**Item 2. Acquisition of Assets**

**Nokia Dallas Buildings**

On August 15, 2002, Wells Operating Partnership, L.P. ( Wells OP ), a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of Wells Real Estate Investment Trust, Inc. ( Registrant ), purchased three adjacent office buildings containing an aggregate of 604,234 rentable square feet located in Irving, Texas for an aggregate purchase price of \$119,550,000, plus closing costs (the Nokia Dallas Buildings ). The Nokia Dallas Buildings consist of (1) a nine-story office building located at 6031 Connection Drive (the Nokia I Building ), (2) a seven-story office building located at 6021 Connection Drive (the Nokia II Building ), and (3) a six-story office building located at 6011 Connection Drive (the Nokia III Building ). The Nokia I Building and Nokia III Building were built in 1999, and the Nokia II Building was built in 2000.

The Nokia Dallas Buildings are all leased entirely to Nokia, Inc., the U.S. operating subsidiary of Nokia Corporation ( Nokia ), under long-term net leases (i.e., operating and maintenance costs are paid by the tenant) for periods of 10 years, with approximately seven to eight years remaining on such leases. Nokia, the guarantor of the Nokia, Inc. leases, is a Finnish corporation whose shares are traded on the New York Stock Exchange. Nokia is a mobile communications company that supplies mobile phones and mobile, fixed broadband, and Internet protocol networks. Nokia sells its products in over 130 countries worldwide. Nokia reported a net worth, as of December 31, 2001, of approximately \$12 billion Euros.

Since the Dallas Nokia Buildings are leased to a single tenant on a long-term basis under net leases that transfer substantially all of the operating costs to the tenant, the Registrant believes that financial information about the guarantor of the leases, Nokia, is more relevant to investors than financial statements of the property acquired. Nokia is a public company which currently files its financial statements in reports filed with the Securities and Exchange Commission, and following is summary financial data regarding Nokia taken from its previously filed public reports:

Harcourt General is a worldwide education company that provides books, print, and electronic learning materials, assessments, and professional development programs to students and teachers in pre-kindergarten through 12<sup>th</sup> grade.
