cellcom israel announces lte network launch

Netanya, Israel – July 31, 2014 – Cellcom Israel Ltd. (NYSE: CEL) (TASE: CEL) (hereinafter: the "Company") announced that the Company intends to launch its LTE network this Sunday (August 3, 2014), after having received today the Israeli Ministry of Communication approval (granted to other cellular operators as well) to use a 5MHz 1800MHz frequency band (already in the Company's possession) for its LTE network, under certain conditions, even before the completion of the previously reported 4G frequencies tender. The Company continues the rapid deployment of the network in order to achieve a wide and high quality deployment by the end of the year.

For additional details regarding 4 Generation Network see the Company's most recent annual report for the year ended December 31, 2013 on Form 20-F, filed on March 6, 2014, under "Item 3. Key Information – D. Risk Factors – Risks Related to our Business - We may be adversely affected by significant technological and other changes in the cellular communications industry; network sharing agreements, if approved, may have material adverse effects on our business" and "Item 4. Information on The Company – B. Business Overview – Network and Technology - Network and Technology", the Company's immediate report regarding the Company's results for the first quarter of 2014 on Form 6-K dated May 14, 2014 under "Other developments during the first quarter of 2014 and subsequent to the end of the reporting period - 4 Generation Network" and the company's immediate report on form 6-K dated July 2, 2014.
