- (1) The potential realizable value portion of the foregoing table illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their term, assuming the specified compounded rates of appreciation on the Common Stock over the term of the options. These numbers do not take into account provisions of certain options providing for termination of the option following termination of employment, nontransferability or differences in vesting periods. Regardless of the theoretical value of an option, its ultimate value will depend on the market value of the Common Stock at a future date, and that value will depend on a variety of factors, including the overall condition of the stock market and the

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

Company's results of operations and financial condition. There can be no assurance that the values reflected in this table will be achieved.

- (2) The option exercise price may be paid in shares of Common Stock owned by the Named Executive Officer for more than six months (based on the Fair Market Value of the Stock on the trading day before the Option is exercised), in cash, or a combination of any of the foregoing, as determined by the Stock Option and Compensation Committee.
- (3) The exercise price was the market value (i.e., closing market price) of the Common Stock on the date of grant.

Aggregated Option Exercises During 2002 Fiscal Year and Fiscal Year End Option Values

The following table provides information related to the exercise of options and the number and value of options held at fiscal year end by each of the Named Executive Officers. (The Company does not have any outstanding stock appreciation rights.)

Name	Shares Acquired on Exercise (#)	Value Realized (\$)(1)	Number of Securities Underlying Unexercised Options at FY-End(#)	
			----- Exercisable	Unexercisa -----
Daniel P. McCartney	--	--	192,500	25,000
Thomas A. Cook	18,000	92,765	310,000	25,000
Brian M. Waters	--	--	76,000	10,000
James L. DiStefano	--	--	29,750	10,000
Joseph F. McCartney	--	--	70,000	10,000

- (1) Value realized is calculated by multiplying the shares acquired upon exercise by the difference between the option exercise price and the fair market value of the common stock on the date of exercise. The options exercised by Mr. Cook had been held by him for 10 years.
- (2) The closing price of the Common Stock as reported by the Nasdaq National Market System on December 31, 2002 was \$13.04. Value is calculated by multiplying the number of shares underlying the option by the difference between the option exercise price and \$13.04.

These failures were inadvertent and, as soon as the oversights were discovered, the transactions were promptly reported.

Report of the Stock Option and Compensation Committee on Executive Compensation

Effective April 1, 2003, the compensation of the Chief Executive Officer of

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

the Company is determined by the Stock Option and Compensation Committee. The Committee's determinations regarding such compensation are based on a number of factors including, in order of importance:

- o Consideration of the operating and financial performance of the Company, primarily its income before income taxes during the preceding fiscal year, as compared with prior operating periods;
- o Attainment of a level of compensation designed to retain a superior executive in a highly competitive environment; and
- o Consideration of the individual's overall contribution to the Company.

Compensation for Company executive officers (referred to in the summary compensation table) other than the Chief Executive Officer is determined by the Stock Option and Compensation Committee based upon consultation with the Chief Executive Officer, taking into account the same factors considered by the Board in determining the Chief Executive Officer's compensation as described above. Except as set forth below, the Company has not established a policy with regard to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), since the Company has not and does not currently anticipate paying compensation in excess of \$1 million per annum to any employee. Under the 1995 Employee Plan no recipient of options may be granted options to purchase more than 125,000 shares of Common Stock. Therefore, compensation received as a

10

result of options granted under the 1995 Employee Plan qualify as "performance-based" for purposes of Section 162(m) of the Code.

In addition, under the 2002 Stock Option Plan, no recipient of options may be granted options to purchase more than 50,000 shares of Common Stock in any calendar year. Therefore, compensation received as a result of options granted under the 2002 Stock Option Plan, qualify as "performance-based" for purposes of Section 162(m) of the Code.

The Company applies a consistent approach to compensation for all employees, including senior management. This approach is based on the belief that the achievements of the Company result from the coordinated efforts of all employees working toward common objectives.

Mr. Daniel P. McCartney and Mr. Thomas A. Cook each received annual base salaries of \$227,000 for the year ending December 31, 2002 and an additional 3% of the income from operations before income taxes of the Company attributable to the fiscal year immediately preceding the year for which his annual salary is calculated. Their compensation will be similarly determined with respect to the calendar year ending December 31, 2003.

Interlocks and Insider Participation and Other Matters

Mr. Barton D. Weisman, a director of the Company, has an ownership interest in ten nursing homes that have entered into service agreements with the Company. During the year ended December 31, 2002, these agreements resulted in gross revenues of approximately \$3,540,000 to the Company (approximately 1% of the Company's total revenues). Additionally, at December 31, 2002, such

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

nursing homes, in the aggregate, had outstanding accounts receivable of the Company of approximately \$464,000. Management believes that the terms of each of the transactions with the nursing homes described herein are comparable to those available to unaffiliated third parties.

Mr. Robert L. Frome, a director of the Company, is a member of the law firm of Olshan Grundman Frome Rosenzweig & Wolosky, LLP, which law firm has been retained by the Company during the last fiscal year. Fees received from the Company by such firm during the last fiscal year did not exceed 5% of such firm's revenues.

PROPOSAL NO. 2 - APPROVAL OF THE AMENDMENT TO THE 2002 STOCK OPTION PLAN

A majority of the Company's shareholders approved the Company's 2002 Plan at the 2002 Annual Meeting, which provided that options may be granted with respect to 500,000 shares of Common Stock. As of the Record Date, options to purchase 155,295 shares of Common Stock had been granted under the 2002 Plan. In April 2003, the Board of Directors voted to increase the authorized number of shares available for issuance under the 2002 Plan from 500,000 to 1,050,000 shares of Common Stock, an increase of less than 5% of the Company's outstanding shares of Common Stock. The 2002 Plan has been amended and restated to include this increased amount of reserved shares, as well as certain other immaterial administrative amendments. The 2002 Plan enables the Company to remain competitive and provide sufficient equity incentives to attract and retain highly-qualified and experienced employees, directors, consultants and advisors to the Company and encourages the sense of proprietorship and stimulates the active interest of such persons in the development and financial success of the Company and its subsidiaries. The Board of Directors believes that approval of the amendment to the 2002 Plan is in the Company's best interest because the availability of an adequate reserve of shares under the 2002 Plan is an important factor in attracting, motivating and retaining qualified officers, employees, directors and consultants essential to the Company's success and in aligning their long-term interests with those of the shareholders.

Summary of Amended 2002 Stock Option Plan

Each option granted pursuant to the 2002 Plan shall be designated at the time of grant as either an "incentive stock option" or as a "nonqualified stock option." A summary of the significant provisions of the 2002 Plan is set forth below. This discussion of the 2002 Plan is qualified in its entirety by reference to the 2002 Plan. If this

11

proposal is approved by the Company's shareholders, the first sentence of Section 4 of the 2002 Plan shall be amended to read in its entirety as follows: "Subject to adjustment as provided in Section 7 hereof, a total of 1,050,000 shares of the Company's Common Stock, \$.01 par value per share (the "Stock), shall be subject to the Plan."

In addition, the 2002 Plan has been amended by the Company's Board of Directors to provide that the terms, provisions, conditions and limitations of the 2002 Plan shall be construed and interpreted consistent with the provisions or rules and regulations of (i) the principal national securities exchange or automated quotation system on which the shares of the Company's Common Stock are listed or traded and (ii) Sarbanes-Oxley.

Administration of the Plan

The 2002 Plan is administered by a Committee consisting of two or more

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

directors who are "Non-Employee Directors" (as such term is defined in Exchange Act Rule 16b-3) and "Outside Directors" (as such term is defined in Section 162(m) of the Code) (the "Committee"). The Committee determines to whom among those eligible, and the time or times at which, options will be granted, the number of shares to be subject to options, the duration of options, any conditions to the exercise of options, and the manner in and price at which options may be exercised. In making such determinations, the Committee may take into account the nature and period of service of eligible persons, their level of compensation, their past, present and potential contributions to the Company and such other factors as the Committee in its discretion deems relevant.

The Board of Directors is authorized to amend, suspend or terminate the 2002 Plan, except that it is not authorized without shareholder approval (except with regard to adjustments resulting from changes in capitalization) to (i) materially increase the number of shares that may be issued under the 2002 Plan; (ii) materially increase the benefits accruing to the option holders under the 2002 Plan; (iii) materially modify the requirements as to eligibility for participation in the 2002 Plan; (iv) decrease the exercise price of an option to less than 100% of the Fair Market Value per share of Common Stock on the date of grant thereof, or (v) extend the term of any option beyond that provided for in Section 5 of the 2002 Plan.

Unless the 2002 Plan is terminated earlier by the Board of Directors, it will terminate on May 21, 2012.

Common Stock Subject to the 2002 Plan

The 2002 Plan provides that options may be granted with respect to 1,050,000 shares of Common Stock, which includes the additional 550,000 shares of Common Stock referred to in the amendment to the 2002 Plan. The maximum number of shares of stock that can be subject to options granted under the 2002 Plan to any individual in any calendar year shall not exceed 50,000. In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the Common Stock of the Company, the Committee shall have the discretion to make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the 2002 Plan and in the number and option price of shares subject to outstanding options granted under the 2002 Plan, to the end that (a) the aggregate intrinsic value of the award is not increased and (b) the ratio of the exercise price per share to market value is not reduced. If any option expires or terminates for any reason, without having been exercised in full, the unpurchased shares subject to such option will be available again for the purposes of the 2002 Plan.

Participation

Any employee, officer or director of, and any consultant or advisor to, the Company or any of its subsidiaries shall be eligible to receive stock options under the 2002 Plan. Only employees of the Company or its subsidiaries shall be eligible to receive incentive stock options.

Option Price

The exercise price of each option is determined by the Committee, but may not be less than 100% of the Fair Market Value (as defined in the 2002 Plan) of the shares of Common Stock covered by the option on the date the option is granted. If an incentive stock option is to be granted to an employee who owns over 10% of the total

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

combined voting power of all classes of the Company's capital stock, then the exercise price may not be less than 110% of the Fair Market Value of the Common Stock covered by the option on the date the option is granted.

Term of Options

The Committee shall, in its discretion, fix the term of each option, provided that the maximum term of each option shall be 10 years. Incentive stock options granted to an employee who owns over 10% of the total combined voting power of all classes of stock of the Company shall expire not more than five years after the date of grant. The 2002 Plan provides for the earlier expiration of options of a participant in the event of certain terminations of employment or engagement.

Restrictions on Transfer and Exercise

Generally, an option may not be transferred or assigned other than by will or the laws of descent and distribution and, during the lifetime of the option holder, may be exercised solely by him. The aggregate Fair Market Value (determined at the time the incentive stock option is granted) of the shares as to which an employee may first exercise incentive stock options in any one calendar year under all incentive stock option plans of the Company and its subsidiaries may not exceed \$100,000. The Committee may impose any other conditions to exercise as it deems appropriate.

Registration of Shares

The Company has filed a registration statements under the Securities Act with respect to 500,000 shares of Common Stock issued or to be issued upon exercise of options granted or to be granted under the 2002 Plan. The Company intends to file a registration statement under the Securities Act with respect to the additional Common Stock issuable pursuant to the 2002 Plan subsequent to the approval of the amendment to the 2002 Plan by the Company's shareholders.

Regulatory Compliance

In all cases, the terms, provisions, conditions and limitations of the 2002 Plan shall be construed and interpreted consistent with the provisions or rules and regulations of (i) Rule 16b-3 of the Securities Exchange Act of 1934, as amended (ii) the principal national securities exchange or automated quotation system on which the shares of the Company's Common Stock are listed or traded and (iii) Sarbanes-Oxley.

Tax Treatment of Incentive Stock Options

In general, no taxable income for Federal income tax purposes will be recognized by an option holder upon receipt or exercise of an incentive stock option and the Company will not then be entitled to any tax deduction. Assuming that the option holder does not dispose of the option shares before the later of (i) two years after the date of grant or (ii) one year after the exercise of the option, upon any such disposition, the option holder will recognize capital gain equal to the difference between the sale price on disposition and the exercise price.

If, however, the option holder disposes of his option shares prior to the expiration of the required holding period, he will recognize ordinary income for Federal income tax purposes in the year of disposition equal to the lesser of (i) the difference between the fair market value of the shares at date of exercise and the exercise price, or (ii) the difference between the sale price upon disposition and the exercise price. Any additional gain on such

Edgar Filing: HEALTHCARE SERVICES GROUP INC - Form DEF 14A

disqualifying disposition will be treated as capital gain. In addition, if such a disqualifying disposition is made by the option holder, the Company will be entitled to a deduction equal to the amount of ordinary income recognized by the option holder provided such amount constitutes an ordinary and reasonable expense of the Company.

Tax Treatment of Nonqualified Stock Options

No taxable income will be recognized by an option holder upon receipt of a nonqualified stock option, and the Company will not be entitled to a tax deduction for such grant.

Upon the exercise of a nonqualified stock option, the option holder will include in taxable income for Federal income tax purposes the excess in value on the date of exercise of the shares acquired upon exercise of

13

the nonqualified stock option over the exercise price. Upon a subsequent sale of the shares, the option holder will derive short-term or long-term gain or loss, depending upon the option holder's holding period for the shares, commencing upon the exercise of the option, and upon the subsequent appreciation or depreciation in the value of the shares.

The Company generally will be entitled to a corresponding deduction at the time that the participant is required to include the value of the shares in his income.

Withholding of Tax

The Company is permitted to deduct and withhold amounts required to satisfy its withholding tax liabilities with respect to its employees.

Option Grants

As of the Record Date, options to purchase 155,295 shares of Common Stock had been granted pursuant to the 2002 Plan. During the fiscal year ended December 31, 2002 and through the Record Date, options to purchase shares of Common Stock have been granted pursuant to the 2002 Plan to (i) the chief executive officer, (ii) all current executive officers as a group, (iii) all non-employee Directors as a group, and (iv) all employees, including all current officers who are not executive officers, as a group, as follows:

Name ----	Exercise Price -----	Number of Options -----
Daniel P. McCartney, Chief Executive Officer.....	\$12.65	25,000
Executive Officer Group(1)	12.65	77,905

The accounting firm of Grant Thornton LLP was selected by the Audit Committee of the Board of Directors as the independent public accountants of the Company for the fiscal year ending December 31, 2003. An abstention or withholding of authority to vote, therefore, will not have the same legal effect as an "against" vote and will not be counted in determining whether the proposal has received the required shareholder vote. However, brokers that do not receive instructions on this proposal are entitled to vote for the selection of the independent public accountants.
