The Board of Directors has set March 11, 2003 as the record date for the meeting. This means that only record owners of the Company's Common Stock at the close of business on that date are entitled to notice of, and to vote at, the annual meeting.

By Order of the Board of Directors,

WE URGE EACH STOCKHOLDER TO PROMPTLY SIGN AND RETURN THE ENCLOSED PROXY CARD OR TO USE TELEPHONE OR INTERNET VOTING. SEE VOTING PROCEDURES FOR INFORMATION ABOUT VOTING BY TELEPHONE OR INTERNET.

SCP POOL CORPORATION

PROXY STATEMENT

We are furnishing this Proxy Statement to our stockholders in connection with the solicitation of proxies by and on behalf of the Board of Directors (the Board) of SCP Pool Corporation (the Company) for use at the 2003 annual meeting of our stockholders to be held on May 6, 2003, at 9:00 a.m., local time at 109 Northpark Boulevard, Suite 400, Covington, Louisiana (the Meeting).

Voting Procedures

Only holders of record of the Company's common stock, \$0.001 par value per share (Common Stock), at the close of business on March 11, 2003 are entitled to notice of and to vote at the Meeting. On that date, we had outstanding 23,527,411 shares of Common Stock, each of which is entitled to one vote.

The holders of a majority of the shares of Common Stock issued and outstanding, present in person or represented by proxy, will constitute a quorum at the Meeting. If a quorum is present, directors will be elected by a plurality vote and the ratification of the retention of the independent auditors will require the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Meeting.

Management does not know of any items, other than those referred to in the accompanying Notice of Annual Meeting of Stockholders, which may properly come before the meeting or other matters incident to the conduct of the meeting. If, however, any other matters properly come before the Meeting, the persons named as proxies in the enclosed form of proxy intend to vote in accordance with their judgment on the matters presented.

Edgar Filing: SCP POOL CORP - Form DEF 14A

Abstentions will be treated as present both for purposes of determining a quorum and with respect to each proposal other than the election of directors. If brokers do not receive instructions from beneficial owners as to the granting or withholding of proxies, and may not or do not exercise discretionary power to grant a proxy with respect to such shares (a broker non-vote), then shares not voted on such proposal, other than the election of directors, as a result will be counted as not present and not cast with respect to such proposal. Accordingly, abstentions will have no effect on the election of directors, but will have the effect of a vote against the other proposals, and broker non-votes will have no effect on the election of directors, or the other proposals.

If you come to the meeting, you can, of course, vote in person. But, if you don't come to the meeting, your shares can be voted only if you have returned a properly executed proxy or followed the telephone or Internet voting instructions described on the proxy card and other enclosures. Stockholders who hold their shares through a bank or broker must either provide voting instructions to the bank or broker or obtain a proxy from such record holder of their shares and may also vote by telephone or the Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy statement. The telephone and Internet voting procedures, including the use of control numbers, are designed to authenticate stockholders' identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded. If you execute and return your proxy but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. You can revoke your authorization at any time before the shares are voted at the meeting by filing with the Secretary of the Company a written revocation or duly executed proxy bearing a later date. The proxy will also be deemed revoked with respect to any matter on which you vote in person at the Meeting. Attendance at the Meeting will not in and of itself constitute a revocation of a proxy. Unless otherwise marked, properly executed proxies in the form of the accompanying proxy card will be voted in favor of the election of each of the nominees and the ratification of the independent auditors.

This Proxy Statement is first being mailed to stockholders on or about April 4, 2003. The cost of soliciting proxies hereunder will be borne by the Company. Banks, brokerage houses and other nominees or fiduciaries will be requested to forward the soliciting materials to their principals and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse them for their expenses in so acting. Certain employees of the Company, who will receive no additional compensation for their services, may also solicit proxies by telephone, fax or e-mail.

ELECTION OF DIRECTORS (Item 1)

General

The Company's Restated By-laws provide that the size of the Board shall be fixed from time to time by resolution of the Board and vacancies on the Board may be filled by the remaining directors. The Board size is currently fixed at seven directors.

Unless authority to vote for the election of directors is withheld by appropriate designation on the proxy, the proxies solicited hereby will be voted FOR the election of each nominee. If any nominee should decline or be unable to serve for any reason, votes will instead be cast for a substitute nominee designated by the Board. The Board has no reason to believe that any nominee will decline to be a candidate or, if elected, will be unable or unwilling to serve. Under the Company's Restated By-laws, directors are elected by plurality vote.

In 2002, each non-employee director was paid an annual retainer of \$8,000, an attendance fee of \$2,000 for each Board meeting attended and \$500 for each committee meeting attended, except that the chairman of the audit committee receives an attendance fee of \$1,000 for each committee meeting attended. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending Board and committee meetings.

The Board determined that for the fiscal year 2003, each non-employee director will be paid an annual retainer of \$8,000, an attendance fee of \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended, except that the committee chair will receive \$2,000 per committee meeting attended, and an attendance fee of \$500 for each scheduled telephone meeting.

Each option granted under the Director's Plan is exercisable for ten years after the date of grant. The agreement also provides that Mr. Perez de la Mesa shall not compete with the Company for two years following the termination of his employment.

The Company also has employment agreements with the other Named Executive Officers, similar in nature to Mr. Perez de la Mesa's, except that upon termination by the Company other than for cause (as defined in the agreement), the severance pay is for a period of up to three months and the non-compete is for one year following termination, and providing for current base salaries of \$180,000, \$180,000, \$150,000 and \$154,000, for Messrs. Neither the Compensation Committee nor Audit Committee Reports set forth below shall be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and neither shall be deemed filed under such acts.

**REPORT OF THE COMPENSATION COMMITTEE OF
THE BOARD OF DIRECTORS OF SCP POOL CORPORATION
AND ITS STOCK OPTION SUB-COMMITTEE**

Edgar Filing: SCP POOL CORP - Form DEF 14A

The Compensation Committee of the Board of Directors reviews and makes recommendations to the Board regarding compensation and benefits of executive officers and key employees of the Company; and the Stock Option Committee develops and administers programs providing stock-based incentives (the Committees). After consideration of the Compensation Committee's recommendations, the entire Board reviews and approves the salaries, bonuses and benefit programs for the Company's executive officers, except that the Stock Option Committee approves all stock or stock option grants, which are then ratified by the Board.

Compensation Philosophy

The compensation philosophy of the Company is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. The goals of the Company's executive compensation program are as follows:

- to establish pay levels that are necessary to retain and attract highly qualified executives in light of the overall competitiveness of the market for high quality executive talent;
- to recognize superior individual performance, new responsibilities and new positions within the Company;
- to balance short-term and long-term compensation to complement the Company's annual and long-term business objectives and strategy and encourage executive performance in furtherance of the fulfillment of those objectives;
- to provide variable compensation opportunities based on the Company's performance;
- to encourage stock ownership by executives; and
- to align executive remuneration with the interests of the stockholders.

Compensation Program Components

The Committees regularly review the Company's executive compensation program to ensure that pay levels and incentive opportunities are competitive with similar positions in the regional market and reflect the performance of the Company. Each element of the compensation program for executive officers is further explained below.

Base Salary. The base salary levels for all executive officers are set based upon the officer's level of responsibility, experience, past performance and the competitive market for executive talent.

Annual Incentive Bonus. The annual cash bonuses paid to the executive officers are paid according to formulas that are based almost entirely on objective performance criteria with a small component being discretionary. The objective performance measures used to calculate the bonus of Mr. Perez de la Mesa for 2002 were earnings per share, return on total assets, cash flow from operations and organizational development. The objective portion of the bonuses of the other executive officers was based upon earnings per share and various other performance measures pertinent to the officer's area of responsibility. The Company utilizes annual bonuses to focus corporate behavior on the achievement of goals for growth, financial performance and other specific annual objectives.

Stock Options. The Committees believe that they can closely align executive interests with the longer term interests of stockholders by encouraging equity participation in the Company. The individual option grant levels for all of the executive officers for 2002 were based upon the officer's level of responsibility.

Certain Tax Considerations

Section 162(m) of the Internal Revenue Code limits the deductibility by the Company of annual compensation over \$1.0 million paid to any of the Named Executive Officers, unless the compensation is performance-based. The Company's policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible without limiting the Company's ability to attract and retain qualified executives.

Summary

After its review of all existing programs, the Committees believe that the total compensation program for executives of the Company is focused on increasing values for stockholders and enhancing corporate performance. The Committees currently believe that a significant portion of compensation of executive officers is properly tied to stock appreciation through stock options or stock ownership. The Committees believe that executive compensation levels at the Company are extremely competitive with the compensation programs provided by other corporations with which the Company competes for executive talent.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, none of the members of the Compensation Committee were officers or employees of the Company or any of its subsidiaries. No executive officer of the Company served in the last fiscal year as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of the Company.

The Company is a party to the following transactions with members of Frank J. St. Romain's family:

Kenneth St. Romain is a general manager for the Company in the Central Division. In 2002, Kenneth St. Romain received approximately \$203,600 in salary and bonus and the Company expects that his salary and bonus for 2003 will equal or exceed the amount paid in 2002. Kenneth St. Romain is the son of Frank J. St. Romain, who until January 1999 was President and Chief Executive Officer of the Company, and who served as a director of the Company since 1993. The compensation formula pursuant to which Kenneth St. Romain is paid is identical to that by which the Company's other general managers are paid and includes a fixed salary and a bonus based on earnings per share, division profitability and various other performance measures pertinent to his area of responsibility. The actual amount of compensation paid to each general manager varies as a result of the application of the bonus formula as well as other objective factors.

In March 1997, the Company entered into a lease agreement with Kenneth St. Romain with respect to a service center in Baton Rouge, Louisiana. In January 2002, the Company extended this lease for a second term of five years which commenced on March 1, 2002, and provides for rental payments of \$10,137 per month for the 23,500 square foot facility.

In May 2001, the Company entered into a lease agreement with Kenneth St. Romain with respect to a service center in Jackson, Mississippi. The seven year lease term commenced on November 16, 2001, and provides for rental payments of \$8,337 per month for the 20,000 square foot facility.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Audit Committee has met and held discussions with management and the Company's internal and independent auditors. Management represented to the Audit Committee that the Company's audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, *Communication With Audit Committees*.

In addition, the Audit Committee has discussed with the independent auditors the auditor's independence from the Company and management, including matters in the written disclosures provided by the independent auditors to the Audit Committee as required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

The Audit Committee has discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee has met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC. The Committee has also approved, subject to stockholder ratification, the selection of the Company's independent auditors.

The graph below compares the total stockholder return on the Company's Common Stock for the last five fiscal years with the total return on the Nasdaq US Index and the S&P SmallCap 600 Index for the same period, in each case assuming the investment of \$100 on December 31, 1997 and the reinvestment of all dividends. The Company has chosen S&P SmallCap 600 Index for comparison because the Company does not believe that it can reasonably identify a peer group or a published industry or line-of-business index that contains companies in a similar line of business and because the S&P SmallCap 600 Index includes companies of similar capitalization to the Company.

Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these reports furnished, management believes that the directors, executive officers and greater than 10% stockholders timely complied with these requirements with the exception of the following reports that were inadvertently filed late: one Form 4 reporting one transaction by Manuel J. Perez de la Mesa; two Form 4's, each reporting one transaction by Frank J. St. Romain; and one Form 4 reporting one transaction by Andrew W. Code.

The Audit Committee has approved the retention of Ernst & Young LLP (E&Y) as the Company's independent auditors for the fiscal year ending December 31, 2003 and recommends the ratification of such retention by the stockholders.
