Arrangement of a Registrant.

On October 31, 2008, ViaSat, Inc. entered into a three year, \$85 million revolving credit facility (the New Facility) in the form of the Third Amended and Restated Revolving Loan Agreement with Bank of America, N.A., JPMorgan Chase Bank, N.A. and Union Bank of California, N.A. The New Facility amends and restates ViaSat s existing revolving credit facility (the Prior Facility).

Borrowings under the New Facility are permitted up to a maximum amount of \$85 million, including up to \$25 million of letters of credit, and bear interest, at ViaSat s option, at either (a) the higher of the Federal Funds rate plus 0.50% or Union Bank of California s prime rate as announced from time to time, or (b) the London interbank offered rate plus, in each case, an applicable margin that is based on the ratio of ViaSat s debt to EBITDA. As with the Prior Facility, the New Facility is collateralized by substantially all of ViaSat s personal property.

The New Facility contains financial covenants, customary representations and warranties, and customary affirmative covenants and negative covenants. The New Facility also contains customary events of default. Upon the occurrence and during the continuance of an event of default, the lenders may declare all outstanding amounts under the New Facility immediately due and payable.

The foregoing description of the New Facility does not purport to be complete and is qualified in its entirety by reference to the Third Amended and Restated Revolving Loan Agreement, which is filed as an exhibit to this report and incorporated herein by reference.
