As used in this prospectus, "Santander-Chile," "the Bank," "we," "our" and "us" mean Banco Santander-Chile, the bank resulting from the merger of Santiago and Old Santander-Chile, and its consolidated subsidiaries.

When we refer to "Santiago" in this prospectus, we refer to Banco Santiago and its consolidated subsidiaries prior to its merger with Old Santander-Chile. When we refer to "Old Santander-Chile" in this prospectus, we refer to the former Banco Santander-Chile, which ceased to exist upon its merger into Santiago, effected on August 1, 2002, and its consolidated subsidiaries.

You should rely only on the information contained or incorporated by reference in this prospectus. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell securities in any jurisdiction where the offer or sale is prohibited. FORWARD-LOOKING STATEMENTS

Some of the information contained or incorporated by reference in this prospectus may constitute "forward-looking statements" within the meaning of the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. Although we have based these forward-looking statements on our expectations and projections about future events, it is possible that actual results may differ materially from our expectations. In many cases, we include a discussion of the factors that are most likely to cause forward-looking statements to differ from actual results together with the forward-looking statements themselves.

Information regarding important factors that could cause actual results to differ, perhaps materially, from those in our forward looking statements is contained under "Cautionary Statement Concerning Forward-Looking Statements" in our 2005 Annual Report and 2006 Interim Report, which is incorporated in this prospectus by reference (and will be contained in any of our annual reports for a subsequent year that are so incorporated). See "Available Information" above for information about how to obtain a copy of our 2005 Annual Report and 2006 Interim Report.

In light of the factors described in our 2005 Annual Report and 2006 Interim Report and the other factors described in this prospectus, the forward-looking events might not occur at all or may occur differently than as described. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.

USE OF PROCEEDS

Except as may be described in the applicable prospectus supplement, we will apply the net proceeds from any sales of the securities offered under this prospectus and any prospectus supplement to general corporate purposes, including to strengthen our capital ratios and fund our lending activities.

We will not receive any of the proceeds for the shares of our common stock or ADSs to be sold by any selling shareholder. Such proceeds will be received by such selling shareholder.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each year in the five-year period ended December 31, 2005 and for the six-month period ended June 30, 2005 and 2006. For the purpose of computing the ratios of earnings to fixed charges, earnings consist of earnings before income tax and fixed charges. Fixed charges consist of gross interest expense (including interest on deposits) and the proportion deemed representative of the interest factor of rental expense.

DESCRIPTION OF SECURITIES

We will set forth in the applicable prospectus supplement a description of the debt securities and shares of common stock that may be offered under this prospectus.

SELLING SHAREHOLDERS

Any selling shareholder may from time to time offer our shares of common stock, including shares represented by ADS, for resale. We are registering these shares in order to permit the selling shareholders to publicly offer these shares for resale from time to time. Any of the selling shareholders may sell all, some or none of the shares or ADSs covered by this prospectus.

Information regarding any selling shareholder, the number of the shares being offered by the selling shareholder, and the change of its ownership percentage resulting from sale of such offered shares will be provided in the applicable prospectus supplement relating to that offer.

PLAN OF DISTRIBUTION

We may sell the securities from time to time, and any selling shareholder may sell shares, including shares represented by ADSs, as follows:

- through agents;
- to dealers or underwriters for resale;
- directly to purchasers; or
- through a combination of any of these methods of sale.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing securityholders. In some cases, we or dealers acting for us or on our behalf may also repurchase securities and reoffer them to the public by one or more of the methods described above. This prospectus may be used in connection with any offering of our securities through any of these methods or other methods described in the applicable prospectus supplement.

Our securities distributed by any of these methods may be sold to the public, in one or more transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

We and/or any selling shareholder may solicit offers to purchase the securities directly from the public from time to time. We and/or any selling shareholder may also designate agents from time to time to solicit offers to purchase securities from the public on our or their behalf. The prospectus supplement relating to any particular offering of securities will name any agents designated to solicit offers, and will include information about any commissions we and/or any selling shareholder may pay the agents, in that offering. Agents may be deemed to be underwriters as that term is defined in the Securities Act.

From time to time, we and/or any selling shareholder may sell securities to one or more dealers as principals. The dealers, who may be deemed to be underwriters as that term is defined in the Securities Act, may then resell those securities to the public.

We and/or any selling shareholder may sell securities from time to time to one or more underwriters, who would purchase the securities as principal for resale to the public, either on a firm-commitment or best-efforts basis. If we and/or any selling shareholders sell securities to underwriters, we and/or any selling shareholders will execute an underwriting agreement with them at the time of sale and will name them in the applicable prospectus supplement. In connection with those sales, underwriters may be deemed to have received compensation from us and/or any selling shareholders in the form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agents. Underwriters may resell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from purchasers for whom they may act as agents. The applicable prospectus supplement will include information about any underwriting compensation we and/or any selling shareholder pay to underwriters, and any discounts, concessions or commissions underwriters allow to participating dealers, in connection with an offering of securities.

Underwriters, dealers, agents and other persons may be entitled, under agreements that they may enter into with us and/or any selling shareholder, to indemnification by us and/or any selling shareholder against civil liabilities, including liabilities under the Securities Act.

In connection with an offering, the underwriters, including any affiliate of ours that is acting as an underwriter or prospective underwriter, may engage in transactions that stabilize, maintain or otherwise affect the price of the securities offered. These transactions may include overallocating the offering, creating a syndicate short position, and engaging in stabilizing transactions and purchases to cover positions created by short sales. Overallocation involves sales of the securities in excess of the principal amount or number of the securities to be purchased by the underwriters in the applicable offering, which creates a short position for the underwriters. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities in connection with an offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount it received because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

The underwriters, dealers and agents, as well as their associates, may be customers of or lenders to, and may engage in transactions with and perform services for, Santander-Chile and its subsidiaries.

In addition, we expect to offer securities to or through our affiliates, as underwriters, dealers or agents. Our affiliates may also offer the securities in other markets through one or more selling agents, including one another.

Santander Investment Securities, Inc., or any other affiliate of Santander-Chile, may participate as an underwriter in distribution of securities issued pursuant to this prospectus. Rule 2720 of the Conduct Rules of the National Association of Securities Dealers, Inc. imposes certain requirements when an NASD member, such as Santander Investment Securities, Inc., distributes an affiliated company's securities. Santander Investment Securities, Inc. has advised Santander-Chile that any offering in which Santander Investment Securities, Inc. acts as an underwriter will comply with the applicable requirements of Rule 2720.

Should Santander Investment Securities, Inc. or any other affiliate of Santander-Chile participate in the distribution of securities issued pursuant to this prospectus, the underwriters will not confirm initial sales to accounts over which they exercise discretionary authority without the prior written approval of the customer.

If so indicated in the applicable prospectus supplement, we will authorize dealers or other persons acting as our agent to solicit offers by some institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others.

Market-Making Resales by Affiliates

This prospectus may be used by Santander Investment Securities, Inc. in connection with offers and sales of the securities in market-making transactions. In a market-making transaction, Santander Investment Securities, Inc. may resell a security it acquires from other holders, after the original offering and sale of the security. Resales of this kind may occur in the open market or may be privately negotiated, at prevailing market prices at the time of resale or at related or negotiated prices. In these transactions, Santander Investment Securities, Inc. may act as principal or agent, including as agent for the counterparty in a transaction in which it acts as principal, or as agent for both counterparties in a transaction in which it does not act as principal. Santander Investment

Securities, Inc. may receive compensation in the form of discounts and commissions, including from both counterparties in some cases. Other of our affiliates may also engage in transactions of this kind and may use this prospectus for this purpose.

We do not expect to receive, directly, any proceeds from market-making transactions. We do not expect that Santander Investment Securities, Inc. or any other affiliate that engages in these transactions will pay, directly, any proceeds from its market-making resales to us.

Information about the trade and settlement dates, as well as the purchase price, for a market-making transaction will be provided to the purchaser in a separate confirmation of sale.

Unless you are informed in your confirmation of sale that your security is being purchased in its original offering and sale, you may assume that you are purchasing your security in a market-making transaction.

Matters Relating to Initial Offering

Each series of debt securities will be a new issue, and there will be no established trading market for any debt security prior to its original issue date. We may not list any particular series of debt securities on a securities exchange or quotation system. Any underwriters to whom we sell securities for public offering may also make a market in those securities. However, none of the underwriters that makes a market is obligated to do so, and any of them may stop doing so at any time without notice. No assurance can be given as to the liquidity or trading market for any of the securities.

Unless otherwise indicated in the applicable prospectus supplement or confirmation of sale, the purchase price of the securities will be required to be paid in immediately available funds in New York City.

VALIDITY OF THE SECURITIES

The validity of the securities will be passed on for us by Davis Polk & Wardwell, New York, New York, our U.S. counsel. Certain legal matters governed by Chilean law will be passed upon for us by Yrarrázaval, Ruiz-Tagle, Goldenberg, Lagos & Silva Abogados for Santander-Chile. Davis Polk & Wardwell will rely, without investigation, upon Yrarrázaval, Ruiz-Tagle, Goldenberg, Lagos & Silva Abogados as to all matters governed by Chilean law.

EXPERTS

The financial statements incorporated in this prospectus by reference from the Bank's Annual Report on Form 20-F as of and for the year ended December 31, 2005 have been audited by Deloitte & Touche Sociedad de Auditores y Consultores Ltda., an independent registered public accounting firm, as stated in their report (which report expresses an unqualified opinion and contains an explanatory paragraph referring to the translation of Chilean peso amounts into U.S. dollar amounts and an explanatory paragraph regarding the reconciliation of Chilean GAAP to U.S. GAAP for net income and shareholders' equity and the application thereof) which is incorporated herein by reference, and have been so incorporated in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

The Audited Consolidated Financial Statements of the Bank as of December 31, 2004 and for the years ended December 31, 2004 and 2003 incorporated in this Prospectus by reference to the Annual Report on Form 20-F for the year ended December 31, 2005 have been so incorporated in reliance on the report of PricewaterhouseCoopers, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

With respect to the unaudited interim financial information for the six-month periods ended June 30, 2006 and 2005 which is incorporated herein by reference, Deloitte & Touche Sociedad de Auditores y Consultores Ltda., an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their reports included in the Bank's Form 6-K dated November 27, 2006 for the six-month periods ended June 30, 2006 and June 30, 2005 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche Sociedad de Auditores y Consultores Ltda. are not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their reports on the unaudited interim financial information because those reports are not "reports" or a "part" of the registration statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.

NOTICES

All notices will be deemed to have been given upon the mailing by first class mail, postage prepaid, of those notices to holders of securities at their registered addresses as recorded in the register of holders of such securities.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

We are a Chilean corporation. None of our directors are residents of the United States, and most of our executive officers reside outside the United States. In addition, a substantial portion of our assets and the assets of these individuals are located outside the United States. As a result, it may be difficult for you to:

- effect service of process outside Chile upon us or such persons; or
- bring an original action against us or our directors and executive officers in the United States or Chile to enforce liabilities based upon the U.S. federal securities laws.

It may also be difficult for you to enforce in Chilean courts judgments obtained in U.S. court against us or our directors and executive officers or other persons named in the registration statement, of which this information statement and prospectus is a part, based on civil liability provisions of the U.S. federal securities laws. If a U.S. court grants a final judgment in an action based on the civil liability provisions of the federal securities laws of the United States, enforceability of this judgment in Chile will be subject to the obtaining of the relevant "exequatur" (i.e., recognition and enforcement of the foreign judgment) according to Chilean civil procedure law currently in force, and consequently, subject to the satisfaction of certain factors. The most important of these factors are the existence of reciprocity, the absence of a conflicting judgment by a Chilean court relating to the same parties and arising from the same facts and circumstances and the Chilean courts' determination that the U.S. courts had jurisdiction, that process was appropriately serviced on the defendant and that enforcement would not violate Chilean public policy.

In general, the enforceability in Chile of final judgments of U.S. courts does not require retrial in Chile. If an action is started before Chilean courts, there is doubt as to the enforceability of liabilities based on the U.S. federal securities laws. Chilean courts may enter and enforce judgments in foreign countries.

Item 10. Undertakings

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereto) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include in the prospectus any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that subparagraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

2. That, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.

4. To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act of 1933 need not be furnished, *provided* that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement.

5. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be

deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

6. That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

7. That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

8. To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

9. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
