ellis and Dugan would each be entitled to maximum amounts of \$125,000 under their respective SERP Agreements.

Defined Contribution Plan

We offer eligible employees the opportunity for participation in our 401(k) Plan. Generally, we match 60 percent of participants' contributions up to six percent of base compensation subject to Internal Revenue Code and 401(k) Plan limits. The matching contribution is scheduled to increase from 60 percent to 65 percent of the first six percent of compensation contributed as of January 1, 2015. The match will increase to 70 percent of the first six percent of compensation contributed for certain represented employees of NJRHS effective January 1, 2016. The matching contribution is limited to 50 percent for certain represented employees of NJRHS who transferred from NJNG and are currently accruing pension benefits.

For represented NJRHS employees hired on or after October 1, 2000, represented employees of NJNG hired on or after January 1, 2012, and non-represented employees beginning employment after October 1, 2009, who are not eligible for participation in the defined benefit plans, we contribute between three and four percent of base compensation, depending on years of service, into the 401(k) Plan on their behalf.

Non-qualified Deferred Compensation

The following table presents information concerning the NJR Officers' Deferred Compensation Plans that provide for the deferral of compensation of several of the named executive officers on a basis that is not tax qualified. We do not make matching contributions under these plans. For additional information with respect to our non-qualified deferred compensation arrangements, please see Compensation Discussion & Analysis - Deferred Compensation on page 49 of this Proxy Statement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

We believe our senior management and key employees are responsible for our success, and therefore it is important to provide reasonable protection to them in the event of a potential loss of employment following a change of control. It is our belief that the interests of shareholders will be best served if the interests of our senior management are aligned with them, and providing change in control benefits should offset any reluctance by senior management to pursue potential change in control transactions that may be in the best interests of shareholders. We also believe our arrangement facilitates the recruitment of talented executives by providing protections in the event we are acquired. We believe that relative to the overall value of any potential transaction, these potential change in control benefits are reasonable.

2007 Plan

Under the 2007 Plan, in the event of a change of control (as defined in the 2007 Plan), the Board may, among other things, accelerate the entitlement to outstanding benefits awarded thereunder. Pursuant to the 2007 Plan, a change of control will be deemed to have occurred if

Beneficial ownership of 50 percent or more of our outstanding securities entitled to vote in elections of directors shall be acquired within a 12-month period, by any person, entity or group

There is a change in any 12-month period in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by our shareholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the year

Consummation of a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of our assets, or a complete liquidation as a result of which the shareholders immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in the 2007 Plan) of the acquiring or surviving corporation occurs.

All of our named executive officers' equity awards under the 2007 Plan contain such change of control provisions that provide for the full acceleration of vesting of such equity awards upon a change of control. Beginning in fiscal year 2015, all of the equity awards are subject to double-trigger vesting requiring a qualified termination following a change of control before acceleration of vesting.

Supplemental Retirement Agreements

Pursuant to the SERP Agreements we have with each of the named executive officers, in the event of a change of control, the right to the amounts payable to each of them becomes immediately vested and such amounts are immediately payable in the event of a subsequent termination of employment for any reason. A change of control is defined in the SERP Agreements as a reportable change of control under the proxy rules of the SEC, including the acquisition within a 12-month period of a 50 percent beneficial voting interest in us, or a change in any 12-month period in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by our shareholders, of each new director was approved by a vote of at least a majority of the directors then still in office who were directors at the beginning of the year.

Employment Continuation Agreements

On February 20, 2007, we entered into agreements that were amended on November 28, 2008 or, in the case of Mr. Westhoven, December 31, 2008, (as amended, the Employment Continuation Agreements) with each of the named executive officers (each an Executive and collectively, the Executives) that, in the case of Mr. Downes, Ms. Ellis, Mr. Lockwood and Mr. Westhoven, replaced existing employment continuation agreements with us. The Employment Continuation Agreements provide each Executive certain rights in the event that his or her employment with us is

terminated within two years following the occurrence of a change of control (as defined below) (i) by us without Cause (i.e., conviction of a felony, gross neglect, willful malfeasance or willful gross misconduct that has had a significant adverse effect on our business or repeated material willful violations of the Executive's duties that have continued after written notice thereof by us and that result in material damage to our business or reputation) or (ii) by the Executive for Good Reason (e.g., due to a material breach of the agreement by us, including, without limitation, a material adverse change in the executive's position or responsibilities or a reduction of the

executive's compensation). Subject to the limitation described below, upon either such termination of employment, the Executive, in the case of Mr. Downes, will receive three times the sum or, in the case of the other Executives, two times the sum, of (x) his or her then annual base salary and (y) the average of his or her annual bonuses paid or payable with respect to the last three calendar years ended prior to the change of control. The Employment Continuation Agreements further provide that if any such Executive is subject to the so-called "golden parachute" excise tax imposed under Section 4999 of the Internal Revenue Code, we will make an additional payment to the Executive in an amount sufficient to place the Executive in the same after-tax position as if no such excise taxes had been imposed.

For purposes of the Employment Continuation Agreements, a "change of control" generally means:

the acquisition, within a 12-month period, by any person or group of beneficial ownership of securities representing 50 percent or more of the combined voting power of our securities, within any 12-month period, the persons who were our directors immediately before such period (the "Incumbent Directors") and directors whose nomination or election is approved by a majority of the Incumbent Directors and directors previously approved by the Incumbent Directors cease to constitute a majority of the Board, or the consummation of a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of our assets, or a complete liquidation as a result of which the shareholders immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in the Employment Continuation Agreements) of the acquiring or surviving corporation.

As a condition to the right of the Executive to receive payments under the Employment Continuation Agreements, the Executive must execute a release discharging the Company from any and all liability to the Executive and enter into a binding agreement that, without the written consent of the Board, the Executive will not for a period of two years, acting alone or in conjunction with others, directly or indirectly:

Engage (either as owner, investor, partner, shareholder, employer, employee, consultant, advisor or director) in any business in which he or she has been directly engaged on behalf of us or any affiliate, or has supervised as an Executive thereof, during the last two years prior to such termination, or which was engaged in or planned by us or an affiliate at the time of such termination, in the geographic area of New York, New Jersey, Pennsylvania or Delaware and in which such business was conducted or planned to be conducted.

Induce any customers of the Company or any of our affiliates with whom the Executive has had contacts or relationships, directly or indirectly, during and within the scope of his or her employment with the Company or any of our affiliates, to curtail or cancel their business with us or any such affiliate.

Induce, or attempt to influence, any employee of the Company or any of our affiliates to terminate employment. Solicit, hire or retain as an employee or independent contractor, or assist any third party in the solicitation, hire or retention as an employee or independent contractor, any person who during the previous 12 months was an employee of the Company or any affiliate provided, however, that activities engaged in by or on behalf of us are not restricted by this covenant.

The following tables summarize the value of the termination payments and benefits under the circumstances shown that our named executive officers would receive if their employment terminated on September 30, 2014, and the price per share of our Common Stock was \$50.51, the closing market price on September 30, 2014. The values in the tables are estimates of the amounts that would be paid to the named executive officers upon such termination. The actual amounts to be paid out can only be determined at the time of such named executive officer's separation from the Company.

The tables exclude amounts accrued through September 30, 2014, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and earned annual incentive award for the fiscal year ended September 30, 2014. The table also excludes vested account balances under the 401(k) Plan, which are generally available to all of our salaried domestic employees. In addition, the tables below reflect the hypothetical occurrence of

both a change of control and a concurrent termination of a named executive officer in accordance with such named executive officer's Employment Continuation Agreement, assuming this event took place on September 30, 2014.

(1) Mr. Downes was eligible to retire under our retirement policy as of September 30, 2014.

(2) Amount represents cash payment due to the named executive officer pursuant to the change of control double trigger (change of control and involuntary termination) in the executive's Employment Continuation Agreement.

(3) Amounts for deferred stock units (issued pursuant to the Deferred Stock Retention Awards) represent the value of Common Stock as of September 30, 2014. The FY 2014 TSR Performance Shares, FY 2014 NFE Performance Shares, FY 2013 TSR Performance Shares and the FY 2012 NFE Performance Shares (collectively, Performance Shares) vest subject to certain conditions and are paid in the form of shares of Common Stock on a one-for-one basis. Amounts for Performance Shares represent the value of Common Stock as of September 30, 2014. The

amounts in column (a), (b) and (c) for the Performance Shares reflect an estimated pro-rata payout based upon actual performance to date and based upon the number of days of the performance cycle the executive was still employed by us. The amounts in column (f) reflect an estimated payout based upon the actual performance to date. The amounts in columns (a), (b), (c) and (f) do not reflect the actual payout that would be determined at the end of the performance cycles for the FY 2014 NFE Performance Shares, the FY 2014 TSR Performance Shares and the FY 2013 Performance Shares as of September 30, 2016, September 30, 2016 and September 30, 2015, respectively. The shares of Performance-Based Restricted Stock vest subject to certain conditions and would be paid in the form of shares of restricted Common Stock on a one-for-one basis. The amounts in columns (b) and (c) for Performance-Based Restricted Stock represent the value of Common Stock as of September 30, 2014. The amounts in columns (a), (b) and (c) for the Performance-Based Restricted Stock reflect an estimated pro-rata payout of the target amount based upon actual performance to date and based upon the number of days of the performance cycle the executive was still employed by us. The amounts in column (a), (b), (c) and (f) for Performance-Based Restricted Stock do not reflect the actual payout that would be determined on the stated vesting dates of September 30, 2015 and September 30, 2016. The amounts in column (f) reflect an estimated payout based upon the actual performance to date.

- (4) For all columns except columns (b) and (c), amounts represent a monthly payment to the executive commencing at age 60, the earliest age at which unreduced benefits are available, assuming the triggering event occurred as of September 30, 2014, payable for the life of the executive, assuming with respect to columns (a), (d), (e), and (f), the executive elects the 50 percent joint and survivor annuity option, which is the default option under the Pension Plan. For column (b), the amount represents a monthly payment to the executive's survivor at September 30, 2014, payable for the life of the survivor. For column (c), the monthly payment is assumed to commence immediately and assumes the executive elects the straight life annuity option. Note for column (f) that Pension and SERP benefits are not enhanced on a change in control. The only benefits payable in such event are those regularly provided by the plans. The portion of the PEP benefit treated as deferred after December 31, 2004, is subject to Section 409A of the Internal Revenue Code. Mr. Downes is eligible to terminate or retire and collect his benefit immediately from the Non-Represented Plan and the portion of his PEP benefit earned prior to December 31, 2004. If he so elects, the benefits would be approximately fifty-five percent of the amounts that he would be entitled to receive at age 60.
- (5) The amounts represented in all columns would be payable within 30 days following the end of the calendar quarter in which the triggering event occurs. These payments are subject to Section 409A of the Internal Revenue Code.
- (6) The figures in columns (a), (b) and (f) represent the amount payable to Mr. Downes or his beneficiary, as applicable, in 60 monthly installments of \$4,166.67 beginning on the first day of the calendar month commencing with the month following the date of death or termination. For columns (c), (d) and (e), the amounts represent the cumulative termination benefit under the SERP Agreement as of September 30, 2014, payable in 60 equal monthly installments beginning at the later of Mr. Downes attaining the age of 65 or the date of his separation of service (as defined in the SERP Agreement). These amounts are subject to Section 409A of the Internal Revenue Code. Note for column (f) that Pension and SERP benefits are not enhanced on a change in control. The only benefits payable in such event are those regularly provided by the plans.
- (7) The amount in column (a) represents the annual premium the Company expects to pay for a life insurance benefit of \$75,000 to Mr. Downes, based upon current rates payable by the Company for retiree life insurance policies.
- (8) The amount listed in columns (b) and (c) is payable to the beneficiary only if the death or dismemberment is deemed to be accidental. The amount listed in column (c) assumes the maximum payout in the case of dismemberment.
- (9) The amount listed in column (b) is payable to the beneficiary only if the death occurs during travel or is deemed accidental.
- (10) The amount listed in columns (a) and (c) is based upon (i) a life expectancy for both Mr. Downes and his spouse of 85 years, (ii) an eight percent annual increase in coverage rates and represents the annual average medical premium payable by us, which is the total premium minus a retiree contribution of 10 percent of the premium. The amount listed in column (b) represents six months of Consolidated Omnibus Budget Reconciliation Act of 1985, or COBRA, dental coverage premiums to be paid by us, plus retiree medical benefits paid by us for Mr. Downes's spouse for her lifetime. CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our Board has adopted a written related person transaction policy that governs the review, approval or ratification of covered related person transactions. Our Audit Committee manages this policy. The policy generally provides that we may enter into a related person transaction only if:

the Audit Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy, the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party,

the transaction is approved by the disinterested members of the Board, or

the transaction involves compensation approved by the LDCC.

In the event our management determines to recommend a related person transaction to the Audit Committee, that transaction must be presented to the Audit Committee for approval. After review, the Audit Committee will approve or disapprove such transaction. Our management will update the Audit Committee as to any material change to the proposed related person transaction at each subsequently scheduled Audit Committee meeting. When our General Counsel, in consultation with our Chief Executive Officer or our Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the Audit Committee meeting, the Chairman of the Audit Committee possesses delegated authority to act on behalf of the Audit Committee. The Audit Committee or the Chairman approves only those related person transactions that are in, or not inconsistent with, our best interests and the best interests of our shareholders, as the Audit Committee or the Chairman determines in good faith.

For purposes of this policy, a related person transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we (or any of our subsidiaries) were, are or will be a participant, and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect interest. For purposes of determining whether a transaction is a related person transaction, the Audit Committee relies upon Item 404 of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended.

A related person is defined as:

Any person who is, or at any time since the beginning of our last fiscal year was, one of our directors or executive officers or a nominee to become one of our directors

Any person who is known to be the beneficial owner of more than five percent of any class of our voting securities

Any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, executive officer, nominee or more than five percent beneficial owner and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than five percent beneficial owner

Any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a five percent or greater beneficial ownership interest

Apart from the delivery of regulated natural gas service to any director or executive officer living in our service territory, there have been no related person transactions or proposed transactions since the beginning of fiscal year 2014 between our directors or executive officers, either directly or indirectly, and us. Additionally, there are no legal proceedings to which any director, officer, principal shareholder or any affiliate thereof, is a party that would be material and adverse to us.

**NON-BINDING PROPOSAL TO APPROVE
THE COMPENSATION OF OUR EXECUTIVE OFFICERS**

[Item 2 on proxy card]

Item 2

The compensation of our named executive officers is described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages 26 to 74 of this Proxy Statement.

The LDCC designs our named executive officers' compensation program to reward the achievement of our short-term and long-term objectives and relates the compensation to the value created for our shareholders. Our compensation program also reflects competition and best practices in the marketplace. The mix of compensation components is competitive with that of other companies of similar size and operational characteristics, links compensation to individual and corporate performance and encourages stock ownership by senior management. Based on its review of the total compensation of our named executive officers for fiscal year 2014, the LDCC believes that the total compensation for each of the named executive officers is reasonable and effectively achieves the objectives of aligning compensation with performance measures directly related to our financial goals and creation of shareholder value without encouraging our named executive officers to take unnecessary or excessive risks.

The Compensation Discussion and Analysis section of this Proxy Statement and the accompanying tables and narrative provide a comprehensive review of our named executive officer compensation objectives, program and rationale. We urge you to read this disclosure before voting on this proposal.

For the reasons stated above, we are requesting your non-binding approval of the following resolution:

RESOLVED, that the shareholders approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed in the Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table, the other related tables and the accompanying narrative.

Your vote on this proposal will be non-binding on the Board and us and will not be construed as overruling a decision by the Board or us. Your vote will not create or imply any change to our fiduciary duties or create or imply any additional fiduciary duties for the Board or us. However, the Board values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions, as it deems appropriate.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE NON-BINDING ADVISORY PROPOSAL APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

[Item 3 on proxy card]

Item 3

The shares represented by the proxies will be voted for approval of the ratification of the appointment of Deloitte & Touche LLP (unless otherwise indicated on proxy) as our independent registered public accounting firm (the auditors) to report to the shareholders on our financial statements for the fiscal year ending September 30, 2015. The Audit Committee approved in advance each professional service performed by Deloitte & Touche LLP during fiscal year 2014 and considered the possible effect on the auditors' independence. Information relating to fees paid to Deloitte & Touche LLP over the past two years is set forth below.

The Audit Committee has retained Deloitte & Touche LLP to report to the shareholders our financial statements for the fiscal year ending September 30, 2015. Although submission of the appointment of an independent registered public accounting firm to shareholders for ratification is not required by law, the Board, consistent with its past policy, considers it appropriate to submit the selection of an independent registered public accounting firm for shareholder approval. Under the Sarbanes-Oxley Act of 2002 and the rules of the SEC promulgated thereunder, the Audit Committee is solely responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. Representatives of Deloitte & Touche LLP are expected to be present at the Meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of our Common Stock present, or represented by proxy, and voted at the Meeting is required for the approval of this item. The Board has not determined what action it would take if the shareholders do not approve the selection of Deloitte & Touche LLP, but may reconsider its selection if the shareholders' action so warrants. Even if the selection is ratified, the Audit Committee, exercising its own discretion, may select different auditors at any time during the year if it determines that such a change would be in our best interests and in the best interests of our shareholders.

Independent Registered Public Accounting Firm Fees

Aggregate fees billed to us for the fiscal years ended September 30, 2014 and 2013, by our principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu Limited, and their respective affiliates (collectively, Deloitte) are shown in the following table:

	Fiscal Year Ended	
	September 30,	
	2014	2013
Audit Fees	\$ 1,767,800	\$ 1,517,000
Audit-related Fees	0	18,000
Total Audit and Audit-related Fees	\$ 1,767,800	\$ 1,535,000

All Other Fees	302,000	233,000

Audit Fees. Audit fees include professional services rendered by Deloitte for the audit of our annual financial statements, including its assessment of our internal controls over financial reporting and the reviews of the financial statements included in our quarterly reports on Form 10-Q. This category also includes fees for audits provided in connection with statutory filings or services that generally only the principal auditor can reasonably provide to a client and consents and assistance with and review of documents filed with the SEC.

Audit-Related Fees. Audit-related fees consist of amounts for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements that are not reported under Audit Fees. For fiscal year 2013, amounts billed to us were primarily related to certain attest services.

Tax Fees. Tax fees include original and amended tax returns, studies supporting tax return amounts as may be required by Internal Revenue Service regulations, claims for refunds, assistance with tax audits and other work

directly affecting or supporting the payment of taxes, planning, research and advice supporting our efforts to maximize the tax efficiency of our operations for fiscal years 2014 and 2013.

All Other Fees. All other fees are fees for products or services other than those in the above three categories. An affiliate of Deloitte provided certain strategic consulting services in fiscal year 2014 and fiscal year 2013.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP.

Once given, a shareholder's consent will remain in effect until he or she revokes it by notifying our Corporate Secretary as described above.
