ITEM 5. OTHER EVENTS

As previously reported, on October 4, 2002, the principal operating subsidiaries of Talk America Holdings, Inc. (the "Company") retired, prior to maturity, all of the debt outstanding under the Credit Facility Agreement ("Facility") between the subsidiaries and MCG Finance Corporation.

The Facility was secured by a pledge of all of the assets of the subsidiaries of the Company that were a party to the Facility. In addition, the Company had guaranteed the obligations under the Facility. The Facility subjected the Company and its subsidiaries to certain restrictions and covenants related to among other things, liquidity, per-subscriber-type of revenue, subscriber acquisition costs and interest coverage ratio requirements. As a result of the retirement of the debt under the Facility, the pledge of assets and the restrictions and covenants under the Facility are terminated.

The scheduled maturity date of the Facility had been June 2005. As a result of the retirement of this debt prior to maturity, the Company will incur a one-time, non-cash charge to earnings of approximately \$1.1 million in the fourth quarter of 2002 reflecting the acceleration of the amortization of

certain deferred finance charges and fees that were being amortized over the original life of the loan. In addition, borrowings under the Facility bore interest at LIBOR plus 7% (8.9% as of September 30, 2002) per annum. The retirement of the outstanding debt under the Facility prior to maturity will allow the Company net cash interest savings of approximately \$1.4 million through the original June 2005 maturity date.
